#### TO: PINAL COUNTY BOARD OF ADJUSTMENT AND APPEALS

MEETING DATE: March 23, 2023

CASE NUMBER: BA-027-22

CASE COORDINATOR: Glenn Bak

#### **Executive Summary:**

This case is a variance request by landowner/applicant Brad Schreiber and Lance Robinson agent/representative, to reduce the minimum lot size from 54,450 square feet (1.25 acres) to 50,530 square feet (1.16 ± acres). Lake in the Desert Estates Subdivision platted and recorded in 1961 in conformance with the 1954 Zoning Ordinance. In 1974, the Pinal County Zoning Ordinance (the "Zoning Ordinance") was amended to increase the minimum lot area for the General Rural (GR) zoning district from 0.275 acres (12,000 square feet) to 1.25 acres (54,450 square feet) across the County. The property is vacant and the lot remains non-conforming and currently un-buildable.

#### If This Request is approved:

This variance will allow applicant to develop his parcel in GR zone at its current platted size without additional variance requests.

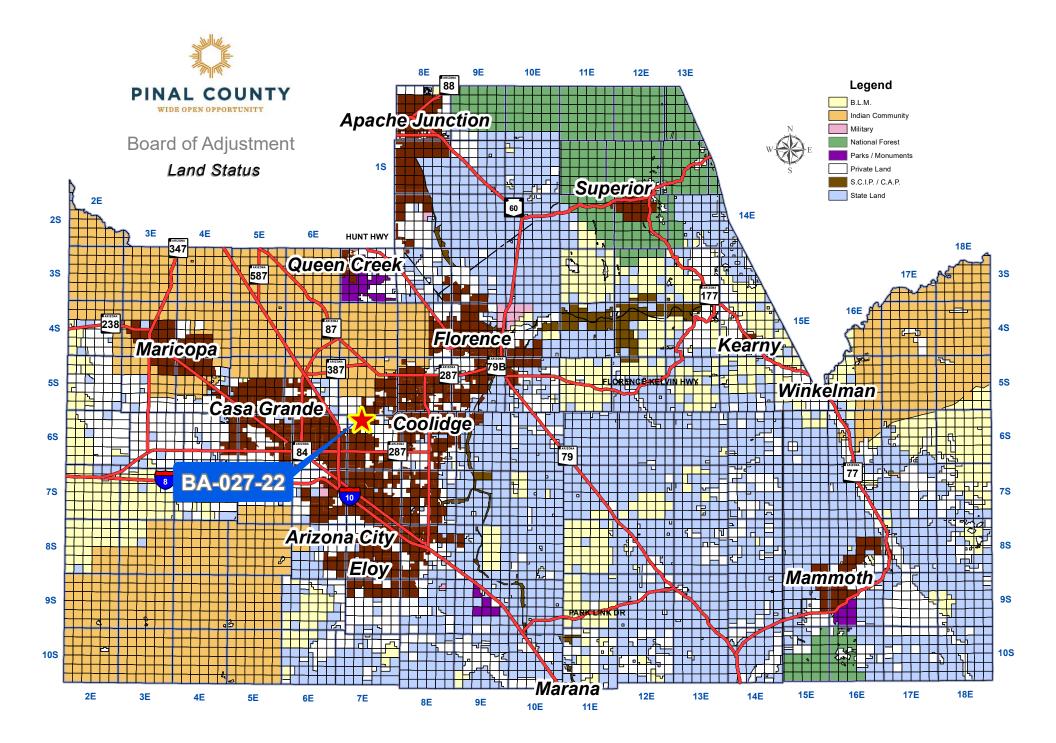

#### **Staff Recommendation/Issues for Consideration/Concern:**

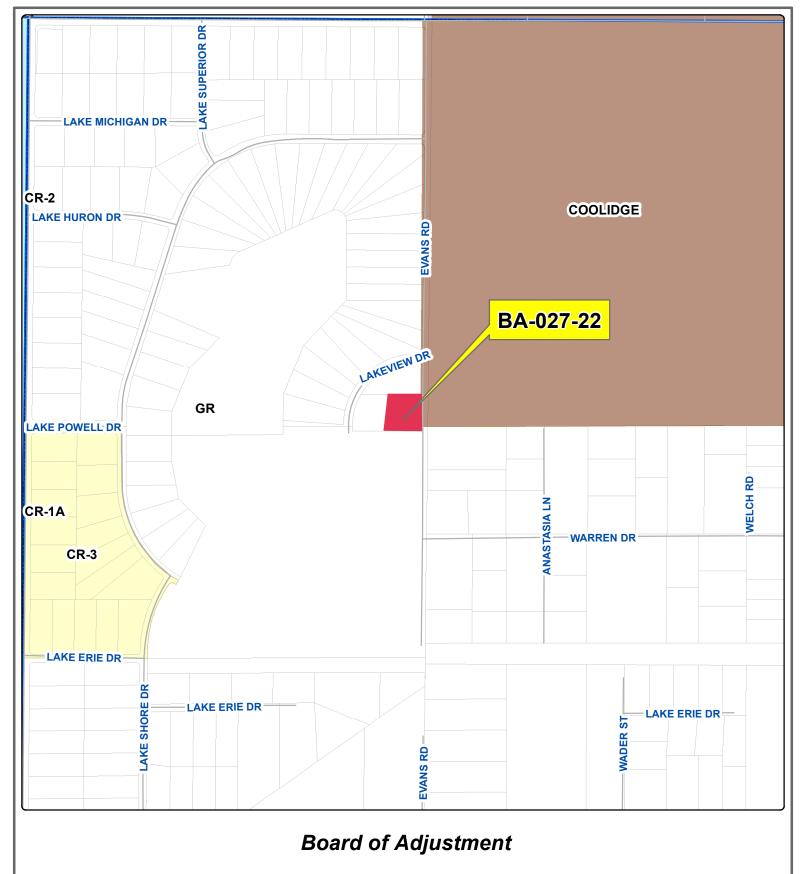

Staff offers a recommendation of approval with stipulations.

**BA-027-22: PUBLIC HEARING/ACTION:** Brad Schreiber, landowner/applicant, Lance Robinson agent/representative requesting a variance to Section 2.40.020 and Section 2.40.030 of the Pinal County Development Services Code (PCDSC), to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to  $50,530 \pm \text{square feet}$  (1.16  $\pm \text{acres}$ ) and applicable development standards to allow the construction of a manufactured home on a 1.16 acre parcel in the General Rural Zone (GR), described as Lot 95, Lake in the Desert Estates Subdivision recorded in Block 10 of Maps, page 20, Section 05, T 06S, R 07E, Tax Parcel 401-02-0950 (legal on file) located south of McCartney Rd and west of Evans Rd, in Pinal County.

**LEGAL DESCRIPTION:** Lake in the Desert Estates, lots 95 Tax parcel 401-02-0950, zoned GR, on a total of 1.16 ± acres located in Block 10 of Maps, page 20, Section 05, T 06S, R 07E G&SRB&M (located south of McCartney Rd and west of Evans Rd, in Pinal County.)

**TAX PARCELS:** 401-02-0950

LANDOWNER/APPLICANT: Brad Schreiber

**REQUESTED ACTION AND PURPOSE:** Requesting a variance to Section 2.40.020 and Section 2.40.030 of the PCDSC, to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to  $50,530 \pm \text{square}$  feet (1.16  $\pm \text{acres}$ ) and applicable development standards to allow the construction of a manufactured home on a 1.16 acre parcel.

**LOCATION:** The subject property is located south of McCartney Rd and west of Evans Rd, in Pinal County.

**SIZE:** 1.16 ± acres

**EXISTING ZONING AND LAND USE:** The property is zoned General Rural (GR) and the comprehensive plan designation is Moderate Low Density Residential (1-3.5 du/ac)

#### **SURROUNDING ZONING AND LAND USE:**

North: General Rural Zoning (GR) - Single-Family Residence

South: General Rural Zoning (GR) - Vacant

East: City of Coolidge - Vacant

West: General Rural Zoning (GR) - Vacant

**SITE DATA:** The site is essentially a square lot abutting Evans Rd. to the east. Terrain is level and there is little vegetation on the lot.

