5.13.4. Joint Developments. The Contractor and State may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the Contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

5.13.5. Pre-existing Material. All pre-existing software and other Materials developed or otherwise obtained by or for Contractor or its affiliates independently of the Contract or applicable Purchase Orders are not part of the work product to which rights are granted State under subparagraph 5.13.1 above, and will remain the exclusive property of Contractor, provided that:

5.13.5.1. Any derivative works of such pre-existing Materials or elements thereof that are created pursuant to the Contract are part of that work product.

5.13.5.2. Any elements of derivative work of such pre-existing Materials that was not created pursuant to the Contract are not part of that work product.

5.13.5.3. Except as expressly stated otherwise, nothing in the Contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing Materials.

5.13.6. Developments Outside of Contract. Unless expressly stated otherwise in the Contract, this Section does not preclude Contractor from developing competing Materials outside the Contract, irrespective of any similarity to Materials delivered or to be delivered to State hereunder.

5.14. Property of the State. If there are any materials that are not covered by Section 5.13 above created under this Contract, including but not limited to, reports and other deliverables, these materials are the sole property of the State. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of the State.

5.15. Equipment. Except as provided above or otherwise agreed to by the parties, the title to any and all equipment acquired through the expenditure of funds received from the State shall remain the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. When this Grant is terminated, the disposition of all such property shall be determined by the ADHS. For Fixed Price contracts, when the Grantee provides the services/materials required by the Grant, any and all equipment purchased by the Grantee remains the property of the Grantee. All purchases of equipment need to be reported to the ADHS Office of Inventory Control.

5.16. Federal Immigration and Nationality Act. Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the Contract. Further, Contractor shall flow down this requirement to all Subcontractors utilized during the term of the Contract. The State shall retain the right to perform random audits of Contractor and Subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor or any Subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default and suspension or debarment of the Contractor.

5.17. E-Verify Requirements. In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23- 214, Subsection A.

5.18. Offshore Performance of Work involving Data is Prohibited. Any Services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to Data shall be performed within the defined territories of the United States.

5.19. Protection of State Cybersecurity Interests. The Contractor shall comply with State Executive Order No. 2023-10, which includes, but is not limited to, a prohibition against (a) downloading and installing of TikTok on all State-owned and State-leased information technology; and (b) accessing TikTok through State information technology.

5.20. Artificial Intelligence (AI) Prohibitions. Consistent with State policy, if Contractor supplies AI Services or Materials (either directly or through Subcontractors or the sale of licenses), such as research, development, training, implementation, deployment, maintenance, provision, or sale of AI systems, then Contractor is prohibited from using State of Arizona Materials or Data in generative AI queries or for building or training proprietary generative AI programs unless explicitly approved in advance by the State in writing.

5.20.1. Contractor shall also disclose the utilization of generative AI before producing works owned by the State and/or integrating generative AI into Materials or Services used by the State.

5.20.2. Contractor shall perform due diligence to ensure proper licensure of model training data for all generative AI services throughout the life of the Contract.

5.21. Certifications Required by State Law:

5.21.1. If Contractor is a Company as defined in A.R.S. § 35-393, Contractor certifies that it is not currently engaged in a boycott of Israel as described in A.R.S. §§ 35-393 *et seq*. and will refrain from any such boycott for the duration of this Contract.

5.21.2. Contractor further certifies that it shall comply with A.R.S. § 35-394, regarding use of the forced labor of ethnic Uyghurs, as applicable.

5.22. Protection of State Cybersecurity Interests. The Contractor shall comply with State Executive Order No. 2023-10, which includes, but is not limited to, a prohibition against (a) downloading and installing of TikTok on all State-owned and State-leased information technology; and (b) accessing TikTok through State information technology.

6. Costs and Payments

6.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, Net 30 days. Upon receipt and acceptance of Materials or Services, the Contractor shall submit a complete and accurate invoice for payment from the State within thirty (30) days.

6.2. Recoupment of Contract Payments.

6.2.1. Unearned Advanced Funds. Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.

6.2.2. Contracted Services. In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.

6.2.3. Refunds. Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 6.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 6.2.2, Contracted Services.

6.2.4. Unacceptable Expenditures. The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.

6.3. Delivery. Unless stated otherwise in the Contract, per A.R.S. § 47-2319, all prices shall be F.O.B. ("free on board") Destination and shall include all freight delivery and unloading at the destination.

6.4. Firm, Fixed Price. Unless stated otherwise in the Special Terms and Conditions of the Contract, all prices shall be firm-fixed-prices.

6.5. Applicable Taxes:

6.5.1. Payment of Taxes. The Contractor shall be responsible for paying all applicable taxes.

6.5.2. State and Local Transaction Privilege Taxes. The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

6.5.3. Tax Indemnification. Contractor and all Subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all Subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

6.5.4. IRS W9 Form. In order to receive payment, the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona, unless not required by law.

6.6. Availability of Funds for the Next State Fiscal Year. Funds may not presently be available for performance under this Contract beyond the current State Fiscal Year. No legal liability on the part of the State for any payment may arise under this Contract beyond the current State Fiscal Year until funds are made available for performance of this Contract.

6.7. Availability of Funds for the Current State Fiscal Year. Should the State Legislature enter back into session and reduce the appropriations or for any reason and these Materials or Services are not funded, the State may take any of the following actions:

6.7.1. Accept a decrease in price offered by the Contractor.

6.7.2. Cancel the Contract.

6.7.3. Cancel the Contract and re-solicit the requirements.

7. Contract Changes

7.1. Amendments. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract. Changes to the Contract, including the addition of Services or Materials, the revision of payment terms, or the substitution of Services or Materials, directed by a person who is not specifically authorized

by the Procurement Officer in writing or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized written Contract Amendments shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.

7.2. Subcontracts. The Contractor shall not enter into any Subcontract under this Contract for the performance of this Contract without the advance written approval of the Procurement Officer as described in Arizona State Procurement Office Standard Procedure 002. The Contractor shall clearly list any proposed Subcontractors and the Subcontractor's proposed responsibilities. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

7.3. Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

8. Risk and Liability

8.1. Risk of Loss. The Contractor shall bear all loss of conforming Materials covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming Materials shall remain with the Contractor regardless of receipt.

8.2. Indemnification:

8.2.1. Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

8.2.2. Contractor/Vendor Indemnification (Not Public Agency).To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this Contract, the Contractor agrees to waive all rights of subrogation Insurance and Indemnification Guidelines for State of Arizona Contracts Professional Service Contracts against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission or university of the State of Arizona.

8.3. Indemnification - Patent and Copyright. The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of Materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the Contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this paragraph shall not apply.

8.4. Force Majeure:

8.4.1. Except for payment of sums due, neither the Contractor nor State shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or refusals to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

8.4.2. Force Majeure shall not include the following occurrences:

8.4.2.1. Late delivery of equipment, Materials, or Services caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market.

8.4.2.2. Late performance by a Subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition.

8.4.2.3. Inability of either the Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

8.4.3. If either the Contractor or State is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

8.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

8.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern Materials or Services supplied by third parties to the Contractor, toward fulfillment of this Contract.

9. Warranties

9.1. Liens. The Contractor warrants that the Materials supplied under this Contract are free of liens and shall remain free of liens.

9.2. Quality. Unless otherwise modified elsewhere in the Terms and Conditions, the Contractor warrants that, for one (1) year after acceptance by the State of the Materials, they shall be:

9.2.1. Of a quality to pass without objection in the trade under the Contract description.

9.2.2. Fit for the intended purposes for which the Materials are used.

9.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units.

9.2.4. Adequately contained, packaged, and marked as the Contract may require.

9.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

9.3. Conformity to Requirements:

9.3.1. Contractor warrants that, unless expressly provided otherwise elsewhere in the Contract, the Materials and Services will for one (1) year after acceptance and in each instance:

9.3.1.1. Conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any and all Contractor affirmations included as part of the Contract.

9.3.1.2. Be free from defects of material and workmanship.

9.3.1.3. Conform to or perform in a manner consistent with current industry standards.

9.3.1.4. Be fit for the intended purpose or use described in the Contract.

9.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.

9.4. Inspection/Testing. The warranties set forth in this Section 9 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.

9.5. Contractor Personnel. Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any and all certifications relevant to their work, and Contractor shall provide individual evidence of certification to State's authorized representatives upon request.

9.6. Compliance With Applicable Laws. The Materials and Services supplied under this Contract shall comply with all applicable federal, state, and local laws and policies (including, but not limited to, information technology policies, standards, and procedures available on the State's website and/or the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). Federal requirements may be incorporated into this Contract, if required, pursuant to A.R.S. § 41-2637. Contractor shall maintain any and all applicable license and permit requirements. This requirement includes, but is not limited to, any and all Arizona state statutes that impact state contracts, regardless of whether those statutory references have been removed during the course of contract negotiations; this is notice to Contractors that the State does not have the authority to modify Arizona state law by contract.

9.7. Intellectual Property. Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

9.8. Licenses and Permits. Contractor warrants that it will maintain all licenses required to fully perform its duties under the Contract and all required permits valid and in force.

9.9. Operational Continuity. Contractor warrants that it will perform without relief notwithstanding being sold or acquired; no such event will operate to mitigate or alter any of Contractor's duties hereunder absent a consented delegation under paragraph 7.3. [Assignment and Delegation] that expressly recognizes the event.

9.10. Performance in Public Health Emergency. Contractor warrants that it will:

9.10.1. Have in effect, promptly after commencement, a plan for continuing performance in the event of a declared public health emergency that addresses, at a minimum:

9.10.1.1. Identification of response personnel by name.

9.10.1.2. Key succession and performance responses in the event of sudden and significant decrease in workforce.

9.10.1.3. Alternative avenues to keep sufficient product on hand or in the supply chain.

9.10.2. Provide a copy of its current plan to State within three (3) business days after State's written request. If Contractor claims relief under paragraph 8.4 [Force Majeure] for an occurrence of force majeure that is a declared public health emergency, then that relief will be conditioned on Contractor having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence, or mitigate those effects to the extent that overcoming entirely is not practicable.

9.10.3. A request from the State related to this paragraph 9.10.2 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

9.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

9.11. Lobbying:

9.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq*., using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure compliance with above. Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

9.11.2. Exception. This paragraph 9.11.1 does not apply to the extent that the Services are defined in the Contract as being lobbying for State's benefit or on State's behalf.

9.12. Covered Telecommunications or Services. Contractor warrants that the Materials and Services rendered under this Contract will not require Contractor to use for the State, or provide to the State to use, "covered telecommunications equipment or Services" as a substantial or essential component of any system, or as critical technology as part of any system, within the meaning of Federal Acquisition Regulation ("FAR") Section 52.204-25.

9.13. Debarment, Suspension, U.S. Government Restricted Party Lists. Contractor warrants that it is not, and its Subcontractors are not, on the U.S. government's Denied Parties List, the Unverified List, the Entities List, the Specially Designated Nationals and Blocked Parties List, and neither the Contractor nor any Subcontractors are presently debarred, suspended, proposed for debarment or otherwise declared ineligible for award of federal contracts or participation in federal assistance programs or activities.

9.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. If the Procurement Officer determines that Contractor submitted an Offer or Bid with a false statement, or makes material misrepresentations during the performance of the Contract, the Procurement Officer may determine that Contractor has materially breached the Contract and may void the submitted Offer or Bid and any resulting Contract.

9.15. Survival of Rights and Obligations after Contract Expiration or Termination:

9.15.1. Survival of Warranty. All representations and warranties made by Contractor under the Contract will survive the expiration or earlier termination of the Contract,

9.15.2. Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

9.15.3. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

10. State's Contractual Remedies

10.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the Contract.

10.2. Stop Work Order:

10.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

10.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

10.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive; Nonconforming Tender. Materials or Services supplied under this Contract shall fully comply with the Contract. The delivery of Materials or Services or a portion of the Materials or Services that do not fully

comply constitutes a breach of contract. On delivery of nonconforming Materials or Services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

10.4. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

11. Contract Termination

11.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time. If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided in A.R.S. § 38-511.

11.2. Gratuities. The State may, by written notice, terminate this Contract, in whole or in part, if the State determines that employment or a Gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State with the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the Gratuity offered by the Contractor.

11.3. Suspension or Debarment. The State may, by written notice to the Contractor, immediately terminate this Contract if the State determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a Subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that the Contractor is not currently suspended or debarred. If the Contractor becomes suspended or debarred, the Contractor shall immediately notify the State.

11.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all Subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, Data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State upon demand. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and Materials or Services accepted before the effective date of the termination. The cost principles and procedures provided in A.R.S. § 41-2543 and A.A.C. Title 2, Chapter 7, Article 7, shall apply.

11.5. Termination for Default:

11.5.1. In addition to the rights reserved in the Contract, the State may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

11.5.2. Upon termination under this paragraph, all goods, Materials, documents, Data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State on demand.

11.5.3. The State may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, Materials or Services to replace those under this Contract. The Contractor shall be liable to the State for any excess costs incurred by the State in procuring Materials or Services in substitution for those due from the Contractor.

11.6. Continuation of Performance Through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

12. Contract Claims

All contract claims or controversies under this Contract shall be resolved according to A.R.S. Title 41, Chapter 23, Article 9, and rules adopted thereunder.

13. Arbitration

The parties to this Contract agree to resolve all disputes arising out of or relating to this Contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes (A.R.S. Title 41).

14. Communication

14.1. Program Report. When reports are required by the Contract, the Contractor shall provide them in the format approved by ADHS.

14.2. Information and Coordination. The State will provide information to the Contractor pertaining to activities that affect the Contractor's delivery of services, and the Contractor shall be responsible for coordinating their activities with the State's in such a manner as not to conflict or unnecessarily duplicate the State's activities. As the work of the Contractor progresses, advice and information on matters covered by the Contract shall be made available by the Contractor to the State throughout the effective period of the Contract.

15. Client Grievances

If applicable, the Contractor and its subcontractors shall use a procedure through which clients may present grievances about the operation of the program that result in the denial, suspension or reduction of services provided pursuant to this Contract and which is acceptable to and approved by the State.

16. Sovereign Immunity

Pursuant to A.R.S. § 41-621(O), the obtaining of insurance by the State shall not be a waiver of any sovereign immunity defense in the event of suit.

17. Administrative Changes

The Procurement Officer, or authorized designee, reserves the right to correct any obvious clerical, typographical or grammatical errors, as well as errors in party contact information (collectively, "Administrative Changes"), prior to or after the final execution of a Contract or Contract Amendment. Administrative Changes subject to permissible corrections include: misspellings, grammar errors, incorrect addresses, incorrect Contract Amendment numbers, pagination and citation errors, mistakes in the labeling of the rate as either extended or unit, and calendar date errors that are illogical due to typographical error. The Procurement Office shall subsequently send to the

Contractor notice of corrections to administrative errors in a written confirmation letter with a copy of the corrected Administrative Change attached.

18. Health Insurance Portability and Accountability Act of 1996 (HIPAA)

18.1. The Contractor warrants that it is familiar with the requirements of HIPAA, as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH Act) of 2009, and accompanying regulations and will comply with all applicable HIPAA requirements in the course of this Contract. Contractor warrants that it will cooperate with the Arizona Department of Health Services (ADHS) in the course of performance of the Contract so that both ADHS and Contractor will be in compliance with HIPAA, including cooperation and coordination with the Arizona Department of Administration-Arizona Strategic Enterprise Technology (ADOA-ASET) Office, the ADOA-ASET Arizona State Chief Information Security Officer and HIPAA Coordinator and other compliance officials required by HIPAA and its regulations. Contractor will sign any documents that are reasonably necessary to keep ADHS and Contractor in compliance with HIPAA, including, but not limited to, business associate agreements.

18.2. If requested by the ADHS Procurement Office, Contractor agrees to sign a "Pledge To Protect Confidential Information" and to abide by the statements addressing the creation, use and disclosure of confidential information, including information designated as protected health information and all other confidential or sensitive information as defined in policy. In addition, if requested, Contractor agrees to attend or participate in HIPAA training offered by ADHS or to provide written verification that the Contractor has attended or participated in job related HIPAA training that is: (1) intended to make the Contractor proficient in HIPAA for purposes of performing the services required and (2) presented by a HIPAA Privacy Officer or other person or program knowledgeable and experienced in HIPAA and who has been approved by the ADOA-ASET Arizona State Chief Information Security Officer and HIPAA Coordinator.

19. Fraud, Waste, or Abuse

19.1. ADHS requires all employees to abide by the State's Personnel System Rules, R2-5A-501; Standards of Conduct which includes maintaining high standards of honesty, integrity, and impartiality, free from personal considerations and/or favoritism, and Code of Conduct for individuals engaged in Accounting, Financial and Budgeting Activities which depicts the moral, ethical, legal and professional aspects of personal conduct. ADHS requires the same conduct of its consultants, vendors, contractors, subrecipients, or persons doing business with the agency.

19.2. Any State employee, consultant, vendor, contractor or subrecipient or person doing business with the Agency who receives a report of improper activity must report the information within one (1) business day. Note: Federal Award policy denotes awardees must disclose, in a timely manner, in writing to ADHS all violations of Federal Criminal Law, involving fraud, bribery, or gratuity violations potentially affecting Federal Awards.

19.3. Anyone suspecting Fraud, Waste, or Abuse related to ADHS activities are required to report Fraud, Waste, or abuse through any of the following reporting channels:

19.3.1. ADHS Ethics Action Hotline at (602) 542-2347.

19.3.2. ADHS Ethics Action Email at reportethics@azdhs.gov.

19.3.3. General Accounting Office (GAO) Fraud Reporting Email at reportfraud@azdoa.gov to report Fraud, Waste, or Abuse incidents.

20. Authorization for Provision of Services

Authorization for purchase of services under this Contract shall be made only upon ADHS issuance of a Purchase Order that is signed by an authorized agent. The Purchase Order will indicate the Contract number and the dollar amount of the funds authorized. The Contractor shall only be authorized to perform services up to the amount of

the Purchase Order. ADHS shall not have any legal obligation to pay for services in excess of the amount indicated on the Purchase Order. No further obligation for payment shall exist on behalf of ADHS unless the Purchase Order is changed or modified with an official ADHS Procurement Change Order, and/or an additional Purchase Order is issued for purchase of services under this Contract.

21. Technology Replacement

In any event where product is discontinued, no longer available or technically inferior to newly developed product, the Contractor shall provide an equivalent replacement model at no additional cost and shall honor the original contract terms.

Additional Terms and Conditions for Title 2, Subtitle A, Chapter II, Part 200, Subpart C: §200.201 USE OF GRANT AGREEMENTS (INCLUDING FIXED AMOUNT AWARDS), COOPERATIVE AGREEMENTS AND CONTRACT

22. Unique Entity Identifier (UEI) Requirement

Pursuant to 2 CFR 25.100 et seq., no entity (defined as a Governmental organization, which is a State, local government, or Indian tribe; foreign public entity; domestic or foreign nonprofit organization; domestic or foreign for-profit organization; or Federal agency, but only as a sub-recipient under an award or sub-award to a non-Federal entity) may receive a sub-award from ADHS unless the entity provides its Unique Entity Identifier Number to ADHS. The number can be created in SAM.gov. If already registered the UEI has been assigned and can be viewed in SAM.gov.

23. The Federal Funding Accountability and Transparency Act (FFATA or Transparency Act - P.L.109-282, as amended by section 6202(a) of P.L. 110-252), found at https://www.fsrs.gov/

23.1. If applicable, the subrecipient or sub-awardee is required to abide by the Federal Funding Accountability and Transparency Act (FFATA or Transparency Act – P.L. 109-282, as amended by section 6202(a) of P.L. 110-252), found at https://www.fsrs.gov/. The associated Grant Reporting Certification Form and completion instructions will be sent to the subrecipient from ADHS Program(s) responsible for the specific contract. The subrecipient or sub-awardee must return the completed form to ADHS Program(s) by the 15th of the month following that in which the award was received. Failure to complete a required Grant Reporting Certification Form may result in loss of funding.

23.2. The Contractor and Subcontractors are subject to Title VI of the Civil Rights Act of 1964, Section 504 of Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendment of 1972, and offers all persons the opportunity to participate in programs or activities regardless or race, color, national origin, age, sex, or disability. Further, it is agreed that no individual will be turned away from or otherwise denied access to or benefit from any program or activity that is directly associated with a program of the RECIPIENT on the basis of race, color, national origin, age, sex (in educational activities) or disability.

24. Americans With Disabilities Act of 1990

24.1. The Contractor shall comply with the Americans With Disabilities Act of 1990 (Public Law 101-336) and the Arizona Disability Act of 1992 (A.R.S § 41-1492 et. seq.), which prohibits discrimination of the basis of physical or mental disabilities in delivering contract services or in the employment, or advancement in employment of qualified individuals.

24.2. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contracting the Contract Manager for the Contract. Request should be made as early as possible to allow time to arrange the accommodation.

25. Federal Funding (if applicable)

25.1. Funding for these services is contingent upon the availability of federal government funding. No commitment of any kind is made by the State concerning this Grant unless there are monies provided by a federal grant. The Grantee should take this fact into consideration.

25.2. For the purposes of this Grant, a capital expenditure means expenditures to acquire capital assets, as defined in 2 C.F.R. 200.12, or expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life, with a cost of $250 or greater.

25.3. Grantee agrees to maintain property records for equipment purchased with grant funds and perform a physical inventory and reconciliation with property records at least every year. Grantee agrees that funds will not be used for the construction of new facilities.

25.4. Grantee agrees to follow equipment disposition policies as determined by the Federal Awarding Agency at Award Completion or as depicted in the State of Arizona Accounting Manual. Grantee also agrees to follow the directives in ADHS Property and Procedure Policy FIN 111.

25.5. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must: Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated; Be incorporated into the official records of the non-Federal entity; Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities (for IHE, this per the IHE's definition of IBS); Encompass both federally assisted and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy; Comply with the established accounting policies and practices of the non-Federal entity (See paragraph above for treatment of incidental work for IHEs.; and Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two (2) or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity. Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes only.

25.6. Grantee understands that financial reports are required as an accounting of expenditures for either reimbursement or ADHS-approved advance payments.

25.7. The final request for reimbursement of grant funds must be received by the ADHS no later than sixty (60) days after the last day of the award period.

25.8. All goods and services must be received or have reasonable expectations thereof and placed in service by Grantee by the expiration of this award.

25.9. Grantee agrees that all encumbered funds must be expended and that goods and services must be paid by GRANTEE within sixty (60) days of the expiration of this award unless funding guidelines permit funds to be used at a future date.

25.10. Grantee agrees to remit all unexpended grant funds to the ADHS within thirty (30) days of written request from the ADHS.

25.11. Grantee agrees to account for interest earned on federal grant funds and shall manage interest income in accordance with the Cash Management Improvement Act of 1990 and as indicated in the State of Arizona Accounting Manual (SAAM) located at the following website. https://gao.az.gov/publications/saam Interest earned in excess of allowable limits must be remitted to the ADHS within thirty (30) days after receipt of a written request from the ADHS.

25.12. Grantee agrees not to use grant funds for food and/or beverage unless explicitly approved in writing by the ADHS.

25.13. Grantee agrees to comply with all applicable laws, regulations, policies and guidance (including specific cost limits, prior approvals and reporting requirements, where applicable) governing the use of grant funds for expenses related to conferences, meetings, trainings, and other events, including the provision of food and/or beverages at such events, and costs of attendance at such events unless explicitly approved in writing by the ADHS.

25.14. No funds shall be used to supplant federal, state, county or local funds that would otherwise be made available for such purposes. Supplanting means the deliberate reduction of state or local funds because of the existence of any grant funds.

25.15. Grantee agrees that grant funds are not to be expended for any indirect costs that may be incurred by Grantee for administering these funds unless explicitly approved in writing by the ADHS. This may include, but is not limited to, costs for services such as accounting, payroll, data processing, purchasing, personnel, and building use which may have been incurred by the Grantee.

25.16. Grantee will comply with the audit requirements of *OMB* Office of Management and Budget's (OMB) Uniform Administrative Requirements, Cost Principles and Audit Requirement for Federal Awards and provide the ADHS with the Single Audit Report and any findings within ninety (90) days of receipt of such finding(s). If the report contains no findings, the Grantee must provide notification that the audit was completed. All completed Single Audits should be uploaded in the format specified to the Federal Audit Clearinghouse no later than nine (9) months after the entities fiscal year-end at the attached **Link**: https://harvester.census.gov/facweb/default.aspx/.

25.17. Grantee understands and agrees that misuse of award funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under an award, and civil and/or criminal penalties.

25.18. Grantee agrees not to do business with any individual, agency, company or corporation listed in the Excluded Parties Listing Service.

25.18.1. **Link***: System for Award Management* https://sam.gov/content/home.

25.19. Grantee agrees to ensure that, no later than the due date of the Grantee's first financial report after the award is made, Grantee and any subgrantees have a valid UEI profile and active registration with the System for Award Management (SAM) database.

25.20. GRANTEE certifies that it presently has no financial interest and shall not acquire any financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this Contract.

25.21. Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees) Grantee must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

25.22. GRANTEE certifies to comply with the Drug-Free Workplace Act of 1988, and implemented in 28 CFR Part 83, Subpart F, for grantees, as defined in 28 CFR, Part 83 Sections 83.620 and 83.650.

26. Comments Welcome

The ADHS Procurement Office periodically reviews the Uniform Terms and Conditions and welcomes any comments you may have. Please submit your comments to: ADHS Procurement Administrator, Arizona Department of Health Services, 150 North 18th Avenue, Suite 530, Phoenix, Arizona 85007.

1. Background

1.1. The vision of the Arizona Department of Health Services (ADHS) is "Health and Wellness for all Arizonans." In pursuit of this vision, the department embarked on a journey in 2013 to complete a State Health Assessment (SHA) in collaboration with local health departments to assess the needs and capacity of public health in Arizona. In response to this assessment, with the support of stakeholders, the Arizona Health Improvement Plan (AzHIP) was developed, laying the foundation for The Healthy People Healthy Communities Intergovernmental Agreement (HPHC IGA). ADHS remains committed to maintaining this legacy of improvement and partnership by conducting regular SHAs and corresponding AzHIPs to help inform public health efforts across the state.

1.2. The goals and strategies in this IGA reflect the collaborative approach that engages local, state, and national partners to improve the health and well-being of Arizonans. These evidence-based preventative health strategies are designed to be implemented across the public health framework through health policy, system, and environmental change initiatives, health promotion and education for individuals and communities, and enhancing public health infrastructures. This IGA is a coordinated effort across the Division of Public Health Prevention, including programs and funding from the Bureau of Assessment and Evaluation (BAE), the Bureau of Nutrition and Physical Activity (BNPA), the Bureau of Women's & Children's Health (BWCH), and the Bureau of Chronic Disease and Health Promotion (BCDHP) to help create a comprehensive approach to public health.

2. Objective

The objective of this IGA is to leverage multiple public health funding sources to support implementation of health priorities identified in the AzHIP and the County Health Improvement Plans (CHIP). This IGA is intended to provide flexibility to the County Health Departments to best meet the needs of their local communities through high impact strategies that realize the agreed upon outcomes. The IGA provides a pathway to improved coordination of multiple prevention and review programs, while streamlining the administrative functions for the programs that were previously administered separately.

3. Scope of Service

3.1. The purpose of this IGA is to strengthen partnerships between ADHS and Local Health Departments by providing funding for prevention programs to address health priorities in relation to the funding source. This IGA offers a variety of evidence-based strategies designed to impact policy, system, and environmental change at the community, organizational, individual, and policy levels in order to promote county-wide health changes so that public health impact will be maximized. Contingent upon available funding, Counties are expected to implement strategies at multiple levels, in accordance with local community needs, and should emphasize complementary policy, environmental, programmatic, and Infrastructure activities that integrate and build on each other to optimize the health improvements of the community. Counties must select from a menu of evidence-based strategies, found in the HPHC Program Manual that influence individual behaviors, policy, organizational practices, systems, and environments through the following specific program areas:

3.1.1. Child Fatality Review: Per A.R.S. § 36-3504, funds are to be used to help train and support local child fatality review teams.

3.1.2. Health in Arizona Policy Initiative (HAPI): Per A.R.S. § 5-572 and A.R.S. § 36-772, funds are to be used to address the four leading causes of chronic disease deaths, as reported by the Centers for Disease Control and Prevention (Heart Disease, Cancer, Chronic Lower Respiratory Disease, and Alzheimer’s Disease) and supporting WIC participants and their families.

3.1.3. Suicide Mortality Review: Per A.R.S. § 36-199, A.R.S. § 36-199.01 and A.R.S. § 36-3504, funds are to be used to help train and support local review teams.

3.1.4. Teen Pregnancy Prevention: Per A.R.S. § 5-572 funds are to be used for the Teen Pregnancy Prevention Programs established in Laws 1995, chapter 190, section 2 and 3*.

3.1.5. Youth Councils.

3.1.6. Youth Mental Health First Aid.

3.1.7. Tobacco: Per A.R.S. § 36-772 Prop 200 funds are required to be spent on programs for the prevention and reduction of tobacco use.

3.1.8. Toxicology Review: One time federal funding to conduct toxicology testing on possible, probably, or likely suicides.

4. Special Project: Toxicology Review

4.1. Project Narrative:

4.1.1. The Pinal County Health Department shall provide funding to their respective Offices of Medical Examiner (OMEs) to conduct additional toxicology testing on all deaths classified as possible, probable, or likely suicides. The purpose of this initiative is to assess the utility of expanded toxicology testing in confirming or refuting suicide determinations. This effort will contribute to a more comprehensive understanding of the role of toxicology in suicide classification and inform future best practices.

4.2. Summary of desired outcomes:

4.2.1. OMEs to conduct toxicology testing on all deaths categorized as possible, probable, or likely suicides.

4.2.2. Compile and analyze toxicology results in aggregate, ensuring no personally identifiable information is included in reporting.

4.2.3. Assess the impact of expanded toxicology testing on confirming or refuting suicide classifications.

4.3. The County shall:

4.3.1. Receive and administer funding in the amount of $8,000.00, minus any administrative fees and costs associated with fund distribution.

4.3.2. Distribute the remaining funds to the Pinal County Office of the Medical Examiner for the purposes of conducting additional toxicology testing (via existing laboratory contracts) as outlined in the Scope of Work.

4.3.3. Ensure that all toxicology testing results are reported in an aggregated format, in compliance with privacy regulations.

4.4. Deliverables:

4.4.1. The Offices of Medical Examiner for Pinal County shall provide quarterly reports containing the following data:

4.4.1.1. The total number of toxicology tests conducted on possible, probable, or likely suicide death cases.

4.4.1.2. A breakdown of tests performed by classification: possible, probably, or likely suicides.

4.4.1.3. An assessment of whether toxicology testing contributed to confirming or refuting the classification of a death as a suicide.

4.4.1.4. A final summary report at the conclusion of the funding period detailing key findings, challenges, and recommendations for future toxicology testing in suicide mortality reviews.

4.4.1.5. All data shall be reported in an aggregated format to ensure confidentiality and compliance with privacy regulations.

5. Requirements

The County shall:

5.1. Comply with all program requirements as outlined in the HPHC IGA Program Manual.

5.2. Comply with the State of Arizona Accounting Manual (SAAM).

1. Definition of Terms As used in this Contract, the terms listed below are defined as follows:

1.1. “AI” means the science and engineering of making machines capable of performing tasks that are typically associated with human intelligence, such as learning and problem-solving, and includes without limitation: AI systems, classic AI, external AI, generative AI, and large language model (LLM) AI.

1.2. “Attachment” means any item in the Contract which requires the Contractor to submit as part of the Offer.

1.3. “Contract” means the combination of the Contract documents, including the Terms and Conditions, and the Specifications and Statement or Scope of Work; and any Contract Amendments.

1.4. "Contract Amendment" means a written document signed by the Procurement Officer that is issued for the purpose of making changes in the Contract.

1.5. “Contractor” means any person who has a Contract with the State.

1.6. “Data” means recorded information, regardless of form or the media on which it may be recorded. The term may include technical data and computer software. The term does not include information incidental to contract administration, such as financial, administrative, cost or pricing, or management information.

1.7. “Days” means calendar days unless otherwise specified.

1.8. “Exhibit” means any item labeled as an Exhibit in the Contract generally containing maps, schematics, examples of reports, or other documents that will be used to perform the requirements of the Scope of Work after contract award.

1.9. “Gratuity” means a payment, loan, subscription, advance, deposit of money, services, or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value is received.

1.10. “Materials” means all property, including equipment, supplies, printing, insurance and leases of property but does not include land, a permanent interest in land or real property or leasing space.

1.11. “Procurement Officer” means the person, or his or her designee, duly authorized by the State to enter into and administer Contracts and make written determinations with respect to the Contract.

1.12. “Services” means the furnishing of labor, time or effort by a Contractor or Subcontractor which does not involve the delivery of a specific end product other than required reports and performance, but does not include employment agreements or collective bargaining agreements.

1.13. “State” means any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona that executes the Contract.

1.14. “State Fiscal Year” means the period beginning with July 1 and ending June 30.

1.15. “Subcontract” means any Contract, express or implied, between the Contractor and another party or between a Subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any Materials or any Services required for the performance of the Contract.

1.16. “Subcontractor” means a person who contracts to perform work or render Services to a Contractor or to another Subcontractor as a part of a Contract with the State.

2. Contract Type

2.1. This Contract shall be:

[X] Cost Reimbursement

3. Funding Type

3.1. This Contract shall be funded utilizing:

[X] Federal Funds

4. Contract Interpretation

4.1. Arizona Law. The Arizona law applies to this Contract including, where applicable, the Uniform Commercial Code as adopted by the State of Arizona and the Arizona Procurement Code, Arizona Revised Statutes (A.R.S.) Title 41, Chapter 23, and its implementing rules, Arizona Administrative Code (A.A.C.) Title 2, Chapter 7.

4.2. Implied Contract Terms. Each provision of law and any terms required by law to be in this Contract are a part of this Contract as if fully stated in it.

4.3. Contract Order of Precedence. In the event of a conflict in the provisions of the Contract, as accepted by the State and as they may be amended, the following shall prevail in the order set forth below:

4.3.1. Terms and Conditions.

4.3.2. Statement or Scope of Work.

4.3.3. Specifications.

4.3.4. Attachments.

4.3.5. Exhibits.

4.3.6. Any other documents referenced or included in the Contract including, but not limited to, any documents that do not fall into one (1) of the above categories.

4.4. Relationship of Parties. The Contractor under this Contract is an independent Contractor. Neither party to this Contract shall be deemed to be the employee or agent of the other party to the Contract.

4.5. Severability. The provisions of this Contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the Contract.

4.6. No Parol Evidence. This Contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any terms used in this document and no other understanding either oral or in writing shall be binding.

4.7. No Waiver. Either party's failure to insist on strict performance of any term or condition of the Contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing in the nonconforming performance knows of the nature of the performance and fails to object to it.

5. Contract Administration and Operation

5.1. Term. As indicated on the signature page of the Contract, the Contract shall be effective as of the Begin Date and shall remain effective until the Termination Date.

5.2. Contract Renewal. This Contract shall not bind, nor purport to bind, the State for any contractual commitment in excess of the original Contract period. The term of the Contract shall not exceed five (5) years. However, if the original Contract period is for less than five (5) years, the State shall have the right, at its sole option, to renew the Contract, so long as the original Contract period together with the renewal periods does not exceed five (5) years. If the State exercises such rights, all terms, conditions and provisions of the original Contract shall remain the same and apply during the renewal period with the exception of price and Scope of Work, which may be renegotiated.

5.3. New Budget Term. If a budget term has been completed in a multi-term Contract, the parties may agree to change the amount and type of funding to accommodate new circumstances in the next budget term. Any increase or decrease in funding at the time of the new budget term shall coincide with a change in the Scope of Work or change in cost of services as approved by the Arizona Department of Health Services.

5.4. Records. Under A.R.S. § 35-214 and § 35-215, the Contractor shall retain and shall contractually require each Subcontractor to retain any and all Data and other “records” relating to the acquisition and performance of the Contract for a period of five (5) years after the completion of the Contract. All records shall be subject to inspection and audit by the State at reasonable times. Upon request, the Contractor shall produce a legible copy of any or all such records.

5.5. Non-Discrimination. The Contractor shall comply with State Executive Order Nos. 2023-09, 2023-01, 2009-09, and any and all other applicable Federal and State laws, rules and regulations, including the Americans with Disabilities Act. Contractor shall include these provisions in contracts with Subcontractors when required by Federal or State law.

5.6. Audit. Pursuant to A.R.S. § 35-214, at any time during the term of this Contract and five (5) years thereafter, the Contractor’s or any Subcontractor’s books and records shall be subject to audit by the State and, where applicable, the Federal Government, to the extent that the books and records relate to the performance of the Contract or Subcontract.

5.7. Financial Management. For all contracts, the practices, procedures, and standards specified in and required by the Accounting and Auditing Procedures Manual for the ADHS funded programs shall be used by the Contractor in the management of Contract funds and by the State when performing a Contract audit. Funds collected by the Contractor in the form of fees, donations and/or charges for the delivery of these Contract services shall be accounted for in a separate fund.

5.7.1. Federal Funding. Counties receiving federal funds under this Contract shall comply with the certified finance and compliance audit provision of the Office of Management and Budget (OMB) Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (2 CFR 200) if applicable. The federal financial assistance information shall be stated in a Change Order or Purchase Order.

5.7.2. State Funding. Counties receiving state funds under this Contract shall comply with the certified compliance provisions of A.R.S. § 35-181.03.

5.8. Facilities Inspection and Materials Testing. The Contractor agrees to permit access to its facilities, Subcontractor facilities, and the Contractor’s processes or services, at reasonable times for inspection of the facilities or Materials covered under this Contract as required under A.R.S. § 41-2547. The State shall also have the right to test, at its own cost, the Materials to be supplied under this Contract. Neither inspection of the Contractor’s facilities nor Materials testing shall constitute final acceptance of the Materials or Services. If the State determines non-compliance of the Materials, the Contractor shall be responsible for the payment of all costs incurred by the State for testing and inspection.

5.9. Notices. Notices to the Contractor required by this Contract shall be made by the State to the person indicated on the Offer and Acceptance form submitted by the Contractor unless otherwise stated in the Contract. Notices to the State required by the Contract shall be made by the Contractor stated in the Contract, or listed on the State's eProcurement system. An authorized Procurement Officer and an authorized Contractor representative may change their respective person to whom notice shall be given by written notice to the other and an amendment to the Contract shall not be necessary.

5.10. Advertising, Publishing and Promotion of Contract. The Contractor shall not use, advertise or promote information for commercial benefit concerning this Contract without the prior written approval of the ADHS. ADHS shall approve brochures, posters, public service announcements, paid media, videos, sponsorships, and other marketing materials paid with funds from this Contract prior to the development and use; including use of ADHS Logo.

5.11. Continuous Improvement. Contractor shall recommend continuous improvements on an on-going basis in relation to any Materials and Services offered under the Contract, with a view to reducing State costs and improving the quality and efficiency of the provision of Materials or Services. State may require Contractor to engage in continuous improvements throughout the term of the Contract.

5.12. Other Counties. State may undertake on its own or award other contracts to the same or other suppliers for additional or related work. In such cases, the Contractor shall cooperate fully with State employees and such other suppliers and carefully coordinate, fit, connect, accommodate, adjust, or sequence its work to the related work by others. Where the Contract requires handing-off Contractor's work to others, Contractor shall cooperate as State instructs regarding the necessary transfer of its work product, Materials, Services, or records to State or the other suppliers. Contractor shall not commit or permit any act that interferes with the State's or other suppliers' performance of their work, provided that, State shall enforce the foregoing section equitably among all its suppliers so as not impose an unreasonable burden on any of them.

5.13. Ownership of Intellectual Property:

5.13.1. Rights In Work Product. All intellectual property originated or prepared by Contractor pursuant to the Contract, including but not limited to, inventions, discoveries, intellectual copyrights, trademarks, trade names, trade secrets, technical communications, records reports, computer programs and other documentation or improvements thereto, including Contractor's administrative communications and records relating to the Contract, are considered work product and Contractor's property, provided that, State has Government Purpose Rights to that work product as and when it was delivered to State.

5.13.2. "Government Purpose Rights" are:

5.13.2.1. The unlimited, perpetual, irrevocable, royalty free, non-exclusive, worldwide right to use, modify, reproduce, release, perform, display, sublicense, disclose and create derivatives from that work product without restriction for any activity in which State is a party.

5.13.2.2. The right to release or disclose that work product to third parties for any State government purpose.

5.13.2.3. The right to authorize those to whom it rightfully releases or discloses that work product to use, modify, release, create derivative works from the work product for any State government purpose; such recipients being understood to include the federal government, the governments of other states, and various local governments.

5.13.3. "Government Purpose Rights" do not include any right to use, modify, reproduce, perform, release, display, create derivative works from or disclose that work product for any commercial purpose, or to authorize others to do so.

5.13.4. Joint Developments. The Contractor and State may each use equally any ideas, concepts, know-how, or techniques developed jointly during the course of the Contract, and may do so at their respective discretion, without obligation of notice or accounting to the other party.

5.13.5. Pre-existing Material. All pre-existing software and other Materials developed or otherwise obtained by or for Contractor or its affiliates independently of the Contract or applicable Purchase Orders are not part of the work product to which rights are granted State under subparagraph 5.13.1 above, and will remain the exclusive property of Contractor, provided that:

5.13.5.1. any derivative works of such pre-existing Materials or elements thereof that are created pursuant to the Contract are part of that work product.

5.13.5.2. any elements of derivative work of such pre-existing Materials that was not created pursuant to the Contract are not part of that work product.

5.13.5.3. except as expressly stated otherwise, nothing in the Contract is to be construed to interfere or diminish Contractor's or its affiliates' ownership of such pre-existing Materials.

5.13.6. Developments Outside of Contract. Unless expressly stated otherwise in the Contract, this Section does not preclude Contractor from developing competing Materials outside the Contract, irrespective of any similarity to Materials delivered or to be delivered to State hereunder.

