🗋	Parks and Recreation Proclamation

Designation of July as Park and Recreation Month

WHEREAS parks and recreation is an integral part of communities throughout this country, including Pinal County, promoting health, wellness and time spent in nature;

WHEREAS parks and recreation positively impacts mental health, cognitive performance and well-being, and alleviating illnesses such as depression, attention deficit disorders, and Alzheimers; and

WHEREAS parks and recreation encourages physical activities by providing space for outdoor recreation, popular sports, and many other activities designed to promote active lifestyles; and

WHEREAS park and recreation programming and education activities, such as out-of-school time programming, youth sports and environmental education, are critical to childhood development; and

WHEREAS parks and recreation increases a community's economic prosperity through increased property values, expansion of the local tax base, increased tourism, the attraction and retention of businesses, and crime reduction; and

WHEREAS parks and recreation is fundamental to the environmental well-being of our community; and

WHEREAS parks and recreation provide adaptable infrastructure that makes our communities resilient in the face of natural disasters and climate change; and

WHEREAS our parks and natural recreation areas ensure the ecological beauty of our community and provide a place for children and adults to connect with nature and recreate outdoors; and

WHEREAS the U.S. House of Representatives has designated July as Parks and Recreation Month; and

WHEREAS Pinal County recognizes the benefits derived from parks and recreation resources.

NOW THEREFORE, BE IT RESOLVED BY the Pinal County Board of Supervisors that July is recognized as

PARKS AND RECREATION MONTH

in Pinal County and do hereby commend the Pinal County Open Space, Trails and Regional Parks Department for the profound and enduring impacts they consistently make in our community.

Re: Contract Award of RFP #260126 Legal Publication Services

Background

Request for Proposal 260126 was published to solicit proposals from qualified suppliers to provide Legal Publication Services for Pinal Countywide Departments.

Selection Process

One (1) proposal was received and opened on May 29, 2025, at 2:15 p.m., and the proposal was deemed responsive and responsible and was evaluated by a three-person committee. The proposal was scored on Capacity of the Responder, Cost, Method of Approach, References, Conformance to Terms and Conditions, and Statement of Work. A summary of the evaluation scores for each Responder is included in the attached Evaluation and Award Determination.

Responders:

Casa Grande Valley Newspapers, Inc.

Recommendation

After review and scoring of the proposals by the evaluation committee, it is recommended that the Board of Supervisors approve the award of contract 260126 Legal Publication Services to Casa Grande Valley Newspapers, Inc. The term of the proposed contract is an initial one (1) year term beginning August 2, 2025 through August 1, 2026 with no more optional extensions. The estimated cost to the County for the initial contract term is $30,000.00.

The Board is also requested to authorize the Office of Budget and Finance Director to approve and sign any resulting administrative documents.

Any questions regarding the outcome of this solicitation or resultant contract may be directed to Eric Zander, Procurement Officer.

Respectfully submitted,

Contract 260126RFP
Legal Publication Services

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Casa Grande Valley Newspapers, whose primary address is 200 W. 2nd Street Casa Grande, AZ 85122.

1. CONTRACT TERM. The resultant contract term will commence on August 2nd, 2025, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT TYPE.

   Firm-Fixed Lump Sum Price. The firm-fixed lump sum price is the amount or amounts shown or scheduled as such in the requested Pricing Document, each of which will be Contractor's complete and total compensation for carrying out the relevant portion of the work that it covers; and will not be subject to any adjustment on the basis of Contractor's cost experienced in performing under the contract.

   Except as expressly stated otherwise in the solicitation, Contractor is deemed to have allowed in each firm-fixed lump sum price correct and sufficient amounts to cover all its obligations under or arising from the contract, at law, or otherwise, and to have allowed the necessary resources to enable it to carry out the relevant portion of the work that it covers within any time for performance specified in the Scope of Work.

   2.1 Site Services, Logistics, and Utilities. The Contractor shall provide those items of site services, logistics and utilities that are assigned to them in the Scope of Work. The Contractor shall provide all services, equipment, tools, and logistics necessary for its personnel and otherwise as required to carry out the work, and compensation for all those is deemed to be included in the contractual fee mark-up.

   a. For items indicated to be paid on a "unit rate" basis, Contractor shall submit a worksheet with each application for payment showing the actual amount of payment requested for these items, which shall not exceed the unit rate multiplied by the total quantity (i.e., Contractor is "at risk" for costs it incurs that are in excess of the extended value unless the County has issued a change order for the excess).

   b. For items indicated to be paid on a "cost" basis, Contractor shall request reimbursement for the actual cost of such items at least monthly and shall provide the necessary back-up documentation, including receipts or invoices and timesheets (if applicable).

   c. For items indicated to be paid on a "lump sum" basis, Contractor shall request payment for the completed proportion of such items at least monthly.

2.2 Personnel-Related Expenses. The County will only reimburse for those items of personnel-related expense expressly indicated in the Scope of Work as a reimbursable item, and it is agreed that the costs of all other such expenses applicable to its personnel and otherwise as required to carry out the work are adequately compensated in the contractual fee mark-up.

a. For items to be paid on a "unit rate" basis, Contractor shall submit a worksheet with each application for payment showing the actual amount of payment requested for these items, which amount shall not exceed the unit rate multiplied by the total quantity (i.e., Contractor is "at risk" for costs it incurs that are in excess of the extended value unless the County has issued a change order for the excess.

b. For items to be paid on a "cost" basis, Contractor shall request reimbursement for the actual cost of such items at least monthly and shall provide the necessary back-up documentation, including receipts or invoices (if applicable). All reimbursements shall be strictly subject to County's travel policy, which is available at http://www.pinalcountyaz.gov/Purchasing/Pages/DoingBusiness.aspx.

c. For items to be paid on a "lump sum" basis, Contractor shall request payment for the applicable proportion of such items at least monthly.

3.1 Unless specified otherwise in the requested Pricing Document, base price is the price that is most widely offered to general customers at the time of the order.

a. The catalogs used to establish base price are specified otherwise in the requested Pricing Document. If nothing is so specified, then the commercially available catalogs published by Contractor or Subcontractor to a dealer or reseller network for the covered materials or services are to be used.

b. Each catalog must list all materials or services Contractor is authorized to sell under the contract;

c. Each catalog and its accompanying price list must include for each item: (1) a part or model number, if applicable; (2) a complete and accurate description of the item; (3) the manufacturer's suggested retail price (MSRP) or Contractor's list price; (4) a stock keeping unit number (SKU) , if applicable; (5) the item's unit of measure (UOM), if applicable; and (6) the quantity in the unit of measure (QUOM), if applicable.

3.2 Contractor shall provide and maintain concurrent and identical electronic or hardcopy versions of all contracted price lists and catalogs. The County, at its discretion, may host Contractor's electronic price lists and catalogs directly, or may provide link through Bonfire.

3. PRICING

3.1 Most Favored Customer Pricing.
Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates,

discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

3.2 All-Inclusive Pricing.
Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

3.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

3.4 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor's request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

3.5 Change Orders.
In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

4. INVOICING AND PAYMENTS.

4.1 Invoices.
The Contractor shall submit detailed, itemized monthly invoices **OR** invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

4.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

4.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

4.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

4.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

4.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

5. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

6. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

7. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

8. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce

complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

a. Written Contract Amendments
b. Contract
c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
f. Other Contract Exhibits
g. Orders, in reverse chronological order

9. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

10. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

11. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

12. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

13. CONTRACT ADMINISTRATION AND OPERATION.

13.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Eric Zander	**Name: Zoe Cooper**
Address: 31 N Pinal Street **PO Box 1348** **Florence, AZ 85132**	**Address: 200 W. 2nd St.** **Casa Grande, AZ 85122**
Title: Procurement Officer	**Title: Creative Advertising Manager**
Email: Purchasing@Pinal.gov	**Email: zcooper@pinalcentral.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

13.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

13.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

13.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

13.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

13.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

13.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County

purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

13.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

13.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

13.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the

immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

13.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

13.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

13.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

13.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

13.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

13.16 Eligible Agencies.

This contract shall be for the exclusive use of Pinal County.

13.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

13.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

13.19 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

13.20 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

13.21 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People's Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certification has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will

terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

14. CONTRACT CHANGES.

14.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

14.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

15. RISKS AND LIABILITIES

15.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

15.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or

Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractort.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired and/or non-owned by the Contractor

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

(4) Professional Errors and Omissions Liability. Coverage shall be for minimum amounts of $1,000,000 per claim and $2,000,000 annual aggregate.

b. Additional Insurance Requirements. The policies shall include, or be endorsed to include the following provisions:

(1) The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and non-contributory to any self insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

15.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

15.4 Public Health Information Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless District and its directors, officers, subcontractors, employees, affiliates, agents, and representatives from and against any and all third party liabilities ("Indemnitees"), costs, claims, suits, actions, proceedings, demands, losses and liabilities of any kind, including but not limited to, personal injury or property damage, loss or injury, including death, violations of HIPAA (including court costs and reasonable attorneys' fees) brought by a third party, arising from or relating to the acts or omissions of Contractor or any of its directors, officers, subcontractors, employees, affiliates, agents, and representatives in connection with the Contractor's performance under this Agreement or Service Agreement, without regard to any limitation or exclusion of damages provision otherwise set forth in the Agreement. The indemnification provisions of this Section shall survive the termination of this Agreement.

15.5 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

15.6 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party’s default unrelated to the occurrence, in which case the other party’s normal remedies and the affected party’s obligations would apply undiminished.

15.7 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

16. WARRANTIES

16.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

16.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

16.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

16.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

16.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all

information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://www.whitehouse.gov/sites/whitehouse.gov/files/omb/memoranda/2007/m07-16.pdf. NOTE: For convenience of reference only, the GSA directive is available at: http://www.gsa.gov/portal/directive/d0/content/658222

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

16.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

16.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

16.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

16.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

17. COUNTY'S CONTRACTUAL REMEDIES

17.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

17.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

17.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

17.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully

constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

17.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

18. CONTRACT TERMINATION

18.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

18.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

18.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

18.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

18.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

19. CONTRACT CLAIMS

19.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

19.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Aurora Tactical Group LLC, (Contractor), whose primary address is 10513 Union Star Church Rd. West Fork, AR 72774.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Chase Clark
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 10513 Union Star Church Rd. West Fork, AR 72774
Title: Procurement Officer	**Title:** Minority Owner
Email: Purchasing@Pinal.gov	**Email:** chase@auroratactical.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and BRW Corporation, (Contractor), whose primary address is 211 W. Main Street Brook, IN 47922.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

PINAL COUNTY

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Bart Woodward
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 211 W. Main Street Brook, IN 47922
Title: Procurement Officer	**Title:** President
Email: Purchasing@Pinal.gov	**Email:** bart@brwcorp.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information

n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Norm Voshall
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 3855 SW 153rd Dr. Beaverton, OR 97003
Title: Procurement Officer	**Title: Director of Sales**
Email: Purchasing@Pinal.gov	**Email:** norm@con10gency.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and L.N. Curtis & Sons / Curtis Blue Line, (Contractor), whose primary address is 5035 South 33rd Street Phoenix, AZ 85040.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Mike Longstreth
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 5035 South 33rd Street Phoenix, AZ 85040
Title: Procurement Officer	**Title:** Store Manager
Email: Purchasing@Pinal.gov	**Email:** mlongstreth@curtisblueline.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Global Test Supply LLC, (Contractor), whose primary address is 312 Raleigh St. Ste p Wilmington, NC 28412.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Chris Doran
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 312 Raleigh St. Ste p Wilmington, NC 28412
Title: Procurement Officer	**Title: Technical Sales Specialist**
Email: Purchasing@Pinal.gov	**Email:** **CDORAN@GLOBALTESTSUPPLY.COM**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Lawman's and Shooters' Supply Inc, (Contractor), whose primary address is 701 Columbia Blvd. Titusville, FL 32780.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Ana Garcia
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 701 Columbia Blvd. Titusville, FL 32780
Title: Procurement Officer	**Title:** Bid Coordinator
Email: Purchasing@Pinal.gov	**Email:** bids@lawmwns.net

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and See The Night LLC, (Contractor), whose primary address is 6341 Porter Rd. Suite 3 Bldg B Sarasota, FL 34240.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Austin Lang
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 6341 Porter Rd. Suite 3 Bldg B Sarasota, FL 34240
Title: Procurement Officer	**Title: CEO**
Email: Purchasing@Pinal.gov	**Email:** **austin@seethenight.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and CTC Gunworks, LLC DBA Sentinel Supply, (Contractor), whose primary address is 3200 North Freeway Houston, TX 77009.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Todd Rassa
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 31 N. Pinal St., Bldg. A., Florence, AZ 85132
Title: Procurement Officer	**Title: Vice President**
Email: Purchasing@Pinal.gov	**Email:** Rassa@Sentinel-Supply.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost,

any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose

and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless

from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 251830RFP
Night Vision Equipment

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and TNVC, (Contractor), whose primary address is 1050 Nevada Street Suite 405 Redlands, CA 92374.

1. CONTRACT TERM. The resultant contract term will commence (upon contract execution), and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The County shall have the sole option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or at the County's sole discretion, extend the contract on a month to month basis for a maximum of nine (9) months after expiration.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall immediately apply all such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits for all future purchases made by the County.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that a product or model provided under the contract is discontinued by the manufacturer, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued item. The Contractor shall request permission to substitute a new product or model and provide each of the following:

a. A formal announcement from the manufacturer that the product or model has been discontinued;
b. Documentation from the manufacturer that names the replacement product or model;
c. Documentation that provides clear and convincing evidence that the replacement meets or exceeds all specifications required by the original solicitation;
d. Documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model; and
e. Documentation confirming that the price for the replacement is equal to or less than the price of the discontinued model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for two (2) years. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricingto be firm over the Term of the Contract.

Any request for rate increase will only be considered at the time of a contract extension and must be submitted sixty (60) days prior to the adjustment. Any request for rate increase shall be a factor in the extension review process and if approved, be implemented by a formal contract change order. Requests for price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROLE EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name:** Chris Huber
Address: PO BOX 1348 **Florence, AZ 85132**	**Address:** 1050 Nevada Street Suite 405 Redlands, CA 92374
Title: Procurement Officer	**Title:** Vice President
Email: Purchasing@Pinal.gov	**Email:** Chris@tnvc.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Signing this contract shall serve as written certification that the contractor complies with this provision. If the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notification that within one hundred and eighty (180) days of finding the violation that the contractor has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance and, if necessary, Commercial Umbrella insurance with a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products Aggregate. The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(2) Automobile Liability. Commercial/Business Automobile Liability insurance with a combined single limit (CSL) for bodily injury and property damage of not less than $1,000,000 each occurrence with respect to any of the Contractor's owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor's work or services under this contract.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

(3) Workers' Compensation and Employer's Liability.

Workers' Compensation	Statutory
Employer's Liability	
Each Accident	$1,000,000
Disease – Each Employee	$1,000,000
Disease – Policy Limit	$1,000,000

Policy shall contain a waiver of subrogation against Pinal County and its officers, officials, agents, and employees for losses arising from work or service performed by or on behalf of the Contractor. This requirement shall not apply to each Contractor this is exempt under A.R.S. 23-902 (E), and when such Contractor executes the appropriate sole proprietor waiver form.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

16.5 Force Majeure.

a. Relief From Performance. The parties are not liable to each other if an occurrence of force majeure prevents its performance under the contract. If either party is delayed at any time in the progress of its performance under the contract by an occurrence of force majeure, the delayed party shall notify the

other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by contract amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.6 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf

NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

PINAL COUNTY

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or

remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if contractor(s) and the County agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and L.N. Curtis & Sons/ Curtis Blue Line, (Contractor), whose primary address is 5035 South 33rd St. Phoenix, AZ 85040.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, orextend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Mike Longstreth**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 5035 South 33rd St. Phoenix, AZ 85040
Title: Procurement Officer	**Title: Store Manager**
Email: Purchasing@Pinal.gov	**Email: mlongstreth@curtisblueline.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Diamonback Police supply CO. Inc, (Contractor), whose primary address is 7030 E. Broadway Blvd. Tucson, AZ 85710.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Dooley Enterprises, Inc., (Contractor), whose primary address is 1198 N. Grove St. Ste A Anaheim, CA 92806.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, orextend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Chris Dooley**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 1198 N. Grove St. Ste A Anaheim, CA 92806
Title: Procurement Officer	**Title: President**
Email: Purchasing@Pinal.gov	**Email: ammo@dooleyenterprises.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	Name: Jason Fields
Address: PO Box 1348 Florence, AZ 85132	Address: 126 S. Perkins St. Rushville, IN 46173
Title: Procurement Officer	Title: CEO/ Partner
Email: Purchasing@Pinal.gov	Email: jason@fieldsusa.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and FX Tactical, LLC, (Contractor), whose primary address is 8948 W. Cactus Rd. Peoria, AZ 85381.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and GT Distributors, Inc. , (Contractor), whose primary address is 1124 New Meister Ln. STE 100 Pflugerville, TX 78660.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Monica Holder**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 1124 New Meister Ln. STE 100 Pflugerville, TX 78660
Title: Procurement Officer	**Title: Account Manager**
Email: Purchasing@Pinal.gov	**Email:** sales@gtdist.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. 4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Sean Riley**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 13235 Grass Valley Ave. Grass Valley. CA 95945
Title: Procurement Officer	**Title: Manager**
Email: Purchasing@Pinal.gov	**Email: Lesales@Miwallcorp.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and San Diego Police Equipment Co. Inc., (Contractor), whose primary address is 8205 Ronson Road Suite A San Diego, CA 92111.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and San Diego Police Equipment Co. Inc., (Contractor), whose primary address is 8205 Ronson Road Suite A San Diego, CA 92111.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Ryan King**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 8205 Ronson Road Suite A San Diego, CA 92111
Title: Procurement Officer	**Title: Sales Manager**
Email: Purchasing@Pinal.gov	**Email: ryan@sandiegopoliceequipment.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	Name: Todd Rassa
Address: PO Box 1348 Florence, AZ 85132	Address: 3200 North Freeway Houston, TX 77009
Title: Procurement Officer	Title: Vice President
Email: Purchasing@Pinal.gov	Email: Rassa@Sentinel-Supply.com

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Shooter's World of Goodyear, (Contractor), whose primary address is 13740 W. Auto Drive Goodyear, AZ 85338.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, orextend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

PINAL COUNTY

Contract 253830IFB
Less Lethal, Duty Ammunition, and Practice Ammunition

THIS CONTRACT is entered into by and between Pinal County, (County), whose primary address is 31 N. Pinal St., Bldg. A., Florence, AZ 85132 and Sprague Sports LLC, (Contractor), whose primary address is 345 W. 32nd St. Yuma, AZ 85364.

1. CONTRACT TERM. The resultant contract term will commence upon contract execution, and will continue for one (1) year unless canceled, terminated, renewed, or permissibly extended. The County has no obligation to extend or renew the contract past the initial term.

2. CONTRACT EXTENSION. The option to extend the term of this contract up to a maximum of four (4) additional one-year terms, or extend the contract on a month to month basis for a maximum of nine (9) months after expiration, shall be by mutual agreement of the parties.

3. CONTRACT TYPE.

   Firm-Fixed Unit Price. The unit prices are the amounts scheduled in the requested Pricing Document for complete, delivered, discrete items, including installation if applicable and so stated, each of which will be Contractor's complete and total compensation for carrying out each item covered by each unit price at the item level; and will not be subject to any adjustment on the basis of Contractor's cost experience in performing under the contract.

   NOTE: An "item" as contemplated in this paragraph could be a single, functional, and usable thing as sold, or a component of an assembly yet to be built, or a complete assembly.

4. PRICING

   4.1 Most Favored Customer Pricing.
   Contractor warrants that, for the term of the contract, the prices, rates, discounts, terms, and benefits set out in the proposal, including any subsequent agreed upon amendment to it, will be equal to or better than the lowest prices, best rates, largest discounts, and most favorable terms and benefits, both separately and in combination, at which Contractor sells equivalent items. If Contractor provides more favorable pricing, rates, discounts, terms and benefits to any customer, it shall applyall such pricing, rates, discounts, terms and benefits to pending County purchase orders and offer such pricing, rates, discounts, terms and benefits if a Cooperative agreement is available for the County to use.

   4.2 All-Inclusive Pricing.
   Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's proposal as accepted by the County. Details of service not explicitly stated in the Scope of Work or in Contractor's proposal, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the contract are included in the pricing provided.

4.3 Price Reductions and Sales Promotions.
Price reductions may be submitted to or requested by the County for consideration at any time during the life of the contract. Promotions or reductions to sell existing inventory/stock and to include special manufacturer assistance are allowable.

4.4 Substitute Items In the event that an ammunition product as specified in Attachment B-5 is discontinued by the manufacturer or otherwise is no longer available, the County at its sole discretion may allow the Contractor to provide a substitute for the discontinued or unavailable item. The Contractor shall request permission to substitute a new product or model and provide the following in support of its request:

a. If a product has been discontinued, a formal announcement from the manufacturer, authorized dealer or distributor that the product or model has been discontinued.
b. If a discontinued product has been replaced with a different product, documentation from the manufacturer, authorized dealer or distributor that names the replacement product or model.
c. Documentation that provides clear and convincing evidence that the replacement product or model meets or exceeds all specifications required by the original solicitation.
d. Documentation that provides clear and convincing evidence that the replacement product or model will be compatible with all the functions or uses of the discontinued or otherwise unavailable product or model.
e. Documentation that confirms that the price for the replacement product or model is the same as or less than the discontinued or otherwise unavailable product or model.

4.5 Price Increase.
The Procurement Officer may review a fully documented request for a rate increase only after the contract has been in effect for twelve (12) months. Any requested rate increase(s) shall be based on an unmitigatable cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the cost of the goods or services contractually covered. There is no guarantee the County will accept the price adjustment therefore Contractor should be prepared for the Pricing to be firm over the Term of the Contract.

Any request for a rate increase must be made sixty (60) days prior to the time of a contract extension and only after the contract has been in effect for twelve (12) months. Any request for a rate increase that falls outside of these time requirements and is not fully documented will not be considered. Any request for a rate increase shall be a factor in the extension review process and if approved, will be implemented by a formal contract change order. Requests for all price increases must be supported by appropriate documentation. The County will have the right to request and receive additional information, statistics, financial records, etc., and to direct the content, form, and format of presentation as it deems necessary to validate the Contractor's request for a rate adjustment. Failure to respond to the County's request within the time frames specified will nullify the Contractor’s rate increase request. The County will determine whether the requested rate increase or alternate option is in its best interest and adjustments will be subject to the availability of monies appropriated, if applicable.

4.6 Delivery.
Unless stated otherwise in the Contract, all prices shall be F.O.B. Destination and shall include all freight delivery and unloading at the destination.

4.7 Change Orders.

In the event the County requires any change(s) to the Scope of Work and the Contractor anticipates that the project's approved price may be exceeded as a result of the change, the Contractor shall submit a revised project cost estimate to the requesting department.

The Contractor shall not exceed an approved project's price without prior written approval by the requesting department. If prior approval is not received, the Contractor may be subject to sanctions. The revised project price proposal shall include the following:

a. Changes and/or adjustments caused by the County's change to the Scope of Work for the project, including any adjustments to timeframes for completion of the project.

b. An all-inclusive project price estimate, supported by a detailed cost breakdown to include all costs required to complete the project, as changed by the County.

5. INVOICING AND PAYMENTS.

5.1 Invoices.

The Contractor shall submit detailed, itemized invoice(s) before payment(s) can be made. Incomplete invoices will not be processed. All invoices shall reflect the contracted prices or rates for goods or services as described in the Scope of Work. At a minimum, the invoice must provide the following information:

a. Company name, address and contact name and email
b. County bill-to name and contact information
c. Contract Number
d. County purchase order number
e. Invoice number and date
f. Payment terms
g. Date of service or delivery
h. Contract Item number(s)
i. Description of product
j. Pricing per unit
k. Quantity per unit
l. Extended price
m. Discount off list or catalog price (if applicable)
n. Shipping/Freight (if applicable)
o. Sales tax (if applicable)
p. Total Amount Due

Problems regarding billing or invoicing shall be directed to the using department as listed on the Purchase Order. All invoices must be submitted to the following e-mail or postal address:

PINAL COUNTY

financeinvoices@pinal.gov
Pinal County Office of Budget and Finance
Attn: Accounts Payable
PO Box 1348
Florence, AZ 85132

5.3 No Invoice Without Authorization. Contractor shall not seek payment for any:

a. Charges or fees not delineated in the contract.
b. Materials or services that have not been authorized on a purchase order.
c. Expediting, overtime, premiums, or upcharges absent the County's express prior approval.
d. Materials or services that are the subject of a contract amendment or change order that has not been fully signed.

5.4 Timeliness of Invoice. By A.R.S. § 11-622, all invoices must be submitted to the County within six (6) months after service or product is received. Failure to submit an invoice within this period of time will result in non-payment.

5.5 Payments. No payment shall be issued prior to receipt of acceptable goods and/or services and a correct invoice. The County shall make every effort to process payment for acceptable goods or services within thirty (30) calendar days after receipt of said items/services and a correct invoice.

5.6 Payments Only to Contractor. Unless compelled otherwise by operation of law or order of a court of competent jurisdiction, the County will only make payment to Contractor under the federal tax identifier indicated on the accepted offer.

5.7 Payments to Subcontractors. Contractor shall make payment of all undisputed amounts due to Subcontractors, as applicable to their services, within thirty (30) days of receipt of funds from the County.

5.8 Availability of Funds. By A.R.S. § 35-154, every County payment obligation under the contract is conditioned on the availability of funds appropriated for payment of that obligation. If funds are not appropriated and available for continuance of the contract, the County may terminate the contract at the end of the period for which funds are available, or, at County's discretion, allow appropriate amendment to the contract. No liability will accrue to County if it exercises the foregoing right or discretion, and County will have no obligation or liability for any future payments or for any damages as a result of having exercised it.

6. ARIZONA LAW. This contract shall be governed by the law of the State of Arizona and suits pertaining to this contract shall be brought only in the Pinal County Superior Court, Florence, Arizona.

7. IMPLIED LAW. Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated herein.

8. PUBLIC RECORD. This contract is a public record and must be retained by the County for a minimum of six (6) years. All contracts are open to public inspection after contract award, except for any portions determined to be confidential by the County.

9. CONTRACT ORDER OF PRECEDENCE. All of the documents forming the contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the work as though the relevant work, requirements, obligations, or duties had been fully described on all, consistent with the other documents forming the contract and as is reasonably inferable from them as being necessary to produce complete results. In case of any inconsistency, conflict, or ambiguity among the documents forming the contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document but not in another is not to be considered a conflict or inconsistency.

    a. Written Contract Amendments
    b. Contract
    c. Contract Exhibit(s) A (i.e. Contracted Scope of Work)
    d. Contract Exhibit(s) B (i.e. Contract Pricing Documents)
    e. Contract Exhibit(s) C (i.e. Responder's Proposal Documents)
    f. Other Contract Exhibits
    g. Orders, in reverse chronological order

10. RELATIONSHIP OF THE PARTIES. The Contractor under this contract is an independent Contractor and shall act in an independent capacity in performance under the contract. Neither party is or is to be construed as being an employee or agent of the other party, and no action, inaction, event, or circumstance will be grounds for deeming it to be so.

11. SEVERABILITY. Any term or condition deemed or adjusted illegal or invalid is thereby stricken from the contract and shall not affect any other term or condition of the contract.

12. NO PAROL EVIDENCE. The contract, including any documents incorporated into the contact by reference, is intended by the parties as a final and complete expression of their agreement. There are no prior, contemporaneous, or additional agreements, either oral or in writing, pertaining to the contract.

13. NO WAIVER. Either party's failure to insist on strict performance of any term or condition of the contract is not, or will it be deemed to be, a waiver of that term or condition or a bar to, or diminished right of, enforcement of any term or condition.

14. CONTRACT ADMINISTRATION AND OPERATION.

    14.1 Notices and Correspondence. Notices required by this Contract shall be made to the following addresses:

County	Contractor
Name: Riley Brimhall	**Name: Matt Woltman**
Address: PO Box 1348 **Florence, AZ 85132**	**Address:** 345 W. 32nd St. Yuma, AZ 85364
Title: Procurement Officer	**Title: Buyer**
Email: Purchasing@Pinal.gov	**Email: matt@spragues.com**

An authorized County representative and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the contract shall not be necessary.

14.2 Click-Through Terms and Conditions. If either party uses a web based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of the County do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the contract. Accordingly, where an authorized County user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering Systems, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized County user is required to accept or be made subject to any terms and conditions in accessing or employing any materials or services, those terms and conditions will also be void.

14.3 Books and Records. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating for any cost and pricing data submitted* in satisfaction of § 41-2543 for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Per A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records *relating to performance under the contract* for the period specified in the statute and those retained books and records are subject to audit by the County during that period. Accordingly, Contractor or Subcontractor shall either make all such books and records available to the County at all reasonable times or produce the records at a designated County office on the County's demand, the choice of which being at the County's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

14.4 Contractor Licenses. Contractor and Subcontractor(s) shall maintain in current status all federal, state, and local licenses and permits required for the operation of its business in general, for its operations under the contract, and if required by this contract, the work itself.

14.5 Inspection and Testing. Per A.R.S. § 41-2547, the County may at reasonable times inspect the part of Contractor's or Subcontractors' plant(s) or places of business related to performance under the contract. Accordingly, Contractor agrees to permit (for itself) and ensure (for Subcontractors) access for inspection at

any reasonable time to its facilities, processes, and services. The County may inspect or test, at its own cost, any finished goods, work-in-progress, components, or unfinished materials that are be supplied under the contract or that will be incorporated into something to be supplied under the contract. If the inspection or testing shows non-conformance or defects, the Contractor will owe the County reimbursement or payment of all costs it incurred in carrying out or contracting for the inspection and testing, as well as for any re-inspection or re-testing that might be necessary. Neither inspection of facilities nor testing of goods, work, components, or unfinished materials will of itself constitute acceptance by the County of those things.

14.6 Acceptance of Work.

a. Materials. The County has the right to make acceptance of materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. The County may apply as acceptance criteria conformity to the contract, workmanship and quality, whether the constituent materials used are correct, and any other matter for which the contract or applicable laws state a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. Contractor shall remove any rejected materials from the delivery location, or from any immediate locations to which it might have been reasonably necessary to move it, then inspect it, carry it off the delivery premises, and subsequently deliver an equal number or quantity of conforming items. The County will not owe Contractor any payment for rejected materials, and the County may, at its discretion, withhold or make partial payment for any rejected materials that have been returned to Contractor in those instances where the County has agreed to permit repair instead of demanding replacement.

b. Services. The County has the right to make acceptance of services subject to acceptance criteria. The County may apply as acceptance criteria conformity to the contract, accuracy, completeness, or other indicators of quality, or any other matter for which the contract or law states a requirement, whether stated directly or by reference to another document, standard, reference specification, etc. The County will not owe Contractor any payment for un-accepted services; and the County may, at its discretion, withhold or make partial payment for any rejected services if Contractor is still in the process of re-performing or otherwise curing the grounds for the County's rejection.

14.7 Ownership of Intellectual Property.

a. Rights in Work Product. Unless otherwise noted in the terms and conditions of this contract, all intellectual property originated or prepared by Contractor pursuant to the contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the contract, shall be considered work product and shall be the exclusive property of Contractor, provided that County has Government Purpose Rights to that work product as and when it was delivered to County.

(1) "Government Purpose Rights" are: (i) the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which the County is a party; (ii) the right to release or disclose that work product to third parties for any County purpose; and (iii) the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any County purpose; such recipients being understood to include the federal government, the state government, and various local governments.

(2) "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from, or disclose that work product for any commercial purpose or to authorize others to do so.

b. Joint Developments. The parties may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

c. Pre-Existing Material. All pre-existing software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of the contract or applicable purchase orders are not part of the work product to which rights are granted as stated above, and will remain the exclusive property of Contractor, provided that:

(1) Any derivative works of such pre-existing material or elements thereof that are created pursuant to the contract are part of that work product;

(2) Any elements of derivative work of such pre-existing material that was not created pursuant to the contract are not part of that work product; and

(3) Except as expressly stated otherwise in the contract, nothing in the contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing materials.

d. Developments Outside of Contract. Unless expressly stated otherwise in the Terms and Conditions, the contract does not preclude Contractor from developing competing materials outside the contract, irrespective of any similarity to materials delivered or to be delivered to the County hereunder.

14.8 Subcontracts. The Contractor shall not enter into any subcontract under this contract for the performance of this contract without the advance written notice to the Procurement Officer. The Contractor shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities. It is expressly understood that all persons employed by the Contractor, either directly or indirectly, shall be considered employees or agents of the Contractor and not the County. Nothing contained in any contract or joint venture agreement shall create any contractual relationships between any subcontractor and County, nor shall the same create any obligation on the part of the County to pay any subcontractor. The subcontract shall incorporate by reference the terms and conditions of this contract.

14.9 Non-Discrimination. Contractor shall comply with the State of Arizona Executive Order No. 2009-09 and all other applicable federal, state and local laws, rules, and regulations regarding non-discrimination and equal opportunity, including the Americans with Disabilities Act.

14.10 E-Verify Requirements. As required by A.R.S. § 41-4401, Contractor and each subcontractor warrants compliance with A.R.S. § 23-214(A) and all federal immigration laws and any regulations relating to the immigration status of their employees. Contractor and each subcontractor acknowledge that under A.R.S. § 41-4401, the County retains the legal right to inspect the papers of any Contractor or subcontractor employee who works under the contract to ensure that Contractor or subcontractor is in compliance with the foregoing warranty and understands that a breach of the foregoing warranty under shall be deemed a material breach of the contract that is subject to penalties up to and including termination of the contract.

14.11 Offshore Performance of Certain Work Prohibited. Any services that are described in the specifications or Scope of Work that directly serve the County or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or 'overhead' services, redundant back-up services, services performed through remote access to the County network, or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers. Responders shall declare all anticipated offshore services in the proposal.