**HISTORY:** Lake in the Desert Estates was platted was approved in 1961. In 1974, the Zoning Ordinance was amended to increase the minimum lot area for the GR zoning district from 12,000 square feet (0.275 acres) to 54,450 square feet (1.25 acres). The subject parcel is non-conforming.

**ANALYSIS:** The subject property is located within the Moderate Low Density Residential designation (1-3.5 du/ac) of the Pinal County Comprehensive Plan. The proposed land use conforms to a 1 du/ac density.

To date, no comments have been received.

Staff's public participation and notification of the cases include:

THE APPLICANT MUST SATISFY THE BOARD OF ADJUSTMENT AND APPEALS THAT THIS REQUEST MEETS THE NECESSARY CRITERIA TO QUALIFY FOR A VARIANCE AS STATED IN SECTION 2.155.050.C

#### **EVIDENCE REQUIRED FOR VARIANCE:**

- a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.
- b. The special circumstances or conditions referred to in subsection (C)(4)(a) of this section are not self-imposed by the property owners within the subject area.
- c. The strict application of the regulations would work an unnecessary nonfinancial hardship.
- d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.
- e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.
- f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**FINDINGS:** Under Section 2.155.030.E of the Pinal County Development Service Code (Zoning Ordinance), the Board of Adjustment and Appeals shall hear and consider all evidence relating to the request and make findings as to the conformity of the request to the above Section.

THE BOARD OF ADJUSTMENT AND APPEALS shall consider the following criteria in conditionally approving or denying a variance.

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

**ANALYSIS:** The subdivision was created in 1961 through a subdivision plat. What is unique about this situation is that there are several properties within proximity to the subject site that do not meet the required 1.25 acre lot size and have permitted homes on their properties.

**FINDING:** There <u>does</u> appear to be special circumstances/conditions applicable to the property which do not prevail on other property in that zoning district.

b. That the special circumstances or conditions referred to in subsection (C) (4) (a) of this section are not self-imposed by the property owners within the subject area.

**ANALYSIS:** The "Hardship" must be related to the physical aspects of the land and not a personal or self-imposed hardship. Hardship in this was created at the time of adoption of the 1974 Zoning Ordinance, resulting in many of the lots within the Lake in the Desert Estates subdivision becoming undersized and non-conforming.

**FINDING:** The special circumstances referred to in subsection (C) (4) (a) are not self-imposed.

c. That the strict application of the regulations would work an unnecessary nonfinancial hardship.

**ANALYSIS:** The applicant intends to make site improvements and install a manufactured home. As per zoning requirements, the parcel size is non-conforming since 1974, rendering the property unusable

**FINDING:** The zoning ordinance in 1974 increased the minimum lot size for lots in the GR Zoning District to 1.25 acres.

d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** As mentioned earlier under section b, the 1954 zoning ordinance was amended by the County in 1974 to increase the minimum lot size for lots in the GR Zoning District, which makes the lot unbuildable. Not granting the variance would cause an "undue hardship." Undue hardship, means a problem created by some feature of the land rather than a misunderstanding of the zoning ordinance by the applicant.

**FINDING:** Staff finds that granting the variance does appear necessary for the preservation and enjoyment of substantial existing property rights of the landowner.

e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

**ANALYSIS:** The subject property is approximately 50,530 square feet (1.16± acres) in size. The lot size is consistent with other properties in the area, and if approved with the attached stipulations the present residential use would have to be in compliance with all applicable construction codes. Staff has included stipulations that outline development standards that would be consistent with other development in the area and lots of this size.

**FINDING:** The granting of this variance will not affect the health or safety of persons residing or working within the subject area and adjacent properties, and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**ANALYSIS:** Single family residential is an allowed use in the GR zone.

**FINDING:** Granting of the variance will not allow a use that is not permitted in the zone district where the property is located.

**STAFF SUMMARY AND RECOMMENDATION:** All submittals, evidence presented, written documentation, public testimony, and Planning Case Staff Report (BA-027-22) are considered part of the record in this variance case. If the Board of Adjustments and Appeals can find sufficient evidence based upon the record, staff recommends the Board adopt the staff report and record as presented and approve the requested variance with the following recommended motion. If the Board cannot find sufficient evidence to approve the request, Staff suggests denying the request with the following motion.

#### **BOARD MOTION**

#### **Staff Recommendation to Approve:**

\*\*(Staff recommends please cite a minimum of three findings)

#### \*\*\*(Suggested finding)

I move to approve case BA-027-22, Section 2.40.020 and Section 2.40.030 of the PCDSC, to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to 50,530  $\pm$  square feet (1.16  $\pm$  acres) and applicable development standards to allow the construction of a manufactured home on a 1.16 acre parcel in the General Rural Zone (GR), also to approve findings (s) (please cite a minimum of three findings in a-f) as set forth in the staff report. Subject to the following:

- 3. Development Standards for the parcel shall be as follows:
  - A. Minimum lot area: 43,560 square feet (one acre)
  - B. Minimum lot width: 100 feet.C. Minimum front setback: 30 feet
  - D. Minimum side setback: Ten feet each
  - E. Minimum rear setback: 40 feet
  - F. Maximum height: 30 feet
  - G. Detached Accessory Buildings.
    - 1. Permitted Coverage: 33 % of the total lot area
    - 2. Maximum height:
      - a. 20 feet;
      - b. 25 feet when located in the main building buildable area;
    - 3. Minimum distance to the main building: 7 feet
    - 4. Minimum distance to the front lot line: 40 feet
    - 5. Minimum distance to side and rear lot lines: 4 feet if not used to house poultry or small animals; 15 feet to side and rear lot lines if used to house poultry or similar small animals; 30 feet to side and rear lot lines if used to house livestock; and
    - 6. A structure having a roof supported by columns, open on all sides, not enclosed in any manner, and used exclusively for the shading of livestock, feed or agricultural equipment and not used for housing livestock in any manner, shall not be considered a building and shall have a setback of 15 feet from side and rear lot lines.

#### To Deny:

I move to deny the variance case BA-027-22, a variance to Section 2.40.020(B) and Section 2.40.030(D) of the PCDSC, findings(s)/special circumstances referred to in the subsection (C)(4)(a) of 2.155.040 in PCDSC are self-imposed.

**DATE PREPARED: 3/2/2023 - GB** 

**REVISED:**

Hello. This email will be followed up by a letter sent through postal service. My name is Kelli Larkspur, phone 520-424-6182, address 6433 W Warren Dr., Casa Grande, AZ 85194. Parcel # 4010110007. This is in response to a request for variance relating to sections 2.40.020 and 2.40.030 at Warren and Evans in unincorporated Pinal Co. I can't attend the hearing but I would like to add my opinion that anything that reduces allowable lot size and increases population density is against what I want for our community.

## TO: PINAL COUNTY BOARD OF ADJUSTMENT AND APPEALS

MEETING DATE: March 23, 2023

CASE NUMBER: BA-028-22

CASE COORDINATOR: Glenn Bak

## **Executive Summary:**

This case is a variance request by landowner/applicant Jill Davis, Lance Robinson agent/representative, to reduce the minimum lot size from 54,450 square feet (1.25 acres) to 43,124 square feet (.99 ± acres). Lake in the Desert Estates Subdivision platted and recorded in 1961 in conformance with the 1954 Zoning Ordinance. In 1974, the Pinal County Zoning Ordinance (the "Zoning Ordinance") was amended to increase the minimum lot area for the General Rural (GR) zoning district from 0.275 acres (12,000 square feet) to 1.25 acres (54,450 square feet) across the County. The property is vacant and the lot remains non-conforming and currently un-buildable.

### If This Request is approved:

This variance will allow applicant to develop his parcel in GR zone at its current platted size without additional variance requests.