5.14. Property of the State. If there are any materials that are not covered by Section 5.13 above created under this Contract, including but not limited to, reports and other deliverables, these materials are the sole property of the State. The Contractor is not entitled to a patent or copyright on those materials and may not transfer the patent or copyright to anyone else. The Contractor shall not use or release these materials without the prior written consent of the State.

5.15. Equipment. Except as provided above or otherwise agreed to by the parties, the title to any and all equipment acquired through the expenditure of funds received from the State shall remain the property of the State by and through the ADHS and, as such, shall remain under the sole direction, management and control of the ADHS. When this Grant is terminated, the disposition of all such property shall be determined by the ADHS. For Fixed Price contracts, when the Grantee provides the services/materials required by the Grant, any and all equipment purchased by the Grantee remains the property of the Grantee. All purchases of equipment need to be reported to the ADHS Office of Inventory Control.

5.16. Federal Immigration and Nationality Act. Contractor shall comply with all federal, state and local immigration laws and regulations relating to the immigration status of their employees during the term of the Contract. Further, Contractor shall flow down this requirement to all Subcontractors utilized during the term of the Contract. The State shall retain the right to perform random audits of Contractor and Subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor or any Subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default and suspension or debarment of the Contractor.

5.17. E-Verify Requirements. In accordance with A.R.S. § 41-4401, Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. § 23- 214, Subsection A.

5.18. Offshore Performance of Work involving Data is Prohibited. Any Services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to Data shall be performed within the defined territories of the United States.

5.19. Protection of State Cybersecurity Interests. The Contractor shall comply with State Executive Order No. 2023-10, which includes, but is not limited to, a prohibition against (a) downloading and installing of TikTok

on all State-owned and State-leased information technology; and (b) accessing TikTok through State information technology.

5.20. Artificial Intelligence (AI) Prohibitions. Consistent with State policy, if Contractor supplies AI Services or Materials (either directly or through Subcontractors or the sale of licenses), such as research, development, training, implementation, deployment, maintenance, provision, or sale of AI systems, then Contractor is prohibited from using State of Arizona Materials or Data in generative AI queries or for building or training proprietary generative AI programs unless explicitly approved in advance by the State in writing.

5.20.1. Contractor shall also disclose the utilization of generative AI before producing works owned by the State and/or integrating generative AI into Materials or Services used by the State.

5.20.2. Contractor shall perform due diligence to ensure proper licensure of model training data for all generative AI services throughout the life of the Contract.

5.21. Certifications Required by State Law:

5.21.1. If Contractor is a Company as defined in A.R.S. § 35-393, Contractor certifies that it is not currently engaged in a boycott of Israel as described in A.R.S. §§ 35-393 *et seq*. and will refrain from any such boycott for the duration of this Contract.

5.21.2. Contractor further certifies that it shall comply with A.R.S. § 35-394, regarding use of the forced labor of ethnic Uyghurs, as applicable.

6. Costs and Payments

6.1. Payments. Payments shall comply with the requirements of A.R.S. Titles 35 and 41, Net 30 days. Upon receipt and acceptance of Materials or Services, the Contractor shall submit a complete and accurate invoice for payment from the State within thirty (30) days.

6.2. Recoupment of Contract Payments.

6.2.1. Unearned Advanced Funds. Any unearned State funds that have been advanced to the Contractor and remain in its possession at the end of each budget term, or at the time of termination of the Contract, shall be refunded to the ADHS within forty-five (45) days of the end of a budget term or of the time of termination.

6.2.2. Contracted Services. In a fixed price contract, if the number of services provided is less than the number of services for which the Contractor received compensation, funds to be returned to the ADHS shall be determined by the Contract price. Where the price is determined by cost per unit of service or material, the funds to be returned shall be determined by multiplying the unit of service cost by the number of services the Contractor did not provide during the Contract term. Where the price for a deliverable is fixed, but the deliverable has not been completed, the Contractor shall be paid a pro rata portion of the completed deliverable. In a cost reimbursement contract, the ADHS shall pay for any costs that the Contractor can document as having been paid by the Contractor and approved by ADHS. In addition, the Contractor will be paid its reasonable actual costs for work in progress as determined by Generally Accepted Accounting Procedures up to the date of contract termination.

6.2.3. Refunds. Within forty-five (45) days after the end of each budget term or of the time of termination of the Contract, the Contractor shall refund the greater of: i) the amount refundable in accordance with paragraph 6.2.1, Unearned Advanced Funds; or ii) the amount refundable in accordance with paragraph 6.2.2, Contracted Services.

6.2.4. Unacceptable Expenditures. The Contractor agrees to reimburse the ADHS for all Contract funds expended, which are determined by the ADHS not to have been disbursed by the Contractor in

accordance with the terms of this Contract. The Contractor shall reimburse ADHS within 45 days of the determination of unacceptability.

6.3. Delivery. Unless stated otherwise in the Contract, per A.R.S. § 47-2319, all prices shall be F.O.B. ("free on board") Destination and shall include all freight delivery and unloading at the destination.

6.4. Firm, Fixed Price. Unless stated otherwise in the Special Terms and Conditions of the Contract, all prices shall be firm-fixed-prices.

6.5. Applicable Taxes:

6.5.1. Payment of Taxes. The Contractor shall be responsible for paying all applicable taxes.

6.5.2. State and Local Transaction Privilege Taxes. The State of Arizona is subject to all applicable state and local transaction privilege taxes. Transaction privilege taxes apply to the sale and are the responsibility of the seller to remit. Failure to collect such taxes from the buyer does not relieve the seller from its obligation to remit taxes.

6.5.3. Tax Indemnification. Contractor and all Subcontractors shall pay all Federal, state and local taxes applicable to its operation and any persons employed by the Contractor. Contractor shall, and require all Subcontractors to hold the State harmless from any responsibility for taxes, damages and interest, if applicable, contributions required under Federal, and/or state and local laws and regulations and any other costs including transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation.

6.5.4. IRS W9 Form. In order to receive payment the Contractor shall have a current I.R.S. W9 Form on file with the State of Arizona, unless not required by law.

6.6. Availability of Funds for the Next State Fiscal Year. Funds may not presently be available for performance under this Contract beyond the current State Fiscal Year. No legal liability on the part of the State for any payment may arise under this Contract beyond the current State Fiscal Year until funds are made available for performance of this Contract.

6.7. Availability of Funds for the Current State Fiscal Year. Should the State Legislature enter back into session and reduce the appropriations or for any reason and these Materials or Services are not funded, the State may take any of the following actions:

6.7.1. Accept a decrease in price offered by the Contractor.

6.7.2. Cancel the Contract.

6.7.3. Cancel the Contract and re-solicit the requirements.

7. Contract Changes

7.1. Amendments. This Contract is issued under the authority of the Procurement Officer who signed this Contract. The Contract may be modified only through a Contract Amendment within the scope of the Contract. Changes to the Contract, including the addition of Services or Materials, the revision of payment terms, or the substitution of Services or Materials, directed by a person who is not specifically authorized by the Procurement Officer in writing or made unilaterally by the Contractor are violations of the Contract and of applicable law. Such changes, including unauthorized written Contract Amendments shall be void and without effect, and the Contractor shall not be entitled to any claim under this Contract based on those changes.

7.2. Subcontracts. The Contractor shall not enter into any Subcontract under this Contract for the performance of this Contract without the advance written approval of the Procurement Officer as described in Arizona

State Procurement Office Standard Procedure 002. The Contractor shall clearly list any proposed Subcontractors and the Subcontractor's proposed responsibilities. The Subcontract shall incorporate by reference the terms and conditions of this Contract.

7.3. Assignment and Delegation. The Contractor shall not assign any right nor delegate any duty under this Contract without the prior written approval of the Procurement Officer. The State shall not unreasonably withhold approval.

8. Risk and Liability

8.1. Risk of Loss. The Contractor shall bear all loss of conforming Materials covered under this Contract until received by authorized personnel at the location designated in the purchase order or Contract. Mere receipt does not constitute final acceptance. The risk of loss for nonconforming Materials shall remain with the Contractor regardless of receipt.

8.2. Indemnification:

8.2.1. Public Agency Language Only. Each party (as 'indemnitor') agrees to indemnify, defend, and hold harmless the other party (as 'indemnitee') from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

8.2.2. Contractor/Vendor Indemnification (Not Public Agency).To the fullest extent permitted by law, Contractor shall defend, indemnify, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of, or recovered under, the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any federal, state, or local law, statute, ordinance, rule, regulation, or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense, and judgment costs where this indemnification is applicable. In consideration of the award of this Contract, the Contractor agrees to waive all rights of subrogation Insurance and Indemnification Guidelines for State of Arizona Contracts Professional Service Contracts against the State of Arizona, its officers, officials, agents, and employees for losses arising from the work performed by the Contractor for the State of Arizona. This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission or university of the State of Arizona.

8.3. Indemnification - Patent and Copyright. The Contractor shall indemnify and hold harmless the State against any liability, including costs and expenses, for infringement of any patent, trademark or copyright arising out of Contract performance or use by the State of Materials furnished or work performed under this Contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph. If the Contractor is insured pursuant to A.R.S. § 41-621 and § 35-154, this paragraph shall not apply.

8.4. Force Majeure:

8.4.1. Except for payment of sums due, neither the Contractor nor State shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, lockouts, injunctions-intervention-acts, failures or refusals to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.

8.4.2. Force Majeure shall not include the following occurrences:

8.4.2.1. Late delivery of equipment, Materials, or Services caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market.

8.4.2.2. Late performance by a Subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition.

8.4.2.3. Inability of either the Contractor or any Subcontractor to acquire or maintain any required insurance, bonds, licenses or permits.

8.4.3. If either the Contractor or State is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practicable and no later than the following working day, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

8.4.4. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

8.5. Third Party Antitrust Violations. The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern Materials or Services supplied by third parties to the Contractor, toward fulfillment of this Contract.

9. Warranties

9.1. Liens. The Contractor warrants that the Materials supplied under this Contract are free of liens and shall remain free of liens.

9.2. Quality. Unless otherwise modified elsewhere in the Terms and Conditions, the Contractor warrants that, for one (1) year after acceptance by the State of the Materials, they shall be:

9.2.1. Of a quality to pass without objection in the trade under the Contract description.

9.2.2. Fit for the intended purposes for which the Materials are used.

9.2.3. Within the variations permitted by the Contract and are of even kind, quantity, and quality within each unit and among all units.

9.2.4. Adequately contained, packaged, and marked as the Contract may require.

9.2.5. Conform to the written promises or affirmations of fact made by the Contractor.

9.3. Conformity to Requirements:

9.3.1. Contractor warrants that, unless expressly provided otherwise elsewhere in the Contract, the Materials and Services will for one (1) year after acceptance and in each instance:

9.3.1.1. Conform to the requirements of the Contract, which by way of reminder include without limitation all descriptions, specifications, and drawings identified in the Scope of Work and any and all Contractor affirmations included as part of the Contract.

9.3.1.2. Be free from defects of material and workmanship.

9.3.1.3. Conform to or perform in a manner consistent with current industry standards.

9.3.1.4. Be fit for the intended purpose or use described in the Contract.

9.3.2. Mere delivery or performance does not substitute for express acceptance by the State. Where inspection, testing, or other acceptance assessment of Materials or Services cannot be done until after installation or invoicing, the forgoing warranty will not begin until State's explicit acceptance of the Materials or Services.

9.4. Inspection/Testing. The warranties set forth in this Section 9 [Warranties] are not affected by inspection or testing of or payment for the Materials or Services by the State.

9.5. Contractor Personnel. Contractor warrants that its personnel will perform their duties under the Contract in a professional manner, applying the requisite skills and knowledge, consistent with industry standards, and in accordance with the requirements of the Contract. Contractor further warrants that its key personnel will maintain any and all certifications relevant to their work, and Contractor shall provide individual evidence of certification to State's authorized representatives upon request.

9.6. Compliance With Applicable Laws. The Materials and Services supplied under this Contract shall comply with all applicable federal, state, and local laws and policies (including, but not limited to, information technology policies, standards, and procedures available on the State's website and/or the website of any department, commission, council, board, bureau, committee, institution, agency, government corporation or other establishment or official of the executive branch or corporation commission of the State of Arizona). Federal requirements may be incorporated into this Contract, if required, pursuant to A.R.S. § 41-2637. Contractor shall maintain any and all applicable license and permit requirements. This requirement includes, but is not limited to, any and all Arizona state statutes that impact state contracts, regardless of whether those statutory references have been removed during the course of contract negotiations; this is notice to Counties that the State does not have the authority to modify Arizona state law by contract.

9.7. Intellectual Property. Contractor warrants that the Materials and Services do not and will not infringe or violate any patent, trademark, copyright, trade secret, or other intellectual property rights or laws, except only to the extent the Specifications do not permit use of any other product and Contractor is not and cannot reasonably be expected to be aware of the infringement or violation.

9.8. Licenses and Permits. Contractor warrants that it will maintain all licenses required to fully perform its duties under the Contract and all required permits valid and in force.

9.9. Operational Continuity. Contractor warrants that it will perform without relief notwithstanding being sold or acquired; no such event will operate to mitigate or alter any of Contractor's duties hereunder absent a consented delegation under paragraph 7.3. [Assignment and Delegation] that expressly recognizes the

event.

9.10. Performance in Public Health Emergency. Contractor warrants that it will:

9.10.1. Have in effect, promptly after commencement, a plan for continuing performance in the event of a declared public health emergency that addresses, at a minimum:

9.10.1.1. Identification of response personnel by name.

9.10.1.2. Key succession and performance responses in the event of sudden and significant decrease in workforce.

9.10.1.3. Alternative avenues to keep sufficient product on hand or in the supply chain.

9.10.2. Provide a copy of its current plan to State within three (3) business days after State's written request. If Contractor claims relief under paragraph 8.4 [Force Majeure] for an occurrence of force majeure that is a declared public health emergency, then that relief will be conditioned on Contractor having first implemented its plan and exhausted all reasonable opportunity for that plan implementation to overcome the effects of that occurrence, or mitigate those effects to the extent that overcoming entirely is not practicable.

9.10.3. A request from the State related to this paragraph 9.10.2 does not necessarily indicate that there has been an occurrence of force majeure, and the Contractor will not be entitled to any additional compensation or extension of time by virtue of having to implement a plan.

9.10.4. Failure to have or implement an appropriate plan will be a material breach of contract.

9.11. Lobbying:

9.11.1. Prohibition. Contractor warrants that it will not engage in lobbying activities, as defined in 40 Code of Federal Regulations (CFR) part 34 and A.R.S. § 41-1231, *et seq*., using monies awarded under the Contract, provided that, the foregoing does not intend to constrain Contractor's use of its own monies or property, including without limitation any net proceeds duly realized under the Contract or any value thereafter derived from those proceeds; and upon award of the Contract, it will disclose all lobbying activities to State to the extent they are an actual or potential conflict of interest or where such activities could create an appearance of impropriety. Contractor shall implement and maintain adequate controls to assure compliance with above. Contractor shall obtain an equivalent warranty from all Subcontractors and shall include an equivalent no-lobbying provision in all Subcontracts.

9.11.2. Exception. This paragraph 9.11.1 does not apply to the extent that the Services are defined in the Contract as being lobbying for State's benefit or on State's behalf.

9.12. Covered Telecommunications or Services. Contractor warrants that the Materials and Services rendered under this Agreement will not require Contractor to use for the State, or provide to the State to use, "covered telecommunications equipment or Services" as a substantial or essential component of any system, or as critical technology as part of any system, within the meaning of Federal Acquisition Regulation ("FAR") Section 52.204-25.

9.13. Debarment, Suspension, U.S. Government Restricted Party Lists. Contractor warrants that it is not, and its Subcontractors are not, on the U.S. government's Denied Parties List, the Unverified List, the Entities List, the Specially Designated Nationals and Blocked Parties List, and neither the Contractor nor any Subcontractors are presently debarred, suspended, proposed for debarment or otherwise declared ineligible for award of federal contracts or participation in federal assistance programs or activities.

9.14. False Statements. Contractor represents and warrants that all statements and information Contractor prepared and submitted in response to the Solicitation or as part of the Contract documents are current, complete, true, and accurate. If the Procurement Officer determines that Contractor submitted an Offer or Bid with a false statement, or makes material misrepresentations during the performance of the Contract, the Procurement Officer may determine that Contractor has materially breached the Contract and may void the submitted Offer or Bid and any resulting Contract.

9.15. Survival of Rights and Obligations after Contract Expiration or Termination:

9.15.1. Survival of Warranty. All representations and warranties made by Contractor under the Contract will survive the expiration or earlier termination of the Contract,

9.15.2. Contractor's Representations and Warranties. All representations and warranties made by the Contractor under this Contract shall survive the expiration or termination hereof. In addition, the parties hereto acknowledge that pursuant to A.R.S. § 12-510, except as provided in A.R.S. § 12-529, the State is not subject to or barred by any limitations of actions prescribed in A.R.S., Title 12, Chapter 5.

9.15.3. Purchase Orders. The Contractor shall, in accordance with all terms and conditions of the Contract, fully perform and shall be obligated to comply with all purchase orders received by the Contractor prior to the expiration or termination hereof, unless otherwise directed in writing by the Procurement Officer, including, without limitation, all purchase orders received prior to but not fully performed and satisfied at the expiration or termination of this Contract.

10. State's Contractual Remedies

10.1. Right to Assurance. If the State in good faith has reason to believe that the Contractor does not intend to, or is unable to perform or continue performing under this Contract, the Procurement Officer may demand in writing that the Contractor give a written assurance of intent to perform. Failure by the Contractor to provide written assurance within the number of Days specified in the demand may, at the State's option, be the basis for terminating the Contract under the Uniform Terms and Conditions or other rights and remedies available by law or provided by the Contract.

10.2. Stop Work Order:

10.2.1. The State may, at any time, by written order to the Contractor, require the Contractor to stop all or any part of the work called for by this Contract for period(s) of days indicated by the State after the order is delivered to the Contractor. The order shall be specifically identified as a stop work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage.

10.2.2. If a stop work order issued under this clause is canceled or the period of the order or any extension expires, the Contractor shall resume work. The Procurement Officer shall make an equitable adjustment in the delivery schedule or Contract price, or both, and the Contract shall be amended in writing accordingly.

10.3. Non-exclusive Remedies. The rights and the remedies of the State under this Contract are not exclusive;

10.4. Nonconforming Tender. Materials or Services supplied under this Contract shall fully comply with the Contract. The delivery of Materials or Services or a portion of the Materials or Services that do not fully comply constitutes a breach of contract. On delivery of nonconforming Materials or Services, the State may terminate the Contract for default under applicable termination clauses in the Contract, exercise any of its rights and remedies under the Uniform Commercial Code, or pursue any other right or remedy available to it.

10.5. Right of Offset. The State shall be entitled to offset against any sums due the Contractor, any expenses or costs incurred by the State, or damages assessed by the State concerning the Contractor's non-conforming performance or failure to perform the Contract, including expenses, costs and damages described in the Uniform Terms and Conditions.

11. Contract Termination

11.1. Cancellation for Conflict of Interest. Pursuant to A.R.S. § 38-511, the State may cancel this Contract within three (3) years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the Contract on behalf of the State is or becomes at any time while the Contract or an extension of the Contract is in effect an employee of or a consultant to any other party to this Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time. If the Contractor is a political subdivision of the State, it may also cancel this Contract as provided in A.R.S. § 38-511.

11.2. Gratuities. The State may, by written notice, terminate this Contract, in whole or in part, if the State determines that employment or a Gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State with the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including the making of any determination or decision about contract performance. The State, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three (3) times the value of the Gratuity offered by the Contractor.

11.3. Suspension or Debarment. The State may, by written notice to the Contractor, immediately terminate this Contract if the State determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but not limited to, being disapproved as a Subcontractor of any public procurement unit or other governmental body. Submittal of an offer or execution of a contract shall attest that the Contractor is not currently suspended or debarred. If the Contractor becomes suspended or debarred, the Contractor shall immediately notify the State.

11.4. Termination for Convenience. The State reserves the right to terminate the Contract, in whole or in part at any time when in the best interest of the State, without penalty or recourse. Upon receipt of the written notice, the Contractor shall stop all work, as directed in the notice, notify all Subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, Data and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State upon demand. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed, and Materials or Services accepted before the effective date of the termination. The cost principles and procedures provided in A.R.S. § 41-2543 and A.A.C. Title 2, Chapter 7, Article 7, shall apply.

11.5. Termination for Default:

11.5.1. In addition to the rights reserved in the Contract, the State may terminate the Contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the Contract, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Contract. The Procurement Officer shall provide written notice of the termination and the reasons for it to the Contractor.

11.5.2. Upon termination under this paragraph, all goods, Materials, documents, Data, and reports prepared by the Contractor under the Contract shall become the property of and be delivered to the State on demand.

11.5.3. The State may, upon termination of this Contract, procure, on terms and in the manner that it deems appropriate, Materials or Services to replace those under this Contract. The Contractor shall be liable to the State for any excess costs incurred by the State in procuring Materials or

Services in substitution for those due from the Contractor.

11.6. Continuation of Performance Through Termination. The Contractor shall continue to perform, in accordance with the requirements of the Contract, up to the date of termination, as directed in the termination notice.

12. Contract Claims

All contract claims or controversies under this Contract shall be resolved according to A.R.S. Title 41, Chapter 23, Article 9, and rules adopted thereunder.

13. Arbitration

The parties to this Contract agree to resolve all disputes arising out of or relating to this Contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. § 12-1518, except as may be required by other applicable statutes (A.R.S. Title 41).

14. Communication

14.1. Program Report. When reports are required by the Contract, the Contractor shall provide them in the format approved by ADHS.

14.2. Information and Coordination. The State will provide information to the Contractor pertaining to activities that affect the Contractor's delivery of services, and the Contractor shall be responsible for coordinating their activities with the State's in such a manner as not to conflict or unnecessarily duplicate the State's activities. As the work of the Contractor progresses, advice and information on matters covered by the Contract shall be made available by the Contractor to the State throughout the effective period of the Contract.

15. Client Grievances

If applicable, the Contractor and its Subcontractors shall use a procedure through which clients may present grievances about the operation of the program that result in the denial, suspension or reduction of services provided pursuant to this Contract and which is acceptable to and approved by the State.

16. Sovereign Immunity

Pursuant to A.R.S. § 41-621(O), the obtaining of insurance by the State shall not be a waiver of any sovereign immunity defense in the event of suit.

17. Administrative Changes

The Procurement Officer, or authorized designee, reserves the right to correct any obvious clerical, typographical or grammatical errors, as well as errors in party contact information (collectively, "Administrative Changes"), prior to or after the final execution of a Contract or Contract Amendment. Administrative Changes subject to permissible corrections include: misspellings, grammar errors, incorrect addresses, incorrect Contract Amendment numbers, pagination and citation errors, mistakes in the labeling of the rate as either extended or unit, and calendar date errors that are illogical due to typographical error. The Procurement Office shall subsequently send to the Contractor notice of corrections to administrative errors in a written confirmation letter with a copy of the corrected Administrative Change attached.

18. Health Insurance Portability and Accountability Act of 1996 (HIPAA)

18.1. The Contractor warrants that it is familiar with the requirements of HIPAA, as amended by the Health Information Technology for Economic and Clinical Health Act (HITECH Act) of 2009, and accompanying regulations and will comply with all applicable HIPAA requirements in the course of this Contract.

Contractor warrants that it will cooperate with the Arizona Department of Health Services (ADHS) in the course of performance of the Contract so that both ADHS and Contractor will be in compliance with HIPAA, including cooperation and coordination with the Arizona Department of Administration-Arizona Strategic Enterprise Technology (ADOA-ASET) Office, the ADOA-ASET Arizona State Chief Information Security Officer and HIPAA Coordinator and other compliance officials required by HIPAA and its regulations. Contractor will sign any documents that are reasonably necessary to keep ADHS and Contractor in compliance with HIPAA, including, but not limited to, business associate agreements.

18.2. If requested by the ADHS Procurement Office, Contractor agrees to sign a "Pledge To Protect Confidential Information" and to abide by the statements addressing the creation, use and disclosure of confidential information, including information designated as protected health information and all other confidential or sensitive information as defined in policy. In addition, if requested, Contractor agrees to attend or participate in HIPAA training offered by ADHS or to provide written verification that the Contractor has attended or participated in job related HIPAA training that is: (1) intended to make the Contractor proficient in HIPAA for purposes of performing the services required and (2) presented by a HIPAA Privacy Officer or other person or program knowledgeable and experienced in HIPAA and who has been approved by the ADOA-ASET Arizona State Chief Information Security Officer and HIPAA Coordinator.

19. Fraud, Waste, or Abuse

19.1. ADHS requires all employees to abide by the State's Personnel System Rules, R2-5A-501; Standards of Conduct which includes maintaining high standards of honesty, integrity, and impartiality, free from personal considerations and/or favoritism, and Code of Conduct for individuals engaged in Accounting, Financial and Budgeting Activities which depicts the moral, ethical, legal and professional aspects of personal conduct. ADHS requires the same conduct of its consultants, vendors, Counties, subrecipients, or persons doing business with the agency.

19.2. Any State employee, consultant, vendor, contractor or subrecipient or person doing business with the Agency who receives a report of improper activity must report the information within one (1) business day. Note: Federal Award policy denotes awardees must disclose, in a timely manner, in writing to ADHS all violations of Federal Criminal Law, involving fraud, bribery, or gratuity violations potentially affecting Federal Awards.

19.3. Anyone suspecting Fraud, Waste, or Abuse related to ADHS activities are required to report Fraud, Waste, or abuse through any of the following reporting channels:

19.3.1. ADHS Ethics Action Hotline at (602) 542-2347.

19.3.2. ADHS Ethics Action Email at reportethics@azdhs.gov.

19.3.3. General Accounting Office (GAO) Fraud Reporting Email at reportfraud@azdoa.gov to report Fraud, Waste, or Abuse incidents.

20. Authorization for Provision of Services

Authorization for purchase of services under this Agreement shall be made only upon ADHS issuance of a Purchase Order that is signed by an authorized agent. The Purchase Order will indicate the Agreement number and the dollar amount of the funds authorized. The Contractor shall only be authorized to perform services up to the amount of the Purchase Order. ADHS shall not have any legal obligation to pay for services in excess of the amount indicated on the Purchase Order. No further obligation for payment shall exist on behalf of ADHS unless the Purchase Order is changed or modified with an official ADHS Procurement Change Order, and/or an additional Purchase Order is issued for purchase of services under this Agreement.

21. Technology Replacement

In any event where product is discontinued, no longer available or technically inferior to newly developed product, the Contractor shall provide an equivalent replacement model at no additional cost and shall honor the original contract terms.

Additional Terms and Conditions for Title 2, Subtitle A, Chapter II, Part 200, Subpart C: §200.201 USE OF GRANT AGREEMENTS (INCLUDING FIXED AMOUNT AWARDS), COOPERATIVE AGREEMENTS AND CONTRACT

22. Unique Entity Identifier (UEI) Requirement

Pursuant to 2 CFR 25.100 et seq., no entity (defined as a Governmental organization, which is a State, local government, or Indian tribe; foreign public entity; domestic or foreign nonprofit organization; domestic or foreign for-profit organization; or Federal agency, but only as a sub-recipient under an award or sub-award to a non-Federal entity) may receive a sub-award from ADHS unless the entity provides its Unique Entity Identifier Number to ADHS. The number can be created in SAM.gov. If already registered the UEI has been assigned and can be viewed in SAM.gov.

23. The Federal Funding Accountability and Transparency Act (FFATA or Transparency Act - P.L.109-282, as amended by section 6202(a) of P.L. 110-252), found at https://www.fsrs.gov/

23.1. If applicable, the subrecipient or sub-awardee is required to abide by the Federal Funding Accountability and Transparency Act (FFATA or Transparency Act – P.L. 109-282, as amended by section 6202(a) of P.L. 110-252), found at https://www.fsrs.gov/. The associated Grant Reporting Certification Form and completion instructions will be sent to the subrecipient from ADHS Program(s) responsible for the specific contract. The subrecipient or sub-awardee must return the completed form to ADHS Program(s) by the 15th of the month following that in which the award was received. Failure to complete a required Grant Reporting Certification Form may result in loss of funding.

23.2. The Contractor and Subcontractors are subject to Title VI of the Civil Rights Act of 1964, Section 504 of Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendment of 1972, and offers all persons the opportunity to participate in programs or activities regardless or race, color, national origin, age, sex, or disability. Further, it is agreed that no individual will be turned away from or otherwise denied access to or benefit from any program or activity that is directly associated with a program of the RECIPIENT on the basis of race, color, national origin, age, sex (in educational activities) or disability.

24. Americans With Disabilities Act of 1990

.

24.1. The Contractor shall comply with the Americans With Disabilities Act of 1990 (Public Law 101-336) and the Arizona Disability Act of 1992 (A.R.S § 41-1492 et. seq.), which prohibits discrimination of the basis of physical or mental disabilities in delivering Contract services or in the employment, or advancement in employment of qualified individuals.

24.2. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contracting the Contract Manager for the Contract. Request should be made as early as possible to allow time to arrange the accommodation.

25. Federal Funding (if applicable)

25.1. Funding for these services is contingent upon the availability of federal government funding. No commitment of any kind is made by the State concerning this Grant unless there are monies provided by a federal grant. The Grantee should take this fact into consideration.

25.2. For the purposes of this Grant, a capital expenditure means expenditures to acquire capital assets, as defined in 2 C.F.R. 200.12, or expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life, with a cost of $250 or greater.

25.3. Grantee agrees to maintain property records for equipment purchased with grant funds and perform a physical inventory and reconciliation with property records at least every year. Grantee agrees that funds will not be used for the construction of new facilities.

25.4. Grantee agrees to follow equipment disposition policies as determined by the Federal Awarding Agency at Award Completion or as depicted in the State of Arizona Accounting Manual. Grantee also agrees to follow the directives in ADHS Property and Procedure Policy FIN 111.

25.5. Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must: Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated; Be incorporated into the official records of the non-Federal entity; Reasonably reflect the total activity for which the employee is compensated by the non-Federal entity, not exceeding 100% of compensated activities (for IHE, this per the IHE's definition of IBS); Encompass both federally assisted and all other activities compensated by the non-Federal entity on an integrated basis, but may include the use of subsidiary records as defined in the non-Federal entity's written policy; Comply with the established accounting policies and practices of the non-Federal entity (See paragraph above for treatment of incidental work for IHEs.; and Support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award; a Federal award and non-Federal award; an indirect cost activity and a direct cost activity; two (2) or more indirect activities which are allocated using different allocation bases; or an unallowable activity and a direct or indirect cost activity. Budget estimates (i.e., estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards, but may be used for interim accounting purposes only.

25.6. Grantee understands that financial reports are required as an accounting of expenditures for either reimbursement or ADHS-approved advance payments.

25.7. The final request for reimbursement of grant funds must be received by the ADHS no later than sixty (60) days after the last day of the award period.

25.8. All goods and services must be received or have reasonable expectations thereof and placed in service by Grantee by the expiration of this award.

25.9. Grantee agrees that all encumbered funds must be expended and that goods and services must be paid by GRANTEE within sixty (60) days of the expiration of this award unless funding guidelines permit funds to be used at a future date.

25.10. Grantee agrees to remit all unexpended grant funds to the ADHS within thirty (30) days of written request from the ADHS.

25.11. Grantee agrees to account for interest earned on federal grant funds and shall manage interest income in accordance with the Cash Management Improvement Act of 1990 and as indicated in the State of Arizona Accounting Manual (SAAM) located at the following website. https://gao.az.gov/publications/saam Interest earned in excess of allowable limits must be remitted to the ADHS within thirty (30) days after receipt of a written request from the ADHS.

25.12. Grantee agrees not to use grant funds for food and/or beverage unless explicitly approved in writing by the ADHS.

25.13. Grantee agrees to comply with all applicable laws, regulations, policies and guidance (including specific cost limits, prior approvals and reporting requirements, where applicable) governing the use of grant funds for expenses related to conferences, meetings, trainings, and other events, including the provision of food

and/or beverages at such events, and costs of attendance at such events unless explicitly approved in writing by the ADHS.

25.14. No funds shall be used to supplant federal, state, county or local funds that would otherwise be made available for such purposes. Supplanting means the deliberate reduction of state or local funds because of the existence of any grant funds.

25.15. Grantee agrees that grant funds are not to be expended for any indirect costs that may be incurred by Grantee for administering these funds unless explicitly approved in writing by the ADHS. This may include, but is not limited to, costs for services such as accounting, payroll, data processing, purchasing, personnel, and building use which may have been incurred by the Grantee.

25.16. Grantee will comply with the audit requirements of *OMB* Office of Management and Budget's (OMB) Uniform Administrative Requirements, Cost Principles and Audit Requirement for Federal Awards and provide the ADHS with the Single Audit Report and any findings within ninety (90) days of receipt of such finding(s). If the report contains no findings, the Grantee must provide notification that the audit was completed. All completed Single Audits should be uploaded in the format specified to the Federal Audit Clearinghouse no later than nine (9) months after the entities fiscal year-end at the attached **Link**: https://harvester.census.gov/facweb/default.aspx/.

25.17. Grantee understands and agrees that misuse of award funds may result in a range of penalties, including suspension of current and future funds, suspension or debarment from federal grants, recoupment of monies provided under an award, and civil and/or criminal penalties.

25.18. Grantee agrees not to do business with any individual, agency, company or corporation listed in the Excluded Parties Listing Service.

25.18.1. **Link***: System for Award Management* https://sam.gov/content/home.

25.19. Grantee agrees to ensure that, no later than the due date of the Grantee's first financial report after the award is made, Grantee and any subgrantees have a valid UEI profile and active registration with the System for Award Management (SAM) database.

25.20. GRANTEE certifies that it presently has no financial interest and shall not acquire any financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required under this Agreement.

25.21. Compliance with 41 U.S.C. 4712 (including prohibitions on reprisal; notice to employees) Grantee must comply with, and is subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee as reprisal for the employee's disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

25.22. GRANTEE certifies to comply with the Drug-Free Workplace Act of 1988, and implemented in 28 CFR Part 83, Subpart F, for grantees, as defined in 28 CFR, Part 83 Sections 83.620 and 83.650.

26. Comments Welcome

The ADHS Procurement Office periodically reviews the Uniform Terms and Conditions and welcomes any comments you may have. Please submit your comments to: ADHS Procurement Administrator, Arizona Department of Health Services, 150 North 18th Avenue, Suite 530, Phoenix, Arizona 85007.

1. BACKGROUND

1.1. The vision of the Arizona Department of Health Services (ADHS) is "Health and Wellness for all Arizonans." The ADHS conducts a five (5) year statewide needs assessment, the Arizona State Health Assessment (SHA), to six (6) - examine key health indicators and provide a comprehensive overview of the health of Arizonans. Annual updates to the SHA are also published. ADHS published the Arizona State Health Assessment: 2022 Annual Update, which utilizes an evidence-based public health approach to improve the health and wellness of Arizona residents. Findings from the SHA inform the priorities outlined in the 2021-2025 Arizona Health Improvement Plan (AzHIP) and guide programming within ADHS, including that under the Title V Maternal and Child Health Services Block Grant (hereafter Title V MCH Block Grant) and the Preventive Health and Health Services Block Grant. The AzHIP creates a roadmap to improve the health of Arizonans over the next five (5) years through the development of partnerships and resources to work collectively on shared health improvement goals and strategies. The Title V MCH Block Grant places a high emphasis on engaging with families, young adults, and communities in MCH programs funded by Title V Funds. This includes building capacity between counties, family/young adult advisors, and local communities to partner in decision-making regarding Title V Programs to help achieve the identified MCH priorities.

1.2. The mission of the Bureau of Women's and Children's Health (BWCH) is to "strengthen the family and community by promoting and improving the health status of women, infants, and children." The BWCH administers the federally funded Title V MCH Block Grant and Preventive Health and Health Services Block Grant, in addition to other federally funded, private, and state-supported programs.

1.3. This IGA was initiated in July 2020 and originally only included strategies and activities funded through the Title V MCH Block Grant. In July 2022, strategies and activities funded through the Preventive Health and Health Services Block Grant were added to the IGA.

MCH Healthy Arizona Families Program:

1.4. The MCH Health Arizona Families Program is funded through the Title V MCH Block Grant.

1.5. BWCH is responsible for the implementation of the Health Resources and Services Administration (HRSA) funded Title V MCH Block Grant. Established in 1935, in Title V of the Social Security Act, the goal of the Title V MCH Block grant is to improve the health and well-being of America's mothers, children, and families including children with special health care needs by supporting and promoting the development and coordination of systems of care for the MCH population, which are family-centered, community-based and culturally appropriate. The Title V MCH Block Grant has five (5) population domains which include: Women/Maternal Health, Perinatal/Infant Health, Child Health, Children with Special Health Care Needs, and Adolescent Health. The sixth (6^{th}) domain addresses Cross-Cutting and Systems Building.

1.6. The Title V MCH Block Grant also requires that a five (5) year statewide needs assessment be conducted and submitted as one (1) of the grant deliverables. The purpose of the Title V MCH statewide needs assessment is to identify the priority health needs and issues of Arizona's maternal and child health populations through a collaborative and systematic data collection and analytic process with stakeholder input. This needs assessment process is guided by seven (7) overarching principles and values that include:

1.6.1. Listen to those who are not traditionally involved in statewide assessments.

1.6.2. Centering the margins.

1.6.3. Partner with community members and individuals with lived experience.

1.6.4. Honor and respect the work others have done to assess the needs of Arizonans.

1.6.5. Assess the root causes of health inequities.

1.6.6. Use a life course development approach to understand health issues.

1.6.7. Take account of the impact on social determinants of health.

1.7. The Title V MCH Block Grant utilizes a three-tiered national performance measure framework, based on an evaluation logic model framework, which includes National Outcome Measures (NOMs), National Performance Measures (NPMs), and state-initiated Evidence-based or -informed Strategy Measures (ESMs). The framework provides flexibility to a state in identifying the best combination of measures to address the MCH priority needs that were identified based on the findings of the Five-Year Needs Assessment.

1.8. Key populations of interest for the MCH Healthy Arizona Families Program are infants; children and adolescents (inclusive of children and youth with special health care needs); and women of reproductive age.

1.9. The purpose of integrating family/young adult advisors is to create opportunities for the voices, wisdom, and experiences of individuals, families, and communities, who receive Title V services, to be included in the process and financially compensated for their time and effort dedicated to shaping grant-funded activities. The contributions of family and young adult advisors impact the design, delivery, and evaluation of programs and policies impacting systems of care in Arizona.

Public Health Improvement Program (PHI):

1.10. The Public Health Improvement Program is funded through the Preventive Health and Health Services Block Grant (PHHS BG).

1.11. BWCH is responsible for the implementation of the Centers for Disease Control and Prevention (CDC) funded Preventive Health and Health Services Block Grant. The Preventive Health and Health Services Block Grant Program was established in 1981 through the consolidation of several previously categorical health and social service grants (e.g., emergency medical services, hypertension, home health services, health education and risk reduction, urban rodent control, and community water fluoridation). The Preventive Health and Health Services Block Grant Program provides federal funding for 61 recipients: all 50 states, the District of Columbia, 2 American Indian tribes, 5 US territories, and 3 freely associated states and is administered by CDC's Center for State, Tribal, Local, and Territorial Support.

1.12. The Preventive Health and Health Services Block Grant gives recipients the ability to address prioritized public health needs in their jurisdictions in collaboration with local and tribal public health agencies and organizations. Recipients set their own goals and program objectives and implement local strategies to address their prioritized public health needs related to Healthy People 2030 objectives.

1.13. The Preventive Health and Health Services Block Grant Measurement Framework allows for standardized data collection and aggregation of the outputs, outcomes, and achievements of health departments using grant funds. The framework consists of four key measures:

1.13.1. Improvement in the capacity to collect or enhance data that provide information of public health importance was improved or maintained.

1.13.2. Improvement in the efficiency or effectiveness of operations, programs, or services.

1.13.3. Emerging public health needs addressed.

1.13.4. Evidence-based public health interventions implemented.

1.14. Key populations of interest for the PHI Program are “All Arizonans”.

2. OBJECTIVE

The objective of this IGA is to leverage partnerships between ADHS and Local County Health Departments by providing Title V MCH Block Grant and Preventive Health and Health Services Block Grant funding to support the implementation of high-impact strategies that address the health priorities identified in the Arizona Health Improvement Plan (AzHIP), County Health Improvement Plans (CHIPs) and 2025 Title V MCH Needs Assessment. This IGA is intended to provide flexibility to the Local County Health Department to meet the needs of local communities.

MCH Healthy Arizona Families Program:

2.1. Counties shall implement evidence-based/evidence-informed strategies at the local community level that:

2.1.1. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for all pregnant women, mothers, and infants up to age one (1) for the Women/Maternal and Perinatal/Infant population domains.

2.1.2. Promote and implement evidence-based or evidence-informed strategies that enhance preventive and primary care services for Children's Health, Adolescent Health, and Children with Special Health Care Needs population domains.

2.1.3. Integrate family, young adult, and community engagement in any county-selected Title V-funded MCH Block Grant activities in conjunction with the ADHS Engaging Families and Young Adult Program.

2.1.4. Promote and implement evidence-based or evidence-informed strategies that enhance cross-cutting and system-building infrastructure.

PHI Program:

2.2. Counties shall implement evidence-based/evidence-informed strategies at the local community level that:

2.2.1. Promote and implement healthy community interventions that target policy, system, and environmental approaches that will shape the communities in which we live, learn, work, and play.

2.2.2. Promote and implement healthy people interventions that target individual behavior and support making healthy choices.

3. SCOPE OF SERVICE

MCH Healthy Arizona Families Program:

3.1. Counties shall select to implement strategies within population domains and/or in National Performance Measures.

3.1.1. Population domains include:

3.1.1.1. Women/Maternal Health – women ages eighteen (18) to forty-four (44), before, during, and beyond pregnancy; and across the life course.

3.1.1.2. Perinatal/Infant Health – infants during the time surrounding childbirth, particularly three (3) months before and one (1) year after.

3.1.1.3. Children’s Health – children one (1) to ten (10) years of age.

3.1.1.4. Adolescent Health – young people ages ten (10) to nineteen (19) years of age.

3.1.1.5. Children/Youth with Special Health Care Needs – children/youth with a diverse range of needs ranging from behavioral and emotional conditions to chronic conditions, to more medically complex health issues.