14.12 Estimated Quantities. Unless expressly stated otherwise in the solicitation, the (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on orders; (b) County makes no commitment of any kind concerning the quantity or monetary value of activity, work or services actually initiated or completed during the term of the contract; (c) Contractor shall only deliver or perform as authorized by orders; and (d) County is not limited as to the number of orders it may issue for the contract.

14.13 Non-Exclusivity. This contract is entered into with the understanding and agreement that it is for the sole convenience of Pinal County. The County reserves the right to obtain like materials or services from another source when necessary without penalty or obligation. The County reserves the right to make additional awards by aggregate, line item, regional area, or any other division of goods and services as determined to be in the best interest of the County.

14.14 Additions and Deletions to Contract. The County reserves the right to add and/or delete goods or services to the Contract. If a service requirement is deleted, payment to the Contractor will be reduced proportionately, to the amount of service reduced in accordance with the bid price. If additional materials are required from a Contract, prices for such additions will be negotiated between the Contractor and the County.

14.15 Applicable Taxes. The Contractor shall be responsible for paying all applicable taxes. Pinal County is subject to all applicable state and local transaction privilege taxes. The County is exempt from certain federal excise tax on manufactured goods. The County will provide the necessary exemption certificates as evidence. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes. Contractor and all subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons

employed by the Contractor. Contractor shall, and require all subcontractors to hold the County harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with County unless not required by law.

14.16 Eligible Agencies. This contract shall be for the permissive use by Pinal County. The County has entered into various cooperative purchasing agreements with other Arizona government entities in order to conserve resources, reduce overhead and purchase costs and improve delivery time. The contract resulting from this Solicitation may be extended for use by other municipalities, school districts and government agencies in the State of Arizona with the approval of the Contractor. Orders placed by other agencies and payment thereof will be the sole responsibility of that agency. The County shall not be responsible for any disputes arising out of transactions made by others. Contractor shall sell to cooperative entity at the same price and on the same lead times and other terms and conditions on which it sells to the County, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the cooperative entity is having materials delivered or installed or services performed at locations not contemplated in the contracted pricing (e.g. delivery at a location outside Arizona).

14.17 Transitions. During commencement of the contract the Contractor shall attend transition meetings with outgoing suppliers as requested by the County to coordinate efforts, ease the transition, and minimize disruption in the County's operations. The County may elect to have outgoing suppliers complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible, even if that scope is covered under the contract with the new supplier. Conversely, the County anticipates having a continued need for the same materials and services upon expiration or earlier termination of the contract. Accordingly, Contractor shall work closely with any new (incoming) supplier and the County to ensure a smooth and complete transfer. The County's representative shall coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both the existing Contractor and the incoming supplier. During the outgoing transition, the County may elect to have the outgoing Contractor complete some or all of their work or orders in progress to help ensure the safest and most efficient transition possible.

14.18 Other Contractors. The County may undertake with its own resources or through award of other contracts to the same or other suppliers, additional or related work. In such cases, the Contractor shall cooperate fully with the County's employees and other suppliers and carefully fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the contract requires handing-off Contractor's work to others, Contractor shall cooperate as the County instructs regarding the necessary transfer of its work product, services, or records to the County or the other suppliers. Contractor shall not commit or permit any act that interferes with the County's or other suppliers' performance of their work, provided that, the County shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

14.19 Work on County Premises.

a. Compliance with Rules. Contractor is responsible for ensuring that its personnel comply with County's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing materials or performing services on County grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the contract. Contractor is reminded that violation under Pinal County Security policy 2.10 to possess a firearm, ammunition, or an explosive device in a County building is a material breach of contract and grounds for termination for default.

b. Protection of Facilities and Grounds. Contractor shall deliver or install the materials and perform the services without damaging any County facilities or grounds. Contractor shall repair or replace any damage it does cause promptly and at its own expense, subject to whatever instructions and restrictions the County needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements and do so in a timely manner, the County will be entitled to exercise its remedies under paragraph 17.5 “Right to Offset.”

14.20 Advertising, Publishing, and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this contract without the prior written approval of the Procurement Officer.

14.21 Israel Boycott Prohibited. **Pursuant to A.R.S. § 35-393.01(A) and to the extent allowable by law**, if the Contractor engages in for-profit activity and has ten (10) or more employees, and if this agreement has a value of $100,000 or more, the Contractor certifies it is not currently engaged in, and agrees for the duration of this agreement to not engage in, a boycott of goods or services from Israel. This certification does not apply to a boycott prohibited by 50 U.S.C. § 4842 or a regulation issued pursuant to 50 U.S.C. § 4842.

14.22 Use of Forced Labor of Ethnic Uyghurs Prohibited. Pursuant to A.R.S. § 35-394, the use of forced labor, any goods produced by forced labor or contractors or subcontractors that utilize the forced labor of Ethnic Uyghurs in the People’s Republic of China is prohibited. Written certification that the contractor complies with this provision shall be submitted to the County. If written certificaiton has been submitted, and the contractor later determines that it is not in compliance with this provision, it shall notify the County within five (5) business days. If the County does not receive notificaiton that within one hundred and eighty (180) days of finding the violation, the company has remedied the violation of this section, the contract will terminate. If the contract naturally or otherwise terminates before the end of the one hundred and eighty (180) day remedy period, the contract terminates on the contract termination date.

15. CONTRACT CHANGES.

15.1 Contract Amendments. The contract is issued under the authority of the Pinal County Board of Supervisors. Only a contract amendment can modify the contract and then only if it does not change the contract's general scope. Purported changes to the contract by a person not expressly authorized by the Procurement Officer or made unilaterally by Contractor will be void and without effect; Contractor will not be entitled to any claim made under the contract based on any such purported changes.

15.2 Signing of Contract Amendments. Contractor's counter-signature (or "approval") of contract modifications is not required to give effect if the contract amendment only covers either:

a. Extension of the term of the contract within the maximum aggregate term;
b. Revision to Procurement Officer appointment or contact information; or
c. Modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the contract.

In every case other than those listed in a, b, and c above, both parties' signature (or "approval") of a contract modification is required to give it effect.

15.3 Assignment and Delegation. Contractor shall not assign in whole its rights or delegate in whole its duties under the contract without the Procurement Officer's prior written consent, which consent the Procurement Officer may withhold at his or her discretion. The Procurement Officer shall not unreasonably withhold approval of assignment or delegation. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such consent will be given in any event without the assignee or delegate giving County satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when County first awarded it the contract. This contract and all of the terms, conditions and provisions herein, shall extend to and be binding upon the heirs, administrators, executors, successors, and assigns of the parties hereto.

16. RISKS AND LIABILITIES

16.1 Risk of Loss. Contractor bears all risk of loss to materials while in pre-production, production, storage transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the Scope of the Work, until they have been received and accepted as conforming by the County at the location designated in the purchase order or contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming materials shall remain with the Contractor regardless of receipt.

16.2 Contractor Insurance. The Contractor and any tier of Subcontractor shall purchase and maintain insurance, until all of their obligations have been discharged including any warranty periods under this contract, against claims for injury to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Contractor, his agents, representatives, employees, or Subcontractors. Failure to do so may, at the sole discretion of the County, constitute a material breach of the contract.

The insurance requirements herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The County in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

a. Minimum Scope and Limits of Insurance. Contractor shall purchase and maintain coverage with coverages and limits of liability not less than those stated below.

(1) Commercial General Liability (CGL). Commercial General Liability Insurance with a limit of not less than $2,000,000 for each occurrence, $4,000,000 General Aggregate Limit, and $4,000,000 Completed Operations/Products Aggregate or a limit of not less than $1,000,000 for each occurrence, $2,000,000 General Aggregate Limit, and $2,000,000 Completed Operations/Products with the use of CG 2037 0704. . The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage, and shall not contain any provision which would serve to limit third party action over claims.

The policy shall be endorsed, as required by this written agreement, to include Pinal County, its boards, agents, representatives, officers, directors, officials, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor

The policy shall contain a waiver of transfer of rights of recovery (subrogation) against the County, its boards, agents, representatives, officers, directors, officials, and employees for any claims arising out of Contractor's work or service.

b. Additional Insurance Requirements.

(1) The Contractor's general liability policy, as applicable, shall stipulate that the insurance afforded the Contractor shall be endorsed as primary and non-contributory to any self-insurance or insurance carried by the County, its agents, officials, or employees.

(2) Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this contract.

c. Notice of Cancellation. Applicable to all insurance policies required within the insurance requirements of this contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the County.

d. Acceptability of Insurers. Contractor shall purchase and maintain the herein stipulated minimum insurance from a company or companies duly licensed by the State of Arizona and possessing a current A.M. Best rating of not less than A-6. In lieu of State of Arizona licensing, the stipulated insurance may be purchased from a company or companies, which are authorized to do business in the State of Arizona, provided that said insurance companies meet the approval of the County. The County in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

e. Verification of Coverage. Contractor shall furnish the County with certificates of insurance or formal endorsements as required by the contract at least fourteen (14) calendar days prior to commencing work or services under the contract. Such certificates shall identify this contract number and project description and shall be sent directly to the attention of Pinal County Purchasing Department. In the event any insurance policy(ies) required by this contract are written on a "claims made" basis, coverage

shall extend for two years past completion and acceptance of the Contractor's work or services and as evidenced by annual certificates of insurance. If a policy does expire during the life of the contract, a renewal certificate must be sent to the County a minimum of fourteen (14) calendar days prior to the expiration date. The form of any insurance policies, limits, endorsements and forms must be acceptable to the County. The County shall not be obligated, however, to review such policies and/or endorsements or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of County's right to insist on strict fulfillment of Contractor's obligations under this Contract.

f. Subcontractors. All coverages for all tiers of Subcontractors shall be subject to the minimum insurance requirements identified above. The County reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its Subcontractors have the required coverage.

g. Approval and Modifications. The County reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

16.3 Basic Indemnification. To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless County indemnitees from indemnified basic claims that:

a. Are caused or alleged to be caused in whole or in part by the negligent or willful acts or omissions of a Contractor indemnitor;

b. Arise out of or are recovered under workers' compensation laws; and/or

c. Arise out of a Contractor indemnitor's failure to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. The parties specifically intend that the Contractor indemnitors shall indemnify the relevant County indemnitees from and against indemnified basic claims in all instances except where the indemnified basic claim arises solely from those County indemnitees' own negligent or willful acts or omissions. Wherever the indemnification under this subparagraph applies, Contractor is responsible for primary loss investigation, defense, and judgment costs for an on behalf of the other Contractor indemnitors with respect to County indemnitees, and accordingly Contractor is also responsible for any cooperation, contribution, or subordination between or amongst the Contractor indemnitors. In consideration of the award of the contract by a County indemnitee, Contractor hereby waives all rights of subrogation against County indemnities for losses arising from the work.

d. It is the specific intention of the County and the Contractor that the County shall, in all instances, except for the gross negligent or willful acts of the County, be indemnified, defended and held harmless by the Contractor from and against any all demands, claims, suits, losses, and damages.

16.4 Patent and Copyright Indemnification. With respect to materials or services provided or proposed by a Contractor indemnitor for performance under the contract, Contractor shall indemnify, defend and hold harmless County indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright,

or trade secret by the materials and the services. With respect to the defense and payment of claims under this subparagraph:

a. County shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

b. Contractor, with reasonable consultation from County shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

c. County may elect to participate in such action at its own expense; and

d. County may approve or disapprove any settlement or compromise, provided that the County shall not unreasonably withhold or delay such approval or disapproval; and the County shall cooperate in the defense and in any related settlement negotiations.

Force Majeure.

a. Relief From Performance. Except for payment of sums due, the parties are not liable to each other if an occurrence of force majeure prevents its performance under the Contract. If either party is delayed at any time in the progress of its performance under the Contract by an occurrence of force majeure, the delayed party shall notify the other no later than the following working day after the occurrence, or as soon as it could reasonably have been expected to recognize that the occurrence had effect in cases where the effects were not readily apparent. In any event, the notice must make specific reference to this paragraph specifying the causes of the delay in the notice and, if the effects of the occurrence are on-going, provide an initial notification and thereafter the delayed party shall provide regular updates until such time as the effects are fully known. To the extent it is able, the delayed party shall cause the delay to cease promptly and notify the other party when it has done so. The parties will extend the time of completion by Contract Amendment for a period equal to the time that the results or effects of the delay prevented the delayed party from performing.

b. Excusable Delay is Not a Default. Failure in performance by either party will not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if and to the extent that such failure was or is being caused by an occurrence of force majeure.

c. Default Diminishes Relief. Entitlement to relief from the effects of an occurrence of force majeure is diminished to the extent that the delay did or will result from the affected party's default unrelated to the occurrence, in which case the other party's normal remedies and the affected party's obligations would apply undiminished.

16.5 Third Party Antitrust Violations. The Contractor assigns to the County any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor, toward fulfillment of this contract.

17. WARRANTIES

17.1 Liens. Contractor warrants that the materials and services when accepted will be and will remain free of liens or other encumbrances.

17.2 Conformity to Requirements. Contractor warrants that, unless expressly provided otherwise elsewhere in the contract, the materials and services will for one (1) year after acceptance and in each instance:

a. Conform to the requirements of the contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any Contractor affirmations included as part of the contract;

b. Be free from defects of material and workmanship;

c. Conform to or perform in a manner consistent with current industry standards; and

d. Be fit for the intended purpose or use described in the contract.

Mere delivery or performance does not substitute for express acceptance by County. Where inspection, testing, or other acceptance assessment of materials or services cannot be done until after installation, the forgoing warranty will not begin until County's acceptance.

17.3 Product Safety. Materials as shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, the County is not responsible for making any materials safe or compliant following acceptance and is relying exclusively on Contractor to deliver only products that are already safe and compliant.

17.4 Contractor Personnel. Contractor warrants that its personnel will perform their duties under the contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the contract. Contractor further warrants that its key personnel will maintain any certifications relevant to their work, and Contractor shall provide individual evidence of certification to the County upon request.

17.5 Data Protection and Confidentiality of Records.

a. Proprietary and Sensitive Data. Contractor warrants that it will establish and maintain procedures and controls acceptable to the County for ensuring that the County's proprietary and sensitive data is protected from unauthorized access and information obtained from County or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all data created by Contractor in any way related to the contract, provided to the Contractor by the County or prepared by others for the County are proprietary to the County and all information by those same avenues is the County's confidential information. To comply with the foregoing warrant:

(1) Contractor shall: (i) notify the County immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external security breach, internal breach, system failure, or procedural lapse; (ii) cooperate with the County to identify the source or cause of and respond to

each unauthorized access or inappropriate disclosure; and (iii) notify the County promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

(2) Contractor shall not: (i) release any such data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the contract, unless the County has agreed otherwise in advance and in writing; or (ii) respond to any requests it receives from a third party for such data or information, and instead route all such requests to the County's designated representative.

b. Personally Identifiable Information. Contractor warrants that it will protect any personally identifiable information ("PII") belonging to the County's employees' or other Contractors or members of the general public that it receives from the County or otherwise acquires in its performance under the contract. (For purposes of this paragraph PII has the meaning given in the [federal] Office of Management and Budget (OMB) Memorandum M-07-16 Safeguarding Against and Responding to the Breach of Personally Identifiable Information; and "protect" means taking measures to safeguard personally identifiable information and prevent its breach that are functionally equivalent to those called for in that OMB memorandum and elaborated on in the [federal] General Services Administration (GSA) Directive CIO P 2180.1 GSA Rules of Behavior for Handling Personally Identifiable Information.) NOTE: For convenience of reference only, the OMB memorandum is available at: https://georgewbush-whitehouse.archives.gov/omb/memoranda/fy2007/m07-16.pdf
NOTE: For convenience of reference only, the GSA directive is available at: https://www.gsa.gov/directives-library/gsa-rules-of-behavior-for-handling-personally-identifiable-information-pii-2

c. Protected Health Information. Contractor warrants that, to the extent performance under the contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

(1) Is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (i) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (ii) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR 45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (iii) the County's current and published PHI/ePHI privacy and security policies and procedures;

(2) Will cooperate with the County in the course of performing under the contract so that both the County and Contractor stay in compliance with the requirements above and will sign any documents that are reasonably necessary to keep both the County and Contractor in compliance with the requirements above, in particular "Business Associate Agreements" in accordance with the Privacy Rule. NOTE: For convenience of reference only, the Privacy Rule is available at: http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

17.6 Intellectual Property. Contractor warrants that the materials and services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

17.7 Compliance with Applicable Laws, Licensing and Permits. Contractor warrants that the materials and services supplied under this Contract do and will continue to comply with all applicable Federal, state and local laws, and the Contractor shall maintain all applicable licenses and permit requirements.

17.8 Lobbying. Contractor warrants that it will not engage in lobbying activities as defined in 40 CFR part 34 and A.R.S. § 41-1231, *et seq.*, using monies awarded under the contract. Upon award of the Contract, Contractor shall disclose all lobbying activities to the County to the extent they are an actual or potential conflict of interest or where such activities would create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure that monies awarded under the contract are not used for lobbying. Subcontractors shall be subject to these same provisions. Contractor shall include "anti-lobbying" provisions in all subcontracts. This paragraph does not apply to the extent that the services are defined in the contract as being lobbying for the County's benefit or on the County's behalf.

17.9 Survival of Rights and Obligations. All representations and warranties made by Contractor under the contract will survive the expiration or earlier termination of the contract. The Contractor shall, in accordance with all terms and conditions of the contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this contract.

18. COUNTY'S CONTRACTUAL REMEDIES

18.1 Right to Assurance. If the County in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the County's option, be the basis for terminating the contract under the Terms and Conditions or other rights and remedies available by law or provided by the contract.

18.2 Stop Work Order. The County may at any time require Contractor to stop all or any part of the work by written order. Upon receipt of a stop order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize incurring of further costs during the period of stoppage that might be chargeable to County associated with the portions of the work covered by the order. If Contractor incurs losses, it may make a claim under the Pinal County Procurement Code.

18.3 Non-exclusive Remedies. The County's rights and remedies under the contract are not exclusive.

18.4 Nonconforming Tender. The materials provided and services performed must comply fully with the contract. Providing materials or performing services or any portion thereof that do not comply fully constitutes a breach of contract, in which event the County will be entitled to exercise any remedy available to it under the contract or laws.

18.5 Right to Offset. The County is entitled to offset against any sums due contractor, any expenses or costs the County incurs, or damages the County assessed concerning Contractor's non-conforming performance or

failure to carry out the work, including any expenses, costs, and damages to which it is entitled by the contract or laws.

19. CONTRACT TERMINATION

19.1 Termination for Conflict of Interest. Pursuant to A.R.S. § 38-511, the County may terminate this contract within three (3) years after the effective date without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the contract on behalf of the County is or becomes an employee or agent of any other party to the contract in any capacity or a consultant to any other party to the contract with respect to the subject matter of the contract. Any such termination will be effective when Contractor receives the County's written notice of the termination unless the notice specifies a later date. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

19.2 Gratuities. The County may by written notice, terminate the contract in whole or in part if the County determines that employment or a gratuity was offered or made by Contractor or a representative of Contractor to any officer or employee of the County for the purpose of influencing the outcome of the procurement or the administration of the contract, or in anticipation of receiving any favorable treatment concerning the contract or performance of the contract. The County, in addition to any other rights or remedies available to it, will be entitled to recover exemplary damages in the amount of three (3) times the value of the gratuity offered by Contractor.

19.3 Suspension or Debarment. The County may, by written notice to Contractor, terminate the contract immediately if the County discovers that Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body. The County has taken Contractor's submittal of the accepted offer and will take its performance under the contract as Contractor's attestation that it is not currently suspended or debarred. If Contractor subsequently becomes suspended or debarred, it shall notify the Procurement Officer immediately.

19.4 Termination for Convenience. The County may terminate the contract when in the best interest of the County, in whole or in part, at any time, and without penalty or recourse on Contractor's part other than as expressly stated in the contract. Upon receipt of the County's written termination notice, Contractor shall stop work as directed in the notice, notify all subcontractors of the termination and its effective date, and minimize any further costs that might be chargeable to the County. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. In the event of termination under this paragraph, all documents, data, and reports prepared by Contractor under the contract will become the County's property and Contractor shall deliver it all promptly on demand. Contractor will be entitled to receive just and equitable compensation for necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted before the effective date of the termination.

19.5 Termination for Default. In addition to the rights reserved to it under the contract, the County may terminate the contract in whole or in part due to Contractor's failure to:

a. Comply with any requirement, term, or condition of the contract;

b. Obtain and maintain all required insurance policies, bonds, licenses, and permits;

c. Make satisfactory progress in carrying out the work; or

d. Failure to conduct business in an ethical or legal manner.

Procurement Officer shall give written notice of the termination and the reasons for it. Upon termination under this paragraph, all documents, data and reports prepared by Contractor under the contract and all necessary and attributable unfinished materials on hand, work in progress, work completed, and work accepted will become County's property, and Contractor shall deliver all of it immediately on demand. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice. The County may, following termination of the contract under this paragraph, procure on terms and in the manner it determines to be appropriate materials or services to replace those that were to have been provided or performed by Contractor, and Contractor will be liable to the County for any excess cost the County incurs in procuring such substitutes.

20. CONTRACT CLAIMS

20.1 Claim Resolution. All claims and controversies shall be subject to the Pinal County Procurement Code.

20.2 Arbitration. It is understood and agreed that no provision of any resulting contract shall require arbitration upon the County except by the County's express written consent given subsequent to the execution of the contract. However, if both parties agree, disputes may be resolved through arbitration. The dispute shall be resolved as provided for in A.R.S. § 12-1501, *et seq*. The Contractor shall continue to render the services required by this contract without interruption, notwithstanding the provisions of this section.

PINAL COUNTY

This agreement and exhibits hereto, as well as any purchase orders issued against this agreement, shall constitute the entire agreement between the parties with respect to the goods or services ordered under this agreement. No amendment to this agreement will be effective or binding upon the parties unless set forth in writing.

IN WITNESS THEREOF, the parties have affixed their signatures to this Contract on the date written below.

Re: Contract Amendment for RFP #220726RFP Public Health Clinic Services

It is requested that the Board approve a contract term extension for the following suppliers who provide Public Health Clinic Services for the Public Health Department:

Rebecca N. Strand
Sindy L. Sheldon
Tanique Vaughn – Nursis Staffing

The County has spent approximately $30,000 on these contracts in the last year and the same is anticipated in the next year of the contract.

The current term of this contract expires on August 31, 2025. The new term, if approved, will begin on September 1, 2025, and will continue through August 31, 2026. After this extension, no further extensions remain.

It is also requested the Board authorize the Director of the Office of Budget and Finance to approve and sign resulting purchase orders and related administrative documents. All other terms and conditions remain unchanged.

Respectfully submitted,

Re: Contract Amendment for ROQ #226327 JOC for Housing Electrical Installation, Repair, Renovation and Replacement

It is requested the Board approve a contract term extension with JMAC Electric who provide JOC for housing electrical installation, repair, renovation and replacement for Housing and CDBG.

The County has spent $16,000.00 on this contract in the last year and the same is anticipated in the next year of the contract.

The current term of this contract expires on August 2, 2025. The new term, if approved, will begin on August 3, 2025, and will continue through August 2, 2026. After this extension, one (1) one-year optional extension will remain.

It is also requested the Board authorize the Director of the Office of Budget and Finance to approve and sign resulting purchase orders and related administrative documents. All other terms and conditions remain unchanged.

PINAL COUNTY

Tablet Program Cost/Commission
Amendment 01

To accommodate various pricing structures while ensuring an equivalent comparison of costs, the County requests that Responders propose cost as the total cost to an inmate using the following assumption:

Based on an average stay of 11 days and assuming

the following usage: 2 hours each day

watching movies
2 hours each day listening to music
1 hour each day
spent playing
games 1 message
sent each day
1 message received each day
1 picture received during the inmate's stay

1. Total **cost to the inmate** during the 11-day stay assumption:

$32.50

2. The **commission paid to PCSO-ADC** based on the 11-day stay assumption:

$10.08 which equates to 31% on all paid entertainment tablet services and inmate messaging.

The Responder shall itemize any and all charges and fees that are charged to the inmate or to the inmate's friends/family. If the County has omitted any specific fee, please add in the space provided. No other fees or charges will be allowed if not listed here.

The Inmate Tablet Program rates, fees and commissions **SHALL NOT** exceed any rates mandated by Local, State, or Federal laws or regulations.

Offer that do not include the completed Response Form or include a completed Response Form with unacceptable responses may cause that section to be deemed unacceptable and therefore non-responsive

NOTE: Rates do NOT include Federal, State, and/or Local taxes or regulatory fees.

Enhanced Communications, Enhanced Services and Accessories Rates.

i. "Enhanced Communications" means voice communications and/or video visitation.

ii. "Enhanced Services" means information services, educational, law library, entertainment products, and mail scanning services, and recording and storage offered through a Tablet.

iii. Contractor may apply the following charges on Enhanced Communications, Enhanced Services and the use of the Tablets; provided, however, Contractor may in its discretion change any pricing. Taxes, and regulatory and other mandated fees may also apply.

Re: Contract Amendment for IFB #250529 Aggregate, Slurry and Portland Cement

It is requested the Board approve a contract term extension with the following suppliers who provide aggregate, slurry and portland cement for the Development Services Department:

Affinity Material Solutions
CalPortland Company
Smithco Enterprises, Inc.
Vulcan Materials Company

The County has spent approximately $1,000,000.00 on these contracts in the last year and the same is anticipated in the next year of the contract.

The current term of this contract expires on August 20, 2025. The new term, if approved, will begin on August 21, 2025, and will continue through August 20, 2026. After this extension, three (3) one-year optional extensions will remain.

It is also requested the Board authorize the Director of the Office of Budget and Finance to approve and sign resulting purchase orders and related administrative documents. All other terms and conditions remain unchanged.

State Route 24 Extension, Ironwood Drive to US 60
Change Order No. 4 Scope of Work and Fee Proposal
Pinal County Project No. 60640697 | Pinal County Contract No. 205926ROQ

Dear Ms. Garza:

The Dibble Team is excited for the opportunity to support the County on the DCR for the **State Route 24 Extension**. This proposal includes the following scope elements:

- Initial/Final DCR, Alternative Selection Report
- Enviro. Clearance for ROW Early Acquisition
- Traffic Report Updates
- 15% Plans and Cross Sections
- Public Outreach Support & Agency Coordination
- Initial Drainage Report

The elements and tasks of this CO are described in detail within the attached Scope of Work. Our team is prepared to complete the services described herein for a fixed, lump sum fee as summarized below:

	Dibble	Jacobs	Vertical Mapping	Barnhart Co	Total

SECTION 1. GENERAL INFORMATION

1.1 Location

The proposed State Route 24 (SR 24) study limits is a 9-mile east-to-west extension of SR 24 from Ironwood Drive to United States Route 60 (US 60). A location map is included in Appendix A.

The study corridor is located entirely within Pinal County and passes through portions of the Town of Queen Creek. The corridor also passes through Arizona State Trust Land.

The County has completed a draft DCR of a future parkway, the Central Arizona Parkway (CAZP), from the SR 24 extension to Arizona Farms Road (11.31 miles).

1.2 Description

Pinal County, in cooperation and coordination with cities and towns, completed the Regionally Significant Routes for Safety and Mobility (RSRSM) study in 2008. That Study defined a transportation network that will provide connectivity in Pinal County. This long-range regional transportation network identified the need for a facility that safely handles the projected high east-west and north-south travel demands within the study area.

Several additional studies identified the need for high-capacity transportation corridors within the same area of Pinal County. These studies include:

- Pinal County Small Area Transportation Study (Aug. 2006)
- Gila River Indian Community Multimodal Pedestrian Safety Study (Dec. 2014)
- Queen Creek Transportation Master Plan (Dec. 2016)
- San Tan Valley Special Area Plan (Oct. 2018)
- Florence Transportation Planning Study (Feb. 2020)
- Pinal County Comprehensive Plan (Jan. 2021)
- Town of Queen Creek & Pinal County Small Area Transportation Study (Dec. 2021)
- Heritage Road Design Concept Report Study (Jun. 2022)

The SR 24 Design Concept Report (DCR) is a conceptual-level design effort that identifies the potential impacts, mitigation, coordination, scheduling, and costs associated with development and construction of the corridor.

The work under this project will include the preparation of an Initial and Final DCR, and a Draft and Final environmental documentation (State Environmental Clearance for ROW Early Acquisition) that meets the evaluation and documentation requirements of the National Environmental Policy Act (NEPA). It is anticipated that an Environmental Assessment (EA) and associated decision document (e.g., Finding of No Significant Impact) will be required for federal funding. This scope includes additional fieldwork and technical report updates due to a larger Area of Potential Effect (APE) for the potential roadway and drainage improvements. This scope also includes updating the previously prepared State Environmental Clearance for ROW Early Acquisition that will be sufficient for the County to expend dedicated legislative funding to acquire some of the right-of-way needed for the project. Public involvement, agency coordination, and developer and stakeholder coordination will be maintained throughout the project duration to build consensus among local communities, agencies, and stakeholders.

The work effort shall be consistent with the Arizona Department of Transportation (ADOT) procedures for DCR Studies and Environmental Studies. This work will include data collection and analysis of several topics as outlined above.

The DCR will evaluate a maximum of two different alignments for the SR 24 connection to US 60 and a maximum of two different types of interchanges.

This scope of work will include developing 15% plans for the ultimate facility (three lanes in each direction). However, it is understood that an interim facility will be constructed initially, which will include either one or two lanes in each direction with no structures for the traffic interchanges. The ultimate ramps will be constructed and used as the mainline, which is similar to the existing SR 24 configuration from State Route 202 to Ironwood Road. A structure will be required over the Central Arizona Project (CAP) canal and Rittenhouse Flood Retarding Structures (FRS).

Final design, post design, and construction administration services are not included in this scope of work.

1.3 Purpose

The purpose of this project is to improve the safety, mobility and connectivity of the cities, towns, and Pinal County transportation networks. This project shall remain sensitive to environmental concerns and mitigation requirements of the NEPA document and shall rely on cooperation, coordination, and support from project stakeholders.

The ultimate improvement project could be constructed under multiple contracts. The DCR will include an implementation plan that identifies the number and recommended schedule of construction projects.

1.4 Programming

The SR 24 construction project has not been budgeted by any of the local agencies' Councils or Board. The results of this study will determine an estimated construction cost which will be forwarded to Councils and Boards for inclusion in their respective Capital Improvement Programs.

1.5 Organization

Pinal County Public Works Department will manage the DCR project.

1.6 Length of Services

The length of service for this project is estimated to be 365 calendar days from notice to proceed and includes all reviews and stakeholder coordination. Within two weeks of the NTP, the consultant shall develop a schedule for the completion of activities necessary for delivering the project.

1.7 Project Deliverables

Listed below are the project deliverables identified for this project:

Traffic Report Update
Preliminary Drainage Report
Alternatives Selection Report
Initial DCR with 15% plans
Final DCR with 15% plans
Draft technical documentation and EO
Final technical documentation and EO

1.8 Responsibility Chart

Appendix B includes a chart indicating the division of responsibilities between the consultant, the County, and other stakeholders. This chart is intended as a "checklist" in the event of conflict the written Scope of Work shall take precedence.

SECTION 2. AERIAL TOPOGRAPHY AND MAPPING

Aerial topography and mapping have been performed previously under this contract for the following three corridors:

- Northern alignment of SR 24 Extension (Frye Road) from Ironwood to the CAP
- CAZP from the SR 24 Extension to Ocotillo Road
- Germann Road from Kenworthy Rd to the CAZP

This task includes providing aerial topography and mapping continuing easterly along the northern alignment of the SR 24 Extension from the CAP to the US60 (approximately 6.6 miles). This task will include two different alignments for connecting with US 60. Dibble will prepare topographic, land right, and existing utility base mapping to support the design development and plan production elements of this project as described in Task 2.1 through Task 2.3.

The previous and proposed mapping limits correspond to the Northern alignment (Frye Road) of the SR 24 Extension. The Southern alignment (Germann Road) of the SR 24 Extension will not have mapping performed with this scope.

2.1 Control and Field Survey [DIBBLE]

Dibble will perform control survey and set target panels for use in rectifying aerial mapping. The survey will be a topographic survey, based on the County's Horizontal and Vertical Datum (NAVD '88). Coordinates (northing and easting) will be based upon the Arizona State Plane, Central Zone Coordinate System, and monuments will be located within the mapping limits.

In addition to setting target panels, Dibble will perform supplemental field survey at the CAP and Flood Retarding Structure (FRS) where the SR 24 Extension will cross. Global Positioning Systems (GPS) and conventional and differential leveling methods will be utilized to establish the required project control. No new permanent control will be established with this project.

2.2 Aerial Topography [DIBBLE & VERTICAL MAPPING RESOURCES]

As a subconsultant to Dibble, Vertical Mapping Resources will provide topographic mapping for the additional 6.6 miles described above. Dibble will manage and coordinate with Vertical Mapping Resources to ensure the work progresses in accordance with the project scope and schedule.

2.3 Topographic Base Mapping [DIBBLE]

Dibble will create a 3D base map of the topographic features with a surface of one-foot final design level contour intervals for State Route 24. A 2D base map will be created showing all visible existing features and utilities based on field observations and available record data in AutoCAD 2022 format. Dibble will utilize GIS data provided by Pinal County for developing a preliminary right-of-way and parcel base map. Final right-of-way base mapping will be developed under a separate change order.

SECTION 3. DESIGN CONCEPT REPORT (DCR) [DIBBLE & JACOBS]

Consultant shall be responsible for the technical studies, field investigations, agency coordination and public involvement tasks necessary to define the parameters and activities for the development of the SR24 corridor.

The Consultant shall prepare an Initial and Final DCR. The DCR will document the proposed design criteria, alternative alignments, typical sections, access control, etc., within the corridor. The alternative recommendations will be supported by the results of the environmental review, results of the agency and public scoping meetings, community and stakeholder input, design criteria, initial drainage evaluation, initial traffic analysis, utility and right-of-way information, and other information of record.

