**Fiscal Year 2024/2025
Budget Procedures**

The Board of Supervisors of Pinal County, Arizona, adopts and establishes certain procedures governing the management and appropriations of budgets of elected and appointed county officials.

Section 1. Budget Transfers

- A. After the Board of Supervisors adopts the fiscal year budget, any budget unit has the authority to reprogram funds within the same fund. These budget units will be controlled by the bottom line total only. The department-level budget details in the financial system are designed and used as a management tool for individual departments. Budget transfers between budget units or funds will require approval or ratification by the Board of Supervisors.
- B. The Non-Departmental category in the General Fund includes appropriations for employee benefits, authorized salary and ERE increases as approved in the Pinal County Employee Compensation Plan, legislative and statutory salary and ERE increases, new positions budgeted for the fiscal year, limited-term double-fill for succession, and separation payouts. Budget transfers for the General Fund and Non-General Funds, which cannot sustain such changes, are based on actual amounts, and budget transfers are authorized with the adoption of the Final Budget and do not require future board approval.
- C. The Non-Departmental category in the General Fund includes appropriations for disaster recovery or emergency funding for the Information Technology Department and the Office of Emergency Management. Budget transfers for the General Fund and Non-General Funds will be reviewed and approved by the County Manager and are authorized with the adoption of the Final Budget and do not require future board approval.
- D. The Board of Supervisor District's approved baseline budget will be \$341,834. Budget transfers within the general fund up to the baseline budget are authorized with the adoption of the final budget and do not require future board approval.

Section 2. Fund Balance

Fund balances will be spent in the following order unless otherwise specified by laws, regulations, grantors, or contributors. (1) Committed for specific use (by the Board of Supervisors in a public meeting); (2) Assigned for specific use (the Board of Supervisors must delegate authority to officials and County personnel to assign amounts); and (3) Unassigned.

For amounts that have not otherwise been restricted by external parties or committed for a specific use, the Board of Supervisors will delegate the authority to assign amounts to

be used for specific purposes to (1) Elected Officials, (2) County Manager, (3) Deputy County Managers, and (4) Chief Financial Officer.

Amounts committed for specific use by the Board of Supervisors in a public meeting will only be modified or rescinded through the same type of action used by the Board of Supervisors to commit those amounts.

Budget units must manage their resources to maintain an appropriate positive fund balance and stay within budget. Budget units incurring negative fund balances or forecasted budget overages must develop a corrective action plan with the concurrence of the Office of Budget and Finance and County Manager to be approved by the Board of Supervisors when appropriate.

Section 3. Financial Stability Reserve

The Financial Stability Reserve appropriation aims to maintain a reserve of expenditure authority from which specific amounts can be transferred to other appropriated budgets after the adoption of the annual budget to cover emergency or critical items. The reserve appropriation will be established in the Non-Departmental category of the General Fund. The Financial Stability Reserve will not incur any expense or revenue bookings.

Section 4. Positions and Infrastructure Projects

Positions

Departments must submit requests for positions to Human Resources and the Office of Budget and Finance to review the detailed reasoning, expected benefits, applicable needs, and funding needed for the proposed position. Human Resources will review relevant position description questionnaires, job descriptions, and salary information and determine the appropriate classification. If the outcome of this review results in a new position classification (classifications that do not currently exist in the County's structure), regardless of the funding source (from Elected, Judicial Branch departments, appointed county departments/special districts/enterprise funds), the new position classification must be approved by the Board of Supervisors. Simultaneously, the Office of Budget and Finance will review the documentation for budgetary impacts, ensuring that funding has been allocated to the position and is sustainable in future fiscal years. If a request is denied, Elected or Judicial Branch departments may appeal the decision to the Board of Supervisors.

Funding requested during budget development for newly requested positions in the general fund will be held in a central non-departmental budget unit until the position has been established and filled. Upon appointment of a new hire in the position, the Office of Budget and Finance will transfer the pro-rated budget capacity to the requesting budget unit based upon the new hire's salary established consistent with Pinal County Policy 4.2 (Wage and Salary Administration).

All authorized filled positions must be fully funded. If a filled position becomes unfunded or underfunded, it must be fully funded immediately or eliminated. An underfunded

position occurs when a department/funding source has only 1% to 99% of the funding required to support a position annually. If eliminating filled unfunded or underfunded positions results in a Reduction in Force, the County Manager shall approve a layoff plan, if applicable, in accordance with Pinal County Policy and Procedure 3.96, Reduction in Force, and Pinal County Merit Rule #10 - Terminations before it is effective.

Facility Infrastructure Projects

Before forwarding information to the County Manager, all facility infrastructure project requests, regardless of the funding source (from Elected, Judicial Branch departments, appointed County departments/special districts/enterprise funds), must be submitted to the Master Facilities Planning & Construction Committee for review. The Committee is advisory to the County Manager. The County Manager will recommend the project for approval by the Board of Supervisors if appropriate. If the County Manager denies the project request, Elected or Judicial Branch departments may appeal the decision to the Board of Supervisors.

Section 5. Appeal to the Board of Supervisors.

All elected branches of government shall retain the ability to appeal directly to the Board of Supervisors should a dispute or disagreement arise concerning an interpretation or application of these procedures by the County Manager or Office of Budget and Finance and any Elected Branches of Government.

Notice of Pending Financial Statement Filing

Date: June 14, 2024

Arizona Revised Statutes (A.R.S.) §11-661 requires counties to file a copy of their financial statements with the Arizona Auditor General pursuant to A.R.S. §41-1279.07 within 9 months after the close of each fiscal year. These financial statements must be posted in a prominent location on the county's official website within 7 business days of filing the reports with the Auditor General.

We posted this form on our website in place of the financial statements until we file the financial statements with the Arizona Auditor General. We have sent a copy of this form to the Arizona Auditor General, the Speaker of the House of Representatives, and the President of the Senate.

If the financial statements are not completed as prescribed on or before our budget–adoption process pursuant to A.R.S. § 42-17103 and 42-17105, this form will be published in the budget for the subsequent fiscal year to notify taxpayers that the required financial statements are pending, and of the reasons for the delay and the estimated date of completion.

County Name: Pinal County

Fiscal reporting year: 2022 – 2023

Reasons for delayed report:

As reported in previous single audit findings and corrective action plans, the county is in the process of updating processes and procedures to improve the timing of monthly and annual financial closings and reconciliations. Also, the county is evaluating its financial management software system and has approved adding additional staffing to have adequate resources available.

PINAL COUNTY
WIDE OPEN OPPORTUNITY

Progress has been made to improve processes and procedures and some of the new positions have been hired, however, the full impact of the corrective actions and timely reporting will likely be delayed due to the need to educate existing staff on the changes; hire and train new staff; monitor and validate revised procedures to ensure the desired results are achieved; and, on a more long term basis, ensure the deficiencies in the current financial management software are resolved.

In addition, the outside accounting services team contracted to provide support for the county's financial reporting has had staff turnover. While the outside accounting services team has assigned new staff to the county, setbacks have occurred due to the transition of personnel.