3.1.1.6. Cross-cutting and Systems Building - priority needs such as oral health, access to care, injury prevention, etc. that are related to program capacity and/or systems-building as they apply to all/any of the MCH population domains.

3.1.1.7. Emerging Issues - projects and/or strategies that become prominent and are unique to a particular County, for example, reassignment of staff to address any public health emergency, conducting focus groups to determine how to improve services for children/youth with special health care needs, etc.

3.1.2. The agency is required to address and report on two (2) Universal NPMs which include Postpartum Visits and Medical Homes. The agency then identifies and selects the remaining NPMs through the findings of a five (5) year maternal and child health needs assessment.

3.1.2.1. Counties are required to select NPMs identified by the State through the findings of the most recent five (5) year maternal and child health needs assessment. The most recent assessment can be found on the ADHS website.

3.1.2.2. If strategies selected by the Counties do not align with the State selected NPMs listed above, BWCH in partnership with Counties shall develop State Performance Measures (SPMs) as needed to measure priority needs that have not been addressed through the selected NPMs.

3.1.3. Counties shall elect to provide Family Planning Services which would qualify under the Women/Maternal Health population domain:

3.1.3.1. Implement a clinic-based reproductive health program that enhances maternal and child health.

3.1.3.2. Provide accessible, comprehensive education, screening, and contraceptive services to underserved individuals of reproductive age.

3.1.3.3. Adhere to the ADHS Family Planning Policy and Procedure Manual.

3.1.4. Counties shall elect to provide Oral Health education which would qualify under the Women/Maternal Health, Child Health, and/or Adolescent Health population domain:

3.1.4.1. Implement education and awareness projects related to the importance of oral health within the community.

3.1.5. Counties shall implement family and/or young adult engagement opportunities into any of the selected Title V-funded activities. Engagement opportunities can include, but are not limited to: reviewing program materials, serving on committees or advisory councils, focus groups, task forces, listening sessions, or other evidence-based or evidence-informed strategies.

3.1.5.1. Allocate MCH HAF grant funds or identify another funding source to compensate family and young adult advisors for time and effort dedicated to grant-related activities (Exhibit 2 Compensation Chart).

3.1.5.2. Implement a formalized agreement with family and/or young adult advisors to document partnership, hours, and compensation (Exhibit 3: MCH HAF Family & Young Adult Advisor Agreement).

3.1.5.3. Counties shall engage with ADHS' Engaging Families and Young Adults Program (EFYAP) contractor to recruit, train, and/or coordinate the placement of advisor(s) in the identified county-level activity.

3.1.5.4. Utilize the Activity Planner as needed to describe elements to plan and coordinate project details (Attachment H: Activity Planner).

3.1.5.5. The Counties shall identify a mechanism and follow county procedures to ensure that the compensation of the advisor aligns with policies for providing stipends.

3.2. This IGA offers a variety of evidence-based and evidence-based informed strategies designed to promote and positively impact the health status and outcomes of the MCH population in Arizona. Contingent upon available funding, Local County Health Departments are expected to implement at multiple levels, in accordance with local community needs, infrastructure activities that integrate and build on each other to optimize the health improvements of the community. Counties have the option to select from a menu of evidence-based/evidence-informed strategies (Attachment B) or to propose their own evidence-based/evidence-informed strategies that are identified as a need in their communities.

3.3. In addition, Skill Sets in each of the NPMs support implementation and further assist with thinking not only about evidence and strategies to make change but also the capacity of the workforce to carry out activities (Attachment B).

3.4. Where applicable, strategies shall be inclusive of children with special health care needs. Though counties are not required to implement strategies to specifically target this population, strategies designed for children, adolescents, and families assume an integrated approach that includes this population.

PHI Program:

3.5. Under the PHI Program, the county health departments may use several strategies to support local initiatives to achieve healthy communities. As health departments often may not have dedicated funds and resources to build and strengthen their organizations, the Public Health Improvement funds allow for that flexibility within the established strategies. The funds may be used for activities to seek accreditation and re-accreditation, improve health department efficiency and effectiveness, increase performance management capacity, and enhance public health readiness activities in the face of emerging issues.

3.6. The County shall select one (1) or more strategies from the strategic areas outlined below:

3.6.1. Strategic Area: Maintain a Competent Workforce.

3.6.1.1. Implement activities and training to build multidisciplinary skills needed for the health department to achieve its mission, goals, and objectives.

3.6.1.2. Implement activities to build and support a health department with a supportive work environment, employee recognition, employee wellness efforts, and professional development.

3.6.1.3. Conduct activities to support the larger public health workforce of the community.

3.6.2. Strategic Area: Conduct and Disseminate Assessments Focused on Population Health Status and Public Health Issues Facing the Community.

3.6.2.1. Conduct collaborative activities with the community to develop, enhance, and disseminate the community health assessment.

3.6.3. Strategic Area: Develop Policies and Plans.

3.6.3.1. Conduct or participate in collaborative activities with the community to develop and implement the community health improvement plan.

3.6.3.2. Conduct activities to track and implement goals set in the county health improvement plan.

3.6.3.3. Complete activities to develop, implement, and maintain a strategic plan.

3.6.3.4. Complete activities to develop, implement, and maintain an all-hazards emergency operations plan.

3.6.4. Strategic Area: Health Equity

3.6.4.1. Develop and implement strategies that address health inequity and cultural competence.

3.6.5. Strategic Area: Administrative and Management Capacity.

3.6.5.1. Develop and maintain internal health department policies and procedures for operations, human resources, information management, financial management, and management of ethical issues.

3.6.6. Strategic Area: Evaluate and Continuously Improve Processes, Programs, Quality Improvement, and Interventions in Performance Management:

3.6.6.1. Implement tools or training to develop or maintain a performance management system supported by leadership and management to monitor the achievement of organizational objectives.

3.6.6.2. Implement activities, tools, or training to develop or maintain a culture of quality improvement integrated into organizational practice, processes, and interventions.

3.6.6.3. Conduct training or capacity building with local stakeholders to support the department's and county's implementation of a quality improvement plan or quality improvement activities.

3.6.7. Strategic Area: Seeking Public Health Accreditation Board (PHAB) Accreditation or Reaccreditation:

3.6.7.1. Implement activities, training, and tools for the Local Health Department (LHD) to apply for PHAB accreditation.

3.6.7.2. Implement activities, training, and tools for the (LHD) to achieve PHAB reaccreditation sustainability.

3.6.8. In addition, with prior approval from ADHS, the County can also use its PHI Program funding to address emerging issues:

3.6.8.1. Conduct activities to address an emerging health issue aligned with state and nationally identified emerging health issues (percentage of funds to be approved by ADHS).

4. REQUIREMENTS

4.1. Comply with all federal reporting requirements.

4.2. Comply with the State of Arizona Accounting Manual (SAAM).

4.3. Counties implementing Family Planning Programs with MCH Healthy Arizona Families Program funding shall abide by all standards and protocols outlined in the Family Planning Policies & Procedures Manual.

4.4. All in-state and out-of-state travel shall follow the travel and per diem policies as outlined in the State of Arizona Accounting Manual.

5. FUNDING RESTRICTIONS

5.1. Funds cannot be used for any of the following:

5.1.1. Lobbying activities, including the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government.

5.1.2. Inpatient services, other than inpatient services provided to children with special health care needs or to high-risk pregnant women and infants and such other inpatient services as the Secretary may approve.

5.1.3. Cash payments to intended service recipients of health services.

5.1.4. The purchase or improvements of land; the purchase, construction, or permanent improvement (other than minor remodeling) of any building or other facility, or the purchase of major medical equipment — unless the ADHS has obtained a waiver from the Secretary of Department of Health and Human Services (DHHS).

5.1.5. Satisfying any requirements for the expenditure of non-Federal funds as a condition for the receipt of Federal funds.

5.1.6. Providing funds for research or training to any entity other than a public or non-profit private entity.

5.1.7. Payment for any item of service (other than an emergency item or service) furnished:

5.1.7.1. By an individual or entity during the period when such individual or entity is excluded under this title or title XVIII, XIX, or XX pursuant to section 1128, 1128A, 1156, or 1842(j)(2).

5.1.7.2. At the medical director on the prescription of a physician during the period when the physician is excluded under this title or title XVIII, XIX, or XX pursuant to section 1128, 1128A, 1156, or 1842(j)(2) and when the person furnishing such item or service knew or had reason to know of the exclusion (after a reasonable time period after reasonable notice has been furnished to the person).

6. TASKS

6.1. The Local County Health Department Contractor shall for the overall IGA:

6.1.1. Develop and submit a separate Annual Budget Workbook for each program (Title V and Public Health Improvement), due January 15th of each year for the following year's budget period, including the federally approved indirect rate letter.

6.1.2. Develop and implement an Annual Action Plan within the first forty-five (45) days of each budget period (i.e., on or before August 15th).

6.1.3. Implement the selected approved evidence-based and/or evidence-informed strategies outlined in County Action Plans.

6.1.4. Identify at minimum one (1) family or young adult advisor to include in at least one (1) of the Title V-funded activities.

6.1.5. Submit the MCH HAF Family & Young Adult Advisor Agreement to the ADHS Block Grants Program Manager within 180 days of contract execution that outlines the agreement between the program and advisor. The agreement shall include the following:

6.1.5.1. How they shall compensate a Family and/or Young Adult Advisor.

6.1.5.2. Promote, strengthen, and enhance Family and Young Adult engagement in systems-level initiatives.

6.1.5.3. Ensure that the voices of individuals, families, and communities who receive services are included in the creation of the policies and procedures that govern those services.

6.1.5.4. Establish protocols around communication and check-in with an assigned direct contact or supervisor, to ensure that Family and Young Adult Advisors know who to connect with about which components of their service, and how to connect with that person or persons.

6.1.5.5. Ensure that Family and Young Adult Advisors have the relevant knowledge and support they need to participate and contribute to their maximum potential, including access to equipment and resources necessary to perform their duties, similar to that which would be assigned to an employee.

6.1.5.6. Develop a mechanism for compensating Family and Young Adult Advisors for their time, expertise, and/or other costs they incur.

6.1.5.7. Provide mentoring and support to ensure Family and Young Adult Advisors understand their partnership role and are prepared to participate as fully as possible.

6.1.5.8. Provide skill-building opportunities for Family and Young Adult Advisors who participate in system-level initiatives.

6.1.5.9. Prepare and send information, agendas, and materials in advance of all activities, so all participants know what to expect and have an opportunity to review and prepare.

6.1.5.10. Ensure meeting materials are written in plain language and are culturally and linguistically appropriate for all participants.

6.1.6. Participate in the development of a shared comprehensive evaluation plan and report on any performance measures related to the implementation of their activities (process and/or intermediate), or as defined by the funding sources:

6.1.6.1. Performance measures and evaluations allow the counties and ADHS to collaboratively track progress, process indicators, outcome measures, and impacts. As part of the local evaluation plan, the counties will be responsible for measuring the short-term, and intermediate outcomes. Monitoring progress on short-term outcomes provides an opportunity for the counties to make adjustments to strategies to ensure increased long-term impact. ADHS in coordination with the counties will be responsible for measuring the long-term and impact outcomes. Process indicators, outcomes measures, and impacts must clearly relate to the selected strategies and activities identified within each County's Annual Action Plan.

6.1.6.2. ADHS will provide technical support to counties on selecting the appropriate indicators to measure processes and outcomes as they align with the most recent Title V MCH Priorities and Performance Metrics for the MCH Healthy Arizona Families Program and as they align with the 2021-2025 AzHIP priorities and Healthy People 2030 objectives for the PHI Program.

6.2. Complete tagging and inventory of equipment in compliance with the policy in the State of Arizona Accounting Manual:

6.2.1. Submit documents to the ADHS Block Grants Program Manager pertaining to the asset, i.e., receiving papers, invoices, purchase orders, receipts, etc.

6.2.2. Documents shall include the make, model, serial number, and acquisition date of the asset.

6.3. Food purchases for events are an allowable cost under this grant. Food costs less than $500 per event and cumulative costs less than $5,000 annually do not require prior approval when spent within the State of Arizona Accounting Manual policies.

6.3.1. When food costs exceed the allowable thresholds outlined in the IGA, requests to purchase food shall be required by completing the Request for Purchase of Food form (Attachment F) and submitting it to the MCH HAF Program Manager.

6.3.1.1. Requests shall be submitted ten (10) business days prior to needing to purchase food items.

6.3.1.2. Blanket food approval requests can be submitted for approval if multiple events, of the same nature, are reoccurring. The request shall indicate the number of events that will be held during the year and the number of people attending.

6.3.1.3. No food shall be purchased or reimbursed until the form has been approved and signed by the ADHS Block Grants Program Manager.

6.3.2. Purchases shall follow the Food and Beverages policy outlined in the State of Arizona Accounting Manual, which includes but is not limited to:

6.3.2.1. Food provided shall not exceed the allowable ADHS per person per person, per diem meal rates.

6.3.3. Justification for providing food at events requires but is not limited to:

6.3.3.1. How providing food serves a valid public purpose and does not violate the "gift clause".

6.3.3.2. Is an integral part of the function.

6.3.3.3. Benefits to the community.

6.3.4. A speaker/presentation during the time the meal is provided is required.

6.3.5. The food provided should be healthy items. Please see the ADHS Healthy Meeting Policy for further guidance on nutritional guidelines for events/meetings.

6.4. At least one (1) Program Manager or coordinator from each of the MCH HAF IGA programs shall be in attendance at an annual ADHS conference identified by the MCH HAF Program Manager.

6.5. County program staff implementing strategies in this IGA shall be required to participate in quarterly MCH HAF IGA contractor meetings.

6.5.1. Participate in all calls (monthly, bi-monthly, quarterly), technical assistance calls, webinars, meetings, and training as identified.

6.5.1.1. This includes completing the ADHS CLAS Training.

7. STATE PROVIDED ITEMS

7.1. ADHS will provide:

7.1.1. Review, feedback, and approval of the Annual Action Plan(s) within 30 days of submitting.

7.1.2. Review, feedback, and approval of the annual Budgets Workbooks, CERs, and Supporting Documentation within thirty (30) days of submission.

7.1.3. Feedback, technical assistance, and training to support the approved Annual Action Plan(s), Annual Budget, Quarterly Reporting, and Supporting Documentation.

7.1.4. Samples of evidence-based and/or evidence-informed strategies and supporting resources.

7.1.5. A Quarterly Reporting template upon execution of the contract.

7.1.6. The Annual Action Plan template upon execution of the contract.

7.1.7. Annual Budget Workbook and CER templates upon execution of the contract.

7.1.8. Outcome Measures and examples of process, or intermediate performance measures, as needed.

7.1.9. Access to virtual technical assistance and guidance from ADHS staff, Local County Health Department peers/mentors, and subject matter experts related to the strategies for which the County has received funding.

7.1.10. Coordinate and conduct annual Contractor site visits.

7.1.11. Technical assistance and resources to support counties and family advisors associated with the Engaging Families and Young Adult Program.

7.1.12. Attachment A – Maternal and Child Health National Performance Measures Framework.

7.1.13. Attachment B – Evidence-Based and Evidence-Informed Strategies for MCH Domains.

7.1.14. Attachment C – Contractor Expenditure Report (CER).

7.1.15. Attachment D – Supporting Documentation of Expenses.

7.1.16. Attachment E – Line Item Budget Move Request.

7.1.17. Attachment F – Request for Purchase of Food.

7.1.18. Attachment G – Emerging Issues Approval Process.

7.1.19. Attachment H – Activity Planner.

7.1.20. Exhibit 1: 2 CFR 200.332

7.1.21. Exhibit 2: Compensation Chart.

7.1.22. Exhibit 3: MCH HAF Family & Young Adult Advisor Agreement.

7.2. The following are due upon execution of the contract:

7.2.1. Action Plan Template.

7.2.2. Quarterly Report Template.

7.2.3. Contractor Expenditure Report (CER) template.

7.2.4. Budget Workbook Template.

8. APPROVALS

8.1. The quarterly reports, annual action plans, annual budget workbook, and monthly CERs with receipts supporting expenses billed for in-state and out-of-state travel and equipment purchases of $250 or more, as required and/or requested shall be approved by ADHS prior to payment reimbursement.

8.2. Upon approval of the Action Plan, any changes to the approved activities, or strategies must be resubmitted to ADHS for review and approval prior to implementation

8.3. Any requests to provide additional information on quarterly reports will require resubmission of the report for ADHS review and approval prior to payment reimbursement.

8.4. Purchases of Capital Equipment (single item purchase of $5,000 or more) will require approval prior to purchasing.

8.5. All marketing materials (the use of the ADHS logo, brochures, posters, public service announcements, paid media, videos, etc.) that have been developed, written, published, or recorded by the Counties and paid for with funds from this award must be first approved by ADHS prior to the dissemination of such materials or airing or use of such announcements.

8.6. All county-local emerging issues and related supporting documentation must be approved by ADHS prior to implementation, and the percentage of funds used to conduct activities to address an emerging health issue aligned with state and nationally identified emerging health issues must be approved by ADHS prior to implementation.

	Description
🗋	Call to Public Guidelines and House Rules, Code of Conduct

CALL TO THE PUBLIC

There is no statutory requirement for a "call to the public"; it is a privilege, not a right, and given at the discretion of the Board of Supervisors. A "call to the public" is the time period for members of the public to address the Board of Supervisors on any item of concern or to provide public input relating to subject matter within the Board of Supervisors authority or jurisdiction.

Individuals and/or organizations wishing to speak during Call to the Public are encouraged to sign in with the Clerk. During the time set aside for public comment on the agenda, the Chairman will call forth individuals signed up.

Guidelines:

1. Fifteen minutes before the start of the meeting there will be public comment cards for members of the public to sign up if they wish to speak before the Board. After all individuals who signed up for Public Comment have spoken, the Chairman may ask if there are additional individuals who would like to speak.
2. Speakers should adhere to the following protocol:
    a. Sign in with the Clerk before the meeting
    b. At the speakers' podium please state your name and address
    c. Address comments to the Board as a whole
    d. Give written statements and other supporting material to the Clerk. Please note that written statements are made a part of the permanent records of the Board. In addition, if the speaker is unable to complete the presentation in the time allotted, a copy of supporting materials will be provided to the Board.
3. Up to three minutes will be allowed for each presenter to speak. A warning system (card or light) may be used to time presentations.
4. If the individual represents a group, the individual may ask group members to stand while the individual speaks, as opposed to having each member speak on the same issue.
5. In order to maintain civility and respect for all points of view, there will be no clapping, booing or any other verbal form of support or nonsupport. Any person making personal, impertinent, or slanderous remarks or who become boisterous while addressing the Board, shall be asked to refrain from such and if they refuse and continue, may be removed at the discretion of the Chairperson. Continued unauthorized remarks from the audience, stamping of feet, whistling, yelling, booing, clapping, cheering or similar demonstrations may be grounds for removal.
6. Debate or dialogue with the Board is not allowed during Call to the Public. Pursuant to A.R.S. 38-431.01 (H), if it's not an agenda item, the Board response is limited to:
    - Asking staff to study the matter
    - Request placement on a future agenda
    - Respond to criticism

    These three responses must take place at the conclusion of the call to the public.
7. Use of the projection system is reserved for staff. If a member of the public is providing a presentation, please provide 8 copies to the Clerk of the Board (5 copies for the Board and the remaining copies for the County Manager, County Attorney, and Clerk).

HOUSE RULES: CODE OF CONDUCT

1. Listen and understand before judging.
2. Be courteous, honest and respectful of others' opinions, preferences, and persons.
3. Focus on the vision and goals; no personal attacks or inferences.
4. Look for areas of agreement before differences.
5. Be on time; start on time; silence all personal communication devices, and do not allow them to distract from the work at hand.
6. Once a decision is made, support the County decision, but state your reservation.
7. Agree to disagree; move on to the next issue.
8. Come prepared to discuss issues; When possible, ask questions of staff prior to the meeting so that staff can be prepared. Avoid surprises; don't play "Gotcha."
9. Praise in public; provide constructive feedback in private.
10. Participate in discussions and focus on the issue; avoid side conversations. Be mindful that sidebar conversations are disruptive.
11. Communicate in an open, direct manner; keep others informed.
12. If you have a personal issue with another member of Board, go to that member directly and not to other Board members, the community or staff.
13. Be a positive ambassador for the County.
14. In the event of a conflict-of-interest when possible file said conflict with the Clerk of the Board prior to the meeting. The Board member shall make known said conflict and refrain from voting and participating in any discussion on the matter, pursuant to A.R.S. 38-503.

SUP "Development Standards"

B. *SUP general provisions.*

5. An SUP authorizes a use to be developed in a particular way as specified by the permit and its conditions.
6. An SUP imposes on the applicant the responsibility of ensuring that the authorized special use continues to comply with the conditions of the permit as long as the permit remains valid.
7. An SUP shall be valid for the duration of the special use, provided the use remains in conformance with the conditions of approval and is not discontinued for 12 consecutive months.
8. Issuance of an SUP does not relieve the applicant from the responsibility of obtaining site plan approval, a building permit or any other permit or approval required by any other applicable law.

Site Plan

PINAL COUNTY
WIDE OPEN OPPORTUNITY

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- Property is one of five similar existing commercial kennels proposed before the Commission for SUP action during the 1/18/2024 Planning and Zoning Commission Meeting.
- Property is located amongst other properties with rural and agricultural uses and animal husbandry operations.
- Commercial Kennel use is existing and does not present an impact to public health, safety or welfare.
- Proposed SUP is compliant with standards of the SR zoning district.

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- SUP Approval shall make compatible the existing use with surrounding land uses.
- Property features improvements to accommodate the kennel use.
- No change in the 9 year old operation is proposed on the property.
- The applicant was proactive in seeking to resolve code compliance violations on the property.
- The applicant has identified a business niche, and articulable need in their community.
- Staff has received two letters of opposition and one letter of support for this case.

Letters of Opposition

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- The first letter of opposition discusses concerns regarding:
  - Increased noise and Nuisances.
  - Instances of escaped dogs at large.
  - Such businesses should require five acre minimum lot size.
  - Violation of terms of the Pinal County Animal Control Kennel Permit.
  - Increased traffic in the neighborhood and on the neighbors property.
  - Diminution of property value.

Letters of Opposition

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- The second letter of opposition discusses concerns regarding:
  - Adherence to CC&Rs.
  - Concern of indirect ownership relation to the applicant as the business owner.
  - Concern that the business was operating on the Jean Dr property when originally only allowed on the Val Vista Rd Property.
  - Desire to see the Jean Dr. property not operate as a kennel without impacting the business on the Val Vista Rd property.
  - Inclusion of a petition of ten neighbors in opposition to the Special Use Permit.

P&Z Recommendation

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- On March 20th, following a public hearing, the Planning and Zoning Commission recommended approval (9-1) of case SUP-007-23 with twelve (12) Stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff recommends amendment of stipulation #2, and addition of seven new stipulations specifically addressing the neighbor's concerns (indicated as new Stipulations #4-#10).
- **The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

- 2. Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 3. Signage on the site shall not be permitted;
- 4. The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;
- 5. A 7-foot-high metal/wood fence, as depicted in the attached picture of the existing fence, shall be constructed by the property owner, in accordance with any building setback standards in the Pinal County Development Services Code, and completed within four (4) months of the approval of the SUP, along the property line abutting their neighbor's property at 12330 N. White Road;
- 6. All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 7. The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);
- 8. A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 9. An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.
- 10. The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

RESOLUTION NO. 2025-SUP-007-23

A RESOLUTION OF THE PINAL COUNTY, ARIZONA, BOARD OF SUPERVISORS APPROVING A SPECIAL USE PERMIT FOR CERTAIN PROPERTY LOCATED AT 49641 W JEAN DRIVE, MARICOPA, AZ (TAX PARCEL 510-63-0100) TO ALLOW FOR THE OPERATION OF A COMMERCIAL DOG KENNEL, IN CONNECTION WITH PINAL COUNTY COMMUNITY DEVELOPMENT DEPARTMENT CASE NO. 2025-SUP-007-23

WHEREAS, the Pinal County Board of Supervisors (the "**Board**") is authorized pursuant to the Pinal County Development Services Code § 2.151.010 to approve Special Use Permits in order to conserve and promote the public health, safety, convenience and general welfare; and,

WHEREAS, on February 20, 2023, the Pinal County Community Development Department (the "**Department**") received an application from Ranelle Abbott (the "**Applicant**"), owner of certain property located at 49641 W Jean Drive (Tax Parcel No. 510-63-0100) and legally described in the attached **Exhibit "A"** (the "**Property**"), requesting a Special Use Permit to operate a commercial dog kennel on the Property (a 3.3± acre parcel in the SR Suburban Ranch Zone), under Case No. SUP-007-23 (the "**SUP Application**"); and,

WHEREAS, on March 20, 2025, the Pinal County Planning and Zoning Commission (the "**Commission**") held a public hearing on the SUP Application and considered the same (the "**Public Hearing**") along with twelve (12) stipulations of approval as set forth in the staff report presented to the Commission (the "**Commission Stipulations**"); and,

WHEREAS, after the Public Hearing the Commission voted 9-1 in favor of forwarding a recommendation of approval of the SUP Application to the Board subject to the Commission Stipulations; and,

WHEREAS, after the Public Hearing and Commission vote, specific concerns were raised to the Department staff regarding the operation of the proposed commercial dog kennel under the SUP Application; and,

WHEREAS, the Department staff discussed these concerns with the Applicant and subsequently presented the Board with modified Commission Stipulations to address the concerns and eliminated certain Commission Stipulations, which the Department staff determined were not applicable to the SUP Application, resulting in a total of ten (10) revised stipulations of approval, as set forth in the attached **Exhibit "B"** (the "**Revised Stipulations**"); and,

RESOLUTION NO. 2025-SUP-007-23

WHEREAS, approval of the SUP Application, subject to the Revised Stipulations, is consistent with and conforms to the county's comprehensive plan.

NOW, THEREFORE, BE IT RESOLVED by the Pinal County Board of Supervisors that the SUP Application requesting approval to operate a commercial dog kennel on the Property is hereby approved, subject to the Revised Stipulations as set forth in **Exhibit "B"**.

LEGAL DESCRIPTION

Lot 10, of Papago Butte Ranchos - Unit No. I according to the Plat of record in the office of the county recorder of Pinal County, Arizona, in Book 18 of Maps, Page 16;

Excepting all coal, oil, gas and other mineral deposits as reserved unto the United States of America in the Patent of said land.

EXHIBIT "B"

RESOLUTION NO. 2025-SUP-007-23

[Stipulations of Approval]

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) A 7-foot-high metal/wood fence, as depicted in the attached picture of the existing fence, shall be constructed by the property owner, in accordance with any building setback standards in the Pinal County Development Services Code, and completed within four (4) months of the approval of the SUP, along the property line abutting their neighbor's property at 12330 N. White Road;

6) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

7) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

8) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

9) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the

conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

10) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

MEETING DATE: MAY 28, 2025

TO: BOARD OF SUPERVISORS

CASE NO.: **SUP-007-23(ABBOTT'S SHEPHERDS JEAN DR)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, Landowner, is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 49641 W Jean Drive, Maricopa, AZ, to allow for a commercial kennel.*

If This Request is Approved:
The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel # 510-63-0100 at 49641 W Jean Drive in unincorporated Pinal County.

Location:
Parcel number: 510-63-0100(Legal on File)

Items for Board consideration:
- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 2016.

Analysis
The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently has a Single-Family Residence. The property site plan features a 1,150 square foot kennel building housing 12 kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00 pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setback requirements and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than

puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

Commission recommendation:

- At the March 20th Planning and Zoning meeting, the Commission recommended for approval for the SUP on a vote of (9-1) with 12 stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has since proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff also recommends amendment of stipulation #2, and the addition of seven new stipulations specifically addressing the neighbor's concerns (indicated as new Stipulations #4-#10**). The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

Staff presents this case for action by the Board of Supervisors. At the Board's directive, the case may be approved, denied, or remanded back to the Planning and Zoning Commission for review of the proposed changes.

If the Board wishes to approve the Special Use Permit, staff has provided the following 10 stipulations of approval for case PZ-007-23 for Board consideration:

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) A 7-foot-high metal/wood fence, as depicted in the attached picture of the existing fence, shall be constructed by the property owner, in accordance with any building setback standards in the Pinal County Development Services Code, and completed within four (4) months of the approval of the SUP, along the property line abutting their neighbor's property at 12330 N. White Road;

6) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

7) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

8) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

9) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

10) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

If the Board wishes to deny the Special Use Permit, staff offers the following motion: I move the Pinal County Board of Supervisors Deny case SUP-007-23.

If the Board wishes to remand the Special Use Permit back to the Planning and Zoning Commission, staff offers the following motion: I move the Pinal County Board of Supervisors remand back case SUP-007-23 to the Planning and Zoning Commission for review.

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.

Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Deahdra-Lynn Atencio

Good morning Patrick,
Here is the letter we discussed yesterday afternoon.

Here is a copy of the petition that neighbors signed:
https://mail.google.com/mail/u/0/s/?view=att&th=195aec11cf7cea94&attid=0.1&disp=attd&safe=1&zw

And here is the letter below. Please let me know if anything did not come through. Thank you for getting this to the board before the meeting, really appreciate it.

To the Board of Supervisors,
After receiving more information from senior planner, Patrick Zaia-Roberts, we thought it was important to address a couple of things. We understand the county code compliance has included the suburban Ranch parcel on Jean Drive to be included as one of the five properties they would like to bring in compliance (under code 2.230, Rural Zoning 030-special uses, subsection d) by obtaining a special use permit (2.151010) section a, subsection o.
Ranelle Abbott is the owner of Abbotts German Shepherds and began her business on the Val Vista property. (Case ending in 00623) This was done with the agreement that Ranelle would claim part of her neighbor's acreage so she would be compliant with the (now current) code for SR zoning that states there must be a minimum of 5acres for this type of business.
On November 29th,2016, Ranelle's daughter purchased a property with her husband and co-signed by Robert Abbott. (Document fee number 2016-079902) At that same time, there was a disclaimer deed filed (document fee number 2016-079903) that explicitly states Ranelle Abbott has no right, title, interest, or claim in this property. This application to include this property for a sup is filed as Ranelle being the landowner. The current deed conveys to "Russell C Beyers and Ashelle S. Abbott, trustees of the Byers-Abbott family living trust."
On April 24th, 2019 we reached out to Paula Mullenix and provided evidence of how this property was using it as a commercial kennel, which was prohibited in SR zoning. That's how we came to know of the old agreement with the county and the property owners mother, Ranelle Abbott. The county told the business that they cannot use the new property for business and they said they only use the Jean property to house their own pets. No puppy sales happen there. This is opposite of what they disclosed in the application for this SUP. They stated that no one visits the original property for puppy sales, in fact they direct them to the Jean property.
Rather than trying to hold the current CC&Rs that are in place for our neighborhood, it seems code compliance came up with the solution to help this business, and not the supporting community.
We are not asking to shut the business down, but asking that the business not be allowed to expand onto the Jean property as well. We ask that you please consider the wishes of neighbors and the current CC&Rs for our neighborhood, which is zoned suburban ranch.
We have attached a list of nearby neighbors who are opposed to this property receiving an SUP, and given more time, we believe, could obtain more signatures of landowners in opposition as well.
Thank you for your consideration of your constituents as you move forward to vote on this important matter.

Good morning Patrick,

I just tried leaving a message this morning and I'm not sure it sent. I just saw your email last night and I hope it's not too late to add it to the commissioners packet. After reading the packet that Abbott's German Shepherds submitted, there are also a few items that were not answered in the paperwork…3 of the "yes"or "no" questions about them understanding that there may be special stipulations or rules with the special use permit. The question about there being an incorporated neighborhoods within 3 miles has now changed as well.. that should be marked with "yes". I believe our note is really important to be shared ahead of time.
I have copied and pasted our letter below.

Thank you,

Dear Pinal County Board of Supervisors,

We hope this letter finds you well. We are writing to formally express our concern regarding the proposal to obtain a special use permit for a dog kennel adjacent to our residence at 12330 N White Rd. The location of the kennel poses significant challenges and inconveniences to the surrounding community, including our family.

First and foremost, the noise level that typically accompanies a dog kennel—whether it be barking, howling, or other disturbances—raises substantial concerns about the quality of life for nearby residents. Our neighborhood is generally peaceful, and since the addition of this dog kennel, that was built in 2018/2019, there have been many instances of dogs barking through the night, loud barking within the kennel, and at times howling in the kennel all day long, or the dogs running the fence line as people walk, ride, or drive by.

As homeowners who have been living next to the property on Jean since 2000, it was unfortunate to see new neighbors purchase the adjacent property in 2016, move in and start building a big dog kennel about 15' from our property line.
My wife, who was pregnant at the time, feared for her safety as there was only 4' no-climb fence between her and multiple German shepherds who would bark at her aggressively, or anyone, whenever we went outside on our property. The property currently only has a 4' perimeter fence. There have been times that dogs have escaped their yard, and ran around the neighborhood. There have been multiple times when their dogs came onto our property and retrieved without our permission.

After attempting to be cordial neighbors, and find a solution in hopes to cut down on the dogs noise and incessant barking whenever they saw us, things turned sour with Russ and Shell because we decided to contact animal control (in 2018) to file noise complaints, and the county to further inquire about this property opening a commercial dog kennel. The county said the Val Vista property made a special deal with years ago to be able to run a commercial kennel because their neighbor (who was only living there part time) let them "borrow" average, to meet the (still current) requirement of at least 5 acres. They decided to expand their business to the Jean property, but this property did not meet the minimum 5 acre rule, which was only granted in the past to their parents first property on Val Vista.

Ranelle, Russ, and Shell were told by animal control and the county that they could not be selling dogs at the new property, and the family assured them that there were no puppy sales happening at the Jean location, and only at the original home on Val Vista. This occurred back in 2019, and since then, and as stated in their plans to you in 2022, there were puppy pickups that happened at the Jean property, and currently are still happening. This went against rules county had in place for them, and also increased traffic and disrupted our life. We get people stopping at our house, one even driving onto our property asking if this is the place "to pick up their puppy".

We are concerned about the long-term implications of having a dog kennel so close to our home. It affects property values and makes it more difficult for us or neighbors to sell or rent homes in the future.

I kindly urge you to not let this business expand, and impact our neighborhood with the noise, our safety, and negative impacts on home values, and to consider the current cc&r's and zoning that states commercial animal kennels need minimum of 5 acres and a kennel must have minimum setbacks that are not currently met or can be achieved on this lot width. This family purchased a second property to expand their businesses in a location with restrictions prohibiting commercial kennels. There are city incorporated neighborhoods 2 miles away, that will be impacted as well as our immediate community.
Please ask yourself if this is something you would like to have next to your home, and vote accordingly. Our cc&r's are in place to protect property owners and going against them does not align with the "Vision" of the area.

Thank you for your attention and consideration on this important matter.

Sincerely,
Chad and Katie Buhr

My address- 49640 west Gail lane directly south of hearing action property. My phone #. 6026630863 I have no problem with the kennel license , these neighbors keep a very nice place, nicer than others near them. They have my support. Thank you.

PETITION AGAINST THE SPECIAL USE PERMIT AND OPERATION OF A DOG KENNEL AT 49641 W Jean Dr Maricopa, AZ 85139.
Case SUP007-23

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

4. Property Value Concerns

Many residents are worried that the presence of a dog kennel will lower the property values in the surrounding area, making it less desirable for families and potential buyers.

5. Traffic Issues

The increased traffic due to visitors and deliveries to the dog kennel could create safety hazards, traffic congestion, and inconvenience for those living in the neighborhood.

6. Zoning and Land Use

The construction and operation of a commercial dog kennel/breeding place is not in accordance with the existing zoning regulations for this area, and allowing it could set a precedent for other commercial enterprises in a residential or mixed-use zone.

7. Community Character

The operation of a dog kennel may change the character of our neighborhood, making it more commercial and less residential. This can negatively affect the sense of community and the general atmosphere of the area.

Petition Signatories (continuation page 2 of 2)

We, the undersigned, respectfully request that the proposed dog kennel not be approved, and that alternative solutions be considered to address the needs of pet owners while maintaining the integrity of our community.

PRANZO: I'll second.

MENNENGA: Any discussion? Everybody in favor?

COLLECTIVE: Aye.

MENNENGA: Anybody opposed? Okay, that one passes. Okay, let's move on then to SUP-007-23.

ZAIA-ROBERTS: Thank you. Thank you, Commission. Patrick Zaia-Roberts again, senior planner here to discuss SUP-007-23. As was discussed in the previous case, this is a secondary location for the same business, although they've applied separately for a separate SUP at a separate property and therefore are going forward for a separate case. This proposal's for a special use permit to allow a commercial kennel on a property in the SR - Suburban Ranch zoning district on 3.3 acres. This property being at 49641 West Jean Drive on parcel 510-63-0100. This is a map showing the approximate location of the property, very close by to the previous one off Val Vista Road. This is a zoning map showing the SR zoning on all sides of the property, and then GR zoning and CR-2 zoning to the east of the property. A vicinity map showing the approximate location of the development and surrounding features, and an aerial map showing the property in question. This is the notification area for the affected property owners on this property. An image looking north, away from the site. South onto the site, with a couple of residents to the right of the sign there. Looking east down

Jean Drive. And west down Jean Drive. This is a site plan of the Jean Drive property. As you can see, similar in layout, with the primary residence at the front of the property, kennel buildings on the north side of the property, in this case, towards the rear. And then the fencing as well on the front part. Excuse me, I'm mixing this up. Primary house is at the rear of the property on the south side of the residence, with the kennel building at the front of the property, with a fenced area on the north side as well. So, items for consideration. Again, this property is one of the five existing commercial kennel properties that were discussed at the January 18th meeting of the Planning and Zoning Commission regarding SUP action under the O category for items as deemed appropriate by the Planning and Zoning Commission. The property is located amongst other properties with rural and agricultural uses. The commercial kennel use is existing and does not present an impact to the public health, safety or welfare, albeit for less time. This one, I believe we said was eight years, as opposed to the 30 years in operation of the other one. The proposed SUP is compliant with standards of the SR zoning district and is comparable to the RU-3.3 zoning district, which offers commercial kennels as allowable through approval of a special use permit. And this property is also subject to a new code compliance case that was filed on March 10, 2025, this one being CC-0188-25. SUP approval

shall make compatible the existing use with surrounding land uses. Other properties nearby have been granted special use permits for uses similar in nature. There's been no change - and I apologize that you have nine here, but I believe eight year old operation, which is proposed on the property. The applicant was proactive in seeking to resolve the code compliance violations of the property, and the applicant has identified a business (inaudible) an articulable need in their community. Now, for this property, staff has received two letters of opposition and one letter of support, in addition to the two letters of support we received this morning. So, the first letter of opposition, again, discusses increased noise and nuisance on the property, instances of escaped dogs at large. Such businesses requiring five acre minimum lot sizes. Violation of terms of the Pinal County Animal Control kennel permit. Increased traffic in the neighborhood and on the neighbor's property, and potential for diminution of property value. The second letter discusses adherence to CC&Rs, concern of indirect ownership in relation to the applicant as a business owner. Concerns that the business is operating on the Jean Drive property, when it originally only allowed on the Val Vista Road property. A desire to see the Jean Drive property not operate as a kennel without impacting the business on the Val Vista property. An inclusion of a petition of 10 neighbors in opposition to the special use

permit. Staff offers this for the Commission decision with 12 potential stipulations.

MOONEY: Are they the same –

MENNENGA: Questions –

MOONEY: I'm so sorry.

MENNENGA: Questions.

MOONEY: Are they the same stipulations?

ZAIA-ROBERTS: They're slightly different. In nature, they are the same, but as far as (inaudible) case.

MOONEY: There are no stipulations, you just have a cover sheet on this.

ZAIA-ROBERTS: I'll go ahead and read them into the record.

MOONEY: Thank you.

ZAIA-ROBERTS: I believe the issue may have been that this packet may have been in two pieces, that may have been why they may have cut off. But we'll go ahead and read them into the record. Stipulation 1. The special use permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors' approval. 2 . Approval of the special use permit will require at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate federal, state, county and local regulatory agencies, all required applications, plans,

permits, supporting documentation and approvals. 3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control. 4. The applicant/property owner shall submit a site plan application within one year from the effective date of this resolution or the special use permit will become null and void. 5. Commercial kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors. 6. SUP-007-23 shall meet Lighting Zone 1 requirements. 7. Signage on the site shall not be permitted. 8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division. 9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of .1 acres or more. 10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District. 11. A traffic impact statement may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact

Assessment Guidelines and Procedures and shall be approved prior to the site plan approval. And 12. A drainage report may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the site plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved drainage plan shall provide retention for storm waters in an on-lot retention area.

MOONEY: Thank you.

MENNENGA: Thank you.

MOONEY: And I do have an additional question.

MENNENGA: Go ahead, go ahead.

MOONEY: Has there been an SUP on this property, or has it been operating for eight years without?

ZAIA-ROBERTS: Without.

MOONEY: Thank you.

ZAIA-ROBERTS: That one has not been issued.

MENNENGA: Commissioner Hartman.

HARTMAN: Thank you, Chairman. Patrick, I may have missed it in your presentation, but from the one we just approved to this one, how far - what’s the distance?

ZAIA-ROBERTS: I believe about two miles. It’s within the same neighborhood. You can see on the vicinity map

here where Val Vista Road is about towards the southwest corner of this map. Go a little bit, a little bit east. That's about a little - sorry, a little too far, a little bit to the west. That's about where the SUP-006-23 property is at, where the cursor's at.

HARTMAN: But as a crow flies, you estimate a couple miles?

ZAIA-ROBERTS: About two miles, I would say.

HARTMAN: Thank you.

MENNENGA: Commissioner Klob.

KLOB: Thank you, Patrick. Question as it relates more of kind of the existing property itself, and I know most jurisdictions have challenges with homes all the way to the rear and then having accessory structures towards what would essentially be the front. In this case, any issues or challenges with that?

