2. CONTRACT TYPE. Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

3. PRICING

   3.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   3.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein.    Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

   3.4 Price Increase.

The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted ninety (90) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor's request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

3.5 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

3.6 Change Orders.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

13.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

13.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

13.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

13.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

13.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor,

provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

13.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint

venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

13.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

13.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

13.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

13.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

13.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

13.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

13.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence.

Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

13.16 Eligible Agencies. This contract shall be for the exclusive use of Pinal County.

13.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

13.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

13.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an

explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 "Right to Offset."

13.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

13.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14. CONTRACT CHANGES.

14.1 Contract Amendments. The contract is issued under the authority of the County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

14.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

14.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor

possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

15. RISKS AND LIABILITIES

15.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

15.2 Contractor Insurance. Without limiting any of the Contractor's obligations or liabilities, the Contractor, at Contractor's expense, and any tier of Subcontractor shall purchase and maintain the minimum insurance listed below, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

15.4 Public Health Information Indemnification. Not applicable (N/A).

15.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

15.6 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its

performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

15.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

16. WARRANTIES

16.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

16.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order.    The Contractor shall provide, erect and maintain all necessary flashing arrow boards, barricades, suitable and sufficient warning lights signals and signs, and shall take all necessary precautions for the protection of the work and safety of the public. The Contractor shall provide, erect and maintain acceptable and adequate detour signs at all closures and along detour routes.

All barricades and obstructions shall be illuminated at night and all safety lights shall be kept burning from sunset until sunrise. All barricades and signs used by the Contractor shall conform to the standard design, generally accepted for such purposes.

The Contractor shall insure that all existing traffic signs are erect, clean and in full view of the intended traffic at all times. Street name signs at major street intersections shall be maintained erect at all times. If these signs should interfere with construction, the Contractor shall notify the County at lease forty eight (48) hours in advance for County personnel to temporarily relocate said signs. The County Engineer or designee will re-set all traffic and street name signs to permanent locations when notified by the Engineer that construction is complete unless otherwise stated in the specifications. Payment for this item shall be made at the agreed upon contract allowance price for Traffic Control.

When determined necessary by the Contractor, an off-duty Pinal County Sheriff Deputy shall be used for traffic control. Pinal County uses Off Duty Management for scheduling of off duty deputies. Contractors must use the following link https://odm.officertrak.com/Pinal-Co-AZ-SO/auth/signin?next=%2F to arrange for off duty deputies and view hourly rates.

The assembly and turnarounds of the Contractor's equipment shall be accomplished using adjacent local streets when possible.

Equipment used and/or directed by the Contractor shall travel with traffic at all times. Supply trucks shall travel with traffic except when being spotted. Provide a flagman or officer to assist with this operation.

During construction it may be necessary to alter traffic control. Alterations shall be in accordance with the Traffic Barricade Manual.

No street within the project may be closed to through traffic or to local emergency traffic without prior written approval of the County Engineer. Written approval may be given if sufficient time exists to allow for notification of the public, at least two (2) days, in advance of such closing. Partial closure of streets within the project shall be done in strict conformity with written directions to be obtained from the County Engineer.

Caution should be used when excavating near intersections with traffic signal underground cable. Notify the County Engineer twenty four (24) hours in advance of any work at such intersections. The Contractor shall install and maintain temporary overhead traffic signal cable as specified by the County Engineer when underground conduit is to be severed by excavations at intersections. The Contractor shall provide an off duty Sheriff's Deputy to direct traffic while the traffic signal is turned off and the wiring is transferred. All damaged or modified traffic signal overhead and underground items shall be repaired and restored to the County Engineers satisfaction. Magnetic detector loops shall under no circumstances be spliced.

The Contractor shall address how local access to adjacent properties will be handled in accordance with the specifications herein.

g. Operations & Storage. Contractor shall confine all operations (including storage of materials) to areas authorized by the County.

h. Cleaning Up & Refuse Disposal. Contractor shall at all times keep the site, including storage areas, free from accumulations of waste materials. Before completing the Work, Contractor shall remove from the premises any rubbish, tools, scaffolding, equipment and materials that are not the property of the County. Upon completing the Work, Contractor shall leave the site in a clean and orderly condition satisfactory to the County.

Final cleanup of the premises shall be included in the period of performance of the Job Order.

Contractor shall be responsible for all construction refuse disposal containers and their removal from the site.

Disposal of any hazardous materials not addressed and priced in the Job Order will be segregated for disposal by the County unless the County requires the Contractor to dispose of the materials, in which case, an equitable adjustment in the price will be negotiated and agreed.

i. Existing Improvements and Utilities. Contractor shall protect from damage all existing improvements and utilities to or near the site and on adjacent property of third parties, the locations of which are made known to or should be known by the Contractor. Contractor shall repair any damage to those facilities, including those that are the property of third parties, resulting from failure to comply with the requirements of the Job Order or failure to exercise reasonable care in performing the Work. If Contractor fails or refuses to repair the damage promptly, the County may have necessary repair work performed and charge the cost to the Contractor.

j. Safety. Contractor shall be responsible for compliance with all safety rules and regulations of the Federal Occupational Safety and Health Act 1970 (OSHA), all applicable state and local laws, ordinances and regulations during the performance of the Work. Contractor shall indemnify the County for fines, penalties and corrective measures that result from the acts of commission or omission of Contractor, its subcontractors, if any, agents, employees and assigns and its failure to comply with such safety rules and regulations.

The County reserves the right to approve and monitor the Contractor's safety policies and program procedures as applied during performance of the Work. Failure to comply with safety policies and program procedures, once approved by Owner, shall be cause for the termination of the Job Order.

16.3 Owner Rights and Obligations.

a. Suspension of Work. Owner may order Contractor, in writing, to suspend, delay or interrupt all or any part of the Work for a period of time that the County determines reasonably appropriate.

If the performance of all or any part of the Work is suspended, delayed or interrupted by an act of the County in the administration of a Job Order or by the County's failure to act within the time specified in the Job Order, an adjustment shall be made for any increase in the cost of performance of the Job Order necessarily caused by the suspension, delay or interruption, and the Job Order will be modified in writing accordingly.

A claim under this paragraph shall not be allowed for any costs incurred more than thirty (30) calendar days before Contractor shall have notified the County in writing of the act or failure to act (but this requirement shall not apply as to a claim resulting from a suspension order), and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay or interruption, but not later than the date of final payment under the Job Order.

b. County's Right to Possession. The County shall have the right to take possession of or use any complete or partially completed part of the Work. Before taking possession of or using any Work, the County shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the Work that the county intends to take possession of or use. However, failure of the county to list any item of Work shall not relieve the Contractor of responsibility for complying with the terms of this Contract. County possession or use shall not be deemed an acceptance of any Work under this contract.