The result of this effort will provide a comprehensive DCR intended to reach resolution of numerous topics including:

- Purpose and Need
- Project Objectives
- Characteristics of the Corridor
- Traffic and Accident Analysis
- Location Analysis
- Design Concept Alternatives
- Major Design Features of the Recommended Alternative
- Itemized Cost Estimates for the Recommended Alternative
- Implementation Plan

3.1 Characteristics of the Corridor [DIBBLE]

The Consultant shall be responsible for evaluation of the existing features along the DCR alternative alignments. This evaluation shall include the following:

- Documentation of the existing pavement widths for SR 24 west of Ironwood Drive. The evaluation of the existing pavement sections shall be based on a review of available, existing as-built plans and existing geotechnical and pavement reports. This information will be provided in tabular summary tables.
- Existing lane and shoulder widths shall be identified and documented in the DCR. An existing pavement typical section evaluation shall include identification of sections with curb and gutter, sidewalk, and additional cross-sectional roadway features. Graphical typical sections shall be included in the report.
- Identification of existing roadway design speeds (SR 24 west of Ironwood Drive). The design speeds shall be based on current AASHTO “Green Book” criteria. This shall include documentation of existing posted speeds and calculations of existing design speed based on the existing roadway geometry.
- Existing horizontal and vertical curves shall be described for the match point of SR 24 west of Ironwood Drive.
- A description of the existing right-of-way shall be included. This information shall be based on existing Pinal County Assessors information and ownership.
- The drainage characteristics of the corridor shall be described. Any watersheds, drainages, or waterways within or adjacent to the project shall be identified. A description of all drainage and irrigation facilities within or adjacent to the project shall be included. If there are any agencies or other authorities responsible for the drainage or irrigation facilities, they shall be identified.
- The total number and type of existing drainage structures (bridges, pipes, and concrete box culverts) shall be included.
- The future land use proposed for the area shall be identified and described.

The Consultant shall prepare a project location and vicinity map and other graphics, tables, and charts adequately describe the existing characteristics of the corridor.

3.2 Update Traffic Analysis [JACOBS]

3.2.1 Future Conditions

The future forecasting for this DCR will consist of the following tasks.

- Coordinating with MAG to facilitate the development of traffic models needed for the project.
- Developing daily and design hour traffic data for the SR 24 mainline and project TIs for the opening, and design years. Traffic data includes developing volumes for movements at intersections utilizing NCHRP accepted procedures and;
- Preparation of the narrative for the DCR. The Consultant will provide narrative related to development of the traffic data including text and figures detailing population, transportation, land use and socioeconomic assumptions. The Consultant will develop lane diagram exhibits illustrating the traffic data along the project area.

3.2.2 Traffic Analysis

A VISSIM Traffic Operations Model will be developed for the roadway network (SR 24), within the project limits, to analyze the opening year and future traffic volumes under the opening and future No-Build and Build conditions. Synchro software will be utilized for the TI intersection analysis and to develop the lane configuration at the TI intersections. Under the Build scenario the modeling will be limited to two (2) alternatives. The alternatives will be analyzed with the existing and projected traffic volumes to determine the performance measures including Level-of-service; Queues, Delays, Density, Speed etc. The alternatives analysis scenarios include:

- Opening year (2025): Mainline, Ramps, Merge/Diverge areas, TI intersections
  - AM peak – Opening Year Traffic Volumes and 2025 Geometry
  - PM peak - Opening Year Traffic Volumes and 2025 Geometry
- No-Build Conditions (2050): Mainline, Ramps, Merge/Diverge areas, TI intersections
  - AM peak – 20500 Projected Traffic Volumes and Existing Geometry
  - PM peak - 2050 Projected Traffic Volumes and Existing Geometry
- Build Conditions (2050): Mainline, Ramps, Merge/Diverge areas, TI intersections (Up to 3 alternatives)
  - AM peak – 2050 Projected Traffic Volumes and Future Geometry
  - PM peak - 2050 Projected Traffic Volumes and Future Geometry

3.2.3 Traffic Report

In support of the DCR, a revised Traffic Report will be prepared to document the traffic conditions, data, and analyses from the DCR. The deliverables for this task will include an Initial Traffic Report and a Final Traffic Report.

3.3 Design Concept Alternatives [DIBBLE & JACOBS]

There are three anticipated alternatives for the SR 24 Extension that will be evaluated in the DCR: No Build, and two different tie-in points with US 60. The alternatives will be fully evaluated to identify the alternative that best meets the purpose and need for the project. The work shall include a full description of each alternative and document the alignment impacts.

The advantages and disadvantages of each alignment alternative corridor will be discussed. A matrix will be prepared to comparatively evaluate each alternative. The evaluation criteria may include:

- Current and future land use
- Right-of-way
- Environmental
- Cost
- Constructability
- Traffic Control
- Safety
- Capacity / Level of service
- Drainage / Floodplains
- Earthwork
- Utilities
- Structures
- Socioeconomic considerations
- And potential design exceptions

3.4 Major Design Features of the Recommended Alternative [DIBBLE & JACOBS]

The following items shall be evaluated and included in the analysis of the recommended alternative:

3.4.1 Introduction [DIBBLE]

3.4.2 Design Criteria [DIBBLE]

The Consultant shall include a list of the design controls proposed for the recommended alternative. The following design criteria shall be listed in tabular form:

- Project design year
- Design speeds
- Geometric controls
- Side slope standards
- Superelevation
- Maximum degree of curvature
- Maximum longitudinal grade
- Typical section requirements
- Roadway widths
- Lane widths
- Shoulder widths
- Type of access control
- Right-of-way width

3.4.3 Recommended Typical Sections [JACOBS]

The Consultant shall develop typical sections for the different segments.

3.4.4 Horizontal and Vertical Alignments [DIBBLE]

The Consultant shall describe the horizontal and vertical alignments for the recommended alternative. This shall include stationing of the alignments and geometric data sheets with curve data listed.

3.4.5 Structures [JACOBS]

The Consultant will identify and evaluate the need for new bridge structures for the corridor. The interim facility will include one potential system TI with a total of two free-flowing ramps connecting the extension of SR 24 and the CAZP. No separate wildlife crossings are anticipated. The Consultant will follow ADOT Bridge Practice Guidelines in developing concepts for bridges and structures. The Consultant shall recommend structure types and

depths to the extent necessary to develop roadway concepts. The DCR will identify type, size, and location required for preliminary cost comparisons and as a part of the study.

3.4.6 Access Management [JACOBS]

Based on a review of the property ownership data from the Pinal County Assessors database, existing and future land use, and other data, the Consultant will prepare a recommended access control plan for the corridor. The locations of proposed intersections, grade separations, interchanges, median breaks, and turnouts will be shown on the conceptual plans. Access requirements for recreation, property, and businesses abutting both existing and new right-of-way will be considered based on the recommended facility type and access control requirements. Local jurisdictions and County Planning and Zoning will be consulted during this process.

3.4.7 Right-of-Way [DIBBLE]

The Consultant will determine the right-of-way that will be required to implement the project and assess the costs associated with such acquisitions, and will:

- Identify preliminary areas of right-of-way acquisition
- Summarize right-of-way impacts in tabular form including:
    - Assessor's parcel number
    - Record owner contact information per County Assessor's records
    - Approximate area of each acquisition (acre)
    - Estimate the cost per parcel (based on land or structure unit price analysis). No formal appraisals will be completed as part of this SOW.
    - Summarize the anticipated right-of-way costs for the project

3.4.8 Drainage [DIBBLE]

The Consultant will prepare a Preliminary Drainage Report for the corridor study area using existing available studies and data, limited field review, existing mapping, and existing hydrology models.

3.4.8.1 Off-Site Drainage

- Determine the existing off-site concentration points and flow magnitudes for the 100-year storm event using existing data and studies.
- Based on existing data, assess the impacts of the project on the regional drainage patterns.
- Based on existing data, confirm existing and future drainage conditions with County and local agency staff, including discharges for all pertinent drainage systems and existing flow patterns. Assess possible drainage problems, identify possible solutions and propose tentative hydraulic improvements. Upon confirmation by the County that the project hydrology is correct, the consultant shall conduct a preliminary hydraulic analysis to determine the extent of off-site drainage improvements that may be necessary.
- The Preliminary Drainage Report will address preliminary channel locations and sizes, preliminary major culvert locations and sizes, preliminary regional detention/retention basin locations and sizes.
- No new hydrology will be developed, using only the information provided from previously accepted studies in the area.

3.4.8.2 On-Site Drainage

The Consultant shall conduct a preliminary assessment of the on-site drainage patterns. The Consultant will prepare an analysis of a collection and disposal system for the roadway drainage. The on-site drainage analysis shall confirm that no adverse or increased flows or changes to the off-site and surrounding area will take place as a result of this improvement and construction.

The Consultant shall document and photograph all existing drainage problems, evaluate recommended solutions, and ensure existing conditions are not impacted by proposed roadway improvements. An office review meeting and a field review of these findings may be necessary.

The consultant shall document the drainage problems, design approaches, solutions, and final hydraulic structure requirements in a Drainage Report and summarized in the DCR.

3.4.9 Earthwork [DIBBLE & JACOBS]

The consultant will provide information on the general geologic setting, earthwork factors, earthwork balancing, and cut and fill slope recommendations.

3.4.10 Pavement Structural Section [DIBBLE]

The consultant will use information from the completed SR 24 freeway project to approximate a pavement section for the preferred alternative. Field investigations including borings, soil samples, or laboratory testing are not included in this scope of work.

3.4.11 Interchanges/Intersections [JACOBS]

The Consultant shall evaluate traffic interchanges, intersections, and grade separation geometrics for the preferred alternative. This shall include an initial assessment of the horizontal and vertical alignments and grading limits to determine potential right-of-way requirements. Intersection layout concepts will be included for the preferred alternative. Both interim and ultimate solutions will be considered for:

- SR 24 and Ironwood Traffic Interchange
- SR24 and Kenworthy (1/2 interchange)
- SR 24 and Central Arizona Parkway System Interchange
- SR 24 and Loop 505 System Interchange
- SR 24 and US 60 System Interchange

Additional interchanges will be considered on a 2-mile spacing.

3.4.12 Utilities [DIBBLE]

Utility coordination will be performed to map existing utilities and evaluate the DCR alternatives. Additional coordination will be conducted with utility agencies to identify conflicts and to refine the relocation concept for the preferred alternative in the DCR. Prior rights documentation will be investigated. The potential relocation costs shall be used in the cost estimating for the DCR alternatives and used in the evaluation process.

3.4.13 15% Plans [DIBBLE]

The Consultant will prepare 15% concept plans for the recommended alternative.

3.5 Itemized Cost Estimate [DIBBLE]

The Consultant shall prepare a cost estimate for the recommended alternative. The cost estimates shall include the following:

- Design and environmental services (PS&E)
- Right-of-way costs

- Joint project agreement costs with other agencies
- Prior rights utilities relocation costs, based on Utility feedback.
- Construction costs
- 20% contingency for construction items
- 10% contingency for cost escalation
- Construction administration

3.6 Initial DCR Report [DIBBLE & JACOBS]

The Consultant will prepare an Initial DCR. The following is an outline of the report's requirements:

- Cover Sheet
- Title Page
- Table of Contents
- Executive Summary
- List of Tables
- List of Figures
- Introduction
    - Forward
    - Previous Studies
    - Need for Project
    - Project Goals & Objectives
    - Project Description
    - Characteristics of the Existing Corridor
    - Stakeholder Coordination
- Traffic and Accident Data

3.7 Final DCR Report [DIBBLE & JACOBS]

The Consultant shall prepare the Final DCR for signature and distribution. The report shall document the selection of the alternative to be programmed for construction and shall include refinements of the information developed in the Initial DCR and modifications resulting from review comments and public comments. The Consultant shall submit the report sealed by an Arizona-registered Professional Engineer. The distribution shall be the same as the Initial DCR report

3.8 Alternative Selection Report [DIBBLE & JACOBS]

Prior to submitting the Initial DCR, the Consultant shall prepare an Alternative Selection Report for review and distribution. The report shall discuss the corridor selection for the SR 24 Extension, as well as evaluate two potential intersection locations with US 60. For further study in the DCR, a single alignment for SR 24 and intersection location with US 60 will be recommended. The Consultant shall submit the report sealed by an Arizona-registered Professional Engineer. The distribution shall be the same as the DCR.

SECTION 4. ENVIRONMENTAL DOCUMENT [JACOBS]

The following tasks are included.

4.1 Update Technical Documents

4.1.1 Clean Water Act Compliance

- Complete a field review of additional areas not previously surveyed for jurisdictional waters of the US (WOTUS) around the Kenworthy TI.
- Modify Approved Jurisdictional Determination to include any additional waters identified during field survey within the disturbance areas for the Kenworthy TI.

4.1.2 Cultural Resources

- Conduct Class I literature review for the modified project area.
- Conduct Class III intensive pedestrian survey for the modified project area. This includes areas that were previously surveyed, as well as one area that now no longer meets Arizona State Museum survey standards (conducted in the last 10 years).
    - Kenworthy TI and SR 24 – modified area for Ramps A extend outside the previously surveyed area. It is anticipated that a 150 foot by 75-foot survey corridor would be needed.
    - Given the changes in ASM policy, previously surveyed areas more than 10 years old need to be resurveyed. There is one area measuring approximately 400 feet by 0.5-mile feet east of the CAP that will need to be resurveyed.
- Revise or addend the draft survey report to address the results of the Class I and Class III intensive pedestrian survey.
- Review modified EA cultural section related to the new survey data.

Assumptions:

- 2.5 days with three archaeologists for the fieldwork.
- No reclamation land in the modified project area.
- Current design files east of the CAP are all within the previously defined survey area for cultural resources.
- No newly or previously recorded sites need to be revisited.
- Electronic document transmittal.
- No more than one revision to the report.

4.1.3 Neighborhood Continuity/Community Cohesion

- Identify areas of neighborhood continuity and community cohesion, including residential and commercial areas through review of aerial photography and discussions with local jurisdictions
- Field verify and map locations
- Prepare Socioeconomic text for inclusion in the EO and include discussion of potential mitigation, coordination requirements, and design limitations

4.1.4 Noise

Noise-sensitive land uses defined in FHWA PART 772 - Procedures for Abatement of Highway Traffic Noise and Construction Noise within ¾-mile of the proposed corridor alignment include Category B (residences and residential common/recreational areas) uses, a school

(Category C), retail (Category F) and undeveloped parcels (Category G). The updated noise analysis will evaluate design year noise impacts and potential mitigation for receptors as based on the 2011 FHWA Highway Traffic Noise: Analysis and Abatement Guidance (guidance)

- Collect data and review electronic design files, plans, exhibits, aerials, and traffic reports. FHWA classification of vehicles into automobile, medium truck, and large truck categories for each design scenario is a required data input.
- Update the noise impact assessment to include collected design, traffic, and land use data into the FHWA Traffic Noise Model version 2.5 (TNM 2.5) model, and model simulation runs to determine future traffic noise levels associated with the no-build and one preferred design alternative. Computer Aided Drafting and Design (CADD) staff will assist in this step of the analysis.
- Updated noise mitigation assessment will include reasonable and feasible noise mitigation per FHWA guidelines. The Arizona Department of Transportation Noise Analysis Recommendation (ADOT 2017) cost-per-benefit ratio will be referenced in determining reasonable noise mitigation, as necessary.

4.2 Environmental Overview

Prepare a Draft EO incorporating all information previously gathered.

After the Public Information Meeting prepare a Final EO incorporating applicable comments from the stakeholders and from the Public Meeting.

SECTION 5. AGENCY & PUBLIC INVOLVEMENT

Information has been presented to the public through a variety of formats for this project to date. Additional public outreach is included in this scope of work (see attached proposal from The Barnhart Company).

5.1 Stakeholder Coordination Meetings [DIBBLE & JACOBS]

The Pinal County Project Manager and the Consultant will meet with appropriate stakeholders to identify concerns, discuss relevant issues, gather input, and build consensus. Meetings with these stakeholders will be conducted on a group basis. It is anticipated that four general stakeholder meetings will be required and will be held via videoconferencing. It is anticipated that the stakeholders will include Flood Control District of Maricopa County (FCDMC), CAP, ADOT, SR 505 Team, ASLD, MAG, CAAG, SRP, TOQC, and Apache Junction.

The Consultant will:

- Prepare and maintain the stakeholder database
- Prepare meeting invitations, agendas, sign-in sheets, handout materials, PowerPoint presentations (if applicable), and graphics/displays
- Agendas will include consistent topics for updating the stakeholders (i.e. Roadway, Drainage, Traffic, Utilities, Environmental, Public Involvement, Schedule, etc.)
- Meet with the Pinal County Project Manager two weeks before each stakeholder meeting (these will also serve as project progress meetings)
- Conduct the stakeholder meetings
- Prepare meeting summaries including documentation of decisions reached and task assignments. No detailed minutes will be prepared.

The Consultant will organize the committee, schedule meetings, participate in meetings, and communicate with the stakeholders as deemed appropriate by the Pinal County Project Manager.

5.2 Public Information Meeting [BARNHART CO.]

It is anticipated that there will be one public hearing. This will occur following the Initial DCR and EA. In general, Consultant will be responsible for:

- Producing materials such as display boards, roll plots, advertisements, handouts, and questionnaires for public meetings, based on technical and/or graphical information.
- Scheduling and conducting the public meeting
- Identifying a meeting location (Pinal County will be responsible for contracting and providing the necessary insurance)
- Developing and mailing meeting notices
- Placing newspaper ads and preparing press releases
- Participating in the Public Open Houses (up to three Consultant team staff members)
- Participating in a pre-public meeting with Pinal County staff before the Meeting. It is anticipated that this meeting will occur in conjunction with a progress meeting.
- Participating in and answering technical questions at the Public Meeting
- Providing public meeting summaries to Pinal County
- Summarizing the public involvement effort for inclusion in the DCR, and EA.

5.3 Coordination / Utility Meetings [DIBBLE & JACOBS]

The Consultant will be responsible for up to four additional meetings with agencies, land developers, county supervisors, and private property owners. Two additional meetings will be held with utility companies (primarily SRP, but also utilities within the US 60 corridor where the interchange will connect). These meetings will be conducted on an individual and/or group basis, as appropriate.

SECTION 6. PROJECT MANAGEMENT [DIBBLE]

6.1 Project Management

Consultant will conduct the following project management and coordination activities. The Consultant will be responsible for providing project administration and management services in accordance with the general requirements for this project. The Consultant will set up and maintain a project ShareFile site for project file transfers between the study team members.

The Consultant will provide monthly progress reports, submit monthly invoices, and provide oversight to ensure all deliverables are in compliance with this Scope of Work.

6.2 Project Schedule

The consultant shall develop a plan for the completion of activities necessary for delivering the project in a timely manner consistent with the length of service described in Section 1.6. The plan shall include a list of activities, estimated duration and resources as well as other information as appropriate. The Consultant shall prepare, submit, and maintain an updated project work schedule in Gantt Chart (bar chart) form. The schedule shall identify key meetings, delivery, and review times. Each review time shall be shown as 21 days unless otherwise advised by the Pinal County Project Manager. The Consultant shall update the project schedule as necessary for it to accurately represent project progress and to realistically forecast scheduled submittals.

6.2.1 Project Schedule

The consultant shall provide a schedule in Gantt Chart form. It shall include the milestones identified in the project scope of work. An initial schedule shall be submitted with the Project Work Plan within two weeks of the notice to proceed. The schedule submitted shall be customized to reflect the needs of the project. Any work elements for which Pinal County has responsibility shall be included in the schedule.

6.2.2 Project Schedule Updates

Revisions to the schedule will be submitted to the Pinal County project manager monthly for approval. If the milestones show negative float, the consultant shall include a narrative of corrective solutions to put the schedule back on time for delivery.

6.3 Monthly Project Team Meetings [DIBBLE & JACOBS]

The consultant shall attend regularly scheduled monthly progress meetings with Pinal County. The consultant shall record notes of the progress meeting. The notes shall be distributed to the team within ten calendar days of the meeting. It is anticipated that eleven monthly meetings will be required. It is assumed that half of the meetings will be via teleconferencing, and half of the meetings will be in person.

6.4 Internal Team Meetings [DIBBLE & JACOBS]

The consultant shall hold monthly internal project coordination meetings. The meetings will focus on general coordination activities between the consultant team members. The meetings will include schedule updates, technical issue coordination, deliverables preparation, etc. It is anticipated that twelve internal team meetings will be required.

SCOPE OF WORK – 1.29.2025
Pinal County – Dibble
State Route 24 – Extension (Ironwood – US 60)

Public Involvement Services:

Task 1. Stakeholder Relations and Assessment

- TBCo will conduct a thorough stakeholder assessment (identify stakeholders) within the project area. This assessment will help to inform the outreach strategy.
- Create and manage a stakeholder list.

Task 2. Project Coordination and Management

- Develop a Public Involvement Plan – Following ADOT PI requirements.
- Producing materials such as advertisements, handouts, and questionnaires for public meetings, based on technical and/or graphical information.
- Scheduling and conducting the public meeting.
- Identifying a meeting location (Pinal County will be responsible for contracting and providing the necessary insurance).
- Developing and mailing meeting notices in English/Spanish.
- Placing newspaper ads and preparing press releases.
- Participating in the meeting (up to three Consultant team staff members).
- Participating in a pre-public meeting with Pinal County staff before the Meeting. It is anticipated that this meeting will occur in conjunction with a progress meeting.
- Attend monthly progress meetings.
- Facilitate Q&A at the Public Meeting.
- Manage a comment matrix.
- Respond to hotline calls.

Task 3. Project Completion

- Summarizing the public involvement effort for inclusion in the DCR, and EA.

Renewal Terms/Information:

1. This Order Form, including any OnPrem Licenses, Maintenance and Support, Subscription Services, Enhanced Reporting Database and Managed Application Services will be governed by the applicable terms and conditions. If those terms and conditions are non-existent, have expired, do not apply or have otherwise been terminated, the following terms at AccelaTerms will govern as applicable, based on the Customer's purchase.

2. No additional or conflicting terms or conditions stated in Customer's order documentation, including, without limitation, purchase orders, will be incorporated into or form any part of this Order Form or the governing agreement, and all such terms or conditions will be null and void.

3. For Software Licenses, Accela may terminate this Order Form in the event the Software is phased out across Accela's customer base. In such event, Accela will provide Customer sufficient advance notice and the parties will mutually agree to a migration plan for converting Customer to another Accela generally-available offering with comparable functionality.

4. Subscriptions continue from the Order Start Date through the number of months listed in this Order Form (or if not

listed, twelve (12) months). Thereafter Subscriptions automatically renew annually as calculated from Order Start Date of Customer's first Subscription purchase.

5. All Software Licenses, Maintenance, and Subscription purchases are non-cancelable and non-refundable.

6. Pricing is based upon payment by ACH and check. Payment by credit card (including Purchase Cards) for product and services in this Order Form will be subject to a service charge of 3%. There is no service charge for ACH or check payment.

7. Customer may purchase additional licenses at the same price and for the same term as the licenses in this Order Form. Additional licenses purchased in this way will have the same annual price applicable for the purchase period and will have the same uplift and term dates as Customer's existing licenses.

MMCAP INFUSE AMENDMENT NO. 28 AND MERCK AMENDMENT 11 TO MMCAP CONTRACT NO. MMS2000315 /MERCK CONTRACT NO. 00269314

THIS AMENDMENT is by and between the State of Minnesota, acting through its Commissioner of Administration on behalf of MMCAP INFUSE ("**MMCAP**") and Merck Sharp & Dohme LLC, a subsidiary of Merck & Co., Inc., 351 N. Sumneytown Pike, UG4AB-15, North Wales, PA 19454 ("**Merck**" or "**Vendor**").

MMCAP has a contract with the Vendor identified as Contract No. MMS2000315

Reference: MMCAP AMENDMENT NO. 28 AND MERCK AMENDMENT 11 TO MMCAP CONTRACT NO. MMS2000315/MERCK CONTRACT NO. 00269314 ("Amendment NO. 28/11")

This Amendment NO. **28/11** amends contract MMS2000315/00269314 executed between Merck and MMCAP effective July 1, 2020 ("Agreement"). The purpose of this Amendment NO. **28/11** is to extend the term of the Agreement, including Contract Pricing for Attachment A: Products and Pricing, by way of this Amendment.

Now, therefore, the parties agree as follows:

1. **Line 2, Expiration Date, of the Contract Term in the Agreement will be deleted in its entirety and replaced as follows:**

    2. **Expiration Date: October 31, 2025**

Except as amended herein, the Terms and Conditions of the Agreement shall remain in full force and effect. MMCAP shall communicate the changes in this Amendment No. 28/11 to its eligible members as applicable and in accordance with the timing set forth in the Agreement.

If you accept AMENDMENT NO. 28/11, please sign, date, and return one copy to contractprocessing@merck.com, or facsimile number 215-616-9001, or Customer Contract Management, Merck Sharp & Dohme LLC, 351 N. Sumneytown Pike, UG4AB-15, North Wales, PA 19454. If an electronic copy is submitted to Merck via email or fax, it is not necessary to also mail a hard copy of the signed Amendment.

AMENDMENT NO. 28/11 shall become effective April 1, 2025, provided that it is accepted by MMCAP, and a signed copy of this letter is returned to Merck on or before March 15, 2025. This offer may be deemed withdrawn if Merck does not receive a fully executed AMENDMENT NO. 28/11 by March 15, 2025.

If you have questions regarding this Amendment NO. 28/11, please contact your Merck National Account Manager, John Durand at 262-899-0909.

2. ENTERPRISE AGREEMENT OVERVIEW

The HyeTech Enterprise Agreement (EA) is a flexible, subscription-based professional services model designed to support your organization's evolving technology needs. Covering one or more technology pillars—such as networking, security, systems, cloud architecture, Microsoft, development, etc.—this agreement eliminates the need for individual Statements of Work (SoWs). Instead, HyeTech provides expert services on an ongoing basis for a predictable monthly fee. At the end of the term, costs may adjust based on actual usage, ensuring alignment with your business needs while maintaining transparency and flexibility.

3. EA SERVICE SUMMARY

The objective of this agreement is to provide Pinal County with a HyeTech Enterprise Agreement for the following technology pillars:

Enterprise Networking (HT-EA-NETWRK):

The Networking pillar of the HyeTech Enterprise Agreement provides expert professional services and project-based work to ensure your on-premises network infrastructure is secure, scalable, and optimized for performance. Our team delivers a comprehensive range of services, including:

- Network Architecture & Design – Planning and implementing resilient, high-performance network solutions tailored to your business needs.
- Configuration & Optimization – Fine-tuning network devices, protocols, and policies for efficiency and reliability.
- Security & Compliance – Implementing best practices for device hardening, access controls, segmentation, and compliance with industry standards.
- Network Automation & Orchestration – Streamlining operations with automation tools to reduce manual efforts and improve efficiency.
- Project-Based Work – Supporting network upgrades, migrations, expansions, and other initiatives based on your business objectives.
- Network Monitoring, Break-Fix, & Moves/Adds/Changes (MACDs) – Providing ongoing monitoring, rapid issue resolution, and seamless execution of network modifications to keep your infrastructure running smoothly.
- Device Upgrades & Patching – Planning and execution of firmware and software upgrades for supported network devices, including vulnerability patching and compliance alignment.

Private Cloud (HT-EA-DATACNT):

The Private Cloud pillar of the HyeTech Enterprise Agreement delivers professional services and project-based work to help organizations design, build, and maintain secure, scalable, and efficient private cloud environments. Our team works alongside your organization to modernize infrastructure and ensure operational excellence through services such as:

- Private Cloud Architecture & Design – Designing custom private cloud environments tailored to your performance, security, and compliance requirements.
- Virtualization & Resource Management – Implementing and managing hypervisors, virtual machines, and resource pools to maximize efficiency and scalability.
- Storage & Compute Infrastructure – Deploying and optimizing storage, compute, and high availability solutions to support demanding workloads.
- Network & Security Integration – Configuring secure, high-performance networking and access controls within the private cloud environment.
- Automation & Orchestration – Leveraging tools like VMware, Nutanix, and others to automate provisioning, scaling, and lifecycle management.
- Backup, DR, & High Availability – Implementing business continuity strategies including backups, disaster recovery, and failover configurations.
- Ongoing Support: Monitoring, Break-Fix, & Changes – Delivering continuous support for monitoring, issue resolution, and changes within the environment.
- Device Upgrades & Patching – Regular planning and execution of firmware updates, hypervisor patches, and infrastructure software upgrades to ensure security, performance, and vendor support compliance.

Public Cloud (HT-EA-SYSCLD):

The Cloud Networking pillar of the HyeTech Enterprise Agreement provides professional services and project-based work to ensure secure, high-performance connectivity across cloud and hybrid environments. Our team of experts helps design, implement, and optimize cloud networking solutions tailored to your business needs, including:

- Cloud Network Architecture & Design – Building scalable and resilient cloud networking solutions across public, private, and hybrid environments.
- Secure Cloud Connectivity – Implementing VPNs, direct connects, and SD-WAN solutions for seamless, secure access to cloud resources.
- Cloud Firewall & Security Policies – Configuring cloud-native security controls, access policies, and segmentation strategies to protect your infrastructure.
- Multi-Cloud & Hybrid Networking – Designing and managing connectivity between multiple cloud providers and on-prem environments for optimal performance.

- Automation & Infrastructure as Code (IaC) – Leveraging tools like Terraform and CloudFormation to automate cloud network deployments and management.
- Performance Optimization & Cost Management – Fine-tuning network configurations to improve efficiency, reduce latency, and optimize cloud spend.
- Cloud Networking Monitoring, Break-Fix, & Changes – Providing ongoing monitoring, troubleshooting, and implementation of network modifications to ensure seamless cloud operations.

Cyber Security (HT-EA-CYBSEC):

The Cybersecurity pillar of the HyeTech Enterprise Agreement provides professional services and project-based work to help organizations proactively defend against threats, respond effectively to incidents, and maintain a strong, resilient security posture. HyeTech serves as an extension of your team—delivering both strategic guidance and operational expertise. Services include:

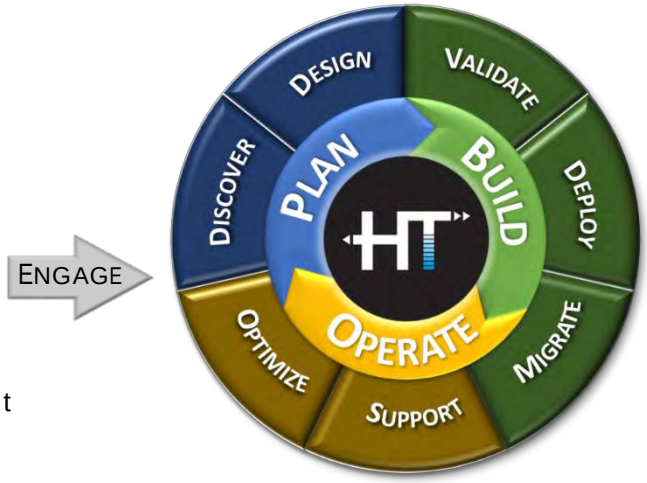
- Virtual Chief Security Officer (vCSO) Services – Strategic security leadership including policy development, risk assessments, compliance planning, and executive advisory—without the cost and complexity of a full-time hire.
- Managed Detection & Response (MDR) – 24/7 monitoring, alert triage, and threat response leveraging your existing Endpoint Detection & Response (EDR) platform (*EDR software not included*).
- Incident Response Retainer – Priority access to HyeTech's IR team in the event of a security incident. Includes initial triage, containment support, and immediate engagement to mitigate damage. Full-scale incident response services—including forensic investigation and recovery—are billed separately based on incident severity.
- Log Ingestion & Analysis – Centralized log collection and analysis (up to X GB/day) to support threat detection, forensic review, and compliance reporting.
- External Vulnerability Scanning – Regular scanning of public-facing systems to identify vulnerabilities and provide remediation recommendations.
- Tabletop Exercises (TTE) – Simulated breach scenarios to assess and improve your incident response plan, cross-functional coordination, and executive decision-making.
- Security Recommendations & Remediation Support – Ongoing advisory services and technical assistance to address security gaps and improve posture.
- Security Monitoring, Break-Fix, & Change Support – Continuous operational support for maintaining, tuning, and troubleshooting your security environment.

Network Security (HT-EA-NETSEC):

The Network Security pillar of the HyeTech Enterprise Agreement provides professional services and project-based work to protect your organization's infrastructure from evolving threats. Our expert team ensures your network remains secure, compliant, and resilient with services including:

- Security Architecture & Design – Developing and implementing secure network architectures that align with industry best practices and compliance requirements.
- Firewall & Access Control Management – Configuring, optimizing, and maintaining firewalls, VPNs, and access control policies to safeguard your environment.
- Threat Detection & Response – Enhancing your security posture with proactive assessments, intrusion detection, and incident response planning.
- Network Segmentation & Zero Trust – Implementing segmentation strategies and Zero Trust frameworks to limit attack surfaces and strengthen access security.
- Security Automation & Orchestration – Leveraging automation to improve response times, streamline security operations, and reduce manual intervention.
- Compliance & Risk Management – Ensuring adherence to regulatory frameworks (e.g., NIST, CIS, PCI-DSS) and mitigating security risks through assessments and policy enforcement.
- Security Monitoring, Break-Fix, & Policy Updates – Providing ongoing monitoring, rapid issue resolution, and regular updates to security policies to adapt to emerging threats.
- Device Upgrades & Patching – Execution of software and firmware updates for supported firewalls, security appliances, and management platforms to address vulnerabilities and maintain vendor support.

Unified Collaboration (HT-EA-UCOMMU)



The Collaboration pillar of the HyeTech Enterprise Agreement provides professional services and project-based work to support and enhance your organization's communication and collaboration infrastructure. Whether on-premises or in the cloud, HyeTech ensures your systems are secure, reliable, and aligned with user needs. Services include:

- VoIP Systems (Cloud & On-Prem) – Design, deployment, and support for voice platforms including cloud-based calling solutions and on-prem VoIP infrastructure.
- Unified Communications – Integration of voice, messaging, presence, and conferencing tools to streamline team collaboration and communication workflows.
- IP Paging & Mass Notification (e.g., InformaCast) – Deployment and configuration of IP-based paging and emergency notification systems to support safety and operational needs.