ZAIA-ROBERTS: Well, no code compliance action was filed for the house placement. Seeing as this would be effectively acting as a legal non – if approved - acting as a legal nonconforming use whereby they couldn't expand any further. It would be to adopt in the existing property as is, or as built. But that being said, there would probably be an issue with an accessory structure on the front setback, depending on the development standards for the property, were this being applied for as something separate from (inaudible).

KLOB: Mr. Billingsley said as –

BILLINGSLEY: Pinal County still remains to be a very rural County. These are very large properties, and so one of the things that we have to explain to folks all the time is a property like this is not the same as a 7,000 square foot lot in a subdivision. It really is up to the owner of that property to determine where their front yard is, much like my property or Mr. Hartman's property. You live on a large piece of property, just because there's a road on one side does not make that the front side of your house, i.e. the front yard setback. So what we typically do on very large properties is when that house is actually built and permitted, that's when they determine where the front yard of that house is and then the setbacks are assigned from that point forward, if that makes sense. So it's a little bit different on a large property versus a small property in a subdivision, if that make sense.

KLOB: I just wanted to make sure that this wasn't going to cause additional trickle-down effect issues for the applicant later on. Thank you.

MENNENGA: Any other questions, concerns, comments from anybody here? Okay. If we could have the – you okay? Applicant Jason come back up on this one?

SANKS: Good morning again, Chair, Vice Chair and Commissioners. Oh, thank you. Jason Sanks, planner,

assisting the Abbotts. I have a speaker card for both items. I just - if we can leave the aerial up so you can see proximity. Again, they do keep - you can see the property is very tidy, and you're correct, the house is built in the back of the property. It's very large. And I just wanted to reiterate what came in was most of the comments are on this property based on what the neighbors are doing. I think the operation is a very clean operation. I think Shell speaks, she speaks better than I do publicly, so I'll let her speak if there's questions on the operations, but to give you context, we do have, I think the two letters of opposition. I acknowledge their concerns. They've been neighbors for a long time. I think Shell seeks to continue to try to have a good relationship with her neighbors. I believe her neighbors live on the lot that has all the green on it and the items that are, I believe, stored in the rear. But both the letters of the opposition, I think, are from the same property. There was an additional signature that are on the petition from a gentleman that lives nearby, but the rest of the neighbors on that petition don't live within any measurable distance. I think - I'm not sure how they even knew about the application. Some of them miles away. But, you know, Shell's here, I think she wants to do whatever it takes to get your support and keep her business running. It means everything to her and her family to be able to continue operating just as they are. And

it wasn’t for the sake of not wanting to file an SUP or to get away with something, they weren’t even aware that there was a requirement for this in this rural area where other people have animals on their property. It wasn’t until, I believe, the same neighbor complained to code compliance, and then code compliance talked to Shell and her mom, and then they dug in and dug in and found out that an SUP ultimately should be applied for, and that’s why we’re here today was the same, the same place. This is all coming from the same place. So we’re here to make it right, whatever we can do to get your support.

MENNENGA: Any questions for the applicant? I have a comment I probably shouldn’t make, but… Okay, I’ll just leave it alone. The next door neighbor there. Anyway, okay, just looking at the map, like wow. Okay, we need to have the –

SANKS: Chair, with your permission, may Shell speak?

MENNENGA: Oh, absolutely.

ABBOTT: Something that I’ve done - I don’t know if I’m supposed to say this or not, so I apologize – is my neighbor that is here that has put in all the complaints, I have really tried to make it as right as I can with him. I put up a view fence so he’s unable to see into my property, and hopefully I can mitigate the impact of myself on him. None of my other neighbors have requested this, nor do they

mind. We talk through the fence commonly, but that is something I've tried to do to make him happy, you know, so he feels like he has his own area that I'm not impacting. Is that appropriate to say?

MENNENGA: Thank you.

ABBOTT: Okay, cool.

MENNENGA: Is that the neighbor –

??: Which side?

MENNENGA: - with the green yard right there?

ABBOTT: Yes.

MENNENGA: Oh, okay. You answered my question. Thank you. All right. Any questions, further questions for the applicant? Okay, with that, let's open up the public portion for case SUP-007-23, and it looks like we have one to speak to it.

BUHR: The neighbor with the green yard.

MENNENGA: Yeah. You have three minutes.

BUHR: Okay. So, I would like to pull the map back up please. This map is out of date. I'd like to make a couple notes. On the previous SUP that was previously approved, the letters of recommendation were not to that address, they were to this address. For this SUP. So they shouldn't have been considered for that other SUP, okay? So that was - this is all the mess of having one business across two properties, across different owners, right? All the while

they Abbott's German Shepherds, never had an issue with them. When they bought the land next to us, they made it clear that they were going to put a dog kennel in. Shell stated their intentions to – Shell is here in the room – stated their intentions to run a breeding kennel soon after purchasing property in 2016, 2017. And before a kennel was even built, when they inquired with County code compliance, they said residents expressed that only their personal pets were being housed there at the time. Excuse me, sorry, take a breath. After supplying evidence from their business Facebook posts about expanding by the Jean property as it was being built in 2016-2017, as well as the certifications for their dogs that are in fact used for breeding, they told code compliance that they would not be selling puppies at the property, that would only be through the Val Vista property. As noted in their application here, they stated the exact opposite and also stated that they had no known complaints from neighbors. They have been aware of our opposition and concerns from the beginning, which is evident through our discussions, through code compliance, and by texts between the other property owner, Russ Byers - which is Shell's husband - and myself. It's the inconsistencies and the lack of transparency that's so concerning here. The Abbott German Shepherds business, submitted here by Ranelle, with Jason as the representative, didn't show up here, right? She signed a document in 2016

stating that she had no deed or rights there so whatsoever to the Jean property, right? And then later on the property changed to Abbott and to Shell and Russ, his name, along with their dad. There's some stuff going on here, right? There's some wool being pulled over our eyes. When we had concerns with the dogs, my wife was pregnant with our first baby seven years ago, and we talked to a Shell and Russ, said hey, you know, when we go outside - they have a four-foot fence, and that's the perimeter fence, right? They did build a screen in front of our house, but there's a perimeter fence that's only four foot high with German Shepherds. I grew up with German shepherds, they will climb the wall and jump a six foot fence, no problem. All right, I have 30 seconds left, which I feel is a little unfair since all the accusations on my property have been made and stated. This is out of date. When we made a complaint to the County that, hey, these dogs are aggressive, we asked Shell and Russ to let us come over and meet them so they wouldn't bark at us. There's – I have videos, there's dog barking, trying to get at us. My wife is unsafe going outside, she didn't feel safe. Their dogs would be on our side often and they would lift the dog - they would come to our side, lift the dogs and put them over - one elderly dog and other dogs. There's dogs out all the time.

??: Time, Chair.

BUHR: There's a neighbor across the street that

noticed (inaudible). Understand. And they filed a complaint against our (inaudible).

SCHNEPF: I would like to move and suggest the Commission allow the citizen additional time to speak.

??: I concur.

MENNENGA: Okay. Give you another minute. Go ahead.

BUHR: Thank you. So, understanding the business has been in place for a while and that our codes require - our rural codes out there require five acres for a commercial kennel. Those were put in place before some of us, right? And they were - when that community was planned out, that's what the - we decided was the best for that area. If we're going to change our codes in that area, we just blanket change them all, right? But if we're gonna change them in two different locations in the same community to let one business operate across two different areas, we've got to ask ourselves, what are we doing, right? The kennel they have existing is 24 feet from my house, from my property line, where we had a lot of our family get-togethers and we can't be there now because they bark at us, they're loud, and when – it doesn't stink all the time. I'm not going to say that. But when it rains and the wind blows, you can smell their kennel. You can smell it all. The kennel was built with pulling the wool over the County's eyes that this is a private kennel just

for their own personal dogs, yet now, obviously they're using it for this business. And additionally, they knew when they bought this other property that they needed special use because they had (inaudible). And so - permission to go on? Is there permission to one more minute? Finish my statement?

MENNENGA: Go ahead.

BUHR: Okay. If they knew it at the time, why would they go look for another place where they could be noncompliant? They've been noncompliant for the other property since the beginning, and it's established. We stopped reporting their dogs because it didn't make any sense. Russ Byers, the other owner of the house next door, and Shell, have reported me for having stuff on my property. The last three years I've spent every weekend out there cleaning that stuff up. And I'm okay with that, right, because I wanted to clean it up, but I'll tell you what, having a neighbor that comes in, and they're noncompliant, they are building stuff that they did, it's not compliant. They have outside storage non-complicities. This is an old map, remember that. And come in and tell us we have to change the way we're doing. Well, I understand, everybody out there is noncompliant, right? So what happens is they weaponize this, because they didn't like us complaining about their dogs. And since day one, they've been trying to get expansion of their business when they could. Buy the house next door, it's for sale.

There’s two by them that’s for sale on the other property. So it feels a little bit like we’re being stepped on and pushed around. Now, I want to address the petition. There are two people here, myself and the ones north of my house (inaudible).

??: Time, sir.

BUHR: That are against this, and that’s 20 percent of the neighboring 300 foot area. These other folks are within hearing distance. There’s one that’s not, that’s in Dune Shadow. But they’ve all signed this petition, and this didn’t come to us until Friday or Saturday last week. We got ours Saturday, other neighbors in the area told me they got theirs Friday, but they didn’t understand what was going on when I walked around to talk to people. I didn’t have enough time. I have a full-time job and we have three little kids, and I didn’t have enough time to go around and talk to folks and make sure they knew what was going on. Additionally, three of the four neighbors around here, adjacent, are Canadian. And I talked to them and they said, hey, we don’t want - with the current climate, we don’t want to bark up the wrong tree and start any fights because we don’t want to lose our privilege to come here. So, with a little more time I think the neighborhood could understand a little better what’s happening here and be better represented, but I feel like we’re not very represented. I had to cancel a big meeting

with the government and NASA today to come here and talk to you guys.

MENNENGA: Thank you. Any questions? All right, thank you. Anyone else to speak to this case? Anyone at all? Okay, with that we're going to close the public portion hearing on case SUP-007-23 and come back to the Commission. Any questions for –

??: Can we bring the applicant back?

MENNENGA: Bring the applicant back also.

SANKS: Thank you. If it pleases the Chair, may I have the owner, because she needs to speak as well.

MENNENGA: Yeah.

SANKS: Okay, thanks.

MENNENGA: Yeah, very good.

PRANZO: I have a question for the applicant. Is it appropriate now?

MENNENGA: Yes. Yep.

PRANZO: He feels as if he's lost some use of his property, and so that makes me wonder, what kind of setback do the kennels have from his property? And I also heard you speak of the dogs being well fenced, unable to get out. Two things came up on that, that the dogs are getting out. And not to dispute that, but it's out there, someone said it. The other thing is the fencing that the dogs have when they're outside of the kennel, how - what is the setback on that? In

other words, the loss of use of your property is a serious matter. It's very upsetting to be a landowner and find that your neighbors unwittingly are encroaching on the use of your property. So speak to that, please.

ABBOTT: Well, that's the reason why I put up the fence around here. So like he said, when his wife felt like she was unsafe with my dogs, I put a fence up so she can now walk all the way up to her property line without even seeing my dogs.

PRANZO: So the setback on that is 25 feet?

ABBOTT: My kennel is setback 25 feet, but there's a fence that I have from one side pretty much all the way almost to the other side that is just a view fence. That it's solid metal.

PRANZO: All right, but what is the setback on that?

ABBOTT: Two feet.

PRANZO: So you're right on the property line.

ABBOTT: Right.

PRANZO: The kennel is 25 feet.

SANKS: The kennel building is setback 25 feet from the property line, the fence is almost on the property line.

PRANZO: All right, are the dogs on that metal fence?

ABBOTT: On the - no, they're never on the metal fence.

PRANZO: So they don't get to that fence, they're held back in other fencing?

ABBOTT: Oh yeah, they can walk to the fence, but the fence is nine feet tall.

PRANZO: Okay. But it's two feet setback.

ABBOTT: Correct.

PRANZO: On your property line. He also spoke about odorous conditions. Let me understand something, you didn't get there first, he was there first and you came after him?

ABBOTT: Correct.

PRANZO: Okay. What are you doing to - I know you can't eliminate, but mitigate?

ABBOTT: Right. So we have - well, we have trash pick up every week. So obviously I –

PRANZO: Week.

ABBOTT: Well my husband and I. We have it on that property, so we pay for it together.

PRANZO: So it's weekly.

ABBOTT: Weekly, yes. So I have it picked up at least once a week, and then I also – when - with the kennel itself, I have a drainage. So when I power wash, then it goes through a filtration to make sure that it's not holding odors either. So I dug down five feet and then I have the gravel, the sand, the rock, the whole thing to take care of that, along with just regular cleaning supplies that you would use.

But on that property you're looking at normally six dogs, maybe eight dogs.

PRANZO: I was just going to ask you.

ABBOTT: Yeah.

PRANZO: So six to eight dogs on 3.3 acres is - it's not a lot of dogs. It just doesn't have a lot (inaudible). We, I mean, like I said, I pick up all the time. The whole - I means there's horses that are all around us, and then there's other people that have even more dogs than I do that are within our own neighborhood that probably aren't quite as consistent about it, because it's not considered part of their job.

PRANZO: Well, this gentleman's quite irritated and I'm trying to get to the bottom of it because there seems to be layers and layers of minutiae in this.

ABBOTT: Right.

PRANZO: And so what I think I'm hearing is that the main beef was loss, or unable to use his full property. I feel like you've mitigated that with the fence. The kennel's got a 25 foot setback, so from a noise standpoint, that shouldn't be too bad. You are in a very rural area.

ABBOTT: Well, and at night the dogs don't have access to go outside. So they are – they're locked inside of the kennel at night.

PRANZO: Right. Well, I got to tell you, I live

right here in Florence and during the day I'm surrounded by dogs and sometimes they're a pain in the ass on a Sunday, and all of a sudden quiet is gone. Okay? And I'm getting old and grumpy, I'm a real pain in ass, but I don't like it.

ABBOTT: So my neighbor right to the other side, he's never said anything about the smell and he's never said about - if he's - in two times in the eight years, he's not liked one of my dogs. And he's like, like that dog barks a lot. I'm like okay, and then I re-home the dog because I don't want a dog that's barking.

PRANZO: Okay. I still don't feel like I've gotten to the bottom of this, but thank you. Thank you for your time.

MENNENGA: Anyone else?

SCHNEPF: I have a question.

MENNENGA: I understand old and grumpy too, that's (inaudible). Go ahead. Commissioner –

SCHNEPF: Who lives in the house on the property?

ABBOTT: I do.

SCHNEPF: You do.

ABBOTT: I live at this property, correct, with my husband.

SCHNEPF: Okay. And somebody else lives on the other property then. It doesn't have to do with this case, but –

ABBOTT: That's my mom and dad.

SCHNEPF: Okay, so you are on property, so you are able to hear when the dogs are barking at an inappropriate time and you can do something about it?

ABBOTT: So my sister actually is a stay-at-home mom with her two kids that live on that property also, which they're under the age of six. So all the dogs have to be safe with the kids. But that also being said, she's a stay-at-home mom, so other than bringing the kids to school and bringing them back, she is onsite at all times. And if the dogs do bark, then she puts them away or maybe puts a bark collar on them. But in the morning I normally run them first before I even leave the house, which helps with the energy level of –

SCHNEPF: So you're not on the property all day long, or during the day.

ABBOTT: I'm not. No, I come and go throughout the day.

SCHNEPF: Okay, so somebody else is, like you said, there too.

ABBOTT: Yeah, there's some –

SCHNEPF: Watching –

ABBOTT: Yeah, there's pretty much somebody at the property at all times, possibly gone for two hours a day. Yeah, there's probably two hours of the day that nobody's there.

SCHNEPF: I just kind of agree with Commissioner Pranzo that sometimes it's inappropriate to hear dogs barking at night or early in the morning, so that was just another concern that I'm sure the neighbors would not want.

ABBOTT: Right, yeah. Well, and like my neighbor to the west of me, he actually says that the neighbor north of him - oh, that helps - a neighbor just north of me, he's like their dogs bark way more than yours do. And Chad recently got dogs probably, what was it, five years ago? About five years ago. And so normally at night, my other neighbor's like, he's like well it's not coming from your house, it's coming from Chad's. But he doesn't have – I mean he doesn't have an indoor kennel to put his dogs in like I do. So it makes it easy to have quiet time when you have a designated location that you can put them in. Because I don't like dog barking at night either.

SCHNEPF: Yeah, nor do I.

MENNENGA: Anyone else?

KLOB: Through the Chair. Can we put the site plan drawing back up? So I think kind of a housekeeping item and a little bit of a discrepancy, just for clarification.

ABBOTT: Right.

KLOB: In the orientation of this image, the lower right hand corner, 25 feet off the property line is called out a shed, whereas the kennel is 38 feet 4 off the property line.

Which is the kennel, which is the shed?

ABBOTT: Oh, good question. So where the round part is, the one right next to it, that's just a shed. That has like tack in it, like horse tack.

KLOB: Okay.

ABBOTT: So it is probably - I don't have my glasses on. So I guess it is 38 feet out. So it's the big rec – it's the rectangular one. Right there. Yeah.

KLOB: So the kennel's actually almost 40 feet off the property line, not 25.

ABBOTT: Yeah, sorry. I apologize for that.

PRANZO: No, I apologize. I'm the one that read the map.

ABBOTT: Well, I can't see it, so –

KLOB: The housekeeping item that I would, you know, should this move forward, I would almost recommend, would be to add where any fencing is, and the height of fencing to this drawing, to - you know to here it appears there's no fencing. And whether it's four foot fencing, as the gentleman mentioned, or nine foot fencing, or eight foot fencing, or - and the type of fencing. If it's view fencing, if it's block fence, and so on. I think that would be beneficial to show the security, especially as contentious as this is.

ABBOTT: Totally agree.

KLOB: I think, yeah, I think that would answer my

biggest questions here. Have there been - and as the question I asked on the other property - has there actually been any noise complaints lodged by – that you received (inaudible).

ABBOTT: Only by one person.

KLOB: Okay. Are those recent or those been going on over time?

ABBOTT: Only by that one person one time. Well, maybe twice. Pinal County keeps track of it, by Pinal County Animal Control. And so even when she came out for the noise complaint, she's like I don't hear your dogs. I hear their dogs. I hear their dogs, right, she's like but I don't hear your dogs. And so - but you – I - Maricopa County Animal Control does a really good job of coming out and checking out the facility and checking for the smell and checking for the sound, and because they're out there, they're picking up dogs, they're constantly monitoring me even if they only come and check once. And so you can look at their records that they keep for all of that and they've never said anything negative to me about it.

KLOB: Thank you.

MENNENGA: Commissioner.

HARTMAN: You said Maricopa County?

ABBOTT: Pinal County.

HARTMAN: Did you mean Pinal?

ABBOTT: I did mean Pinal County. It's that living

in Maricopa, and Pinal County.

MENNENGA: Commissioner Mooney, and I was going to ask you anyway, you're the one with the knowledge here, so please go ahead.

MOONEY: So – and I'm going to go back on my history. I grew up, we had 110 kind of boarding facility. It was on 50 acres, but we used the front. There were times that the dogs were let out in the morning to exercise and do their business and brought back in. And I've moved to the Wild Wild West from the East Coast. But there's that time to be respectful of your neighbors. We had 110 dogs at Christmas time, and even in the middle of summer when we had 60 to 80, there's a time that they need to be brought inside to be quiet.

ABBOTT: Right.

MOONEY: And it doesn't matter if it's summer here and 115 and you keep them inside because of the heat. We need to able to enjoy our properties as well without worrying about - or, I shouldn't say worrying - but stressing over dogs right on the fence, as it's only two foot off the property, or being able to enjoy time with our family without neighbors' dogs barking. Whether you're on a large piece of property as you are, or I currently am living in an HOA and I get them on either side and it's like, come on people, just trying to have company out in my backyard. And you don't want to cause those

neighbor disputes. So it's - I call that in being commercial where it isn't just a mom and daughter raising some puppies once in a while. Six litters of dogs is a lot per year and a lot of puppies, so just trying to be respectful of your neighbors. I put the onus on you on that with my profession in the back history. So if you have any other questions, I'm happy to answer them, Commission.

ABBOTT: I would be happy to change the quiet times. If Chad would prefer that I put the dogs up at 7 p.m. and didn't let them out until 9, or if it was a different quiet time recommendation, I would 100 percent take that in consideration. That was mostly based on when I most – when I see people kind of settle down for the night, but I would change that if that would help.

MOONEY: But that, I think you're missing my point, is the dogs go out in the morning and exercise and go in for some time. People need to be able to enjoy their yards during the day. Seven - putting them to bed earlier at night, great for kids to go to sleep, but not - I have company, noontime for a barbecue on a Sunday afternoon or something and the dogs are outside, and if it's a block, it's solid fence and they can't see, then they're apt to be more noisy once they realize what's going on. It's like, oh okay, there's a bunch of people over there, I've barked at them, let them know I'm here and then that's the end of it. I have found that to be the

biggest detriment in an HOA is block walls and the dogs are just constantly barking because they hear people and they don't know what's going on, they just are curious. So - but that would be my comment on that, is, it's not just bringing them in earlier at night. And I'm not trying to tell you how to do it, I'm just telling you my concerns. It's during the day they go out and exercise, you take them exercise, but just not left out all day long for constantly being able to be aggravated.

??: I have one more question.

MOONEY: And if any Commissioner Members have questions afterwards, I'm happy to answer them.

ABBOTT: I do – I also do use shock collars for the barking if that becomes an issue.

MENNENGA: Commissioner Klob's got one more question.

KLOB: Sorry, I remember what I meant to ask. And this is actually back to staff. What are the setbacks in our zoning, standard, you know, traditional zoning for kennels and/or any fencing for the kennels?

ZAIA-ROBERTS: So speaking to the SR standards, the kennel's use itself does not have a defined setback requirement, I believe, but it does have that five acre requirement as part of SR. But that would be if the commercial kennel operation was allowed by right under the SR

zoning with the five acres.

BILLINGSLEY: Otherwise we use accessory building setbacks by zoning category.

KLOB: Is there anything in regards to the fence itself and the enclosure?

BILLINGSLEY: Actually, you know, we have some special opinions from the County Attorney's Office with respect in rural zoning districts, of which this is a large lot district, that actually animal shelters and what have you can be right up against the property line. But that's – it was intended for horses and cattle and stuff, not dogs, right? But it is, you know, out in a rural area.

KLOB: Okay, thank you.

MOONEY: Chairman, if I may, I'm sorry.

MENNENGA: Please, go ahead.

MOONEY: I have another question. This is for County staff. Do you have, under the kennel portion of it, a number of dogs that are allowed?

ZAIA-ROBERTS: So the development services code does not. It's not specifically outlined as far as a number of allowable dogs, and for that reason staff, when discussing with the applicant before going forward, they offered to provide that number, I believe it may be for the other case, but we had made the determination that that number is already kind of enforced by Pial County Animal Control when they apply

for the commercial kennel permit, and that it would be kind of outside the scope of Pinal County Development Services to try and enforce that number.

MOONEY: But, so for public kennels, like I had a boarding kennel, there's no set number, just the acreage is the –

ZAIA-ROBERTS: Right, not as defined by the development services code.

MOONEY: All right, thank you.

MENNENGA: Everybody okay? I have a quick question I thought about. Pinal County Animal Control is who comes out and checks on you, is that a set schedule they come and check on you or is that just periodic?

ABBOTT: Annually. Yeah, so my –

MENNENGA: Oh, it is annual.

ABBOTT: So I just had mine a couple weeks ago. So they came out and checked on that, and they're the ones that enforce the number of dogs and the health of the dogs and check on those kind of things also.

MENNENGA: Have you ever had any violations with them?

ABBOTT: No. I let it expire once.

MENNENGA: Oh well, we all have those issues. So okay. Bring it back to the Commission, and what's your desire, I guess?

??: I'm sorry, can I ask a question?

MENNENGA: No, I'm sorry you can't.

??: I've been brought into this case, they call me out by name (inaudible) appropriate.

MENNENGA: No, we only let that happen once. So public comments are just once, okay? That's the rules, we try to follow those. So okay, back to the Commission.

DAVILA: How many stipulations were there?

PRANZO: (Inaudible) make a comment before I (inaudible) the motion. You're ready for a motion, right? That's what I thought I heard. It's never a good situation when there's conflict between neighbors. I have the same situation myself, it's not easy to live with. During the course of this, I feel like you've made every effort to be a good neighbor, and in view of the fact that you've been operating this cottage industry, as I see it, for eight plus years, I see no reason to deny a special use permit. So Mr. Chairman, I move that we approve the special use permit. And I don't have the words to read in front of me, so that's my motion.

MENNENGA: That would be for case SUP-007-23 with 12 stipulations.

PRANZO: Thank you, sir.

DAVILA: I'll second that motion.

MENNENGA: All right, motion, a second. All in

favor?

COLLECTIVE: Aye.

MENNENGA: Any opposed?

MOONEY: Opposed.

MENNENGA: Thank you. Do we need to take a roll call vote?

??: (Inaudible).

MENNENGA: Just one, okay. All right, okay. So with that –

ABBOTT: Thank you very much.

MENNENGA: You're welcome, thank you. We are gonna take a little break because they need to do a little screen work and stuff up here, okay?

ZAIA-ROBERTS: Thank you.

MENNENGA: Let's just do ten minutes, come back and wrap it up.

[Break]

MENNENGA: …rejoin the Planning and Zoning meeting. And the next case, SUP-016-24. We're certainly getting an education in kennels today, put it that way. So anyway. Staff.

ZAIA-ROBERTS: Good morning Chair, Vice Chair, Members of the Commission again, Patrick Zaia-Roberts, Senior Planner, here to discuss case SUP-016-24. This is a property requesting a special use permit to allow a commercial kennel

MEETING DATE: MARCH 20, 2025

FINDINGS

SITE DATA: Flood zone: Site is situated in Flood Zone X – Area of Minimal Flood Hazard.

ACCESS: The subject property is located at 49641 W Jean Dr, Maricopa, AZ 85139. The property has legal access onto W Jean Dr which is classified as public right-of-way. The property operates on a by appointment basis for visiting clients and operates as an accessory use to the residential property. The business proposes utilization of residential parking on the property for clients and proposes no parking area expansion due to minimal traffic impact.

HISTORY: The property was zoned SR Suburban Ranch in 1973 under case PZ-367-73 and platted as part of the Papago Butte Ranchos Unit 1 Subdivision approved in September of 1973. County tax records indicate a mobile home was established on the property around 2003. In about 2016, the applicant purchased the property as an expansion of the prior dog breeding business conducted on the Val Vista Rd property which has concurrently submitted case SUP-006-23 for consideration. Per the applicant narrative, their dog breeding business has operated on this property since 2016 and a lapse of the commercial kennel permit from Pinal County Animal Control triggered the requirement that an SUP be issued to allow the commercial kennel use to operate within the SR zoning district. Both this property and the Val Vista Rd property identified under SUP-006-23 operate cooperatively towards this business and are primary residences for Abbott family members. In this specific circumstance, continued operation of the Abbott's Shepherds business requires approval of two separate Special Use Permits on the basis of multiple locations contributing toward operations.

ANALYSIS:

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently has a Single-Family Residence. The property site plan features a 1,150 square foot Kennel building housing 12 kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, and kennels and bark collars the dogs after 9:00 pm each night.

Commercial kennels and dog breeders are not specifically listed as a permitted use, by right, in the SR zoning district, so therefore it was deemed by Pinal County to consider it a discretionary use, subject to SUP approval by the County, which may be approved by the Planning and Zoning Commission under

PCDSC 2.151.010 – A.1.o, which states "Such other uses as the planning commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18, 2024, Planning and Zoning Commission Agenda and presented to the commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction to affected cases and the rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The site is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated for 9 years in the capacity proposed in this SUP application. No changes to the operation have been proposed to the project except to establish the legality of the use already in place. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This residential community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends itself to a business where there is greater demand for the service than puppies can

be produced for sale exists. With that said, the applicant is responsible for the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

To date, the County has received no letters of support or opposition from neighbors for this case.

The applicant's neighborhood meeting report indicates that a public meeting was held on August 18th, 2022, at 49641 W Jean Drive, Maricopa, AZ, 85139. There were no attendees and the meeting was ended after half an hour.

At the public hearing, the Commission needs to be satisfied that the health, safety and welfare of the County and adjacent properties will not be negatively impacted by this Special Use Permit request under Planning Case **SUP-007-23**. Furthermore, the Commission must determine that this Special Use Permit will promote the orderly growth and development of the County, at this location and time, and this proposed development is compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan.

THE BURDEN OF PROOF IS UPON THE APPLICANT TO PROVIDE THE NECESSARY AND REQUIRED INFORMATION AT THE PUBLIC HEARING. THE APPLICANT NEEDS TO BE PREPARED TO ADDRESS AND MITIGATE, AS APPLICABLE, THE FOLLOWING ISSUES AND CONCERNS:

A) LAND USE, PERIMETER WALLS, SIGNAGE, SETBACKS, INGRESS/EGRESS & LANDSCAPING
B) PUBLIC SERVICES - SEWER, WATER, UTILITIES, DRAINAGE
C) NEIGHBORHOOD IMPACT
D) FLOOD CONTROL
E) TRAFFIC IMPACT
F) COMPATIBILITY/CONSISTENCY WITH PINAL COUNTY COMPREHENSIVE PLAN
G) BENEFITS/DETRIMENTS TO PINAL COUNTY

Should the Commission find, after the presentation of the applicant and together with the testimony and evidence presented at the public hearing, that this Special Use Permit request is needed and necessary at this location and time, will not negatively impact adjacent properties, will promote orderly growth and development of the County, and will be compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan, then the Commission may forward **SUP-007-23** to the Board of Supervisors with a **recommendation of approval with the 12 attached stipulations**. If the Commission cannot find the factors listed above to be applicable to this case, then the Commission may forward this case to the Board of Supervisors with a **recommendation of denial**.

To approve: I move that the Pinal County Planning and Zoning Commission approve case SUP-007-23 with 12 stipulations as listed in the staff report.

To deny: I move the Pinal County Planning and Zoning Commission deny case SUP-007-23.

STIPULATIONS:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors' approval;

2. Approval of this Special Use Permit (SUP) will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals;

3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control;

4. The applicant/property owner shall submit a site plan application within one (1) year from the effective date of this resolution or the Special Use Permit will become null and void;

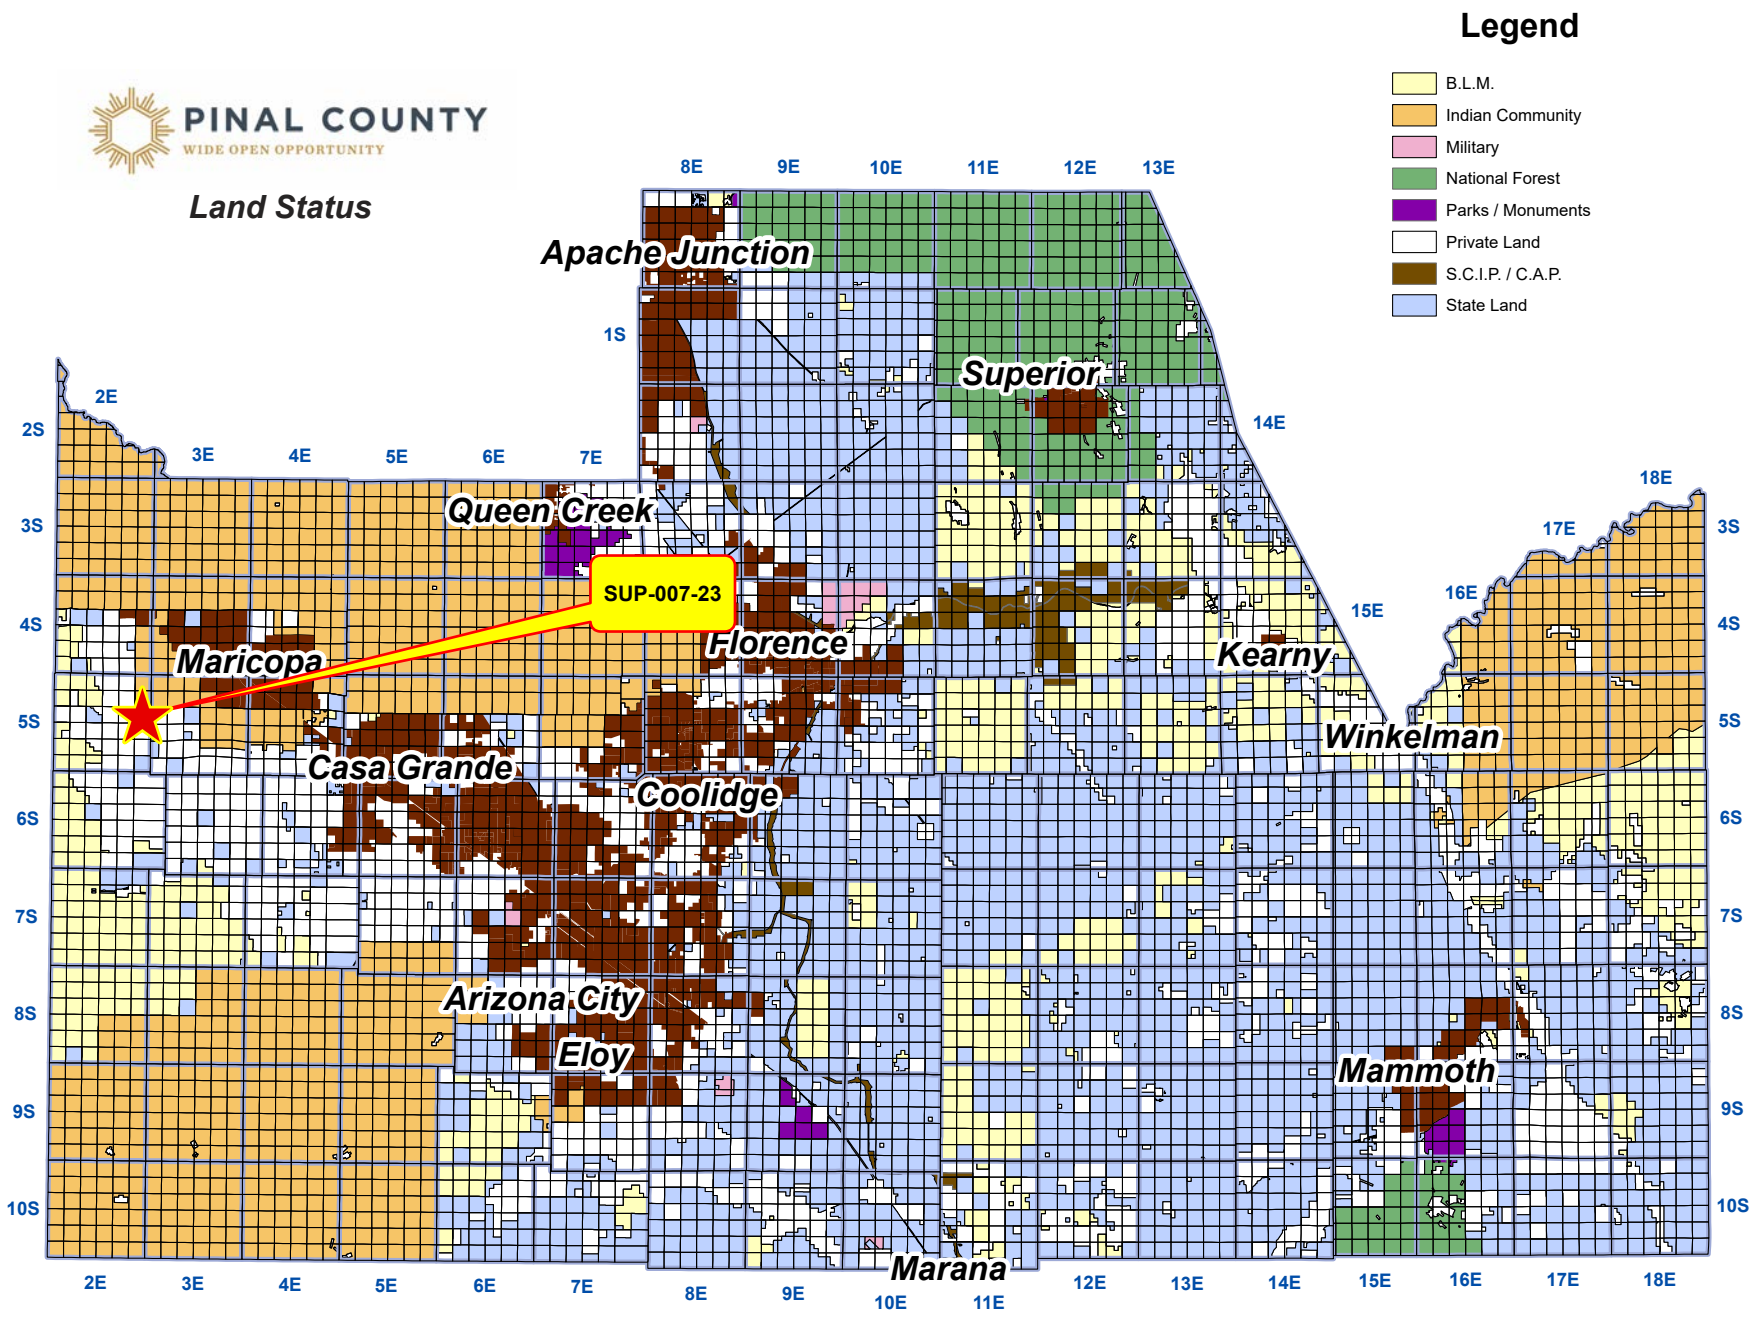
5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors;

6. SUP-007-23 shall meet Lighting Zone 1 requirements;

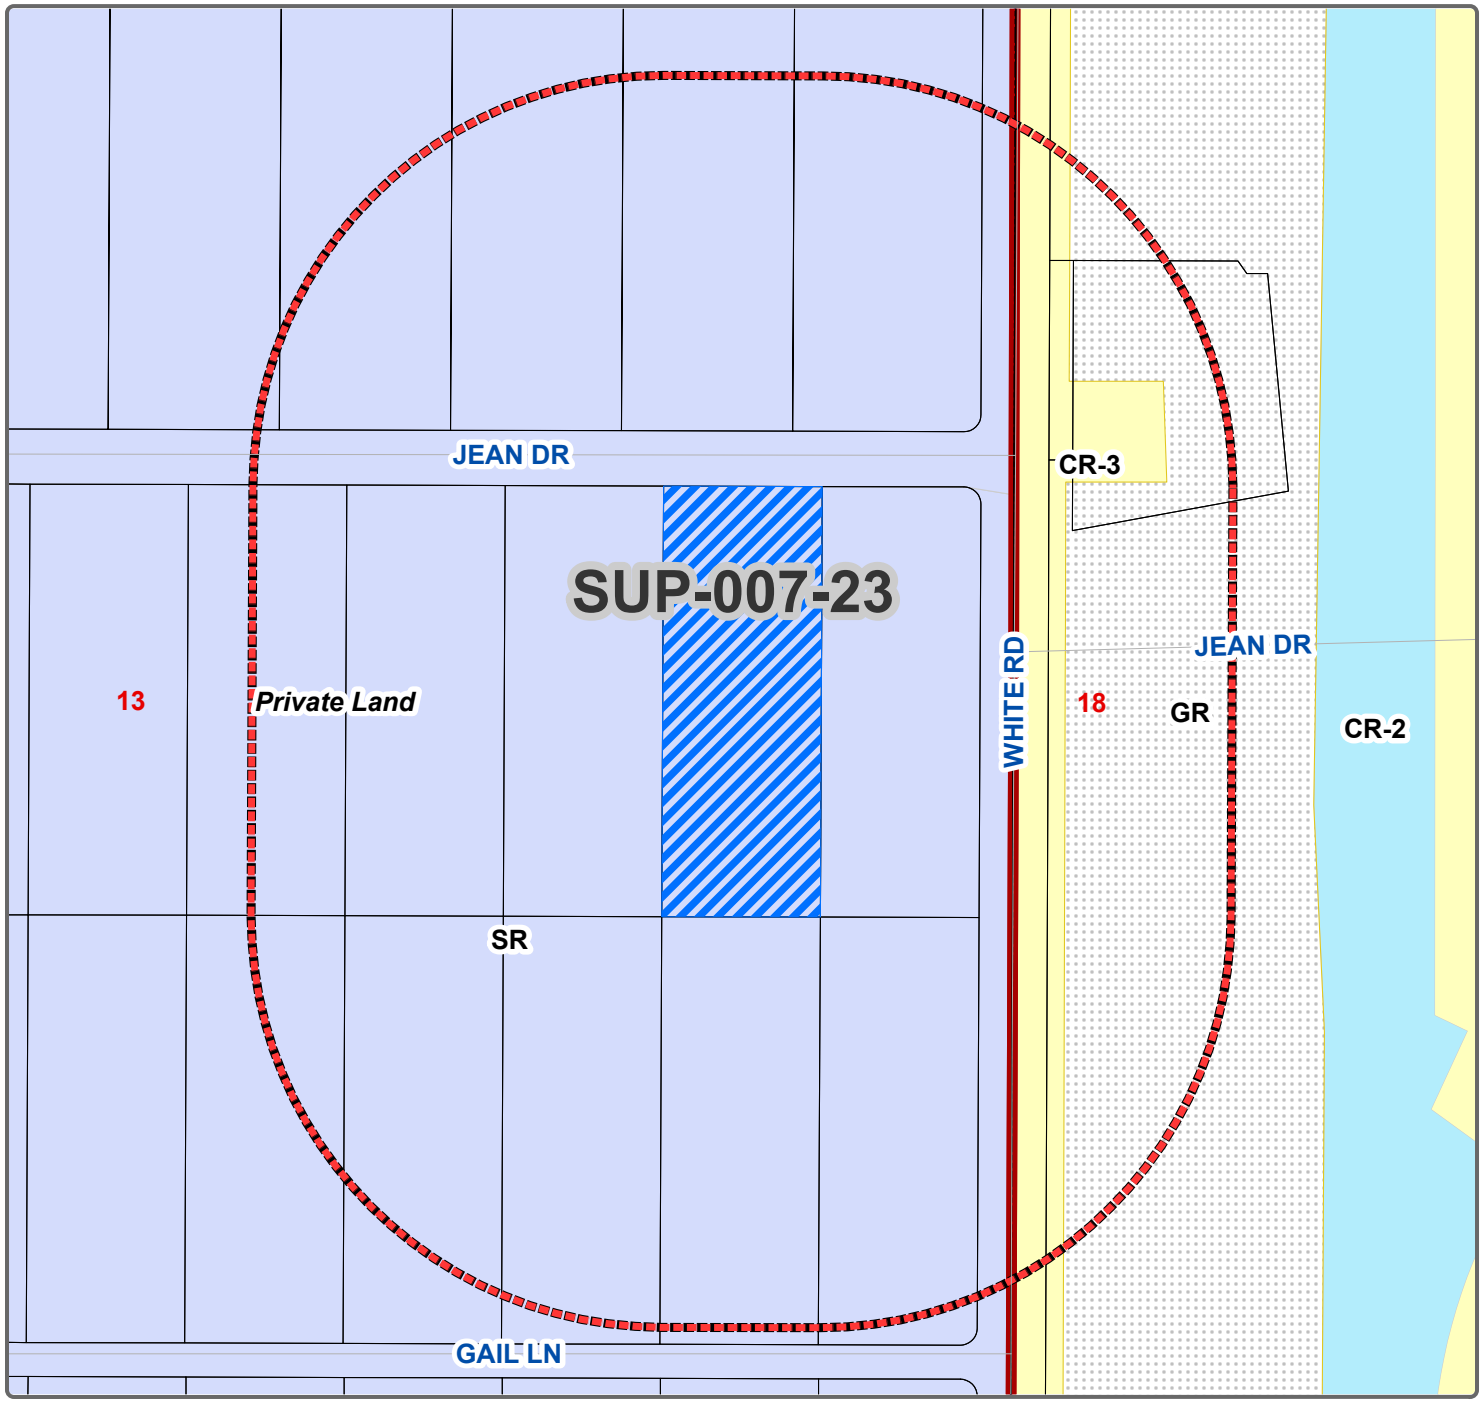
7. Signage on the site shall not be permitted;

8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division;

9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more;



10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District;



11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the Site Plan approval; and

12. A drainage report may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the Site Plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area.