While the County has such possession or use, Contractor shall be relived of the responsibility for the loss of or damage of the Work resulting from the County's possession or use. Notwithstanding the terms of subparagraph 15.2.a. If prior possession or use by the County delays the progress of the Work or causes additional expenses to the Contractor, an equitable adjustment shall be made in the Job Order price or the period of performance, and the Job Order shall be modified in writing accordingly.

c. Other Contracts. The County may undertake or award other Contracts for additional work at or near the site of Work under this contract. Contractor shall fully cooperate with the other Contractors and with the County's employees and shall carefully adapt scheduling and performing the Work under this contract to accommodate the additional work, heeding any direction that may be provided by the County. Contractor shall not commit or permit any act that will interfere with the performance of its Work by any other contractor or by County employees.

d. Job Order Amendment. Job Orders may be amended by the County in the same manner as they are issued.

e. Job Order Value. The maximum Job Order value is Two Million Dollars ($2,000,000), except as provided in A.R.S.§ 34-605.

17. JOB ORDER DOCUMENTS.

17.1 Specifications and Drawings. Anything mentioned in the specifications and not shown in the drawings or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between drawings and specifications, the drawings shall govern. In case of discrepancy either in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the County, who shall promptly make a determination in writing. Any adjustment by Contractor without such a determination shall be at its own risk and expense. The County shall furnish from

time to time such detail drawings and other information as considered necessary, unless otherwise provided.

17.2 Shop Drawings. Shop drawings include sketches, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by Contractor to explain in detail specific portions of the Work. The County may duplicate, use and disclose in any manner and for any purpose shop drawings delivered under this Contract. Shop drawings means drawings submitted to the County by the Contractor showing in detail:

a. The proposed fabrication and assembly of structural elements;
b. The installation (i.e. form, fit and attachment details) of materials or equipment, and
c. The construction and detailing of elements of the Work.

17.3 Shop Drawing Coordination. Contractor shall coordinate all shop drawings, and review them for accuracy, completeness and compliance with Contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the County without evidence of Contractor's approval may be returned for resubmission. The County will indicate its approval or disapproval of the shop drawings and if not approved as submitted shall indicate County's reason therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the County shall not relive Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of the Contract, except with respect to variations described and approved in accordance with §17.4 below.

17.4 Shop Drawing Modification. If shop drawings show variations from the Job Order requirements, Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If Owner approves any such variation, Owner shall issue an appropriate Contract modification, except that, if the variation is minor and does not involve a change in price or in time of performance, a modification need not be used.

17.5 Shop Drawing Omissions. Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relive Contractor from performing such omitted or misdescribed details of the Work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

17.6 Owner Furnished Drawings. Contractor shall check all County furnished drawings immediately upon receipt and shall promptly notify the County of any discrepancies. Any errors or omissions in the County furnished drawings are the responsibility of the County to rectify, including associated costs. Figure marked on drawings shall be followed in preference to scale measurements. Large scale drawings shall govern small scale drawings. Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors which might have been avoided thereby.

17.7 Shop Drawing Submittal. Contractor shall submit to the County for approval an appropriate number of copies of all shop drawings as called for under the various headings of these specifications. Sets of all shop drawings will be retained by the County and one set will be returned to the Contractor with annotation of

approval or rejection within one (1) week after submission, unless a longer review period is necessary by mutual agreement between the County and the Contractor.

17.8 Use of Job Order Documents. All drawings (to include as-built drawings), sketches, designs, design data, specifications, notebooks, technical and scientific data provided to Contractor or developed by Contractor pursuant to the contract and all photographs, negatives, reports, findings, recommendations, data and memoranda of every description relating thereto, as well as all copies of the foregoing relating to the Work or any part hereof, shall be the property of the County and may be sued by the County without any claim by the Contractor for additional compensation, unless such material developed by Contractor does not result in an issued Job Order. In such cases, Contractor will receive reasonable reimbursement for the development of such materials before the County uses them in any manner whatsoever. In addition, the County agrees to hold the Contractor harmless to the extent permitted by law from any legal liability arising out of the County's use of such material.

18. CONTRACT CHANGES.

18.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

18.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

18.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

19. JOB ORDER CHANGES.

19.1 County Changes. The County may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes to the Work within the general scope of the Job Order, including changes:

a. In the specifications (including drawings and designs);
b. In County furnished facilities, equipment, materials, services, or site; or
c. Directing acceleration in the performance of the Work, or otherwise altering the schedule for performance of the Work.

19.2 County Change Orders. Any other written order (which, as used in this paragraph, includes direction, instruction, interpretation or determination) from the County that causes a change shall be treated as a change order under this section; provided, that the Contractor gives the County timely written notice stating the date, circumstances and source of the order that Contractor regards the order as a change order.

19.3 Contract Adjustments. Except as provided in this section, no order, statement or conduct of the County shall be treated as a change under this section or entitle Contractor to an equitable adjustment hereunder.

19.4 Modification of the Job Order. If any change under this section causes an increase or decrease in Contractor's cost of or the time required for, the performance of any part of the Work under a Job Order, whether or not changed by any such order, the County shall negotiate an equitable adjustment and modify the Job Order in writing.

19.5 Contractor Proposals. Contractor must submit any proposal under this section within thirty (30) calendar days after:

a. Receipt of a written change order under §18.1 above; or
b. The furnishing of a written notice under § 18.2 above by submitting to the County a written statement describing the general nature and amount of the proposal, unless this period is extended by the County. The statement of proposal for adjustment may be included in the notice under §18.2 above.

19.6 Final Payment Limitation. No proposal from the Contractor for an equitable adjustment shall be allowed if asserted after final payment under the Job Order.

19.7 Contract Extension Justification. The Contractor shall furnish to the County a written proposal for any proposed extension in the period of performance. The proposal shall contain a price breakdown and period of performance extension justification.

19.8 Contractor Price Breakdown Structure. Contractor, in connection with any proposal it makes for a Job Order change, shall furnish a price breakdown itemized as required by the County and the pricing matrix as required in the awarded contract.

20. ARS TITLE 34 PROVISIONS.

20.1 Individual Job Order Amount. The maximum dollar amount of an individual job order shall be Two Million Dollars ($2,000,000) or such higher or lower amount prescribed by the County in an action noticed pursuant to ARS Title 38, Chapter 3, Article 3.1 or a rule adopted by the County as a maximum amount of an individual

Job Order. Requirements shall not be artificially divided or fragmented in order to constitute a Job Order that satisfies this requirement.

