This letter is regarding to the case that Mr. Russell Webber has with Pinal County about the status of his property. Evidence provided to the court was not the most accurate representation as they were months out of date at the time of the hearing. Mr. Webber has been working daily (Minus time loss due to illness/hospitalization) since approached by Pinal County on the matter. Mr. Webber has continually donated, recycled, and disposed of much of the matter in question. I have been invited to view his progress on an average weekly basis and can confirm he has been making progress. Mr. Webber is aware that he still has work to do and continues to do so daily. I would also point out that Mr. Webber, who is a senior citizen and has done most of the work by himself with limited resources.

I do believe that Mr. Webber will continue to work on this matter and that fining him at this time will retard his progress as he is on a fixed income.

Sincerely,

A handwritten signature in black ink, appearing to be "Stephanie Danielson".