- Video Collaboration & Endpoints – Setup and management of video conferencing systems, room-based endpoints, and personal collaboration devices.
- System Upgrades & Migrations – Supporting migrations between platforms (e.g., on-prem to cloud), software upgrades, and hardware refreshes.
- Integration & Customization – Connecting collaboration tools with other business systems and tailoring configurations to your environment.
- Monitoring, Break-Fix, & Moves/Adds/Changes/Deletes (MACDs) – Ongoing support for system changes, incident response, and maintaining optimal performance.
- Device Upgrades & Patching – Regular updates and patching of call managers, voice gateways, paging systems, and video endpoints to maintain performance, compatibility, and security.

4. METHODOLOGY

There are several key steps that HyeTech follows for every implementation, managed services, or enterprise agreement engagement.

IMPLEMENTATION ENGAGEMENT

- ENGAGE
  - First client engagement
- DISCOVERY
  - Discover the environment
- DESIGN
  - Design a solution
- VALIDATE
  - Validate the design with client
- IMPLEMENT/DEPLOY
  - Deploy the new technology
- MIGRATE
  - Migrate production
- SUPPORT
  - Provide ongoing support for client services
- OPTIMIZE
  - Optimize technology as need

The HyeTech Enterprise Agreement (EA) is a foundational offering within our services catalog—designed to deliver proactive, flexible, and outcome-driven support across a wide range of technologies. For every in-scope technology pillar, HyeTech provides ongoing services aligned with our proven engagement methodology: Engage, Discover, Design, Validate, Implement/Deploy, Migrate, Support, and Optimize. This structured yet adaptable approach ensures consistency and quality from initial engagement through long-term operational success. Each EA is anchored by our Network Operations Center (NOC) and Security Operations Center (SOC) teams, who provide continuous visibility, execution support, and incident response coordination. With the Enterprise Agreement, customers gain a strategic partnership that goes beyond traditional professional services—offering sustained technical leadership, streamlined operations, and measurable impact across their IT ecosystem.

5. SCOPE OF WORK

5.1. EA SERVICES

As part of the HyeTech Enterprise Agreement, customers may engage services through a streamlined process designed for speed, clarity, and accountability—eliminating the need for traditional Statements of Work. All work is initiated, scheduled, and executed through the following workflow:

5.1.1. 1. SERVICE REQUEST SUBMISSION

Customers initiate work by submitting a request via the HyeTech Network Operations Center (NOC). This can be done through:

- HyeTech's customer portal
- Direct email to the NOC
- Phone call to the HyeTech support line

The request should include:

- A brief description of the desired work or issue
- Business impact or priority level
- Preferred timing or deadlines, if applicable

5.1.2. 2. REQUEST REVIEW & PM ASSIGNMENT

Upon receipt, the HyeTech NOC will:

- Log the request and assign a unique ticket number for tracking
- Route the request to the appropriate technology pillar lead
- Assign a dedicated Project Manager (PM) to oversee execution

The PM will:

- Review the scope, clarify objectives if needed, and define deliverables
- Coordinate with technical resources to estimate effort and timeline
- Serve as the primary point of contact for the customer throughout the task or project lifecycle

5.1.3. 3. WORK PLANNING & SCHEDULING

Once the scope is validated, the PM will:

- Schedule the work in alignment with customer availability and internal resource timelines
- Ensure any prerequisites (access, approvals, pre-staging) are addressed
- Provide regular updates and manage task execution from start to finish

5.1.4. 4. EXECUTION & DELIVERY

The assigned HyeTech engineering team will perform the requested services according to agreed schedules and documented requirements. This may include professional services tasks, project-based work, troubleshooting, or changes, depending on the nature of the request.

5.1.5. 5. COMPLETION & DOCUMENTATION

Upon completion:

- The PM will validate deliverables with the customer
- Documentation of the work performed will be provided, including configurations, outcomes, and any recommendations
- The ticket will be closed once the customer confirms satisfaction

6. IN-SCOPE / OUT-OF-SCOPE

This section defines in-scope and out-of-scope services and places in the network or places in the cloud.

6.1. IN SCOPE

The following services are considered in-scope under this HyeTech Enterprise Agreement and will be delivered as part of the selected technology pillars:

- Professional Services & Project-Based Work
  - Execution of scoped initiatives including design, deployment, optimization, and migration activities related to in-scope technologies.
- Moves, Adds, and Changes (MACs)
  - Routine configuration changes such as user provisioning, network adjustments, policy updates, and resource scaling.
- Break-Fix Support
  - Troubleshooting and remediation of system failures, performance degradation, or service interruptions within supported environments.
- Device Upgrades & Patching
  - Firmware, software, and security updates for applicable hardware and systems across networking, security, infrastructure, and collaboration technologies.
- Monitoring, Alerting, and Health Checks *(if applicable per pillar)*
  - Proactive analysis, alert triage, and system health reviews coordinated by our NOC and SOC teams.
- Implementation & Deployment Services
  - End-to-end execution of new installations, refreshes, or feature expansions in accordance with best practices and design standards.
- Consulting & Technical Strategy
  - Access to HyeTech experts for architecture reviews, roadmap planning, and technology alignment discussions.
- Support & Optimization
  - Ongoing assistance and fine-tuning of existing systems to ensure performance, security, and operational efficiency.

These services will be delivered in accordance with HyeTech's engagement methodology: Engage, Discover, Design, Validate, Implement/Deploy, Migrate, Support, and Optimize. All in-

scope work will be initiated through the HyeTech NOC, with an assigned Project Manager coordinating execution.

The following pillars are in scope as part of this agreement:

- HT-EA-NETWRK - Networking
- HT-EA-DATACNT – Private Cloud
- HT-EA-SYSCLOUD – Public Cloud
- HT-EA-CYBSEC – Cyber Security
- HT-EA-UCOMMU – Unified Collaboration

6.2. OUT OF SCOPE

The following items and services are considered out of scope under the HyeTech Enterprise Agreement unless explicitly included through a separate agreement or addendum:

- Hardware, Software, and Licensing
    - Procurement, resale, or subscription of physical hardware, software platforms, operating systems, and third-party licenses.
- End User & Desktop Support
    - Direct assistance to end users for workstation issues, personal device troubleshooting, peripheral configuration, or help desk-style services.
- Structured Cabling
    - Low-voltage wiring for voice, data, or video, including installation of cabling infrastructure, patch panels, and physical cable terminations.
- Audiovisual (A/V) Systems
    - Design, installation, or support of conference room A/V solutions, displays, sound systems, or digital signage outside of supported video conferencing endpoints.
- Unsupported or Legacy Technologies
    - Technologies deemed end-of-life (EOL) by the vendor, unsupported platforms, or systems not previously reviewed and approved by HyeTech.
- Third-Party Vendor Management
    - Full ownership of vendor communications and escalations beyond HyeTech's standard coordination required for work execution (e.g., managing RMA processes or renewals).
- Staff Augmentation or Embedded Roles
    - Long-term placement of personnel or dedicated full-time resources on-site or virtually unless separately contracted.

Requests falling outside the defined in-scope services may require a separate Statement of Work (SoW) or change order and will be reviewed on a case-by-case basis.

7. CONTINUOUS IMPROVEMENT

HyeTech's continuous improvement initiatives and focused to deal with the continual orientation and re-orientation of the IT services towards changing business needs. Continuous Improvement activities will be employed to find ways of optimizing process efficiency and effectiveness as well as realizing a general return on investment improvement.

Any changes to architecture beyond the needs for operational support would be completed under a regular SOW for project-based work.

8. TRUE FORWARD MODEL

As part of the HyeTech Enterprise Agreement, a True Forward review will be conducted on an annual basis to ensure alignment between the level of services consumed and the pricing established under the agreement.

During this review, HyeTech will evaluate the volume, complexity, and scope of work performed across all engaged pillars over the prior 12-month period. If the actual service consumption materially exceeds the originally anticipated levels, HyeTech may propose an adjusted pricing model for the upcoming term to reflect the true scope of effort required to continue delivering quality service.

- No Back Charges: Any pricing adjustments resulting from the True Forward process will apply only to future billing periods. Customers will not be retroactively billed for overages incurred in the previous term.
- Forward-Looking Adjustment: Any revised pricing will be communicated in advance of the next agreement term and incorporated into a new or amended agreement upon mutual approval.

The True Forward process ensures transparency, scalability, and fairness while maintaining the flexibility and simplicity of the HyeTech Enterprise Agreement.

9. TERM & CANCELLATION

The HyeTech Enterprise Agreement (EA) is a 12-month commitment beginning on the effective date of the agreement. The EA is designed to provide consistent service delivery and resource planning over the contract term.

Early termination by the customer prior to the end of the 12-month term will not result in any refunds. If the agreement is billed monthly, the remaining balance of the full term will still be due upon cancellation. This policy ensures continuity of service and fair allocation of resources throughout the term of the engagement.

10. ASSUMPTIONS & RESPONSIBILITIES

The following assumptions apply to all services delivered under the HyeTech Enterprise Agreement:

- Customer Responsibilities: The customer agrees to provide timely access to relevant systems, environments, stakeholders, and documentation necessary for HyeTech to deliver services effectively. This includes, but is not limited to, access to:
    - Active support contracts with third-party vendors
    - Letters of Authorization (LOAs) as required
    - Relevant information and contacts for third-party technology partners or service providers
- Engagement Process: All work must be requested and scheduled in accordance with the engagement process outlined in Section 5 (*Work Planning & Scheduling*), including submission through the HyeTech NOC, assignment of a Project Manager (PM), and mutual coordination of timelines.
- Remote-First Delivery: The majority of services will be delivered remotely. Onsite work will be scheduled only when deemed necessary by HyeTech, such as for complex new implementations, physical installations, or strategic planning sessions that require in-person presence.
- Customer Availability: The customer is expected to make key personnel available for scoping, approvals, and collaboration throughout the project or task lifecycle to avoid delays.
- Infrastructure Readiness: HyeTech assumes that customer environments are prepared and meet basic technical requirements before work begins. Any delays or rework due to environment readiness may impact scheduling and may be subject to additional time and effort.

These assumptions are intended to ensure efficient service delivery and a productive partnership under the flexible structure of the Enterprise Agreement.

11. APPENDIX A – PRICING

This project proposal is based on a fixed-fee structure. Project pricing will be adjusted only in response to changes in scope.

Anela,
It looks like there is a co-op contract for Siphon - Contract #23SQ003F that expires 12-3-25 with renewals through 2027. A requisition would need to be done.

Good Morning,

My apologies for the delay in getting back to you! I did ask DFFM what would be allowable to meet the grant requirements. Their response is we treat what we can within the funding allocation. The agreement is considered a best estimate and treating 172 acres is considered a success. Additionally, they stated the acreage is variable because of roads versus treatable areas.

I do apologize for the varying information with this grant submission. I was not a part of determining the scope, treatable areas, mapping, etc. I appreciate you working off of the information you have as I am doing the same.

I will try to look for other funding sources to ensure that we can expand our mitigation abilities.

Please let me know if you have any questions, and I appreciate all of your expertise and assistance!

Thanks!

Kore.

We can absolutely adjust it.

There were two different acreage numbers in the documents you shared. We used the larger number.

We will adjust the proposal and get it right back to you.

Good Morning Alan,

Thank you so much for the proposal! However, the grant funding I have is a total of $500,000 that expires in 2027. I am not sure if I can get any additional grant funding for the additional cost over the $500,000. I can check with DFFM, but I cannot promise anything. Are you able to adjust the current proposal to meet this current budget?

Thanks,

Kore.

Arizona Department of Forestry and Fire Management
Grant Agreement No. HFI 23-322
Healthy Forest Initiative Grant Program

This grant agreement ("Agreement") is entered into by and between the ("Grantee") Arizona Department of Forestry and Fire Management ("State Forestry" or "State") and ("Sub-grantee"), **Pinal County (UEI # GX4FM9VQD7W3),** pursuant to authorities granted under Arizona Revised Statute 37-1302.

I. PURPOSE OF AGREEMENT

State Forestry is the recipient of funds provided by the State of Arizona for the purpose of hazardous vegetation mitigation projects within the State of Arizona.

The objective of this funding is to assist communities, which have been identified as having wildfire hazard potential, with fire prevention, critical infrastructure protection, and forest and watershed restoration. This agreement is a sub-award of these State funds.

II. SCOPE OF WORK

Compensation is contingent upon Sub-grantee fulfilling the Scope of Work and projeet commitments as identified in the Grant Application (Attachment A) and as amended by the approved Detailed Project Plan (Attachment B).

III. PROGRAMMATIC CHANGES

Sub-grantee shall obtain prior approval for any changes to the scope of objectives of the approved project, key personnel, or transfer of substantive programmatic work to another party.

IV. TERM OF AGREEMENT

This Agreement shall be effective immediately upon signature by all parties and will terminate on **June 30, 2027** unless otherwise terminated or modified pursuant to the terms herein.

V. COMPENSATION AND MATCHING INVESTMENT

Grant funds may be utilized for up to **70%** of the total cost of this program.
A contribution by the Sub-grantee for an additional **Cost Share Match of 30%** of the total cost of the program is required (including contributions of third parties). Support documentation outlining project costs including cost share match is required.

Compensation under this agreement shall be on a reimbursement basis, shall not exceed the total eligible costs of the project, and total compensation (State Forestry grant portion) **shall not exceed $500,000.00**

Only costs for those project activities approved in (1) the initial award, or (2) approved modifications thereto, are allowable. All payments are contingent upon the availability of State funds. Reimbursement paynents will be made to the Sub-grantec normally within ninety days after receipt of the reimbursement request and required documentation.

VI. ELIGIBLE COSTS

Eligible costs must be incurred during the Term of the Agreement, conform with the General Provisions of this Grant Agreement (Attachment C) and all other provisions identified herein, and be submitted to State Forestry along with detailed supporting documentation. This is a reimbursable grant program for actual costs incurred on project work. Support documentation must show dates and amounts of all expenses (See Attachment D).

Reimbursement for purchase of Capital Equipment (equipment costing more than $5,000 per unit price) is **NOT allowed** under this agreement. Capital Equipment may only be used as match with prior approval from State Forestry.

VII. ADMINISTRATIVE AND ACCOUNTING REQUIREMENTS

It shall be the responsibility of the Sub-grantee to establish and document both accounting and administrative control procedures for their organization. Such procedures shall be followed to ensure grant funds are being tracked and spent in accordance with all applicable laws and within the terms of the grant agreement/award. Sub-grantee accepts full liability for resources administered through the grant.

VIII. AUDIT REQUIREMENTS

ARS 35-181.03. Sub-grantee must also comply with applicable ARS 35-181.03 provisions for financial and compliance audits.

In the event that an audit determines that unallowable costs have been charged to the grant and funds have been disbursed to the Sub-grantee, then the Sub-grantee accepts full liability and must pay back all costs incurred and deemed unallowable. The Sub-grantee shall, upon request of the State, participate with State personnel in performing interim and/or final inspections.

IX. PROCUREMENT REQUIREMENTS

The Sub-Grantee shall comply with all applicable provisions of State laws and regulations in regard to procurement of goods and services, and to contracts for repair or restoration of public facilities.

The Sub-grantee shall not enter into cost-plus-percentage-of-cost contracts for completion of disaster restoration or repair work. The Sub-grantee will not enter into contracts for which payment is contingent upon receipt of State funds. Sub-grantees are responsible for developing, documenting, and adhering to their own established procurement activities that include both administrative and accounting controls.

X. REPORTING REQUIREMENTS

Sub-grantee shall monitor the performance of the grant activities to ensure that performance goals are being achieved. Sub-grantee shall provide detailed grant/project accomplishments in quarterly reports to State Forestry no later than 30 days after the end of each calendar quarter, or as requested by State Forestry. Quarterly performance reports shall follow the format identified in Attachment E or as may be revised by State Forestry. Reports (quarterly and final reporting) will contain information on the following: (1) A comparison of actual accomplishments to the goals established for the period and for the entire program or project, (2) Output of the project that can be readily expressed in numbers, such as acres of forest treatment, number of citizens served, or other similar

activities. A computation of cost per unit of output may be required where applicable, (3) Reason(s) for delay if established goals were not met. (4) Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs. (5) Before and after pictures (required for final report and optional for quarterly reporting). (6) Mapping in the form of a pdf/paper map and matching shapefiles (if required for final reporting; see Section XI below).

Financial/Reimbursement requests may be submitted as often as monthly. Reimbursement requests shall follow the format as identified in Attachment E or as may be revised by State Forestry. Reimbursement requests submitted with documentation (grant share or match) that is older thau 6 months will not be accepted without prior approval.

Cumulative match share must accrue proportionally with reimbursable costs. Each reimbursement request must have the minimum required match share included and documented (minimum cumulative match must reflect equal proportion to the cumulative total amount). It is allowed to document match over the required match share in each reimbursement request and to use this towards the total grant match requirement.

Financial/Reimbursement requests may be held for processing until quarterly accomplishment/performance reports are current.

A final accomplishment report and all financial/reimbursement requests and required documentation shall be provided at completion of the grant project, but no later than 30 days after the end of the grant term. Final financial reimbursement may be held until all accomplishment reporting is complete and submitted to State Forestry.

All accomplishment and financial reports shall be submitted to the State Forestry contact as identified below in Section XIII (PRINCIPLE CONTACTS).

Sub-grantee shall immediately notify State Forestry of developments that have a significant impact on the activities supported under this grant. Also, notification shall be given in case of problems, delays or adverse conditions that materially impair the ability to meet the objectives of the agreement. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

Any change to the original grant application scope of work or approved detailed project plan must have prior written State approval. Incurring costs without prior written approval may result in loss of funds reimbursed.

XI. MAPPING (CHECK ONE) __X__ Required _____ Not Required

Project Center Coordinates (in Decimal Degrees):

Latitude (y-coordinates) 31.43577 Longitude (x-coordinates) -109.921819

Center coordinates are required for all projects, regardless of mapping requirements. If the project requires a mapping component, both a 1-page PDF map and matching GIS (Geographic Information System) polygon data are required prior to project start date and at the time of final accomplishment report submission. Data files (Shapefiles, File Geodatabase, or KML polygons) created using GIS applications, must be submitted showing treatment/project area(s) and their name(s) or parcel number(s). GIS acres must match projected and actual treatment acres.

XII. COMPLIANCE AND PERMITS

Grantee agrees that it is responsible for acquiring all permits required by applicable federal, state, and local jurisdictions, prior to treatment. Grantee also agrees that is responsible for adherence to all applicable statutes, regulations, ordinances, and codes promulgated by applicable federal, state, and local jurisdictions, including but not limited to environmental regulations concerning the presence, existence, discharge, emission, or removal of any substances such as by-products, wastes, pollutants, and hazardous and toxic materials.

XIII. PRINCIPAL CONTACTS

NOTE: Principal contact should be one contact person responsible for overseeing all elements of the grant project including but not limited to accounting, administrative and field portions of the project.

Each party certifies that the individuals listed below are authorized to act in their respective areas for matters related to this instrument.

8. Project Overview and Area Description (0-10 points, 600 character max)
This project will: clear ground in the right of way for miles, creating a larger fire break for local infrastructure around the City of Apache Junction, unincorporated Apache Junction, Gold Canyon, Queen Valley, and Top of the World. With this grant, the City of Apache Junction, and Pinal County will be able to hire a contractor to mitigate the invasive grass within the right of way, trailheads, and City parks. Without the clearing of the right of ways, it will exacerbate risks of wildfire, caused by the unmitigated encroachment of exotic grass and forb species.

9. Project Objectives and Deliverables (0-15 points, 850 character max)
The Pinal County CWPP identified goals relevant to the proposed project: reduce hazardous fuels, emphasizing property protection; restore forest, rangeland, and riparian health; and recommend measures to reduce structural ignitability. The project goals are to protect urban, ecological, and cultural assets from wildfire and flood risk by decreasing the abundance and density of invasive grasses, forbs and woody exotic plants in the Apache Junction WUI, Queen Valley WUI, and Top of the World WUI. Objectives addressed in the Healthy Forest Initiative are fire prevention, critical infrastructure protection, and forest and watershed restoration through reduction of hazardous vegetation. This project will: clear ground in the right of way, creating a larger fire break for local infrastructure.

10. Scope of Work and Project Timeline (0-20 points, 1,100 character max)
Hazardous fuels reduction recommendations in the Pinal County CWPP within or adjacent to the Apache Junction WUI include implementing single fuel breaks. Treat 221 acres of shoulders of arterial roadway within Apache junction, and unincorporated Pinal County adjacent to BLM and State Lands and related trail heads with chemical herbicide and mechanical removal as deemed appropriate. Spot treat approximately 5 acres of city park lands with chemical herbicide and mechanical removal as deemed appropriate. With this grant, the City of Apache Junction, and Pinal County will be able to hire a contractor to mitigate the invasive grass within the right of way, trailheads, and City parks. Within 3 months of the award, hire a contractor. The contractor will have 6 months abate, monitor, and follow up on abatement of the invasive grass. Estimated cost per acre: $2,262.44 during grant period. This grant and process will be monitored by Pinal County Public Works, and The City of Apache Junction to ensure the objectives are achieved. They will also take photos to document the process.

11. Collaboraton, Partners and Beneficiaries (0-15 points, 600 character max)
Pinal County will lead administration and grant point of contact; procurement; grant management and partner with City of Apache Junction, Superstition Fire and Medical District, Tonto National Forest, Friends of the Tonto National Forest, Arizona Game and Fish, Bureau of Land Management, Arizona State Parks and State Land Department, Salt River Project, to monitor the abatement process.

12. Sustainability (0-15 points, 600 character max)
Pinal County and the City of Apache Junction will be able to have their staff and inmate crews continue to clear the right of way, parks, and trailheads once this treatment has been completed.

Detailed Project Plan – Subject to State Approval
(Include specific planned accomplishments, detailed project budget, and time line)

Detailed Project Plan
2023 Healthy Forest Initiative
Grant Project Pinal County & City of AJ

Project Scope

This fuels reduction project lies within the boundaries of Pinal County and the City of Apache Junction, which is served by the Superstition Fire and Medical, Queen Valley Fire, and Superior Fire. The community is surrounded by the Tonto National Forest. Invasive vegetation in the project area to be targeted are Buffelgrass, red brome, stinknet, fountain grass, sahara mustard, and Malta Star Thistle, at an elevation of roughly 1913 feet while preserving native species such as saguaro and barrel cacti, creosote shrubs, yucca, chain-fruit cholla, and palo verde trees. This project will continue to mitigate extreme fire behavior potential by removing ladder fuels and invasive herbaceous vegetation. By removing ladder fuels and the invasive vegetation within Pinal County right-of-way and the City of Apache Junction, and having ladder fuel green waste mulched and used for ground cover to combat stinknet and the reoccurrence of invasives, we will be creating a fire break to protect life and property. While working in the right-of-ways, Pinal County and the City of AJ will ensure to protect native plant species. The plan is to effectively mitigate approximately 213 acres, of right-of-way, targeting specifically the 173 acres of active treatment surrounding the roads.

The Operations Manager of Pinal County of Emergency Management will facilitate the work by working with Pinal County Public Works and The City of Apache Junction Public Works and Parks and Rec by planning, conducting pre and post assessments, by collecting information on the invasive plant species that were removed, how much metric green waste was removed, and the area of the right of way, by using Survey 123, assuring compliance with standards, facilitating payments, tracking progress, and providing required reporting. Fuels reduction work will be performed by contractors hired by Pinal County. The invasive plants will be dug up and bagged and hauled and treated with pre-emergent pesticides while the native plants will be left with a 1 ft radius around the plants, leaving all native trees and trimming the canopy up to 4 ft using the mulched ladder fuels to leave the shade to reduce the stink net and other invasive herbaceous vegetation. Follow up treatments will include additional eradication and post emergent pesticides during monitoring and retreatment periods.

Pinal County and The City of Apache Junction will also continue to provide approximately 12 (one per quarter) public outreach and education. Information will be shared through Pinal County and The City of Apache Junction, email blasts, social media, door hangers, mailers, shared information at the Board of Supervisors meeting and City Council meetings.

There will be 50 right-of-way sites where the work will be completed. The sites range in size from less than 1 up to 41 acres and total to approximately 213 acres. There will be a before treatment survey photos, treatment process photos, and after photos to show the entire project development. Once each site is completed, the site will be revisited, and receive follow up

assessments as required. Invoices will be submitted to Pinal County to pay. Once Pinal County and The City of Apache Junction approve the invoices, the contractor will be paid then submitted for reimbursement. Reporting to DFFM will be conducted quarterly.

The benefits of this project are expected to last for many years without any additional DFFM funding. This project will ensure safety of life and property by protecting the community and ensuring the safety of drivers. When drivers are to pull off the side of the road, the roadside vegetation will not be at risk for starting a wildland fire. Continued monthly maintenance with spot treatment will occur as needed and ensuring the native spacing is maintained all will be funded through County funds, with HURF funds, and community funds.

ATTACHMENT C
General Provisions

ADMINISTRATIVE AND ACCOUNTING REQUIREMENTS
It is the Sub-grantee's responsibility to develop, document, administer and manage the appropriate accounting and administrative procedures for managing the grant in accordance with all applicable State laws.

If any program income is generated as a result of this grant/agreement, the income earned during the term of this agreement shall be applied using the deductive method as described in 2 CFR 200.307 ; the deductive alternative is the preferred method, unless specifically authorized by the Signatory Official. Costs incident to the generation of program income may be deducted from gross income to determine program income, provided these costs have not been charged to the award/agreement and they comply with the applicable Cost Principles.

HATCH ACT
The Sub-grantee shall comply with provisions of the Hatch Act limiting the political activities of public employees.

NEPA
The Sub-grantee shall comply with applicable State and Federal laws regarding the environment (NEPA; National Environmental Protection Act).

COVENANT AGAINST CONTINGENT FEES
The Sub-grantee warrants that it has not employed or retained any company or person, other than a bona fide employee working for the Sub-grantee, to solicit or secure this agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of this agreement. For breach or violation of this warranty, the State shall have the right to annul this agreement without liability, or, in its discretion to deduct from the agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

MODIFICATIONS
Modifications within the scope of this award shall only be made by mutual consent of both parties, by issuance of a written amendment signed and dated by all properly authorized signatory officials prior to any changes being performed. Requests for modification shall be made, in writing, at least thirty (30) days prior to the implementation of the requested change. Any change to the original grant application scope of work or approved detailed project plan must have prior written State approval. Incurring costs without prior written approval may result in loss of funds reimbursed.

EXTENSIONS
Timely completion of this project is required. If this agreement is extended by mutual written consent of the parties, all terms, conditions and provisions of the original agreement shall remain in full force and effect and apply during any extension period. Any extension of time granted shall not constitute or operate as a waiver by the State of any of its rights herein. Extensions will only be considered and/or made if the Sub-grantee has demonstrated reasonable efforts to complete the grant project as defined in the original detailed project plan and has a clear and specific plan for completion of the project within the extended time period.

RESPONSIBILITY FOR CLAIMS AND LIABILITIES

The Sub-grantee agrees to assume all risk of loss to indemnify and hold the State, its officers, agents and employees, harmless from and against any and all liabilities, demands, claims, suites, losses, damages causes or action, fines or judgments, including costs, attorney's and witnesses' fees and expenses incident thereto, for injuries or death to persons and for loss of, damage to, theft of or destruction of any property including loss of use thereof arising out of or in connection with the performance of duties required by agreement, all whether or not authorized or agreed to by the State or Sub-grantee.

RETENTION OF RECORDS

The Sub-grantee and any subcontractor shall maintain and store all documents, papers, accounting records; other evidence pertaining to costs incurred for this work, and shall make all such materials available at any reasonable time during the term of work and for five (5) years from the date of final payment to the Sub-grantee. The Sub-grantee may be required to provide such records as necessary to any auditing agent. Inability to provide such records may result in unallowable costs to the grant and any funds disbursed to the Sub-grantee may have to be paid back to the State and/or Federal government.

EQUAL OPPORTUNITY/NON-DISCRIMINATION

The Parties agree to comply with Chapter 9, Title 41, Arizona Revised Statutes (Civil Rights), Arizona Executive Order 2009-09 and any other federal or State laws relating to equal opportunity and non-discrimination, including the Americans with Disabilities Act.

The Sub-grantee shall comply with Arizona Executive Order 75-5 and as amended by Arizona Executive Order 2009-09 relating to non-discrimination in employment by government contractors and subcontractors. These regulations are herein incorporated by reference and made a part of this agreement.

ARBITRATION

To the extent required by A.R.S. §12-1518 and 12-133, the parties agree to use arbitration, after exhausting applicable administrative review, to resolve disputes arising out of this agreement.

ANTITRUST VIOLATIONS

The Sub-grantee and the State recognize that in actual economic practice overcharges resulting from antitrust violations are in fact borne by the purchaser or ultimate user. Therefore, Sub-grantee acting as a vendor, hereby assigns to State any and all claims for such overcharges.

TERMINATION BY MUTUAL AGREEMENT

This award may be terminated, in whole or part, as follows:

- When the State and Sub-grantee agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.
- By thirty (30) days written notification by the Sub-grantee to the State setting forth the reasons of termination, effective date, and in the case of partial termination, the portion to be terminated.
- If, in the case of a partial termination, the State determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the State may terminate the award in its entirety.

Upon termination of an award, the Sub-grantee shall not incur any new obligations for the terminated portion of the award after the effective date, and shall cancel as many outstanding obligations as possible. The State shall allow full credit to the Sub-grantee for the United States Federal share of the non- cancelable obligations properly incurred by the Sub-grantee up to the effective date of termination. Excess funds shall be refunded within sixty (60) days after the effective date of termination.

CANCELLATION FOR CONFLICT OF INTEREST

Pursuant to A.R.S. §38-511, the state, its political subdivisions or any department or agency of either may, within three years after its execution, cancel any contract, without penalty or further obligation, made by the state, its political subdivisions, or any of the departments or agencies of either if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the state, its political subdivisions or any of the departments or agencies of either is, at any time while the contract or any extension of the contract is in effect, an employee or agent of any other party to the contract in any capacity or a consultant to any other party of the contract with respect to the subject matter of the contract.

TERMINATION FOR CONVENIENCE

The Office of the State Forester, by written notice, may terminate this contract, in whole or in part, when it is deemed in the best interest of the State. If this agreement is so terminated, Sub-grantee will be compensated for work performed up to the time of the termination notification. In no event shall payment for such costs exceed the current grant amount.

NON-AVAILABILITY OF FUNDS

This agreement shall be subject to available funding, and nothing in this agreement shall bind the State to expenditures in excess of funds appropriated and allotted for the purposes outlined in this agreement.

FEDERAL IMMIGRATION AND NATIONALITY ACT

By entering into the Agreement, the Sub-grantee warrants compliance with the Federal Immigration and Nationality Act (FINA) and all other Federal immigration laws and regulations related to the immigration status of its employees. The Sub-grantee shall obtain statements from its contractors certifying compliance and shall furnish the statements to the Procurement Officer upon request. These warranties shall remain in effect through the term of the Contract. The Contractor and its subcontractors shall also maintain Employment Eligibility Verification forms (I-9) as required by the U.S. Department of Labor's Immigration and Control Act, for all employees performing work under the Grant. I-9 forms are available for download at USCIS.GOV.

The State may request verification of compliance for any Sub-grantee, contractor or subcontractor performing work under the Grant. Should the State suspect or find that the Sub-grantee or any of its contractors are not in compliance, the State may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Agreement for default, and suspension and/or debarment of the Sub-grantee or Contractor. All costs necessary to verify compliance are the responsibility of the Sub-grantee. The parties agree to comply with A.R.S. §41-4401, the provisions of which are hereby incorporated.

SUSPENSION OR DEBARMENT

The Sub-grantee shall not enter into any contract or agreement with any party which is debarred or suspended from participating in State assistance programs.

Submittal of an offer or execution of a contract shall attest that the sub-grantee or contractor is not currently suspended or debarred. If the Sub-grantee or any of its contractors become suspended or debarred, the Sub-grantee shall immediately notify the State. The State may, by written notice to the Sub- grantee, immediately terminate this Agreement if the State determines that the Sub-grantee or their contractors have been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body.

GOVERNING LAW
This AGREEMENT is made under, and is to be construed in accordance with, the laws of the State of Arizona.

INVALIDITY OF PART OF THIS AGREEMENT
The parties agree that should any part of this AGREEMENT be held to be invalid or void, the remainder of the AGREEMENT shall remain in full force and effect and shall be binding upon the parties.

COUNTERPARTS
This AGREEMENT may be executed in any number of duplicate originals, photocopies or facsimiles, all of which (once each party has executed at least one such duplicate original, photocopy, or facsimile) will constitute one and the same document.

INTERPRETATION
This AGREEMENT is not to be construed or interpreted for or against either of the parties on the grounds of sole or primary authorship or draftsmanship.

PARAGRAPH HEADINGS
The paragraph headings in this AGREEMENT are for convenience of reference only and do not define, limit, enlarge, or otherwise affect the scope, construction, or interpretation of this AGREEMENT or any of its provisions.

ENTIRE AGREEMENT
This AGREEMENT contains the entire agreement and understanding of the parties hereto. There are no representations or provisions other than those contained herein, and this AGREEMENT supersedes all prior agreements between the parties, whether written or oral, pertaining to the same subject matter of this AGREEMENT.

UNIQUE ENTITY IDENTIFIER (UEI) AND SYSTEM FOR AWARD MANAGEMENT REGISTRATION REQUIREMENT (SAM)
Sub-grantee shall maintain current information in the System for Award Management (SAM) until receipt of final payment. This requires review and update to the information at least annually after the initial registration, and more frequently if required by changes in information or award term(s). For purposes of this award, System for Award Management (SAM) means the Federal repository into which an entity must provide information required for the conduct of business as a Cooperative. Additional information about registration procedures may be found at the SAM Internet site at www.sam.gov.

PUBLICATION REQUIREMENTS
ACKNOWLEDGEMENT IN PUBLICATIONS. Sub-grantee shall acknowledge Arizona
Department of Forestry and Fire Management in any publications, audiovisuals, and electronic media developed as a result of this award.

ATTACHMENT D

Grant Reimbursement and Documentation Requirements

Arizona State Forestry grants are based on reimbursement for *actual costs incurred.* Actual costs may vary slightly from the project plan budget, but must be used to calculate final reimbursement amounts. Sub-grantees are typically required to provide a portion of the total project cost as MATCH contribution to show local investment in the project or program. Match investment cannot be used as a match for any other State or federal cost-share programs. Specific match amount is identified in each grant agreement. All costs and match should conform to the approved project plan and budget contained in the grant agreement – and all reimbursements are subject to Arizona State Forestry approval.