20.2 Subcontractors. If the Contractor subcontracts or intends to subcontract part or all of the Work under a Job Order and if this Contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of Job Orders based on the number of units of standard individual tasks in the Job Order, then:

a. The Contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the Contractor to do all or part of the Work under one or more Job Orders:

20.2.1.1 A copy of the description of all standard individual tasks on which the subcontractor is invited to bid.

20.2.1.2 A copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.

b. If not previously delivered to the subcontractor, the Contractor has a duty to delivery promptly the following to each subcontractor invited to, or that has agreed to, do any of the Work included in any Job Order:

20.2.2.1 A copy of the description of each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

20.2.2.2 The number of units of each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

20.2.2.3 The standard unit price for each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

c. The County will include the full street or physical address of each separate location at which the construction will be performed for each individual Job Order. The Contractor (and on behalf of each subcontractor at any level) hereby agrees to include in each of its subcontracts the same address information. The Contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location

21. RISKS AND LIABILITIES

21.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

21.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against

claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or

be materially changed for any reason without thirty (30) days prior written notice to the County and the Owner(s).

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. Contractor shall be responsible for ensuring all tiers of Subcontractors have valid and collectable insurance stated in the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

21.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims

in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

21.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

21.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

21.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

22. WARRANTIES

22.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

22.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

22.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

22.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

22.5 Contractor's Guarantee. Contractor guarantees that the work shall remain in good order and repair and guarantee the material furnished under this Contract for a two-year period. Any defect in workmanship or materials arising during that period shall be repaired or removed and replaced, as determined necessary by Pinal, at Contractor's expense. If within ten (10) days after the mailing of a written notice by Pinal or its designated representative to Contractor, or its agent, requesting such repair or removal and replacement, Contractor shall neglect to perform the same with due diligence, Pinal may perform such repair or removal and replacement at Contractor's expense; provided, however, that in the case of emergency where, in the judgment of Pinal, delay would cause serious loss or damage, the repair or removal and replacement may be made without notice being sent to Contractor, and Contractor shall pay the cost thereof. Failure of Contractor to honor warranties in a cooperative and timely manner and to the satisfaction of Pinal shall result in the Contractor being omitted from bidding on future Pinal Projects. This paragraph shall survive the termination, cancellation, suspension or completion of this contract.

22.6 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

Personally Identifiable Information. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

22.7 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

22.8 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

22.9 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

22.10 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with

all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

23. COUNTY'S CONTRACTUAL REMEDIES

23.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

23.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

23.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

23.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

23.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

24. CONTRACT TERMINATION

24.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

24.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the

procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

24.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

24.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

24.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

Contract 251530ROQ
JOB ORDER CONTRACTING (JOC) FOR RESIDENTIAL CONTRACTORS

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Canyon Building and Design, (Contractor), whose primary address is 4750 N La Cholla Blvd, Tucson, AZ 85705.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Lump Sum Price. The firm-fixed lump sum price is the amount or amounts shown or scheduled as such in the requested Pricing Document for each job order, each of which will be Contractor's complete and total compensation for carrying out the relevant portion of the work that it covers; and will not be subject to any adjustment on the basis of Contractor's cost experienced in performing under the contract.

   Except as expressly stated otherwise in the solicitation, Contractor is deemed to have allowed in each firm-fixed lump sum price correct and sufficient amounts to cover all its obligations under or arising from the contract, at law, or otherwise, and to have allowed the necessary resources to enable it to carry out the relevant portion of the work that it covers within any time for performance specified in the Scope of Work.

   Contractor will visit those physical locations where the priced work is to be carried out for each job order and to understand and account for local conditions that might affect the work, and will review, verify, and interpret for itself the necessary documents and information relevant to access, communications, climactic conditions, likelihood or risk of damage to adjacent property and occupants, possibility of interference by persons other than the County, and any necessary interfaces with others.

4. PRICING

   4.1 <u>Most Favored Customer Pricing</u>.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

4.2 All-Inclusive Pricing.
Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted ninety (90) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor's request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.5 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.6 Change Orders.
In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. TIME OF COMPLETION. Contractor covenants and agrees at its own proper cost and expense, to complete all work for the construction of assigned Job Orders and to completely construct the same and provide the services therein, as called for by this agreement free and clear of all claims, liens and charges whatsoever, in the manner and under the conditions specified within the time, or times, stated in the Job Order.

a. Company name, address and contact
b. County bill-to name and contact information

Florence, AZ 85132

6.3 Job Order Cost Proposal Structure. For each Job Order, the Contractor shall prepare a Job Order Cost Proposal with the sufficient level of cost detail as required by the County. Cost detail may include, but is not limited to: schedule of values, work schedule, direct labor cost and fringe benefits, direct material costs (supported by quotes), cost of subcontractors (supported by quotes), and allowable indirect costs (includes insurance). The Contractor shall utilize the markups established in the Pricing Matrixto calculate the overhead and profit for all Job Order Cost Proposals, unless otherwise requested by the County. Profit on subcontractors/subconsultants shall not exceed five (5) percent.

6.4 Progress Payments. Should an individual Job Order require more than thirty (30) days to complete, the County shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by the County, on estimates of Work completed submitted by the Contractor and approved by the County. Contractor shall use an acceptable invoice from and shall include supporting documents to reflect a breakdown of the total price showing the amount included therein for each principal category of

the Work, in such detail as requested, to provide a basis for determining progress payments. In the estimation of Work completed, the County will authorize payment for material delivered on the site and preparatory work done if Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform the Work.

6.5 Owner's Property. All material and work covered by progress payments made shall, at the time of payment, become the sole property of the County. But this provision shall not be construed as:

a. Relieving the Contractor from the sole responsibility for all material and Work upon which payments have been made or the restoration of any damaged Work; or
b. Waiving the right of the County to require the fulfillment of all the terms of the Contract.

6.6 Approval and Certification. An estimate of the Work submitted shall be deemed approved and certified for payment after seven days from the date of submission unless before that time the County or the County's agent prepares and issues a specific written finding setting forth those items in detail in the estimate of the Work that are not approved for payment under this contract. The County may withhold an amount form the progress payment sufficient to pay the expenses the County reasonably expects to incur in correcting the deficiency set forth in the written finding. The progress payment shall be paid on or before thirty days after the estimate of the Work is certified and approved. The estimate of the Work shall be deemed received by the County on submission to any person designated by the County for the submission, review or approval of the estimate of Work.

6.7 Unpaid Amounts. The County shall pay all unpaid amounts due the Contractor under this Contract within thirty (30) days after;

a. Completion and acceptance of the Work;
b. Presentation of a properly executed invoice;
c. Presentation of a fully executed Certificate of Performance provided by the County; or
d. Consent of Contractor's surety, if any.

6.8 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

6.9 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

6.10 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

6.11 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

6.12 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

6.13 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

7. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

8. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

9. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

10. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder’s Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

11. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an

employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

12. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

13. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

14. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

15. CONTRACT ADMINISTRATION AND OPERATION.

15.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Brisna Canizalez	**Name:** Brad Davis
Address: PO Box 1348 Florence, AZ 85132	**Address:** 4750 N La Cholla Blvd Tucson, AZ 85705
Title: Procurement Officer	**Title:** District VP

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

15.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

15.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

15.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

15.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

15.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

15.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

County possession or use shall not be deemed an acceptance of any Work under this contract.

