PINAL COUNTY
WIDE OPEN OPPORTUNITY

APPLICATION FOR FIREWORKS DISPLAY

Return to: Clerk of the Board Office, P.O. Box 827, Florence, Arizona 85132 at least 30 days prior to the event date.

Arizona Revised Statutes §36-1603, Permit for public display. Every display shall be handled by a competent operator, and shall be of a character and located, discharged and fired so that it will not be hazardous to property or endanger any person. Before a permit is granted, the operator, location and handling of the display shall be approved, after investigation, by the fire chief of the city or town or the sheriff of the county as is appropriate. After a permit is granted, the sale, possession, use and distribution of fireworks for the display shall be lawful for that purpose only. No permit is transferable or assignable.

Further, A.R.S. §36-1604 requires that the governing body shall require each applicant to provide a satisfactory bond of not less than $500. In addition, the Pinal County Government also requires proof of liability insurance limits of not less than $3M per occurrence and $6M aggregate in the form of a certificate of liability insurance naming Pinal County and its departments, agencies, officers, officials, agents, employees and volunteers as Certificate Holder and Additional Insureds as respects to any and all damages which may be caused to persons or property by reason of the fireworks display. The Additional Insured Endorsement shall be attached to the certificate of insurance.

Complete the following application and return by hand-delivery to the Clerk of the Board of Supervisors 135 N. Pinal Street, Florence, Arizona 85132 **at least 30 days prior to the event date** or by mail to:

Clerk of the Board of Supervisors
PO Box 827
Florence, Arizona 85132

All applications must have the following documentation attached:

1. Proof of appropriate bond or insurance payable to Pinal County. (A.R.S. §36-1604)

2. Fireworks Display Site Map indicating the following:

- North direction
- Distance from firing area to impact/fallout area
- Spectator location
- Storage area
- Fire department access
- Hydrants
- Distance to structures
- Overhead lines

3. List of fireworks to be discharged. The Director of Display for the fireworks company is expected to be licensed and/or trained or have other verification of expertise.

4. Verification from local fire department that they were notified of event, date, location and time.

NOTE: The County's review of Fireworks Display Permits include investigation and reports from the Pinal County Sheriff's Office, Emergency Management, Risk Management, and Notification of the Local Fire District.

For more information and/or questions, please call the Clerk of Board of Supervisors at (520) 866-6068.

PINAL COUNTY
WIDE OPEN OPPORTUNITY

PINAL COUNTY APPLICATION FOR FIREWORKS DISPLAY

Return to: Clerk of the Board Office, P.O. Box 827, Florence, Arizona 85132 at least 30 days prior to the event date.

Application is hereby made for the granting of a permit to conduct a supervised fireworks display on **(DATE)** 04.13.2025 at **(TIME)** 9-10:30pm **(PLACE)** Country Thunder AZ located at **(ADDRESS)** 20585 E Water Way **(CITY)** Florence, Arizona **(ZIP)** 85132. Applicant states that Jason Wakefield [redacted] will be in charge of this display and responsible for the acts performed thereby; and Caroline Scalera/Strictly FX-permitting states that she/he is a qualified and competent person to direct this display in such a manner that will not be hazardous to property or endanger any person.

(DIRECTOR OF DISPLAY) Jason Wakefield/Crew Chief

(PERSON IN CHARGE OF PREMISES WHERE DISPLAY IS LOCATED) Blair Adams PGP Production

(PHONE NUMBER) [redacted]

NOTIFICATION OF LOCAL FIRE DISTRICT

Name of District: Florence Fire Station #1 Person Notified Chief Mitch Snyder

Date: 02.12.2025

OFFICIAL USE ONLY

APPROVAL OF FIREWORKS DISPLAY BY SHERIFF

I have investigated the premises described by the applicant and found them to be satisfactory and found him/her to be a competent operator.

1755

Pinal County Sheriff

PERMIT FOR FIREWORKS DISPLAY

The application of Bailey Zimmerman at Country Thunder having been filed with the undersigned Board of Supervisor, pursuant to Section 36-1603, Arizona Revised Statutes, 1956, together with proper bond as provided by law and same having been approved by the Sheriff.

Permission is therefore and hereby granted to Strictly FX-permitting to conduct a fireworks display at Country Thunder Arizona AND IN THE EVENT OF POSTPONEMENT OF SAID SHOW, said display be given not later than one week from date specified above.