Abbott's German Shepherds
Special Use Permit (SUP) Narrative

Special Use Permit to allow a Commercial Kennel for German Shepherd Breeding in the Suburban Ranch (SR) Zoning District

Submitted: February 2023

SANKS AND ASSOCIATES LLC

PURPOSE OF THE REQUEST

The purpose of this request is for a Special Use Permit to allow a "Commercial Kennel", limited to the breeding of German Shepherds, on two parcels in the Suburban Ranch (SR) zoning district. The Pinal County Assessor's parcel numbers for the properties are 510-63-0100 and 510-62-3010.

DESCRIPTION OF PROPOSAL

Nature of the Project: We have had the family-owned and operated business of Abbott's German Shepherds running at the Thunderbird Farms neighborhood location at 50956 W. Val Vista Rd. from the time we purchased the land in 1994. We expanded six years ago when my daughter, Shell Abbott, and her husband Russ Byers, purchased nearby property at 49641 W. Jean Dr. in Maricopa, AZ in the Papago Butte neighborhood to our north (2.5 miles away). We now have all the bred females at the Val Vista Rd. property, seven kennel spaces available, where they birth and raise the puppies. On the Jean property is where the care of the other dogs takes place, kennel space for 12. The dogs rotate between the properties as needed, interlocking the properties and the business. These properties have been in compliance with the county in licensing until this year when we accidentally allowed that to lapse, which prompted the recognition of our need to acquire a SUP to allow dog breeding and the "kenneling" of our own dogs. We do not commercially board other people's dogs, such as pet sitting services. We currently also have a Federal license with the USDA and are in compliance with good standing. We seek to have our business in compliance with the county to continue the business's function.

The Val Vista property never has visitors for the business. Our website is how most people find us and learn about our dogs, litters planned, and the care given. People then contact us by phone and/or email and place a reserving deposit putting them on the list. When their number comes up, they receive information on the parents and pictures of the puppies available that fit the specifics of what they are looking for. They receive updating pictures every ten days until the puppies are ready, along with occasional Facebook posts about the puppies. When puppies are ready, families may be met at the airport so their puppy can fly home with them, they may be dropped at the airport for them to fly cargo to their homes, they may be delivered, or they may pick their puppy up at the Jean location. This past year we sold forty puppies, and approximately half of them were picked up from the Jean location. Pick-up is typically about a 30 min process allowing all the puppies to go home in a single day no matter how they get there. This makes the visitors to the Jean property only one at a time, with a monthly traffic trip average of less than two.

Both properties have families living there, working with the dogs together for their care. We have specific areas for the dogs to be kenneled at night but are usually in "turn-out" areas during the day, allowing them to exercise. We can kennel the dogs at anytime if excessive barking occurs that could disturb the neighbors. According to USDA requirements, areas are cleaned as needed to keep the appearance tidy, dogs' health, and the smell down. These requirements far exceed the standards the County has for kennel licensing. It should be noted that we have no known complaints related to barking nor did any neighbors attend our neighborhood meeting to express concerns over our kennel business.

Proposed Land Use: There are currently no plans to add any additional improvements to either property as they both are functioning as necessary for both of our families as we operate the home-based dog breeding business together. The kennels are existing structures on the property as indicated on the site plan.

Conformance to Adopted Comprehensive Plan: The property is designated as "Very Low Density Residential 0-1 DU/acre and the Suburban Ranch zoning on both parcels is in conformance with this designation. Both lots are 3.3 acres and provide ample room to accommodate our homes as well as our German Shepherds in a rural lifestyle environment as envisioned in the Comprehensive Plan. Our homes and lifestyles are an integral part of our "Sense of Community" in the Papago Butte / Thunderbird Farms enclave and we have been here a long time. Residential land uses, including residential uses that include animals, are contemplated in these low-density areas where homes are spread out and many residents have home-based businesses. In fact, there are 12 approved SUPs in our vicinity for a variety of land uses that all contribute to our community fabric. Until recently, we were not aware that our breeding of German Shepherds required a SUP. Upon learning of this from the County, we initiated the process to seek SUP approval as required.

Further, the zoning code contemplates a variety of uses that are acceptable in this district, subject to obtaining a SUP – including a commercial kennel. Since the true nature of our business is more restricted than a true commercial kennel and we have a very limited impact on our neighborhood with this family business of nearly 30 years, we believe that our proven track record as good neighbors comply with the intent of the Comprehensive Plan and overall compatibility of land uses in this rural area.

LOCATION & ACCESSIBILITY

Our homes are on lots in a neighborhood with a typical street grid and ease of access to both Papago and Maricopa Roads. The nature of our operations results in very limited traffic trips so there are no access issues related to this request.

There are residential driveways accessing the homes on each property. Neither property is operated expressly as a commercial business, therefore there is no need for the construction of ADA accessible parking spaces. We only have 20 puppy owner pick-ups per year. It is important to note that although we are requesting an SUP for a commercial kennel, we are only breeding dogs – not boarding or grooming them where there would be customer traffic. We anticipate that any prospective SUP approval would be conditioned so that our business would be limited to dog breeding only otherwise other improvements would be necessary.

UTILITIES & SERVICES

Our homes currently have all utility services necessary for both residences. Our dog breeding business is only a home-based business and places no further demands on these utilities.

ABBOTT'S GERMAN SHEPHERDS 

NOTICE OF NEIGHBORHOOD MEETING

July 29, 2022

Project Name: Abbotts Shepherds Dog Breeding – Special Use Permit (SUP) Requests
Project Locations: Two lots, located at 50956 W. Val Vista Rd and 49641 W. Jean Dr in Maricopa, AZ 85139

Dear Neighbor,

As the owners for the Abbotts Shepherds dog breeding business and fellow residents of our community, this letter is being sent to notify you of forthcoming requests for Special Use Permits (SUP) on our two 3.3-acre properties zoned Suburban Rural (SR) residential in unincorporated Pinal County. Our family's dog breeding business has been a part of the Thunderbird Farms and Papago Buttes community for many years and we have no plans for expansion on either of the lots where our families also reside. Operations for the breeding and care of the German shepherds is shared across to the two properties and it was recently brought to our attention that the County seeks that we obtain SUPs on both lots for our home-based business of breeding German Shepherds. The applications will be filed with the Pinal County Planning and Development Department and future notices will be sent to you via a yellow postcard notifying you of prospective hearing dates at which time a final decision will be made by the County's Board of Supervisors.

As part of the required process for requesting the SUPs, interested neighbors are welcome to participate in providing comments or feedback to us through email, phone, or attendance at the neighborhood meeting that we will have onsite. Please feel free to participate through whichever means is most convenient for you as we go through the application review process with Pinal County. All comments received (phone, email, in-person, etc...) will be shared with County staff and become part of the public SUP case files. Phone and email contact information is provided below, as well as the meeting date/time/location in case you prefer to come in person. We seek your blessing and hope for your continued support of our local family-owned business.

This Neighborhood Meeting will be held at the following time and location:

Date:	Thursday, August 18, 2022
Start Time:	6:00 PM
Location:	Onsite at 49641 W. Jean Drive., Maricopa, AZ 85139

If you have questions, comments or are unable to attend this meeting, please feel free to contact me at:

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- Property is one of five similar existing commercial kennels proposed before the Commission for SUP action during the 1/18/2024 Planning and Zoning Commission Meeting.
- Property is located amongst other properties with rural and agricultural uses and animal husbandry operations.
- Commercial Kennel use is existing and does not present an impact to public health, safety or welfare.
- Proposed SUP is compliant with standards of the SR zoning district.

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- SUP Approval shall make compatible the existing use with surrounding land uses.
- Property features improvements to accommodate the kennel use.
- No change in the 9 year old operation is proposed on the property.
- The applicant was proactive in seeking to resolve code compliance violations on the property.
- The applicant has identified a business niche, and articulable need in their community.

Letters of Opposition

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 42 Letters of Opposition
  - Increased noise and Nuisances.
  - Instances of escaped dogs at large.
  - Such businesses should require five acre minimum lot size.
  - Violation of terms of the Pinal County Animal Control Kennel Permit.
  - Increased traffic in the neighborhood and on the neighbors property.
  - Diminution of property value.
  - Adherence to CC&Rs.
  - Inclusion of a petition of ten neighbors in opposition to the Special Use Permit.

Letters of Support

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 132 Letters of Support
  - Ethical operations
  - Facility cleanliness
  - Quiet operation
  - Support of family businesses
  - Community engagement of the Abbott Family

P&Z Recommendation

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- On March 20th, following a public hearing, the Planning and Zoning Commission recommended approval (9-1) of case SUP-006-23 with twelve (12) Stipulations.
- On May 28th, the Board of Supervisors remanded SUP-007-23 back to the Planning and Zoning Commission for consideration of ten (10) revised stipulations.
- On June 19th, the Planning and Zoning Commission reviewed SUP-007-23, and following a public hearing, voted 8-0 to recommend approval with eleven (11) stipulations including revisions to stipulation #4, #6, #8, and #11.

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

- 2. Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 3. Signage on the site shall not be permitted;
- 4. The number of adult dogs ~~for breeding purposes~~ allowed on the property shall be limited to seven (7) at any time;
- 5. A 7-foot-high metal/wood fence, as depicted in the attached picture of the existing fence, shall be constructed by the property owner, in accordance with any building setback standards in the Pinal County Development Services Code, and completed within four (4) months of the approval of the SUP, along the property line abutting their neighbor's property at 12330 N. White Road;
- 6. All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis; except that the dogs shall be brought into their kennels during daylight hours for a minimum of 3 hours;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 7. The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);
- 8. A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational; excepting only a 30 day lapse, unless the lapse is caused by Pinal County;

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 9. An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.
- 10. The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

SUP-007-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 11. If there is any change in property ownership or licensee after the SUP is approved by the Board of Supervisors, then the SUP shall become null and void on the effective date of the transfer of property ownership (Parcel #510-63-0100). The current owners (Byers-Abbott Family Living Trust - Russell C. & Ashelle S. Byers, Trustees) shall notify Pinal County at least thirty (30) calendar days prior to the property ownership change or change of licensee by way of Certified United States Mail, return receipt requested, and sent to the following address: Attn: Pinal County Development Services c/o Clerk of the Board, P.O. Box 827, Florence, Arizona 85132.

I was born in Arizona and since the age of four have been on a passion for horses as long as I can remember. We always had a horse was the one that provided me with freedom and strength large animal as a young girl taught me more then I will ever know.

I remember begging for my first real horse, not like the 30-year died a few years back, now I wanted one of my own. I was told which didn't hinder me one bit. So, after two years of yard work, b a whopping $700! I purchased my first Registered Appaloosa, w auction. Even now, when I think back to that horse it brings tears as an 11-year old that's what I wanted. I wasn't strong enough to the time to put it on my 16.1 hand horse every time my heart desi So, I learned to ride bareback doing anything and everything I cou in trouble there was nothing worse than getting grounded from my

As an adult, I still get the same love of riding and pleasure from jus a dog trainer and raise German Shepherds on my farm in Thund love the horses as much as I do and go with me out riding. Dogs a to work with the horses as a child taught me that size doesn't get technique and attitude. I live only 2 miles from my parents with m we love.

RESOLUTION NO. 2025-SUP-007-23

A RESOLUTION OF THE PINAL COUNTY, ARIZONA, BOARD OF SUPERVISORS APPROVING A SPECIAL USE PERMIT FOR CERTAIN PROPERTY LOCATED AT 49641 W JEAN DRIVE, MARICOPA, AZ (TAX PARCEL 510-63-0100) TO ALLOW FOR THE OPERATION OF A COMMERCIAL DOG KENNEL, IN CONNECTION WITH PINAL COUNTY COMMUNITY DEVELOPMENT DEPARTMENT CASE NO. 2025-SUP-007-23

WHEREAS, the Pinal County Board of Supervisors (the "**Board**") is authorized pursuant to the Pinal County Development Services Code § 2.151.010 to approve Special Use Permits in order to conserve and promote the public health, safety, convenience and general welfare; and,

WHEREAS, on February 20, 2023, the Pinal County Community Development Department (the "**Department**") received an application from Ranelle Abbott (the "**Applicant**"), owner of certain property located at 49641 W Jean Drive (Tax Parcel No. 510-63-0100) and legally described in the attached **Exhibit "A"** (the "**Property**"), requesting a Special Use Permit to operate a commercial dog kennel on the Property (a 3.3± acre parcel in the SR Suburban Ranch Zone), under Case No. SUP-007-23 (the "**SUP Application**"); and,

WHEREAS, on March 20, 2025, the Pinal County Planning and Zoning Commission (the "**Commission**") held a public meeting and hearing on the SUP Application and considered the same (the "**3/20/25 Commission Public Meeting**") along with twelve (12) stipulations of approval as set forth in the staff report presented to the Commission (the "**Original Commission Stipulations**"); and,

WHEREAS, at the 3/20/25 Commission Public Meeting the Commission voted 9-1 in favor of forwarding a recommendation of approval of the SUP Application to the Board subject to the Original Commission Stipulations; and,

WHEREAS, after the 3/20/25 Commission Public Meeting and Commission vote, specific concerns were raised to the Department staff regarding the operation of the proposed commercial dog kennel under the SUP Application; and,

WHEREAS, the Department staff discussed these concerns with the Applicant and subsequently presented the Board with modifications to the Original Commission Stipulations to address the concerns and the Department eliminated certain of the Original Commission Stipulations, which the Department staff determined were not applicable to the SUP Application, resulting in a total of ten (10) proposed revised stipulations of approval (the "**Department Revised Stipulations**"); and,

RESOLUTION NO. 2025-SUP-007-23

WHEREAS, on May 28, 2025, the Board held a public meeting and hearing to consider the SUP Application and the Commission's recommendation and, in view of the Department Revised Stiulations, which the Commission had not considered when providing its recommendation to the Board, the Board voted 4-1 to remand the SUP Application to the Commission to be heard at its June 19, 2025 public meeting to allow the Commission to reconsider the SUP Application in light of the Department Revised Stipulations, and for the matter to be re-heard by the Board at its July 2, 2025 meeting; and,

WHEREAS, on June 19, 2025 the Commission held a public meeting and hearing on the SUP Application and reconsidered the same, together with the Department Revised Stipulations, whereat the Commission made further revisions to the Department Revised Stipulations by amending stipulations #4, #6, #8 and adding stipulation #11, as set forth in the attached **Exhibit "B"** (the "**P&Z Revised Recommended Stipulations of Approval**"); and,

WHEREAS, At the June 19, 2025 Commission meeting, the Commission voted voted 8-0 to forward a recommendation of approval of the SUP Application to the Board subject to the P&Z Revised Recommended Stipulations of Approval; and,

WHEREAS, approval of the SUP Application, subject to the P&Z Revised Stipulations of Approval, is consistent with and conforms to the county's comprehensive plan.

NOW, THEREFORE, BE IT RESOLVED by the Pinal County Board of Supervisors that the SUP Application (SUP-007-23) requesting approval to operate a commercial dog kennel on the Property is hereby approved, subject to the P&Z Revised Recommended Stipulations of Approval as set forth in **Exhibit "B"**.

PASSED AND ADOPTED this 2nd day of July, 2025, by the PINAL COUNTY BOARD OF SUPERVISORS.

RESOLUTION NO. 2025-SUP-007-23

[P&Z Revised Recommended Stipulations of Approval]

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval; and,

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation; and,

3) Signage on the site shall not be permitted; and,

4) The number of adult dogs allowed on the property shall be limited to seven (7) at any time; and,

5) A 7-foot-high opaque fence composed of metal, wood, and/or vinyl fence, shall be constructed by the property owners along the property line abutting their neighbor's property at 12330 N. White Road, in accordance with all Pinal County Development Services Code requirements, and shall be completed within four (4) months of the approval of the SUP; and,

6) All dogs on the property shall be housed and maintained inside kennels from 9:00 p.m. to 6:00 a.m. on a daily basis, except that the dogs shall be brought into their kennels during daylight hours for a minimum of 3 hours; and,

7) In addition to complying with all Pinal County Development Services Code requirements relating to excessive noise caused by dogs, "excessive barking" as defined below, is prohibited. Further, the applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without justifiable cause, as determined by the zoning inspector or code compliance officer. For purposes of this SUP, excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.) during the same timeframe; and,

TO: BOARD OF SUPERVISORS

CASE NO.: **SUP-007-23(ABBOTT'S SHEPHERDS JEAN DR)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, Landowner, is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 49641 W Jean Drive, Maricopa, AZ, to allow for a commercial kennel.*

Background:

- At the March 28th Board of Supervisors meeting, the Board voted to remand SUP-007-23 back to the Planning and Zoning Commission for recommendation with consideration of 11 stipulations as revised by staff.
- At the June 19th Planning and Zoning Commission meeting, the commission discussed applicability of the revised stipulations and offered revisions. The commission voted (8-0) to approve SUP-007-23 with 11 revised stipulations, including revisions to stipulation #4, #6, #8, and #11.

To Approve: I move the Pinal County Board of Supervisors approve case SUP-006-23 with the following 11 stipulations:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval; and,
2. Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation; and,
3. Signage on the site shall not be permitted; and,
4. The number of adult dogs ~~for breeding purposes~~ allowed on the property shall be limited to seven (7) at any time; and,
5. A 7-foot-high opaque fence composed of metal, wood, and/or vinyl fence, shall be constructed by the property owners along the property line abutting their neighbor's property at 12330 N. White Road, in accordance with all Pinal County Development Services Code requirements, and shall be completed within four (4) months of the approval of the SUP; and,

6. All dogs on the property shall be housed and maintained inside kennels from 9:00 p.m. to 6:00 a.m. on a daily basis, except that the dogs shall be brought into their kennels during daylight hours for a minimum of 3 hours; and,

7. In addition to complying with all Pinal County Development Services Code requirements relating to excessive noise caused by dogs, "excessive barking" as defined below, is prohibited. Further, the applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without justifiable cause, as determined by the zoning inspector or code compliance officer. For purposes of this SUP, excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.) during the same timeframe; and,

8. A current, valid commercial license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational, excepting only a 30 day lapse, unless the lapse is caused by Pinal County; and,

9. An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions;

10. The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval; and,

11. If there is any change in property ownership or licensee after the SUP is approved by the Board of Supervisors, then the SUP shall become null and void on the effective date of the transfer of property ownership (Parcel #510-63-0100). The current owners (Byers-Abbott Family Living Trust - Russell C. & Ashelle S. Byers, Trustees) shall notify Pinal County at least thirty (30) calendar days prior to the property ownership change or change of licensee by way of Certified United States Mail, return receipt requested, and sent to the following address: Attn: Pinal County Development Services c/o Clerk of the Board, P.O. Box 827, Florence, Arizona 85132.

To Deny: I move the Pinal County Board of Supervisors deny case SUP-007-23

If This Request is Approved:

The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel # 510-63-0100 at 49641 W Jean Drive in unincorporated Pinal County.

Location:
Parcel number: 510-63-0100(Legal on File)

Items for Board consideration:

- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 2016.

Analysis
The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently has a Single-Family Residence. The property site plan features a 1,150 square foot kennel building housing 12 kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00 pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setback requirements and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs

are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a “puppy mill.”

Commission recommendation:

- At the March 28th Board of Supervisors meeting, the Board voted to remand SUP-007-23 back to the Planning and Zoning Commission for recommendation with consideration of 11 stipulations as revised by staff.
- At the June 19th Planning and Zoning Commission meeting, the commission discussed applicability of the revised stipulations and offered revisions. The commission voted (8-0) to approve SUP-007-23 with 11 revised stipulations, including revisions to stipulation #4, #6, #8, and #11.

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

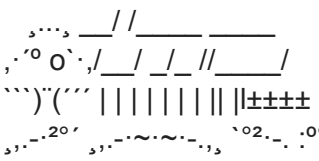
Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.



Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

Hello,

I have known Shell Abbott for over a decade, both personally and professionally. I first met Shell when I needed dog training. I have also been to Shell's home when I was looking at puppies. I was impressed by how organized, clean, and well-mannered her dogs are, although it was no surprise.

Knowing Shell, I can tell you that she is a genuine and ethical person who cares not only about her dog's well-being but also about other people. Shell, her husband Russ, and her family donate their time to good causes by traveling to other countries to help people in need. They also contribute to our community and are a valuable asset. Right now, they are doing 20 acts of kindness inside our community.

I have also heard nothing but good things about both Shell and Russ over the years from friends and clients of mine. I believe that any of her neighbors know that if they had an issue with Shell's business, they would discuss it directly with both Shell and Russ. They both would work to make things right for both her neighbors and their business.

It is a privilege and honor to know both Shell, Russ and their family.

If you would like to discuss this further with me, you can reach me via the info below.

Thank you,

Shannon Ellis

To Whom It May Concern,

I am writing in full support of the Special Use Permit (SUP) for the kennel properties operated by Ranelle and Ashelle Abbott.

I have known this family for 16 years and have visited their property many times throughout that time. Each visit has left a positive impression on me. The dogs are consistently well-behaved, calm, and socialized. I've never experienced excessive barking, aggression, or disruptive behavior from the dogs—even when arriving at the gate or walking the property. In fact, I often forget just how many dogs are there because they're so quiet and well-managed.

The property itself has always been clean and well-kept. I've witnessed firsthand the level of care, attention, and pride this family puts into their work. This is not a chaotic or neglectful operation—it's a well-run, responsible, and loving environment for the animals.

I've also spent time with the family in the garden and around the property and have never felt like the dogs were disruptive to conversations or daily life. If anything, their calm demeanor stands out as a testament to the excellent training and care they receive.

Small, family-owned businesses like this are the heart of our communities. They deserve to be protected and supported, not pushed out by large corporations or new developments that may not understand the value of what already exists. The integrity, honesty, and quality behind this kennel operation is something that should be preserved. This family has deep roots in the area, and if there were any issues with noise, dishonesty, or neglect, it would be evident to those of us who know them well.

I strongly urge you to approve the SUP and allow this small business to continue serving both the animals in their care and the greater community.

Sincerely,
Rae Castro

To whom it may concern,
I would like to submit a letter of support for the Abbott family related to their German Shepherd breeding business. I have known Ranelle and Robert Abbott for approximately two years and have attended several social events at their home. Their German Shepherds are very quiet, and I usually can't tell that they are around. I have always observed that they are well trained to respect the presence of visitors and have never been a nuisance. Please approve their German Shepherd business to continue. Thank you.

To whom it may concern,

I am writing this affidavit in support of the Abbott family's request to retain their special use permit for keeping German Shepherds at their residences.

I have known the Abbotts through our shared involvement at Compass Christian Church in Chandler, and we are also members of the same Life Group in Maricopa City. On numerous occasions, the Abbotts have graciously hosted our Life Group meetings at their home. During these visits, I have never observed any issues related to their dogs or any other animals on either of their two properties, which operate under Abbott's German Shepherds located on Val Vista and Jean Roads.

From my firsthand experience, the Abbotts conduct themselves with the utmost professionalism in both their business operations and their care for the dogs. Their properties are consistently well-maintained, and the animals are treated with great responsibility and care.

In addition, I am aware that the Abbotts have been involved in the dog breeding and training business for many years. They have made a meaningful impact on the local community through their volunteer work as 4H leaders in the dog program, dedicating many hours to training and educating families on how to properly train and groom their dogs.

For these reasons, I see no justification for the revocation of their special use permit.

Should you require any further information or clarification regarding this affidavit, please feel free to contact me directly.

Sincerely,

Antony Obanda, Ph.D.

To Whom It May Concern
City of Maricopa

I am writing to offer my full and sincere support for Abbott German Shepherd, located at 50956 W. Val Vista Rd., Maricopa, AZ 85139, and to affirm the high standard of care and professionalism demonstrated by the owners in their breeding operation.

I had the unique opportunity to live on the Abbott farm for several months while I was working in Arizona, and I spent significant time at both their Val Vista Road location and their Jean Drive property at 49641 W. Jean Drive. At both sites, I witnessed firsthand the thoughtful and responsible manner in which their German Shepherds are raised and cared for.

The primary property on Val Vista spans 3.33 acres, which is more than adequate to accommodate their dogs. The land is well-maintained and thoughtfully arranged to allow the dogs ample room to run, play, and exercise. I observed the dogs integrating peacefully with horses and visitors alike. They are well-behaved, well-socialized, and never once did I witness any aggression toward people or other animals.

The Jean Drive location is similarly set up and includes a track around the property where the owners and dogs run together nearly every morning. This consistent, structured exercise is not only excellent for the dogs' physical health but is also a testament to the level of dedication and training that Abbott German Shepherd puts into their animals. Additionally, privacy fencing is in place near the indoor kennel and runs, ensuring that the dogs are both secure and considerate of the surrounding community.

While the dogs naturally bark briefly when a vehicle approaches or stops at the gate - as any protective or alert dog would - I have never found the barking to be excessive or disruptive. They quickly settle once the vehicle has moved on. It's important to understand that this is normal and expected behavior for any well-trained working breed.

During my time at the property, several litters of puppies were born. I was deeply impressed by the attentive care provided to both the puppies and their mothers. The mama dogs had the freedom to go in and out of their whelping areas, allowing them to nurse and care for their pups while still enjoying movement and enrichment throughout the property.

Every evening, the dogs are safely brought indoors to comfortable and clean accommodations. This routine not only ensures the dogs' safety and rest but also demonstrates how mindful the Abbotts are of maintaining a peaceful environment.

Abbott German Shepherd operates with a high level of integrity, and their breeding program reflects the values of animal welfare, structure, and responsibility. The concerns that have been raised do not reflect the reality of the care I personally witnessed, and I respectfully urge the City of Maricopa to reconsider any actions that would jeopardize their license or ability to continue providing quality dogs to families and working homes.

Sincerely,

Dear Shell,

I'm beyond thrilled to write a letter that tells about the wonderful experience that myself and my family had on your property. Though four years apart, we flew in from New Jersey to your lovely space to see your incredible German Shepherd line. We walked away with a beautiful German Shepherd puppy, both times

It was arriving at your Kennel that we knew we were in the right hands. You are such a responsible kennel owner! Your beautiful property, the cleanliness of the kennels, your honesty and the happiness of all the animals, that's when they knew this was the right place for us to get our puppy.

I would never contemplate about going anywhere else. Your kennel is always immaculate, your family treats us just like their family and your property is always welcoming and clean.

We look forward to sharing many more years of coming to visit.

All the best to you, your family and business.

To whom it may concern:

I fully support the Special Use Permit that Abbott's German Shepherds is applying for. I worked with Shell over a two-year period while she helped train my dog Salish for service dog work. I also interacted with several members of the Abbott family and their dogs in training.

I have trained several dogs, but Shell Abbott was the most impressive, professional, caring trainer I've ever known. Her breeding and training programs are a role model. I also know this family contributes extra time to work with needy animals.

Please approve their permit in order to promote the best possible program.

We had a wonderful experience when we brought Berenger into our home. You were thorough in your vetting of me as a potential customer and attentive to any and all questions. You also followed up to make sure everything was going smoothly.

Zion and Dagger Doll had the most even temperaments when we met them and were healthy and happy. We can’t say enough good things about you and your business and hope your license is granted.

Thank you,

A Reflection on Our Family Kennel Experience

Dear whoever this concerns,

I hope this letter finds you well. I wanted to take a moment to share some insights about my experiences growing up in our family kennel business and the lessons I've learned along the way.

From an early age, I was instilled with a sense of responsibility that came with caring for the dogs and managing our kennel. I learned the importance of proper paperwork, tracking finances, and accounting for the funds we earned. This experience taught me how to allocate money wisely, dividing it for tithing, saving, and spending, which has been invaluable in developing my basic business and life skills.

Caring for the puppies and dogs has given me firsthand knowledge of their needs. I've always felt comfortable inviting friends over to the kennel, knowing that the dogs are well-trained and non-aggressive. This trust has allowed me to develop patience and persistence as I interact with them. It's a joy to be outside, engaging in conversations, with the dogs quietly seeking attention rather than causing a ruckus. Their only desire is to be petted, which speaks volumes about their temperament.

Additionally, honesty has always been a cornerstone of our business ethics. We've never discussed the possibility of being dishonest about our dogs or the money we make from the kennel, as integrity is vital to us.

I hope this letter provides a clearer picture of the dedication and love that goes into our family kennel. Thank you for taking the time to read my thoughts.

Warm regards,

Damearrah Abbott

To Whom It May Concern,

I have known the Abbott family since 2008 when we purchased a beautiful white German Shepherd who we named Brutus. After that we became friends and helped each other caring for each others dogs as we bred as well and watched them when we both traveled. They are a kind and loving family and have always treated their dogs with love and kindness just like family. They have a reputable business and should be allowed to continue to live and thrive with their family business where they live.

Sincerely

RE: APPROVAL OF SPECIAL USE PERMIT FOR ABBOTT'S GERMAN SHEPHERDS

Dear Sir/Madam,

I am writing you to request approval for a special use permit for Abbott's German Shepherds. Since 2009, I have purchased two German Shepherds from Abbott's German Shepherds. I have personally interacted with the owners of Abbott's over the years many times and been to their property with each dog that I purchased.

I only will purchase my dogs from Abbott's German Shepherds because of the exceptional quality of their breeding program. They do not breed any animals that do not pass exceptional health standards. In addition, the dogs are bred for great temperament for families which is of great importance.

Their on-site facility is well maintained, clean, no odor, no noise, and all the animals are in excellent health and well-mannered. The manner in which they breed and maintain their facility is of the highest standard which is why I have come back twice for my German Shepherds. My first German Shepherd from Abbott's lived 14 years and was of exceptional health. The one I have now just turned 4 years old and has always been of great health. I trust Abbott's breeding program and how they manage their business. I will continue to only use Abbott's German Shepherds. They have been in the Valley for many years.

I ask you to please approve the Special Use Permit to allow this exceptional breeder of German Shepherds to continue to provide families with pets that are healthy, well- tempered, and trained.

Please feel free to contact me at any time if I can answer any questions.

Kindest regards,

Cassandra Perkins

To whom it may concern, I lived in Maricopa for 8 years and personally know the Abbott Family. I was always so very impressed by the way they run their kennels and how they treat their dogs. Professionalism and integrity are two values the entire family represents. Their care for the animals extended to people as well. The Abbotts understand the German Shepherd breed and that the dog should fit the owner. They spend time making sure that happens. Given their depth of knowledge, expertise and outstanding character it is vitally important that their business continue to offer their services to those who want it. Abbotts German Shepherds

To whom it may concern.
We are clients of Abbotts German Shepherds. Our experience with them has been wonderful. We bought and adopted a lovely German Shepherd dog from them and she is beautiful and so intelligent and very healthy. She has an affectionate and playful personality. At the very start, Abbotts talked to us about our experience with dogs and with German Shepherds. They probed to ensure that we would be a good fit for one of their puppies. And then they spent quite a bit of time helping us pick a puppy from one of their litters. After we chose the puppy they sent us regular emails to prepare us for the dog. These emails covered food, training, medical care, shots, proper crates, potty training, good vendors for food and supplies, and just about any topic that would help us.
When we picked up the puppy they spent time with us to discuss the vaccinations and vet check ups that had already been done, and they talked to us about how to introduce the puppy to our family and house. Since then they have been a great resource for us as questions arise.
I highly recommend Abbotts as a breeder for anyone interested in a great German Shepherd puppy. I would be happy to discuss with potential new clients of Abbotts.
Sincerely,

Alfred Castino

To whom it may concern-

We met the Abbott Family almost 3 years ago. While googling German Shepherd breeders, I came across the Abbott German Shepherd webpage and was immediately impressed. The whole family is involved in raising these German shepherds. these German shepherds are well rounded. They are exposed to livestock, cats and kids. Before they go to a person's home, they have had experiences such as kennel time, paws touched and worked with for nail trims in the future, basic commands worked on what a dream to get such a puppy! To have puppies constantly worked with by different members of the family is top-notch, especially with German shepherds.

When we went to pick up our puppy, we were immediately impressed on the cleanliness of the facility and their personal house is. The mother dog got to spend the last hour with her puppy running around in the yard. Prior to us leaving, they took the stuffed animal that we brought with us and rubbed the mother's scent all over the stuffed animal to help our puppy with his transition into our home. I don't know many people who go to that extent. He slept the whole way home. He did great with kennel time which helps him learn how potty training. We love this facility so much we will definitely be getting another puppy from them someday when the time is right for us.

I wish everyone had as high of standards just like Abbott's German Shepherds!!

Thank You-

To Whom it May Concern
I have visited the Abbot's property several times. They breed and raise and train beautiful German Shepherds there for their business Agsdogs.
The dogs have kennels there but they spend a lot of time inside the family home. They are fed and maintained. The puppies are born and receive tender loving care until they are put on the market and sold to people who have been thoroughly vetted as loving owners. I have recommended Agsdogs to many people as the dogs they raise have won many awards , and the puppies that are put on sale are acclimated to other dogs and used to being around people.

Dear Members of the Board,

I am writing to express my full support for the special use permit for the kennel properties operated by Abbott's German Shepherds (agsdogs.com). My family (including my 2 young daughters) and I have had the opportunity to visit both locations on numerous occasions, and we have consistently been impressed with the professionalism, cleanliness, and care demonstrated by the staff and facility.

Throughout our visits, we always felt comfortable and welcome. The environment at both properties is calm, well-managed, and safe for both animals and visitors. The people at Abbott's German Shepherds are passionate about what they do and committed to doing it right. It shows in everything—from the condition of the kennels to the way they interact with families like ours. Their dedication to responsible breeding, training, and canine welfare is evident in every interaction we've had.

Additionally, we've experienced no issues with excessive noise or disturbances at either location.

The kennels are clean, well-maintained, and thoughtfully designed to support the health and well-being of the dogs. It is clear that Abbott's German Shepherds prioritizes high standards in every aspect of their operation.

In my view, these properties are a credit to the community, and I truly hope you will grant the special use permit so they can continue providing exceptional care and training in a responsible, respectful manner.

Sincerely,

Christine Warren

SOP for the two properties that operate Abbott's German Shepherds in Thunderbird Farms

My name is James T. "Ted" Leonard. I'm a retired Pastor, and a 30-plus year resident of Arizona, of which the last 15 plus years have been in the City of Maricopa.

My family and I have known the Abbots, Robert and Ranelle, for many years. We have found them to be wonderful people. We have been to their home on multiple occasions, and have always found their home and their property clean and well cared for.

The Abbots are currently applying for a Special Use Permit to allow them to continue raising and selling the highest quality German Shepherd puppies on their property, as they have been doing for many many years.

The Abbots are an asset to this community, and the resources from this endeavor allows them to provide for their family's needs.

I strongly urge you to grant this request.

Sincerely,

J. T. Leonard

To whom it may concern,

I would like to attest to the professionalism, proper care and feeding, health checks, and overall excellence in Abbott's German Shepherds. I have visited their facility and it is top notch. I haven't had the opportunity to acquire my dog from them yet (full time job) but I do have a deposit with them for a future pup. I wouldn't get a German Shepherd from any other breeder. Abbott's German Shepherds is the only one I trust. The dogs are extremely well taken care of, are socialized, have freedom to run and exercise, and given a full bill of health prior to going to their new home. I fully support their program and facility.

SUP for the Abbott, German Shepherd, kennels.
Dear Pinal County Board of Supervisors,
I hope this message finds you well. I wanted to take a moment to share my thoughts on the welcoming environment fostered at the Abbott family kennel, particularly reflecting on my experiences during my visits.
Whenever I come over for barbecues or to work on my vehicles, I am always at ease knowing that the dogs are well-behaved. They greet newcomers with calmness, and even upon my arrival, they remain quiet and observant instead of barking. This is a testament to the training and care that has been instilled in them.
I have consistently observed the high level of care provided, with the dogs always well-fed and clean. I enjoy being a helpful presence, contributing by assisting with chores, such as filling the dog food bins.
I also want to address some misleading comments the Abbott family has encountered regarding their feeding practices. The dogs are free-fed, which means they do not bark out of hunger or excitement when it's mealtime. This approach contributes to a peaceful atmosphere, enhancing the overall experience at the kennel.
Thank you for taking the time to read about my personal experiences and the wonderful environment we've created together.
Best regards,
Brian Garrett

My wife and I wanted to thank you for the Bedframe and lamps. Also to commend you on the behavior of your Shepards. When we arrived we pulled up to your gate and all of your Shepards came to greet us. Much to our surprise not a single one barked at us. You called them back so we could open the gate and drive thru. When we were there loading everything up in the back of our Tahoe one of the Shepards jumped in and went straight to our son who was so happy. We lost a Shepard a year ago so it was awesome she went to him for some lovins. It was real sweet. We've never witnessed such good behavior. How ever you've trained them you've done an excellant job. Not a single one acted aggressive. IF I hear of any one needing their dog trained, I will definitley let them know about you.

Again thank You

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Re: Opposition to SUP-006-23, Dog Kennel

To the Board of Supervisors,

I am in opposition to a kennel SUP located on Val Vista. For the same reasons I opposed the one on Jean Dr., I am opposing the one on Val Vista. The lots are too close to each other and dog kennels need to be further out. We alsIo have a huge stray dog problem out here. That should and needs to be under control before we add a breeding kennel to the mix. Most ranches out here have one to several dogs they have adopted as strays. We call them desert dumps. I do not know what type of kennel this is but a rescue facility further away from the long/narrow lots of Thunderbird Farms would be more appropriate.

For the first two years I lived in Maricopa, I stayed at a house on Gail Lane, near Jean. Even though it is a rural area, the 3.3 lots are long and narrow making the homes close to each other.

What I noticed is that the sounds travels. Any sound from parties, dog barking or cars driving down Papago carried for blocks. I initially wanted to find property in Thunderbird Farms but found it very noisy. So, when looking at property, we went further south into Hidden Valley. I am glad we did as it's much quieter out here.

Thunderbird Farms is great for horses and livestock and even chickens. But for dogs they need to be a bit further apart from neighbors due to the barking. And dogs bark. You can hardly control that. And when one barks, all the others join in.

For those reasons, I don't think a dog kennel (due to the noise) is appropriate for this area.

Subject: Opposition to Special Use Permit for Commercial Kennel

Dear Clerk of the Board,

I am writing to express my strong opposition to the proposed Special Use Permit that would allow a commercial kennel to operate on a 3.3-acre lot.

This proposal sets a dangerous precedent. Zoning regulations exist for a reason — to protect the integrity of residential communities and ensure the health, safety, and well-being of residents, animals, and the surrounding environment. Commercial kennels bring increased noise, potential traffic, sanitation concerns, and potential animal welfare issues that are incompatible with the intended use of a lot of this size and zoning classification.

Approving this permit would undermine the zoning protections that residents rely on and could open the door to further inappropriate commercial encroachments into rural or residential areas.

Please do not approve this Special Use Permit. I urge the Board to uphold the existing zoning regulations and prioritize the long-term interests of the community.

My wife sells real estate and has experienced the barking at feeding time of this property without extra animals there and it is already ridiculously loud it is very unfair to the surrounding homes. Imagine if it were your property would you want to accept that??

Thank you for your attention and consideration.

Sincerely,

Bill Vincett

RE: Special Use Permit SUP-006-23 and SUP-007-23

May 23, 2025

Address: 51088 W. Val Vista Rd.; Maricopa, AZ 85139 (Ralston Rd/Val Vista Rd)

Parcel Number: 510-62-30302

To Whom It May Concern,

I am writing to express my **strong opposition** to the approval of Special Use Permits SUP-006-23 (50956 W. Val Vista Rd.) and SUP-007-23 (49641 W. Jean Dr.) for the operation of kennels.

My family and I have resided two properties away from the Val Vista Rd. location for over two decades, and we have experienced significant and repeated issues related to the applicant's previous kennel operations. These issues include:

- **Animals regularly escaping** the property and roaming the streets, particularly Val Vista Rd., which poses a danger to the public and to the animals themselves, especially since Ralton/Val Vista is a busy intersection due the Santa Rosa Cooler down on Ralston. Most recently this past week the current dogs on the property were running on the street

- **Aggressive behavior from dogs** that have breached fences, leading to direct confrontations with our own animals. Years back, One of our dogs sustained a permanent injury from a fight through our fence due to these incidents.

