This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal,

and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the exclusive use of Pinal County.

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions

the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 "Right to Offset."

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. If the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People's Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certification has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably

withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). N/A

(2) Automobile Liability. N/A

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-901, and when such Contractor executes the appropriate waiver form.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $250,000 per claim and $500,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the County, its agents, officials, or employees shall be excess and not contributory insurance as provided by A.R.S. § 41-621 E.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. N/A

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.)

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

Initial contracts were awarded on June 9, 2021 and the County reserves the right to add additional contractors, at the County's sole discretion, in cases where the currently listed contractors are of an insufficient number or skill-set to satisfy the County's needs or to ensure adequate competition on any project or task order work.

Selection Process

Four (4) proposals were received and opened on December 14, 2023, at 2:00 p.m. All four (4) proposals were deemed responsive and responsible and were evaluated by a committee. The proposal was scored on the Capacity of the Responder, Conformance to Terms and Conditions, Scope of Work, and Pricing. The attached Evaluation and Award Determination includes a summary of the evaluation scores for each Responder.

Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The

additional insured endorsement shall be at least as broad as the Insurance Services Office, Inc.'s CG 2037 0413 and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recover (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recover (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-901, and when such Contractor executes the appropriate waiver form.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the County, its agents, officials, or employees shall be excess and not contributory insurance as provided by A.R.S. § 41-621 E.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6 or, in the case of Contractor's Professional Liability insurance ALAS, Ltd., a Fitch rating of A-. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County as soon as possible upon policy renewal. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree applicable to the Contract. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic third-party claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. The County understands that a waiver of subrogation is not available under Contractor's Professional Liability policy.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Public Health Information Indemnification. N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.6 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless

otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-

inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. a. Rights in Work Product. (1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

Contractor is

reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People's Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certification has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:
   (1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the County, its agents, officials, or employees shall be excess and not contributory insurance as provided by A.R.S. § 41-621 E.

Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the

same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions

the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 "Right to Offset."

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People's Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certification has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the

Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall be at least as broad as the Insurance Services Office, Inc.'s CG 2037 0413 and shall insure the County to the full limits of liability purchased by the Contractor even

if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recover (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-901, and when such Contractor executes the appropriate waiver form.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the County, its agents, officials, or employees shall be excess and not contributory insurance as provided by A.R.S. § 41-621 E.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County accepts the Attorney Liability Assurance Society (ALAS) as an approved law firm insurer. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. To the extent caused by the negligent or willful acts or omissions of a contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Public Health Information Indemnification. N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided orproposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

16.6 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its

performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. 18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People's Republic of China is prohibited. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability (CGL) Insurance (CG 0001) and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The

additional insured endorsement shall be at least as broad as the Insurance Services Office, Inc.'s CG 2037 0413 and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recover (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recover (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-901, and when such Contractor executes the appropriate waiver form.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the County, its agents, officials, or employees shall be excess and not contributory insurance as provided by A.R.S. § 41-621 E.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Public Health Information Indemnification. N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.6 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. (1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration

(GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.)

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. 17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless

otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment

concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

Policy must cover liability arising from the failure to meet the professional standards required or expected in the delivery of services as defined in the Scope of Services of this Contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certification has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. (3) Workers' Compensation and Employer's Liability.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and noncontributory to any self insurance or insurance carried by the County, its agents, officials, or employees..

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.6 Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. 14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

If the County does not receive notification that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims. Policy must cover liability arising from the failure to meet the professional standards required or expected in the delivery of services as defined in the Scope of Services of this Contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory

Disease – Each Employee	$1,000,000

Disease – Policy Limit $1,000,000

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and noncontributory to any self insurance or insurance carried by the County, its agents, officials, or employees..

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

16.6 Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. 18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly

involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance (CG 0001) and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims. Policy must cover liability arising from the failure to meet the professional standards required or expected in the delivery of services as defined in the Scope of Services of this Contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000

Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and noncontributory to any self insurance or insurance carried by the County, its agents, officials, or employees..