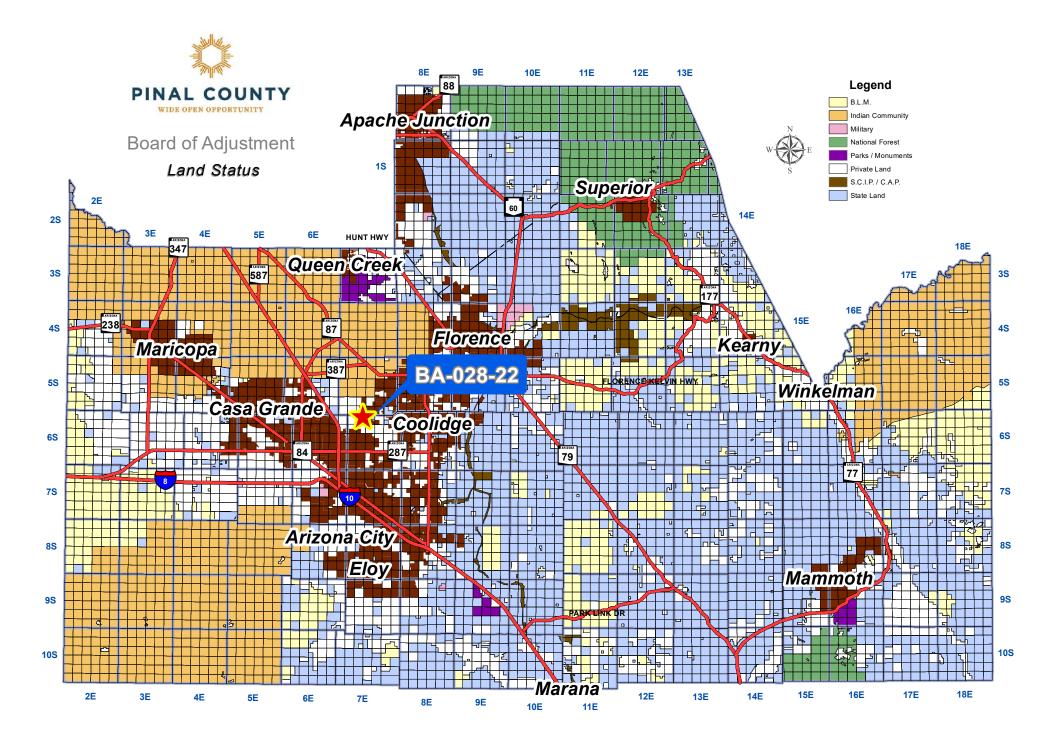

### **Staff Recommendation/Issues for Consideration/Concern:**

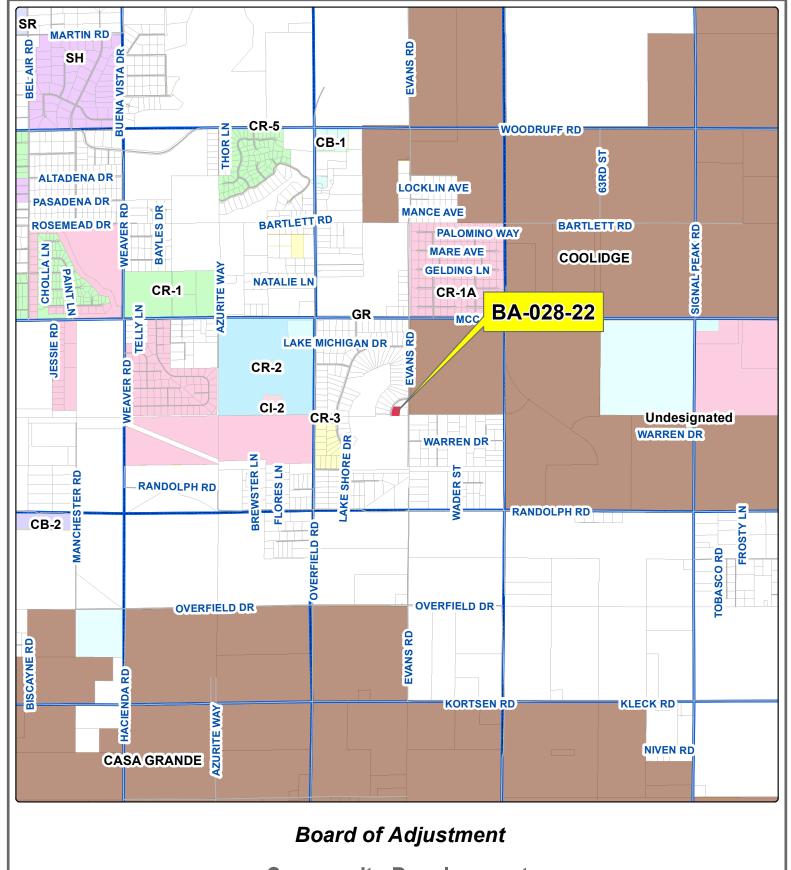

Staff offers a recommendation of approval with stipulations.

**BA-028-22: PUBLIC HEARING/ACTION:** Jill Davis, landowner and applicant, Lance Robinson agent/representative, requesting a variance to Section 2.40.020 and Section 2.40.030 of the Pinal County Development Services Code (PCDSC), to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to 43,124 ± square feet (.99 ± acres) and applicable development standards to allow the construction of a manufactured home on a .99 acre parcel in the General Rural Zone (GR), described as Lot 93, Lake in the Desert Estates Subdivision recorded in Block 10 of Maps, page 20, Section 05, T 06S, R 07E, Tax Parcel 401-02-0930 (legal on file) located south of McCartney Rd and west of Evans Rd, in Pinal County.

**LEGAL DESCRIPTION:** Lake in the Desert Estates, lots 93 Tax parcel 401-02-0930, zoned GR, on a total of .99 ± acres located in Block 10 of Maps, page 20, Section 05, T 06S, R 07E G&SRB&M (located south of McCartney Rd and west of Evans Rd, in Pinal County.)

LANDOWNER/APPLICANT: Jill Davis

**REQUESTED ACTION AND PURPOSE:** Requesting a variance to Section 2.40.020 and Section 2.40.030 of the PCDSC, to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to  $43,124 \pm \text{square feet}$  (.99  $\pm \text{ acres}$ ) and applicable development standards to allow the construction of a manufactured home on a .99 acre parcel.

**LOCATION:** The subject property is located south of McCartney Rd and west of Evans Rd, in Pinal County.

**SIZE:** .99 ± acres

**EXISTING ZONING AND LAND USE:** The property is zoned General Rural (GR) and the comprehensive plan designation is Moderate Low Density Residential (1-3.5 du/ac)

### **SURROUNDING ZONING AND LAND USE:**

North: General Rural Zoning (GR) - Single-Family Residence

South: General Rural Zoning (GR) - Vacant

East: City of Coolidge - Vacant

West: General Rural Zoning (GR) - Vacant

**SITE DATA:** The site is essentially a square lot. Terrain is level and there is little vegetation on the lot.

**HISTORY:** Lake in the Desert Estates was platted was approved in 1961. In 1974, the Zoning Ordinance was amended to increase the minimum lot area for the GR zoning district from 12,000 square feet (0.275 acres) to 54,450 square feet (1.25 acres). The subject parcel is non-conforming.

**ANALYSIS:** The subject property is located within the Moderate Low Density Residential designation of the Pinal County Comprehensive Plan. The proposed land use conforms to the plan.

THE APPLICANT MUST SATISFY THE BOARD OF ADJUSTMENT AND APPEALS THAT THIS REQUEST MEETS THE NECESSARY CRITERIA TO QUALIFY FOR A VARIANCE AS STATED IN SECTION 2.155.050.C

### **EVIDENCE REQUIRED FOR VARIANCE:**

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

- b. The special circumstances or conditions referred to in subsection (C)(4)(a) of this section are not self-imposed by the property owners within the subject area.
- c. The strict application of the regulations would work an unnecessary nonfinancial hardship.
- d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.
- e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.
- f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**FINDINGS:** Under Section 2.155.030.E of the Pinal County Development Service Code (Zoning Ordinance), the Board of Adjustment and Appeals shall hear and consider all evidence relating to the request and make findings as to the conformity of the request to the above Section.

THE BOARD OF ADJUSTMENT AND APPEALS shall consider the following criteria in conditionally approving or denying a variance.

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

**ANALYSIS:** The property was created in 1961 through a subdivision plat. What is unique about this situation is that there are several properties within proximity to the subject site that do not meet the required 1.25 acre lot size and have permitted homes on their properties.