Only project expenses incurred during the term of the signed grant agreement are eligible. (See Term of Agreement)

All documentation submitted for reimbursement must have the correct project name and/or State Forestry grant number, date work was completed, and proof of payment from the Sub-grantee.

All reimbursements to Sub-grantees shall be calculated on the "Grant Reimbursement Form" (Attachment E2). By signing the form, the Sub-grantee assumes full and implied responsibility for all grant costs incurred and submitted on the form. By signature, the Sub-grantee accepts full liability that the work and costs incurred were in accordance with the agreed scope of work and/or approved detailed project plan and in accordance with all applicable Federal and State laws. By signing the "Grant Reimbursement Form", the Sub-grantee is claiming that costs were incurred following the established procurement process for its own organization and that their process is documented, administered and managed with the correct accounting and administrative procedures and is in accordance with all applicable Federal and State laws.

INELIGIBLE COSTS – Any expenses submitted for reimbursement that are not properly documented shall not qualify for reimbursement. It shall be the Sub-grantee's sole responsibility to submit the required and accurate support documentation for all project costs. In the event an audit determines that ineligible costs were charged to the project, the Sub-grantee accepts full liability for such costs.

- Expenses not included in an approved project plan or that are unnecessary for the completion of the project are ineligible for reimbursement or as match.
- NO FOOD or BEVERAGE purchases or donations to others are eligible for reimbursement or as match, unless included in the project plan as budgeted travel costs, and pre-approved by State.
- Capital Equipment costing $5,000 or more per unit cannot be included as reimbursable costs, but may be included as match with prior approval. State Forestry recommends renting equipment as needed.
- NO purchase of equipment or supplies for individuals are eligible for reimbursement or as match (though purchase of supplies and small equipment by the Sub-grantee organizations for ongoing community use may be eligible).
- Poorly documented match or volunteer hours with insufficient support documentation will not count towards the required match. It is the Sub-grantee's responsibility to keep all project/grant records pertaining to matching requirements. In the event an audit determines that ineligible match was credited to the project, the Sub-grantee accepts full liability for such costs.

ATTACHMENT D

Grant Reimbursement and Documentation Requirements

REIMBURSABLE PROJECT EXPENSES – are direct, out-of-pocket expenditures for eligible project activities that are supported by paid invoices, canceled checks, signed receipts, or official payroll records. Examples include:

- **Labor (Administrative and Personnel)**- may include paid staff, or documented reimbursement from Sub-grantee to others for services. Related expenses such as employee benefits or required travel costs are also eligible if properly documented.
  - Administrative labor includes general project oversight, while personnel labor includes work done on the ground
  - All staff/labor hours must be accompanied by an employee time sheet detailing the hours worked on the grant project. We must be able to determine, for each staff member, the hours contributed, the rate of pay, the work completed, and the total amount being requested.
  - The time sheet must clearly have the State grant ID number, an employee signature, and the dates work hours were contributed towards the grant. A supervisor's approval signature should also be included. **Note, for auditing purposes, an auditor will most likely want to see all hours worked in addition to those charged to the grant.**
  - Required documentation should include some combination of: payment receipts, timesheets, payroll records (paystubs), job sheets, canceled checks, or signed letters detailing paid staff time, dates, and services or work provided.
- **Contracted Services** – Contracting for services from outside organizations or businesses is permitted if included in the approved project plan and budget. Such services could include contracted fuels crews, arborists, trucking, waste disposal, and other costs.
  - Required documentation will include original invoices with sufficient detail of work performed, dates of work performed, and proof of payment, such as canceled checks or credit card receipts.
- **Supplies** - may include operating supplies, office supplies, and small equipment purchased by the Sub-grantee and necessary for the completion of the project.
  - Required documentation should include proof of purchase via payment receipts, canceled checks, or official accounting records detailing expenses and goods and service provided. Original quotes or incomplete invoices are not sufficient.
- **Travel** - may include mileage reimbursement
  - Documentation should include mileage logs with beginning and ending odometer readings and reference the grant project number.
- **Equipment** - may include the cost of renting equipment, fuel, operational costs or repairs at an accepted rate
  - Documentation should include invoices and proof of payment, receipts, or equipment logs.
  - If using FEMA or negotiated CFRA rates, the non-emergency rate (½ of negotiated rate) must be used.
  - Take into consideration that if the rate provided is a "Wet Rate," it already includes fuel and maintenance for the equipment.
- **Other**
  - Other costs as necessary must include proper support documentation demonstrating that the Sub-grantee has incurred the costs.
  - Indirect Costs – Agreed upon indirect costs can be included for reimbursement. No more than 10% of the indirect costs may come from the grant share.
    - Indirect costs may cover general operating expenses such as those negotiated at the time of the grant agreement and other overhead costs; therefore supporting documentation is not required, but detailed specifics about what is covered under the indirect cost must be included in the detailed project plan budget narrative.
    - If Sub-grantee has a Negotiated Indirect Cost Rate Agreement (NICRA), State Forestry must receive this agreement before the rate can be used in the project budget. If the NICRA is greater than 10%, anything above this is allowable as match only.
    - De Minimis: If no NICRA rate is available, Sub-grantee can include the 10% de minimis cost rate to cover other general operating expenses.

ATTACHMENT D

Grant Reimbursement and Documentation Requirements

ELIGIBLE MATCH – Grants may require some level of MATCH investment from the Sub-grantee organization. Matching investment may only be included if goods or services are provided during the term of the agreement and are necessary for the completion of the project. The matching investment may be in the form of dollars expended and/or in-kind contributions used toward the project. The Sub-grantee share (match) cannot be used as a match for any other cost-share program. As with reimbursable costs, eligible match expenses only include those that are reasonable and necessary for the completion of the grant funded program or project and must meet the approved Cost Principles.

Matching investments will not be directly reimbursed.

Examples of possible match include:

- **Hard Dollars** - Matching investment can include actual costs incurred as documented above.
  - A hard dollar match includes anything directly purchased for the grant work with costs incurred by the grantee where money has changed hands, including time spent by employees on grant related activities. Time spent by employees on eligible project activities must include the same documentation as listed above for the Labor category for grant share.
  - Required documentation will include payment receipts, canceled checks, or official accounting records detailing expenses and related goods and service provided. Physical cash transactions are unallowable with DFFM grants.

- **In-kind Contributions** - includes the use of the sub-grantees's or their partners' on-hand supplies, use of third party donations of supplies or equipment, or the value of professional services provided at the professional rate.
  - Use of in-kind contribution of goods or services from another business or organization may be counted as in-kind match with proper documentation. Property or use thereof shall be assigned a fair market value per applicable Cost Principles and should include a letter of documentation from the donating party, if necessary. Use of donated equipment shall consist of signed time logs, detailing day(s) or hours of use, accepted rate, and project specific function.

- **Volunteer** - Volunteer labor hours shall conform to documented standard operating procedures for the Sub-grantee organization with established pay rates.
  - Required documentation for volunteers will include signed time logs/sign-in sheets with volunteer name, date, time, place, and type of volunteer service provided. Volunteer sign in sheets must include a supervisor's signature. Volunteer timesheets should be filled out and signed on the day work was completed.
  - Volunteer time may be valued at the local market rate for equivalent work (children at minimum wage). Hourly rates exceeding $20 per hour will require specific support documentation for justification and approval. If you use consultants, forestry professionals, planners, etc., who donate their professional services, appropriate hourly rates may be documented in a letter from the individual or their organization, but will still require accurate timesheets.

Solicitation Summary

1. What is the State Soliciting?

The Arizona Department of Administration, State Procurement Office (the State), as authorized under A.R.S. § 41-2501 *et seq.* is seeking to establish one or more mandatory statewide, to provide Weapons Lethal, less than Lethal and Supplies.

The State anticipates awarding contract(s) with the intent to secure service coverage statewide. Whether or not it actually enters into any contracts, how many contracts it enters into, and how the work is awarded between those contracts are all at the State's discretion. Furthermore, the State will use any awarded contracts on an as-needed basis, with no guarantee as to its actual spending under them.

The State reserves the right to accept any item or combination of items specified in the Solicitation, unless the Offeror expressly restricts an item or combination of items in its Offer, and conditions its response on receiving all items for which it provided a proposal. In the event of such restriction, the State will evaluate if an award on such a basis will result in the best value and is in the best interest for the State. The State may otherwise determine, at its sole discretion, that such restriction is non-responsive and deem the Offeror ineligible for further evaluation.

Scope of Work

1. Purpose and Background

The Arizona Department of Administration, on behalf of the State of Arizona (hereinafter referred to as the "State") is responsible for administering the Request for Proposal for Weapons and supplies to support Law Enforcement Agencies and State administered shooting sport facilities. Weapons Lethal, less than Lethal, and Supplies are contemplated as the material goods used in the day-to-day operations of professional law enforcement. This includes accessories such as holsters and Duty belt items. Conducted Electric weapons and ballistic goods are available under separate agreements.

2. Scope of Work

Pursuant to **A.R.S.** 41-2501, The Arizona Department of Administration, State Procurement Office (The State) is seeking to establish statewide contract(s) for Weapons Lethal, Less-Lethal, accessories and Supplies necessary to support all State Agencies, Boards and Commissions and participating Cooperative Members (collectively hereinafter referred to as Eligible Agencies). Pursuant to A.A.C. R2-7-101(11), the State has determined that a “brand name or equivalent specification” is appropriate to meet agency needs. The listed brand-name products demonstrate the standard of quality, performance, and other characteristics that will meet State requirements. The use of these brand name or equivalent specifications herein is not intended to limit or restrict competition. The State will consider proposals for the provision of products that the State determines to be substantially equivalent to those brand name products listed in Attachment 4. The SAAMI standards will be used as guidance. All material shall be of a type and quality to support professional Law enforcement standards. Please use the workbook to add pricing for core items/category discounts. Please use the Vendor Input tab for additional items and pricing.

1.0 Core Items. The State has determined that the listed brand name items will meet core agency needs. The Contractor shall provide discounted firm-fixed pricing for the Core Items identified by the manufacturer product number or nomenclature. The Core Items List reflects those items anticipated to be the most common or frequently purchased products under this contract and those that have been tested and approved by the Arizona Department of Public Safety for use in satisfying the needs of the State. The State reserves the right to add or remove items to the core items list during the duration of the awarded contract.

1.1 Trade-Ins – Contractor(s) is being requested to indicate willingness for trade-ins(s) with Attachment 13, Tab – Trade-in. The State recognizes the many variables in Trade. The situation specific details will be described by the user group ie: Duty

weapons, seizures, obsolescence. It will be the Supplier responsibility to provide valuation information and any necessary transfer documentation. Whether materials will be traded is at the option of the State and/or utilizing agency.

2.0 The awarded contract(s) shall replace existing contracts for Firearms, Parts & Accessories set to expire on March 31st 2025. The State desires to enter into contract(s) for all named Core Items listed on the Arizona Procurement Portal and a Catalogue / Price list Percentage Discount on Attachment 14, with reliable and capable vendors who can manage multiple agency accounts and delivery points located throughout the state, have sufficient statewide delivery capabilities, and offers supplies, as stated in this solicitation. The estimated dollar volume of products and equipment purchased under the proposed contract(s) is $500,000 - $1 million annually based on historical usage data and anticipated volumes from State Agencies. This amount does not include any estimated spend from State Cooperative members which could be substantial volumes. Because this contract(s) will be used on an as needed basis, the State makes no guarantee as to actual spend under any resultant contract.

Special Terms and Conditions

The Special Terms and Conditions modify the Uniform Terms and Conditions. It can modify them by replacing, deleting, appending to, or revising the text of an existing provision or by inserting a new paragraph into an existing article. No other document modifies or adds to the Uniform Terms and Conditions, except as may subsequently be otherwise and expressly agreed and incorporated by Contract Amendment.

1. Definition of Terms: As used in the Contract, the terms listed below are defined as follows:

   1.1. Acceptance: The document titled “Offer and Acceptance Form” bearing the state contract number once Procurement Officer has signed it to signify (1) State’s formal acceptance of the Accepted Offer and (2) the formation of the Contract. For clarity of intent, the foregoing is not to be confused with the term “acceptance” used throughout the Contract in the context of delivery, inspection, etc., with respect to Materials or Services.

   1.2. Accepted Offer:

      1.2.1. If State did not request a Revised Offer, then “Accepted Offer” means the Initial Offer.

      1.2.2. If State requested a Revised Offer but not a Best and Final Offer, then “Accepted Offer” means the latest Revised Offer.

      1.2.3. If State requested a Best and Final Offer, then “Accepted Offer” means the Best and Final Offer.

   1.3. “AI” means the science and engineering of making machines capable of performing tasks that are typically associated with human intelligence, such as learning and problem-solving, and includes without limitation: AI systems, classic AI, external AI, generative AI, and large language model (LLM) AI.

   1.4. Arizona Procurement Code: The Arizona Procurement Code consists of Arizona Revised Statutes (A.R.S.) §§ 41-2501 *et seq*. and Arizona Administrative Code (A.A.C.) R2-7-101 *et seq.* There is additional information in the Solicitation Instructions regarding how to access these state statutes and rules.

   1.5. Arizona Risk and Authorization Management Program (AZRAMP): is used by the Arizona Department of Homeland Security to evaluate Cloud services and Contractors that will transfer, process, or store state data outside of state-managed or controlled networks, and has three levels of control review:

      1.5.1. AZRAMP Level 1 Prerequisite: 35 Controls

      1.5.2. AZRAMP Level 2 Low Impact: Public Data Classification

1.5.3. AZRAMP Level 3 Moderate Impact: Confidential Data Classification

1.6. Arizona Transaction Privilege Tax (TPT): For information, refer to the Arizona Department of Revenue (DOR) website at: https://azdor.gov/transaction-privilege-tax-tpt

1.7. Attachment. Any item that:

1.7.1. The Solicitation required Offeror to submit as part of the Offer (e.g., Initial Offer, Revised Offer, or Best and Final Offer);

1.7.2. Was attached to an Offer when submitted; and

1.7.3. Was included in the Accepted Offer.

1.8. Cloud Services: Cloud or Cloud Services means any Software as a Service (SaaS), Infrastructure as a Service (IaaS), or Platform as a Service (Paas) involving the transfer, processing, or storage of state Data outside the control of state-managed and controlled networks.

1.9. Contract Terms and Conditions: The Special Terms and Conditions and the Uniform Terms and Conditions taken collectively.

1.10. Contractor: The Person identified on the Accepted Offer who has entered into the Contract with the State.

1.11. Contractor Indemnitor: Contractor or any of its owners, officers, directors, agents, employees, or Subcontractors.

1.12. Co-Op Buyer: A member of the State Purchasing Cooperative that has entered into a “Cooperative Purchasing Agreement” with the Arizona Department of Administration State Procurement Office under A.R.S. § 41-2632. Unless there is an applicable Cooperative Purchasing Agreement in effect at the time, a State Purchasing Cooperative member cannot be a Co-Op Buyer. For reference, “Co-Op Buyer” is to be construed as encompassing an “eligible procurement unit” under A.A.C. R2-7-101(23).

NOTE: Membership in the State Purchasing Cooperative is open to all Arizona political subdivisions, including cities, counties, school districts, and special districts. Membership is also available to non-profit organizations, other state governments, the federal government and tribal nations. For reference, “non-profit organizations” are defined in A.R.S. § 41-2631(4) as any nonprofit corporation as designated by the I.R.S. under Section 501(c)(3) through 501(c)(6) of the tax code.

1.13. Data Breach: Data Breach is used herein as defined as stated in A.R.S. Title 18, chapter 5, article 4 (Data Security Breaches), or in any relevant state or federal standard, to indicate an unauthorized acquisition of and unauthorized access that materially

compromises the security or confidentiality of unencrypted and unredacted computerized personal information maintained as part of a database of personal information regarding multiple individuals.

1.14. Eligible Agency:

1.14.1. If the Special Terms and Conditions indicate that the Contract is a "single-agency" contract, then "Eligible Agency" means the particular State of Arizona agency, university, commission, or board identified therein.

1.14.2. If the Special Terms and Conditions indicate that the Contract is a mandatory statewide contract, then "Eligible Agency" means any State of Arizona department, agency, university, commission, or board.

1.14.3. If the Special Terms and Conditions indicate that the Contract is a "cooperative" contract available for use by Co-Op Buyers, then "Eligible Agency" means any State of Arizona department, agency, university, commission, board, or any Co-Op Buyer.

1.15. Federal Risk and Authorization Management Program (FedRAMP): A federal government program that provides a standardized approach to security assessment, authorization, and continuous monitoring specifically for Cloud products and services relied upon by federal entities that store, process and transmit federal information.

1.16. Instructions to Offerors: The Solicitation Instructions document of the Solicitation.

1.17. NIST: NIST is the National Institute of Standards and Technology. For more information, see https://www.nist.gov/.

1.17.1. NIST Low Impact: If a Contractor may process, transmit, or store Public State Data (per State Data Classification Policy P8110), metadata, and/or Data that may be released to the public that requires no additional levels of protection during its work under the Contract, or as directed by the State Chief Privacy Officer (Arizona Department of Homeland Security Governance, Risk, and Compliance team), then the Contractor **shall** comply with NIST Low Impact security controls.

1.17.2. NIST Moderate Impact: If a Contractor may process, transmit, or store Confidential State Data (per State Data Classification Policy P8110) or metadata during its work under the Contract, then the Contractor **shall** comply with NIST Moderate Impact security controls.

1.18. Order: The instrument by which the Eligible Agency or Co-Op Buyer authorizes a Contractor to perform some or all of the Work. Whether the Contract will have one Order or many Orders depends on the scope of the Contract and how the State will use it. The

Special Terms and Conditions provide that information. Any of the following are construed as an "Order": "Purchase order," "task order," "service order," or "job order".

1.19. State's eProcurement System: The State's official electronic procurement system, established pursuant to A.A.C. R2-7-201 as set forth in the Arizona Department of Administration State Procurement Office policy document Technical Bulletin No. 020, The State's eProcurement System–The Official State eProcurement System. Technical Bulletin No. 020 is available online at:

https://spo.az.gov/sites/default/files/documents/files/TB_020_APP_20181024.pdf

1.20. State: With respect to the Contract generally, "State" means the State of Arizona and its department, agency, university, commission, or board that has executed the Contract. With respect to administration or rights, remedies, obligations and duties under the Contract for a given Order, "State" means each Eligible Agency or Co-Op Buyer who has issued the Order.

1.21. State Indemnitees: Collectively, the State of Arizona, its departments, agencies, universities, commissions, and boards and, and their respective officers, agents, and employees.

1.22. StateRAMP: A non-profit organization that provides a uniform approach to verifying that the cybersecurity of Cloud service providers (CSPs) meets the standards and regulations needed to do business with state and local governments.

1.23. Work: The totality of the Materials and the Services and all the acts of administration, creation, production, and performance necessary to fulfill and incidental to fulfilling all of Contractor's obligations and duties under the Contract in conformance with the Contract and applicable laws.

2. Contract Interpretations

2.1. Usage. Where the Contract:

2.1.1. assigns obligations to Contractor, any reference to "Contractor" is to be construed to be a reference to the Contractor and all Subcontractors, whether they are first-tier Subcontractors, sub-subcontractors, suppliers, sub-suppliers, consultants, or sub-consultants, as well as all of Contractor's and the Subcontractor's respective agents, representatives, and employees in every instance unless the context plainly requires that it is a reference only to Contractor as apart from Subcontractors.

2.1.2. uses the permissive "may" with respect to a party's actions, determinations, etc., the terms is to be interpreted as in A.A.C. R2-7-101(32) [*Definitions*]. For clarity of intent, any right given to State using "State may" or a like construction

denotes discretion and freedom to act so far as any regulatory or operative constraints permit in the relevant circumstances, provided that: (a) where written "may, at its discretion," the discretion extends to whatever is most advantageous to State; and (b) where written only as "may," the discretion is constrained by what is fair, reasonable, and as accommodating of the respective best interests of both parties as practicable under the circumstances;

2.1.3. uses the imperative "shall" with respect to a party's actions, duties, etc., the term is to be interpreted as in A.A.C. R2-7-101(44) [*Definitions*]. Conversely, the phrase "shall not" is to be interpreted as an imperative prohibition.

2.1.4. uses the term "must" with respect to a requirement, criterion, etc., the term is to be interpreted as conveying compulsion or strict necessity;

2.1.5. uses the term "might" with respect to an event, outcome, action, etc., the term is to be interpreted as conveying contingency or non-discretionary conditionality; and

2.1.6. uses the term "will" or the phrases "is to be" or "are to be" with respect to an event, outcome, action, etc., the term or phrase is to be interpreted as conveying such certainty or imperativeness that "shall" is either unnecessary or irrelevant in that instance.

2.2. Contract Order of Precedence

2.2.1. Complementary Documents. All of the documents forming the Contract are complementary. If certain work, requirements, obligations, or duties are set out only in one but not in another, Contractor shall carry out the Work as though the relevant Work, requirements, obligations, or duties had been fully described in all, consistent with the other documents forming the Contract and as is reasonably inferable from them as being necessary to produce complete results.

2.2.2. Conflicts. In case of any inconsistency, conflict, or ambiguity among the documents forming the Contract and their provisions, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document, but not in another, is not to be considered a conflict or inconsistency.

2.2.2.1. Contract Amendments;

2.2.2.2. The final Solicitation Documents, in the following order:

(1) Special Terms and Conditions;

(2) Exhibits to the Special Terms and Conditions;

(3) Uniform Terms and Conditions;

(4) Scope of Work;

(5) Exhibits to the Scope of Work;

(6) Specifications; and

(7) Any other documents referenced or included in the Solicitation;

2.2.2.3. Orders, in reverse chronological order; and

2.2.2.4. Accepted Offer.

2.2.3. Attachments and Exhibits. For clarity of intent, if an item was an Attachment in the Solicitation Documents or an Offer (either Initial, Revised, Best and Final, or Accepted) and was subsequently made into an Exhibit, or its content was incorporated into one of the other Contract documents, then that Attachment no longer exists contractually as an "Attachment" since it has at that point been made into some other Contract document. In every other case, an Attachment and the Offeror Data therein remain part of the Accepted Offer for purposes of precedence and contractual effect.

3. Contract Administration and Operation

3.1. Term of Contract. The term of the Contract will commence on the date indicated on the Acceptance and continue for twelve (12) months unless canceled, terminated, or permissibly extended.

3.2. Contract Extensions. State may at its discretion extend the initial Contract term in increments of one (1) or more months and do so one or more times, provided that the maximum aggregate term of the Contract including extensions cannot exceed the maximum aggregate term of five (5) years.

3.3. Notices and Correspondence

3.3.1. To Contractor. State shall address all Contract correspondence other than formal notices to the email address indicated as "Default for Type" for "General Mailing Address" in Contractor's corresponding State's eProcurement System

Vendor Profile; and address any required notices to Contractor to the "Contact Name and Title" at the "Mailing Address" indicated on the Accepted Offer, as that address might have been amended during the term of the Contract.

3.3.2. To State. Contractor shall address all Contract correspondence other than formal notices to the email address indicated in "Contact Instructions" in the State's eProcurement System Summary for State; and address any required notices to State via email to the Procurement Officer identified as "Purchaser" in the State's eProcurement System and via mail to the following mailing address:

Arizona Department of Administration
State Procurement Office
1802 W. Jackson, #100,
Phoenix, AZ 85007

3.3.3. Changes. State may change the designated Procurement Officer, update contact information, or change the applicable mailing address.

3.4. Signing of Contract Amendments. Contractor's counter-signature (or "approval" in the State's eProcurement System, in the case of an amendment) is not required to give effect if the Contract Amendment only covers either:

3.4.1. extension of the term of the Contract within the maximum aggregate term; or

3.4.2. modifications of a clerical nature that have no effect on terms, conditions, price, scope, or other material aspect of the Contract.

In every case other than those listed in 3.4.1 and 3.4.2 above, both parties' signatures (or "approval" in the State's eProcurement System in the case of an Amendment) are required to give it effect.

3.5. Click-through Terms and Conditions. If either party uses a web-based ordering system, an electronic purchase order system, an electronic order acknowledgement, a form of an electronic acceptance, or any software based ordering system with respect to the Contract (each an "Electronic Ordering System"), the parties acknowledge and agree that an Electronic Ordering System is for ease of administration only, and Contractor is hereby given notice that the persons using Electronic Ordering Systems on behalf of State do not have any actual or apparent authority to create legally binding obligations that vary from the terms and conditions of the Contract. Accordingly, where an authorized State user is required to "click through" or otherwise accept or be made subject to any terms and conditions in using an Electronic Ordering System, any such terms and conditions are deemed void upon presentation. Additionally, where an authorized State user is required

to accept or be made subject to any terms and conditions in accessing or employing any Materials or Services, those terms and conditions will also be void.

3.6. Books and Records

3.6.1. Retain Records. In addition to the audit rights detailed in the Uniform Terms and Conditions, State also requires that, pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to any cost and pricing Data submitted in satisfaction of § 41-2543 for the period specified in the statute.

3.6.2. Usage Information. Additionally, any and all information (including, but not limited to, documentation or Data) related to Eligible Agency and Co-Op Buyer usage retained solely within the Contractor's system (for example, related to punch-out or Contractor catalog sales) shall be considered public information or information that can be shared with and distributed by the State freely and for any purpose under the State's government purpose rights detailed in Section 3 of the Uniform Terms and Conditions [Ownership of Intellectual Property]. Any modifications to this Contract notwithstanding, the State shall have free use of any and all information related to Eligible Agency or Co-Op Buyer purchasing. Upon request by the State, Contractor shall promptly provide the State with any usage information requested and shall not attempt to limit the State's use in any way.

3.6.3. Right To Audit. The retained books and records are subject to audit by State during that period. Pursuant to A.R.S. § 41-2548(B), Contractor shall retain and shall contractually require each Subcontractor to retain books and records relating to performance under the Contract for the period specified in the statute and those retained books and records are subject to audit by State during that period.

3.6.4. Auditing. Contractor or Subcontractor shall either make all such books and records under subparagraphs 3.6.1 and 3.6.2 available to State at all reasonable times or produce the records at a designated State office on State's demand, the choice of which being at State's discretion. For the purpose of this paragraph, "reasonable times" are during normal business hours and in such a manner so as to not unreasonably interfere with normal business activities.

3.7. Subcontract

3.7.1. Initial list. At the time of Contract execution, Contractor's candidate Subcontractors were identified in Attachment Proposed Subcontractors to the Accepted Offer [Proposed Subcontractors]. Agreeing to them being included in the Accepted Offer signified Procurement Officer's advance consent for

Contractor to enter into a Subcontract with each candidate, which Contractor shall do as promptly as necessary to ensure its ability to carry out the Work in a timely manner.

3.7.2. Additional names. Contractor shall not enter into a Subcontract to perform Work under the Contract, without first obtaining Procurement Officer's written consent with any prospective Subcontractor that (a) was not listed on the Attachment Proposed Subcontractors at time of Contract execution or (b) is for any Materials or Services categories other than the ones for which they were previously consented. For either case (a) or (b), Contractor shall submit a written request sufficiently in advance of the need date for those materials or services so that performance under the Contract is not impaired. Procurement Officer may request any additional information he or she determines is necessary to assess the submittal, and may withhold consent pending it. Approval of additional subcontractors shall be added to the Contract by a bilateral Contract Amendment.

3.7.3. Flow-down. Contractor shall incorporate the provisions, terms, and conditions of the Contract into every Subcontract by inclusion or by reference, as appropriate. When making any post-execution consent requests, Contractor shall include its warrant that it will do the same for the pending Subcontracts covered by the request. Entering into Subcontracts will not relieve Contractor of any of its obligations or duties under the Contract, including, among other things, the duty to supervise and coordinate the work of Subcontractors. Nothing contained in any Subcontract will create or is to be construed as creating any contractual relationship between State and the Subcontractor.

3.8. Orders

3.8.1. Order Sufficiency. The Contract was awarded in accordance with the Arizona Procurement Code; the transactions and procedures required by the Arizona Procurement Code for competitive source selection have been met. An Order issued that cites the correct State contract number will suffice to authorize the Contractor to provide the Materials and perform the Services covered by that Order.

3.8.2. Order Terms. All Orders are subject to the Contract Terms and Conditions; an Order cannot modify the Contract Terms and Conditions. Any Contractor terms added to quotes or otherwise unilaterally added to Eligible Agency or Co-Op Buyer Orders are null and void.

3.8.3. Orders are Obligatory. Until the expiration or earlier termination of the Contract, State may issue and Contractor shall accept Orders that make proper

reference to the Contract and are permissible hereunder, provided that, Contractor is not obliged to accept any Order that is not consistent with the then-current pricing, lead times, specifications, or payment provisions of the Contract. Contractor shall fulfill and complete any Orders that are begun but not yet completed as of expiration or earlier termination of the Contract unless State instructs otherwise at the time.

3.8.4. No Minimums or Commitments. (a) Contractor shall not impose any minimum dollar amount, item count, services volume, or services duration on Orders; (b) State makes no commitment of any kind concerning the quantity or monetary value of activity actually initiated or completed during the term of the Contract; (c) Contractor shall only deliver or perform as authorized by Orders; and (d) State is not limited as to the number of Orders it may issue for the Contract. For clarity of intent, the foregoing applies equally whether an Eligible Agency issues the Order or, if applicable, a Co-Op Buyer issues it.

3.8.5. Non-contracted Materials or Services. Any attempt to knowingly represent for sales, marketing, or related purposes that Materials or Services not specifically awarded are under a State contract is a violation of the Contract and law.

3.9. Order Cancellations. State may cancel Orders within a reasonable period after issuance and at its discretion. The same method used for ordering will be used for cancellation.

3.9.1. If State cancels an Order, then State shall:

3.9.1.1. pay Contractor for any portion of the Materials and Services from that Order that have been properly delivered or performed as of the cancellation effective date; and

3.9.1.2. reimburse Contractor for actual, documented costs incurred in fulfilling the Order up to the cancellation effective date and the cost of any obligations incurred in fulfilling the Order up to the cancellation effective date that demonstrably cannot be canceled or that have pre-established cancellation penalties specified in the relevant Subcontracts, to the extent the penalties are reasonable and customary for the work in question.

3.9.2. Contractor shall not charge or be entitled to charge State for any new costs it incurs after receiving the cancellation notice; State is not liable for any Materials that were produced, shipped, or delivered, or Services that were performed before Contractor had acknowledged the corresponding Order.

3.9.3. State shall also be able to cancel Orders freely and without any further obligation at any time prior to Contractor's formal acknowledgement of the Order.

3.10. The Contract is a mandatory statewide contract (per A.A.C. R2-7-607) for multiple purchases, projects, or assignments, and a cooperative contract (per A.R.S. § 41-2632 and A.A.C. R2-7-1002(B)) that can be purchased against by some or all Eligible Agencies and any Co-Op Buyers that elect to participate. Even if only one Eligible Agency needs or elects to purchase against the Contract, it is to be construed as being a cooperative contract hereunder.

3.10.1. Contractor shall verify if an ordering entity is a current Co-Op Buyer before selling Materials to or providing Services for them under the Contract. The current list of Co-Op Buyers is available on the State Procurement Office website:

https://spo.az.gov/suppliers/usage-reporting

3.10.2. Contractor shall sell to Co-Op Buyers at the same price and on the same lead times and other terms and conditions under which it sells to Eligible Agencies, with the sole exception of any legitimately additional costs for extraordinary shipping or delivery requirements if the Co-Op Buyer is having Materials delivered or installed or Services performed at locations not contemplated in the contracted pricing (e.g. delivery to a location outside Arizona).

3.10.3. Contractor shall pay State an administrative fee against all Contract sales to Co-Op Buyers, as provided for under A.R.S. § 41-2633. Rates are set in accordance with SPO Technical Bulletin (TB) 007, available on the SPO website, which may be revised at the State's sole discretion as part of Arizona state procurement policy. For convenience (though note that this link may change over time) TB 007 may be found here:

https://spo.az.gov/suppliers/usage-reporting.

Failure to remit the administrative fees is a material breach of contract, and will entitle the State to its remedies under Contract Terms and Conditions Section 8 and its right to terminate for default under Section 9. Method of calculation, payment procedures, and other details are provided on the State Procurement Office website:

https://spo.az.gov/suppliers/usage-reporting.

3.10.4. Contractor shall submit to State a quarterly usage report documenting all Contract sales to both Eligible Agencies and Co-Op Buyers, itemized separately. Contractor shall further itemize divisions, groups or areas within a given Eligible Agency if they place Orders independently of each other. Failure to submit the report is a material breach of contract, and will entitle the State to its remedies under Contract Terms and Conditions Section 8 and its right to terminate for default under Section 9. Contractor shall submit the report using the forms and following the instructions on the State Procurement Office website:

https://spo.az.gov/suppliers/usage-reporting.

3.10.5. Contractor shall acknowledge each Order from Eligible Agencies within one (1) business day after receipt by either: (a) “approving” the Order electronically in the State’s eProcurement System, which will indicate Contractor’s unqualified acceptance of the Order as-issued; or (b) “rejecting” the Order electronically in the State’s eProcurement System, with a concurrent explanation by email to relevant originator as to the reason for rejecting it. By way of reminder, the only grounds on which the Contractor may reject or refuse an Order are those set out in subparagraph 3.8.3 [*Orders are Obligatory*]. Unless and until Contractor has approved the Order in the State’s eProcurement System, it will have no effect under the Contract and will not oblige either State or Contractor. If the relevant Eligible Agency explicitly instructs at the time that a verbal acceptance is sufficient because of urgency or other unusual circumstances and Contractor duly gives its verbal acceptance, then Contractor will be deemed to have accepted the Order immediately upon commencing performance, provided that, Contractor must follow-up its verbal acceptance by accepting the Purchase Order electronically in the State’s eProcurement System within three (3) business days. Contractor shall thereafter be barred from subsequently rejecting the Order in the State’s eProcurement System and if it does so the rejection will be void.