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 N/A

16.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.6 Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) (1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly

involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party’s default unrelated to the occurrence, in which case the other party’s normal remedies and the affected party’s obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2007/m07-16.pdf. NOTE: For convenience of reference only, the GSA directive is available at: http://www.gsa.gov/portal/directive/d0/content/658222

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except

only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

MEMORANDUM FROM FINANCE

Date: January 23, 2024

To: **Board of Supervisors**

Cc:

From: **Lorina Gillette, Procurement Officer**

RE: **Limited Delegated Authority to County Manager for Transport Truck**

Priority:

Reason for needing the truck.

The County has recently purchased a new 116,845 pound Wirtgen milling machine. This $2,000,000 piece of equipment will aid in greater efficiency and capability for our County road crews in the maintenance of County roads. This new piece of equipment must be hauled to project sites necessitating the need for a safe and reliable transport option.

Our existing transport truck is a 10 wheel 2008 model year with 13,500 hours on it. Although this truck still has some useful life left on it, the new 116,845 pound Wirtgen milling machine will put a major strain on our existing truck which would likely cause premature failure.

Hauling a machine of this weight would require running an additional piece for the existing transport trailer called a Jeep section. This section alone is 25 feet long adding to our approximate 60 foot trailer, making it right at 80 feet long. A vehicle of this length is very difficult to maneuver in traffic and potentially block traffic. A new transport truck with a drop down tag axle would assist with the need to use this extra section of trailer and make the operation of transporting this Wirtgen milling machine more manageable and safer.

Not being able to purchase off of a cooperative contract

Attempts have been made to purchase a new heavy haul transport truck using a cooperative contract. Fleet Services staff has spoken with Mack, Freightliner, Kenworth and Peterbilt and looked at other cooperative purchasing options but due to Covid related supply chain issues, manpower issues and the latest UAW strike, new orders for vehicles have been delayed up to thirty (30) months.

Attempts have been made to find a heavy haul transport truck on a dealer lot, however, this is a specialty truck and not readily available on the lot when our search has been narrowed to only cooperative contract partners. Efforts will continue to be made to find a truck through a dealer with a cooperative contract, however we will likely need to expand our search in order to find a truck in a timely manner.

Why we lost out on last one

A truck was found that would meet our needs on the lot of GL Sayre, a dealer in Pennsylvania, in September 2023. The dealer required a substantial deposit in order to hold the truck for us. Fleet Services immediately began working with Procurement to obtain Board approval for the expenditure. During the process of preparing the purchase request for Board of Supervisors approval, we were informed by the dealer that they found another buyer and had sold the truck.

Cost and Funding Source

It is anticipated that a truck found on a dealer lot would not exceed $300,000.00. Funding has been identified for the vehicle using Highway User Revenue Funds (HURF).

Current Situation

A truck that will meet the needs of Public Works and Fleet has been located at Milam Truck Sales, a dealer in Virginia. Unfortunately this dealer does not hold any cooperative contracts that we can utilize. The dealer will not hold the vehicle without a $5,000 non-refundable deposit. The Purchasing Department is not comfortable with providing this deposit however Purchasing is prepared to issue a PO immediately upon approval of the Competition Impracticable by the Board.

Request

Should the purchase from Milam Truck Sales fall through, we request that a limited delegation of authority be given to County Manager Leo Lew. This one time delegation of authority would permit the County Manager to approve the purchase of a heavy haul transport truck not to exceed $300,000 and to sign all attendant documents including but not limited to the Competition Impracticable form. The delegated authority would expire 2/6/25 or when a truck is located and purchased, whichever is sooner. In the event the County Manager approves the purchase, the purchase will be included in the next available purchasing report.