**FINDING:** There <u>does</u> appear to be special circumstances/conditions applicable to the property which do not prevail on other property in that zoning district.

b. That the special circumstances or conditions referred to in subsection (C) (4) (a) of this section are not self-imposed by the property owners within the subject area.

**ANALYSIS:** Staff notes the Pinal County Board of Adjustment is authorized to grant a variance of regulations where it finds that absolute conformance to the regulations in an established zone would present an unnecessary hardship on the applicant. The "Hardship" must be related to the physical aspects of the land and not a personal or self-imposed hardship. Hardship in this was created at the time of adoption of the 1974 Zoning Ordinance, resulting in many of the lots within the Lake in the Desert Estates subdivision becoming undersized and non-conforming.

**FINDING:** The special circumstances referred to in subsection (C) (4) (a) are not self-imposed.

c. That the strict application of the regulations would work an unnecessary nonfinancial hardship.

**ANALYSIS:** The applicant intends to make site improvements and install a manufactured home. As per zoning requirements, the parcel size is non-conforming since 1974, rendering the property unusable

**FINDING:** The zoning ordinance in 1974 increased the minimum lot size for lots in the GR Zoning District to 1.25 acres.

d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** As mentioned earlier under section b, the 1954 zoning ordinance was amended by the County in 1974 to increase the minimum lot size for lots in the GR Zoning District, which makes the lot unbuildable. Not granting the variance would cause an "undue hardship." Undue hardship, means a problem created by some feature of the land rather than a misunderstanding of the zoning ordinance by the applicant.

**FINDING:** Staff finds that granting the variance does appear necessary for the preservation and enjoyment of substantial existing property rights of the landowner.

e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

**ANALYSIS:** The subject property is approximately 43,124 square feet ( $.99 \pm acres$ ) in size. The lot size is consistent with other properties in the area, and if approved with the attached stipulations the present residential use would have to be in compliance with all applicable construction codes. Staff has included stipulations that outline development standards that would be consistent with other development in the area and lots of this size.

**FINDING:** The granting of this variance will not affect the health or safety of persons residing or working within the subject area and adjacent properties, and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**ANALYSIS:** Single family residential is an allowed use in the GR zone.

**FINDING:** Granting of the variance will not allow a use that is not permitted in the zone district where the property is located.

**STAFF SUMMARY AND RECOMMENDATION:** All submittals, evidence presented, written documentation, public testimony, and Planning Case Staff Report (BA-028-22) are considered part of the record in this variance case. If the Board of Adjustments and Appeals can find sufficient evidence based upon the record, staff recommends the Board adopt the staff report and record as presented and approve the requested variance with the following recommended motion. If the Board cannot find sufficient evidence to approve the request, Staff suggests denying the request with the following motion.

### **BOARD MOTION**

### **Staff Recommendation to Approve:**

\*\*(Staff recommends please cite a minimum of three findings)

## \*\*\*(Suggested finding)

I move to approve case BA-028-22, Section 2.40.020 and Section 2.40.030 of the PCDSC, to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 ac) to 43,124  $\pm$  square feet (.99  $\pm$  acres) and applicable development standards to allow the construction of a manufactured home on a .99 acre parcel in the General Rural Zone (GR), also to approve findings (s) (please cite a minimum of three findings in a-f) as set forth in the staff report. Subject to the following 2 stipulations:

- 1. Development Standards for the parcel shall be as follows:
  - A. Minimum lot area: 43,560 square feet (one acre)
  - B. Minimum lot width: 100 feet.C. Minimum front setback: 30 feet
  - D. Minimum side setback: Ten feet each
  - E. Minimum rear setback: 40 feet
  - F. Maximum height: 30 feet
  - G. Detached Accessory Buildings.
    - 1. Permitted Coverage: 33 % of the total lot area
    - 2. Maximum height:
      - a. 20 feet;
      - b. 25 feet when located in the main building buildable area;
    - 3. Minimum distance to the main building: 7 feet
    - 4. Minimum distance to the front lot line: 40 feet
    - 5. Minimum distance to side and rear lot lines: 4 feet if not used to house poultry or small animals; 15 feet to side and rear lot lines if used to house poultry or similar small animals; 30 feet to side and rear lot lines if used to house livestock; and
    - 6. A structure having a roof supported by columns, open on all sides, not enclosed in any manner, and used exclusively for the shading of livestock, feed or agricultural equipment and not used for housing livestock in any manner, shall not be considered a building and shall have a setback of 15 feet from side and rear lot lines.
- 2. All State and County regulations shall be adhered to and all required approvals, plans, submittal documents and permits be submitted and obtained, including but not limited to, planning clearance, building, sewage disposal, right-of-way use permit, handling and disposal of waste water, air quality permit, security lighting, fire protection, etc.

### To Deny:

I move to deny the variance case BA-028-22, a variance to Section 2.40.020(B) and Section 2.40.030(D)of the PCDSC, findings(s)/special circumstances referred to in the subsection (C)(4)(a) of 2.155.040 in PCDSC are self-imposed.

Hello. This email will be followed up by a letter sent through postal service. My name is Kelli Larkspur, phone 520-424-6182, address 6433 W Warren Dr., Casa Grande, AZ 85194. Parcel # 4010110007. This is in response to a request for variance relating to sections 2.40.020 and 2.40.030 at Warren and Evans in unincorporated Pinal Co. I can't attend the hearing but I would like to add my opinion that anything that reduces allowable lot size and increases population density is against what I want for our community.

### TO: PINAL COUNTY BOARD OF ADJUSTMENT AND APPEALS

MEETING DATE: MARCH 23, 2023

CASE NUMBER: BA-042-22

CASE COORDINATOR: RYAN GREEN

#### **Executive Summary:**

This case is for a reduction in the rear setback requirements from 40 feet to 18 feet in the CR-1A zone to allow the extension of the primary residence to accommodate healthcare arraignments for a resident that needs the entire house to be wheelchair accessible.

### **If This Request is approved:**

This reduction in the minimum rear setback requirements will allow building an extension to the existing residence in the CR-1A zone.

### **Staff Recommendation/Issues for Consideration/Concern:**

Staff offers a recommendation of approval.

**BA-042-22** – **PUBLIC HEARING/ACTION:** Grady McEachern & Wendy Davis, landowner/applicant, requesting a variance to **Section 2.55.020 (G)** of the PCDSC, to reduce the rear setback requirement from 40 feet to 18 feet to allow an expansion to an existing dwelling, 100-16-029C (legal on file) in the CR-1A single family zone, situated in Section 12, Township 01 North, Range 08 East G&SR B&M, located east of north Val Vista Rd and south of east Reavis St near Apache Junction.

