

**Kirk Fiehler**

**Statement of Interest.**

**My name is Kirk Fiehler. and I am a precinct committeeman, Arizona State Committeeman, and District Vice Chairman for District 8. I've been a Reagan Republican my entire adult life.**

**Why am I running? I am not a doctor or lawyer, Airforce Pilot, ... I'm your average middle class working person, and that's who I'll be representing. I love this country and I love this state, and I hate what Democrats are trying to do to both. I am PASSIONATE about preserving the Constitution of this great COUNTRY, and our great STATE, while Democrats are doing everything they can to circumvent or even destroy both. I believe in limited government BY THE PEOPLE. Fiscal Responsibility. FREEDOM. Freedoms given to us by God and spelled out by our Founders. Elections are the backbone of this Great Republic and if we can't have honest elections we no longer have a Republic.**

**We are literally in a crisis. Democrats are trying to remake this country into a socialist country and they have Arizona in their cross hairs. Our Sothern Border is WIDE OPEN. In the last 7 months, IN THE YUMA SECTOR ALONE, people from 97. Different. Countries. were apprehended trying to cross the border..**

**And I don't even have to tell you that Democrats would rather indoctrinate our kids rather than educate them. I don't have to tell you that Democrats would rather keep raising taxes than give the little guy a break. And Democrats are either so economically challenged, or hate private businesses SO MUCH, that every they touch is BAD for business, BAD for job creation, and just plain bad for the economy, especially right here in Arizona.**

**These are some of the main reasons I'm running and you've probably heard it said that we can't fix the Federal Government until we secure the States. I intend to make sure that Arizona does not fall prey to Democrats socialist agenda.**

**And BTW: I filed to run in next year's election BEFORE Brett Roberts resigned. I am fully committed to the FUTURE of the district and the FUTURE Pinal County. I'm not only committed to run in 2022 but 2024 as well.**

**I am chomping on the bit to not only get in this fight but to win! As an All American Distance Runner in High School & College, I know what it takes to put in the time, the training, and the discipline to win.**

**And in PINAL COUNTY WE WIN!**

**My name is KIRK FIEHLER and I am not only ready to fight, and I am ready to win this fight!**