Dated this ____Day of _____, 20___

ADDITIONAL INSURED – BLANKET

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
COMMERCIAL PROPERTY COVERAGE PART
PROFESSIONAL LIABILITY COVERAGE PART

It is hereby declared and agreed that the following entities are included as Additional Insured(s) hereunder:

1) Sponsor(s), promoter(s), organizer(s) (including other entities having similar interests), of insured pyrotechnic events and/or insured pyrotechnic premises;

2) Owner(s) of real property (or barges) at which insured pyrotechnic events are held and/or insured pyrotechnic premises are located;

3) Owner(s), manager(s), tenant(s), mortgagee(s) (including other entities having similar interests), of buildings, stadiums, arenas, stores and other similar facilities at which insured pyrotechnic events are held and/or insured pyrotechnic premises are located;

4) The licensing or permitting authority, or other authority having jurisdiction, issuing licenses/permits for insured pyrotechnic events and/or insured pyrotechnic premises;

5) Any duly licensed pyrotechnician acting either as a licensing cover for an insured pyrotechnic event or, alternatively, as an operator for a pyrotechnic event fired by the Named Insured;

6) Any other entity for which the Named Insured is contractually obligated to provide insurance such as is afforded by the terms of this policy;

but only if such entities are listed as additional insured(s) in a certificate of insurance issued under the terms of this endorsement and always subject to the limitations or conditions set out in such certificate of insurance.

The coverage afforded such Additional Insured(s) does not apply to injury or damage arising from the failure of any such Additional Insured to fulfill its obligations specified in its contract with the Named Insured.

CERTIFICATE OF INSURANCE

NO. 485044

We certify that insurance is afforded as stated below. This Certificate does not affirmatively or negatively amend, extend or alter the coverage afforded by the insurance policy and the insurance afforded is subject to all the terms, exclusions and conditions of the policy.

INSURER Admiral Insurance Company **POLICY NO.** [redacted]

NAMED INSURED Strictly FX, L.L.C.
[redacted]

POLICY TERM November 1, 2024 to November 1, 2025; Both Days 12:01 A.M. Standard Time

COVERAGE Commercial General Liability: ☒ Occurrence Basis ☐ Claims Made Basis

LIMIT OF LIABILITY $1,000,000 each occurrence, $2,000,000 general aggregate, $2,000,000 products/completed operations aggregate
The limit of liability shall not be increased by the inclusion of more than one insured or additional insured.

RESTRICTION This policy applies only to displays which comprise solely Class "C" Fireworks (Explosives Classification 1.4), pyrotechnics special effects (including indoor pyrotechnics), propane, open flame effects, lasers and other non-pyrotechnic special effects. Excluding the use of Class "B" fireworks (Explosives Classification 1.3).

INSURED OPERATIONS Public fireworks display and special effects contractor

It is certified that, if named below, this policy includes as Additional Insureds 1) the sponsor(s), promoter(s), organizer(s) (including other entities having similar interests), of insured pyrotechnic events and/or 2) the owner(s) of real property (or barges) at which insured pyrotechnic events are held and/or 3) the owner(s), manager(s), tenant(s), mortgagee(s) (including other entities having similar interests), of buildings, stadiums, arenas and similar facilities at which insured pyrotechnic events are held and/or 4) the licensing or permitting authority, or other authority having jurisdiction, issuing licenses/permits for insured pyrotechnic events and/or 5) any other entity for which the insurance is required to be afforded under written contract. Coverage applies only as respects the legal liability of such Additional Insured(s) for bodily injury and property damage caused by the operations of the Named Insured. The insurance afforded any Additional Insured does not include coverage for any bodily injury or property damage arising from the failure of such Additional Insured to fulfill its obligations specified in its contract with the Named Insured.

SAFETYPROCEDURES

To Whom It May Concern:

Following is a list of safety procedures we adhere to for each show.