**LEGAL DESCRIPTION:** W1/2 NE SW SE NW & E1/2 NW SW SE NW OF SEC 12-1N-8E

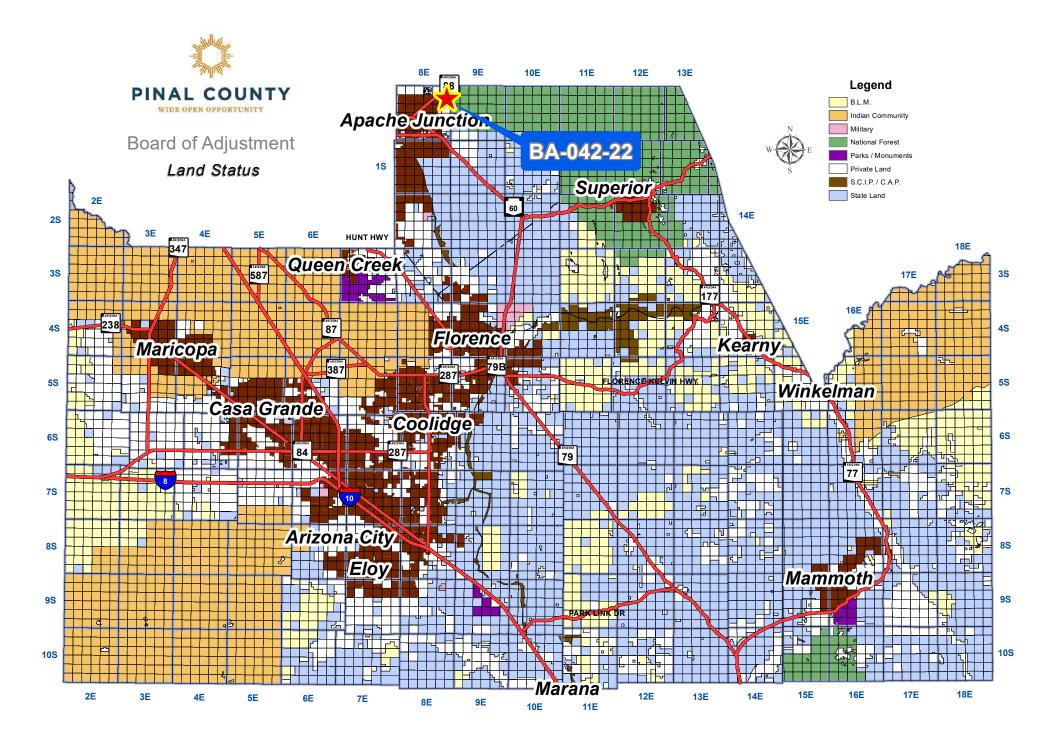

**TAX PARCEL:** 100-16-029C

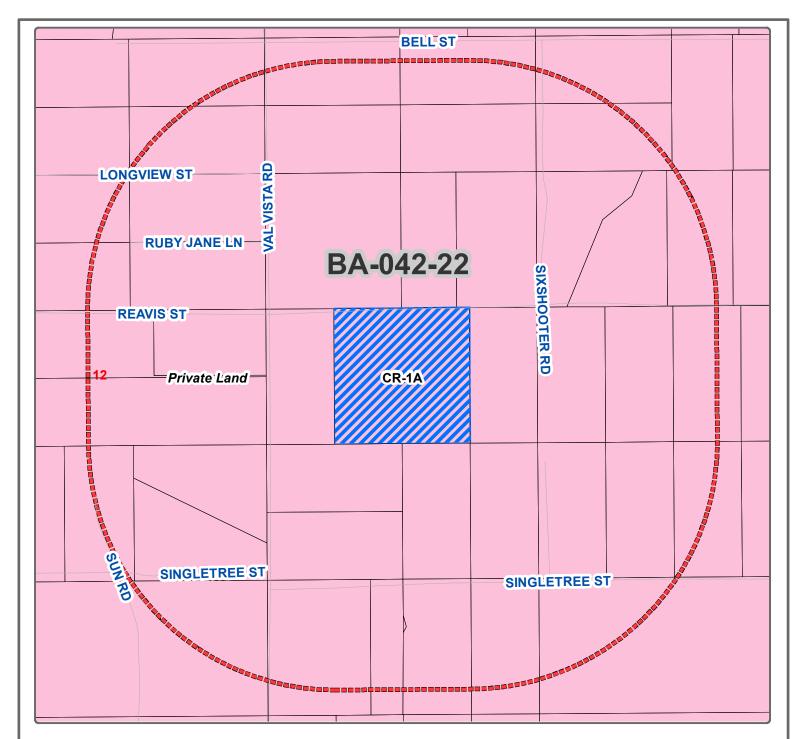

LANDOWNER/APPLICANT: Grady McEachern & Wendy Davis, landowners/applicants

**REQUESTED ACTION AND PURPOSE:** Requesting a variance to **Section 2.50.020 (G)** to modify the rear setback in the CR-1A Single Family, to allow permitting of an extension of the existing dwelling.

**LOCATION:** The subject property is located east of north Val Vista Rd and south of east Reavis St near Apache Junction.

**SIZE:** 108,900 square feet (2.5 acres)

### **Board of Adjustment**

BA-042-22 – PUBLIC HEARING/ACTION: Grady McEachern & Wendy Davis, landowner/applicant, requesting a variance to Section 2.55.020 of the PCDSC, to allow an expansion to an existing dwelling, 100-16-029C (legal on file) in the single family zone (CR-1A) Zone, situated in Section 12, Township 01 North, Range 08 East G&SR B&M, located west of north Val Vista Rd and south of east Reavis St near Apache Junction.

**EXISTING ZONING AND LAND USE:** CR-1A Single Family. The property has an existing single family residence.

#### **SURROUNDING ZONING AND LAND USE:**

North: Single Family (CR-1A) Zoning. Residential South: Single Family (CR-1A) Zoning. Residential East: Single Family (CR-1A) Zoning. Residential West: Single Family (CR-1A) Zoning. Residential

**SITE DATA:** Flood zone X, area of minimal flood hazard.

**HISTORY:** When the county established a zoning ordinance in 1954, the site was zoned residential and placed into one of the three categories of A, B, or C, staff is unable to determine which exact zone the site placed in. In the 1962 zoning ordinance, most of the residential property was rezoned as GR, including the site. According to state records, the house was built in 1967. Then, the CR-1A zoning category was created in the 1982 zoning ordinance update and the site was rezoned CR-1A in 1983 in case PZ-C-055-83. The site was part of an original five acre parcel that was combined with the adjacent east and west parcels. County records show the split on this property was performed in 1990, before the current Minor Land Division Ordinance was in place.

ANALYSIS: The subject property is located within the Very Low Density Residential designation (0-1 du/ac) of the Pinal County Comprehensive Plan.

To date, no public comments have been received.

THE APPLICANT MUST SATISFY THE BOARD OF ADJUSTMENT AND APPEALS THAT THIS REQUEST MEETS THE NECESSARY CRITERIA TO QUALIFY FOR A VARIANCE AS STATED IN SECTION 2.155.050.C

#### **EVIDENCE REQUIRED FOR VARIANCE:**

- a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.
- b. The special circumstances or conditions referred to in (a) are not self-imposed by the property owners within the subject area.
- c. The strict application of the regulations would work an unnecessary nonfinancial hardship.
- d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

- e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.
- f. The variance does not allow a use that is not permitted in the zoning district where the property is located.

**FINDINGS:** Under Section 2.155.030.E of the Pinal County Development Service Code (Zoning Ordinance), the Board of Adjustment and Appeals shall hear and consider all evidence relating to the request and make findings as to the conformity of the request to the above Section.

THE BOARD OF ADJUSTMENT AND APPEALS shall consider the following criteria in conditionally approving or denying a variance.

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

**ANALYSIS:** The house was built in 1967 while the site was zoned General Rural, and before the CR-1A zoning category was applied to the site.

**FINDING:** There <u>does</u> appear to be special circumstances/conditions applicable to the property that do not prevail on other properties in that zoning district.

b. That the special circumstances or conditions referred to in subsection (a) of this section are not self-imposed by the property owners within the subject area.

**ANALYSIS:** The county initiated a rezone to the site in case PZ-C-055-83. This case changed the site from GR to CR-1A, thus changing the site requirements.

**FINDING:** The special circumstances are not self-imposed.

c. That the strict application of the regulations would work an unnecessary nonfinancial hardship.

ANALYSIS: The strict application of the regulations would not allow for the permitting of an

extension of the existing residence to aid in the healthcare for one of the residents. The county has already begun the permitting process and has allowed the applicant to begin construction.

**FINDING:** Staff finds that the strict application of the regulations would cause an unnecessary nonfinancial hardship.

d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** Permitting the extension of the home will allow for adequate "in home" healthcare for one of the residents.

**FINDING:** Staff finds that granting the variance is necessary for the preservation and enjoyment of substantial existing property rights of the landowner.

e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

**ANALYSIS:** This variance is only to extend the current residence into the rear setback while not encroaching on the land of neighbors by maintaining a new rear setback of 18 feet.

**FINDING:** The granting of this variance will not affect the health or safety of persons residing or working within the subject area, adjacent properties, and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance does not allow a use that is not permitted in the zoning district where the property is located.

