3. Describe the proposed project, objectives, and your plan to implement.

The Health and Wellness for Families Program aims to increase the quality of life and healthy lifestyle choices of families in the Queen Creek and San Tan Valley area in Pinal County. To do so, the program will provide monthly health presentations from healthcare professionals on a variety of topics. Furthermore, the program will also implement a food pantry at each monthly presentation in which participants will have access to healthy food options and other resources free of charge.

The health presentations will begin on the second quarter of the program. There will be two presentations in each quarter for a total of 13 presentations. The presentations will be given by healthcare professionals including nurse practitioners and specialist in their field. Topics will include overall health, nutrition, physical fitness, juvenile diabetes, and substance abuse.

Aside from having health care professionals provide health presentations, we will also be providing a food pantry for the participants, at no cost to the participants. Families will have access to high quality nutritious

Gila River Indian Community Grant Application Grant Cycle 2024

food they can take home at the end of each event. Furthermore, free resources will also be provided such as school supplies for students, books, cleaning supplies, toiletries, and toys for children.

On the third month of each quarter, participants who have attended the two health presentations in that quarter will be invited to attend our community event at Pecan Lake, a entertainment park in Queen Creek, Arizona or the Phoenix Zoo. Each participant will be given a \$50 gift card to be used at the venue. The program will also provide lunch for the participants at the venue. The purpose of having our community event at Pecan Lake or Phoenix Zoo, is to provide an incentive for people to continue to attend the health presentations as well as building community bonds among the participants.

Dear Sir/Madam,

My name is Pam Kavathas I am the Founder and Executive Director of Amore Senior Support Network. I have the blessing of personally knowing the founder of the Mary Gloria Foundation, Mary Gloria. I met Mary in 2005 through my desire to learn more about her efforts of caring for people in the community of Queen Creek and San Tan Valley. We have collaborated as a united front on programs to benefit the Town of Queen Creek's Senior Program, which Mary herself actually started. We have collaborated on many different projects over the years. Two of them are the San Tan Valley Community Resource Network and the San Tan Valley Triad.

I am writing to express my full support for the invaluable work that Mary Gloria Foundation (MGF) carries out in our community. The dedication to meeting the basic human needs of all community members while promoting inclusion and self-sufficiency. MGF has made a significant impact on the lives of many individuals in the community. MGF has been and I am completely confident will always be steadfast in their commitment to address social service needs within our communities.

I am confident Mary Gloria Foundation will continue their efforts to lead to even greater success in the future.

Sincerely,

Pam Kavathas

Greetings, Honorable Sir / Madam:

My name is Bridgette Crosby and I have lived in San Tan Valley for over 20 years. I am a proud resident of Pinal County and have been active in my community for as long as I have lived here. I am currently the owner of True Nature Media, which is based here in San Tan Valley. I have written many news articles about the work and positive impacts that Mary Gloria and her Foundation have accomplished here. I have seen first-hand how important the work is. Mary Gloria was one of the first people I met when I moved to Pinal County. I began volunteering for Mary and her Foundation (now called the Mary Gloria Foundation) and have seen, first-hand, the difference she makes in the community through her work, her volunteerism, and her love for all peoples in our community and our County.

The Mary Gloria Foundation assists everyday people in meeting the basic human needs of Pinal County residents of all ages, all backgrounds and all races while promoting inclusion and teaching self-sufficiency. The Mary Gloria Foundation has been of service to our County for 20 years and has made significant impacts on the lives of many individuals in the community - from the smallest of children in the Christmas food programs, to teens, in the Explorer programs, to adults, with literacy, food bank and health fair services, to seniors, with meals and social programs.

As a member of the community, I have witnessed firsthand the positive outcomes Mary Gloria Foundation has achieved, from starting the very first senior social program, to the work done on making basic health and food essentials available to those who are economically, and socio challenged. Mary Gloria Foundation is a shining example of how a nonprofit can change lives in communities, by inclusivity, openness and by being willing to serve and do the work. The mobile food pantry and family programs they have established in Pinal County show a proven commitment to peoples of all colors, all races, all genders, and especially the children.

The Mary Gloria Foundation's mission is to "to meet children's', senior citizens' and families' basic needs while promoting self-sufficiency" in Pinal County and surrounding areas. This Foundation has played a critical role in reaching, teaching and supporting

our underserved, unserved and forgotten, in our County. Often, people in need will seek out the Mary Gloria Foundation when they do not feel comfortable asking for assistance from other resources. The Mary Gloria Foundation has a reputation that speaks for itself and has historically proven time and time again, their unwavering support and dedication to all Pinal County residents, regardless of circumstance, race, age or background.

I know that the Foundation has some great aspirations for the future and I am writing today to express my full support for the invaluable work that they do in many communities here in Pinal County. As a volunteer, I plan to assist them in continuing their mission of meeting the basic human needs of all community members in the community while promoting inclusion and self-sufficiency. I hope that you will also vote in their favor and support them so that they may grow, and continue the important work of changing lives, one person at a time.

With your support, you will make a significant difference in many lives here by assisting the Mary Gloria Foundation to meet and exceed their goals and to continue to improve lives of our most endangered citizens, those who often do not have a voice, the children, the elderly, and the poor. Recently, the Foundation was honored for 20 years of positive community impacts at a breakfast held by Pinal County Supervisor and Chairman, Mike Goodman.

The Mary Gloria Foundation has made a significant impact on the lives of many individuals in the community, and I am writing today to urge to assist them in continuing this important work. I sincerely know in my heart and soul that the Mary Gloria Foundation will continue to support and serve all families and individuals who are in need in this community and the communities throughout Pinal County.

Please feel free to contact me at any time,

Sincerely,

Bridgette M. Crosby
