# Featured Student Story

Participant enrolled in and loving his WEX!

He even learned how to drive and got his drivers license as he was so motivated to learn new skills made available during the WEX.

The supervisor is so much more than just a boss, he is also a great mentor. He is very dedicated to those he oversees. Just this week he took the WEX participant on a tour of a CAC campus, had him attend graduation, and is pushing him to see the possibilities ahead.