**ANALYSIS:** Single-family homes are a permitted use in the CR-1A zone.

**FINDING:** Granting of the variance will only allow permitted uses.

#### STAFF SUMMARY AND RECOMMENDATION: Factors considered for staff's recommendation are:

- The house was built in 1967
- The county created the CR-1A zone in 1982 and rezoned the site in 1983
- The request to extend the house to improve in house health care
- Hardship, preservation, and enjoyment of substantial existing property rights by the owners

All submittals, presented evidence, written documentation, public testimony, and Planning Case Staff Report (BA-042-22), are considered part of the record in this variance case. If the Board of Adjustments and Appeals can find sufficient evidence based upon the record, staff recommends the Board adopt the staff report, record as presented, and approve the requested variance with the following recommended motion. If the Board cannot find sufficient evidence to approve the request, staff suggests approving the request with the following motion.

#### **BOARD MOTION**

#### **Staff Recommendation to Approve:**

\*\*\* (Suggested finding)

I move to approve case BA-042-22, a variance to Section **2.55.020 (G)** of the PCDSC, to allow building an extension to the existing residence in the CR-1A zone, based on the following conditions (please cite a minimum of three findings in a-f):

1. All State and County regulations shall be adhered to and all required approvals, plans, submittal documents and permits be submitted and obtained, including but not limited to, planning clearance, building, sewage disposal, right-of-way use permit, handling and disposal of waste water, air quality permit, security lighting, fire protection, etc.

- 2. The following uses and their accessory buildings and uses are permitted subject to all regulations of this title, including, but not limited to, Chapter 2.150 PCDSC; parking, signage, and lighting regulations; and the development standards in this chapter:
  - A. One dwelling, conventional construction, or manufactured home.
  - B. Public park, public or parochial school.
  - C. Church, providing the minimum off-street parking requirements, in PCDSC 2.140.020(E), are met.
  - D. A travel trailer or recreational vehicle (RV) for not more than 90 days during construction of a residence on the same premises. This period may be extended for an additional period of 90 days upon application to the zoning inspector.
  - E. Agriculture or horticulture used only for the purposes of propagation and culture and not for retail sales, including any number of poultry, rabbits and similar small animals and not more than two head of cattle, horses, sheep or goats, more than six months of age, per acre. Swine are not permitted in the district.
  - F. Accessory building or use.

### 3. Development Standards:

- A. Minimum lot area: 43,560 square feet.
- B. Minimum lot width: 100 feet.
- C. Minimum front setback: 30 feet.
- D. Minimum side setbacks: 10 feet.
- E. Minimum rear setback: 18 feet.
- F. Maximum building height: 30 feet.
- G. Detached Accessory Buildings:
  - 1. Permitted coverage: 33 percent of the total area of the rear and side setbacks;
  - 2. Maximum height: 20 feet;
  - 3. Minimum distance to main building: seven feet;
  - 4. Minimum distance to front lot line: 30 feet;
  - 5. Minimum distance to rear or side lot lines: four feet, 50 feet if used for poultry or animals.
  - 6. A structure having a roof supported by columns and used exclusively for the shading of livestock shall not be considered a building and shall not need to conform to setback requirements that apply to buildings used to house livestock.

#### To Deny:

I move to deny case BA-042-22, a variance to Section **2.50.020 (G)** of the PCDSC, to allow building an extension to the existing residence in the CR-1A zone, based on, based on the finding that the condition is neither peculiar nor exceptional to reduce the rear setback requirement specified by the PCDSC.

### Comments, Questions, Concerns?

#### TO: PINAL COUNTY BOARD OF ADJUSTMENT AND APPEALS

MEETING DATE: March 23, 2023

CASE NUMBER: BA-043-22

CASE COORDINATOR: Glenn Bak

#### **Executive Summary:**

This case is a variance request by applicant John L Orozco to reduce the minimum lot size from 54,450 square feet (1.25 acres) to 8,400 +/- (.19 acres) to allow for the placement of a single-family residence on 8,400 square foot parcel in the GR-General Rural Zone. The lot remains non-conforming and currently un-buildable.

#### If This Request is approved:

This variance will allow applicant to develop his parcel in GR zone at its current platted size without additional variance requests.

#### **Staff Recommendation/Issues for Consideration/Concern:**

Staff offers a recommendation of approval with stipulations.

**BA-043-22** – **PUBLIC HEARING/ACTION:** John L Orozco, landowner/applicant, requesting a variance to **Section 2.40.020** of the Pinal County Development Services Code (PCDSC), to allow a reduction in the minimum required lot area from 54,450 square feet (1.25 acres) to 8,400 +/- (.19 acres), to allow the construction of a manufactured/mobile home on a .19 acre parcel in the General Rural Zone (GR) Zone, Lots 29 & 30, of Deer Run Ranch Estates Unit No. 2, Tax Parcel 509-33-125A, legal on file, located north of Hopi Dr and east of Hillside Dr, in Pinal County.

**EXISTING ZONING AND LAND USE:** GR - General Rural Zone. A mobile home was recently placed on the property.

#### SURROUNDING ZONING AND LAND USE:

North: General Rural (GR) Zoning - Mobile Home South: General Rural (GR) Zoning Mobile Home East: General Rural (GR) Zoning - Manufactured home West: General Rural (GR) Zoning - Manufactured home

**SITE DATA:** The site is rectangular in shape. Terrain is level and there is little vegetation on the lot. Flood zone X, area of minimal flood hazard.

**HISTORY:** Deer Run Ranch Estates Unit 2 was platted in 1957 in conformance with the 1954 zoning ordinance which had size requirements as low as 6,000 square feet. The 1968 zoning ordinance, allowed lots as small as 12,000 square feet. In November 18, 1974, the 1972 Zoning ordinance was amended and increased minimum lot size to 54,450 square feet which is the current minimum requirement in the GR zone.

THE APPLICANT MUST SATISFY THE BOARD OF ADJUSTMENT AND APPEALS THAT THIS REQUEST MEETS THE NECESSARY CRITERIA TO QUALIFY FOR A VARIANCE AS STATED IN SECTION 2.155.050.C

#### **EVIDENCE REQUIRED FOR VARIANCE:**

- a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.
- b. The special circumstances or conditions referred to in subsection (C)(4)(a) of this section are not self-imposed by the property owners within the subject area.
- c. The strict application of the regulations would work an unnecessary nonfinancial hardship.

- d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.
- e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.
- f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**FINDINGS:** Under Section 2.155.030.E of the Pinal County Development Service Code (Zoning Ordinance), the Board of Adjustment and Appeals shall hear and consider all evidence relating to the request and make findings as to the conformity of the request to the above Section.

THE BOARD OF ADJUSTMENT AND APPEALS shall consider the following criteria in conditionally approving or denying a variance.

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

**ANALYSIS:** The property lines are regular and unremarkable and were created in 1957 prior to the 1974 amendment of the 1972 Zoning Ordinance that changed the minimum lot size requirement to 12,000 square feet for the GR zone. A special circumstance does exist in that the County has initiated changes to the zoning ordinance resulting in this lot becoming nonconforming by way of County action. There are no flood control issues or any known geologic constraints. Neighboring lots are of similar size, below the GR required 54,450 square foot lot size.

**FINDING:** There <u>does</u> appear to be special circumstances/conditions applicable to the property which do not prevail on other property in that zoning district.

b. That the special circumstances or conditions referred to in subsection (C) (4) (a) of this section are not self-imposed by the property owners within the subject area.

**ANALYSIS:** Staff notes the Pinal County Board of Adjustment is authorized to grant a variance of regulations where it finds that absolute conformance to the regulations in an established zone would present an unnecessary hardship on the applicant. The "Hardship" must be related to the physical aspects of the land and not a personal or self-imposed hardship. Hardship was created at the time of adoption of the 1974 Zoning Ordinance amendment, resulting in many of the lots within Deer Run Ranch Estates Unit 2 becoming undersized and non-conforming.

**FINDING:** The special circumstances referred to in subsection (C) (4) (a) are not self-imposed.

c. That the strict application of the regulations would work an unnecessary nonfinancial hardship.

**ANALYSIS:** The strict interpretation would cause this lot to remain unbuildable and deprive the applicant of a dwelling on the parcel.

