AZ 300: Pinal County Temporary Food Permit Information

The food at the Arizona Monster 300 is for race participants and the aid station workers and is included as part of the event. We do not sell or give food to the public or non race participants. Excess food from the event is donated to a local food bank.

Food Source and Storage:

Food for the event is purchased from Sysco. Sysco delivers the food order to our HQ located in Patagonia, AZ. Food is delivered in a dual zone refrigerated semi trailer, the trailer is left at HQ for the length of the event. All food is stored in its original packaging in the refrigerated trailer until it is delivered to its location. Food is packed in coolers on ice in its original packaging for delivery.

Aid Stations which are open for multiple days have food delivered in stages to reduce cold food storage times at aid stations.

If a technician is dispatched to make repairs and it is determined that User or User's invitees caused the damage in question, User will be billed for the technician's services at a rate of **\$50 per hour plus materials**. Good Afternoon Superior Staff;

I have had a lengthy initial phone meeting with the race director who is Boulder, CO. We will talk again to dial in the details. We have discussed traffic, parking, race route and street closures, Panther Bridge trail detour, communications, medical, etc. They will have 300 plus participants. The planning process is on track for a race event this size.

NOTE: The race event is FRIDAY, APRIL 4 (Not Saturday) starting at BOX 8 Ranch.

I will have more details soon.
