

**MEMORANDUM CONCERNING THE REDISTRICTING OF THE PINAL COUNTY
COMMUNITY COLLEGE DISTRICT PRECINCT BOUNDARIES**

Legal counsel for the Pinal County Community College District recently inquired as to when and how the County's Community College District precinct boundaries will be updated in light of State and County redistricting. Pursuant to A.R.S. § 15-1441(A), the Pinal County Board of Supervisors is responsible for redefining the boundaries of the County's five community college district precincts to conform with election precinct changes. Historically, the five community college district precincts have mirrored the County's five Board of Supervisor districts. The Resolution accompanying this agenda item continues this practice by adjusting the community college district precincts so that they mirror the Board of Supervisor district boundaries that the Board of Supervisors adopted on March 2, 2022 and that go into full effect on June 30, 2022 at 12:01 A.M.