**FINDING** Staff finds that the strict application of the regulations would cause an unnecessary nonfinancial hardship and would deprive the owner of a residence.

d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** The subject parcel was created legally through the plat process in 1957. Since 1962, the County has initiated changes to the zoning ordinance resulting in this lot becoming non-conforming by way of County action. Thus, it can be clearly demonstrated that the need for this variance was not self-created in the chain of title. Inaction would cause the subject site to essentially be unusable for any single-family residential use by any owner within the current GR Zoning District standards.

Staff notes that state law prohibits the granting of a variance unless the property owner can prove to the Board of Adjustment that not granting the variance would cause an "undue hardship." Undue hardship, means a problem created by some feature of the land rather than a misunderstanding of the zoning ordinance by the applicant.

**FINDING:** Staff finds that granting the variance does appear necessary for the preservation and enjoyment of substantial existing property rights of the landowner.

e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

**ANALYSIS:** Currently, there are multiple residencies within similar-sized parcels in the subject area. Approval of this variance will be consistent with the existing neighborhood character. The lot size is consistent with other properties in the area, and if approved with the attached stipulation the present residential use would have to be in compliance with all applicable construction codes. Staff has also included a stipulation outlining development standards to be consistent with other similar developments in the area.

**FINDING:** The granting of this variance will not affect the health or safety of persons residing or working within the subject area and adjacent properties, and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance does not allow a use that is not permitted in the zone district where the property is located.

**ANALYSIS:** Single-family residences are allowed by right within the GR zoning district.

**FINDING:** Granting of the variance will not allow a use that is not permitted in the zone district where the property is located.

**STAFF SUMMARY AND RECOMMENDATION:** All submittals, evidence presented, written documentation, public testimony, and Planning Case Staff Report (BA-043-22) are considered part of the record in this variance case. If the Board of Adjustments and Appeals can find sufficient evidence based

upon the record, staff recommends the Board adopt the staff report and record as presented and approve the requested variance with the following recommended motion. If the Board cannot find sufficient evidence to approve the request, Staff suggests denying the request with the following motion.

#### **BOARD MOTION**

#### **Staff Recommendation to Approve:**

- \*\*(Staff recommends please cite a minimum of three findings)
- \*\*\*(Suggested finding)

I move to approve case BA-043-22, Section 2.40.020 of the PCDSC, to allow a reduction in the minimum required lot area for a single family home from 54,450 square feet to 8,400 square feet (.19  $\pm$  acres) submitted to allow for single family home and permit future expansions or additions, based on the following stipulations (please cite a minimum of three findings in a-f):

- 1. Development Standards for the parcel shall be as follows:
  - A. Minimum lot area: 7,000 square feet.
  - B. Minimum lot width: 50 feet.
  - C. Minimum front setback: 20 feet.
  - D. Minimum side setbacks: 10 feet each.
  - E. Minimum rear setback: 25 feet.
  - F. Maximum building height: 30 feet.
  - G. Detached Accessory Buildings:
    - 1. Permitted coverage: 33 percent of the total area of the rear and side setbacks;
    - 2. Maximum height: 20 feet;
    - 3. Minimum distance to main building: seven feet;
    - 4. Minimum distance to front lot line: 60 feet; and
    - 5. Minimum distance to rear or side lot lines: four feet
- 2. All State and County regulations shall be adhered to and all required approvals, plans, submittal documents and permits be submitted and obtained, including but not limited to, planning clearance, building, sewage disposal, right-of-way use permit, handling and disposal of waste water, air quality permit, security lighting, fire protection, etc.

#### To Deny:

I move to deny the variance case BA-043-22, a variance to Section 2.40.020 of the PCDSC, for a reduction in the minimum required lot area from 54,450 square feet to 8,400 square feet (.19  $\pm$  acres) based on the finding that the condition is neither peculiar nor exceptional to reduce the minimum lot area requirements specified by the PCDSC.

11. That the strict application of the regulations would work an unnecessary nonfinancial hardship and that						
the granting of the application is necessary for the preservation and enjoyment of substantial existing						
property rights. Show that all beneficial use and/or enjoyment of the land will be lost if the variance is not granted. Evidence from an appraiser, realtor or other professional may be required.						
This same two small lots were merged by the previous owner to allow one property/home to be placed on the lot. If the current application is not granted, the lot is too small to make into anything else than a lot for a manufactured home such						
						as the other existing lots and homes around it.
12. That the granting of such application will not materially affect the health or safety of persons residing or working in the neighborhood and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.						
The neighborhood is all made up of similar size lots with single and double wide manufactured homes. The development of this property to place our own home on the property will not hurt the welfare of neighbors, the public or be injurious to						
any neighborhood improvements or developments.						
any neighborhood improvements of developments.						
13. That the variance will not allow a use that is not permitted in the zoning district where the property is located. (Not required for parking reductions) The variance permits a home of this size and structure on the existing						
property as stated by the zoning requirements placed by Pinal County and is the same variance used by various						
neighbors and property owners in the area whom we got the plans and application from.						
13. That the special circumstances or conditions referred to item 10 above are not self-imposed.  No special circumstances are self-imposed.						
(The following are additional questions for reductions in parking requests only)						
<b>14.</b> Site Plan Review or Building Permit Number: N/A						
<b>15.</b> Required parking either in total number or ratio: N/A <b>16.</b> Requested (# or ratio) N/A						
<b>17.</b> Evidence to support a reduction, this may include codes and ordinance from other jurisdictions, structures with multiple building occupancy types and/or operational characteristics of the particular use that would warrant a reduction: No reduction needed at this time for parking.

THE APPLICANT MUST SATISFY THE BOARD OF ADJUSTMENT AND APPEALS THAT THIS REQUEST MEETS THE NECESSARY CRITERIA TO QUALIFY FOR A VARIANCE AS STATED IN SECTION 2.155.050.C

#### **EVIDENCE REQUIRED FOR VARIANCE:**

- a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.
- b. The special circumstances or conditions referred to in (a) are not self-imposed by the property owners within the subject area.
- c. The strict application of the regulations would work an unnecessary nonfinancial hardship.
- d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.
- e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance does not allow a use that is not permitted in the zoning district where the property is located.

**FINDINGS:** Under Section 2.155.030.E of the Pinal County Development Service Code (Zoning Ordinance), the Board of Adjustment and Appeals shall hear and consider all evidence relating to the request and make findings as to the conformity of the request to the above Section.

THE BOARD OF ADJUSTMENT AND APPEALS shall consider the following criteria in conditionally approving or denying a variance.

a. There are special circumstances or conditions applicable to the property which is the subject of the variance which do not prevail on other property in that zoning district.

**ANALYSIS:** The parcel was created prior to the 1982 zoning ordinance that increased the minimum size requirement from 43,560 sq. ft. to 87,120 sp. ft. in the SH zone. Neighboring lots are of similar size with a dwelling.

**FINDING:** There <u>does</u> appear to be special circumstances/conditions applicable to the property that do not prevail and negatively impact other properties in the SH zone, making this subdivision a candidate for a blanket variance.

b. That the special circumstances or conditions referred to in subsection (a) of this section are not self-imposed by the property owners within the subject area.

**ANALYSIS:** The parcel was platted prior to the 1982 zoning ordinance that increased the minimum lot size from 43,560 sq. ft. to 87,120 sp. ft. in the SH zone.

**FINDING:** The zoning ordinance update caused the parcel to be undersized so the special circumstances are not self-imposed.

c. That the strict application of the regulations would work an unnecessary nonfinancial hardship and that the granting of the application is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** The strict application of the regulations would not allow the permitting of a new single family home to replace the current dwelling.

**FINDING:** Staff finds that the strict application of the regulations would cause an unnecessary nonfinancial hardship.

d. The granting of the variance is necessary for the preservation and enjoyment of substantial existing property rights.

**ANALYSIS:** Being within a platted subdivision, this parcel was created legally through the plat process of the time. With the changes to the zoning ordince in 1982, the lot is now non-conforming due to no fault of the applicant. Granting of the variance would ensure enjoyment of substantial existing property rights by allowing the landowner to replace the older dwelling with

a new similar style dwelling and obtain a permit to provide adequate shelter and allow full enjoyment of the property.