While the County has such possession or use, Contractor shall be relived of the responsibility for the loss of or damage of the Work resulting from the County's possession or use. Notwithstanding the terms of subparagraph 15.2.a. 17.1 Specifications and Drawings. Anything mentioned in the specifications and not shown in the drawings or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between drawings and specifications, the drawings shall govern. In case of discrepancy either in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the County, who shall promptly make a determination in writing. Shop drawings submitted to the County without evidence of Contractor's approval may be returned for resubmission. The County will indicate its approval or disapproval of the shop drawings and if not approved as submitted shall indicate County's reason therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the County shall not relive Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of the Contract, except with respect to variations described and approved in accordance with §17.4 below.

17.4 Shop Drawing Modification. If shop drawings show variations from the Job Order requirements, Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If Owner approves any such variation, Owner shall issue an appropriate Contract modification, except that, if the variation is minor and does not involve a change in price or in time of performance, a modification need not be used.

17.5 Shop Drawing Omissions. Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relive Contractor from performing such omitted or misdescribed details of the Work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

17.6 Owner Furnished Drawings. Contractor shall check all County furnished drawings immediately upon receipt and shall promptly notify the County of any discrepancies. Any errors or omissions in the County furnished drawings are the responsibility of the County to rectify, including associated costs. Figure marked on drawings shall be followed in preference to scale measurements. Large scale drawings shall govern small scale drawings. Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors which might have been avoided thereby.

17.7 Shop Drawing Submittal. Contractor shall submit to the County for approval an appropriate number of copies of all shop drawings as called for under the various headings of these specifications. Sets of all shop drawings will be retained by the County and one set will be returned to the Contractor with annotation of

approval or rejection within one (1) week after submission, unless a longer review period is necessary by mutual agreement between the County and the Contractor.

All drawings (to include as-built drawings), sketches, designs, design data, specifications, notebooks, technical and scientific data provided to Contractor or developed by Contractor pursuant to the contract and all photographs, negatives, reports, findings, recommendations, data and memoranda of every description relating thereto, as well as all copies of the foregoing relating to the Work or any part hereof, shall be the property of the County and may be sued by the County without any claim by the Contractor for additional compensation, unless such material developed by Contractor does not result in an issued Job Order. In such cases, Contractor will receive reasonable reimbursement for the development of such materials before the County uses them in any manner whatsoever. In addition, the County agrees to hold the Contractor harmless to the extent permitted by law from any legal liability arising out of the County's use of such material.

18. CONTRACT CHANGES.

18.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

18.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

18.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

19. JOB ORDER CHANGES.

19.3 Contract Adjustments. Except as provided in this section, no order, statement or conduct of the County shall be treated as a change under this section or entitle Contractor to an equitable adjustment hereunder.

19.4 Modification of the Job Order. If any change under this section causes an increase or decrease in Contractor's cost of or the time required for, the performance of any part of the Work under a Job Order, whether or not changed by any such order, the County shall negotiate an equitable adjustment and modify the Job Order in writing.

19.5 Contractor Proposals. Contractor must submit any proposal under this section within thirty (30) calendar days after:

a. Receipt of a written change order under §18.1 above; or
b. The furnishing of a written notice under § 18.2 above by submitting to the County a written statement describing the general nature and amount of the proposal, unless this period is extended by the County. The statement of proposal for adjustment may be included in the notice under §18.2 above.

19.6 Final Payment Limitation. No proposal from the Contractor for an equitable adjustment shall be allowed if asserted after final payment under the Job Order.

19.7 Contract Extension Justification. The Contractor shall furnish to the County a written proposal for any proposed extension in the period of performance. The proposal shall contain a price breakdown and period of performance extension justification.

19.8 Contractor Price Breakdown Structure. Contractor, in connection with any proposal it makes for a Job Order change, shall furnish a price breakdown itemized as required by the County and the pricing matrix as required in the awarded contract.

21. RISKS AND LIABILITIES

21.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

21.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against

claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations, blanket contractual coverage, and must include XCU for any scope of work involving foundation or digging. Policy shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902(E), and when such Contractor executes the appropriate sole proprietor waiver form.

(4) Professional Liability (Errors and Ommissions Liablity). Required for any scope of work that includes, architectural, engineering or design work services. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

(5) Builder's Risk Insurance. Required for any scope of work that includes building additions or ground up construction. Policy must be Special Causes of Loss coverage written on a replacement cost basis in a value equal to the initial Contract amount plus 10% for subsequent change orders. Pinal County, General and Subcontractors must be named insured on the policy. Policy must contain a waiver of subrogation in favor of Pinal County.

(6) Contractor's Pollution Liability. Required for any scope of work that includes testing or abatement of asbestos, mold remediation, septic systems. Coverage shall be for a minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's General and Auto Liability policies, shall be primary and noncontributory with respect to any self insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or

be materially changed for any reason without thirty (30) days prior written notice to the County and the Owner(s).

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. Contractor shall be responsible for ensuring all tiers of Subcontractors have valid and collectable insurance stated in the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

21.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims

in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

21.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

21.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

21.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

22. WARRANTIES

22.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

22.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

22.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

22.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

22.5 Contractor's Guarantee. Contractor guarantees that the work shall remain in good order and repair and guarantee the material furnished under this Contract for a two-year period. Any defect in workmanship or materials arising during that period shall be repaired or removed and replaced, as determined necessary by Pinal, at Contractor's expense. If within ten (10) days after the mailing of a written notice by Pinal or its designated representative to Contractor, or its agent, requesting such repair or removal and replacement, Contractor shall neglect to perform the same with due diligence, Pinal may perform such repair or removal and replacement at Contractor's expense; provided, however, that in the case of emergency where, in the judgment of Pinal, delay would cause serious loss or damage, the repair or removal and replacement may be made without notice being sent to Contractor, and Contractor shall pay the cost thereof. Failure of Contractor to honor warranties in a cooperative and timely manner and to the satisfaction of Pinal shall result in the Contractor being omitted from bidding on future Pinal Projects. This paragraph shall survive the termination, cancellation, suspension or completion of this contract.

22.6 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.)

b. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

22.7 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

22.8 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

22.9 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

22.10 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with

all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

23. COUNTY'S CONTRACTUAL REMEDIES

23.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

23.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

23.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

23.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

23.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

24. CONTRACT TERMINATION

24.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

24.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the

procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

24.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

24.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

24.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. 1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Lump Sum Price. The firm-fixed lump sum price is the amount or amounts shown or scheduled as such in the requested Pricing Document for each job order, each of which will be Contractor's complete and total compensation for carrying out the relevant portion of the work that it covers; and will not be subject to any adjustment on the basis of Contractor's cost experienced in performing under the contract.