1 Executive Summary

Forensic Technology Inc., a member of the Ultra Group of companies, (hereinafter referred to as **Forensic Technology**), is pleased to provide the **Pinal County Attorney's Office**(hereinafter referred to as the **Customer**) with this proposal for options of our latest generation of Integrated Ballistic Identification System (**IBIS®**).

1.1 Solution Overview

Forensic Technology offers the world's leading solution for automated ballistic identification. IBIS solutions provide timely actionable intelligence for the investigation of firearm-related crimes, which has contributed to the arrest of thousands of criminals. IBIS is the search engine that helps law enforcement agencies quickly find links between firearm-related incidents. IBIS uses specialized 3D microscopy to capture the unique markings left by firearms on fired bullets and cartridge cases. The powerful IBIS correlation algorithms reveal the most likely matches in IBIS networks representing millions of bullets and cartridge cases. High-definition 3D viewing makes it easy to review the top search results, ranked by similarity, using virtual microscopy to visually compare the surface details. A match found in IBIS is often sufficiently apparent to provide an investigative lead, without having access to the physical evidence. IBIS makes it possible for agencies to collaborate seamlessly, whether it be regionally, nationally or internationally.

Each IBIS solution package features the latest generation of IBIS technology and includes exceptional 3D imaging, the best comparison algorithms for ballistic evidence in large databases, and a reliable and secure data management infrastructure.

Option	Description
1.	**NIBIN Cartridge Cases Acquisition & Triage Package**, comprising: - One (1) BRASSTRAX™ Acquisition Station - One (1) PAG800 Stereo Zoom Microscope
2.	**NIBIN Cartridge Cases Acquisition, Analysis & Triage Package**, comprising: - One (1) BRASSTRAX™ Acquisition Station - One (1) MATCHPOINT™ Analysis Station for Cartridge Cases - One (1) PAG800 Stereo Zoom Microscope

NOTES:

1. **Please see the attached brochure "Ways to join NIBIN" for detailed product features and functionality.**
2. **For Option 1 it is assumed that the analysis of the correlation results will be performed at another location or another agency where a MATCHPOINT Analysis Station for Cartridge Cases is available.**

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

1.2 Forensic Technology, IBIS and NIBIN

Because criminals move from jurisdiction to jurisdiction, IBIS has been designed to automatically share ballistic evidence across local, regional and national networks. Today, IBIS is the backbone of the National Integrated Ballistic Information Network (NIBIN) providing a valuable database of ballistic intelligence that can help link firearm crimes nationwide.

Established by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), NIBIN links crimes more quickly, generates investigative leads that would otherwise not have been detected, shares intelligence across jurisdictional boundaries, and gives prosecutors admissible evidence to corroborate witness testimony. NIBIN is the only national network that allows for the capture and comparison of ballistic evidence to aid in solving and preventing violent crimes involving firearms. It is a resource that is vital to any violent crime reduction strategy, providing investigators with the ability to compare their ballistics evidence against evidence from other crimes outside of their jurisdiction.

Standard Terms

2.3 Proposal/Offer Validity Period

In accordance with the current scope of the project and requirements, this proposal is designed to provide up to date information on our products and/or services and related prices. As such, all information contained within is valid as at the date of issuance of this proposal and is subject to change, without notice, after **February 29, 2024**.

2.4 Currency

All prices are quoted in **United States Dollars**.

2.5 Payment Terms

Forensic Technology will invoice the Customer upon shipment from our location. The payment will be due 100% net thirty (30) days from the date of our invoice.

2.6 Delivery

The delivery of the equipment will be within one hundred and eighty (180) days after receipt and acceptance of purchase order. However, in the past months, due to COVID-19 and other factors beyond our control, we have been experiencing delays in parts delivery from our suppliers, which is negatively impacting our delivery schedules to our customers. As the situation remains uncertain, the delivery will be confirmed upon receipt and acceptance of purchase order. Forensic Technology will continue to work with our supply chain partners in an effort to reduce delivery delays and meet our customers' preferred timelines.