3.10.6. Contractor shall acknowledge each Order from Co-Op Buyers in conformance with each Co-Op Buyer’s instructions given at the time of ordering or in any supplemental participating agreement Contractor might have with them. Orders from Co-Op Buyers create no obligation on State’s part, since they are entirely between the Co-Op Buyer and Contractor. That notwithstanding, Contractor’s obligation under the Contract is to service Co-Op Buyers commercially as though they were with an Eligible Agency, and Contractor’s refusal to do so would be a material breach of the Contract.

3.11. Multiple-Use Provisions. Eligible Agencies may issue Orders for Services in several forms, all of which become final and effective by a Purchase Order in the State's eProcurement System. Orders issued by Co-Op Buyers will be in whatever form the Co-Op Buyer normally uses. Regardless of origin, Orders must cite the State contract number to be valid. State may, at its discretion in each instance, determine the scope, schedule, and price for each Order in any of the following ways:

3.11.1. By choosing some or all of the Materials or Services items covered by the Contract for which a price is established in the Contract, then preparing an Order using those prices (e.g. filling out an order form), and sending it to the Contractor;

3.11.2. By instructing Contractor to provide a comprehensive proposal of item quantities, combinations, etc., or services hours, personnel, etc., for a defined scope using those established prices as a basis, then validating and negotiating the proposal with Contractor and issuing an Order if and when reaching agreement;

3.11.3. As described in 3.11.2 above but requesting the proposal from both Contractor and other vendors who are contracted within the applicable scope categories and locations, either sequentially or concurrently, then selecting the proposal or proposals combination that is most advantageous to State; or

3.11.4. As described in 3.11.3 above but introducing ad-hoc commercial competition by making the selection and ordering conditional on obtaining more favorable prices than the contractually-established ones.

3.12. Work on State Premises

3.12.1. Compliance With Rules. Contractor is responsible for ensuring that its personnel comply with State's rules, regulations, policies, documented practices, and documented operating procedures while delivering or installing Materials or performing Services on State's grounds or in its facilities. For clarity of intent, the foregoing means that if Contractor is required to comply with certain security requirements in order to deliver, install, or perform at that particular location, then it shall do so nonetheless and without entitlement to any additional compensation or additional time for performance if those particular requirements are not expressly stated in the Contract. Contractor is reminded that violation of the prohibition under A.R.S. § 13-1502 against possession of weapons on State's property by anyone for whom Contractor is responsible is a material breach of contract and grounds for termination for default.

3.12.2. Protection Of Grounds And Facilities. Contractor shall deliver or install the Materials and perform the Services without damaging any State grounds or facilities. Contractor shall repair or replace any damage it does cause promptly

and at its own expense, subject to whatever instructions and restrictions State needs to make to prevent inconvenience or disruption of operations. If Contractor fails to make the necessary repairs or replacements in a timely manner, State will be entitled to exercise its remedies under paragraph 8.5 of the Uniform Terms and Conditions [Right of Offset].

3.13. Transitions

3.13.1. During commencement, Contractor shall attend transition meetings with any outgoing suppliers to coordinate and ease the transition so that the impact on State's operations is kept to a minimum. State may elect to have outgoing suppliers complete some or all of their Work or Orders in progress, even if that Work could be covered under the incoming supplier's Contract. Conversely, the State may have a continued need for the same Materials and Services upon expiration or earlier termination of the Contract. Accordingly, Contractor shall work closely with any incoming supplier and State to ensure as smooth and complete a transition transfer as is practicable.

3.13.2. Eligible Agency or Co-Op Buyers representative will coordinate all transition activities and facilitate joint development of a comprehensive transition plan by both Contractor and the incoming supplier. As with the incoming transition, State may permit Contractor, when Contractor is outgoing, to complete work or orders in progress to ease the transition as is safest and most efficient in each instance.

3.13.3. RESERVED

4. Costs and Payments

4.1. Type of Pricing. Offeror shall include only firm, fixed pricing in the Offer.

4.2. Contractor's Best Pricing. Contractor warrants that, for the term of the Contract, the prices and discounts set out in the APP Items (F) tab **OR** Attachments titled Pricing, including any subsequent agreed amendment to it (the "Contract Pricing"), shall be equal to or better than the lowest prices and largest discounts, both separately and in combination, at which Contractor sells equivalent services, items of equipment, and materials.

4.2.1. That price-plus-discount equivalence ("Contractor's Best Pricing") is intended to be irrespective of whether or not those other sales have special purchase terms, conditions, rebates, or allowances.

4.2.2. If Contractor's Best Pricing for equivalent services, items of equipment, and materials is better than the Contract Pricing, then Contractor agrees to adjust the Contract Pricing to match the Contractor's Best Pricing for all sales related

to the Contractor made after the date when the Contractor's Best Pricing was first better than the Contract Pricing.

4.2.3. For clarification of intent, that date is intended to be the date when the difference first occurred, which might have been before the difference was first identified. If the difference occurred before it was identified, then Supplier agrees to charge less than the Contract Pricing until the extended difference that would have been realized (i.e. if the Contractor's Best Pricing had been applied when it should have been) has been settled.

4.3. Pricing is all-inclusive, including any ancillary fees and costs required to accomplish the Scope of Work and all aspects of Contractor's offer as accepted by State.

4.3.1. Details of service not explicitly stated in the Scope of Work or in Contractor's Offer, but necessarily a part of, are deemed to be understood by Contractor and included herein. All administrative, reporting, or other requirements, all overhead costs and profit and any other costs toward the accomplishment of the requirements in the Contract are included in the pricing provided.

4.3.2. Additional Charges. Any charges or fees not delineated in the Contract shall not be added, billed, or invoiced under the Contract.

4.4. Price Increase. The State may review a fully documented request for a price increase. The requested increase shall be in writing and be based upon a cost increase to the Contractor that was clearly unpredictable at the time of the offer and is directly correlated to the price of the product concerned. Contractor must provide conclusive evidence of a need for any price increases.

4.4.1. Initial Contract prices shall be honored for one year after award of Contract.

4.4.2. The State needs sufficient time to make a fair and equitable determination in response to any Contractor requests for price adjustments. As a result, the State requests that the Contractor provide ninety (90) days advance notice prior to any price adjustment whenever possible, and at a minimum, sixty (60) days advance notice. Requests sent to the State with less than sixty (60) days notice will be denied, unless the Contractor provides proper documentation demonstrating the urgency of the request. The State shall determine whether the price increase is in the best interest of the State.

4.4.3. All price adjustments will be implemented by a formal Contract Amendment. State shall determine whether the requested price increase or an alternate option is in the best interest of the State.

4.4.4. State expects Contractors to use Lean Six Sigma principles to reduce costs in their supply chain, and not simply pass new costs on to the State. If a price increase is requested, State will ask for evidence that Lean Six Sigma principles and tools have been used by Contractor to attempt to reduce costs in advance of any request for a price increase under the Contract.

4.5. Price Reductions. Price reductions shall be immediately passed along to State and may be submitted in writing to State for consideration at any time during the Contract period. The contractor shall offer State a price reduction on the Contract product(s) concurrent with a published price reduction made to other customers. The State at its own discretion may accept a price reduction. The price reduction request shall be in writing and include documentation showing the actual reduction of cost. Sales promotions requests shall include differences in pricing, begin, and end date of promotion along with the products covered.

4.6. Travel. Contractor shall request and receive written approval prior to any travel under the Contract in which reimbursement of expenses will be requested. Contractor will be reimbursed for actual expenses incurred in accordance with the current rates specified in the State's Travel Policy. Contractor shall itemize all per diem and lodging charges. State Travel Policy, including State rates, may be located at https://gao.az.gov/travel/travel-information. Eligible Agency or State shall reject any claim for travel reimbursement for which Contractor did not receive prior written approval.

4.7. Funding

No particular funding considerations apart from Uniform Terms and Conditions Sections 4.5 [Availability of Funds for the Next State Fiscal Year] and 4.6 [Availability of Funds for the Current State Fiscal Year] have been identified as of the Solicitation publication date.

4.8. Invoicing

4.8.1. Invoices Go To Ordering Entity. Contractor shall submit all billing notices or invoices to the ordering Eligible Agency or Co-Op Buyer at the address indicated on the applicable Order document or by utilizing the Ordering Entity’s purchasing tool/process.

4.8.2. Minimum Invoice Requirements. Every invoice shall include the following information:

4.8.2.1. Bill-to name and address;
4.8.2.2. Contractor name and contact information;
4.8.2.3. Remit-to address;
4.8.2.4. Invoice number and date;
4.8.2.5. State contract number;

4.8.2.6. Order number (APP PO number);
4.8.2.7. Material or Service description (itemized);
4.8.2.8. Date(s) Services were performed or Materials were delivered;
4.8.2.9. Applicable payment terms;
4.8.2.10. Quantity delivered or performed;
4.8.2.11. Line item unit of measure;
4.8.2.12. Item price;
4.8.2.13. Extended pricing;
4.8.2.14. Receipt for pass-through expenses (if applicable);
4.8.2.15. Taxes (as a separate invoice line item), including the percentage used to calculate taxes;
4.8.2.16. Mailing fees (if applicable); and
4.8.2.17. Total invoice amount due.

4.8.3. No Invoice Without Authorization. Contractor shall not seek payment for any:

4.8.3.1. Materials or Services that have not been authorized on an acknowledged Order;

4.8.3.2. Expediting, overtime, premiums, or upcharges absent State's express prior approval; or

4.8.3.3. Materials or Services that are the subject of a Contract Amendment that has not been fully signed by the Procurement Officer.

4.8.4. Submitting Invoices. Contractor shall submit an invoice to the ordering Eligible Agency or Co-Op Buyer using the form and/or process required by the ordering Eligible Agency or Co-Op Buyer. Every invoice must be signed by Contractor's authorized representative and accompanied by all supporting information and documentation required by the Contract and applicable laws.

4.8.5. Defective Invoices. Without prejudice to its other rights under the Contract or further obligation to Contractor, the ordering Eligible Agency or Co-Op Buyer may, at its discretion, reject any materially defective invoice.

4.8.5.1. The ordering Eligible Agency or Co-Op Buyer shall notify the Contractor within five (5) business days after receipt if it determines an invoice to be materially defective.

4.8.5.2. Invoices will be deemed automatically rejected upon delivery if they: are sent to an incorrect address, do not reference the correct State contract and Purchase Order number, or are payable to any Person other than the Contractor.

4.8.5.3. The ordering Eligible Agency or Co-Op Buyer shall have no obligation to pay against a defective invoice unless and until Contractor has re-submitted it free of defects.

4.9. Payments

4.9.1. Payment Deadline. State shall make payments in compliance with Arizona Revised Statutes Titles 35 and 41. Unless and then only to the extent expressly stated otherwise in the Pricing Section of the Special Terms and Conditions above, State shall make payment in full for Materials that have been delivered and accepted and Services that have been performed and accepted within the time specified in A.R.S. § 35-342, after both of the following occur: (a) all of the Materials being invoiced have been delivered or installed (as applicable) and accepted and all of the Services being invoiced have been performed and accepted; and (b) Contractor has provided a complete and accurate invoice in the form and manner called for in the Contract, provided that, State will not make or be liable for any payments to Contractor until Contractor has registered properly in the State's eProcurement System and provided a current I.R.S. Form W-9 to State unless excused by law from providing one.

4.9.2. Payments Only To Contractor. Unless an assignment and assumption agreement has been reached between the Contractor and State pursuant to Section 5.1 of the Special Terms and Conditions [Assignment and Delegation] or the State has been otherwise compelled by operation of law or order of a court of competent jurisdiction, State will only make payment to Contractor under the federal tax identifier the Contract was awarded to within the eProcurement System.

4.9.3. Payment. The applicable Eligible Agency or Co-Op Buyer shall pay undisputed amounts due to Contractor within the time period specified in Section 4 Costs and Payments of the Uniform Terms and Conditions.

4.9.4. Joint Checks or Direct Pay. Applicable Eligible Agency or Co-Op Buyer may, but is under no obligation to, pay by joint check or to pay directly to any Subcontractor or other creditor to whom any portion of Contractor's requested payment is owed.

4.9.5. Recovery of Overpayment. If applicable, Eligible Agency or Co-Op Buyer determines that an overpayment has been made to Contractor on any prior invoice, it shall inform Contractor of the amount and date of the overpayment and may deduct the overpaid amount from amounts then or thereafter due to Contractor.

4.9.6. Purchasing Card. Applicable Eligible Agency or Co-Op Buyer may pay invoices for some or all Orders using a purchasing card. Any and all fees related to payment using a purchasing card (also called a p-card) are the responsibility of the Contractor. Unless otherwise stated in the Contract, there will be no additional fees or increase in prices associated with this method of payment.

4.9.7. Automated clearing house. Applicable Eligible Agency or Co-Op Buyer may pay invoices for some or all Orders through an Automated Clearing House (ACH). In order to receive payments in this manner from Eligible Agencies, the Contractor must complete an ACH Vendor Authorization Form (form GAO-618) within 30 (thirty) days after the effective date of the Contract. The form is available online at: https://gao.az.gov/publications/forms.

4.10. Applicable Taxes

4.10.1. Contractor To Pay All Taxes. State is subject to Arizona Transaction Privilege Tax (TPT). Therefore, Arizona TPT applies to all sales under the Contract and Arizona TPT is Contractor's responsibility (as seller) to remit. Contractor's failure to collect Arizona TPT or any other applicable sales or use taxes from an Eligible Agency or Co-Op Buyer will not relieve the Contractor of any obligation to remit sales or use taxes that are due under the Contract or laws. Unless clearly stated otherwise in the Contract, all prices therein include Arizona TPT as well as every other manner of transaction privilege or sales/use tax that is due to a municipality or another state or its political subdivisions. Contractor shall pay all federal, state, and local taxes applicable to its operations and personnel.

4.10.2. Tax Indemnity. Contractor shall hold State harmless from any responsibility for taxes or contributions, including any applicable damages and interest, that are due to federal, state, and local authorities with respect to the Work and the Contract, as well as any related costs; the foregoing expressly includes Arizona TPT, unemployment compensation insurance, social security, and workers' compensation insurance.

5. Contract Changes

5.1. Assignment and Delegation

5.1.1. In Whole. Contractor shall not assign in whole its rights or delegate in whole its duties under the Contract without Procurement Officer's prior written consent, which consent Procurement Officer may withhold at his or her discretion. If Contractor's proposed assignment or delegation stems from a split, sale, acquisition, or other non-merger change in control, then no such

consent will be given in any event without the assignee or delegate giving State satisfactory and equivalent evidence or assurance of its financial soundness, competency, capacity, and qualification to perform as that which Contractor possessed when State first awarded it the Contract.

5.1.2. In Part. Subject to Special Terms and Conditions sections 3.7 [Subcontract] with respect to subcontracting, Contractor may assign particular rights or delegate particular duties under the Contract, but shall obtain Procurement Officer's written consent before doing so. Procurement Officer shall not unreasonably withhold consent so long as the proposed assignment or delegation does not attempt to modify the Contract in any way or to alter or impair State's rights or remedies under the Contract or state law.

6. Risk and Liability

6.1. Risk of Loss. Contractor shall bear all risk of loss to Materials while in pre-production, production, storage, transit, staging, assembly, installation, testing, and commissioning, if and as those duties are within the scope of the Work, until they have been accepted as conforming by State in the particular location and situation specified in the Order, or as specified generally elsewhere in the Contract if the Order does not provide particulars, provided that, risk of loss for nonconforming Materials will remain with Contractor notwithstanding acceptance to the extent the loss stems from the nonconformance.

6.2. General Contractor Indemnification and Insurance Requirements

6.2.1. Contractor Indemnification (Not Public Agency). To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary

loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission or university of the State of Arizona.

6.2.2. Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

6.2.3. **Insurance Requirements**. **Addendum A to the Special Terms and Conditions: Contractor Insurance Requirements is incorporated herein as part of the Special Terms and Conditions.**

6.3. Patent and Copyright Indemnification. *[CONTRACTOR/VENDOR (NOT PUBLIC AGENCY)]*. With respect to Materials or Services provided or proposed by a Contractor Indemnitor for performance under the Contract, Contractor shall indemnify, defend and hold harmless State Indemnitees against any third-party claims for liability, costs, and expenses, including, but not limited to reasonable attorneys' fees, for infringement or violation of any patent, trademark, copyright, or trade secret by the Materials and the Services. With respect to the defense and payment of claims under this subparagraph:

6.3.1. State shall provide reasonable and timely notification to Contractor of any claim for which Contractor may be liable under this paragraph;

6.3.2. Contractor, with reasonable consultation from State, shall have control of the defense of any action on an indemnified claim including all negotiations for its settlement or compromise;

6.3.3. State may elect to participate in such action at its own expense; and

6.3.4. State may approve or disapprove any settlement or compromise, provided that, (i) State shall not unreasonably withhold or delay such approval or disapproval and (ii) State shall cooperate in the defense and in any related settlement negotiations.

If Contractor is a public agency, this section 6.3 does not apply.

7. Warranties

7.1. Warranties and Requirements Related to Information Security. Addendum B: Warranties and Requirements Related to Arizona Information Security Statewide Policies, Standards, and Procedures is incorporated herein as part of the Special Terms and Conditions.

8.1. [RESERVED]

9. Contract Termination

9.1. [RESERVED]

10. Contract Claims

10.1. [RESERVED]

11. Arbitration

11.1. [RESERVED]

12. General Provisions for Materials

12.1. Applicability. Section 12 applies to the extent the Work is or includes Materials.

12.2. Off-Contract Materials. Contractor shall ensure that the design and/or procedures for the Materials ordering method prevents Orders for items not included in the scope of the Contract (and for which no price or compensation has been established contractually) or specifically excluded items. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded item ordering, and endeavors to prevent such orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, return any such items under subparagraph 12.17 or cancel any such Order under subparagraph 12.18, in either case being without obligation and at Contractor's expense.

12.3. Compensation for Late Deliveries. Contractor shall have clear, published policies in place regarding late delivery, order cancellation, discounts, or rebates given to compensate for late deliveries, etc., and make them readily available to those Eligible Agencies, and Co-Op Buyers if applicable, that are likely to need them. If late deliveries have been specifically addressed in the Contract, the Contract shall take precedence over any such Contractor policies.

12.4. Indicate Shipping Costs on Order. Contractor shall identify and provide the required substantiating documentation for the amount it intends to add for shipping in the Order acknowledgment if shipping is additional to the contracted price or rate for an item; otherwise, Contractor shall indicate that shipping is included in the Order price (in other words, every Order must indicate clearly whether or not shipping is included in the Order price, and if not included, how much is to be added and why that amount is the correct or appropriate one).

12.5. Current Products. Contractor shall keep all products being offered under the Contract: (a) in current and ongoing production; (b) in its advertised product lines; (c) as models or types that are actively functioning in other paying customer environments; and (d) in conformance to the requirements of the Contract.

13. Agency will notify the supplier for any identified/ documented issues relating to the effectiveness or safety of the product which might result in the Recall of the product. Upon receipt of the Agency notification, Supplier will stop making further shipments until which time resolution is make on the product in question. (can define a specific timeframe that you wish for this activity to occur) Decision to initiate a Recall or to take some other corrective action with respect to the identified product will be made by the supplier.

14. Supplier shall be responsible for Agency's reasonable and documents expenses and reimbursement of all affected inventory. Based on Agency direction, supplier will replace nonconforming product with Agency approved replacement and or, refund Agency for nonconforming products. (can define timeframe that you wish for this activity to occur)

14.1. Maintain Comprehensive Selection. Contractor shall provide at all times the comprehensive selection of products for which a price is established in the Contract for ordering by Eligible Agencies, and Co-Op Buyers, if applicable.

14.2. Additional Products. State, at its discretion, may modify the scope of the Contract by Contract Amendment to include additional products or product categories so long as they are within the general scope of the ones originally covered by the Contract. Once the Contract Amendment has been fully executed, Contractor shall then update all applicable pricing and make the pricing available to all affected entities at no additional cost. Either party may make the request to add products to the Contract; regardless of who makes the request, the parties shall negotiate in good faith a fair price for any additional products, but State may elect not to add some or all of the products in question if no agreement is reached on pricing in a timely manner. Contractor's request or proposal in response to State's request shall include: (a) documentation demonstrating that the additional products meet or exceed the specifications for the original products while remaining in the same product groups as the original ones; and (b) documentation demonstrating that the proposed price for the additional products is both fair and reasonable and at the same level of discount relative to market price as were the original ones. Demonstration of *(b)*

typically requires showing how prices offered to a significant number of buyers compare to the prices or discounts proposed for the additional products.

14.3. Discontinued Products. If a product or groups of products covered by the Contract are discontinued by the manufacturer, Contractor shall notify State within five (5) business days after receiving the manufacturer's notification. State, at its discretion, may allow Contractor to provide substitutes for the discontinued products or delete the products from the scope of the Contract. The resulting change to the Contract will be formalized by Contract Amendment. Contractor shall then update all applicable pricing and make the pricing available to all affected entities at no additional cost. The parties shall negotiate in good faith a fair price for any substitute product, but State may elect to delete the products from the scope of the Contract if no agreement is reached on substitute pricing in a timely manner. When notifying State of any discontinuance, Contractor shall provide: (a) manufacturer's announcement or documentation stating that the products have been discontinued, with identification by model/part number; (b) documentation demonstrating that the substitute products meet or exceed the specifications for the discontinued products while remaining in the same product groups as were the discontinued ones; and (c) documentation demonstrating that the proposed price for the substitute products is both fair and reasonable and at the same level of discount relative to market price as were the discontinued ones.

14.4. Forced Substitutes. The Contractor shall not provide forced substitutions under the Contract; Contractor shall obtain State's prior written consent before making any discretionary substitution for any product covered by the Contract.

14.5. Recalls. In the event of a recall notice, technical service bulletin, or other important notification affecting a product offered under the Contract (collectively, "recalls" hereinafter), Contractor shall send timely notice to State for each applicable Order referencing the affected Order and product. Notwithstanding whatever protection Contractor might have under A.R.S. § 12-684, with respect to a manufacturer, Contractor shall handle recalls entirely and without obligation on State's part, other than to permit removal of installed products, retrieve stored products, and take any other reasonably necessary actions, to implement the recall.

14.6. Delivery Time. Unless stated otherwise in the Purchase Order, Contractor shall make delivery within two (2) business days after receiving each Order.

14.7. Delivery Locations. Contractor shall offer deliveries to every location served under the scope of the Contract, specifically

14.7.1. if the Contract is for a single State agency in a single area, then Contractor shall deliver to any agency location in that area;

14.7.2. if the Contract is for a single State agency in all its locations, then Contractor shall deliver to any of that agency's location in Arizona;

14.7.3. if the Contract is for cooperative use, but excludes certain areas, then Contractor shall deliver to any Eligible Agency or Co-Op Buyer location that is not in the excluded areas; and

14.7.4. if the Contract is for unrestricted mandatory statewide and cooperative use, then:

14.7.4.1. Contractor shall deliver to any Eligible Agency or Co-Op Buyer anywhere in Arizona;

14.7.4.2. if a prospective Co-Op Buyer outside Arizona wishes to order against the Contract, Contractor agrees to negotiate in good faith any fair and reasonable price or lead time adjustments necessary to serve that location if practicable to do so within the scope of its normal business; and,

14.7.4.3. if the Purchase Order indicates defined delivery areas and prices, those always apply unless the Order expressly states otherwise and Contractor accepts it.

14.8. Conditions at Delivery Location. Contractor shall verify receiving hours and conditions (e.g. height/weight restrictions, access control, etc.) with the relevant Eligible Agency or Co-Op Buyer for the receiving site before scheduling or making a delivery. Contractor shall make each delivery to the specific location indicated in the Order, which Contractor acknowledges might be inside an industrial building, institutional building, low-rise office building, or high-rise office building instead of a normal receiving dock. Contractor might be required to make deliveries to locations inside a secured perimeter at certain institutional facilities such as prisons where prior clearances are required for each delivery and driver individually. Contractor shall contact each such facility directly to confirm its most current security clearance procedures, allowable hours for deliveries, visitor dress code, and other applicable rules. State shall not pay extra charges for wait time, comebacks, or the like, nor excuse late deliveries if Contractor has failed to comply with this section.

14.9. Materials Acceptance**.** State has the right to accept Materials subject to a complete inspection on delivery and installation, if installation is Contractor's responsibility. State may require acceptance criteria, including, but not limited to, conformity to the Contract, workmanship, and quality under the Contract or for a specific Order. Contractor shall remove any rejected Materials from the delivery location, or from any area to which it might have been reasonably necessary to move it, and subsequently deliver an equal quantity of conforming items within a timeframe set by the Eligible Agency or Co-Op Buyer. State

shall not owe Contractor any payment for rejected Materials, and State may, at its discretion, withhold or make partial payment for any rejected Materials that have been returned to Contractor in those instances where State has agreed to permit repair instead of demanding replacement.

14.10. Correcting Defects. Contractor shall, at no additional cost and without entitlement to extension of any delivery deadline or specified time for performance, remove or exchange and replace any defective or non-conforming delivered or installed Materials.

14.10.1. Contractor shall be solely responsible for the cost of any associated cutting and patching, temporary protection measures, packing and crating, hoisting and loading, transportation, unpacking, inspection, repacking, reshipping, and reinstallation if installation is within the scope of the Contract.

14.10.2. If Contractor fails to do so in a timely manner, State will be entitled to exercise its remedies under the Contract, including but not limited to, paragraph 8.5 [*Right of Offset*] of the Uniform Terms and Conditions.

14.10.3. Whether State will permit Contractor to repair in place or demands that Contractor remove and replace is at State's discretion in each instance, provided that, State shall not apply that discretion punitively if repair in place is practicable and doing so would not create safety hazards, put property at risk, unreasonably interfere with operations, create public nuisance, or give rise to any other reasonable concern on State's part.

14.11. Returns. State may, at its discretion, return for full credit and with no restocking charges, any delivered Materials unused in the original packaging within thirty (30) days after receipt, regardless of acceptance. If State elects to return delivered Materials, then State shall pay delivery costs to return the products to the place from which Contractor shipped them. However, if State returns delivered Materials because they are defective or non-conforming or for any other reason having to do with Contractor fault or error, then State will not be responsible for any costs associated with returning the Materials and may, at its discretion, either have those billed directly to Contractor, offset them under paragraph 8.5 [*Right of Offset*] of the Uniform Terms and Conditions, or take any other appropriate actions under the Contract.

14.12. Product Safety. Materials as-shipped must comply with applicable safety regulations and standards. Unless expressly stated otherwise in the Scope of Work, State is not responsible for making any Materials safe or compliant following acceptance. Contractor shall only deliver Materials that are already safe and compliant with the warranties in the Contract Terms and Conditions.

14.13. Hazardous Materials. Contractor shall timely provide State with any "Safety Data Sheets" (SDS) and any other hazard communication documentation required under the United

States Department of Labor's Occupational Safety and Health Administration (OSHA) "Hazard Communication Standard" (often referred to as the "HazCom 2012 Final Rule") that is reasonably necessary for State to comply with regulations when it or its other contractors install, handle, operate, repair, maintain or remove any Materials. Note that, in the past, those documents might have been referred to as "Material Safety Data Sheets" or "Product Safety Data Sheets", but State (and this Contract) use only the more up-to-date "SDS" reference. Contractor shall ensure that all its relevant personnel understand the nature of and hazards associated with (to the extent they are Contractor's responsibility under the Contract) the design, shipping, handling, delivery, installation, repair and maintenance of any portion of the Work that is, contains or will become upon use a hazardous material, with "hazardous material" being any material or substance that is: (1) identified now or in the future as being hazardous, toxic or dangerous under applicable laws; or (2) subject to statutory or regulatory requirement governing special handling, disposal or cleanup.

15. General Provisions for Services

15.1. Applicability. Article 13 applies to the extent the Work is or includes Services.

15.2. Comprehensive Services. Contractor shall provide the comprehensive range of Services for which a price is established in the Contract for ordering by Eligible Agencies and Co-Op Buyers.

15.3. Additional Services. State at its discretion may modify the scope of the Contract by Contract Amendment to include additional Services or service categories that are within the general scope of the ones originally covered by the Contract. Once the Contract Amendment is fully executed, Contractor shall then update all applicable pricing and make them available to all affected entities at no additional cost. Either party may make the request to add Services to the Contract; regardless of who makes the request, the parties shall negotiate in good faith a fair price for any additional Services, but State may elect not to add some or all of the Services in question if no agreement is reached on pricing in a timely manner. Contractor's request or proposal in response to State's request shall include documentation demonstrating that the proposed price for the additional Services is both fair and reasonable and comparable to the original prices.

15.4. Off-Contract Services. Contractor shall ensure that the ordering process for the Services prevents Orders for Services not included in the scope of the Contract (and for which no price or compensation has been established in the Contract) or Services explicitly excluded from the Contract. Notwithstanding that State might have its own internal administrative rules regarding off-contract or excluded ordering of Services, and endeavors to prevent such Orders from occurring, Contractor is responsible for not accepting any such Orders. State may, at its discretion, cancel any such Order without obligation.

15.5. Removal of Personnel. Notwithstanding that Contractor is in every circumstance responsible for hiring, assigning, directing, managing, training, disciplining, and rewarding its personnel, State may at its discretion, and without the obligation to demonstrate cause, instruct Contractor to remove any of its personnel from State's facilities or from further assignment under the Contract. In such cases, Contractor shall promptly replace removed personnel with other personnel that have equivalent qualifications, experience, and capabilities.

15.6. Accuracy of Work. Contractor is responsible for the accuracy of the Services, and shall promptly make all necessary revisions or corrections resulting from errors and omissions on its part without additional compensation. Acceptance by State shall not relieve Contractor of responsibility for correction of any errors discovered subsequently or necessary clarification of any ambiguities.

15.7. Requirements at Location of Services

15.7.1. Contractor personnel shall perform their assigned portions of the Services at the specific location indicated in the Order. Contractor acknowledges that the location might be inside an industrial building, institutional building, or one of various office types and classes.

15.7.2. If performing the Services requires Contractor personnel to work inside a secured perimeter at certain institutional facilities (including but not limited to prisons) where prior clearances are required, Contractor shall contact the facility directly in advance of performing the Services to confirm its current security clearance procedures, allowable hours for work, visitor dress code, and other applicable rules. State shall not pay any additional fees (including but not limited to service charges) or excuse late performance, if Contractor has failed to comply with these requirements.

15.8. Acceptance of Services. State has the right to accept Services subject to acceptance criteria. State may apply acceptance criteria to the Contract or a specific Order, which may include, but are not limited to, accuracy, completeness, conformance to requirements, or quality. State shall not pay Contractor for unaccepted Services, and State may, at its discretion, withhold or make partial payment for any rejected Services, while Contractor is in the process of re-performing or otherwise curing the grounds for State's rejection.

15.9. Corrective Action Required. Notwithstanding any other guarantees, general warranties, or particular warranties Contractor has given under the Contract, and in addition to any other rights and remedies available under the Contract, if Contractor fails to perform any material portion of the Services including, but not limited to, failure to complete any contractual deliverable or failure to meet agreed-upon service levels or service standards set out in or referred to in the Contract, then Contractor shall perform a root-cause analysis to identify the source of the failure and use all commercially reasonable efforts to correct the failure and meet the Contract requirements as promptly as is practicable.

15.9.1. Contractor shall provide State a report detailing the identified cause and setting out its detailed corrective action plan promptly after the date the failure occurred (or the date when the failure first became apparent, if it was not apparent immediately after occurrence).

15.9.2. State may demand to review and approve Contractor's analysis and plans, and Contractor shall make any and all reasonable corrections State instructs and adopt State's recommendations, including any measures State determines to be necessary for employee or public safety, or the protection of property or the environment.

15.9.3. Contractor shall take the necessary action(s) to avoid any like failures in the future**.**

16. Data and Information Handling

16.1. Applicability. Article 14 applies to the extent the Work includes handling of any (1) State's proprietary and sensitive Data or (2) confidential or access-restricted information obtained from State or from others at State's behest.

16.2. Data Protection and Confidentiality of Information. Contractor warrants that it will establish and maintain procedures and controls acceptable to State for ensuring that State's proprietary and sensitive Data is protected from unauthorized access and information obtained from State or others in performance of its contractual duties is not mishandled, misused, or inappropriately released or disclosed. For purposes of this paragraph, all Data created by Contractor in any way related to the Contract, provided to Contractor by State, or prepared by others for State are proprietary to State, and all information by those same avenues is State's confidential information. To comply with the foregoing warrant:

16.2.1. Contractor shall provide the State and Eligible Agencies with a copy of its Disaster Recovery plan upon request. The Disaster Recovery plan shall outline the Contractor's actions, with timelines, in the event of a natural disaster, cyber-attack or loss of ability to operate and perform services under this contract.

16.2.2. Contractor shall: (a) notify State immediately of any unauthorized access or inappropriate disclosures, whether stemming from an external Data Breach, internal Data Breach, system failure, or procedural lapse within twenty-four (24) hours of a Data Breach, by sending an email to the Arizona Department of Homeland Security at AZSOC@azdohs.gov and GRC@azdohs.gov, reporting the incident that occurred; (b) cooperate with State to identify the source or cause and respond to each unauthorized access or inappropriate disclosure; and (c) notify State promptly of any security threat that could result in unauthorized access or inappropriate disclosures; and

16.2.3. Contractor shall not: (a) release any such Data or allow it to be released or divulge any such information to anyone other than its employees or officers as needed for each person's individual performance of his or her duties under the Contract, unless State has agreed otherwise in advance and in writing; or (b) respond to any requests it receives from a third party for such Data or information, and instead route all such requests to State's designated representative.

16.3. Personally Identifiable Information. Without limiting the generality of paragraph 14.2, Contractor warrants that it will employ protections for any personally identifiable information ("PII") belonging to State's employees or other contractors or members of the general public that it receives from State or otherwise acquires in its performance under the Contract. For purposes of this paragraph:

16.3.1. PII has the meaning given in Arizona Revised Statute (A.R.S.) § 18-551; and

16.3.2. "protections" has the meaning given in the National Institute of Standards and Technology (NIST) *Special Publication 800-160, Revision 2, Volume 1*.