   Except as expressly stated otherwise in the solicitation, Contractor is deemed to have allowed in each firm-fixed lump sum price correct and sufficient amounts to cover all its obligations under or arising from the contract, at law, or otherwise, and to have allowed the necessary resources to enable it to carry out the relevant portion of the work that it covers within any time for performance specified in the Scope of Work.

   Contractor will visit those physical locations where the priced work is to be carried out for each job order and to understand and account for local conditions that might affect the work, and will review, verify, and interpret for itself the necessary documents and information relevant to access, communications, climactic conditions, likelihood or risk of damage to adjacent property and occupants, possibility of interference by persons other than the County, and any necessary interfaces with others.

4. PRICING

   4.1 <u>Most Favored Customer Pricing</u>.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

4.2 All-Inclusive Pricing.
Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted ninety (90) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. No street within the project may be closed to through traffic or to local emergency traffic without prior written approval of the County Engineer. Written approval may be given if sufficient time exists to allow for notification of the public, at least two (2) days, in advance of such closing. Partial closure of streets within the project shall be done in strict conformity with written directions to be obtained from the County Engineer.

Caution should be used when excavating near intersections with traffic signal underground cable. Notify the County Engineer twenty four (24) hours in advance of any work at such intersections. The Contractor shall install and maintain temporary overhead traffic signal cable as specified by the County Engineer when underground conduit is to be severed by excavations at intersections. The Contractor shall provide an off duty Sheriff's Deputy to direct traffic while the traffic signal is turned off and the wiring is transferred. All damaged or modified traffic signal overhead and underground items shall be repaired and restored to the County Engineers satisfaction. Magnetic detector loops shall under no circumstances be spliced.

The Contractor shall address how local access to adjacent properties will be handled in accordance with the specifications herein.

Where crossings of existing pavement occur, no open trenches shall be permitted overnight, but plating may be permitted if conditions allow as determined by the County Engineer or his/her designee. If plates cannot be used, crossings shall be back-filled or the Contractor shall provide a detour.

g. Operations & Storage. Contractor shall confine all operations (including storage of materials) to areas authorized by the County.

h. Cleaning Up & Refuse Disposal. Contractor shall at all times keep the site, including storage areas, free from accumulations of waste materials. Before completing the Work, Contractor shall remove from the premises any rubbish, tools, scaffolding, equipment and materials that are not the property of the County. Upon completing the Work, Contractor shall leave the site in a clean and orderly condition satisfactory to the County.

Final cleanup of the premises shall be included in the period of performance of the Job Order.

Contractor shall be responsible for all construction refuse disposal containers and their removal from the site.

Disposal of any hazardous materials not addressed and priced in the Job Order will be segregated for disposal by the County unless the County requires the Contractor to dispose of the materials, in which case, an equitable adjustment in the price will be negotiated and agreed.

i. Existing Improvements and Utilities. Contractor shall protect from damage all existing improvements and utilities to or near the site and on adjacent property of third parties, the locations of which are made known to or should be known by the Contractor. Contractor shall repair any damage to those facilities, including those that are the property of third parties, resulting from failure to comply with the requirements of the Job Order or failure to exercise reasonable care in performing the Work. If Contractor fails or refuses to repair the damage promptly, the County may have necessary repair work performed and charge the cost to the Contractor.

j. Safety. Contractor shall be responsible for compliance with all safety rules and regulations of the Federal Occupational Safety and Health Act 1970 (OSHA), all applicable state and local laws, ordinances and regulations during the performance of the Work. Contractor shall indemnify the County for fines, penalties and corrective measures that result from the acts of commission or omission of Contractor, its subcontractors, if any, agents, employees and assigns and its failure to comply with such safety rules and regulations.

The County reserves the right to approve and monitor the Contractor's safety policies and program procedures as applied during performance of the Work. Failure to comply with safety policies and program procedures, once approved by Owner, shall be cause for the termination of the Job Order.

16.3 Owner Rights and Obligations.

a. Suspension of Work. Owner may order Contractor, in writing, to suspend, delay or interrupt all or any part of the Work for a period of time that the County determines reasonably appropriate.

If the performance of all or any part of the Work is suspended, delayed or interrupted by an act of the County in the administration of a Job Order or by the County's failure to act within the time specified in the Job Order, an adjustment shall be made for any increase in the cost of performance of the Job Order necessarily caused by the suspension, delay or interruption, and the Job Order will be modified in writing accordingly.

A claim under this paragraph shall not be allowed for any costs incurred more than thirty (30) calendar days before Contractor shall have notified the County in writing of the act or failure to act (but this requirement shall not apply as to a claim resulting from a suspension order), and unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay or interruption, but not later than the date of final payment under the Job Order.

b. County's Right to Possession. The County shall have the right to take possession of or use any complete or partially completed part of the Work. Before taking possession of or using any Work, the County shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the Work that the county intends to take possession of or use. However, failure of the county to list any item of Work shall not relieve the Contractor of responsibility for complying with the terms of this Contract. County possession or use shall not be deemed an acceptance of any Work under this contract.

While the County has such possession or use, Contractor shall be relived of the responsibility for the loss of or damage of the Work resulting from the County's possession or use. Notwithstanding the terms of subparagraph 15.2.a. If prior possession or use by the County delays the progress of the Work or causes additional expenses to the Contractor, an equitable adjustment shall be made in the Job Order price or the period of performance, and the Job Order shall be modified in writing accordingly.

c. Other Contracts. The County may undertake or award other Contracts for additional work at or near the site of Work under this contract. Contractor shall fully cooperate with the other Contractors and with the County's employees and shall carefully adapt scheduling and performing the Work under this contract to accommodate the additional work, heeding any direction that may be provided by the County. Contractor shall not commit or permit any act that will interfere with the performance of its Work by any other contractor or by County employees.

d. Job Order Amendment. Job Orders may be amended by the County in the same manner as they are issued.

e. Job Order Value. The maximum Job Order value is Two Million Dollars ($2,000,000), except as provided in A.R.S.§ 34-605.

17. JOB ORDER DOCUMENTS.

17.1 Specifications and Drawings. Anything mentioned in the specifications and not shown in the drawings or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between drawings and specifications, the drawings shall govern. In case of discrepancy either in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the County, who shall promptly make a determination in writing. Any adjustment by Contractor without such a determination shall be at its own risk and expense. The County shall furnish from

time to time such detail drawings and other information as considered necessary, unless otherwise provided.

17.2 Shop Drawings. Shop drawings include sketches, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by Contractor to explain in detail specific portions of the Work. The County may duplicate, use and disclose in any manner and for any purpose shop drawings delivered under this Contract. Shop drawings means drawings submitted to the County by the Contractor showing in detail:

a. The proposed fabrication and assembly of structural elements;
b. The installation (i.e. form, fit and attachment details) of materials or equipment, and
c. The construction and detailing of elements of the Work.