The installation date at the Customer site will depend on availability of the equipment on-site as well as site readiness including the installation of all required communication lines. For NIBIN connectivity, installation by ATF of JUTNet communication lines is mandatory before the equipment installation be fully completed. Upon receipt and acceptance of the Customer's Purchase Order, Forensic Technology will notify ATF accordingly so that the JUTNet process may start. In parallel, the Customer should begin the necessary site preparation in conjunction with Forensic Technology. Delays related to installation of JUTNet communication lines can be up to several months; it is therefore encouraged to begin working with ATF as soon as possible to schedule installation.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

2.7 Shipping, Duties, Taxes and Fees

The equipment will be shipped **DDP Customer Premises (Incoterms® 2020), unloaded**. Forensic Technology will be responsible for shipping the goods from its factory to the installation site, for all charges related to exportation, customs clearance and importation of the goods, as well as duties and taxes related thereto, and for unloading the shipment on the Customer's loading dock. **With the exception of Sales Tax, the quoted price excludes withholding taxes (if applicable), as well as storage fees, which will be for the Customer's account.**

2.8 Property Title and Risk of Loss

Title and risk of loss of the equipment shall pass to the Customer when the equipment arrives at the point of delivery, regardless of completion of on-site Test Procedure and other services required under the contract.

2.9 Warranties, Material and Workmanship

Forensic Technology warrants to the Customer that all products delivered shall be new and free from defects in material, workmanship, and title.

Initial delivery will consist of factory new parts. Replacement parts delivered during the warranty period may be refurbished products or parts.

Forensic Technology expressly warrants the products manufactured by it as meeting the applicable specifications.

Forensic Technology makes no other warranties either expressed or implied (including without limitation warranties as to merchantability or fitness for a particular purpose). The Customer retains responsibility for the application and functional adequacy of the purchased system.

The Customer or any other third party must not alter the system's configuration, either by installing hardware/software or modifying system parameters. Should any modifications be performed by any party other than Forensic Technology, Forensic Technology reserves the right to void the balance of the system's warranty.

2.10 Connection to NIBIN

This proposal assumes that the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) will grant the Customer access to the National Integrated Ballistic Information Network (NIBIN), a NIBIN-IBIS Data Concentrator and a NIBIN-IBIS Correlation Server. A Memorandum of Understanding (MOU) between the agencies must be in place in order for the installation to be fully completed.

2.11 Arbitration

In the event of any dispute, claim, question, or disagreement arising from or relating to the contract resulting from this proposal or the breach thereof, the parties hereto shall use their best efforts to settle the dispute, claim, question, or disagreement. To this effect, they shall consult and negotiate with each other in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both parties. If they do not reach such solution within a period of sixty (60) days, then, upon notice by either party to the other, all disputes, claims, questions, or differences shall be finally settled by arbitration under UNCITRAL rules, at a neutral venue and under applicable law to both parties.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

2.12 Limitation of Liability

Except as may be prohibited by applicable local law, in no event shall Forensic Technology be liable for any special, incidental, indirect, or consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use the system or the delivery or failure to deliver support services, even if Forensic Technology has been advised of the possibility of such damages. The Customer agrees to indemnify and hold Forensic Technology harmless in such events.

2.13 Termination for Convenience

Upon written notice from the Customer, should any contract resulting from this proposal be terminated for the convenience of the Customer, Forensic Technology shall be entitled to compensation from the Customer, as follows:

- If the termination notice is received prior to the equipment being packed at the factory, the Customer shall pay Forensic Technology 35% of the total value of the contract, as well as any costs incurred to put in place and cancel any bonds or other sureties required by the Customer.
- If the termination notice is received after the equipment is packed and/or shipped, but prior to installation at the Customer's site, the Customer shall pay Forensic Technology 75% of the value of the contract. In addition, the Customer will also reimburse Forensic Technology for the costs of crating and shipping the equipment to the Customer's site and back to Forensic Technology, as well as any costs incurred to put in place and cancel any bonds or other sureties required by the Customer.