NOTE (1): For convenience of reference only, Arizona Revised Statute (A.R.S.) § 18-551 is available at:

16.4. Protected Health Information. Contractor warrants that, to the extent performance under Contract involves individually identifiable health information (referred to hereinafter as protected health information ("PHI") and electronic PHI ("ePHI") as defined in the Privacy Rule referred to below), it:

16.4.1. is familiar with and will comply with the applicable aspects of the following collective regulatory requirements regarding patient information privacy protection: (a) the "Privacy Rule" in CFR 45 Part 160 and Part 164 pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") of 1996; (b) Arizona laws, rules, and regulations applicable to PHI/ePHI that are not preempted by CFR45-160(B) or the Employee Retirement Income Security Act of 1974 ("ERISA") as amended; and (c) State's current and published PHI/ePHI privacy and security policies and procedures;

16.4.2. will cooperate with State in the course of performing under the Contract so that both State and Contractor stay in compliance with the requirements in *(1)* above; and

16.4.3. will sign any documents that are reasonably necessary to keep both State and Contractor in compliance with the requirements in *(1)* above, in particular "Business Associate Agreements" in accordance with the Privacy Rule.

NOTE: For convenience of reference only, the Privacy Rule is available at:

http://www.hhs.gov/hipaa/for-professionals/privacy/index.html

16.5. Artificial Intelligence (AI) Prohibitions. Consistent with State policy, if Contractor supplies AI Services or Materials (either directly or through Subcontractors or the sale of licenses), such as research, development, training, implementation, deployment, maintenance, provision, or sale of AI systems, then Contractor is prohibited from using State of Arizona Materials or Data in generative AI queries or for building or training proprietary generative AI programs unless explicitly approved in advance by the State in writing.

16.5.1. Contractor shall also disclose the utilization of generative AI before producing works owned by the State and/or integrating generative AI into Materials or Services used by the State.

16.5.2. Contractor shall perform due diligence to ensure proper licensure of model training data for all generative AI services.

17. Information Technology Work

17.1. Applicability. Article 15 applies to any Invitation for Bids, Request for Proposals, or Request for Quotations for "Information Technology," as defined In A.R.S. §18-101(6) "…all computerized and auxiliary automated information processing, telecommunications and related technology, including hardware, software, vendor support and related services, equipment and projects," if and to the extent that the Work is or includes Information Technology.

17.2. Background Checks. Each Contractor's personnel who is an applicant for an information technology position must undergo the security clearance and background check procedure, which includes fingerprinting, as required by A.R.S. § 41-710, Eligible Agency, or Co-Op Buyer. Contractor shall obtain and pay for the security clearance and background check. Contractor personnel who will have administrator privileges on a State network must additionally provide identity and address verification and undergo State-specified training for unescorted access, confidentiality, privacy, and Data security

17.3. Information Access

17.3.1. System Measures. Contractor shall employ appropriate system management and maintenance, fraud prevention and detection, and encryption application and tools to any systems or networks containing or transmitting State's proprietary Data or confidential information.

17.3.2. Individual Measures. Contractor personnel shall comply with applicable State policies and procedures regarding Data access, privacy, and security, including prohibitions on remote access and obtaining and maintaining access identifications (IDs) and passwords. Contractor is responsible to State for ensuring that any State access IDs and passwords are used only by the person to whom they were issued. Contractor shall ensure that personnel are only provided the minimum only such level of access necessary to perform their duties. Contractor shall, on request, provide a current register of the access IDs and corresponding access levels currently assigned to its personnel.

17.3.3. Access Control. Contractor is responsible to State for ensuring that hardware, software, Data, information, and that has been provided by State or belongs to or is in the custody of State and is accessed or accessible by Contractor personnel is only used in connection with carrying out the Work and is never commercially exploited in any manner whatsoever not expressly permitted under the Contract. State may restrict access of Contractor personnel, or instruct Contractor to restrict their access, if in its determination the requirements of this subparagraph are not being met.

17.4. Pass-Through Indemnity

17.4.1. Indemnity from Third Party. For computer hardware or software included in the Work as discrete units that were manufactured or developed solely by a third party, Contractor may satisfy its indemnification obligations under the Contract by, to the extent permissible by law, passing through to State such indemnity as it receives from the third-party source (each a "Pass-Through Indemnity") and cooperating with State in enforcing that indemnity. If the third party fails to honor its Pass-Through Indemnity, or if a Pass-Through Indemnity is insufficient to indemnify State Indemnitees to the extent and degree, Contractor is required to do by the Uniform Terms and Conditions, then Contractor shall indemnify, defend and hold harmless State Indemnitees to the extent the Pass-Through Indemnity does not.

17.4.2. Notification of Claims. State shall notify Contractor promptly of any claim to which a Pass-Through Indemnity might apply. Contractor, with reasonable consultation from State, shall control of the defense of any action on any claim to which a Pass-Through Indemnity applies, including negotiations for settlement or compromise, provided that:

17.4.2.1. State reserves the right to elect to participate in the action at its own expense;

17.4.2.2. State reserves the right to approve or reject any settlement or compromise on reasonable grounds and if done so timely; and

17.4.2.3. State shall in any case cooperate in the defense and any related settlement negotiations.

17.5. Systems and Controls. In consideration for State having agreed to permit Pass-Through Indemnities in lieu of direct indemnity, Contractor agrees to establish and keep in place systems and controls appropriate to ensure that State funds under this Contract are not knowingly used for the acquisition, operation, or maintenance of Materials or Services in violation of intellectual property laws or a third party's intellectual property rights.

17.6. Redress of Infringement

17.6.1. Replace, License, or Modify. If Contractor becomes aware that any Materials or Services infringe, or are likely to be infringing, on any third party's intellectual property rights, then Contractor shall, at its sole cost and expense and in consultation with State, either:

17.6.1.1. replace any infringing items with non-infringing ones;

17.6.1.2. obtain for State the right to continue using the infringing items; or

17.6.1.3. modify the infringing items so that they become non-infringing, so long as they continue to function as specified following the modification.

17.6.2. Cancellation Option. In every case under 15.6.1, if none of those options can reasonably be accomplished, or if the continued use of the infringing items is impracticable, State may cancel the relevant Order or terminate the Contract, and Contractor shall take back the infringing items. If State does cancel the Order or terminate the Contract, Contractor shall refund to State:

17.6.2.1. for any software created for State under the Contract, the amount State paid to Contractor for creating it;

17.6.2.2. for all other Materials, the net book value of the product provided according to generally accepted accounting principles; and

17.6.2.3. for Services, the amount paid by State or an amount equal to twelve (12) months of charges, whichever is less.

17.6.3. Exceptions. Contractor will not be liable for any claim of infringement based solely on any of the following by a State Indemnitee:

17.6.3.1. modification or use of Materials other than as contemplated by the Contract or expressly authorized or proposed by a Contractor Indemnitor;

17.6.3.2. operation of Materials with any operating software other than that supplied by Contractor or authorized or proposed by a Contractor Indemnitor; or

17.6.3.3. combination or use with other products in a manner not contemplated by the Contract or expressly authorized or proposed by a Contractor Indemnitor.

17.7. First Party Liability Limitation

17.7.1. Limit. Subject to the provisos that follow below and unless stated otherwise in the Special Terms and Conditions, State's and Contractor's respective first party liability arising from or related to the Contract is limited to the greater of $1,000,000 (one million dollars) or three (3) times the purchase price of the specific Materials or Services giving rise to the claim.

17.7.2. Provisos. This paragraph limits liability for first party direct, indirect, incidental, special, punitive, and consequential damages relating to the Work regardless of the legal theory under which the liability is asserted. This paragraph does not limit liability arising from any:

17.7.2.1. Indemnified Claim against which Contractor has indemnified State Indemnitees under paragraph 6.2;

17.7.2.2. claim against which Contractor has indemnified State Indemnitees under paragraph 6.3; or

17.7.2.3. provision of the Contract calling for liquidated damages or specifying amounts or percentages as being at-risk or subject to deduction for performance deficiencies.

17.7.3. Purchase Price Determination. If the Contract is for a single-agency and a single Order (or if no Order applies), then "purchase price" in Subparagraph 15.7.1 above means the aggregate Contract price current at the time of Contract expiration or earlier termination, including all Contract Amendments having an effect on the aggregate price through that date. In all other cases, "purchase price" above means the total price of the Order for the specific equipment, software, or services giving rise to the claim, and therefore a separate limit will apply to each Order.

17.7.4. No Effect on Insurance. This paragraph does not modify the required coverage limits, terms, and conditions of, or any insured's ability to claim against any

insurance that Contractor is required by the Contract to provide, and Contractor shall obtain express endorsements that it does not.

17.8. Information Technology Warranty

17.8.1. Specified Design. Where the Scope of Work for information technology, Work provides a detailed design specification or sets out specific performance requirements, Contractor warrants that the Work will provide all functionality material to the intended use stated in the Contract, provided that, the foregoing warranty does not extend to any portions of the Materials that are:

17.8.1.1. modified or altered by anyone not authorized by Contractor to do so;

17.8.1.2. maintained in a way inconsistent to any applicable manufacturer recommendations; or

17.8.1.3. operated in a manner not within its intended use or environment.

17.8.2. COTS Software. With respect to Materials provided under the Contract that are commercial-off-the-shelf (COTS) software, Contractor warrants that:

17.8.2.1. to the extent possible, it will test the software before delivery using commercially available virus detection software conforming to current industry standards;

17.8.2.2. the COTS software will, to the best of its knowledge, at the time of delivery be free of viruses, backdoors, worms, spyware, malware, and other malicious code that could hamper performance, collect unlawfully any personally identifiable information, or prevent products from performing as required by the Contract; and

17.8.2.3. it will provide a new or clean install of any COTS software that State has reason to believe contains harmful code.

17.8.3. Payment has no Effect. The warranties in this paragraph are not affected by State's inspection, testing, or payment.

17.9. Specific Remedies. Unless expressly stated otherwise elsewhere in the Contract, State's remedy for breach of warranty under paragraph 15.8 includes, at State's discretion, re-performance, repair, replacement, or refund of any amounts paid by State for the nonconforming Work, plus (in every case) Contractor's payment of State's additional, documented, and reasonable costs to procure materials or services equivalent in function, capability, and performance that was first called for. For clarification of intent, the foregoing obligations are limited by the limitation of liability in paragraph 15.7. If none of the foregoing options can reasonably be effected, or if the use of the materials by State is made

impractical by the nonconformance, then State may seek any remedy available to it under law.

17.10. Section 508 Compliance. Unless specifically authorized in the Contract, any electronic or information technology offered to the State of Arizona under this Contract shall comply with A.R.S. §18-131 and §18-132 and Section 508 of the Rehabilitation Act of 1973, which requires that employees and members of the public shall have access to and use of information technology (IT) that is comparable to the access and use by employees and members of the public who are not individuals with disabilities.

17.11. Cloud Applications. The following are required for Contractor of any Offer that includes the hosting of State Data outside of the State's network, or transmission and/or receipt of State Data.

17.11.1. Contractor shall undergo and successfully complete an AZRAMP assessment and mitigate or install compensating controls for any issues of concern identified by State. Contractor is required to provide any requested documentation supporting the review of the assessment to include NIST-based System Security Plans (SSP), Written Information Security Programs (WISP), and/or written IT policies in the manner requested.

17.11.2. State reserves the right to conduct penetration tests or hire a third party to conduct penetration tests of the Contractor's application. Contractor will be alerted in advance and arrangements made for an agreeable time. Contractor shall respond to all serious flaws discovered by providing an acceptable timeframe to resolve the issue and/or implement a compensating control.

17.11.3. Contractor must submit a copy of system logs from the Cloud system to the State of Arizona security team if or when requested, and in the format requested, to be added to the State SIEM (Security Information Event Monitor) or IDS (Intrusion Detection System).

17.11.4. Contractor must employ a government-rated Cloud compartment to better protect sensitive or regulated State Data.

Addendum A to the Special Terms and Conditions

Contractor Insurance Requirements

MINIMUM SCOPE AND LIMITS OF INSURANCE: Contractor shall provide coverage with limits of liability not less than those stated below.

Indemnification Clause

To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona.

This indemnity shall not apply if the contractor or sub-contractor(s) is/are an agency, board, commission or university of the State of Arizona.

Insurance Requirements

Contractor and subcontractors shall procure and maintain, until all of their obligations have been discharged, including any warranty periods under this Contract, insurance against claims for injury to persons or damage to property arising from, or in connection with, the performance of the work hereunder by the Contractor, its

agents, representatives, employees or subcontractors.

The Insurance Requirements herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State of Arizona in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this Contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

Minimum Scope and Limits of Insurance

Contractor shall provide coverage with limits of liability not less than those stated below.

Commercial General Liability (CGL) – Occurrence Form

Policy shall include bodily injury, property damage, and broad form contractual liability coverage.

- General Aggregate $2,000,000
- Products – Completed Operations Aggregate $1,000,000
- Personal and Advertising Injury $1,000,000
- Damage to Rented Premises $50,000
- Each Occurrence $1,000,000

a. The policy shall be endorsed, as required by this written agreement, to include the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor.

b. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

Business Automobile Liability

Bodily Injury and Property Damage for any owned, hired, and/or non- owned automobiles used in the performance of this Contract.

- Combined Single Limit (CSL) $1,000,000

a. Policy shall be endorsed, as required by this written agreement, to include

the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees as additional insureds with respect to liability arising out of the activities performed by, or on behalf of, the Contractor involving automobiles owned, hired and/or non-owned by the Contractor.

b. Policy shall contain a waiver of subrogation endorsement as required by this written agreement in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

Workers' Compensation and Employers' Liability

- Workers' Compensation — Statutory
- Employers' Liability
  - Each Accident — $1,000,000
  - Disease – Each Employee — $1,000,000
  - Disease – Policy Limit — $1,000,000

a. Policy shall contain a waiver of subrogation endorsement, as required by this written agreement, in favor of the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

b. This requirement shall not apply to each Contractor or subcontractor that is exempt under A.R.S. § 23-901, and when such Contractor or subcontractor executes the appropriate waiver form (Sole Proprietor or Independent Contractor).

Additional Insurance Requirements

The policies shall include, or be endorsed to include, as required by this written agreement, the following provisions:

The Contractor's policies, as applicable, shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by the Department, its agents, officials, employees or the State of Arizona shall be excess and not contributory insurance, as provided by A.R.S. § 41-621 (E).

Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this Contract.

Notice of Cancellation

Applicable to all insurance policies required within the Insurance Requirements of this Contract, Contractor's insurance shall not be permitted to expire, be suspended, be canceled, or be materially changed for any reason without thirty (30) days prior written notice to the State of Arizona. Within two (2) business days of receipt, Contractor must provide notice to the State of Arizona if they receive notice of a policy that has been or will be suspended, canceled, materially changed for any reason, has expired, or will be expiring. Such notice shall be sent directly to the Department and shall be mailed, emailed, hand delivered or sent by facsimile transmission to (State Representative's Name, Address & Fax Number).

Acceptability of Insurers

Contractor's insurance shall be placed with companies licensed in the State of Arizona or hold approved non-admitted status on the Arizona Department of Insurance List of Qualified Unauthorized Insurers. Insurers shall have an "A.M. Best" rating of not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

Verification of Coverage

Contractor shall furnish the State of Arizona with certificates of insurance (valid ACORD form or equivalent approved by the State of Arizona) evidencing that Contractor has the insurance as required by this Contract. An authorized representative of the insurer shall sign the certificates.

All such certificates of insurance and policy endorsements must be received by the State before work commences. The State's receipt of any certificates of insurance or policy endorsements that do not comply with this written agreement shall not waive or otherwise affect the requirements of this agreement.

Each insurance policy required by this Contract must be in effect at, or prior to, commencement of work under this Contract. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of contract.

All certificates required by this Contract shall be sent directly to the Department. The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete copies of all insurance policies required by this Contract at any time.

Subcontractors

Contractor's certificate(s) shall include all subcontractors as insureds under its policies or Contractor shall be responsible for ensuring and/or verifying that all subcontractors have valid and collectable insurance as evidenced by the certificates of insurance and endorsements for each subcontractor. All coverages for subcontractors shall be subject to the minimum Insurance Requirements identified above. The Department reserves the right to require, at any time throughout the life of the Contract, proof from the Contractor that its subcontractors have the required coverage.

Approval and Modifications

The Contracting Agency, in consultation with State Risk, reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal Contract amendment but may be made by administrative action.

Exceptions

In the event the Contractor or subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a certificate of self-insurance. If the Contractor or subcontractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

Addendum B to the Special Terms and Conditions

Warranties and Requirements Related to Arizona Information Security Statewide Policies, Standards, and Procedures

1. Security Standards

1.1. Security of the State's systems and Data are of **utmost** importance to the State. In order to assure security from a personnel and operations perspective, Contractor shall comply with all requirements, in their entirety, as described in the statewide enterprise architecture; statewide Information Technology security policies, standards, and procedures; and any applicable agency-specific Information Technology security policies, standards, and procedures.

1.2. Contractor shall follow the correct, current version of these policies, standards, and procedures established by the Arizona Department of Homeland Security (AZDOHS) pursuant to their authority under A.R.S. Title 41, Chapter 41. The current website for

these policies, standards, and procedures is: Information Technology Policies, Standards and Procedures. Note that this link is provided for convenience only.

1.3. For security reasons, some state facilities require non-state personnel to have escorts. If required by the state facility, Contractor personnel shall only be allowed inside of a State facility if accompanied by an escort designated by the State. This is applicable in Correctional facilities, Public Safety facilities, State Lottery, and other facilities as designated by the State.

2. Security Framework

2.1. The State of Arizona information security policies and standards follow the National Institute of Standards and Technology (NIST) SP 800-53 Rev. 5 Security and Privacy Guidelines may currently be located at: https://nvlpubs.nist.gov/nistpubs/SpecialPublications/NIST.SP.800-53r5.pdf.

2.2. The State has established a process to assess risk associated with storing, processing and/or transmitting State of Arizona Data with external, non-State of Arizona entities. The Arizona Risk and Authorization Management Program (AZRAMP) was developed to ensure State and contractors meet these requirements. All contractors responding to State solicitations must successfully complete the AZRAMP risk assessment based upon the Data classification involved as determined by the Data owner and AZDOHS Cyber Command. Failure to successfully complete AZRAMP assessment will be deemed as breach of contract.

2.3. In the State's sole discretion, the State may also accept current FedRAMP and StateRAMP certifications as evidence that the Contractor has met the State's risk assessment requirements.

2.4. Other forms of Cybersecurity Frameworks (CSF), Trust Documents, Self-Attestations, including, but not limited to, ISO/IEC, SOC 2 & 3, PCI, or HIPAA reports of compliance, may be reviewed as part of the State's risk assessment, but are not exclusive or conclusive evidence that the Contractor has met the State's risk assessment requirements.

3. Additional Security Requirements

3.1. Contractor shall comply with all security requirements requested by the State.

3.2. If an Arizona Risk and Authorization Management Program (AZRAMP) is required, it will generally follow these steps, each of which shall be completed by the Contractor upon request by the State:

3.2.1. If the Contractor will be using proprietary infrastructure to host the solution or service that will be handling State Data, Contractor shall complete the appropriate AZRAMP control sheet based on the classification of the State Data involved: AZRAMP Level 2 Low Impact Control Sheet (https://azdohs.gov/sites/default/files/azramp-level-2-low-impact-control-sheet_0.xlsx)
for Public State Data; or AZRAMP Level 3 Moderate Impact Control Sheet (https://azdohs.gov/sites/default/files/azramp-level-3-moderate-impact-control-sheet_0.xlsx) for Confidential State Data.

3.2.1.1. If the Contractor will be using solely an environment provided by a Cloud Service Provider (CSP), the Contractor shall notify AZDOHS GRC team, via grc@azdohs.gov, of the CSP they will be using to handle State Data under the Contract.

3.2.2. Contractor shall provide Information Security documentation for the AZRAMP assessment to include System Security Plan (SSP), Written Information Security Programs (WISP), or supporting written IT policies for review of the assessment.

3.2.3. Note regarding the confidential treatment of Contractor information:

3.2.3.1. The State of Arizona seeks a partnership with our supporting vendors, therefore, Non-Disclosure Agreements (NDA) for release to review submitted SSPs, WISPs, or written IT policies will not be considered.

3.2.3.2. Submitted SSPs, WISPs, or written IT policies are deleted and not retained after AZRAMP Authorization is granted.

3.2.3.3. Procedures for submission of documents considered confidential or proprietary are identified within this RFP.

3.2.3.4. Special secure transfer of documents related to this AZRAMP review process may be made by contacting: GRC@AZDOHS.gov to make special arrangements for the transfer of these documents.

3.2.4. If applicable to this Solicitation, Contractor shall complete and submit with the Offer an unedited and signed State of Arizona Health Insurance Portability and Accountability Act (HIPAA) Business Associate Addendum (BAA).

3.2.5. All contract awards are contingent on the successful completion of the AZRAMP Level 2 Low Impact (Public State Data) or the AZRAMP Level 3 Moderate Impact (Confidential State Data) assessment.

3.3. The State reserves the right to conduct risk assessments, vulnerability assessments, black-box penetration tests or hire a third party to conduct risk assessments, vulnerability assessments, and black-box penetration tests of the Contractor's environment. Contractor will be alerted in advance and arrangements made for an agreeable time. Contractor shall respond to all flaws deemed serious by the State when discovered by providing an acceptable timeframe to resolve the issue and/or implement a compensating control(s).

3.4. Upon request, Contractor shall submit copies of system logs from Contractor's environment to the State of AZ security team in the format requested to be added to the State SIEM (Security Information Event Monitor) or IDS (Intrusion Detection System).

3.5. Contractor shall comply with all applicable State and Federal laws and regulations, including, but not limited to, the following (please note that the links are provided for convenience only and may change):

Uniform Terms and Conditions 10.5

1. Definition of Terms. As used in this Solicitation and any resulting Contract, the terms listed below are defined as follows:

   1.1. "AI" means the science and engineering of making machines capable of performing tasks that are typically associated with human intelligence, such as learning and problem-solving, and includes without limitation: AI systems, classic AI, external AI, generative AI, and large language model (LLM) AI.

   1.2. "Attachment" means any item the Solicitation which requires the Offeror to submit as part of the Offer.

   1.3. "Contract" means the combination of the Solicitation, including the Instructions to Offerors, the Uniform and Special Terms and Conditions, and the Specifications and Statement or Scope of Work; the Offer and any Best and Final Offers; and any Solicitation Amendments or Contract Amendments.

   1.4. "Contract Amendment" means a written document signed by the Procurement Officer that is issued for the purpose of making changes in the Contract.

   1.5. "Contractor" means any person who has a Contract with the State.

   1.6. "Data" means recorded information, regardless of form or the media on which it may be recorded. The term may include technical Data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

   1.7. "Days" means calendar days unless otherwise specified.

   1.8. "Exhibit" means any item labeled as an Exhibit in the Solicitation or placed in the Exhibits section of the Solicitation generally containing maps, schematics, examples of reports, or other documents that will be used to perform the requirements of the Scope of Work after contract award.

   1.9. "Gratuity" means a payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is received.

   1.10. "Materials" means all property, including equipment, supplies, printing, insurance and leases of property but does not include land, a permanent interest in land or real property or leasing space.

1.11. "Procurement Officer" means the person, or his or her designee, duly authorized by the State to enter into and administer Contracts and make written determinations with respect to the Contract.

1.12. "Services" means the furnishing of labor, time or effort by a Contractor or Subcontractor which does not involve the delivery of a specific end product other than required reports and performance, but does not include employment agreements or collective bargaining agreements.

1.13. "State" means any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona that executes the Contract.

1.14. "State Fiscal Year" means the period beginning with July 1 and ending June 30.

1.15. "Subcontract" means any Contract, express or implied, between the Contractor and another party or between a Subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any Materials or any Services required for the performance of the Contract.

1.16. "Subcontractor" means a person who contracts to perform work or render Services to a Contractor or to another Subcontractor as a part of a Contract with the State.

2. Contract Interpretation

2.1. Arizona Law. The Arizona law applies to this Contract including, where applicable, the Uniform Commercial Code as adopted by the State of Arizona and the Arizona Procurement Code, Arizona Revised Statutes (A.R.S.) Title 41, Chapter 23, and its implementing rules, Arizona Administrative Code (A.A.C.) Title 2, Chapter 7.

2.2. Implied Contract Terms. Each provision of law and any terms required by law to be in this Contract are a part of this Contract as if fully stated in it.

2.3. Contract Order of Precedence. In the event of a conflict in the provisions of the Contract, as accepted by the State and as they may be amended, the following shall prevail in the order set forth below:

2.3.1. Special Terms and Conditions;
2.3.2. Uniform Terms and Conditions;
2.3.3. Statement or Scope of Work;
2.3.4. Specifications;
2.3.5. Attachments;
2.3.6. Exhibits; then

2.3.7. Any other documents referenced or included in the Solicitation including, but not limited to, any Bid or Offer documents provided by the Contractor that do not fall into one of the above categories.

2.4. Relationship of Parties. The Contractor under this Contract is an independent Contractor. Neither party to this Contract shall be deemed to be the employee or agent of the other party to the Contract.

2.5. Severability. The provisions of this Contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the Contract.

2.6. No Parol Evidence. This Contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any terms used in this document and no other understanding either oral or in writing shall be binding.

2.7. No Waiver. Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

3. Contract Administration and Operation

3.1. Records. Under A.R.S. § 35-214 and § 35-215, the Contractor shall retain and shall contractually require each Subcontractor to retain any and all Data and other "records" relating to the acquisition and performance of the Contract for a period of five (5) years after the completion of the Contract. All records shall be subject to inspection and audit by the State at reasonable times. Upon request, the Contractor shall produce a legible copy of any or all such records.

3.2. Non-Discrimination. The Contractor shall comply with State Executive Order Nos. 2023-09, 2023-01, 2009-09, and any and all other applicable Federal and State laws, rules and regulations, including the Americans with Disabilities Act.

3.3. Audit. Pursuant to A.R.S. § 35-214, at any time during the term of this Contract and five (5) years thereafter, the Contractor's or any Subcontractor's books and records shall be subject to audit by the State and, where applicable, the Federal Government, to the extent that the books and records relate to the performance of the Contract or Subcontract.

3.4. Facilities Inspection and Materials Testing. The Contractor agrees to permit access to its facilities, Subcontractor facilities, and the Contractor's processes or services, at reasonable times for inspection of the facilities or Materials covered under this Contract as required under A.R.S. § 41-2547. The State shall also have the right to test, at its own cost, the Materials to be supplied under this Contract. Neither inspection of the

Contractor's facilities nor Materials testing shall constitute final acceptance of the Materials or Services. If the State determines non-compliance of the Materials, the Contractor shall be responsible for the payment of all costs incurred by the State for testing and inspection.

3.5. Notices. Notices to the Contractor required by this Contract shall be made by the State to the person indicated on the Offer and Acceptance form submitted by the Contractor unless otherwise stated in the Contract. Notices to the State required by the Contract shall be made by the Contractor to the Solicitation Contact Person indicated on the Solicitation, stated in the Contract, or listed on the State's eProcurement system. An authorized Procurement Officer and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the Contract shall not be necessary.

3.6. Advertising, Publishing and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this Contract without the prior written approval of the Procurement Officer.

3.7. Continuous Improvement. Contractor shall recommend continuous improvements on an ongoing basis in relation to any Materials and Services offered under the Contract, with a view to reducing State costs and improving the quality and efficiency of the provision of Materials or Services. State may require Contractor to engage in continuous improvements throughout the term of the Contract.

3.8. Other Contractors. State may undertake on its own or award other contracts to the same or other suppliers for additional or related work. In such cases, the Contractor shall cooperate fully with State employees and such other suppliers and carefully coordinate, fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the Contract requires handing-off Contractor's work to others, Contractor shall cooperate as State instructs regarding the necessary transfer of its work product, Materials, Services, or records to State or the other suppliers. Contractor shall not commit or permit any act that interferes with the State's or other suppliers' performance of their work, provided that, State shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any one of them.

3.9. Ownership of Intellectual Property

3.9.1. Rights In Work Product. All intellectual property originated or prepared by Contractor pursuant to the Contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the Contract, are considered work

product and Contractor's property, provided that, State has Government Purpose Rights to that work product as and when it was delivered to State.

3.9.2. "Government Purpose Rights" are:

3.9.2.1. the unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which State is a party;

3.9.2.2. the right to release or disclose that work product to third parties for any State government purpose; and

3.9.2.3. the right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any State government purpose; such recipients being understood to include the federal government, the governments of other states, and various local governments.

3.9.3. "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from or disclose that work product for any commercial purpose, or to authorize others to do so.

3.9.4. Joint Developments. The Contractor and State may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the Contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

3.9.5. Pre-existing Material. All pre-existing software and other Materials developed or otherwise obtained by or for Contractor or its affiliates independently of the Contract or applicable Purchase Orders are not part of the work product to which rights are granted State under subparagraph 3.9.1 above, and will remain the exclusive property of Contractor, provided that:

3.9.5.1. any derivative works of such pre-existing Materials or elements thereof that are created pursuant to the Contract are part of that work product;

3.9.5.2. any elements of derivative work of such pre-existing Materials that was not created pursuant to the Contract are not part of that work product; and

3.9.5.3. except as expressly stated otherwise, nothing in the Contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing Materials.

3.9.6. Developments Outside Of Contract. Unless expressly stated otherwise in the Contract, this Section does not preclude Contractor from developing competing Materials outside the Contract, irrespective of any similarity to Materials delivered or to be delivered to State hereunder.

3.10. Property of the State. If there are any materials that are not covered by Section 3.9 above created under this Contract, including but not limited to, reports and other deliverables, these materials are the sole property of the State. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of the State.

3.11. Federal Immigration and Nationality Act. Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the contract. Further, Contractor shall flow down this requirement to all Subcontractors utilized during the term of the contract. The State shall retain the right to perform random audits of Contractor and Subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor or any Subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to: suspension of work, termination of the contract for default and suspension or debarment of the contractor.

3.12. E-Verify Requirements. In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23- 214, Subsection A.

3.13. Offshore Performance of Work involving Data is Prohibited. Any Services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to Data shall be performed within the defined territories of the United States.

3.14. Protection of State Cybersecurity Interests. The Contractor shall comply with State Executive Order No. 2023-10, which includes, but is not limited to, a prohibition against (a) downloading and installing of TikTok on all State-owned and State-leased information technology; and (b) accessing TikTok through State information technology.

3.15. Artificial Intelligence (AI) Prohibitions. Consistent with State policy, if Contractor supplies AI Services or Materials (either directly or through Subcontractors or the sale of licenses), such as research, development, training, implementation, deployment, maintenance, provision, or sale of AI systems, then Contractor is prohibited from using State of Arizona Materials or Data in generative AI queries or for building or training proprietary generative AI programs unless explicitly approved in advance by the State in writing.

3.15.1. Contractor shall also disclose the utilization of generative AI before producing works owned by the State and/or integrating generative AI into Materials or Services used by the State.

3.15.2. Contractor shall perform due diligence to ensure proper licensure of model training data for all generative AI services.

3.16. Certifications Required by State Law.

3.16.1. If Contractor is a Company as defined in A.R.S. § 35-393, Contractor certifies that it is not currently engaged in a boycott of Israel as described in A.R.S. §§ 35-393 *et seq*. and will refrain from any such boycott for the duration of this Contract.

3.16.2. Contractor further certifies that it shall comply with A.R.S. § 35-394, regarding use of the forced labor of ethnic Uyghurs, as applicable.

4. Costs and Payments

4.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, Net 30 days. Upon receipt and acceptance of Materials or Services, the Contractor shall submit a complete and accurate invoice for payment from the State within thirty (30) days.

4.2. Delivery. Unless stated otherwise in the Contract, per A.R.S. § 47-2319, all prices shall be F.O.B. ("free on board") Destination and shall include all freight delivery and unloading at the destination.

4.3. Firm, Fixed Price. Unless stated otherwise in the Special Terms and Conditions of the Contract, all prices shall be firm-fixed-prices.

4.4. Applicable Taxes

4.4.1. Payment of Taxes. The Contractor shall be responsible for paying all applicable taxes.

4.4.2. State and Local Transaction Privilege Taxes. The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

4.4.3. Tax Indemnification. Contractor and all Subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all Subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations

and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

4.4.4. I.R.S. W9 Form. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona, unless not required by law.

4.5. Availability of Funds for the Next State Fiscal Year. Funds may not presently be available for performance under this Contract beyond the current State Fiscal Year. No legal liability on the part of the State for any payment may arise under this Contract beyond the current State Fiscal Year until funds are made available for performance of this Contract.

4.6. Availability of Funds for the Current State Fiscal Year. Should the State Legislature enter back into session and reduce the appropriations or for any reason and these Materials or Services are not funded, the State may take any of the following actions:

4.6.1. Accept a decrease in price offered by the Contractor;
4.6.2. Cancel the Contract; or
4.6.3. Cancel the Contract and re-solicit the requirements.

5. Contract Changes

5.1. Amendments. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract. Changes to the Contract, including the addition of Services or Materials, the revision of payment terms, or the substitution of Services or Materials, directed by a person who is not specifically authorized by the Procurement Officer in writing or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized written Contract Amendments shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.

5.2. Subcontracts. The Contractor shall not enter into any Subcontract under this Contract for the performance of this Contract without the advance written approval of the Procurement Officer as described in Arizona State Procurement Office Standard Procedure 002. The Contractor shall clearly list any proposed Subcontractors and the Subcontractor's proposed responsibilities. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

5.3. Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

6. Risk and Liability

6.1. Risk of Loss. The Contractor shall bear all loss of conforming Materials covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming Materials shall remain with the Contractor regardless of receipt.

6.2. Indemnification

6.2.1. Contractor/Vendor Indemnification (Not Public Agency).To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission or university of the State of Arizona.

6.2.2. Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

6.3. Indemnification - Patent and Copyright. The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of Materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the Contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this paragraph shall not apply.

6.4. Force Majeure.

6.4.1. Except for payment of sums due, neither the Contractor nor State shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or refusals to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

6.4.2. Force Majeure shall not include the following occurrences:

6.4.2.1. Late delivery of equipment, Materials, or Services caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market;

6.4.2.2. Late performance by a Subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition; or

6.4.2.3. Inability of either the Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

6.4.3. If either the Contractor or State is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that

results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

6.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

6.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern Materials or Services supplied by third parties to the Contractor, toward fulfillment of this Contract.