- Type of device:Verify indoor/proximate use & performance specifications (NFPA 1126: 7.1, 7.2, 7.3, 7.4)
- Verify quantities, locations, and cueing of devices to be used
- Verify secure areas and methods for restricting unauthorized persons from entering.
- At least 4 extinguishers shall be readily available for use (with the manufacturer's instructions)
- Firefighting equipment as needed/required (NFPA 1126: 8.1.1.2)
- Existing on site-firefighting equipment/systems
- Separation from heat/flame sparks (NFPA 1126:5.3)
- No Smoking within 25ft (signage) (NFPA 1126: 8.5.5.1)
- Materials stored/handled neatly and orderly (NFPA 1126: 8.5.1)
- Storage of Pyrotechnic material and devices (NFPA 1126: 5.1)
- Anytime pyrotechnic material is stored within the facility, it must be stored in a Type 3 storage day box
- The mixing room shall be placarded
- A 2-1/2 gallon pressurized water fire extinguisher shall be located within 10 feet of the mixing room and the door shall be locked when unattended
- Verify operational/safety features and functions of firing systems (NFPA 1126: 8.3.2 & 8.3.3)
- Verify operator & spotters have clear view of effects and communications with operator (NFPA 1126: 8.3.5.1)
- Minimum 15 ft or 2X fallout radius (NFPA 1126: 8.4.1)
- Concussion mortars a minimum 25 ft in secured area (NFPA 1126: 8.4.2)
- Warning signal lights must be used to indicate the impending firing of a concussion special effect.
- The warning signal lights shall be located at least 25' from the concussion effect but within a distance to warn working personnel and other individuals of the impending concussion effect firing
- Trajectory of comets/mines not over audience (NFPA 1126: 8.2.10)
- Waterfall effect area free of flammable materials (NFPA 1126: 8.2.11)
- Grid rocket effects properly secured and terminated (NFPA 1126: 8.2.8.1)
- Airbursts over audience to be minimum height of 3 times the diameter of effect, and no sparks within 15 ft of floor (NFPA 1126: 8.2.13(1) & (2) & (3)
- Verify pyrotechnic plot with actual site dimensions/adjustments.

ABOUT US

Strictly FX is a live special effects company founded in 1996 by industry veterans Mark Grega and Ted Maccabee. The company was started on the principles of utmost client satisfaction and the creation of the most entertaining shows possible. Utilizing a full team of special effects designers and an in-house art department, we've captured numerous industry awards, including the Parnelli Pyro Company of the Year various times from 2007 through 2023.

With over 1000+ live shows performed a year, if you've been to a concert or caught a sporting event, there's a good chance you've seen some of our exciting work!

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WORLDWIDE COVERAGE

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

A. Amended Definition of Coverage Territory

The Definition of "coverage territory" shown in the Coverage Form is deleted in its entirety and replaced by the following:

"Coverage territory" means anywhere in the world except any location that is subject to trade or other economic sanctions or embargo by the United States of America, or where coverage is otherwise prohibited by the United States Office of Foreign Assets Control.

B. Suits Outside of the United States of America, Puerto Rico and Canada

If a "suit" is brought outside of the United States of America (including its territories and possessions), Puerto Rico or Canada, the following shall apply:

1. We will have the right but not the duty to defend the claim or "suit".
2. The insured will initiate a defense of the claim or "suit" in accordance with the following conditions:
   a. We retain the right to assume and control the investigation, adjustment or defense of any claim or "suit" at any time.
   b. In the event we do not exercise our right or are prevented from doing so because we are not licensed or permitted by law in the applicable jurisdiction to defend the insured, we will reimburse the insured under Supplementary Payments for any reasonable and necessary expenses incurred for the investigation of a claim or defense of a "suit" seeking damages to which this insurance applies, that we would have paid had we exercised our right to defend. No such expenses shall be paid by any insured without our prior written consent.

C. Payment of Sums Outside of the United States of America, Puerto Rico and Canada

1. If the insured becomes legally obligated to pay sums because of damages to which this insurance applies in a part of the "coverage territory" outside of the United States of America (including its territories and possessions), Puerto Rico or Canada, and we are prevented from paying such sums and associated expenses, if applicable, because we are not licensed or permitted by law in the applicable jurisdiction to pay such sums on the insured's behalf, we will reimburse the insured for such sums to the extent permitted by law.
2. The premium and all payments or reimbursements we make for damages because of judgments or settlements are payable when due in United States currency unless otherwise specified in the Declarations. If judgment is rendered, settlement is made or another element of sums paid for damages or expenses under Supplementary Payments is stated in a currency other than United States currency, then payment under this insurance shall be made in the currency stated in the Declarations at the prevailing rate of exchange as published on OANDA.com as of the date payment is made. In no event shall we pay more than the Limits of Insurance shown in the Declarations.

D. Coverage Disputes

1. Any disputes between you and us as to whether there is coverage under this insurance must be filed in the courts of the United States of America (including its territories and possessions), Puerto Rico or Canada.

E. Compulsory Coverage

The insured must fully maintain any coverage required by law, regulation or other governmental authority during the policy period, except for reduction of the aggregate limits due to payments of claims, judgments or settlements.