17.3 Shop Drawing Coordination. Contractor shall coordinate all shop drawings, and review them for accuracy, completeness and compliance with Contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the County without evidence of Contractor's approval may be returned for resubmission. The County will indicate its approval or disapproval of the shop drawings and if not approved as submitted shall indicate County's reason therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the County shall not relive Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of the Contract, except with respect to variations described and approved in accordance with §17.4 below.

17.4 Shop Drawing Modification. If shop drawings show variations from the Job Order requirements, Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If Owner approves any such variation, Owner shall issue an appropriate Contract modification, except that, if the variation is minor and does not involve a change in price or in time of performance, a modification need not be used.

17.5 Shop Drawing Omissions. Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relive Contractor from performing such omitted or misdescribed details of the Work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

17.6 Owner Furnished Drawings. Contractor shall check all County furnished drawings immediately upon receipt and shall promptly notify the County of any discrepancies. Any errors or omissions in the County furnished drawings are the responsibility of the County to rectify, including associated costs. Figure marked on drawings shall be followed in preference to scale measurements. Large scale drawings shall govern small scale drawings. Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors which might have been avoided thereby.

17.7 Shop Drawing Submittal. Contractor shall submit to the County for approval an appropriate number of copies of all shop drawings as called for under the various headings of these specifications. Sets of all shop drawings will be retained by the County and one set will be returned to the Contractor with annotation of

approval or rejection within one (1) week after submission, unless a longer review period is necessary by mutual agreement between the County and the Contractor.

17.8 Use of Job Order Documents. All drawings (to include as-built drawings), sketches, designs, design data, specifications, notebooks, technical and scientific data provided to Contractor or developed by Contractor pursuant to the contract and all photographs, negatives, reports, findings, recommendations, data and memoranda of every description relating thereto, as well as all copies of the foregoing relating to the Work or any part hereof, shall be the property of the County and may be sued by the County without any claim by the Contractor for additional compensation, unless such material developed by Contractor does not result in an issued Job Order. In such cases, Contractor will receive reasonable reimbursement for the development of such materials before the County uses them in any manner whatsoever. In addition, the County agrees to hold the Contractor harmless to the extent permitted by law from any legal liability arising out of the County's use of such material.

18. CONTRACT CHANGES.

18.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

18.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

18.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

19. JOB ORDER CHANGES.

19.1 County Changes. The County may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes to the Work within the general scope of the Job Order, including changes:

a. In the specifications (including drawings and designs);
b. In County furnished facilities, equipment, materials, services, or site; or
c. Directing acceleration in the performance of the Work, or otherwise altering the schedule for performance of the Work.

19.2 County Change Orders. Any other written order (which, as used in this paragraph, includes direction, instruction, interpretation or determination) from the County that causes a change shall be treated as a change order under this section; provided, that the Contractor gives the County timely written notice stating the date, circumstances and source of the order that Contractor regards the order as a change order.

19.3 Contract Adjustments. Except as provided in this section, no order, statement or conduct of the County shall be treated as a change under this section or entitle Contractor to an equitable adjustment hereunder.

19.4 Modification of the Job Order. If any change under this section causes an increase or decrease in Contractor's cost of or the time required for, the performance of any part of the Work under a Job Order, whether or not changed by any such order, the County shall negotiate an equitable adjustment and modify the Job Order in writing.

19.5 Contractor Proposals. Contractor must submit any proposal under this section within thirty (30) calendar days after:

a. Receipt of a written change order under §18.1 above; or
b. The furnishing of a written notice under § 18.2 above by submitting to the County a written statement describing the general nature and amount of the proposal, unless this period is extended by the County. The statement of proposal for adjustment may be included in the notice under §18.2 above.

19.6 Final Payment Limitation. No proposal from the Contractor for an equitable adjustment shall be allowed if asserted after final payment under the Job Order.

19.7 Contract Extension Justification. The Contractor shall furnish to the County a written proposal for any proposed extension in the period of performance. The proposal shall contain a price breakdown and period of performance extension justification.

19.8 Contractor Price Breakdown Structure. Contractor, in connection with any proposal it makes for a Job Order change, shall furnish a price breakdown itemized as required by the County and the pricing matrix as required in the awarded contract.

20. ARS TITLE 34 PROVISIONS.

20.1 Individual Job Order Amount. The maximum dollar amount of an individual job order shall be Two Million Dollars ($2,000,000) or such higher or lower amount prescribed by the County in an action noticed pursuant to ARS Title 38, Chapter 3, Article 3.1 or a rule adopted by the County as a maximum amount of an individual

Job Order. Requirements shall not be artificially divided or fragmented in order to constitute a Job Order that satisfies this requirement.

20.2 Subcontractors. If the Contractor subcontracts or intends to subcontract part or all of the Work under a Job Order and if this Contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of Job Orders based on the number of units of standard individual tasks in the Job Order, then:

a. The Contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the Contractor to do all or part of the Work under one or more Job Orders:

20.2.1.1 A copy of the description of all standard individual tasks on which the subcontractor is invited to bid.

20.2.1.2 A copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.

b. If not previously delivered to the subcontractor, the Contractor has a duty to delivery promptly the following to each subcontractor invited to, or that has agreed to, do any of the Work included in any Job Order:

20.2.2.1 A copy of the description of each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

20.2.2.2 The number of units of each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

20.2.2.3 The standard unit price for each standard individual task that is included in the Job Order and that the subcontractor is invited to perform.

c. The County will include the full street or physical address of each separate location at which the construction will be performed for each individual Job Order. The Contractor (and on behalf of each subcontractor at any level) hereby agrees to include in each of its subcontracts the same address information. The Contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location

21. RISKS AND LIABILITIES

21.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

21.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against

claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations, blanket contractual coverage, and must include XCU for any scope of work involving foundation or digging. Policy shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902(E), and when such Contractor executes the appropriate sole proprietor waiver form.

(4) Professional Liability (Errors and Ommissions Liablity). Required for any scope of work that includes, architectural, engineering or design work services. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

(5) Builder's Risk Insurance. Required for any scope of work that includes building additions or ground up construction. Policy must be Special Causes of Loss coverage written on a replacement cost basis in a value equal to the initial Contract amount plus 10% for subsequent change orders. Pinal County, General and Subcontractors must be named insured on the policy. Policy must contain a waiver of subrogation in favor of Pinal County.

(6) Contractor's Pollution Liability. Required for any scope of work that includes testing or abatement of asbestos, mold remediation, septic systems. Coverage shall be for a minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's General and Auto Liability policies, shall be primary and noncontributory with respect to any self insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or

be materially changed for any reason without thirty (30) days prior written notice to the County and the Owner(s).