The contract cannot be terminated once the equipment is installed at the Customer's site.

2.14 Force Majeure

Forensic Technology shall not be liable for any delay or failure to perform any of its obligations hereunder due to causes beyond its control and without its fault or negligence, whether foreseeable or not. Such causes shall be deemed to include, but not be limited to: acts of God or the public enemy; national emergencies, war, civil disturbances, insurrection or riot; strikes, lockouts, or any other industrial disputes; fire, explosion, flood, earthquake or other catastrophes; energy shortages; serious accident, epidemic or quarantine restriction; embargoes, allocations necessitated by material shortages, delays in deliveries by Forensic Technology's suppliers or subcontractors, or failure of transportation; or any law, order, regulation, direction or request of any government which have effect on this contract.

2.15 Software License Agreement

Use of the IBIS equipment is subject to a software license agreement, which resides on the machine. Users are required to accept the agreement prior to having access to the system. License fees for all software provided with the system are included in the initial purchase price and are included in any subsequent SafeGuard charges.

2.16 Availability Commitment

Forensic Technology commits to the supply of spare parts for a period of seven (7) years from installation of the equipment. If a defective component cannot be replaced due to discontinuation by its manufacturer, Forensic Technology will make the utmost effort to propose an alternate solution.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

2.17 Privacy of Personal Data

When dealing with personal data, as it is defined in the General Data Protection Regulation (GDPR), Forensic Technology is committed to protecting the privacy of any such personal data it may hold, and will do so using appropriate security controls and procedures. Forensic Technology is also committed to ensuring compliance in all services and underlying processes where personal data is processed on behalf of partners and Customers.

Unless required by law to do so, Forensic Technology does not, and does not intend to, share with partners, other Customers or third parties, the personal data it may hold and collect through its many business operations. - Acting professionally, fairly and with integrity in all our business dealings and relationships wherever we operate; and
- Implementing and enforcing effective systems to counter bribery.

We will uphold all laws relevant to countering bribery and corruption in all the jurisdictions in which we operate. Among other laws and regulations, we are bound by the laws of the UK, including the Bribery Act 2010, in respect of our conduct at all times and everywhere around the world.

As such, Forensic Technology will:

- not, whether directly or indirectly, authorize, offer, promise or give a financial or other advantage (including without limitation any money, contribution, gift, bribe, rebate, payoff, influence payment, kickback, loan, reward, advantage or anything of value, including any benefit of any kind):
    - to another person with the intention to induce a person to perform improperly a relevant function or activity (including any function of a public nature, any activity connected with business, any activity performed in the course of a person's employment or any activity performed by or on behalf of a body of persons (whether corporate or unincorporated));
    - to another person with the intention to reward a person for the improper performance of such a function or activity;
    - to another person with the knowledge or belief that the acceptance of the advantage would itself constitute the improper performance of such a function or activity;
    - to a Public Official (or his representative), any political party or party official, any candidate for political office:
        - with the intention of influencing such official, party, or candidate in its or his official capacity to do or omit to do an act in violation of the lawful duty of such party, official, or candidate and with the intention of obtaining or retaining business, or to secure any improper advantage;

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

- as consideration for an act or omission by the official in connection with the performance of the official's duties or functions; or to induce the official to use his or her position to influence any acts or decisions of the state or public international organization for which the official performs duties or functions; or
- to influence such official in his capacity as such with the intention of obtaining or retaining business or an advantage in the conduct of business;

- to another person, while knowing or suspecting that all or a portion of such financial or other advantage will be offered, given, or promised, directly or indirectly, under the circumstances listed in the items above.

For the purposes of this clause, 'Public Official' means (i) a person who holds a legislative, administrative or judicial position of a state; (ii) a person who performs public duties or functions for a state, including a person employed by a board, commission, corporation, public enterprise or other body or authority that is established to perform a duty or function on behalf of the state, or is performing such a duty or function; and (iii) an official or agent of a public international organization that is formed by two or more states, governments, or public international organizations.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

3 Scope of Services

This section details the services included in this proposal.

