

PINAL COUNTY

WIDE OPEN OPPORTUNITY

Proposition 202 Tribal Gaming Application Sponsorship/Support Form Requesting Pinal County serve as the Fiscal Agent/Pass Through Entity

Name of the Tribal Community: Ak-Chin Indian Community

Due date of the application to the Tribal community: July 15, 2025

The following information will be used by Pinal County to 1) send the resolution and grant documents for the applicant to submit to the Tribal community, 2) send the funds, if awarded.

Name of the Non-profit: Mammoth-San Manuel Unified School District

Contact person/title: Amy Stump, Grant Coordinator

Email address: stumpa@msmusd.org

Address: 711 McNab Pkwy, San Manuel, AZ 85631

Project name: Play Area Shade Improvements

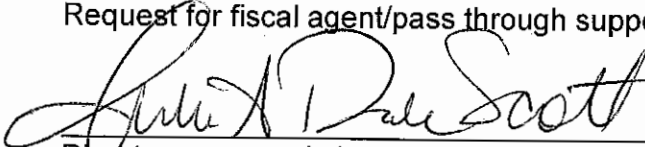

Amount being requested: \$171,049.74

Project summary: MSMUSD would like to expand the district health and wellness efforts for students by increasing the amount of time students can use outdoor areas through increasing the amount of shade structures.

Beneficiaries: PreK-12 Students that attend MSMUSD

Supervisor District: Jeffery McClure, District 4

The undersigns hereby certifies they have read and comply with the responsibilities set forth in the PINAL COUNTY TRIBAL GAMING GRANT PROGRAM
Request for fiscal agent/pass through support documentation.

Director name and signature

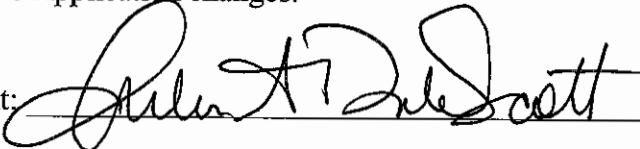

Julie Dale-Scott- District Superintendent

2025 Prop 202 – 12% Contribution Grant Application

Outline for Narrative

A. Purpose of Grant.

1. Project: Play Area Shade Improvements

Mammoth-San Manuel Unified School District (MSMUSD) would like to secure funding to enhance the physical environment of our campus by increasing the number of shaded areas. Our goal is to promote the health and wellness of students by improving access to outdoor spaces, which serve as important areas for congregation, relaxation, play, and educational activities. MSMUSD currently needs shade structures above playground areas and open spaces to increase the amount of time students spend in healthful outdoor activities.

Research indicates that exposure to natural environments contributes positively to mental health, social connections, and overall wellness. However, during the warmer months, the lack of shade can deter students from utilizing outdoor spaces, leading to decreased physical activity and social interaction. By providing more shaded areas, we can encourage students to spend more time outdoors, fostering a sense of community and enhancing their overall well-being.

Health promotion: Outdoor spaces play a crucial role in promoting physical activity among students. By providing shaded areas, we encourage students to engage in outdoor activities, which are vital for maintaining a healthy lifestyle. Additionally, shade covers will reduce exposure to harmful UV rays, thereby lowering the risk of skin cancer and heat-related illnesses. This aligns with health promotion objectives aimed at educating students about safe outdoor practices.

Wellness and Recreational Activities: The shaded areas can be utilized for various wellness programs, including physical education classes, team sports, informal play, outdoor spaces for educational projects, and recreational activities. These programs not only promote fitness but also foster teamwork and social interactions, essential for holistic student development. The installation of shade covers will enhance the usability of outdoor areas throughout the year, encouraging students to participate in recreational activities regardless of the weather. This can include organized sports, informal play, class activities, and community events. Engaging in recreational activities has been linked to improved student morale and academic performance, further emphasizing the importance of providing conducive environments for such activities.

Promoting Fitness and Educational Achievement: With increased shaded areas, students are more likely to participate in physical activities like running, playing ball games, or even group exercises. This directly supports our goals to enhance physical fitness levels in students. Active students are typically healthier and experience better concentration in academic settings, contributing positively to their overall educational experience.

Mental and Behavioral Health: Access to shaded outdoor areas can greatly benefit students' mental health by providing relaxing environments that promote positive mood and social interactions. Research indicates that outdoor activities can contribute to reduced anxiety and depression among youth. By fostering an environment conducive to both physical and mental wellness, we address behavioral health concerns and initiatives to support students' overall emotional well-being.

Ak-Chin Indian Community

2025 Prop 202 – 12% Contribution Grant Application

Outline for Narrative

The proposed installation of 4 shade covers at Mammoth-San Manuel Unified School District campuses is an essential step towards fulfilling our commitment to promoting health, wellness, and fitness activities for students. This project will create a safe, engaging, and supportive outdoor environment that enhances both the physical and mental health of our students. We believe that this funding will significantly contribute to the overall well-being of our school community.