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. Contractor shall be responsible for ensuring all tiers of Subcontractors have valid and collectable insurance stated in the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

21.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims

in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

21.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

21.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

21.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

22. WARRANTIES

22.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

22.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

22.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

22.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

22.5 Contractor's Guarantee. Contractor guarantees that the work shall remain in good order and repair and guarantee the material furnished under this Contract for a two-year period. Any defect in workmanship or materials arising during that period shall be repaired or removed and replaced, as determined necessary by Pinal, at Contractor's expense. If within ten (10) days after the mailing of a written notice by Pinal or its designated representative to Contractor, or its agent, requesting such repair or removal and replacement, Contractor shall neglect to perform the same with due diligence, Pinal may perform such repair or removal and replacement at Contractor's expense; provided, however, that in the case of emergency where, in the judgment of Pinal, delay would cause serious loss or damage, the repair or removal and replacement may be made without notice being sent to Contractor, and Contractor shall pay the cost thereof. Failure of Contractor to honor warranties in a cooperative and timely manner and to the satisfaction of Pinal shall result in the Contractor being omitted from bidding on future Pinal Projects. This paragraph shall survive the termination, cancellation, suspension or completion of this contract.

22.6 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.)

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

22.7 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

22.8 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

22.9 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

22.10 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with

all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

23. COUNTY'S CONTRACTUAL REMEDIES

23.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

23.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

23.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

23.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

23.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

24. CONTRACT TERMINATION

24.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

24.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the

procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

24.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

24.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

24.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. Contract 251530ROQ
JOB ORDER CONTRACTING (JOC) FOR RESIDENTIAL CONTRACTORS

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Post & Beam Construction, (Contractor), whose primary address is PO Box 1697, Maricopa, AZ 85139.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Lump Sum Price. The firm-fixed lump sum price is the amount or amounts shown or scheduled as such in the requested Pricing Document for each job order, each of which will be Contractor's complete and total compensation for carrying out the relevant portion of the work that it covers; and will not be subject to any adjustment on the basis of Contractor's cost experienced in performing under the contract.

   Except as expressly stated otherwise in the solicitation, Contractor is deemed to have allowed in each firm-fixed lump sum price correct and sufficient amounts to cover all its obligations under or arising from the contract, at law, or otherwise, and to have allowed the necessary resources to enable it to carry out the relevant portion of the work that it covers within any time for performance specified in the Scope of Work.

   Contractor will visit those physical locations where the priced work is to be carried out for each job order and to understand and account for local conditions that might affect the work, and will review, verify, and interpret for itself the necessary documents and information relevant to access, communications, climactic conditions, likelihood or risk of damage to adjacent property and occupants, possibility of interference by persons other than the County, and any necessary interfaces with others.

4. PRICING

   4.1 <u>Most Favored Customer Pricing</u>.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

4.2 All-Inclusive Pricing.
Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted ninety (90) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor's request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.5 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.6 Change Orders.
In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. TIME OF COMPLETION. Contractor covenants and agrees at its own proper cost and expense, to complete all work for the construction of assigned Job Orders and to completely construct the same and provide the services therein, as called for by this agreement free and clear of all claims, liens and charges whatsoever, in the manner and under the conditions specified within the time, or times, stated in the Job Order.

6. INVOICING AND PAYMENTS.

6.1 Invoices.
The Contractor shall submit detailed, itemized monthly invoices before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Itemized cost as outlined in the Job Order Proposal

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

6.3 Job Order Cost Proposal Structure. For each Job Order, the Contractor shall prepare a Job Order Cost Proposal with the sufficient level of cost detail as required by the County. Cost detail may include, but is not limited to: schedule of values, work schedule, direct labor cost and fringe benefits, direct material costs (supported by quotes), cost of subcontractors (supported by quotes), and allowable indirect costs (includes insurance). The Contractor shall utilize the markups established in the Pricing Matrixto calculate the overhead and profit for all Job Order Cost Proposals, unless otherwise requested by the County. Profit on subcontractors/subconsultants shall not exceed five (5) percent.

6.4 Progress Payments. Should an individual Job Order require more than thirty (30) days to complete, the County shall make progress payments monthly as the Work proceeds, or at more frequent intervals as determined by the County, on estimates of Work completed submitted by the Contractor and approved by the County. Contractor shall use an acceptable invoice from and shall include supporting documents to reflect a breakdown of the total price showing the amount included therein for each principal category of

the Work, in such detail as requested, to provide a basis for determining progress payments. In the estimation of Work completed, the County will authorize payment for material delivered on the site and preparatory work done if Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform the Work.

6.5 Owner's Property. All material and work covered by progress payments made shall, at the time of payment, become the sole property of the County. But this provision shall not be construed as:

a. Relieving the Contractor from the sole responsibility for all material and Work upon which payments have been made or the restoration of any damaged Work; or
b. Waiving the right of the County to require the fulfillment of all the terms of the Contract.

6.6 Approval and Certification. An estimate of the Work submitted shall be deemed approved and certified for payment after seven days from the date of submission unless before that time the County or the County's agent prepares and issues a specific written finding setting forth those items in detail in the estimate of the Work that are not approved for payment under this contract. The County may withhold an amount form the progress payment sufficient to pay the expenses the County reasonably expects to incur in correcting the deficiency set forth in the written finding. The progress payment shall be paid on or before thirty days after the estimate of the Work is certified and approved. The estimate of the Work shall be deemed received by the County on submission to any person designated by the County for the submission, review or approval of the estimate of Work.

6.7 Unpaid Amounts. The County shall pay all unpaid amounts due the Contractor under this Contract within thirty (30) days after;

a. Completion and acceptance of the Work;
b. Presentation of a properly executed invoice;
c. Presentation of a fully executed Certificate of Performance provided by the County; or
d. Consent of Contractor's surety, if any.

6.8 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

6.9 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

6.10 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

6.11 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

6.12 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

6.13 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

7. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

8. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

9. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

10. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder’s Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

11. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an

employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

12. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

13. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

14. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

15. CONTRACT ADMINISTRATION AND OPERATION.

15.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Brisna Canizalez	**Name:** Gustavo Nieves
Address: PO Box 1348 Florence, AZ 85132	**Address:** PO Box 1697 Maricopa, AZ 85139
Title: Procurement Officer	**Title:** Owner

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

15.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

15.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

15.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

15.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

15.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

15.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

15.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. However, failure of the county to list any item of Work shall not relieve the Contractor of responsibility for complying with the terms of this Contract. County possession or use shall not be deemed an acceptance of any Work under this contract.

