## 2022 FIVE-YEAR TRANSPORTATION IMPROVEMENT & MAINTENANCE PROGRAM

The Pinal County Board of Supervisors (Board) proudly presents the 2022 Five-Year Transportation Improvement and Maintenance Program (TIMP) for Budget Years 2021-2022 through 2025-2026. The TIMP is Pinal County's near-term transportation plan that identifies potential funding and establishes a tentative schedule for planning, construction, and maintenance projects. It is fiscally constrained and updated annually with new projects added to the fifth year.

The Transportation Advisory Committee (TAC) is the Board appointed, ten member panel representing each of Pinal County's five supervisor districts. The TAC is charged with prioritizing transportation projects for the TIMP and recommending the draft TIMP to the Board. On February 23, 2021, the TAC met in an open public meeting and recommended approval of the 2022 TIMP for Budget Years 2021-2022 through 2025-2026.

In recognition of their significant contributions, we would like to thank the TAC officers and members for their service to Pinal County.

## 2022 FIVE-YEAR TRANSPORTATION IMPROVEMENT & MAINTENANCE PROGRAM

The TAC conducts three public meetings during the months of September, November, and February in Florence and considers public comments in developing recommendations to the Board. We encourage you to attend the meetings and offer comments on the TIMP and future transportation projects.

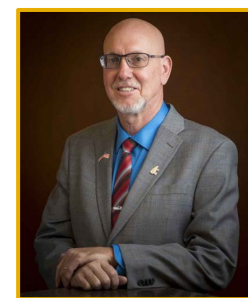

Meetings are held on Tuesdays at the Pinal County Administrative Complex and begin at 2:30 p.m. as follows:

Agendas and minutes are posted in compliance with Arizona’s Open Meeting Law and can be found on Pinal County’s website: <http://www.pinalcountyz.gov/PublicWorks/TransportationPlanning/Pages/TACSchedule.aspx>.

Funding for the TIMP is provided by revenues from the Pinal County Transportation Excise Tax, the half-cent sales tax, approved by voters in 2005. The sole purpose of the tax is to fund construction, maintenance, and roadside development projects throughout the county. Shopping and buying your gasoline locally ensure that quality transportation projects are planned and implemented countywide. With your support, we can continue building and improving the county’s transportation system.