1. No Substitute for Compulsory Coverage

This insurance is not a substitute for any insurance coverage that is required by law, regulation or other governmental authority that is required to be in force to satisfy the legal requirements of a given jurisdiction.

2. Failure to Maintain Compulsory Coverage

Failure to maintain such coverage required by law, regulation or other governmental authority will not invalidate this insurance; however, this insurance will apply as if the coverage required by law, regulation or other governmental authority was in full effect.

F. Excess Coverage

SECTION IV - CONDITIONS - Paragraph 4. Other Insurance is amended to include the following:

Notwithstanding any other provision in this Policy to the contrary, if the insured becomes legally obligated to pay damages to which this insurance applies as determined in a claim made or "suit" brought outside of the United States of America (including its territories and possessions), Puerto Rico or Canada, then the amount we will pay for all damages and associated expenses under Supplementary Payments, if applicable, that are otherwise covered under this insurance is excess over:

1. Any other insurance, whether such insurance is written on a primary, excess, contingent or on any other basis, unless such insurance is specifically written as excess insurance over the Limits of Insurance shown in the Declarations;
2. Any self-insured retention or deductible provided by the insurance referenced in Paragraph **F.1.** above; and
3. Where the insured has failed to maintain the compulsory coverage required by law as referenced in Paragraph **E.** above, the limits of such insurance which should have been maintained had the insured satisfied the compulsory insurance requirements.

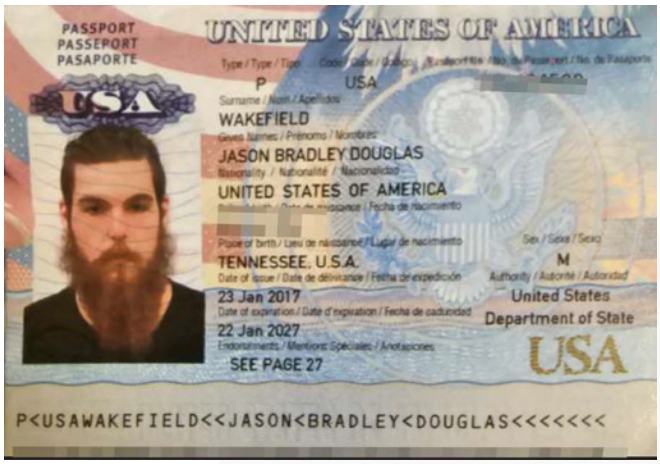

G. Additional Duties

The terms and conditions of this insurance are amended in accordance with the language of this endorsement. All terms and conditions of this insurance shall otherwise apply, including but not limited to the following:

1. The insured's duties in the event of an "occurrence", offense, claim or "suit" set forth in SECTION IV - CONDITIONS shall apply, except that we shall have the right but not the duty to investigate a claim or defend a "suit".
2. In no event shall the insured, except at the insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.
3. In no event shall the insured admit liability or settle any claim or "suit" without our consent.

FLAMECERTS

CERTIFIED FLAMEPROOFING CORP.

[redacted]

CERTIFIED FLAMEPROOFING.COM

CERTIFICATE OF FLAME RESISTANCE

Certificate Holder: **BEEZY TOURING INC.**
[redacted]

For: **Public Access Items as Listed**

Certificate Date: **March 22, 2024**
Expiration Date: **March 22, 2025**
Certificate Number: [redacted]

This is to certify that in accordance with NYC Fire Code 805 and NYC Fire Regulations 805-01, the following items were treated on the Certificate Date above with a fire retardant chemical approved with the NYC Fire Department. This chemical (Firetect's Fire-Poof) is NFPA 701 approved for use on the materials listed below:

Items:
2 White Carpets (Surface): 1 x (4'x40'), 1 x (8'x40').

Registry No: NYCFD Cert of Approval 5687

Any washing, cleaning or alteration of this material will void this certificate. I, Edward Fallon, am certified by the City of New York with a Fitness Certificate (C15) # 91189449 which expires on September 19, 2025.

Signed & Attested to

NEW YORK CITY AFFIDAVIT OF FLAME RETARDANCY

This document is to certify that, in accordance with the Rules of the Fire Department of the City of New York (as specified by Title 3 of the Rules of the City of New York), section §805-01, subsection (e), the material listed was tested and meets the requirements for use as a decoration in a place of public gathering.

In addition, this material has been registered with the NYC Fire Dept. and given the **Bureau of Fire Prevention Certificate of Approval #**

According to manufacturers' specifications, the fabric described below consists of **non-combustible materials**, making the fabric **inherently flame retardant** for the life of the fabric without the addition of topical flame retardant chemicals. Washing this fabric will not remove the non-combustible characteristics. With proper care and maintenance the fabric will remain flame retardant for its life.