While the County has such possession or use, Contractor shall be relived of the responsibility for the loss of or damage of the Work resulting from the County's possession or use. Notwithstanding the terms of subparagraph 15.2.a. If prior possession or use by the County delays the progress of the Work or causes additional expenses to the Contractor, an equitable adjustment shall be made in the Job Order price or the period of performance, and the Job Order shall be modified in writing accordingly.

c. Other Contracts. The County may undertake or award other Contracts for additional work at or near the site of Work under this contract. Contractor shall fully cooperate with the other Contractors and with the County's employees and shall carefully adapt scheduling and performing the Work under this contract to accommodate the additional work, heeding any direction that may be provided by the County. 17.1 Specifications and Drawings. Anything mentioned in the specifications and not shown in the drawings or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of differences between drawings and specifications, the drawings shall govern. In case of discrepancy either in the figures, in the drawings, or in the specifications, the matter shall be promptly submitted to the County, who shall promptly make a determination in writing. Any adjustment by Contractor without such a determination shall be at its own risk and expense. The County shall furnish from

time to time such detail drawings and other information as considered necessary, unless otherwise provided.

Contractor shall coordinate all shop drawings, and review them for accuracy, completeness and compliance with Contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the County without evidence of Contractor's approval may be returned for resubmission. The County will indicate its approval or disapproval of the shop drawings and if not approved as submitted shall indicate County's reason therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the County shall not relive Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of the Contract, except with respect to variations described and approved in accordance with §17.4 below.

17.4 Shop Drawing Modification. If shop drawings show variations from the Job Order requirements, Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If Owner approves any such variation, Owner shall issue an appropriate Contract modification, except that, if the variation is minor and does not involve a change in price or in time of performance, a modification need not be used.

17.5 Shop Drawing Omissions. Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relive Contractor from performing such omitted or misdescribed details of the Work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

17.6 Owner Furnished Drawings. Contractor shall check all County furnished drawings immediately upon receipt and shall promptly notify the County of any discrepancies. Any errors or omissions in the County furnished drawings are the responsibility of the County to rectify, including associated costs. Figure marked on drawings shall be followed in preference to scale measurements. Large scale drawings shall govern small scale drawings. Contractor shall compare all drawings and verify the figures before laying out the Work and will be responsible for any errors which might have been avoided thereby.

17.7 Shop Drawing Submittal. Contractor shall submit to the County for approval an appropriate number of copies of all shop drawings as called for under the various headings of these specifications. Sets of all shop drawings will be retained by the County and one set will be returned to the Contractor with annotation of

approval or rejection within one (1) week after submission, unless a longer review period is necessary by mutual agreement between the County and the Contractor.

17.8 Use of Job Order Documents. All drawings (to include as-built drawings), sketches, designs, design data, specifications, notebooks, technical and scientific data provided to Contractor or developed by Contractor pursuant to the contract and all photographs, negatives, reports, findings, recommendations, data and memoranda of every description relating thereto, as well as all copies of the foregoing relating to the Work or any part hereof, shall be the property of the County and may be sued by the County without any claim by the Contractor for additional compensation, unless such material developed by Contractor does not result in an issued Job Order. In such cases, Contractor will receive reasonable reimbursement for the development of such materials before the County uses them in any manner whatsoever. In addition, the County agrees to hold the Contractor harmless to the extent permitted by law from any legal liability arising out of the County's use of such material.

18. CONTRACT CHANGES.

18.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

18.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

18.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

19. JOB ORDER CHANGES.

19.3 Contract Adjustments. Except as provided in this section, no order, statement or conduct of the County shall be treated as a change under this section or entitle Contractor to an equitable adjustment hereunder.

19.4 Modification of the Job Order. If any change under this section causes an increase or decrease in Contractor's cost of or the time required for, the performance of any part of the Work under a Job Order, whether or not changed by any such order, the County shall negotiate an equitable adjustment and modify the Job Order in writing.

19.5 Contractor Proposals. Contractor must submit any proposal under this section within thirty (30) calendar days after:

a. Receipt of a written change order under §18.1 above; or
b. The furnishing of a written notice under § 18.2 above by submitting to the County a written statement describing the general nature and amount of the proposal, unless this period is extended by the County. The statement of proposal for adjustment may be included in the notice under §18.2 above.

19.6 Final Payment Limitation. No proposal from the Contractor for an equitable adjustment shall be allowed if asserted after final payment under the Job Order.

21.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

21.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against

claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor. The additional insured endorsement shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor, and shall insure the County to the full limits of liability purchased by the Contractor even if those limits of liability are in excess of the minimum limits required by this contract. Insurance purchased and maintained by the Contractor shall not be limited to the liability assumed under the indemnification and defense covenants of this contract.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902(E), and when such Contractor executes the appropriate sole proprietor waiver form.

(4) Professional Liability (Errors and Ommissions Liablity). Required for any scope of work that includes, architectural, engineering or design work services. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

(5) Builder's Risk Insurance. Required for any scope of work that includes building additions or ground up construction. Policy must be Special Causes of Loss coverage written on a replacement cost basis in a value equal to the initial Contract amount plus 10% for subsequent change orders. Pinal County, General and Subcontractors must be named insured on the policy. Policy must contain a waiver of subrogation in favor of Pinal County.

(6) Contractor's Pollution Liability. Required for any scope of work that includes testing or abatement of asbestos, mold remediation, septic systems. Coverage shall be for a minimum amounts of $1,000,000 per claim and $2,000,000 aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's General and Auto Liability policies, shall be primary and noncontributory with respect to any self insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or

be materially changed for any reason without thirty (30) days prior written notice to the County and the Owner(s).

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. Contractor shall be responsible for ensuring all tiers of Subcontractors have valid and collectable insurance stated in the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

21.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims

in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

21.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

21.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

21.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

22. WARRANTIES

22.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

22.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

22.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

22.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

22.5 Contractor's Guarantee. Contractor guarantees that the work shall remain in good order and repair and guarantee the material furnished under this Contract for a two-year period. Any defect in workmanship or materials arising during that period shall be repaired or removed and replaced, as determined necessary by Pinal, at Contractor's expense. If within ten (10) days after the mailing of a written notice by Pinal or its designated representative to Contractor, or its agent, requesting such repair or removal and replacement, Contractor shall neglect to perform the same with due diligence, Pinal may perform such repair or removal and replacement at Contractor's expense; provided, however, that in the case of emergency where, in the judgment of Pinal, delay would cause serious loss or damage, the repair or removal and replacement may be made without notice being sent to Contractor, and Contractor shall pay the cost thereof. Failure of Contractor to honor warranties in a cooperative and timely manner and to the satisfaction of Pinal shall result in the Contractor being omitted from bidding on future Pinal Projects. This paragraph shall survive the termination, cancellation, suspension or completion of this contract.

22.6 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.)

b. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

22.7 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

22.8 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

22.9 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

22.10 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with

all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

23. COUNTY'S CONTRACTUAL REMEDIES

23.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

23.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

23.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

23.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

23.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

24. CONTRACT TERMINATION

24.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

24.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the

procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

24.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

24.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

24.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

PINAL COUNTY

25. CONTRACT CLAIMS

25.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

25.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.