2. MSMUSD currently serves approximately 540 students preK-12. It is anticipated that all students will have access to 1 or more of the shade structures. Our students are our targeted population. Our student population resides in the tri-community area of Mammoth, San Manuel, and Oracle Arizona.
 3. The objectives of the Play Area Shade Improvements Project are:
 - Increase shaded areas on campus to provide comfortable environments for students to gather, study, and engage in recreational activities.
 - Promote physical and social activity by encouraging the use of outdoor areas for exercise, group activities, educational projects, and events.
- Plan to meet goals:
- Shade structures completed by end of school year 2026
 - Establish revised activity/recess time for all grades to utilize the shaded areas July 2026
 - Monitor activity/recess time throughout the 2025-2026 school year to gauge the utilization of the areas since installation of shade structures.
4. Plan for implementation of the Play Area Shade Improvements Project:
 - January 2026 funds to be awarded
 - March 2026 begins construction of shade structures
 - Construction estimated end date June 2026 (if there are delays with ordering parts or permits, MSMUSD will begin construction July 2026 to be completed by December 2026)

B. Resources.

1. MSMUSD does not have a current funding source to complete the Play Area Shade Improvements Project.
2. American Dermatological Association provides sun safe curriculum for our elementary and pre-school classes.
3. The Play Area Shade Improvements Project is a new project.
Maintaining the shade structures once they are installed would be undertaken through our operations budget. After the initial 10-year warranty for the shade structures, we would fund maintenance of the structures through our annual operational budget.
4. MSMUSD has no pending requests for the Play Area Shade Improvements Project for the past 18 months. MSMUSD has no funded requests within the past 5 years from any tribal community.

C. Reporting & Accountability

1. iVisions (accounting system through the county education superintendent's office) will be used to be in compliance with state of Arizona's accounting manual (i.e. quotes, requisitions, SAM registration, inventory, and funds management). Person responsible: Amy Stump, Grant Coordinator.
2. Supervision of the construction of the shade structures (i.e. permits, orders for materials, supervision and scheduling of the installation by contractor, and monitoring for quality/warranty

Ak-Chin Indian Community
2025 Prop 202 – 12% Contribution Grant Application
Outline for Narrative

work) Person responsible: Ray Webber, Maintenance Supervisor, to report to district Superintendent, Julie Dale-Scott, and Grant Coordinator, Amy Stump, for reporting purposes.

3. Scheduling and monitoring of student utilization of shaded areas (i.e. activity/recess scheduling)
 Person Responsible: Amber Walden, Assistant Principal, to report to Grant Coordinator, Amy Stump, for reporting purposes.

D. Budget. Estimated expenditure of funds by June 30, 2026 (with no delays in permitting or supplies)

Item	Amount
Open Area Shade structure (Qty: 1) Custom fabric shade structure - 50' x 30' x 12' hip shade with (4) columns designed for bolt-down pier footers (Quote 18001)	\$68,802.01
Main Playground Shade structure #1 (Qty: 1) Custom fabric shade structure - 25' x 25' x 14' hip shade with (4) columns designed for bolt-down pier footers (Quote 18003)	\$35,753.72
Main Playground Shade Structure #2 (Qty: 1) Custom fabric shade structure - 39' x 28' x 14' hip shade with (4) columns designed for bolt-down pier footers (Quote 18004)	\$30,915.43
PreK Shade structure (Qty: 1) Custom fabric shade structure - 25' x 32' x 12' hip shade with (4) columns designed for bolt-down pier footers (Quote 17998)	\$35,578.58
Total	\$171,049.74

Executive Compensation

In your business or organization's preceding completed fiscal year, did your business or organization (the legal entity to which this specific SAM record, represented by a Unique Entity ID, belongs) receive both of the following: 1. 80 percent or more of your annual gross revenues in U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements and 2. \$25,000,000 or more in annual gross revenues from U.S. federal contracts, subcontracts, loans, grants, subgrants, and/or cooperative agreements?

No

Does the public have access to information about the compensation of the senior executives in your business or organization (the legal entity to which this specific SAM record, represented by a Unique Entity ID, belongs) through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986?

Not Selected

Proceedings Questions

Is your business or organization, as represented by the Unique Entity ID on this entity registration, responding to a Federal procurement opportunity that contains the provision at FAR 52.209-7, subject to the clause in FAR 52.209-9 in a current Federal contract, or applying for a Federal grant opportunity which contains the award term and condition described in 2 C.F.R. 200 Appendix XII?

Yes

Does your business or organization, as represented by the Unique Entity ID on this specific SAM record, have current active Federal contracts and/or grants with total value (including any exercised/unexercised options) greater than \$10,000,000?

No

Within the last five years, had the business or organization (represented by the Unique Entity ID on this specific SAM record) and/or any of its principals, in connection with the award to or performance by the business or organization of a Federal contract or grant, been the subject of a Federal or State (1) criminal proceeding resulting in a conviction or other acknowledgment of fault; (2) civil proceeding resulting in a finding of fault with a monetary fine, penalty, reimbursement, restitution, and/or damages greater than \$5,000, or other acknowledgment of fault; and/or (3) administrative proceeding resulting in a finding of fault with either a monetary fine or penalty greater than \$5,000 or reimbursement, restitution, or damages greater than \$100,000, or other acknowledgment of fault?