3.1 Site Survey

Forensic Technology requires that the Customer complete a Site Survey ahead of equipment shipment. The purpose of this survey is to verify that the site selected by the Customer for the installation of the system complies with the site requirements described in the IBIS Facility Requirements Overview.

Elements to be verified include, but are not limited to:

- Floor plan with dimensions of the proposed location (Forensic Technology may require photographs to be submitted)
- Confirmation of network and electrical systems
- Description of environmental factors, for example: temperature, humidity, dust free environment, and exposure to direct sunlight

The assigned Project Manager will provide the Customer with the Facility Requirements and will be available to answer questions that arise.

If the Customer finds that the results of the Site Survey are unsatisfactory, Forensic Technology will outline recommendations to ensure the site is ready to receive the system.

NOTE: If, at installation time, one or more sites do not fully meet facility requirements, and the technician must return on-site or extend their visit to complete the installation, all additional expenses (labor, travel, living, etc.) incurred by Forensic Technology will be for the Customer's account.

3.2 Equipment Transport and Delivery

At contract award or shortly thereafter, the Customer will be asked for information in order to accelerate and optimize the delivery process, as follows:

- Detailed consignee information (contact names, addresses and coordinates)
- Information on customs clearance and importation (process, preferred customs agent if any)
- Documentation requirements
- Any other pertinent information

After successful factory tests, the system will be disassembled, packed and delivered to the Customer for installation by Forensic Technology qualified personnel.

The Customer will be responsible for supplying suitable off-loading facilities, forklift, dolly, and other moving equipment.

3.3 Installation

The installation of the proposed system at the Customer-prepared site will be concluded as follows:

Option	Description	Duration
1	NIBIN Cartridge Cases Acquisition & Triage Package	Within one (1) working day
2	NIBIN Cartridge Cases Acquisition, Analysis & Triage Package	Within one (1) working day

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

NOTE: This proposal assumes the Customer will provide one (1) able-bodied person to assist the Forensic Technology field technician with equipment lifting during the installation. The Customer must assign and provide the person's name to Forensic Technology prior to the planned installation date. The Customer will be responsible for ensuring this person has adequate bodily injury insurance coverage. If the Customer cannot provide this person, Forensic Technology will be required to send two (2) field technicians and charge the cost to the Customer.

3.4 On-Site Acceptance

Following the installation of the system at the Customer site, Forensic Technology will execute a Test Procedure. Upon the successful completion of this on-site Test Procedure, the system shall be deemed accepted and the Customer's authorized personnel shall be required to sign the *Certificate of Conformance and Final Customer Acceptance* form. The warranty commences upon the successful completion of the on-site Test Procedure. Acceptance on-site is not to be construed as transfer of title of ownership to the Customer.

3.5 Training Program

The proposed solution includes a comprehensive multi-step training program to be delivered in English online and at the Customer site. **If the trainees are not already ATF-certified NIBIN users, they will have to meet ATF certification requirements in order to be granted access to NIBIN by ATF.**

3.5.1 Online Introductory Training

Upon confirmation from the Customer of the names and titles of trainees, Forensic Technology will provide online training credentials. These credentials will allow the trainees to access introductory online courses.

These courses are introductory level, designed for trainees who are not yet familiar with IBIS technology.

3.5.2 On-Site Basic User Training

Forensic Technology will provide on-site basic user training for a maximum of two (2) trainees. Duration and content will vary based on the equipment purchased and will be confirmed at a later date.