7. Warranties

7.1. Liens. The Contractor warrants that the Materials supplied under this Contract are free of liens and shall remain free of liens.

7.2. Quality. Unless otherwise modified elsewhere in the Special Terms and Conditions, the Contractor warrants that, for one (1) year after acceptance by the State of the Materials, they shall be:

7.2.1. Of a quality to pass without objection in the trade under the Contract description;

7.2.2. Fit for the intended purposes for which the Materials are used;

7.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units;

7.2.4. Adequately contained, packaged, and marked as the Contract may require; and

7.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

7.3. Conformity to Requirements.

7.3.1. Contractor warrants that, unless expressly provided otherwise elsewhere in the Contract, the Materials and Services will for one (1) year after acceptance and in each instance:

7.3.1.1. Conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any and all Contractor affirmations included as part of the Contract;

7.3.1.2. Be free from defects of material and workmanship;

7.3.1.3. Conform to or perform in a manner consistent with current industry standards; and

7.3.1.4. Be fit for the intended purpose or use described in the Contract.

7.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.

7.4. Inspection/Testing. The warranties set forth in this Section 7 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.

7.5. Contractor Personnel. Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any and all certifications relevant to their work, and Contractor shall provide individual evidence of certification to State's authorized representatives upon request.

7.6. Compliance With Applicable Laws. The Materials and Services supplied under this Contract shall comply with all applicable federal, state, and local laws and policies (including, but not limited to, information technology policies, standards, and procedures available on the State's website and/or the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). Federal requirements may be incorporated into this Contract, if required, pursuant to A.R.S. § 41-2637. Contractor shall maintain any and all applicable license and permit requirements. This requirement includes, but is not limited to, any and all Arizona state statutes that impact state contracts, regardless of whether those statutory references have been removed during the course of contract negotiations; this is notice to Contractors that the State does not have the authority to modify Arizona state law by contract.

7.7. Intellectual Property. Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

7.8. Licenses and Permits. Contractor warrants that it will maintain all licenses required to fully perform its duties under the Contract and all required permits valid and in force.

7.9. Operational Continuity. Contractor warrants that it will perform without relief notwithstanding being sold or acquired; no such event will operate to mitigate or alter any of Contractor's duties hereunder absent a consented delegation under paragraph 5.3 [Assignment and Delegation] that expressly recognizes the event.

7.10. Performance in Public Health Emergency. Contractor warrants that it will:

7.10.1. Have in effect, promptly after commencement, a plan for continuing performance in the event of a declared public health emergency that addresses, at a minimum:

7.10.1.1. Identification of response personnel by name;

7.10.1.2. Key succession and performance responses in the event of sudden and significant decrease in workforce; and

7.10.1.3. Alternative avenues to keep sufficient product on hand or in the supply chain.

7.10.2. Provide a copy of its current plan to State within three (3) business days after State's written request. If Contractor claims relief under paragraph 6.4 [Force Majeure] for an occurrence of force majeure that is a declared public health emergency, then that relief will be conditioned on Contractor having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence, or mitigate those effects to the extent that overcoming entirely is not practicable.

7.10.3. A request from the State related to this paragraph 7.10 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

7.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

7.11. Lobbying

7.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq*., using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure compliance with above. Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

7.11.2. Exception. This paragraph 7.11 does not apply to the extent that the Services are defined in the Contract as being lobbying for State's benefit or on State's behalf.

7.12. Covered Telecommunications or Services. Contractor warrants that the Materials and Services rendered under this Agreement will not require Contractor to use for the State, or provide to the State to use, "covered telecommunications equipment or Services" as a substantial or essential component of any system, or as critical technology as part of any system, within the meaning of Federal Acquisition Regulation ("FAR") Section 52.204-25.

7.13. Debarment, Suspension, U.S. Government Restricted Party Lists. Contractor warrants that it is not, and its Subcontractors are not, on the U.S. government's Denied Parties List, the Unverified List, the Entities List, the Specially Designated Nationals and Blocked Parties List, and neither the Contractor nor any Subcontractors are presently debarred, suspended, proposed for debarment or otherwise declared ineligible for award of federal contracts or participation in federal assistance programs or activities.

7.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. If the Procurement Officer determines that Contractor submitted an Offer or Bid with a false statement, or makes material misrepresentations during the performance of the Contract, the Procurement Officer may determine that Contractor has materially breached the Contract and may void the submitted Offer or Bid and any resulting Contract.

7.15. Survival of Rights and Obligations after Contract Expiration or Termination.

7.15.1. Survival of Warranty. All representations and warranties made by Contractor under the Contract will survive the expiration or earlier termination of the Contract.

7.15.2. Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12- 529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

7.15.3. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

8. State's Contractual Remedies

8.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the contract.

8.2. Stop Work Order.

8.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

8.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

8.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive.

8.4. Nonconforming Tender. Materials or Services supplied under this Contract shall fully comply with the Contract. The delivery of Materials or Services or a portion of the Materials or Services that do not fully comply constitutes a breach of contract. On delivery of nonconforming Materials or Services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

8.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

9. Contract Termination

9.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time. If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided in A.R.S. § 38-511.

9.2. Gratuities. The State may, by written notice, terminate this Contract, in whole or in part, if the State determines that employment or a Gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State with the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the Gratuity offered by the Contractor.

9.3. Suspension or Debarment. The State may, by written notice to the Contractor, immediately terminate this Contract if the State determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a Subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that the Contractor is not currently suspended or debarred. If the Contractor becomes suspended or debarred, the Contractor shall immediately notify the State.

9.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all Subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, Data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State upon demand. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and Materials or Services accepted before the effective date of the termination. The cost principles and procedures provided in A.R.S. § 41-2543 and A.A.C. Title 2, Chapter 7, Article 7, shall apply.

9.5. Termination for Default.

9.5.1. In addition to the rights reserved in the contract, the State may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

9.5.2. Upon termination under this paragraph, all goods, Materials, documents, Data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State on demand.

9.5.3. The State may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, Materials or Services to replace those under this Contract. The Contractor shall be liable to the State for any excess costs incurred by the State in procuring Materials or Services in substitution for those due from the Contractor.

9.6. Continuation of Performance Through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

10. Contract Claims

All contract claims or controversies under this Contract shall be resolved according to A.R.S. Title 41, Chapter 23, Article 9, and rules adopted thereunder.

11. Arbitration

The parties to this Contract agree to resolve all disputes arising out of or relating to this Contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes (A.R.S. Title 41).

1. Definition of Terms

As used in these Instructions, the terms listed below are defined as follows:

1.1. "Arizona Procurement Code" means, collectively, Title 41 Chapter 23, et. sequitur, in the Arizona Revised Statutes (abbreviated "A.R.S.") and administrative rules R2-7-101 et. sequitur in the Arizona Administrative Code (abbreviated "A.A.C.").

NOTE: There are frequent references to the Arizona Procurement Code throughout the Solicitation Documents, therefore, you will need to be familiar with its provisions to be able to understand the Solicitation Documents fully.

The Arizona Department of Administration State Procurement Office provides a reference compilation of the Arizona Procurement Code on its website:

https://spointra.az.gov/resources/procurement-regulations

The Arizona State Legislature provides the official A.R.S. online at:

https://www.azleg.gov/arstitle/

The Office of the Arizona Secretary of State provides the official A.A.C. online at:

http://www.azsos.gov/rules/arizona-administrative-code

1.2. "Attachment" means any item the Solicitation requires the Offeror to submit as part of the Offer.

1.3. "Best and Final Offer" (BAFO) means a revision to an Offer submitted after negotiations are completed that contains the Offeror's most favorable terms for price, service, and products to be delivered.

1.4. "Clarifications" means, per A.A.C. R2-7-C313, communications between Procurement Officer and Offeror for the purpose of providing a greater mutual understanding of the Offer. Clarifications may include demonstrations, questions and answers, or elaborations on previously-submitted information. All clarifications shall be confirmed in a written offer.

1.5. "Contract" means the combination of the Solicitation, including the Uniform and Special Instructions to Offerors, the Uniform and Special Terms and Conditions, and the Specifications and Statement or Scope of Work; the Offer and any Best and Final Offers; and any Solicitation Amendments or Contract Amendments.

1.6. "Contract Amendment" means a written document signed by Procurement Officer issued for the purpose of making changes in the Contract.

1.7. "Contractor" means any person who has a Contract with the State.

1.8. "Days" means calendar days unless otherwise specified.

1.9. "eProcurement (Electronic Procurement)" means, per A.A.C. R2-7-101, the State's official electronic procurement system as authorized by the state procurement administrator under R2-7-201.

1.10. "Evaluation" means, per A.A.C. R2-7-316, the process whereby Procurement Officer will determine which responsive offers and best and final offers based on the evaluation criteria contained in the request for proposals are the most advantageous to State.

1.11. "Exhibit" means any item labeled as an Exhibit in the Solicitation or placed in the Exhibits section of the Solicitation generally containing maps, schematics, examples of reports, or other documents that will be used to perform the requirements of the Scope of Work after contract award.

1.12. "Interviews" means an agreed-upon time and place for a structured conversation between Procurement Officer/Evaluation Committee and Offeror(s) where an established set of questions are asked to each Offeror and answered.

1.13. "Narrative Response" means a written essay, process, or story detailing Offeror's experience, expertise, opinion, or methodology relating to the question being asked. The quality of the written response in areas such as grammar, readability, ease of understanding, may be taken into consideration on how well Offeror is able to express themselves and describe their process.

1.14. "Negotiation" means, per A.A.C. R2-7-101(32), an exchange or series of exchanges between State and an offeror for the purposes set forth in A.A.C. R2-7-C314.

1.15. "Not Susceptible for Award" means, per A.A.C. R2-7-C311, that the relevant offer has been determined by Procurement Officer to fail one or more of the tests and comparisons set forth therein. NOTE: A determination of Not Susceptible for Award and a determination of Responsive are mutually exclusive.

1.16. "Offer" means a response to a solicitation.

1.16.1. "Initial Offer" means, Offeror's proposal submitted to State in response to the Solicitation, as initially submitted.

1.16.2. "Revised Offer" means any revised versions of the Initial Offer that Offeror has submitted to State at State's request as permitted under A.A.C. R2-7-C314 and R2-7-C315.

1.16.3. "BAFO," as defined above.

1.16.4. Reference to "an Offer, "the Offer," or "your Offer" means any of the Initial Offer, a Revised Offer, or the Best and Final Offer.

1.17. "Offeror" means a person who responds to a Solicitation.

1.18. "Oral/Product Presentations" means a tailored presentation based on the requirements specified in the Scope of Work or based upon an established agenda provided by Procurement Officer ahead of time. The presentation shall include company overview, product overview, functionalities, and reporting as applicable to the Scope of Work. If the presentation is not product-related, ensure other questions are answered based on the agenda or as asked by the committee members.

1.19. "Person" means any corporation, business, individual, union, committee, club, or other organization or group of individuals.

1.20. "Procurement Officer" means the person, or his or her designee, duly authorized by the State to enter into and administer Contracts and make written determinations with respect to the Contract.

1.21. "Small Business" means a for-profit or not-for-profit organization, including its affiliates, with fewer than 100 full-time employees or gross annual receipts of less than $4 million for the last complete fiscal year.

1.22. "Solicitation" means an Invitation for Bids ("IFB"), a Request for Technical Offers, a Request for Proposals ("RFP"), a Request for Quotations ("RFQ"), or any other invitation or request issued by the purchasing agency to invite a person to submit an offer.

1.23. "Solicitation Amendment" means a change to the Solicitation issued by Procurement Officer.

1.24. "Subcontract" means any Contract, express or implied, between the Contractor and another party or between a Subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or any service required for the performance of the Contract.

1.25. "State" means any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona that executes the Contract.

2. Inquiries

2.1. Duty to Examine. It is the responsibility of each Offeror to examine the entire Solicitation, seek clarification in writing (inquiries), and examine its Offer for accuracy before submitting an Offer. Lack of care in preparing an Offer shall not be grounds for modifying or withdrawing the Offer after the Offer due date and time.

2.2. Solicitation Contact Person. Direct all inquiries related to the Solicitation to Procurement Officer, including requests for or inquiries regarding standards referenced in the Solicitation. Apart from the State's eProcurement System Help Desk, do not contact any State personnel other than Procurement Officer concerning the Solicitation while it is in progress, through and including award.

2.3. Submission of Inquiries. Submit all inquiries related to the Solicitation in the State's eProcurement System. Procurement Officer will not respond to inquiries received in any other manner.

2.3.1. Submit technical inquiries about navigating and/or submitting proposals in the State's eProcurement System to the State's eProcurement System Help Desk by phone at (602) 542-7600, option 2; or by email to app@azdoa.gov.

2.3.2. Submit all other inquiries about the Solicitation using the "Discussions with Buyer" tab in the State's eProcurement System. Always refer to the appropriate Solicitation document by page and paragraph number.

2.3.3. Check the Special Instructions to Offerors for the cut-off time for inquiries to Procurement Officer regarding this Solicitation.

2.4. Timeliness. Any inquiry or exception to the Solicitation shall be submitted as soon as possible and should be submitted at least seven days before the Offer due date and time for review and determination by the State. Failure to do so may result in the inquiry not being considered for a Solicitation Amendment.

2.5. No Right to Rely on Verbal or Electronic Mail Responses. An Offeror shall not rely on verbal or electronic mail responses to inquiries. A verbal or electronic mail reply to an inquiry does not constitute a modification of the solicitation.

2.6. Solicitation Amendments. The Solicitation shall only be modified by a Solicitation Amendment made through the State's eProcurement System.

2.7. Pre-Offer Conference. If a pre-offer conference has been scheduled under the Solicitation, the date, time and location shall appear in the State's eProcurement system . Offerors should raise any questions about the Solicitation at that time. An Offeror may not rely on any verbal responses to questions at the conference. Material issues raised at the conference that result in changes to the Solicitation shall be answered solely through a Solicitation Amendment.

2.8. Persons With Disabilities. Persons with a disability may request reasonable accommodation, such as a sign language interpreter, by contacting Procurement Officer. Requests shall be made as early as possible to allow time to arrange the accommodation.

2.9. Instructions Order of Precedence: In case of any inconsistency, conflict, or ambiguity among the Solicitation Instructions to Offerors, they are to prevail in the following order, descending from most dominate to most subordinate, provided that, among categories of documents or provisions having the same rank, the document or provision with the latest date prevails. Information being identified in one document, but not in another, is not to be considered a conflict or inconsistency:

2.9.1. Special Instructions to Offerors; and then

2.9.2. Standard Instructions to Offerors (RFP).

3. Offer Preparation

3.1. Electronic Documents.

3.1.1. The Solicitation is provided in an electronic format; State will not provide any printed copies or distribute the Solicitation in any other format.

3.1.2. Offerors are responsible for clearly identifying any and all changes or modifications to any Solicitation documents upon submission to the State's eProcurement system. Any unidentified alteration or modification to any Solicitation, attachments, exhibits, forms, charts or illustrations contained herein shall be null and void. Offeror's electronic files shall be submitted in a format acceptable to the State. Acceptable formats include .doc and .docx (Microsoft Word), .xls and .xlsx (Microsoft Excel), .ppt and .pptx (Microsoft PowerPoint) and .pdf (Adobe Acrobat). Obtain advance approval from the State's eProcurement Help Desk before submitting files in any other format. The maximum file size allowed is 25mbp.

3.1.3. SUPPLIER REFERENCE GUIDES are available at: https://spo.az.gov/app/supplier/QRG.

3.1.4. Upload all Solicitation Attachments as required, within the APP Prepare RFx Technical and Financial Questions Tab.

3.1.5. Prepare and submit your confidential information following the instructions in section 4.4 Confidential Information.

3.2. Deviations in Offer. When submitting an Offer, clearly indicate in writing any deviations from the Specifications or other Solicitation technical requirements documents. Any deviation not explicitly identified will be deemed void upon submission.

NOTE: Deviations are technical exceptions of a significant but not material nature, typically having to do with part/model numbers, details of attachments, mountings, clearances, internal configurations, etc., and are not to be confused with material exceptions.

3.3. Evidence of Intent to be Bound. The Offer and Acceptance form within the Solicitation shall be submitted with the Offer in the State's eProcurement system and shall include a signature by a person authorized to sign the Offer, such as your duly authorized officer, executive, principal, or agent. The signature shall signify the Offeror's intent to be bound by the Offer and the terms of the Solicitation and that the information provided is true, accurate and complete. Failure to submit verifiable evidence of an intent to be bound, such as a signature, shall result in rejection of the Offer.

3.4. Exceptions to Terms and Conditions.

3.4.1. All exceptions that are contained in the Offer may negatively impact an Offeror's susceptibility for award. An Offer that takes exception to any material requirement of the Solicitation may be rejected.

3.4.2. If you are submitting an Offer conditioned on exceptions to the Solicitation Documents, indicate "NO" on Solicitation Attachment "Conformance Statement" and clearly identify

the specific paragraphs of the Solicitation where the exceptions occur, along with proposed alternative language and a rationale for the change. Any exceptions taken elsewhere in the Offer, or in any preprinted or standard terms, will be void and without force or effect in any resulting contract, unless the exception is specifically accepted in writing by the Procurement Officer.

3.5. Insurance and Bonds

3.5.1. Provide the evidence of insurance availability, evidence of insurance in place, evidence of bonding capacity, bonds in hand, or other security that are called for in the Solicitation Attachment "Letter of Insurability".

3.5.2. If you intend to withhold or redact any element of your evidence of insurance policy compliance required by Addendum A of the Special Terms and Conditions [General Contractor Indemnification and Insurance Requirements] on the grounds that it is confidential information, then you must claim it as such and submit the necessary substantiated justification with each Offer using the Solicitation Attachment "Designation of Confidential Information" and as per Instruction 4.4 Confidential Documents below.

3.6. Subcontracts. Offeror shall clearly list any proposed subcontractors and the subcontractor's proposed responsibilities in the Offer.

3.7. Cost of Offer Preparation. State will not reimburse Offeror or any of Offeror's prospective subcontractors, suppliers, or consultants any costs associated with responding to the Solicitation.

3.8. Federal Excise Tax. The State is exempt from certain Federal Excise Tax on manufactured goods. Exemption Certificates will be provided by the State.

3.9. Identification of Taxes in Offer. The State is subject to all applicable state and local transaction privilege taxes. All applicable taxes shall be identified as a separate item offered in the Solicitation. When applicable, the tax rate and amount shall be identified on the price sheet.

3.10. Disclosure. If the person submitting this Offer has been debarred, suspended or otherwise lawfully precluded from participating in any public procurement activity, including being disapproved as a subcontractor with any federal, state or local government, or if any such preclusion from participation from any public procurement activity is currently pending, the Offeror shall fully explain the circumstances relating to the preclusion or proposed preclusion in the Offer. The Offeror shall set forth the name and address of the governmental unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. If suspension or debarment is currently pending, a detailed description of all relevant circumstances including the details enumerated above shall be provided.

4. Submission of Offer: Required Offer Content

4.1. Offer Submission, Due Date and Time. Offerors responding to a Solicitation must submit the Offer electronically through the State's eProcurement system.

4.1.1. Submit each Offer online in the State's eProcurement System before the "Bid Opening Date" indicated for the "Solicitation No." State will not consider a proposal submitted by any other method other than the State's eProcurement System, and it will be deemed void upon submission. By A.A.C. R2-7-C307, State will not consider later offers. State will give no extension or grace period for delays or incomplete proposals caused by internet connectivity problems, file uploading difficulties, or misunderstanding of the requirements or procedures for online submission in The State's eProcurement System. If your proposal is not submitted correctly, completely, and in conformance to these Instructions herein, then Procurement Officer may determine it Not Susceptible for Award.

NOTE: Using the State's eProcurement System requires a certain level of technical competency; select your staff to submit proposals and handle other Solicitation general matters in the State's eProcurement System carefully, since the State's eProcurement System Help Desk cannot do any of the required actions for you.

4.1.2. Offers shall be received before the due date and time stated in the solicitation. Offers submitted outside of the State's eProcurement system or those that are received after the due date and time shall be rejected.

4.2. Offer and Acceptance. Offers shall include a signed Offer and Acceptance form. The Offer and Acceptance form shall be signed with a signature by the person authorized to sign the Offer, and shall be submitted in the State's eProcurement system with the Offer no later than the Solicitation due date and time. **Failure to return an Offer and Acceptance form shall result in rejection of the Offer.**

4.3. Solicitation Amendments.

4.3.1. As required under A.A.C. R2-7-C303(C), it is the offeror's responsibility to acknowledge every Solicitation Amendment issued as of the due date and time. Failure to acknowledge all solicitation amendments may impact your susceptibility for award.

4.3.2. Amendments to the Solicitation create new rounds in APP. Check for APP alerts that notify if an amendment has been issued. You must acknowledge each round created by an amendment for your Offer in order for your Offer to be Responsive.

4.3.3. In the event you have submitted an offer prior to a Solicitation amendment, you must acknowledge and upload your offer documents to the new round.

4.4. Confidential Information. If an Offeror believes that any portion of an Offer, protest, or correspondence contains a trade secret or other proprietary information, the Offeror shall:

4.4.1. Indicate on the Solicitation Attachment "Designation of Confidential Information" that your proposal contains such claimed confidential information; and,

4.4.2. Separate the documents you claim to be confidential from the offer documents and upload them separately. Prepare to upload each confidential document as a separate confidential document in your response following the instructions in the Arizona Department of Administration Procurement page under Arizona Procurement Portal (APP) Suppliers Tab. Under the Quick Reference Guides / Solicitations, review the Adding Confidential Documents to an Offer/ Response.

4.4.3. Upload each document you claim to be confidential separately and follow the naming convention: Confidential - Supplement - Offeror File Name.

4.4.4. Simply indicating that the proposal contains confidential information is not sufficient to claim the protections under A.A.C. R2-7-103. The "Confidential Information Designation" Attachment must be accompanied by a detailed explanation as to why each item or category of items in the proposal should be designated confidential information.

4.4.5. Submit Confidential Information/Documentation as a Supplement(s), with the following naming convention: Confidential - Supplement - Offeror File Name. **DO NOT** incorporate information you are requesting to be determined as Confidential in any other section of your response. Upload redacted documents to the appropriate sections of the questionnaire.

4.4.6. Procurement Officer shall review your claim of confidentiality and provide a written determination; until a written determination has been made, Procurement Officer shall not disclose the claimed information to anyone who does not have a legitimate State interest.

4.4.6.1. If the designated information is determined to be confidential, Procurement Officer may request redacted documents.

4.4.6.2. If Procurement Officer denies the claim of confidentiality, you may appeal the determination to the State Procurement Administrator within the time specified in the determination.

NOTE: Contract terms and conditions, pricing, and information generally available to the public are not and will not be designated confidential information.

4.5. Attachment Forms

4.5.1. If an Attachment indicates that a "Form" is being provided for an Attachment, then the Solicitation includes the required form and format for submitting the Attachment. No other form or format will be accepted, and your Offer may be deemed Not Susceptible for Award if you submit an unofficial form.

4.5.2. If, however, the Solicitation Documents indicate that you are allowed to attach additional documents regarding a particular question or line item, then doing so will be acceptable so long as the filled-out Attachment clearly states "See Attachment Name Supplement (#1 of 2)", etc., and the additional document is clearly marked as "Attachment Name Supplement (#1 of 2)," etc.

NOTE (1): Each Form has a blank space to list your Attachment Supplements.

NOTE (2): You must upload each such "additional" document as an individual file and name the file to match the document title.

NOTE (3): Do not include non-specific marketing materials in an Offer. If something is not specifically called for, then including it will not be helpful during Evaluation, and might in fact be grounds for down-grading if it does not address your experience and capacity to carry out the work for this Solicitation

4.6. Public Record. All Offers submitted and opened are public records and must be retained by the State for six (6) years. Offers shall be open and available to public inspection through the State's eProcurement system after Contract award, except for any portions of such Offers deemed to be confidential by the State. Procurement Officer shall make the names of Persons who submitted offers available in the State's eProcurement System promptly after the opening date.

5. Responsibility, Responsiveness, and Susceptibility

5.1. Responsibility. In accordance with A.R.S. § 41-2534(G), A.A.C. R27-C312 and R2-7-C316, the State shall consider the following in determining Offeror's responsibility, as well as the responsiveness and acceptability of their proposals. The State will consider, but is not limited to, the following in determining an Offeror's responsibility as well as susceptibility to Contract Award:

5.1.1. Whether the Offeror has had a contract within the last five (5) years that was terminated for cause due to breach or similar failure to comply with the terms of the contract;

5.1.2. Whether the Offeror's record of performance includes factual evidence of failure to satisfy the terms of the Offeror's agreements with any party to a contract. Factual evidence may consist of documented vendor performance reports, customer complaints and/or negative references;

5.1.3. Whether the Offeror is legally qualified to contract with the State and the Offeror's financial, business, personnel, or other resources, including subcontractors;

5.1.4. Legally qualified includes if the vendor or if key personnel have been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body.

5.1.5. Whether the Offeror promptly supplied all requested information concerning its responsibility;

5.1.6. Whether the Offer was sufficient to permit evaluation by the State, in accordance with the evaluation criteria identified in this Solicitation or other necessary offer components. Necessary offer components include: attachments, documents or forms to be submitted with the offer, an indication of the intent to be bound, reasonable or acceptable approach to perform the Scope of Work, signed Solicitation Amendments, references to include experience verification, adequacy of financial/business/personal or other resources to include a performance bond and stability including subcontractors and any other data specifically requested in the Solicitation;

5.1.7. Whether the Offer was in conformance with the requirements contained in the Scope of Work, Terms and Conditions, and Instructions for the Solicitation and its Amendments, including the documents incorporated by reference;

5.1.8. Whether the Offer limits the rights of the State;

5.1.9. Whether the Offer includes or is subject to unreasonable conditions, to include conditions upon the State or necessary for successful Contract performance. The State shall be the sole determiner as to the reasonableness of a condition;

5.1.10. Whether the Offer materially changes the contents set forth in the Solicitation, which includes the Scope of Work, Terms and Conditions, or Instructions; and,

5.1.11. Whether the Offeror provides misleading or inaccurate information.

5.2. Responsiveness and Susceptibility. Proposals shall contain sufficient information for the State to evaluate the proposal in accordance with the factors identified in the solicitation. Necessary components may include an indication of the Offeror's intent to be bound, price proposal, Solicitation amendments, bond and reference data as required.

5.2.1. Proposal Content. The Offeror shall make a firm commitment to provide Materials and/or Services as required and proposed. The information contained in the Offer shall be: relevant to the service requirements stated in the solicitation; submitted in a sequence that reflects the scope of work section of this document; and include information relevant to the designated evaluation criteria.

5.2.2. Failure to include the requested information may have a negative impact on the evaluation of the Offeror's proposal.

5.3. Eligibility for Evaluation and Negotiation. Procurement Officer shall hold Negotiations with all offerors reasonably susceptible for award per A.A.C. R2-7-C314(C), unless explicitly stated otherwise in the Solicitation. Upon request, Offerors may revise offers based on Negotiations, provided that any revision is confirmed in writing. No changes to the Offer shall be accepted unless provided in writing.

5.4. If Procurement Officer determines subsequently that your Revised Offer is Not Susceptible for Award by virtue of comparison to other revised offers per A.A.C. R2-7-C311(A)(3), then he or she will not include you in any further Negotiation. For clarity of intent, the foregoing means that Procurement Officer may reduce the number of offers that are "susceptible for award" with each successive round of Negotiation, since the purpose of Negotiation is to achieve best value for State.

6. Evaluation of Offers

6.1. Unit Price Prevails. In the case of discrepancy between the unit price or rate and the extension of that unit price or rate, the unit price or rate shall govern.

6.2. Taxes. If the products and/or services specified require transaction privilege or use taxes, they shall be described and itemized separately on the Offer. Arizona transaction privilege and use taxes shall not be considered for evaluation.

6.3. Prompt Payment Discount. Prompt payment discounts of thirty (30) days or more set forth in an Offer shall be deducted from the Offer for the purpose of evaluating that price.

6.4. Offer Acceptance Period. By submitting an Offer, you agree to hold it open for one hundred and eighty (180) days. The offer acceptance period (whichever applies) re-starts upon submission of each Revised Offer or a Best and Final Offer.

6.5. Clarifications. Upon receipt and opening of proposals submitted in response to this solicitation, the State may request clarifications, including demonstrations or questions and answers, for the sole purpose of information gathering or for eliminating minor informalities or correcting nonjudgmental mistakes in proposals. All oral clarifications shall be confirmed in writing.

6.6. Oral/Product Presentations. The State may request oral/product presentations. If requested, the Offeror shall be available for oral/product presentations with no more than ten (10) business days advance notice. Participants in the oral/product presentations should include the Offeror's key persons. Such oral/product presentations shall not otherwise afford an Offeror the opportunity to alter or change its Offer.

6.7. Interviews. State may request interviews with key personnel as part of the evaluation process. If State chooses to conduct the interview, Offeror will be provided limited timeslots to choose from. The requested Offeror or key personnel of Offeror should be prepared to answer questions on any part of the offer. Note that nothing said during the interview should be construed as a change to the written requirements in the Solicitation materials. Upon request by Procurement Officer, Offeror shall submit a summary of their interview responses in writing after the interviews are completed.

6.8. Cost or Pricing Data. Offerors shall promptly submit any cost or pricing data that Procurement Officer requests under A.R.S § 41-2543 per A.A.C. R2-7-702(B)(2). Procurement Officer may determine any of the following:

6.8.1. Offer is rejected for failure to submit requested pricing data within the designated time frame under A.A.C. R2-7-704;

6.8.2. Submitted cost or pricing data demonstrates that pricing is fair and reasonable under A.A.C. R2-7-702(A); or,

6.8.3. Cost or pricing data is not defective under A.A.C. R2-7-705.

6.9. BAFOs. In accordance with A.R.S. § 41-2534, after the initial receipt of proposals, Procurement Officer may conduct discussions with those Offerors who submit proposals determined by the State to be reasonably susceptible of being selected for award. Procurement Officer will request a BAFO from any offerors with whom Negotiation has been conducted.

6.10. Financial Stability. You must be able to substantiate your financial stability to State's satisfaction as a precondition of any contract award. Procurement Officer may require documentation such as current and audited financial statements, including income and balance sheets, directly from you or may obtain reports from independent financial rating services. Not providing the evidence will be grounds for Procurement Officer determining your Offer is Not Susceptible for Award. Upon request, financial documents may be held confidential under A.R.S. § 41-2540(B).

6.11. Consideration of Exceptions. Procurement Officer may determine that your Offer is Not Susceptible for Award, if the Offer is conditioned on an exception to a material aspect of the Solicitation. Even if an exception is not material,your Offer may receive lower scores during Evaluation if the exception is found to be significant by Procurement Officer.

6.12. Consideration of Cost. Regardless of the relative order assigned to cost in the Special Instructions 6.1 Evaluation Criteria, cost is an essential consideration in every award State makes; State's intent is always to obtain the best pricing available and it strives to make its evaluations be a straightforward comparison of best value between the responsible and responsive proposals as far as possible to the extent permissible under the Arizona Procurement Code.

6.12.1. In the unusual - but possible - case that Offers receive equal scores for all other evaluation criteria, Offerors are on notice that cost may end up being the factor that determines which Offeror is awarded a contract.

6.12.2. Offerors are also on notice that, per A.R.S. § 35-154, it is against the law for the Procurement Officer to sign a contract that obligates the State for an amount that exceeds allocated and appropriated funds for the Contract.

6.13. Waiver and Rejection Rights. Notwithstanding any other provision of the Solicitation, the State reserves the right to:

6.13.1. Waive any minor informality;

6.13.2. Reject any and all Offers or portions thereof; or

6.13.3. Cancel the Solicitation.

7. Contract Award

7.1. Most Advantageous to the State. Under A.A.C. R2-7-C317, contracts will be awarded to the responsible offeror(s) whose offer(s) is/are determined to be most advantageous to the State based on the stated evaluation factors set forth in the solicitation.

7.2. Number of Awards. The State reserves the right to make multiple awards or to award a Contract by individual line items, by group of line items, or to make an aggregate award, or regional awards, whichever is most advantageous to the State.

7.3. Contract Formation. An Offer does not constitute a Contract nor does it confer any rights on the Offeror to the award of a Contract. A Contract is not created until the Offer is accepted in writing by Procurement Officer's signature on the Offer and Acceptance form. A notice of award or of the intent to award shall not constitute acceptance of the Offer.

7.4. Effective Date. The effective date of the Contract shall be the date designated on the Offer and Acceptance form or other official contract form as the start of the contract.

7.5. Contract Document Consolidation. State may, at its option, consolidate the resulting contract documents after contract award. Examples of such consolidation are reorganizing Solicitation Documents and those components of the Accepted Offer not pertaining to the contract's operation and excluding any components of the Accepted Offer that were not awarded. Contract document consolidation will not, however, include or be construed to include any material change to the Solicitation or the Contract.

7.6. Viewing Awarded Contracts. To view awarded Contracts:

- Go to app.az.gov
- Select: State Contracts (Blue tab)
- Search using "Keywords:" enter name of solicitation Label and click on "Search". A listing of Contracts with the description (name of Contract Set) will appear below.
- To view a Contract, click on the pencil icon next to the Contract number.
- Contact Help Desk at 602-542-7600 for assistance.

8. Protests

A protest shall comply with and be resolved according to Arizona Revised Statutes Title 41, Chapter 23, Article 9 and rules adopted thereunder. Protests shall be in writing and be filed with both Procurement Officer of the purchasing agency and with the State Procurement Administrator. A protest of the Solicitation shall be received by Procurement Officer before the Offer due date. A protest of a proposed award or of an award shall be filed within ten (10) days after Procurement Officer makes the procurement file available for public inspection. A protest shall include:

8.1. The name, address, email address and telephone number of the interested party;

8.2. The signature of the interested party or its representative;

8.3. Identification of the purchasing agency and the Solicitation or Contract number;

8.4. A detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and

8.5. The form of relief requested.