The NYC Fire Department requires re-testing of the material **every three (3) years**, according to §805-01(d)(2)(C). Due to accumulation of air-borne dust and oils, the flame resistance can diminish over time. Annual testing is recommended.

I have field-tested the fabric described below. The fabric was field-tested using standard methods as set forth in §805-01 (c).

Purchaser's Name: Gallagher Staging, Nashville

Order Number: 47323

Location of Use: To be Determined

Date of Test and Affidavit: 01/08/2024

Materials: 14 Yards of White 15oz Encore, 100% Polyester as 4 Skirts

REGISTERED STATE OF CALIFORNIA STATE FIRE MARSHAL FLAME RETARDANT F-521.01

CERTIFICATE OF FLAME RETARDANCY

Certification is hereby made that: (only "a" or "b" as checked below applies)

☐ a) The manufacturer has certified that the fabric listed below has been treated with a flame retardant chemical and has been tested and complies with NFPA 701 (2010 version), Small Scale. The fabric is NOT registered as flame retardant with the State of California unless a CA Reg. No. is noted below:

CA Reg. No.:

The Flame Retardant Process Used WILL Be Removed By Washing. Accumulation of dust or repeated dry cleaning may also adversely affect the flame resistance of this fabric. Annual testing using the NFPA 705 Field Test is recommended.

☑ b) The manufacturer has certified that the fabric listed below has been manufactured using an inherently flame retardant fiber or durable flame retardant process and, therefore, is inherently or durably flame retardant for the life of the fabric and has been tested and complies with NFPA 701 (2010 version), Small Scale. The fabric is NOT registered as flame retardant with the State of California unless a CA Reg. No. is noted below:

Trade name for flame resistant fabric: Polyester
CA Reg. No.: F-521.01

The Flame Retardant Process Used WILL NOT Be Removed By A Single Washing, but may degrade over repeated cleanings. Accumulation of dust may adversely affect the flame resistance of this fabric. Annual testing using the NFPA 705 Field Test is recommended.

3.2 Mixture

Chemical characterization
Mixture of higher polyalcohols, AQUA BIDEST

Hazardous ingredients
None

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures

General information
In all cases, after cleaning, medical advice should be consulted as quickly as possible with the MSDS.
No other special measures required.

Inhalation
This product does not contain substances classified as dangerous for inhalation, however, in case of symptoms of intoxication remove the person affected from the exposure area and provide with fresh air. Consult medical advice if the symptoms get worse or persist.

Skin contact
In case of contact it is recommended to remove contaminated clothing and clean the affected area thoroughly with water and neutral soap. In case of modifications on the skin (stinging, redness, rashes, blisters,...), consult medical advice with the MSDS.

Eye contact
Rinse eyes thoroughly with lukewarm water for at least 15 minutes. Do not allow the person affected to rub or close their eyes. If the injured person uses contact lenses, these should be removed unless they are stuck to the eyes, as this could cause further damage. Consult medical advice with the MSDS.

Ingestion
In case of consumption, rinse out mount and then drink plenty of water.
Consult medical advice if the symptoms get worse or persist.

SECTION 5: FIREFIGHTING MEASURES

5.1 Extinguishing methods

Suitable extinguishing methods
Use firefighting measures that suit the environment.
Cool down containers exposed to fire by spraying them with water.

Unsuitable extinguishing media
None.

Advice for firefighters
None.

Particular risks:
Do not inhale or combustion gases.

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

See section 8.

6.2 Environmental precautions

Avoid spillage into an aqueous medium as it contains substances potentially dangerous for this.
Contain the product absorbed in hermetically sealed containers. In the case of serious spillage into an aqueous medium notify the relevant authority.

6.3 Methods and material for containment and cleaning up
It is recommended: Absorb the spillage using sand or inert absorbent and move it to a safe place. Do not absorb in sawdust or other combustible absorbents. For any concern related to disposal consult section 13.

6.4 Reference to other sections
Refer to Section 13 for disposal of product and contaminated materials.

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for safe handling

Precautions for safe manipulation
Comply with the current legislation concerning the prevention of industrial risks. Keep containers hermetically sealed. Control spills and residues, destroying them with safe methods (section 6). Avoid leakages from the container. Maintain order and cleanliness where dangerous products are used.