- **Lack of responsible animal control.** While the applicant often had her children, in the past, attempting to retrieve the escaped dogs or horses (sometimes their own, sometimes boarded), it was clear there was no consistent or reliable system in place.

- **Persistent noise disturbances** due to continuous barking from the dogs on the property.

While I have reviewed the proposed stipulations associated with these permits, my personal experience suggests they will not adequately address the ongoing problems. Specifically:

- Bark collars, while helpful in theory, are **not a reliable long-term solution.** In our own experience, bark collars require regular charging or battery replacement, and when left on for extended periods can cause skin irritation to the animals.

- **Noise mitigation** efforts are unlikely to succeed given the number of dogs and the history of poor enforcement. High fences may contain the animals but will not contain the sound.

- Confinement of multiple dogs in a limited space often leads to increased aggression and barking, further undermining the promise of a controlled environment.

Regarding SUP-007-23 on Jean Dr., I believe this property is occupied by one of Ranelle's adult children. Based on past interactions and ongoing behavior patterns, I do not believe there is sufficient responsibility or maturity demonstrated to manage a kennel operation in compliance with the required standards. There is a long-standing pattern of entitlement and disregard for neighbors' concerns.

In summary, I respectfully urge you to **deny both permit applications**. Our neighborhood has already endured many years of disturbances, safety hazards, and lack of accountability. These past experiences strongly suggest that neither location is suitable for a kennel operation, regardless of proposed stipulations.

Thank you for your time and consideration.

Sincerely,

Martzolf-Finley Household

For safety reasons he now carries mace when reading that particular area. If these animals should get out they are a definite safety consern.

Good morning!
I hope you had a pleasant holiday weekend! We have attached pictures of the German shepherds at large, pictures of the current fence that is on part of our shared lot line that they would like to adopt into the stipulations (even though it is non compliant), and videos of the dogs showing aggression and barking. Please take a look at the files, as some of you have requested and watch prior to voting on the SUP for the dog kennel, as these items may give a clearer understanding of what the neighbors/neighborhood is dealing with.
I will follow up with a link to the files in google drive on another email.

PETITION AGAINST THE SPECIAL USE PERMIT AND OPERATION OF A DOG KENNEL AT 49641 W Jean Dr Maricopa, AZ 85139.

Case SUP007-23

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

4. Property Value Concerns

Many residents are worried that the presence of a dog kennel will lower the property values in the surrounding area, making it less desirable for families and potential buyers.

5. Traffic Issues

The increased traffic due to visitors and deliveries to the dog kennel could create safety hazards, traffic congestion, and inconvenience for those living in the neighborhood.

6. Zoning and Land Use

The construction and operation of a commercial dog kennel/breeding place is not in accordance with the existing zoning regulations for this area, and allowing it could set a precedent for other commercial enterprises in a residential or mixed-use zone.

7. Community Character

The operation of a dog kennel may change the character of our neighborhood, making it more commercial and less residential. This can negatively affect the sense of community and the general atmosphere of the area.

Petition Signatories (continuation page 2 of 3)

We, the undersigned, respectfully request that the proposed dog kennel not be approved, and that alternative solutions be considered to address the needs of pet owners while maintaining the integrity of our community.

Number one, a code compliance officer went to new property in April numerous times and no dogs were even seen on site. Horses yes, dogs no. They left a card and they contacted us. I explained what they can and can't do.

I contacted animal control , like I told you I would, and they said that the 50956 W. Val Vista property does have a **Class IV commercial kennel license** but not the other properties. They claim all selling of puppies go through this property. I have been researching and SR zoning does allow the "The raising and marketing of poultry, rabbits and **small animals, raised on the premises**." I contacted our planners and they said SR zoning is an agricultural zone that allows selling animals that are raised on property.

I am limited in what I can do since we have to produce **evidence** that they are selling puppies from the other addresses. They claim they just have personal dogs at other properties.

So I have been keeping an eye on this case and having a CCO go by randomly but unless I have someone come forward saying they bought a puppy from the other address, I have no evidence. They can have kennels but cannot sell the puppies at any address other than the 50956 W. Val Vista address. I am sure they know it so they are very careful.

Good morning Patrick,

I just tried leaving a message this morning and I'm not sure it sent. I just saw your email last night and I hope it's not too late to add it to the commissioners packet. After reading the packet that Abbott's German Shepherds submitted, there are also a few items that were not answered in the paperwork…3 of the "yes"or "no" questions about them understanding that there may be special stipulations or rules with the special use permit. The question about there being an incorporated neighborhoods within 3 miles has now changed as well.. that should be marked with "yes". I believe our note is really important to be shared ahead of time.
I have copied and pasted our letter below.

Thank you,
Katie Buhr

Dear Pinal County Board of Supervisors,

We hope this letter finds you well. We are writing to formally express our concern regarding the proposal to obtain a special use permit for a dog kennel adjacent to our residence at 12330 N White Rd. The location of the kennel poses significant challenges and inconveniences to the surrounding community, including our family.

First and foremost, the noise level that typically accompanies a dog kennel—whether it be barking, howling, or other disturbances—raises substantial concerns about the quality of life for nearby residents. Our neighborhood is generally peaceful, and since the addition of this dog kennel, that was built in 2018/2019, there have been many instances of dogs barking through the night, loud barking within the kennel, and at times howling in the kennel all day long, or the dogs running the fence line as people walk, ride, or drive by.

As homeowners who have been living next to the property on Jean since 2000, it was unfortunate to see new neighbors purchase the adjacent property in 2016, move in and start building a big dog kennel about 15' from our property line.
My wife, who was pregnant at the time, feared for her safety as there was only 4' no-climb fence between her and multiple German shepherds who would bark at her aggressively, or anyone, whenever we went outside on our property. The property currently only has a 4' perimeter fence. There have been times that dogs have escaped their yard, and ran around the neighborhood. There have been multiple times when their dogs came onto our property and retrieved without our permission.

After attempting to be cordial neighbors, and find a solution in hopes to cut down on the dogs noise and incessant barking whenever they saw us, things turned sour with Russ and Shell because we decided to contact animal control (in 2018) to file noise complaints, and the county to further inquire about this property opening a commercial dog kennel. The county said the Val Vista property made a special deal with years ago to be able to run a commercial kennel because their neighbor (who was only living there part time) let them "borrow" average, to meet the (still current) requirement of at least 5 acres. They decided to expand their business to the Jean property, but this property did not meet the minimum 5 acre rule, which was only granted in the past to their parents first property on Val Vista.

Ranelle, Russ, and Shell were told by animal control and the county that they could not be selling dogs at the new property, and the family assured them that there were no puppy sales happening at the Jean location, and only at the original home on Val Vista. This occurred back in 2019, and since then, and as stated in their plans to you in 2022, there were puppy pickups that happened at the Jean property, and currently are still happening. This went against rules county had in place for them, and also increased traffic and disrupted our life. We get people stopping at our house, one even driving onto our property asking if this is the place "to pick up their puppy".

We are concerned about the long-term implications of having a dog kennel so close to our home. It affects property values and makes it more difficult for us or neighbors to sell or rent homes in the future.

I kindly urge you to not let this business expand, and impact our neighborhood with the noise, our safety, and negative impacts on home values, and to consider the current cc&r's and zoning that states commercial animal kennels need minimum of 5 acres and a kennel must have minimum setbacks that are not currently met or can be achieved on this lot width. This family purchased a second property to expand their businesses in a location with restrictions prohibiting commercial kennels. There are city incorporated neighborhoods 2 miles away, that will be impacted as well as our immediate community.
Please ask yourself if this is something you would like to have next to your home, and vote accordingly. Our cc&r's are in place to protect property owners and going against them does not align with the "Vision" of the area.

Thank you for your attention and consideration on this important matter.

Sincerely,
Chad and Katie Buhr

For Patrick.
I had noticed on the presentation that there was no letter of opposition for the Val Vista site kennel listed. I had sent an email to you a while back, and I am unsure of what had happened, but the below letter is what I have shared with the BOS. Thank you.

RE: Special Use Permit SUP-006-23 and SUP-007-23

May 23, 2025

Address: 51088 W. Val Vista Rd.; Maricopa, AZ 85139 (Ralston Rd/Val Vista Rd)

Parcel Number: 510-62-30302

To Whom It May Concern,

I am writing to express my **strong opposition** to the approval of Special Use Permits SUP-006-23 (50956 W. Val Vista Rd.) and SUP-007-23 (49641 W. Jean Dr.) for the operation of kennels.

My family and I have resided two properties away from the Val Vista Rd. location for over two decades, and we have experienced significant and repeated issues related to the applicant's previous kennel operations. These issues include:

- **Animals regularly escaping** the property and roaming the streets, particularly Val Vista Rd., which poses a danger to the public and to the animals themselves, especially since Ralton/Val Vista is a busy intersection due the Santa Rosa Cooler down on Ralston. Most recently this past week the current dogs on the property were running on the street
- **Aggressive behavior from dogs** that have breached fences, leading to direct confrontations with our own animals. Years back, One of our dogs sustained a permanent injury from a fight through our fence due to these incidents.
- **Lack of responsible animal control.** While the applicant often had her children, in the past, attempting to retrieve the escaped dogs or horses (sometimes their own, sometimes boarded), it was clear there was no consistent or reliable system in place.
- **Persistent noise disturbances** due to continuous barking from the dogs on the property.

While I have reviewed the proposed stipulations associated with these permits, my personal experience suggests they will not adequately address the ongoing problems. Specifically:

- Bark collars, while helpful in theory, are **not a reliable long-term solution.** In our own experience, bark collars require regular charging or battery replacement, and when left on for extended periods can cause skin irritation to the animals.
- **Noise mitigation** efforts are unlikely to succeed given the number of dogs and the history of poor enforcement. High fences may contain the animals but will not contain the sound.
- Confinement of multiple dogs in a limited space often leads to increased aggression and barking, further undermining the promise of a controlled environment.

Regarding SUP-007-23 on Jean Dr., I believe this property is occupied by one of Ranelle's adult children. Based on past interactions and ongoing behavior patterns, I do not believe there is sufficient responsibility or maturity demonstrated to manage a kennel operation in compliance with the required standards. There is a long-standing pattern of entitlement and disregard for neighbors' concerns.

In summary, I respectfully urge you to **deny both permit applications**. Our neighborhood has already endured many years of disturbances, safety hazards, and lack of accountability. These past experiences strongly suggest that neither location is suitable for a kennel operation, regardless of proposed stipulations.

Thank you for your time and consideration.

Sincerely,

Martzolf-Finley Household

Hi Patrick,

This correspondence is for the purpose of stating my objections to SUP-007-23 and SUP-006-23 to be heard on June 19, 2025. SUP's for dog kennel operations are not suitable in a SR zoning classification. While this is a large lot classification, a kennel should not be allowed for the following reasons. (1) Noise travels great distances in rural areas. Barking noise from a dogs barking can be heard as far as 1/4 to1/2 mile away depending on time of day and other factors. That means that residents of the area, not just those living next door, will be impacted by the noise of multiple animals at all hours of the day. While there is technology to help address this issue, it is unreliable at best, and worthless in general application. (2) The applicant has been in violation of the code for many years to the exasperation of their neighbors. While compliance is the goal of code enforcement, I feel that the applicant should not be rewarded with an SUP after so many years in violation. It is simply not a good policy. (3) The Commision will be receiving letters from customers of the applicant expressing their thoughts on the QUALITY of the animals, and their level of care of them. Nobody is objecting to this SUP application because the applicant does not run a caring and professional operation. These customers DO NOT LIVE next door to or in the vicinity of the applicant's location, and do not have to suffer any of the negative aspects of living in the vicinity of such a business operation. Please disregard any letters received from customers that do not have the topic at issue, that being an SUP as their point of argument.

In closing, I urge the Commission to unanimously REJECT the applicant's request for SUP's to operate a kennel, and for code enforcement to close the existing non-conforming operations.

Good morning Patrick,
Here is the letter we discussed yesterday afternoon.

Here is a copy of the petition that neighbors signed:
https://mail.google.com/mail/u/0/s/?view=att&th=195aec11cf7cea94&attid=0.1&disp=attd&safe=1&zw

And here is the letter below. Please let me know if anything did not come through. Thank you for getting this to the board before the meeting, really appreciate it.

To the Board of Supervisors,
After receiving more information from senior planner, Patrick Zaia-Roberts, we thought it was important to address a couple of things. We understand the county code compliance has included the suburban Ranch parcel on Jean Drive to be included as one of the five properties they would like to bring in compliance (under code 2.230, Rural Zoning 030-special uses, subsection d) by obtaining a special use permit (2.151010) section a, subsection o.
Ranelle Abbott is the owner of Abbotts German Shepherds and began her business on the Val Vista property. (Case ending in 00623) This was done with the agreement that Ranelle would claim part of her neighbor's acreage so she would be compliant with the (now current) code for SR zoning that states there must be a minimum of 5acres for this type of business.
On November 29th,2016, Ranelle's daughter purchased a property with her husband and co-signed by Robert Abbott. (Document fee number 2016-079902) At that same time, there was a disclaimer deed filed (document fee number 2016-079903) that explicitly states Ranelle Abbott has no right, title, interest, or claim in this property. This application to include this property for a sup is filed as Ranelle being the landowner. The current deed conveys to "Russell C Beyers and Ashelle S. Abbott, trustees of the Byers-Abbott family living trust."
On April 24th, 2019 we reached out to Paula Mullenix and provided evidence of how this property was using it as a commercial kennel, which was prohibited in SR zoning. That's how we came to know of the old agreement with the county and the property owners mother, Ranelle Abbott. The county told the business that they cannot use the new property for business and they said they only use the Jean property to house their own pets. No puppy sales happen there. This is opposite of what they disclosed in the application for this SUP. They stated that no one visits the original property for puppy sales, in fact they direct them to the Jean property.
Rather than trying to hold the current CC&Rs that are in place for our neighborhood, it seems code compliance came up with the solution to help this business, and not the supporting community.
We are not asking to shut the business down, but asking that the business not be allowed to expand onto the Jean property as well. We ask that you please consider the wishes of neighbors and the current CC&Rs for our neighborhood, which is zoned suburban ranch.
We have attached a list of nearby neighbors who are opposed to this property receiving an SUP, and given more time, we believe, could obtain more signatures of landowners in opposition as well.
Thank you for your consideration of your constituents as you move forward to vote on this important matter.

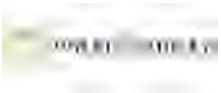
Good Afternoon Patrick
I am writing to oppose the application for a SUP for Abbott German Shepards.
I do not feel a commercial dog breeding business belongs within a residential community.
I watched the P and Z hearing and my concerns are twofold:
1) as they move females and puppies back and forth between the two kennels, there could be upwards of 12 adults at one place at any given time (or more) at any given time. That is too many dogs on 3.3 acres.

2) we are only one street over from Val Vista and when the dogs bark, they Really Bark - the noise is excessive - I can't imagine trying to live right next to either commercial kennel.
I know they have a reputation for taking good care of the dogs, but when they are loose on the property, they chase the horses there. The barking gets very loud, and seeing the dogs chase baby colts is distressing - I always think they are going to get pushed through a fence.
I feel that if they want to expand their puppy breeding business this significantly, it isn't fair to their neighbors.



Sincerely,
Laurie Fuller

My address- 49640 west Gail lane directly south of hearing action property. My phone #. 6026630863 I have no problem with the kennel license , these neighbors keep a very nice place, nicer than others near them. They have my support. Thank you.

PETITION AGAINST THE SPECIAL USE PERMIT AND OPERATION OF A DOG KENNEL AT 49641 W Jean Dr Maricopa, AZ 85139.
Case SUP007-23

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

4. Property Value Concerns

Many residents are worried that the presence of a dog kennel will lower the property values in the surrounding area, making it less desirable for families and potential buyers.

5. Traffic Issues

The increased traffic due to visitors and deliveries to the dog kennel could create safety hazards, traffic congestion, and inconvenience for those living in the neighborhood.

6. Zoning and Land Use

The construction and operation of a commercial dog kennel/breeding place is not in accordance with the existing zoning regulations for this area, and allowing it could set a precedent for other commercial enterprises in a residential or mixed-use zone.

7. Community Character

The operation of a dog kennel may change the character of our neighborhood, making it more commercial and less residential. This can negatively affect the sense of community and the general atmosphere of the area.

Petition Signatories (continuation page 2 of 2)

We, the undersigned, respectfully request that the proposed dog kennel not be approved, and that alternative solutions be considered to address the needs of pet owners while maintaining the integrity of our community.

MEETING DATE: MAY 28, 2025

TO: BOARD OF SUPERVISORS

CASE NO.: **SUP-007-23(ABBOTT'S SHEPHERDS JEAN DR)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, Landowner, is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 49641 W Jean Drive, Maricopa, AZ, to allow for a commercial kennel.*

If This Request is Approved:
The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel # 510-63-0100 at 49641 W Jean Drive in unincorporated Pinal County.

Location:
Parcel number: 510-63-0100(Legal on File)

Items for Board consideration:
- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 2016.

Analysis
The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently has a Single-Family Residence. The property site plan features a 1,150 square foot kennel building housing 12 kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00 pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setback requirements and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than

puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

Commission recommendation:

- At the March 20th Planning and Zoning meeting, the Commission recommended for approval for the SUP on a vote of (9-1) with 12 stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has since proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff also recommends amendment of stipulation #2, and the addition of seven new stipulations specifically addressing the neighbor's concerns (indicated as new Stipulations #4-#10**). The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

Staff presents this case for action by the Board of Supervisors. At the Board's directive, the case may be approved, denied, or remanded back to the Planning and Zoning Commission for review of the proposed changes.

If the Board wishes to approve the Special Use Permit, staff has provided the following 10 stipulations of approval for case PZ-007-23 for Board consideration:

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) A 7-foot-high metal/wood fence, as depicted in the attached picture of the existing fence, shall be constructed by the property owner, in accordance with any building setback standards in the Pinal County Development Services Code, and completed within four (4) months of the approval of the SUP, along the property line abutting their neighbor's property at 12330 N. White Road;

6) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

7) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

8) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

9) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

10) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

If the Board wishes to deny the Special Use Permit, staff offers the following motion: I move the Pinal County Board of Supervisors Deny case SUP-007-23.

If the Board wishes to remand the Special Use Permit back to the Planning and Zoning Commission, staff offers the following motion: I move the Pinal County Board of Supervisors remand back case SUP-007-23 to the Planning and Zoning Commission for review.

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

Regards,

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

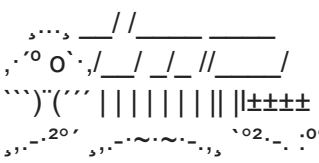
Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.



Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Deahdra-Lynn Atencio

Good morning Patrick,
Here is the letter we discussed yesterday afternoon.

Here is a copy of the petition that neighbors signed:
https://mail.google.com/mail/u/0/s/?view=att&th=195aec11cf7cea94&attid=0.1&disp=attd&safe=1&zw

And here is the letter below. Please let me know if anything did not come through. Thank you for getting this to the board before the meeting, really appreciate it.

To the Board of Supervisors,
After receiving more information from senior planner, Patrick Zaia-Roberts, we thought it was important to address a couple of things. We understand the county code compliance has included the suburban Ranch parcel on Jean Drive to be included as one of the five properties they would like to bring in compliance (under code 2.230, Rural Zoning 030-special uses, subsection d) by obtaining a special use permit (2.151010) section a, subsection o.
Ranelle Abbott is the owner of Abbotts German Shepherds and began her business on the Val Vista property. (Case ending in 00623) This was done with the agreement that Ranelle would claim part of her neighbor's acreage so she would be compliant with the (now current) code for SR zoning that states there must be a minimum of 5acres for this type of business.
On November 29th,2016, Ranelle's daughter purchased a property with her husband and co-signed by Robert Abbott. (Document fee number 2016-079902) At that same time, there was a disclaimer deed filed (document fee number 2016-079903) that explicitly states Ranelle Abbott has no right, title, interest, or claim in this property. This application to include this property for a sup is filed as Ranelle being the landowner. The current deed conveys to "Russell C Beyers and Ashelle S. Abbott, trustees of the Byers-Abbott family living trust."
On April 24th, 2019 we reached out to Paula Mullenix and provided evidence of how this property was using it as a commercial kennel, which was prohibited in SR zoning. That's how we came to know of the old agreement with the county and the property owners mother, Ranelle Abbott. The county told the business that they cannot use the new property for business and they said they only use the Jean property to house their own pets. No puppy sales happen there. This is opposite of what they disclosed in the application for this SUP. They stated that no one visits the original property for puppy sales, in fact they direct them to the Jean property.
Rather than trying to hold the current CC&Rs that are in place for our neighborhood, it seems code compliance came up with the solution to help this business, and not the supporting community.
We are not asking to shut the business down, but asking that the business not be allowed to expand onto the Jean property as well. We ask that you please consider the wishes of neighbors and the current CC&Rs for our neighborhood, which is zoned suburban ranch.
We have attached a list of nearby neighbors who are opposed to this property receiving an SUP, and given more time, we believe, could obtain more signatures of landowners in opposition as well.
Thank you for your consideration of your constituents as you move forward to vote on this important matter.

Good morning Patrick,

I just tried leaving a message this morning and I'm not sure it sent. I just saw your email last night and I hope it's not too late to add it to the commissioners packet. After reading the packet that Abbott's German Shepherds submitted, there are also a few items that were not answered in the paperwork…3 of the "yes"or "no" questions about them understanding that there may be special stipulations or rules with the special use permit. The question about there being an incorporated neighborhoods within 3 miles has now changed as well.. that should be marked with "yes". I believe our note is really important to be shared ahead of time.
I have copied and pasted our letter below.

Thank you,

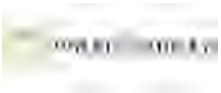
Dear Pinal County Board of Supervisors,

We hope this letter finds you well. We are writing to formally express our concern regarding the proposal to obtain a special use permit for a dog kennel adjacent to our residence at 12330 N White Rd. The location of the kennel poses significant challenges and inconveniences to the surrounding community, including our family.

First and foremost, the noise level that typically accompanies a dog kennel—whether it be barking, howling, or other disturbances—raises substantial concerns about the quality of life for nearby residents. Our neighborhood is generally peaceful, and since the addition of this dog kennel, that was built in 2018/2019, there have been many instances of dogs barking through the night, loud barking within the kennel, and at times howling in the kennel all day long, or the dogs running the fence line as people walk, ride, or drive by.

As homeowners who have been living next to the property on Jean since 2000, it was unfortunate to see new neighbors purchase the adjacent property in 2016, move in and start building a big dog kennel about 15' from our property line.
My wife, who was pregnant at the time, feared for her safety as there was only 4' no-climb fence between her and multiple German shepherds who would bark at her aggressively, or anyone, whenever we went outside on our property. The property currently only has a 4' perimeter fence. There have been times that dogs have escaped their yard, and ran around the neighborhood. There have been multiple times when their dogs came onto our property and retrieved without our permission.

After attempting to be cordial neighbors, and find a solution in hopes to cut down on the dogs noise and incessant barking whenever they saw us, things turned sour with Russ and Shell because we decided to contact animal control (in 2018) to file noise complaints, and the county to further inquire about this property opening a commercial dog kennel. The county said the Val Vista property made a special deal with years ago to be able to run a commercial kennel because their neighbor (who was only living there part time) let them "borrow" average, to meet the (still current) requirement of at least 5 acres. They decided to expand their business to the Jean property, but this property did not meet the minimum 5 acre rule, which was only granted in the past to their parents first property on Val Vista.



Ranelle, Russ, and Shell were told by animal control and the county that they could not be selling dogs at the new property, and the family assured them that there were no puppy sales happening at the Jean location, and only at the original home on Val Vista. This occurred back in 2019, and since then, and as stated in their plans to you in 2022, there were puppy pickups that happened at the Jean property, and currently are still happening. This went against rules county had in place for them, and also increased traffic and disrupted our life. We get people stopping at our house, one even driving onto our property asking if this is the place "to pick up their puppy".

We are concerned about the long-term implications of having a dog kennel so close to our home. It affects property values and makes it more difficult for us or neighbors to sell or rent homes in the future.

I kindly urge you to not let this business expand, and impact our neighborhood with the noise, our safety, and negative impacts on home values, and to consider the current cc&r's and zoning that states commercial animal kennels need minimum of 5 acres and a kennel must have minimum setbacks that are not currently met or can be achieved on this lot width. This family purchased a second property to expand their businesses in a location with restrictions prohibiting commercial kennels. There are city incorporated neighborhoods 2 miles away, that will be impacted as well as our immediate community.
Please ask yourself if this is something you would like to have next to your home, and vote accordingly. Our cc&r's are in place to protect property owners and going against them does not align with the "Vision" of the area.

Thank you for your attention and consideration on this important matter.

Sincerely,
Chad and Katie Buhr
Adjacent property owners to the Jean Dr location.

My address- 49640 west Gail lane directly south of hearing action property. My phone #. 6026630863 I have no problem with the kennel license , these neighbors keep a very nice place, nicer than others near them. They have my support. Thank you.

PETITION AGAINST THE SPECIAL USE PERMIT AND OPERATION OF A DOG KENNEL AT 49641 W Jean Dr Maricopa, AZ 85139.
Case SUP007-23

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

4. Property Value Concerns

Many residents are worried that the presence of a dog kennel will lower the property values in the surrounding area, making it less desirable for families and potential buyers.

5. Traffic Issues

The increased traffic due to visitors and deliveries to the dog kennel could create safety hazards, traffic congestion, and inconvenience for those living in the neighborhood.

6. Zoning and Land Use

The construction and operation of a commercial dog kennel/breeding place is not in accordance with the existing zoning regulations for this area, and allowing it could set a precedent for other commercial enterprises in a residential or mixed-use zone.

7. Community Character

The operation of a dog kennel may change the character of our neighborhood, making it more commercial and less residential. This can negatively affect the sense of community and the general atmosphere of the area.

Petition Signatories (continuation page 2 of 2)

We, the undersigned, respectfully request that the proposed dog kennel not be approved, and that alternative solutions be considered to address the needs of pet owners while maintaining the integrity of our community.

PRANZO: I'll second.

MENNENGA: Any discussion? Everybody in favor?

COLLECTIVE: Aye.

MENNENGA: Anybody opposed? Okay, that one passes. Okay, let's move on then to SUP-007-23.

ZAIA-ROBERTS: Thank you. Thank you, Commission. Patrick Zaia-Roberts again, senior planner here to discuss SUP-007-23. As was discussed in the previous case, this is a secondary location for the same business, although they've applied separately for a separate SUP at a separate property and therefore are going forward for a separate case. This proposal's for a special use permit to allow a commercial kennel on a property in the SR - Suburban Ranch zoning district on 3.3 acres. This property being at 49641 West Jean Drive on parcel 510-63-0100. This is a map showing the approximate location of the property, very close by to the previous one off Val Vista Road. This is a zoning map showing the SR zoning on all sides of the property, and then GR zoning and CR-2 zoning to the east of the property. A vicinity map showing the approximate location of the development and surrounding features, and an aerial map showing the property in question. This is the notification area for the affected property owners on this property. An image looking north, away from the site. South onto the site, with a couple of residents to the right of the sign there. Looking east down

Jean Drive. And west down Jean Drive. This is a site plan of the Jean Drive property. As you can see, similar in layout, with the primary residence at the front of the property, kennel buildings on the north side of the property, in this case, towards the rear. And then the fencing as well on the front part. Excuse me, I'm mixing this up. Primary house is at the rear of the property on the south side of the residence, with the kennel building at the front of the property, with a fenced area on the north side as well. So, items for consideration. Again, this property is one of the five existing commercial kennel properties that were discussed at the January 18th meeting of the Planning and Zoning Commission regarding SUP action under the O category for items as deemed appropriate by the Planning and Zoning Commission. The property is located amongst other properties with rural and agricultural uses. The commercial kennel use is existing and does not present an impact to the public health, safety or welfare, albeit for less time. This one, I believe we said was eight years, as opposed to the 30 years in operation of the other one. The proposed SUP is compliant with standards of the SR zoning district and is comparable to the RU-3.3 zoning district, which offers commercial kennels as allowable through approval of a special use permit. And this property is also subject to a new code compliance case that was filed on March 10, 2025, this one being CC-0188-25. SUP approval

shall make compatible the existing use with surrounding land uses. Other properties nearby have been granted special use permits for uses similar in nature. There's been no change - and I apologize that you have nine here, but I believe eight year old operation, which is proposed on the property. The applicant was proactive in seeking to resolve the code compliance violations of the property, and the applicant has identified a business (inaudible) an articulable need in their community. Now, for this property, staff has received two letters of opposition and one letter of support, in addition to the two letters of support we received this morning. So, the first letter of opposition, again, discusses increased noise and nuisance on the property, instances of escaped dogs at large. Such businesses requiring five acre minimum lot sizes. Violation of terms of the Pinal County Animal Control kennel permit. Increased traffic in the neighborhood and on the neighbor's property, and potential for diminution of property value. The second letter discusses adherence to CC&Rs, concern of indirect ownership in relation to the applicant as a business owner. Concerns that the business is operating on the Jean Drive property, when it originally only allowed on the Val Vista Road property. A desire to see the Jean Drive property not operate as a kennel without impacting the business on the Val Vista property. An inclusion of a petition of 10 neighbors in opposition to the special use

permit. Staff offers this for the Commission decision with 12 potential stipulations.

MOONEY: Are they the same –

MENNENGA: Questions –

MOONEY: I'm so sorry.

MENNENGA: Questions.

MOONEY: Are they the same stipulations?

ZAIA-ROBERTS: They're slightly different. In nature, they are the same, but as far as (inaudible) case.

MOONEY: There are no stipulations, you just have a cover sheet on this.

ZAIA-ROBERTS: I'll go ahead and read them into the record.

MOONEY: Thank you.

ZAIA-ROBERTS: I believe the issue may have been that this packet may have been in two pieces, that may have been why they may have cut off. But we'll go ahead and read them into the record. Stipulation 1. The special use permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors' approval. 2 . Approval of the special use permit will require at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate federal, state, county and local regulatory agencies, all required applications, plans,

permits, supporting documentation and approvals. 3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control. 4. The applicant/property owner shall submit a site plan application within one year from the effective date of this resolution or the special use permit will become null and void. 5. Commercial kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors. 6. SUP-007-23 shall meet Lighting Zone 1 requirements. 7. Signage on the site shall not be permitted. 8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division. 9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of .1 acres or more. 10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District. 11. A traffic impact statement may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact

Assessment Guidelines and Procedures and shall be approved prior to the site plan approval. And 12. A drainage report may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the site plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved drainage plan shall provide retention for storm waters in an on-lot retention area.

MOONEY: Thank you.

MENNENGA: Thank you.

MOONEY: And I do have an additional question.

MENNENGA: Go ahead, go ahead.

MOONEY: Has there been an SUP on this property, or has it been operating for eight years without?

ZAIA-ROBERTS: Without.

MOONEY: Thank you.

ZAIA-ROBERTS: That one has not been issued.

MENNENGA: Commissioner Hartman.

HARTMAN: Thank you, Chairman. Patrick, I may have missed it in your presentation, but from the one we just approved to this one, how far - what’s the distance?

ZAIA-ROBERTS: I believe about two miles. It’s within the same neighborhood. You can see on the vicinity map

here where Val Vista Road is about towards the southwest corner of this map. Go a little bit, a little bit east. That's about a little - sorry, a little too far, a little bit to the west. That's about where the SUP-006-23 property is at, where the cursor's at.

HARTMAN: But as a crow flies, you estimate a couple miles?

ZAIA-ROBERTS: About two miles, I would say.

HARTMAN: Thank you.

MENNENGA: Commissioner Klob.

KLOB: Thank you, Patrick. Question as it relates more of kind of the existing property itself, and I know most jurisdictions have challenges with homes all the way to the rear and then having accessory structures towards what would essentially be the front. In this case, any issues or challenges with that?

ZAIA-ROBERTS: Well, no code compliance action was filed for the house placement. Seeing as this would be effectively acting as a legal non – if approved - acting as a legal nonconforming use whereby they couldn't expand any further. It would be to adopt in the existing property as is, or as built. But that being said, there would probably be an issue with an accessory structure on the front setback, depending on the development standards for the property, were this being applied for as something separate from (inaudible).

KLOB: Mr. Billingsley said as –

BILLINGSLEY: Pinal County still remains to be a very rural County. These are very large properties, and so one of the things that we have to explain to folks all the time is a property like this is not the same as a 7,000 square foot lot in a subdivision. It really is up to the owner of that property to determine where their front yard is, much like my property or Mr. Hartman's property. You live on a large piece of property, just because there's a road on one side does not make that the front side of your house, i.e. the front yard setback. So what we typically do on very large properties is when that house is actually built and permitted, that's when they determine where the front yard of that house is and then the setbacks are assigned from that point forward, if that makes sense. So it's a little bit different on a large property versus a small property in a subdivision, if that make sense.

KLOB: I just wanted to make sure that this wasn't going to cause additional trickle-down effect issues for the applicant later on. Thank you.

MENNENGA: Any other questions, concerns, comments from anybody here? Okay. If we could have the – you okay? Applicant Jason come back up on this one?

SANKS: Good morning again, Chair, Vice Chair and Commissioners. Oh, thank you. Jason Sanks, planner,

assisting the Abbotts. I have a speaker card for both items. I just - if we can leave the aerial up so you can see proximity. Again, they do keep - you can see the property is very tidy, and you're correct, the house is built in the back of the property. It's very large. And I just wanted to reiterate what came in was most of the comments are on this property based on what the neighbors are doing. I think the operation is a very clean operation. I think Shell speaks, she speaks better than I do publicly, so I'll let her speak if there's questions on the operations, but to give you context, we do have, I think the two letters of opposition. I acknowledge their concerns. They've been neighbors for a long time. I think Shell seeks to continue to try to have a good relationship with her neighbors. I believe her neighbors live on the lot that has all the green on it and the items that are, I believe, stored in the rear. But both the letters of the opposition, I think, are from the same property. There was an additional signature that are on the petition from a gentleman that lives nearby, but the rest of the neighbors on that petition don't live within any measurable distance. I think - I'm not sure how they even knew about the application. Some of them miles away. But, you know, Shell's here, I think she wants to do whatever it takes to get your support and keep her business running. It means everything to her and her family to be able to continue operating just as they are. And

it wasn’t for the sake of not wanting to file an SUP or to get away with something, they weren’t even aware that there was a requirement for this in this rural area where other people have animals on their property. It wasn’t until, I believe, the same neighbor complained to code compliance, and then code compliance talked to Shell and her mom, and then they dug in and dug in and found out that an SUP ultimately should be applied for, and that’s why we’re here today was the same, the same place. This is all coming from the same place. So we’re here to make it right, whatever we can do to get your support.

MENNENGA: Any questions for the applicant? I have a comment I probably shouldn’t make, but… Okay, I’ll just leave it alone. The next door neighbor there. Anyway, okay, just looking at the map, like wow. Okay, we need to have the –

SANKS: Chair, with your permission, may Shell speak?

MENNENGA: Oh, absolutely.

ABBOTT: Something that I’ve done - I don’t know if I’m supposed to say this or not, so I apologize – is my neighbor that is here that has put in all the complaints, I have really tried to make it as right as I can with him. I put up a view fence so he’s unable to see into my property, and hopefully I can mitigate the impact of myself on him. None of my other neighbors have requested this, nor do they

mind. We talk through the fence commonly, but that is something I've tried to do to make him happy, you know, so he feels like he has his own area that I'm not impacting. Is that appropriate to say?

MENNENGA: Thank you.

ABBOTT: Okay, cool.

MENNENGA: Is that the neighbor –

??: Which side?

MENNENGA: - with the green yard right there?

ABBOTT: Yes.

MENNENGA: Oh, okay. You answered my question. Thank you. All right. Any questions, further questions for the applicant? Okay, with that, let's open up the public portion for case SUP-007-23, and it looks like we have one to speak to it.

BUHR: The neighbor with the green yard.

MENNENGA: Yeah. You have three minutes.

BUHR: Okay. So, I would like to pull the map back up please. This map is out of date. I'd like to make a couple notes. On the previous SUP that was previously approved, the letters of recommendation were not to that address, they were to this address. For this SUP. So they shouldn't have been considered for that other SUP, okay? So that was - this is all the mess of having one business across two properties, across different owners, right? All the while

they Abbott's German Shepherds, never had an issue with them. When they bought the land next to us, they made it clear that they were going to put a dog kennel in. Shell stated their intentions to – Shell is here in the room – stated their intentions to run a breeding kennel soon after purchasing property in 2016, 2017. And before a kennel was even built, when they inquired with County code compliance, they said residents expressed that only their personal pets were being housed there at the time. Excuse me, sorry, take a breath. After supplying evidence from their business Facebook posts about expanding by the Jean property as it was being built in 2016-2017, as well as the certifications for their dogs that are in fact used for breeding, they told code compliance that they would not be selling puppies at the property, that would only be through the Val Vista property. As noted in their application here, they stated the exact opposite and also stated that they had no known complaints from neighbors. They have been aware of our opposition and concerns from the beginning, which is evident through our discussions, through code compliance, and by texts between the other property owner, Russ Byers - which is Shell's husband - and myself. It's the inconsistencies and the lack of transparency that's so concerning here. The Abbott German Shepherds business, submitted here by Ranelle, with Jason as the representative, didn't show up here, right? She signed a document in 2016

stating that she had no deed or rights there so whatsoever to the Jean property, right? And then later on the property changed to Abbott and to Shell and Russ, his name, along with their dad. There's some stuff going on here, right? There's some wool being pulled over our eyes. When we had concerns with the dogs, my wife was pregnant with our first baby seven years ago, and we talked to a Shell and Russ, said hey, you know, when we go outside - they have a four-foot fence, and that's the perimeter fence, right? They did build a screen in front of our house, but there's a perimeter fence that's only four foot high with German Shepherds. I grew up with German shepherds, they will climb the wall and jump a six foot fence, no problem. All right, I have 30 seconds left, which I feel is a little unfair since all the accusations on my property have been made and stated. This is out of date. When we made a complaint to the County that, hey, these dogs are aggressive, we asked Shell and Russ to let us come over and meet them so they wouldn't bark at us. There's – I have videos, there's dog barking, trying to get at us. My wife is unsafe going outside, she didn't feel safe. Their dogs would be on our side often and they would lift the dog - they would come to our side, lift the dogs and put them over - one elderly dog and other dogs. There's dogs out all the time.

??: Time, Chair.

BUHR: There's a neighbor across the street that

noticed (inaudible). Understand. And they filed a complaint against our (inaudible).

SCHNEPF: I would like to move and suggest the Commission allow the citizen additional time to speak.

??: I concur.

MENNENGA: Okay. Give you another minute. Go ahead.

BUHR: Thank you. So, understanding the business has been in place for a while and that our codes require - our rural codes out there require five acres for a commercial kennel. Those were put in place before some of us, right? And they were - when that community was planned out, that's what the - we decided was the best for that area. If we're going to change our codes in that area, we just blanket change them all, right? But if we're gonna change them in two different locations in the same community to let one business operate across two different areas, we've got to ask ourselves, what are we doing, right? The kennel they have existing is 24 feet from my house, from my property line, where we had a lot of our family get-togethers and we can't be there now because they bark at us, they're loud, and when – it doesn't stink all the time. I'm not going to say that. But when it rains and the wind blows, you can smell their kennel. You can smell it all. The kennel was built with pulling the wool over the County's eyes that this is a private kennel just

for their own personal dogs, yet now, obviously they're using it for this business. And additionally, they knew when they bought this other property that they needed special use because they had (inaudible). And so - permission to go on? Is there permission to one more minute? Finish my statement?

MENNENGA: Go ahead.

BUHR: Okay. If they knew it at the time, why would they go look for another place where they could be noncompliant? They've been noncompliant for the other property since the beginning, and it's established. We stopped reporting their dogs because it didn't make any sense. Russ Byers, the other owner of the house next door, and Shell, have reported me for having stuff on my property. The last three years I've spent every weekend out there cleaning that stuff up. And I'm okay with that, right, because I wanted to clean it up, but I'll tell you what, having a neighbor that comes in, and they're noncompliant, they are building stuff that they did, it's not compliant. They have outside storage non-complicities. This is an old map, remember that. And come in and tell us we have to change the way we're doing. Well, I understand, everybody out there is noncompliant, right? So what happens is they weaponize this, because they didn't like us complaining about their dogs. And since day one, they've been trying to get expansion of their business when they could. Buy the house next door, it's for sale.

There's two by them that's for sale on the other property. So it feels a little bit like we're being stepped on and pushed around. Now, I want to address the petition. There are two people here, myself and the ones north of my house (inaudible).

??: Time, sir.

BUHR: That are against this, and that's 20 percent of the neighboring 300 foot area. These other folks are within hearing distance. There's one that's not, that's in Dune Shadow. But they've all signed this petition, and this didn't come to us until Friday or Saturday last week. We got ours Saturday, other neighbors in the area told me they got theirs Friday, but they didn't understand what was going on when I walked around to talk to people. I didn't have enough time. I have a full-time job and we have three little kids, and I didn't have enough time to go around and talk to folks and make sure they knew what was going on. Additionally, three of the four neighbors around here, adjacent, are Canadian. And I talked to them and they said, hey, we don't want - with the current climate, we don't want to bark up the wrong tree and start any fights because we don't want to lose our privilege to come here. So, with a little more time I think the neighborhood could understand a little better what's happening here and be better represented, but I feel like we're not very represented. I had to cancel a big meeting

with the government and NASA today to come here and talk to you guys.

MENNENGA: Thank you. Any questions? All right, thank you. Anyone else to speak to this case? Anyone at all? Okay, with that we're going to close the public portion hearing on case SUP-007-23 and come back to the Commission. Any questions for –

??: Can we bring the applicant back?

MENNENGA: Bring the applicant back also.

SANKS: Thank you. If it pleases the Chair, may I have the owner, because she needs to speak as well.

MENNENGA: Yeah.

SANKS: Okay, thanks.

MENNENGA: Yeah, very good.

PRANZO: I have a question for the applicant. Is it appropriate now?

MENNENGA: Yes. Yep.