**FINDING:** Staff finds that granting the variance is necessary for the preservation and enjoyment of substantial existing property rights of the landowner.

e. The granting of such variance will not materially affect the health or safety of persons residing or working within the subject area and adjacent properties and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

**ANALYSIS:** Currently, there are multiple residencies within similar-sized parcels in the subject area. Approval of this variance will add a new dwelling to the neighborhood while replacing a dilapidated dwelling.

**FINDING:** The granting of this variance will not affect the health or safety of persons residing or working within the subject area and adjacent properties, and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.

f. The variance allows only permitted uses in the zoning district where the property is located.

**ANALYSIS:** Single-family homes are allowed by right within the SH zoning district.

**FINDING:** Granting of this variance will only allow permitted uses in the SH zone.

#### STAFF SUMMARY AND RECOMMENDATION: Factors considered for staff's recommendation are:

- The parcel was created prior to the 1982 amendment that increased the minimum lot size from 43,560 sq. ft. to 87,120 sq. ft. in the SH zone.
- Similar sized parcels in the area have single family dwellings
- The applicant wishes to use the land in a similar fashion to the RU-1.25 zoning code
- Hardship, preservation, and enjoyment of substantial existing property rights by the owner

All submittals, presented evidence, written documentation, public testimony, and Planning Case Staff Report (BA-044-22), are considered part of the record in this variance case. If the Board of Adjustments and Appeals can find sufficient evidence based upon the record, staff recommends the Board adopt the staff report, record as presented, and approve the requested variance with the following recommended motion. If the Board cannot find sufficient evidence to approve the request, Staff suggests approving the request with the following motion.

#### **BOARD MOTION**

#### **Staff Recommendation to Approve:**

\*\*\* (Suggested finding)

I move to approve case BA-044-22, a variance to Section **2.30.020** of the PCDSC, to allow a reduction in the minimum lot area requirements from 87,120 square feet (2 acres) to 54,450 square feet (1.25 acres) in the SH zone submitted to allow for permitting a replacement dwelling, based on the following conditions (please cite a minimum of three findings in a-f):

- 1. All structures, current and proposed, shall have or obtain a building permit.
- 2. All State and County regulations shall be adhered to and all required approvals, plans, submittal documents and permits be submitted and obtained, including but not limited to, planning clearance, building, sewage disposal, right-of-way use permit, handling and disposal of waste water, air quality permit, security lighting, fire protection, etc.
- 3. The following uses and their accessory buildings and uses are permitted subject to all regulations of this title, including, but not limited to, Chapter 2.150 PCDSC; parking, signage, and lighting regulations; and the development standards in this chapter:
  - i. One dwelling, conventional construction, manufactured home, or mobile home.
  - ii. Child care (more than five children for whom compensation is received).
  - iii. Church, subject to the requirements set forth in PCDSC 2.150.220.
  - iv. Government structures, fire district stations, sheriff's facilities and their accessory uses.
  - v. Guest house/casita, subject to the requirements set forth in PCDSC 2.150.240.
  - vi. Home occupation, subject to the requirements set forth in PCDSC 2.150.260.
  - vii. Solar energy device, subject to the requirements set forth in Chapter 2.210 PCDSC.
  - viii. Wireless communication facilities, subject to the requirements set forth in Chapter 2.205 PCDSC.
  - ix. Some uses are allowed in all zoning districts based on statutory exemptions (see PCDSC 2.05.050) or because a governmental entity or governmental agency is performing a governmental function.
- 4. Development Standards:
  - A. Minimum lot area: 54,450 square feet.
  - B. Minimum lot width: 100 feet.
  - C. Minimum front setback: 30 feet.
  - D. Minimum side setbacks: 10 feet.
  - E. Minimum rear setback: 40 feet.
  - F. Maximum building height: 30 feet.
  - G. Detached Accessory Buildings:
    - Permitted coverage: 33 percent of the total area of the rear and side setbacks;
    - 2. Maximum height: 20 feet;
    - 3. Minimum distance to main building: seven feet;
    - 4. Minimum distance to front lot line: 60 feet;
    - 5. Minimum distance to rear or side lot lines: four feet, 50 feet if used for poultry or animals.
    - 6. A structure having a roof supported by columns and used exclusively for the shading of livestock shall not be considered a building and shall not need to conform to setback requirements that apply to buildings used to house livestock.
- 5. Applicant must remove all unpermitted structures prior to permitting for new dwelling.

#### To Deny:

I move to deny case BA-044-22, a variance to Section **2.30.020** of the PCDSC, to allow a reduction in the minimum lot area requirements from 87,120 square feet (2 acres) to 54,450 square feet (1.25 acre) in SH zone submitted to allow for permitting a replacement dwelling, based on the finding that the condition is neither peculiar nor exceptional to reduce the minimum lot area requirements specified by the PCDSC.

11. That the strict application of the regulations would work an unnecessary nonfinancial hardship and that the granting of the application is necessary for the preservation and enjoyment of substantial existing property rights. Show that all beneficial use and/or enjoyment of the land will be lost if the variance is not granted. Evidence from an appraiser, realtor or other professional may be required. This family cannot afford to build a stick bult home. They have applied for a grant through Pinal county for a manufactured home to replace the current run down manufactured home on property.
12. That the granting of such application will not materially affect the health or safety of persons residing or working in the neighborhood and will not be materially detrimental to the public welfare or injurious to property or improvements in the neighborhood.  Granting of application will not affect the health or safety of persons residing on property or affect neighbors.
13. That the variance will not allow a use that is not permitted in the zoning district where the property is located. (Not required for parking reductions) use is only what is permitted

#### Site Plan

#### Key Issues:

- The parcel was created prior to the 1982 amendment that increased the minimum lot size from 43,560 sq. ft. to 87,120 sq. ft. in the SH zone.
- Similar sized parcels in the area have single family dwellings
- The applicant wishes to use the land in a similar fashion to the RU-1.25 zoning code
- Hardship, preservation, and enjoyment of substantial existing property rights by the owner

#### BA-044-22

- Recommendation:
  - Approval
  - 5 stipulations

 All structures, current and proposed, shall have or obtain a building permit.

All State and County regulations shall be adhered to and all required approvals, plans, submittal documents and permits be submitted and obtained, including but not limited to, planning clearance, building, sewage disposal, right-of-way use permit, handling and disposal of waste water, air quality permit, security lighting, fire protection, etc.

The following uses and their accessory buildings and uses are permitted subject to all regulations of this title, including, but not limited to, Chapter 2.150 PCDSC; parking, signage, and lighting regulations; and the development standards in this chapter:

- One dwelling, conventional construction, manufactured home, or mobile home.
- Child care (more than five children for whom compensation is received).
- Church, subject to the requirements set forth in PCDSC 2.150.220.
- Government structures, fire district stations, sheriff's facilities and their accessory uses.
- Guest house/casita, subject to the requirements set forth in PCDSC 2.150.240.
- Home occupation, subject to the requirements set forth in PCDSC 2.150.260.
- Solar energy device, subject to the requirements set forth in Chapter 2.210 PCDSC.
- Wireless communication facilities, subject to the requirements set forth in Chapter 2.205 PCDSC.
- Some uses are allowed in all zoning districts based on statutory exemptions (see PCDSC 2.05.050) or because a governmental entity or governmental agency is performing a governmental function.

- Development Standards:
  - Minimum lot area: 54,450 square feet.
  - Minimum lot width: 100 feet.
  - Minimum front setback: 30 feet.
  - Minimum side setbacks: 10 feet.
  - Minimum rear setback: 40 feet.
  - Maximum building height: 30 feet.
  - Detached Accessory Buildings:
- Permitted coverage: 33 percent of the total area of the rear and side setbacks;
- Maximum height: 20 feet;
- Minimum distance to main building: seven feet;
- Minimum distance to front lot line: 60 feet;
- Minimum distance to rear or side lot lines: four feet, 50 feet if used for poultry or animals.
- A structure having a roof supported by columns and used exclusively for the shading of livestock shall not be considered a building and shall not need to conform to setback requirements that apply to buildings used to house livestock.

 Applicant must remove all unpermitted structures prior to permitting for new dwelling.