Technical recommendations for the prevention of fires and explosions
Product is non flammable under normal conditions of storage, manipulation and use. It is recommended to transfer at slow speeds to avoid the generation of electrostatic charges that can affect flammable products. Consult section 10 for information on conditions and materials that should be avoided.

Technical recommendations to prevent ergonomic and toxicological risks
Do not eat or drink during the process, washing hands afterwards with suitable cleaning products.

Technical recommendations to prevent environmental risks
It is recommended to have absorbent material available at close proximity to the product (See subsection 6.3)

7.2 Conditions for safe storage, including any incompatibilities

Technical measures for storage
There are no specific technical measures for storage.

General conditions for storage
Observe all local and national regulations for storage of water polluting products. Avoid sources of heat, radiation, static electricity and contact with food.

7.3 Specific end use(s)
Except for the instructions already specified it is not necessary to provide any special recommendation regarding the uses of this product.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

There is no control of exposure or personal protection required to use this product.
Remove contaminated clothing. Wash hands after work. Do not eat, drink or smoke during work.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

9.1 **Information on basic physical and chemical properties**

Physical state at 20 ºC:	Liquid
Appearance:	Clear, colourless
Odor:	Odourless
Boiling point:	> 100°C
Flashing point:	Not available
pH:	6 – 8
Density at 20°C:	1,02 g/cm³
Water solubility:	Completely miscible
Viscosity:	Low
Auto ignition temperature:	None

SECTION 10: STABILITY AND REACTIVITY

10.1 **Packaging**
Plastic containers.

10.2 **Dangerous reactions**
No dangerous reactions known.

10.3 **Chemical stability**
No decomposition if used according to specifications.

10.4 **Incompatible materials**
Strong oxidizing agents and alkaline materials

SECTION 11: TOXICOLOGICAL INFORMATION

The product is not classified as toxic.

SECTION 12: ECOLOGICAL INFORMATION

The product is not classified as harmful to the environment.
In accordance with OECD 301E / EEC 84/449 C3 biodegradable.

Water hazard class 1: slightly hazardous for water

SECTION 13: DISPOSAL CONSIDERATIONS

13.1 **Waste treatment methods**

Recommendation:	Disposal must be made according to official regulations.
European waste catalogue:	Waste disposal key numbers from EWC have to be assigned depending on origin and processing.

13.2 Uncleaned packaging

Recommendations: Disposal must be made according to official regulations.
Recommended cleaning: Water, if necessary with cleaning agent.

SECTION 14: TRANSPORT INFORMATION

This product is not regulated for transport (ADR/RID,IMDG,IATA, ICAO).

SECTION 15: REGULATORY INFORMATION

Labelling according to Regulation (EC) No 1272/2008

SECTION 16: OTHER INFORMATION

Abbreviations and acronyms:

- ADR: European agreement concerning the international carriage of dangerous goods by road
- IMDG: International maritime dangerous goods code
- IATA: International Air Transport Association
- ICAO: International Civil Aviation Organisation
- COD: Chemical Oxygen Demand
- BOD5: 5 day biochemical oxygen demand

Additional safety requirements:

- The product has to be deployed appropriately in its as delivered condition.
- The event site regulations as well as the corresponding legislation must be adhered to. Considering the range of vision and the desired effect, the smoke fluid can be dispensed into the air in measurements between 25 and a maximum of 80 mg/m3.
- It is particularly important to measure out the smoke fluid so as to ensure that all exits and emergency exits are still visible. This also goes for the illumination of escape routes, their markings, stairs, shafts, edges, etc.
- A range of vision of 25 m (maximum distance from the nearest exit according to event site regulations) must be maintained.
- Measure out the thickness of the smoke in the air so that the well being of the people in the room can be guaranteed.
- In order to avoid anxiety, the room where the smoke is being used should never be sealed. According to event site regulations, the operation and maintenance of technical equipment should only be dealt with by experienced and reliable adults.
- Every room where there is smoke must be supervised by trained personnel. Never drink or inhale the liquid and never apply it to your body.

- Keep out of the reach of children and store it in a place they cannot reach.

The information contained in this MSDS is based on sources, technical knowledge and current legislation at European and state level, without being able to guarantee its accuracy. This information cannot be considered a guarantee of the properties of the product, it is simply a description of the security requirements. The occupational methodology and conditions for users of this product are not within our awareness or control, and it is ultimately the responsibility of the user to take the necessary measures to obtain the legal requirements concerning the manipulation, storage, use and disposal of chemical products. The information on this security data sheet only refers to this product, which should not be used for needs other than those specified.