PRANZO: He feels as if he's lost some use of his property, and so that makes me wonder, what kind of setback do the kennels have from his property? And I also heard you speak of the dogs being well fenced, unable to get out. Two things came up on that, that the dogs are getting out. And not to dispute that, but it's out there, someone said it. The other thing is the fencing that the dogs have when they're outside of the kennel, how - what is the setback on that? In

other words, the loss of use of your property is a serious matter. It's very upsetting to be a landowner and find that your neighbors unwittingly are encroaching on the use of your property. So speak to that, please.

ABBOTT: Well, that's the reason why I put up the fence around here. So like he said, when his wife felt like she was unsafe with my dogs, I put a fence up so she can now walk all the way up to her property line without even seeing my dogs.

PRANZO: So the setback on that is 25 feet?

ABBOTT: My kennel is setback 25 feet, but there's a fence that I have from one side pretty much all the way almost to the other side that is just a view fence. That it's solid metal.

PRANZO: All right, but what is the setback on that?

ABBOTT: Two feet.

PRANZO: So you're right on the property line.

ABBOTT: Right.

PRANZO: The kennel is 25 feet.

SANKS: The kennel building is setback 25 feet from the property line, the fence is almost on the property line.

PRANZO: All right, are the dogs on that metal fence?

ABBOTT: On the - no, they're never on the metal fence.

PRANZO: So they don't get to that fence, they're held back in other fencing?

ABBOTT: Oh yeah, they can walk to the fence, but the fence is nine feet tall.

PRANZO: Okay. But it's two feet setback.

ABBOTT: Correct.

PRANZO: On your property line. He also spoke about odorous conditions. Let me understand something, you didn't get there first, he was there first and you came after him?

ABBOTT: Correct.

PRANZO: Okay. What are you doing to - I know you can't eliminate, but mitigate?

ABBOTT: Right. So we have - well, we have trash pick up every week. So obviously I –

PRANZO: Week.

ABBOTT: Well my husband and I. We have it on that property, so we pay for it together.

PRANZO: So it's weekly.

ABBOTT: Weekly, yes. So I have it picked up at least once a week, and then I also – when - with the kennel itself, I have a drainage. So when I power wash, then it goes through a filtration to make sure that it's not holding odors either. So I dug down five feet and then I have the gravel, the sand, the rock, the whole thing to take care of that, along with just regular cleaning supplies that you would use.

But on that property you're looking at normally six dogs, maybe eight dogs.

PRANZO: I was just going to ask you.

ABBOTT: Yeah.

PRANZO: So six to eight dogs on 3.3 acres is - it's not a lot of dogs. It just doesn't have a lot (inaudible). We, I mean, like I said, I pick up all the time. The whole - I means there's horses that are all around us, and then there's other people that have even more dogs than I do that are within our own neighborhood that probably aren't quite as consistent about it, because it's not considered part of their job.

PRANZO: Well, this gentleman's quite irritated and I'm trying to get to the bottom of it because there seems to be layers and layers of minutiae in this.

ABBOTT: Right.

PRANZO: And so what I think I'm hearing is that the main beef was loss, or unable to use his full property. I feel like you've mitigated that with the fence. The kennel's got a 25 foot setback, so from a noise standpoint, that shouldn't be too bad. You are in a very rural area.

ABBOTT: Well, and at night the dogs don't have access to go outside. So they are – they're locked inside of the kennel at night.

PRANZO: Right. Well, I got to tell you, I live

right here in Florence and during the day I'm surrounded by dogs and sometimes they're a pain in the ass on a Sunday, and all of a sudden quiet is gone. Okay? And I'm getting old and grumpy, I'm a real pain in ass, but I don't like it.

ABBOTT: So my neighbor right to the other side, he's never said anything about the smell and he's never said about - if he's - in two times in the eight years, he's not liked one of my dogs. And he's like, like that dog barks a lot. I'm like okay, and then I re-home the dog because I don't want a dog that's barking.

PRANZO: Okay. I still don't feel like I've gotten to the bottom of this, but thank you. Thank you for your time.

MENNENGA: Anyone else?

SCHNEPF: I have a question.

MENNENGA: I understand old and grumpy too, that's (inaudible). Go ahead. Commissioner –

SCHNEPF: Who lives in the house on the property?

ABBOTT: I do.

SCHNEPF: You do.

ABBOTT: I live at this property, correct, with my husband.

SCHNEPF: Okay. And somebody else lives on the other property then. It doesn't have to do with this case, but –

ABBOTT: That's my mom and dad.

SCHNEPF: Okay, so you are on property, so you are able to hear when the dogs are barking at an inappropriate time and you can do something about it?

ABBOTT: So my sister actually is a stay-at-home mom with her two kids that live on that property also, which they're under the age of six. So all the dogs have to be safe with the kids. But that also being said, she's a stay-at-home mom, so other than bringing the kids to school and bringing them back, she is onsite at all times. And if the dogs do bark, then she puts them away or maybe puts a bark collar on them. But in the morning I normally run them first before I even leave the house, which helps with the energy level of –

SCHNEPF: So you're not on the property all day long, or during the day.

ABBOTT: I'm not. No, I come and go throughout the day.

SCHNEPF: Okay, so somebody else is, like you said, there too.

ABBOTT: Yeah, there's some –

SCHNEPF: Watching –

ABBOTT: Yeah, there's pretty much somebody at the property at all times, possibly gone for two hours a day. Yeah, there's probably two hours of the day that nobody's there.

SCHNEPF: I just kind of agree with Commissioner Pranzo that sometimes it's inappropriate to hear dogs barking at night or early in the morning, so that was just another concern that I'm sure the neighbors would not want.

ABBOTT: Right, yeah. Well, and like my neighbor to the west of me, he actually says that the neighbor north of him - oh, that helps - a neighbor just north of me, he's like their dogs bark way more than yours do. And Chad recently got dogs probably, what was it, five years ago? About five years ago. And so normally at night, my other neighbor's like, he's like well it's not coming from your house, it's coming from Chad's. But he doesn't have – I mean he doesn't have an indoor kennel to put his dogs in like I do. So it makes it easy to have quiet time when you have a designated location that you can put them in. Because I don't like dog barking at night either.

SCHNEPF: Yeah, nor do I.

MENNENGA: Anyone else?

KLOB: Through the Chair. Can we put the site plan drawing back up? So I think kind of a housekeeping item and a little bit of a discrepancy, just for clarification.

ABBOTT: Right.

KLOB: In the orientation of this image, the lower right hand corner, 25 feet off the property line is called out a shed, whereas the kennel is 38 feet 4 off the property line.

Which is the kennel, which is the shed?

ABBOTT: Oh, good question. So where the round part is, the one right next to it, that's just a shed. That has like tack in it, like horse tack.

KLOB: Okay.

ABBOTT: So it is probably - I don't have my glasses on. So I guess it is 38 feet out. So it's the big rec – it's the rectangular one. Right there. Yeah.

KLOB: So the kennel's actually almost 40 feet off the property line, not 25.

ABBOTT: Yeah, sorry. I apologize for that.

PRANZO: No, I apologize. I'm the one that read the map.

ABBOTT: Well, I can't see it, so –

KLOB: The housekeeping item that I would, you know, should this move forward, I would almost recommend, would be to add where any fencing is, and the height of fencing to this drawing, to - you know to here it appears there's no fencing. And whether it's four foot fencing, as the gentleman mentioned, or nine foot fencing, or eight foot fencing, or - and the type of fencing. If it's view fencing, if it's block fence, and so on. I think that would be beneficial to show the security, especially as contentious as this is.

ABBOTT: Totally agree.

KLOB: I think, yeah, I think that would answer my

biggest questions here. Have there been - and as the question I asked on the other property - has there actually been any noise complaints lodged by – that you received (inaudible).

ABBOTT: Only by one person.

KLOB: Okay. Are those recent or those been going on over time?

ABBOTT: Only by that one person one time. Well, maybe twice. Pinal County keeps track of it, by Pinal County Animal Control. And so even when she came out for the noise complaint, she's like I don't hear your dogs. I hear their dogs. I hear their dogs, right, she's like but I don't hear your dogs. And so - but you – I - Maricopa County Animal Control does a really good job of coming out and checking out the facility and checking for the smell and checking for the sound, and because they're out there, they're picking up dogs, they're constantly monitoring me even if they only come and check once. And so you can look at their records that they keep for all of that and they've never said anything negative to me about it.

KLOB: Thank you.

MENNENGA: Commissioner.

HARTMAN: You said Maricopa County?

ABBOTT: Pinal County.

HARTMAN: Did you mean Pinal?

ABBOTT: I did mean Pinal County. It's that living

in Maricopa, and Pinal County.

MENNENGA: Commissioner Mooney, and I was going to ask you anyway, you're the one with the knowledge here, so please go ahead.

MOONEY: So – and I'm going to go back on my history. I grew up, we had 110 kind of boarding facility. It was on 50 acres, but we used the front. There were times that the dogs were let out in the morning to exercise and do their business and brought back in. And I've moved to the Wild Wild West from the East Coast. But there's that time to be respectful of your neighbors. We had 110 dogs at Christmas time, and even in the middle of summer when we had 60 to 80, there's a time that they need to be brought inside to be quiet.

ABBOTT: Right.

MOONEY: And it doesn't matter if it's summer here and 115 and you keep them inside because of the heat. We need to able to enjoy our properties as well without worrying about - or, I shouldn't say worrying - but stressing over dogs right on the fence, as it's only two foot off the property, or being able to enjoy time with our family without neighbors' dogs barking. Whether you're on a large piece of property as you are, or I currently am living in an HOA and I get them on either side and it's like, come on people, just trying to have company out in my backyard. And you don't want to cause those

neighbor disputes. So it's - I call that in being commercial where it isn't just a mom and daughter raising some puppies once in a while. Six litters of dogs is a lot per year and a lot of puppies, so just trying to be respectful of your neighbors. I put the onus on you on that with my profession in the back history. So if you have any other questions, I'm happy to answer them, Commission.

ABBOTT: I would be happy to change the quiet times. If Chad would prefer that I put the dogs up at 7 p.m. and didn't let them out until 9, or if it was a different quiet time recommendation, I would 100 percent take that in consideration. That was mostly based on when I most – when I see people kind of settle down for the night, but I would change that if that would help.

MOONEY: But that, I think you're missing my point, is the dogs go out in the morning and exercise and go in for some time. People need to be able to enjoy their yards during the day. Seven - putting them to bed earlier at night, great for kids to go to sleep, but not - I have company, noontime for a barbecue on a Sunday afternoon or something and the dogs are outside, and if it's a block, it's solid fence and they can't see, then they're apt to be more noisy once they realize what's going on. It's like, oh okay, there's a bunch of people over there, I've barked at them, let them know I'm here and then that's the end of it. I have found that to be the

biggest detriment in an HOA is block walls and the dogs are just constantly barking because they hear people and they don't know what's going on, they just are curious. So - but that would be my comment on that, is, it's not just bringing them in earlier at night. And I'm not trying to tell you how to do it, I'm just telling you my concerns. It's during the day they go out and exercise, you take them exercise, but just not left out all day long for constantly being able to be aggravated.

??: I have one more question.

MOONEY: And if any Commissioner Members have questions afterwards, I'm happy to answer them.

ABBOTT: I do – I also do use shock collars for the barking if that becomes an issue.

MENNENGA: Commissioner Klob's got one more question.

KLOB: Sorry, I remember what I meant to ask. And this is actually back to staff. What are the setbacks in our zoning, standard, you know, traditional zoning for kennels and/or any fencing for the kennels?

ZAIA-ROBERTS: So speaking to the SR standards, the kennel's use itself does not have a defined setback requirement, I believe, but it does have that five acre requirement as part of SR. But that would be if the commercial kennel operation was allowed by right under the SR

zoning with the five acres.

BILLINGSLEY: Otherwise we use accessory building setbacks by zoning category.

KLOB: Is there anything in regards to the fence itself and the enclosure?

BILLINGSLEY: Actually, you know, we have some special opinions from the County Attorney's Office with respect in rural zoning districts, of which this is a large lot district, that actually animal shelters and what have you can be right up against the property line. But that's – it was intended for horses and cattle and stuff, not dogs, right? But it is, you know, out in a rural area.

KLOB: Okay, thank you.

MOONEY: Chairman, if I may, I'm sorry.

MENNENGA: Please, go ahead.

MOONEY: I have another question. This is for County staff. Do you have, under the kennel portion of it, a number of dogs that are allowed?

ZAIA-ROBERTS: So the development services code does not. It's not specifically outlined as far as a number of allowable dogs, and for that reason staff, when discussing with the applicant before going forward, they offered to provide that number, I believe it may be for the other case, but we had made the determination that that number is already kind of enforced by Pial County Animal Control when they apply

for the commercial kennel permit, and that it would be kind of outside the scope of Pinal County Development Services to try and enforce that number.

MOONEY: But, so for public kennels, like I had a boarding kennel, there's no set number, just the acreage is the –

ZAIA-ROBERTS: Right, not as defined by the development services code.

MOONEY: All right, thank you.

MENNENGA: Everybody okay? I have a quick question I thought about. Pinal County Animal Control is who comes out and checks on you, is that a set schedule they come and check on you or is that just periodic?

ABBOTT: Annually. Yeah, so my –

MENNENGA: Oh, it is annual.

ABBOTT: So I just had mine a couple weeks ago. So they came out and checked on that, and they're the ones that enforce the number of dogs and the health of the dogs and check on those kind of things also.

MENNENGA: Have you ever had any violations with them?

ABBOTT: No. I let it expire once.

MENNENGA: Oh well, we all have those issues. So okay. Bring it back to the Commission, and what's your desire, I guess?

??: I'm sorry, can I ask a question?

MENNENGA: No, I'm sorry you can't.

??: I've been brought into this case, they call me out by name (inaudible) appropriate.

MENNENGA: No, we only let that happen once. So public comments are just once, okay? That's the rules, we try to follow those. So okay, back to the Commission.

DAVILA: How many stipulations were there?

PRANZO: (Inaudible) make a comment before I (inaudible) the motion. You're ready for a motion, right? That's what I thought I heard. It's never a good situation when there's conflict between neighbors. I have the same situation myself, it's not easy to live with. During the course of this, I feel like you've made every effort to be a good neighbor, and in view of the fact that you've been operating this cottage industry, as I see it, for eight plus years, I see no reason to deny a special use permit. So Mr. Chairman, I move that we approve the special use permit. And I don't have the words to read in front of me, so that's my motion.

MENNENGA: That would be for case SUP-007-23 with 12 stipulations.

PRANZO: Thank you, sir.

DAVILA: I'll second that motion.

MENNENGA: All right, motion, a second. All in

favor?

COLLECTIVE: Aye.

MENNENGA: Any opposed?

MOONEY: Opposed.

MENNENGA: Thank you. Do we need to take a roll call vote?

??: (Inaudible).

MENNENGA: Just one, okay. All right, okay. So with that –

ABBOTT: Thank you very much.

MENNENGA: You're welcome, thank you. We are gonna take a little break because they need to do a little screen work and stuff up here, okay?

ZAIA-ROBERTS: Thank you.

MENNENGA: Let's just do ten minutes, come back and wrap it up.

[Break]

MENNENGA: …rejoin the Planning and Zoning meeting. And the next case, SUP-016-24. We're certainly getting an education in kennels today, put it that way. So anyway. Staff.

ZAIA-ROBERTS: Good morning Chair, Vice Chair, Members of the Commission again, Patrick Zaia-Roberts, Senior Planner, here to discuss case SUP-016-24. This is a property requesting a special use permit to allow a commercial kennel

FINDINGS

SITE DATA: Flood zone: Site is situated in Flood Zone X – Area of Minimal Flood Hazard.

ACCESS: The subject property is located at 49641 W Jean Dr, Maricopa, AZ 85139. The property has legal access onto W Jean Dr which is classified as public right-of-way. The property operates on a by appointment basis for visiting clients and operates as an accessory use to the residential property. The business proposes utilization of residential parking on the property for clients and proposes no parking area expansion due to minimal traffic impact.

HISTORY: The property was zoned SR Suburban Ranch in 1973 under case PZ-367-73 and platted as part of the Papago Butte Ranchos Unit 1 Subdivision approved in September of 1973. County tax records indicate a mobile home was established on the property around 2003. In about 2016, the applicant purchased the property as an expansion of the prior dog breeding business conducted on the Val Vista Rd property which has concurrently submitted case SUP-006-23 for consideration. Per the applicant narrative, their dog breeding business has operated on this property since 2016 and a lapse of the commercial kennel permit from Pinal County Animal Control triggered the requirement that an SUP be issued to allow the commercial kennel use to operate within the SR zoning district. Both this property and the Val Vista Rd property identified under SUP-006-23 operate cooperatively towards this business and are primary residences for Abbott family members. In this specific circumstance, continued operation of the Abbott's Shepherds business requires approval of two separate Special Use Permits on the basis of multiple locations contributing toward operations.

ANALYSIS:

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently has a Single-Family Residence. The property site plan features a 1,150 square foot Kennel building housing 12 kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, and kennels and bark collars the dogs after 9:00 pm each night.

Commercial kennels and dog breeders are not specifically listed as a permitted use, by right, in the SR zoning district, so therefore it was deemed by Pinal County to consider it a discretionary use, subject to SUP approval by the County, which may be approved by the Planning and Zoning Commission under

PCDSC 2.151.010 – A.1.o, which states "Such other uses as the planning commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18, 2024, Planning and Zoning Commission Agenda and presented to the commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction to affected cases and the rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The site is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated for 9 years in the capacity proposed in this SUP application. No changes to the operation have been proposed to the project except to establish the legality of the use already in place. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This residential community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends itself to a business where there is greater demand for the service than puppies can

be produced for sale exists. With that said, the applicant is responsible for the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

To date, the County has received no letters of support or opposition from neighbors for this case.

The applicant's neighborhood meeting report indicates that a public meeting was held on August 18th, 2022, at 49641 W Jean Drive, Maricopa, AZ, 85139. There were no attendees and the meeting was ended after half an hour.

At the public hearing, the Commission needs to be satisfied that the health, safety and welfare of the County and adjacent properties will not be negatively impacted by this Special Use Permit request under Planning Case **SUP-007-23**. Furthermore, the Commission must determine that this Special Use Permit will promote the orderly growth and development of the County, at this location and time, and this proposed development is compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan.

THE BURDEN OF PROOF IS UPON THE APPLICANT TO PROVIDE THE NECESSARY AND REQUIRED INFORMATION AT THE PUBLIC HEARING. THE APPLICANT NEEDS TO BE PREPARED TO ADDRESS AND MITIGATE, AS APPLICABLE, THE FOLLOWING ISSUES AND CONCERNS:

A) LAND USE, PERIMETER WALLS, SIGNAGE, SETBACKS, INGRESS/EGRESS & LANDSCAPING
B) PUBLIC SERVICES - SEWER, WATER, UTILITIES, DRAINAGE
C) NEIGHBORHOOD IMPACT
D) FLOOD CONTROL
E) TRAFFIC IMPACT
F) COMPATIBILITY/CONSISTENCY WITH PINAL COUNTY COMPREHENSIVE PLAN
G) BENEFITS/DETRIMENTS TO PINAL COUNTY

Should the Commission find, after the presentation of the applicant and together with the testimony and evidence presented at the public hearing, that this Special Use Permit request is needed and necessary at this location and time, will not negatively impact adjacent properties, will promote orderly growth and development of the County, and will be compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan, then the Commission may forward **SUP-007-23** to the Board of Supervisors with a **recommendation of approval with the 12 attached stipulations**. If the Commission cannot find the factors listed above to be applicable to this case, then the Commission may forward this case to the Board of Supervisors with a **recommendation of denial**.

To approve: I move that the Pinal County Planning and Zoning Commission approve case SUP-007-23 with 12 stipulations as listed in the staff report.

To deny: I move the Pinal County Planning and Zoning Commission deny case SUP-007-23.

STIPULATIONS:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors' approval;

2. Approval of this Special Use Permit (SUP) will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals;

3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control;

4. The applicant/property owner shall submit a site plan application within one (1) year from the effective date of this resolution or the Special Use Permit will become null and void;

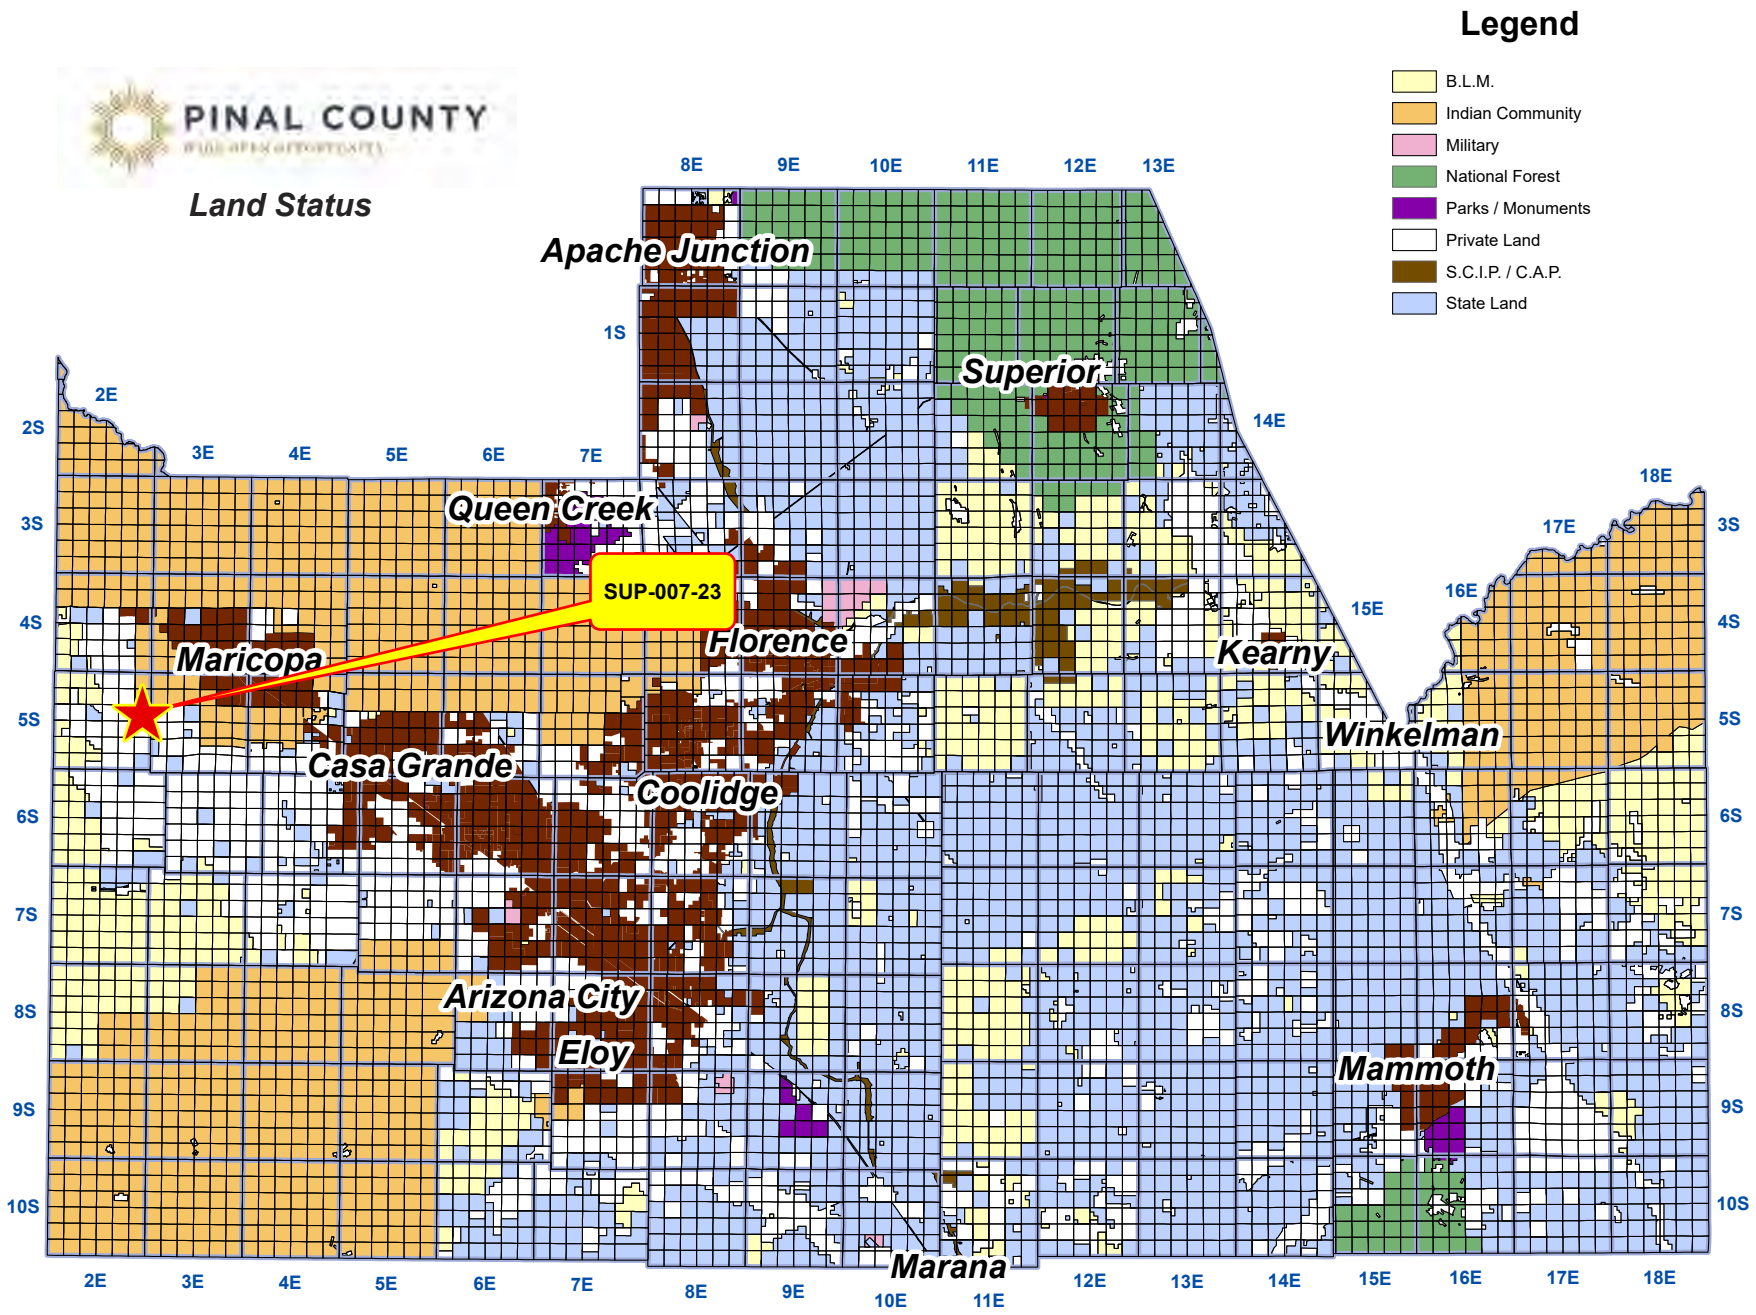
5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors;

6. SUP-007-23 shall meet Lighting Zone 1 requirements;

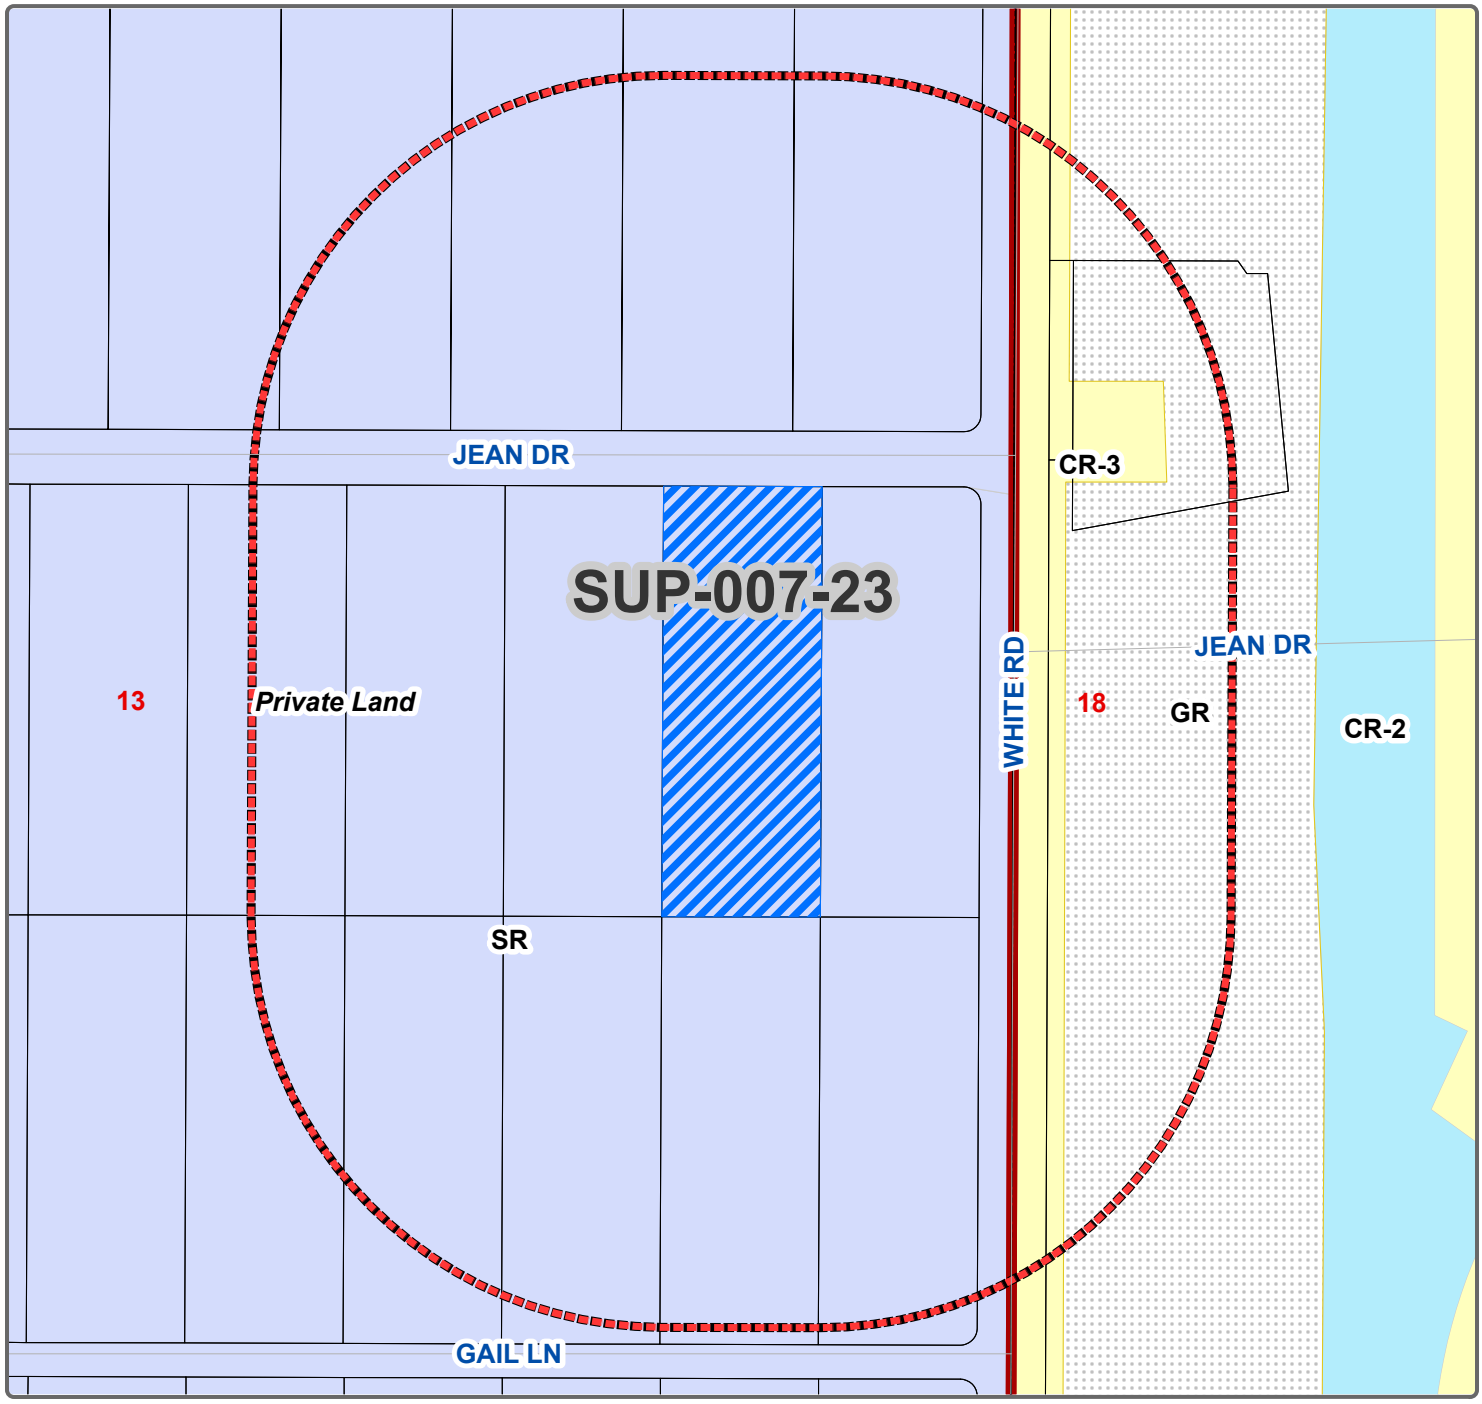
7. Signage on the site shall not be permitted;

8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division;

9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more;



10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District;



11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the Site Plan approval; and

12. A drainage report may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the Site Plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area.

Abbott's German Shepherds
Special Use Permit (SUP) Narrative

Special Use Permit to allow a Commercial Kennel for German Shepherd Breeding in the Suburban Ranch (SR) Zoning District

Submitted: February 2023

PURPOSE OF THE REQUEST

The purpose of this request is for a Special Use Permit to allow a "Commercial Kennel", limited to the breeding of German Shepherds, on two parcels in the Suburban Ranch (SR) zoning district. The Pinal County Assessor's parcel numbers for the properties are 510-63-0100 and 510-62-3010.

DESCRIPTION OF PROPOSAL

Nature of the Project: We have had the family-owned and operated business of Abbott's German Shepherds running at the Thunderbird Farms neighborhood location at 50956 W. Val Vista Rd. from the time we purchased the land in 1994. We expanded six years ago when my daughter, Shell Abbott, and her husband Russ Byers, purchased nearby property at 49641 W. Jean Dr. in Maricopa, AZ in the Papago Butte neighborhood to our north (2.5 miles away). We now have all the bred females at the Val Vista Rd. property, seven kennel spaces available, where they birth and raise the puppies. On the Jean property is where the care of the other dogs takes place, kennel space for 12. The dogs rotate between the properties as needed, interlocking the properties and the business. These properties have been in compliance with the county in licensing until this year when we accidentally allowed that to lapse, which prompted the recognition of our need to acquire a SUP to allow dog breeding and the "kenneling" of our own dogs. We do not commercially board other people's dogs, such as pet sitting services. We currently also have a Federal license with the USDA and are in compliance with good standing. We seek to have our business in compliance with the county to continue the business's function.

The Val Vista property never has visitors for the business. Our website is how most people find us and learn about our dogs, litters planned, and the care given. People then contact us by phone and/or email and place a reserving deposit putting them on the list. When their number comes up, they receive information on the parents and pictures of the puppies available that fit the specifics of what they are looking for. They receive updating pictures every ten days until the puppies are ready, along with occasional Facebook posts about the puppies. When puppies are ready, families may be met at the airport so their puppy can fly home with them, they may be dropped at the airport for them to fly cargo to their homes, they may be delivered, or they may pick their puppy up at the Jean location. This past year we sold forty puppies, and approximately half of them were picked up from the Jean location. Pick-up is typically about a 30 min process allowing all the puppies to go home in a single day no matter how they get there. This makes the visitors to the Jean property only one at a time, with a monthly traffic trip average of less than two.

Both properties have families living there, working with the dogs together for their care. We have specific areas for the dogs to be kenneled at night but are usually in "turn-out" areas during the day, allowing them to exercise. We can kennel the dogs at anytime if excessive barking occurs that could disturb the neighbors. According to USDA requirements, areas are cleaned as needed to keep the appearance tidy, dogs' health, and the smell down. These requirements far exceed the standards the County has for kennel licensing. It should be noted that we have no known complaints related to barking nor did any neighbors attend our neighborhood meeting to express concerns over our kennel business.

Proposed Land Use: There are currently no plans to add any additional improvements to either property as they both are functioning as necessary for both of our families as we operate the home-based dog breeding business together. The kennels are existing structures on the property as indicated on the site plan.

Conformance to Adopted Comprehensive Plan: The property is designated as "Very Low Density Residential 0-1 DU/acre and the Suburban Ranch zoning on both parcels is in conformance with this designation. Both lots are 3.3 acres and provide ample room to accommodate our homes as well as our German Shepherds in a rural lifestyle environment as envisioned in the Comprehensive Plan. Our homes and lifestyles are an integral part of our "Sense of Community" in the Papago Butte / Thunderbird Farms enclave and we have been here a long time. Residential land uses, including residential uses that include animals, are contemplated in these low-density areas where homes are spread out and many residents have home-based businesses. In fact, there are 12 approved SUPs in our vicinity for a variety of land uses that all contribute to our community fabric. Until recently, we were not aware that our breeding of German Shepherds required a SUP. Upon learning of this from the County, we initiated the process to seek SUP approval as required.

Further, the zoning code contemplates a variety of uses that are acceptable in this district, subject to obtaining a SUP – including a commercial kennel. Since the true nature of our business is more restricted than a true commercial kennel and we have a very limited impact on our neighborhood with this family business of nearly 30 years, we believe that our proven track record as good neighbors comply with the intent of the Comprehensive Plan and overall compatibility of land uses in this rural area.

LOCATION & ACCESSIBILITY

Our homes are on lots in a neighborhood with a typical street grid and ease of access to both Papago and Maricopa Roads. The nature of our operations results in very limited traffic trips so there are no access issues related to this request.

There are residential driveways accessing the homes on each property. Neither property is operated expressly as a commercial business, therefore there is no need for the construction of ADA accessible parking spaces. We only have 20 puppy owner pick-ups per year. It is important to note that although we are requesting an SUP for a commercial kennel, we are only breeding dogs – not boarding or grooming them where there would be customer traffic. We anticipate that any prospective SUP approval would be conditioned so that our business would be limited to dog breeding only otherwise other improvements would be necessary.

UTILITIES & SERVICES

Our homes currently have all utility services necessary for both residences. Our dog breeding business is only a home-based business and places no further demands on these utilities.

ABBOTT'S GERMAN SHEPHERDS 

NOTICE OF NEIGHBORHOOD MEETING

July 29, 2022

Project Name: Abbotts Shepherds Dog Breeding – Special Use Permit (SUP) Requests
Project Locations: Two lots, located at 50956 W. Val Vista Rd and 49641 W. Jean Dr in Maricopa, AZ 85139

Dear Neighbor,

As the owners for the Abbotts Shepherds dog breeding business and fellow residents of our community, this letter is being sent to notify you of forthcoming requests for Special Use Permits (SUP) on our two 3.3-acre properties zoned Suburban Rural (SR) residential in unincorporated Pinal County. Our family's dog breeding business has been a part of the Thunderbird Farms and Papago Buttes community for many years and we have no plans for expansion on either of the lots where our families also reside. Operations for the breeding and care of the German shepherds is shared across to the two properties and it was recently brought to our attention that the County seeks that we obtain SUPs on both lots for our home-based business of breeding German Shepherds. The applications will be filed with the Pinal County Planning and Development Department and future notices will be sent to you via a yellow postcard notifying you of prospective hearing dates at which time a final decision will be made by the County's Board of Supervisors.

As part of the required process for requesting the SUPs, interested neighbors are welcome to participate in providing comments or feedback to us through email, phone, or attendance at the neighborhood meeting that we will have onsite. Please feel free to participate through whichever means is most convenient for you as we go through the application review process with Pinal County. All comments received (phone, email, in-person, etc...) will be shared with County staff and become part of the public SUP case files. Phone and email contact information is provided below, as well as the meeting date/time/location in case you prefer to come in person. We seek your blessing and hope for your continued support of our local family-owned business.

This Neighborhood Meeting will be held at the following time and location:

Date: Thursday, August 18, 2022
Start Time: 6:00 PM
Location: Onsite at 49641 W. Jean Drive., Maricopa, AZ 85139

If you have questions, comments or are unable to attend this meeting, please feel free to contact me at:

SUP "Development Standards"

B. *SUP general provisions.*

5. An SUP authorizes a use to be developed in a particular way as specified by the permit and its conditions.
6. An SUP imposes on the applicant the responsibility of ensuring that the authorized special use continues to comply with the conditions of the permit as long as the permit remains valid.
7. An SUP shall be valid for the duration of the special use, provided the use remains in conformance with the conditions of approval and is not discontinued for 12 consecutive months.
8. Issuance of an SUP does not relieve the applicant from the responsibility of obtaining site plan approval, a building permit or any other permit or approval required by any other applicable law.

Site Plan

PINAL COUNTY
WIDE OPEN OPPORTUNITY

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- Property is one of five similar existing commercial kennels proposed before the Commission for SUP action during the 1/18/2024 Planning and Zoning Commission Meeting.
- Property is located amongst other properties with rural and agricultural uses and animal husbandry operations.
- Commercial Kennel use is existing and does not present an impact to public health, safety or welfare.
- Proposed SUP is compliant with standards of the SR zoning district, and is comparable to the RU-3.3 zoning district, which offers commercial kennels as allowable through approval of a Special Use Permit.

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- SUP Approval shall make compatible the existing use with surrounding land uses.
- Property features improvements to accommodate the kennel use.
- No change in the 31 year old operation is proposed on the property.
- The applicant was proactive in seeking to resolve code compliance violations on the property.
- The applicant has identified a business niche, and articulable need in their community.
- Staff has received no letters of opposition or support for this case.