NOTES:

1. **Trainees can be exempt from the triage training course under the following conditions:**
   - **The trainee is a Firearms Examiner, or**
   - **The trainee is an experienced IBIS technician familiar with performing triage, or**
   - **The Customer will provide its own triage training prior to the BRASSTRAX training.**
2. **Please see the attached brochure for additional details on training programs.**

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

3.5.3 Training – Manufacturer's Recommendation

In order to maximize the Customer's investment in the IBIS technology, Forensic Technology strongly recommends that all system operators be trained by a Forensic Technology or NIBIN Authorized Trainer (NAT) prior to use. This will ensure that the installed technology achieves the expected results and meets its intended purpose. Completing system training with a certified trainer also facilitates receipt of support and assistance from Forensic Technology's Global Customer Solutions team.

3.6 SafeGuard Warranty

The proposed IBIS equipment includes a one-year SafeGuard Warranty covering parts, labor and software upgrades that commences upon the successful completion of the On-Site Acceptance, or three (3) months from the date of shipment, whichever occurs first.

All IBIS systems deployed on NIBIN must meet the U.S. Department of Justice (DOJ) security requirements. Forensic Technology's SafeGuard Warranty includes key services that ensure all IBIS systems continue to be compliant with the DOJ requirements.

NOTES:

1. **If the on-site Test Procedure takes place more than three (3) months from the date of shipment due to delays in the installation of JUTNet communication lines, the start of the warranty will be postponed accordingly.**
2. **Please see the attached brochure for additional details on SafeGuard.**

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

4 IBIS Facility Requirements Overview

This section provides an overview of the IBIS facility requirements. Forensic Technology will provide the Customer with the formal facility requirements documentation prior to the start of the project.

4.1 Storage Requirements

In the event that the system(s) will be kept in Customer-provided storage prior to installation, the storage facility will need to have, at all times, a temperature between 0 and 50 degrees Celsius (32- and 122-degrees Fahrenheit) with a relative humidity between 50% and 70%.

4.1.1 Crate Dimensions

The equipment is delivered in wooden crates and the dimensions are as follows:

Option	Equipment	Dimensions (W x L x H) (in) / Weight (lb)	
		Crate 1	Crate 2
1	NIBIN Cartridge Cases Acquisition & Triage Package	31 X 24 X 40	35 X 73 X 40
		245 lb	400 lb
2	NIBIN Cartridge Cases Acquisition, Analysis & Triage Package	31 X 24 X 40	35 X 73 X 40
		245 lb	400 lb

4.2 Environment

Air conditioning is mandatory. The Customer must maintain, at all times, the temperature of the room(s) housing the system between 15 and 30 degrees Celsius (60 to 86 degrees Fahrenheit) with a relative humidity between 50% and 70%.

Forensic Technology recommends that the system be installed in a relatively dust-free operating environment. Carpeting is not recommended.

4.3 Footprint

The footprint required for each major component is detailed below:

Equipment	Footprint
BRASSTRAX Acquisition Station	The BRASSTRAX Acquisition Station can be installed on a sturdy table or desktop, which is to be supplied by the Customer. Both the table and work desk need to be next to each other and when combined with the operator's chair and access space require a footprint of W91" x D97" x standard room height.
Printer	The printer rests on a table that is to be supplied by the Customer. The table needs to be installed next to either the BRASSTRAX Acquisition Station or the MATCHPOINT Analysis Station. The footprint for this table would be approximately W23" x D30" x standard room height.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

Equipment	Footprint
MATCHPOINT Analysis Station	The MATCHPOINT Analysis Station rests on a work desk, which is to be supplied by the Customer. The work desk when combined with the operator's chair and access space requires a footprint of approximately W68" x D97" x standard room height.
PAG800 Stereo Zoom Microscope	The PAG800 Stereo Zoom Microscope can be installed on a table, desk or working bench supplied by the Customer. Its footprint is approximately W12" x D12" x H18" without camera.

4.4 Power Source Requirements

The power source required for each major component is detailed below:

Equipment	Circuit Breaker Rating	Approx. Heat Dissipation (BTU Per Hour)
BRASSTRAX Acquisition Station	2000 VA	4700
MATCHPOINT Analysis Station	1000 VA	2500
Printer	1000 VA	2500
PAG800 Stereo Zoom Microscope	n/a	

NOTE: All the equipment above uses either a 100 – 120 VAC 60 Hz or a 220 – 240 VAC 50 Hz single phase power source.

4.5 Communication Lines

ATF will furnish the communication lines needed for Forensic Technology to provide remote technical support and for networking with other IBIS Systems.

NOTE: Forensic Technology will not be liable for the lack of technical support to the Customer due to unsuitable communication lines.

4.6 Local Area Network (LAN)

The various components of the proposed system are interconnected via a Fast Ethernet (100Base-T) LAN. Following are the connectivity requirements:

- If all the system components are to be installed in the same room and the length of the LAN cable run does not exceed 30m (100'), Forensic Technology will be able to provide the hardware, and the labor needed to set up the LAN.
- If there is one or more system components to be installed in the same building but at different locations (i.e., not in the same room), then Forensic Technology will require collaboration from the Customer's local IT and building maintenance staff to facilitate the installation. The network infrastructure should be Category 5 or 6 compliant and terminated with an RJ-45 connector. Any network point provided should be within 2m (79") of the component.

Use or disclosure of this data is subject to the restriction outlined on the cover page of this document.

To whom it may concern:

The Integrated Ballistic Identification System (IBIS®) uses technology that encompasses several patents protected in the United States and throughout the world. As such, manufacturing and servicing these products require access to proprietary and commercially sensitive information that is only accessible to employees of **Ultra Electronics Forensic Technology Inc.** and its affiliate company **Forensic Technology Inc.** (hereinafter collectively referred to as **Forensic Technology**).

Consequently, only Forensic Technology, the exclusive manufacturer of IBIS and Quantum 3D Microscope™ (Q3M), can provide their proprietary products IBIS BRASSTRAX, IBIS BULLETTRAX, IBIS MATCHPOINT, IBIS Data Concentrator, IBIS Correlation Engine, and Q3M, as well as maintenance, upgrades and services, including data migration, moving and training services pertaining thereto.

Furthermore IBIS, currently in use in the United States under the ATF NIBIN program, is the only technology that has undergone extensive testing and complies with the security standards needed for integration into NIBIN. Other ballistic identification technologies are not compatible with NIBIN.

Sincerely yours,

Stacy Stern
Vice President Sales and Marketing

ABOUT
ULTRA ELECTRONICS FORENSIC TECHNOLOGY

Forensic Technology is a leading provider of forensic investigation and analysis tools used by law enforcement agencies around the world to keep their societies safe.

We created **IBIS®** (the Integrated Ballistic Identification System) in 1991 and are pioneers in automated ballistics identification. IBIS helps forensic experts provide detectives with timely information about guns, crimes, and suspects. It does so by suggesting possible matches between pairs of fired bullets and cartridge cases. It finds the proverbial "needle in the haystack" and it does so at speeds well beyond human capabilities. In 2011 we added forensic document examination to our portfolio of solutions through our purchase of Swiss-based Projectina AG, a manufacturer of optical and opto-electronic systems.

Forensic Technology is a customer-driven organization that partners with hundreds of public safety agencies in over 130 countries. We provide cost-effective crime-fighting solutions a solid corporate infrastructure that governments can call upon for forensic investigation and analysis.

With vast experience in scalable, sustainable, networked solutions, our engineering, forensic, and law-enforcement professionals provide worldwide 24/7-customer support and dedicated training facilities. Our products are powerful tools that can be used for independent examination. But when networked, they become powerful systems that facilitate data analysis and intelligence sharing among agencies and across jurisdictional boundaries.

In 2014, we joined Ultra Electronics, a successful international defense, security, transport, and energy company. Ultra has a long and consistent record of innovating and engineering solutions that satisfy customer requirements (www.ultra-electronics.com).

Forensic Technology helps law-enforcement agencies around the world achieve higher levels of performance in the fight against crime. We continue to innovate so the world can be a safer place.