P&Z Recommendation

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- On March 20th, following a public hearing, the Planning and Zoning Commission recommended approval (9-1) of case SUP-006-23 with twelve (12) Stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff recommends amendment of stipulation #2, and addition of seven new stipulations specifically addressing the neighbor's concerns (indicated as new Stipulations #4-#9).
- **The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

SUP-006-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

- 2. Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

SUP-006-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 3. Signage on the site shall not be permitted;
- 4. The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;
- 5. All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;
- 6. The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

SUP-006-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 7. A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;
- 8. An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions;

SUP-006-23

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 9. The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

MEETING DATE: MAY 28, 2025

TO: BOARD OF SUPERVISORS

CASE NO.: **SUP-006-23(ABBOTT'S SHEPHERDS VAL VISTA)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, (Landowner) is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 50956 W Val Vista Rd, Maricopa, AZ, to allow for a commercial kennel.*

If This Request is Approved:

The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel 510-62-3010 at 50956 W. Val Vista Rd in unincorporated Pinal County.

Location:

Parcel number: 510-62-3010 (Legal on File)

Items for Board consideration:

- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 1994.

Analysis

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently hosts a Single-Family Residence. The property site plan features a 1,800 square foot kennel building housing seven kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setbacks and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the

operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

Commission recommendation:

- At the March 20th Planning and Zoning meeting, the Commission recommended for approval for the SUP on a vote of (10-0) with 9 stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has since proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff also recommends an amendment to stipulation #2, and the addition of 6 (six) new stipulations addressing the neighbor's concerns (indicated as new Stipulations #4-#9**). The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

Staff presents this case for action by the Board of Supervisors. At the Board's directive, the case may be approved, denied, or remanded to the Planning and Zoning Commission for review and recommendation of proposed changes.

If the Board wishes to approve the Special Use Permit, staff has provided the following nine stipulations of approval for case PZ-006-23 for Board consideration:

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

6) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

7) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

8) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

9) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

If the Board wishes to deny the Special Use Permit, staff offers the following motion: I move the Pinal County Board of Supervisors Deny case SUP-007-23.

If the Board wishes to remand the Special Use Permit back to the Planning and Zoning Commission, staff offers the following motion: I move the Pinal County Board of Supervisors remand back case SUP-007-23 to the Planning and Zoning Commission for review.

MENNENGA: …rejoin the Planning and Zoning meeting. And the next case, SUP-016-24. We're certainly getting an education in kennels today, put it that way. So anyway. Staff.

ZAIA-ROBERTS: Good morning Chair, Vice Chair, Members of the Commission again, Patrick Zaia-Roberts, Senior Planner, here to discuss case SUP-016-24. This is a property requesting a special use permit to allow a commercial kennel

on a property in the SR - Suburban Ranch zoning district. This property is 3.4 acres and is located at 39440 North Kennedy Drive in San Tan Valley on parcel 104-26-0400. The applicant and owner of the property is Jon Mott, and this property is in Supervisor District 2. This is a map showing the approximate location near the Pecan Creek development in San Tan Valley. This is a zoning map showing the property with SR surrounding it on three sides and abutting the Town of Queen Creek at the west. This is a vicinity map showing the surrounding zoning. As you can see, it abuts Queen Creek and is in direct proximity to the Queen Creek to the north as well, within the Country Mini Farms subdivision. This is an aerial map showing the property in question and the surrounding properties. And this is the notification area of affected neighbors within direct immediate proximity to the site. This is an image looking north from the property, along Kennedy Drive. South, down the property on Kennedy Drive. East, away from the property. And west towards the property and the notification signage. And you can see the Mott household in the background and one of their horses. And then because that image was a little bit cropped, this is another image looking west onto the property, and the property question. And one additional. This is a site plan showing the as-built conditions of the property. The image, or the portion to the right of the property is the primary residence

for the Motts, and the kind of hash marked area to the south of the property is the area designated for the kennel run. There's the outdoor area also depicted by the dots that you can see there. So some items for Commission consideration. Again, this is one of the five properties that are being brought forward to the Commission that were previously discussed during the January 18, 2024 Planning and Zoning Commission meeting, discussing utilizing the SUP O category for other uses as the Commission deems acceptable. The property's located amongst other properties with rural and agricultural uses and animal husbandry operations. The commercial kennel use is existing and does not present an immediate impact to the public health, safety or welfare. The proposed SUP's compliant with standards of the SR zoning district and is comparable to the RU-3.3 district, which offers commercial kennels as allowable through approval of an SUP. SUP approval shall make compatible the existing use with the surrounding land uses. The property features improvements to accommodate the kennel use. And no change is proposed from the 19 year old operation, which has been imposed on the property. The applicant was proactive in seeking to resolve the code compliance violations of the property that were impactful to the site. The applicant has identified a business niche and articulable need in their community, and staff at time of completion of this presentation, has received

18 letters of opposition and 36 letters of support. And at this point I do have some that did not make it into the main packet, I would like to hand those out to the Commission, if that's acceptable. And just to clarify for the Commission's benefit, this packet is just items that were received after the original packet was submitted. The total count of 18 letters of opposition, 36 letters of support is current at this time. So some of the items the letters of opposition discuss are violations of CC&Rs and HOA directives in the area, civil lawsuits in process, noise and nuisance from barking, presence of biohazards, presence of foul odors, presence of horses, Pinal County code compliance actions, complaints filed with Pinal County Animal Control, concerns with the number of dogs on the property, and discussion that the property should be at least five acres for consideration. The letters of support address the topics of integrity of the applicants, quality property conditions, low visibility to the business, rural lifestyle compatibility, surrounding other more intense nuisances, neighboring similar home businesses and promotion of those businesses, low noise issues or odors or nuisances. Unfair harassment of applicants was discussed on multiple occasions, and concern of lost property value by infringement. And care for dogs and animals, including health and DNA testing. Staff is proposing this case forward with 12 stipulations and an amendment to stipulation 4 to remove a

typographical error included, which was an internal review question that should have been omitted prior to publication. I'll go ahead and read those stipulations into the record. 1. The special use permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval. 2. Approval of this special use permit will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate federal, state, county and local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals. 3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control. 4. The applicant/property owner shall submit a site plan application within one year from the effective date of this resolution or the special use permit will become null and void. 5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors. 6. SUP-016-24 shall meet Lighting Zone 1 requirements. 7. Signage on the site shall not be permitted. 8. The applicant/property owner shall meet the requirements of the

International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division. 9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more. 10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District. 11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the site plan approval. And 12. A drainage report may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the site plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area. At this point, does the Commission have any questions of staff?

MENNENGA: Anybody, questions? Commissioner Klob.

KLOB: Patrick, in one of the comments from, I think one of the opposition letters, you had mentioned that there's some civil lawsuits. Is it in direct relation to this use,

and then how does that apply? Or could it or would it apply to this SUP?

ZAIA-ROBERTS: So they are in direct issue with the proposed use in question. The way the County has been administering this is as a land use decision. The SUP case going forward would permit the land use decision to enact the commercial kennel as as-built on the property as a legal nonconforming use to not be able to expand further. The issue with the lawsuit is in violation of the CC&Rs and HOA directives in the neighborhood, and does not directly apply to the SUP in question.

KLOB: Okay. Can I ask the attorney? Should that prevail from a CC&R aspect, what impacts would that have on this SUP, should it be approved.

ATTORNEY: Chairman, Vice Chair, Members of the Commission, to the extent that the Commission is inquiring as to legal advice, I would suggest that that be done in an executive session.

KLOB: That’s where I thought you were gonna go, but I just wanted to ask.

MENNENGA: Anyone else? And the applicant. Signed in?

MOTT: Yeah.

MENNENGA: Thank you. Name and address.

MOTT: Could I sign that in or do you want it now?

MENNENGA: I want that.

MOTT: Okay. My name's John Mott, live at 39440 North Kennedy Drive in San Tan Valley. Owner, we live on the property, my wife and I. And I want to give a little bit of background on this whole situation, because it is a little bit weird. It's - I want to start, actually over the course of the last three years, there's people in my neighborhood that have been attacking my wife because they don't like me. And so I want her - she's been under a lot of stress, but she asked if I could just read her statement as part of this. I'll go ahead and do that to start. She wrote, good morning. My name is Jenny (inaudible) Mott. I'm a fifth generation farm girl from Arizona. My family has deep roots in agriculture. My father is a fourth generation farmer from Gilbert and he has farmed in both Gilbert and Pinal County for many years. My ancestors came to Arizona in early 1900s as ranchers and farmers, and this way of life has been a part of my history ever since. I have always been involved in breeding and raising livestock on our family farms, and growing up we relied on herding dogs to help manage our animals. We are here today because we've applied for a special use permit to continue breeding, raising, and selling Australian Shepherds from our property. I have been breeding and raising Australian Shepherds since 1999. We purchased our property in 2006 and have continued our breeding program there

ever since. Nothing about our operations has changed. We have not expanded or altered what we do. Unfortunately, our need for this permit stems from a long-standing personal dispute with a few neighbors. Years ago, individuals who disagreed with my husband's role on the water board threatened that if he did not step down, they would take legal action against us over our animals. When he refused to back down, they followed through on their threats, filing a lawsuit aimed at stopping us from breeding dogs and horses on our property. But they didn't stop there. They also turned us into the County weaponizing the zoning code against us in an attempt to force us to stop doing what we have always done. In their lawsuit, they're not only trying to prevent us from breeding animals, but they are also asking the judge and jury if they win to force us to sell our home and move away. This ongoing harassment has caused my family significant stress and anxiety. These individuals continue to spread false and harmful claims about us on social media and their actions have made me fear for the safety of my family and animals. We are fighting to protect our home, our farm and the rural lifestyle we have worked so hard to build. We respectfully ask the Planning and Zoning Commission to approve our request for this special use permit so we can continue our responsible breeding practices as we have for many years. Thank you for your time and consideration. That's my wife's statement on the matter.

Unless you guys really want to go into that, I don't think we need to go into the whole lawsuit case, but the lot that is suing us and is responsible for three lawsuits in our neighborhood, along with our attorney, are all here. So if we need go into it, we can, but I'd prefer not to. I don't have a lot more to say other than what Patrick explained and what my wife explained, but I'm happy to answer any questions and go through this process.

MENNENGA: Questions for the applicant. Commissioner Mooney.

MOONEY: You heard some of my questions earlier.

MOTT: Yeah.

MOONEY: How many dogs – how many adult dogs and then how many litters of puppies per year, and about the average. I'm not familiar with the average size for Australian Shepherds.

MOTT: Australian Shepherds have five to seven on average, probably. We've had litters of one, we've have litters at 13.

MOONEY: Yes, no, I understand that, just the average.

MOTT: Currently she has 10, what I would consider dogs, not including puppies. She may have a few puppies still left from a recent litter. Most puppies are gone to their homeowners by the time they're eight weeks old. So at any

time –

MOONEY: I'm just concerned with the adult dogs and then the number of litters per year.

MOTT: At any time, anywhere between, you know, eight to 13-14 dogs, just depending on the age, you know. And they're not all actively breeding, so we typically have five to six litters a year, maybe.

MOONEY: Thank you.

MENNENGA: Anyone else? Commissioner Scott.

SCOTT: I was just curious on the neighbors that are complaining about this, where are they in proximity to your property?

MOTT: Just outside the - do you have the 1,200 foot radius?

ZAIA-ROBERTS: Yes.

MOTT: Just outside the 1,200 foot radius. If you look straight east from our house, they're straight east of us. Next street over. We're on Kennedy, the next street over is Taylor.

ZAIA-ROBERTS: Commissioner Scott, I could possibly add to that. Staff has received comment letters from numerous locations throughout Country Mini Farms as a whole. The majority of - at least to summarize, the majority of the proximal neighbors within direct proximity of Mott's property on the Pinal County side have been in support. We've received

a number of oppositions from the Ovation community in Queen Creek, and then a number of opposition from scattered throughout the Country Mini Farms in various locations. But generally within that same neighborhood.

SCOTT: So are any of the complaining neighbors on either side, or back to this property?

ZAIA-ROBERTS: I believe we have one that is in the Ovation neighborhood on the Queen Creek side.

SCOTT: Okay.

MENNENGA: Go ahead, Commissioner.

HARTMAN: Just to clarify, to follow up on Commissioner Scott's question. 1,200 feet on the circle, how many complaints within that? Just one?

ZAIA-ROBERTS: Ultimately, we haven't sub-sectored each of those out. We've received about three or four from the Ovation community, I couldn't speak to if they're within the 1,200-foot radius. But in total, from the Country Mini Farms community, we've received that 36 letters of support and the 18 in opposition.

HARTMAN: 36 in support, 18 against.

ZAIA-ROBERTS: Opposition.

MOTT: So I'll answer a little bit more. I went through, like a lot of people as I went though the documentation, I was curious just to see where people were in relation to our property, because the lot 1,200 feet away, the

primary antagonist here, has been posting on social media all over the - so we're getting comments and things happening from all over the country - not just here, but as far - I went through and I looked at the ones that at the time I had, and there were four within the 1,200 foot mailer that we did. Of those four that were in opposition, there's one who lives - if you take from the top left hand corner of our property, maybe three lots up, and they back the 150 foot or whatever that is, green belt. So it's probably - it's actually - go down a bit, it's down, down, down, probably like - probably like right in this area right there is the one within that radius that was in opposition. There were three others that are outside of that radius from Ovation in the initial things. And I don't know, and maybe you could clarify, I know when I was looking at the letters of opposition, seven of them were from one resident and two were from the other person at that same thing. Does that –

ZAIA-ROBERTS: So the 36 letters –

MOTT: 18 unique?

ZAIA-ROBERTS: They're thirty - they've been differentiated by sender. So I know who you're talking about, about that seven letters, is one of those 18.

MOTT: Okay, one of those 18, okay.

ZAIA-ROBERTS: Right.

MOTT: Anyone else?

??: So you received one letter within the 1,200 foot circumference of your home? Is that what we're hearing?

MOTT: One letter - this, now I - there's been a lot more that have come in since, because when I did, there was maybe five or six in opposition when the first initial thing came out, of those five or six, there is one that was across that, that green belt from us. The rest were - four of them were - or three or four of them were further into Ovation. And then the lot directly east of us, 1,200 feet away to the east.

??: So the majority of your neighbors that are complaining are outside the 1,200-foot radius?

MOTT: Yes.

??: So 1,200 feet is just a little bit under a quarter of a mile.

??: (Inaudible).

??: Is that right?

??: Yeah.

??: Okay.

ZAIA-ROBERTS: Just to add to that as well, these are large lot properties - 3.3-3,4 acre properties. So the 1,200 foot buffer - we don't want to discount the letters of opposition on the basis of being outside the 1,200 feet buffer. We've received these all from neighbors within in the Country Mini Farms community.

??: But the greater portion of the letters are from outside?

ZAIA-ROBERTS: Outside 1,200 feet, yes.

??: Okay, thank you.

MENNENGA: Anyone else? Okay.

MOTT: You guys are tired of kennels, huh?

MENNENGA: Yeah, we're getting quite a lesson today on kennels. Okay, with that, we're going to open up the public hearing portion case SUP-016-24. And anyone speak, please come forward. Let's see, I've got a list here. Marla Lindry?

LINDER: Mark Linder.

MENNENGA: Linder? Okay.

LINDER: I signed in. I guess I'm the antagonist in the story here. So, and it's good that I get to go first. I do want to make a correction of 36 letters that came in in support, you'll find that about half of those are actually from outside of the community. They're all customers of his and things like that. So there's about 18 inside the community, so it's about even on that. We are a community that's in turmoil, and it all really started with the existence of Mr. Mott's breeding business. I know Jon likes to personalize it, think it's about him, it's not. It's about preserving our neighborhood as a residential neighborhood. We're governed by CC&Rs. The very first paragraph says, the

properties are for residential use only. Another paragraph that says you can't run a business on your property. That's what the lawsuit's about. Mr. Mott has also managed to get himself onto the board, has refused to enforce, even though employers have consulted and told him that they need to, which has allowed other people to start running businesses in the community, which has greatly expanded the lawsuit. And now a second lawsuit has been filed actually against our board for failing to do their fiduciary duty to protect our residential community. That's what the lawsuits are about. Has nothing to do with Jon as a person, has nothing to do with Jon and his religion, which he likes to say a lot, it's all about what you're doing on your property and how it's illegal by our CC&Rs. That's it, that's basically what it is. So, you know, with the lawsuit there, if we're successful, the business is going to get shut down. I don't think you guys should be issuing a special use permit for something that's currently in litigation when there's a very, very good chance it could get shut down. It looks like the lawsuit's probably going to be successful. If you want to put a stipulation on it to where it's going to go on hold until the settlement of the lawsuit, and then do that, that might be an unacceptable thing to do as well. But for right now, we're speaking against it. I live just outside the 1,200 buffer. Like I said, I live on Taylor Street. When I look directly west I can see Mr. Mott's house.

When I sit on my patio I can hear his dogs. One of the things that I submitted is actually a sound recording of his dogs barking at night while I'm trying to sit on my patio. So we can hear it. There's direct line of sight between the two houses. Even though I'm just outside of the 1,200 foot zone, I can still hear his dogs barking when they go off. And then it sets off all the rest of the dogs in the neighborhood. So, thank you.

MENNENGA: Thank you. Any questions? Okay, next please.

D'AMATO: That would be me.

MENNENGA: Signed in?

D'AMATO: Yes. Both here and on the thing.

MENNENGA: Rebecca. Your name and address.

D'AMATO: I'm Terri D'Amato, 39449 North Hailey Lane in Queen Creek. I had submitted a letter to Mr. Roberts and to all of you, but I think it was received probably later than it would have been included in your packet. And I felt obligated to do so because I had gotten the original letter that was sent out about the zoning and information and read it and thought, well, you know what, if this is what they've been doing for years and years, we've just moved here, it's been three years. It's not bothering us. Not a problem. It wasn't until I received an anonymous letter in the mail that came addressed to us that did make it seem like it was a

personal issue. Felt I needed to take more action. I live in Ovation, and I am - if you could pull up the aerial view – my property is directly behind the Motts' property. If you look right there on the map, directly west. My husband and I sit on our patio every single night because we're from Illinois and we can't believe that it is January and we're still outside in shorts. We do not hear any dogs barking. I do not, have never been woken up, I have never bothered. I have more noise from my 12 pound pug than I have heard from any of the dogs over in that area. We also do not have, and have ever been affected by any of the odors that might be coming from that property. And understanding when we bought and purchased and built this home, this property was there long before we were. We're directly in the direct flight path of the Mesa Phoenix Airport, we haven't filed any complaints with them either because, obviously, they were there way before we were. I'm hoping that this is something that can be addressed for all parties in an amicable way, understanding that this their lifestyle. I've come from a rural community, I've had horses, dogs, cats, all over the property. Never had to breed any because I'm too old. But I understand and can accept the fact that they have been there, they have never been a nuisance. I've personally gone over to the Motts' property when I received the letter to take a look at everything, to say, you know what, where is all of this coming from? I wanna

get both sides of every part of this story. Met with Jen, took her around the property. We went to go see everything. I saw where the dogs were, saw where the horses were, because I can see the horses right through my view fence out in back. That's how close they are. And I can tell you in all honesty, (inaudible) see out on our back porch, I see that. On our back porch, we've never heard the dogs, never been bothered by the dogs. As a matter of fact, the only thing that we've been bothered by are the coyotes that kind of go around the wash concern me, thinking they might jump the fence and get my dog. But in conclusion, I'm here to say I support. After we received this letter, I've talked to several of my neighbors in the area. They now understand what the true story is. Their letters were sent prior to this being received. And with that, I yield my time.

MENNENGA: Thank you. Any questions? Okay. Rebecca.

REBECCA: I did sign in.

MENNENGA: Okay.

REBECCA: Okay, thank you for listening to concerns today of not supporting the Mott family wanting to obtain an SUP. I live one street away from the Motts on Taylor Street, and I can see the Motts' home, within eyeshot of my property, and I can hear the Motts' dogs. I have owned my property for 24 years in Country Mini Farms. The house I live on was not

the first property I owned when I moved to Country Mini Farms, and I was aware of CC&Rs that we could not have businesses in our community, or on my property. And then I also was given the Pinal County guidelines that I needed to abide by, one being with a kennel that you have to have five acres, you have to be 100 feet, your setback of your kennel, and then you also have 75 percent of 300 people around - 75 percent of 300 around you to okay this kennel, which I question what they said. Our community CC&Rs are private covenants that the Motts are not attaining to and adhering to. They are in two lawsuits, I'm in one of them, and mine's the one against the board. And it's the fact that Mr. Mott on this SUP talked about running a business since 2006. And when it came light to this legal business and the community members, Mr. Mott, our board president, led and misled the community as in the board meeting and he stated that he only had four dogs and he was not running any type of business on his property. So this was in 2002. Animal control came and ended up doing an investigation, found they had 11 dogs, two litters of puppies, and was not in compliance with Pinal County zoning for a dog kennel, or from animal control, Motts did not have a Class 4 breeding license. They misled information on the packet. On number four they stated they had no concerns expressed by their neighbors, which is completely untrue. They've been reported to Animal Control, Pinal County zoning, Country Farms

mid HOA management, since 2022. Had no idea they were running a boarding – a dog breeding business. Mr. Mott has been on our Country Farms management HOA board for the past seven years, and he's currently the president. He has stated in our last meeting in February that he will not enforce our CC&Rs, and this has caused the neighbors to start illegal commercial entities throughout the neighborhood, which is causing a lot of contentment with each other. Once a peaceful community, has now become one of fighting and refusal to abide by our CC&Rs due to Mr. Mott not performing his fiduciary duties. The SUP will open a pathway for others to circumvent the Pinal County zoning regulations. Three requirements - you have to have five acres, you have to have your kennel 100 feet from the neighbor's property, and you have to 75 percent approval. Yes, there is excessive noise with these 14 dogs that he has had, from their websites or Facebook sites. The property sets back, they have the 55-plus community by them, and there's no benefit to our community to have this kennel commercial business in our community. In closing, I please request you not to approve this SUP. There are two lawsuits. My lawsuit that's against the board and then the one about the commercial business. Thank you so much for your time. I do question, though, the requirements because there is a 100 feet setback that you're supposed to have, not - there isn't not a setback, there is a setback.

??: Time.

REBECCA: Okay. Did you have questions, or? Sorry talking so fast.

MENNENGA: Questions? All right, next we have Hank Stute.

STUTE: Correct.

MENNENGA: Signed in?

STUTE: Yes I am signed in. Address. Hank Stute. I'm a 40 year resident of the Country Mini Farms. I have property there. And I have tried to set all the - or filter out all the background noise, what has been talked about earlier here. I'm not being condescending with that, but I try to filtered that out and get down to the basics and the root of this application. And this application, I have concerns about it. Number one, I don't see that it's a valuation, a positive valuation driver for Hank's property. I don't see that. I do not see that, and that's a concern to me. The other neighbors, that's their decision, but for me that's a concern. I have other concerns as well in the application. And I have recommendations and observations. My biggest concern here is, is that the term commercial dog breeding business. It's been used, it's being stated, in fact it's on the signage, the advertising signage that's out in front of Mr. Mott's property. It also states a commercial kennel, and then it says, commercial dog breeding business.

Well, I think we all know that commercial dog breeding businesses have no oversight, they're unregulated in the State of Arizona. No oversight, so there's no - excuse the pun, but there's bark but no bite. There is no oversight, so there's no regulatory oversight. The Pinal County Animal Control has nothing, and my concern is is the flip is - the flip - the switch is flipped whether it's a kennel, a commercial kennel, which does have oversight. Or is it a commercial dog breeding business? Well, this isn't clean. This is not clean. So that needs to be addressed. And in addressing that, you know, we all know that the animals don't have a voice, right? Well, Hank's here to be a voice for one animal. I haven't heard anybody talk about the welfare of the dogs. Not one person in any of the discussions, any discussions today, the health of the dogs, what their criteria is with how they take their dogs or when they take their dogs to have a veterinarian check, I see none of that. I see no information from a veterinarian to give a recommendation to this kennel or to a breeder. I don't see any of that, and I take it from the perspective that you're trying to make a sale here. You're trying make a sale to us, the residents, and the board. Well, I think it falls short of that.

??: 30 seconds.

STUTE: That there is none. So my concerns are is that the stipulations don't go far enough. The stipulations

need to be addressed, the commercial dog breeding business aspect of this. If there's not going to be any, then strike it, eliminate it, where it's strictly a commercial dog kennel. That has oversight. A Class 4 permit, an Arizona Department of Agriculture kennel permit, U.S. Department of Agriculture kennel permit, et cetera, et cetera et cetera, and this should not be a transferable permit to the next owners of this property. That should be a stipulation.

??: Time.

STUTE: Thank you.

MENNENGA: All right, any questions? Anyone else to speak?

HEDRICK: I haven't filled out the comment card, but can I sign?

MENNENGA: Yeah, sure. Come on up and sign in. Give us your name and address.

HEDRICK: My name for the record is Mike Hedrick, H-E-D-R-I-C-K, and I live at 1003 West Ocotillo within the community. And I wasn't intending to speak here today. I'm an attorney, I'm that guy that is in charge of these two lawsuits that are proceeding against Mr. Mott, his wife Jenny, Jack Reed, other members of the board who, for whatever reason, they have decided that their rights and their privileges, as they see them, are more important than the people who have a similar investment into the community. The

property values here range from a dilapidated property that's nothing but dirt and no serious structures on it, 500,000-600,000 for the land, or as opposed to Rebecca's property, which four and a half acres, mature landscaping, trees, impossible to find. You cannot replace, you cannot find a four and a half acre property anywhere in San Tan Valley where you don't have to dredge it, redo everything and start over. So the tension here is between CC&Rs, which are a covenant, they're a promise, they're a contract, that you make when you take title to a property. We've been making covenants all the way back to my people's covenant with the God of Abraham, Isaac and Jacob and Moses. And a covenant is a promise that you don't break. And if you don't make the promise, you don't have to worry about breaking it, but when you make the promise, when you take title, you agree to abide by the CC&Rs. And they prohibit places of business. Jon Mott alleges before this Commission that he has been running this kennel for 19 years. Whether he has or not, it was only discovered by my private investigator in 2022 that he was running a dog breeding business. Before that time, there was a lot of time when everybody thought Jon just likes dogs and he's got a lot yappy dogs. And if that was the case here, there would be no case. But instead, he's, according to his own testimony, he's selling hundreds of dogs per year, according to his Facebook page, at $2,000 to $3,000 per dog. It is noisy.

??: 30 seconds.

HEDRICK: It is stinky, and it is really not good government, from my perspective - and I respect all of you in what you do - it's not good government for you to be overstepping and stepping on the rights of people who have their largest investment - $1.7, $2 million, to have to live beside of a kennel. Nobody here would want to live besides the kennel that Jon Mott runs were you to come out and look at it.

??: Time.

HEDRICK: I would ask the panel, in closing, to show restraint, deny it, because the CC&Rs prohibit any kind of business. Let the court case run its course, and see what happens, and then at that point perhaps Jon can work out with the new board, which will take over after Jon and his people are - don't have the reins of power. Maybe something can be worked out where he can come back before this Commission and say –

??: Time.

HEDRICK: - this is what happened and now I would like to revisit my SUP. Thank you very much.

MENNENGA: Any questions for the attorney. Anyone else to speak? Come on up. Sign in please and give us your name and address.

RIGGS: My name is Jason Riggs and I live at 40267

North Prince Avenue. Go ahead and sign in real quick. I purchased my property in 2014, I bought it for $275,000. I put a little bit of work into it, but I haven't added any square footage or anything that would require a permit. And we refinanced our house last year and it appraised it 750, irrespective of the things that are happening and being alleged. I'm here to voice my support for this SUP, and the reason that I do is it is consistent with the lifestyle that we live. Our CC&Rs are an absolute mess. They proscribe churches and schools. We have the A&P Nursery within our community. They have a thriving retail business, and I live two doors down from them and they don't hurt me in any way, shape or form. Their ingress/egress is on Ironwood or Gantzel, technically, where I live. And I have cousins that purchased dogs from the Motts in Texas. That was, gosh, I want to say six or eight years ago. They love them, they love Aussies. I'm a Queensland healer guy, you know. No offense, pal, but anyhow, I grew up around healers and that's the herding dog that I've always gravitated toward. But I - my wedding for my daughter was actually hosted in the property right across the street from the Motts. The Williams are very generous, they have a very beautiful estate property. As Mr. Hedrick pointed out, there's quite a spread in the values of the homes. We have estate homes that are worth multiple millions, and we have other homes that need - well, they're

bare dirt or trailers that need a lot of work. But they were generous enough to allow us to have that wedding back there. Didn't hear a peep. I've been to the Motts' property probably, I don't know, 20 or 30 times. Never smelled anything, never heard anything, never heard any complaints. I go to the Bowman's property, which is just to the north of the Motts' regularly, and do things with Ty, and I've never smelled or heard or seen anything. I don't have any concerns along those lines and I ignorantly purchased the property in Pinal County on 3.3 acres - that's what I have as well – and made some assumptions that the zoning type things that I was familiar with in Maricopa County were going to be similar.

??: 30 seconds.

RIGGS: (Inaudible) my grave error in that assumption, right? But I think a lot of us come out and we see a 3.3 acre property and figure as long as we're not directly impacting anybody around us that we can pretty much do what we want to. I get that. I've learned some lessons. I'm not speaking for anybody else here, I'm just saying that, you know, I always kind of figured all of us out here in Pinal County as more of a freedom-loving and property use type people. With that, I would thank the board for your attention.

MENNENGA: Thank you. Questions? Anyone else to speak? Your name –

BUELL: Steve Buell, I did sign in.

MENNENGA: Okay.

BUELL: Do you need me to say my address?

MENNENGA: Please do.

BUELL: 1050 West Lenora Way. I'm also in the community. I'm outside the 1,200 foot. I heard a couple of interesting things when people were talking. First one, I think the only person inside the 1,200 feet says she can't smell anything, can't see anything. No problem. This is definitely a personal issue with a couple of the members of the community. I'm outside of the 1,200 foot, but I've been past the Motts' property hundreds of times, I've to their property several times. There's not a smell, there's not noise. It's no problem. And so that's the first thing. The second interesting thing that I heard a lot of people say was, they've been doing this for 20 years and nobody knew. Well, that kind of tells me that they're not creating a big disturbance. If it's been going on for 20 years and nobody knew, I had to hire a private investigator to find out, well it's not bothering anybody besides the personal issues. We have a nice community, we have a rural community, there's lots of animals and sometimes there's noise. But most of it doesn't come from them, most of it comes from other places. So I would be in support of this.

MENNENGA: Thank you. Questions? Anyone else to

speak?

THOME: Hi. My name is Carlos Thome, I live in the 195 West Ocotillo, inside the community. I wasn't mean to speak, but just like seemed like the recent speeches. So I just want to say like, we are not like near Jon's house, but since I moved there, like I have been running every morning. And honestly, like I never seen like any, any kind of issue with his property or even his dogs. Even I've had issues with other properties, with other dogs, that they sometimes like they out of property and they chase me and all that. And another thing I want to express is like, talking about the CCRs, like these CCRs like they were made on 1970. So it's already been like most, close than 40 years ago. The city already grown. Like it is not a city – it's a city now. It used to be maybe just a town, but like the city is getting more and like it's growing up. So another thing with the CCRs is like they're not enforceable because like there is no code, like there is no punishment. Like when they did this, the CCRs, like I think like made it wrong. Like they didn't think about like the future and they didn't think about like how to enforce it. That's why like some of the people on this community, like they say like they cannot enforce that CCRs, because if you read the whole document, there is like no power, like when you say like what is the punishment or whatever, the fine, to break these rules. The other thing is

like it looks like if you read the CCRs, like there's a lot of people on the community that they are actually breaking the CCRs. Like not doing like commercial business, but there is another rules. Like I think - I don't have the document on my hands right now, but there is rules about like not having like two houses on the same property. Like there's people like they having that. I think like there is some paragraph like says like no church on the area or no schools. Like there's schools and there's church. So I'm just saying like it's not fair that these CCRs, like they want to apply it to some people because they try to do some things, but they're not applying it to other people like they're breaking too. So I just want here, like I'm supporting on Mr. Mott's permit or request, like he's doing it. As the last person said, like he already been doing it for several years, there has no issues. That's it.

MENNENGA: Thank you. Questions? Anyone else?

REED: Thank you. My name is Jack Reed, I live at 39176 North Prince Avenue. I have been board president, vice president, waterways chairman for this community for the last seven years, on and off. I've been to Jon Mott's house several times helping him grade the lot. He built a new house, grade out, put it on granite, wouldn't even know there was a dog kennel there. And then when I got apprised of the situation, when Mr. Linder came into the board meeting one

time - and I'm just a waterways guy - and throws a lawsuit down. And of course I didn't read it then, but I got, well, then I had to ask him. Yeah, we've had a dog kennel for quite a while, or breeding facility. In the interim, I got dropped into the lawsuit by Mr. Hedrick and Mr. Linder, conspiracy to tortiously interfere with the CC&Rs. The CC&RS were written in 1973. There's been several - 1990, 2000, there've been several HOA laws that's been revised. So our HOA CC&Rs are kind of in turmoil and way behind the times here. And like Mr. Buell said, A&P Nursery's been in, we've got three churches, schools, and one of the churches – and the board made that decision back in the day. One of the churches has been there since 2000, one since '93, I believe. All I can say is, I don't think that the barking dogs is a problem, actually his neighbor next door had to get a kennel permit because he had over four dogs. And (inaudible) that those dogs - he lets his dogs out, those are the dogs that come up to the street and bark. That's the only thing I've ever noticed. And I'm out of the circle, I'm actually one street behind the people in opposition to this. I feel like that the ma and pa businesses should be a thing if they're regulated right. Thank you.

MENNENGA: Thank you. Questions? Anyone else speak?

BENCOMO: I signed in on this one, is that okay?

MENNENGA: You're good.

BENCOMO: My name is April Bencomo, I'm at 1548 West Lenora Way. I live in the Country Mini Farms community since I was 10 years old. I'm horrible at speaking, sorry. I feel like I have a unique perspective because I've been there for so long. I ride horses a lot, multiple times a week. We ride through the east and west sides of the Motts' property. The west side is like a green belt that leads us to the wash that we ride in, and then the other side is like on the road through the community. I didn't even know they had a dog kennel. I've rode by both sides. I knew they had horses, but I didn't know they had a kennel, I've never heard the barking, and I don't live that far from them, and we hear dogs all the time. So I don't know how you can determine from a street over what dogs are barking. I think that doesn't make sense to me. But ironically, when I ride by his place, I see horses, no dogs, but when I ride by the opposing property, their little dogs are barking at us constantly. So I just think that that's funny. I feel bad that he's in this situation, I do think it's personal. I mean the community voted him into the position as president for a reason, and he's kind of taken the brunt of all of this for us. So I support him and I hope you guys too. That's it.

MENNENGA: Thank you. Question? Anyone else to speak? Okay, with that we're going to close the public

hearing on case SUP-016-24.

DAVILA: Mr. Chair?

MENNENGA: Yeah, I –

DAILA: I was hoping to make a motion to go into executive session, if possible, to obtain legal advice pursuant to ARS 38-431.0383.

MENNENGA: Go for it.

MOONEY: I'll second.

MENNENGA: Got a motion and a second to go into executive session. All in favor.

COLLECTIVE: Aye.

[Executive Session]

MENNENGA: 1:25. We need to go back to the applicant, any comments from the applicant?

MOTT: Most - I mean I guess the only thing that I'd like to say in response to some of the stuff that was said was there's a lot of half truths being spoken. If you have questions about any of them, I'd be happy to answer and otherwise I don't - I mean I think you got an idea of where this situation is at.

MENNENGA: Yep. All right, we're gonna bring it back to the Commission. Question?

KLOB: I don't know if there's a question.

DAVILA: Oh no, no. I have one for staff after.

MENNENGA: Questions for staff?

DAVILA: Yeah. How many stipulations were for this case?

ZAIA-ROBERTS: 12.

DAVILA: Okay. Mr. Chair, I'd like to make a motion.

MENNENGA: Please.

DAVILA: I'd like to recommend that the Planning and Zoning Commission forward a recommendation of yes, an approval, to the Board of Supervisors for SUP-016-24 with the 12 stipulations listed in the staff report, with the amendment to stipulation number 4 as listed.

MENNENGA: Got a motion, second?

PRANZO: I'll second.

MENNENGA: Yeah, I am. Let's do a roll call vote.

KRAUSS: Chairman Mennenga.

MENNENGA: Yes.

KRAUSS: Vice Chair Klob.

KLOB: No.

KRAUSS: Member Del Cotto is absent. Member Hartman.

HARTMAN: Yes.

KRAUSS: Member Keller.

KELLER: No.

KRAUSS: Member Lizarraga.

LIZARRAGA: Yes.

MOONEY: Yes, I heard him on the phone, yes.

KRAUSS: Is that a yes? Okay. Member Schnepf.

SCHNEPF: Yes.

KRAUSS: Member of Davila.

DAVILA: Yes.

KRAUSS: Member Mooney.

MOONEY: Yes.

KRAUSS: Member Pranzo.

PRANZO: Yes.

KRAUSS: And Member Scott.

SCOTT: No.

KRAUSS: We have one, two, three, four, five, six yeses and two noes. Three noes.

MENNENGA: Three, three noes.

KRAUSS: Yes, seven yeses. Passes, the motion.

MENNENGA: Okay. There we go. All right, let me ask a question. Do we want lunch or we want to keep going?

DAVILA: Let’s burn through it.

MENNENGA: All right, go for it. All right, here we go. Next case, PZ-027-24.

KLOB: Are they connected?

MENNENGA: And there’s two cases, and PZ-PD-017-24. They are connected, yes.

ZAIA-ROBERTS: Morning again, Chair - or good afternoon, Chair or Vice Chair, Members of the Commission,

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

Regards,

Valerie and John Peters

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

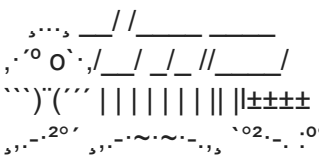
Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.



Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Joshua 24:15

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Deahdra-Lynn Atencio

Good Afternoon Patrick
I am writing to oppose the application for a SUP for Abbott German Shepards.
I do not feel a commercial dog breeding business belongs within a residential community.
I watched the P and Z hearing and my concerns are twofold:
1) as they move females and puppies back and forth between the two kennels, there could be upwards of 12 adults at one place at any given time (or more) at any given time. That is too many dogs on 3.3 acres.

2) we are only one street over from Val Vista and when the dogs bark, they Really Bark - the noise is excessive - I can't imagine trying to live right next to either commercial kennel.
I know they have a reputation for taking good care of the dogs, but when they are loose on the property, they chase the horses there. The barking gets very loud, and seeing the dogs chase baby colts is distressing - I always think they are going to get pushed through a fence.
I feel that if they want to expand their puppy breeding business this significantly, it isn't fair to their neighbors.

Sincerely,
Laurie Fuller

FINDINGS

SITE DATA: Flood zone: Site is situated in Flood Zone X – Area of Minimal Flood Hazard.

ACCESS: The subject property is located at 50956 W Val Vista Rd, Maricopa, AZ 85139. The property has legal access onto W Val Vista Rd which is classified as public right of way. The property operates on a by appointment basis for visiting clients, and operates as an accessory use to the residential property. The business proposes utilization of residential parking on the property for clients, and proposes no parking area expansions due to minimal traffic impact.

HISTORY: The property was zoned SR Suburban Ranch in 1971 under case PZ-290-71 and platted as part of the Thunderbird Farms South Subdivision Approved in September of 1972. County tax records indicate a mobile home was established on the property around 1984. In 1994, the applicant purchased the property and began conducting the dog breeding business at that time. Per the applicant narrative, their dog breeding business has operated on the property since 1994, and a lapse of the commercial kennel permit from Pinal County Animal Control triggered the requirement that an SUP be issued to allow the commercial kennel use to operate within the SR zoning district. In 2016, the applicant expanded operations through purchase of the nearby Jean Dr. property. Both this property and the Jean drive property identified under SUP-007-23 operate cooperatively towards this business and are primary residences for Abbott family members. In this specific circumstance, continued operation of the Abbott's Shepherds business requires approval of two separate Special Use Permits on the basis of multiple locations contributing toward operations.

ANALYSIS:

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently hosts a Single-Family Residence. The property site plan features a 1,800 square foot Kennel building housing seven kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, and kennels and bark collars the dogs after 9:00pm each night.

Commercial kennels and dog breeders are not specifically listed as a permitted use, by right, in the SR zoning district, so therefore it was deemed by Pinal County to consider it a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC

2.151.010 – A.1.o, which states "Such other uses as the planning commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction to affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The site is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

To date, the County has received no letters of support or opposition from neighbors for this case.

The applicant's neighborhood meeting report indicates that a public meeting was held on August 18th, 2022, at 49641 W Jean Drive, Maricopa, AZ, 85139. There were no attendees and the meeting was ended after half an hour.

At the public hearing, the Commission needs to be satisfied that the health, safety and welfare of the County and adjacent properties will not be negatively impacted by this Special Use Permit request under Planning Case **SUP-006-23**. Furthermore, the Commission must determine that this Special Use Permit will promote the orderly growth and development of the County, at this location and time, and this proposed development is compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan.

THE BURDEN OF PROOF IS UPON THE APPLICANT TO PROVIDE THE NECESSARY AND REQUIRED INFORMATION AT THE PUBLIC HEARING. THE APPLICANT NEEDS TO BE PREPARED TO ADDRESS AND MITIGATE, AS APPLICABLE, THE FOLLOWING ISSUES AND CONCERNS:

A) LAND USE, PERIMETER WALLS, SIGNAGE, SETBACKS, INGRESS/EGRESS & LANDSCAPING
B) PUBLIC SERVICES - SEWER, WATER, UTILITIES, DRAINAGE
C) NEIGHBORHOOD IMPACT
D) FLOOD CONTROL
E) TRAFFIC IMPACT
F) COMPATIBILITY/CONSISTENCY WITH PINAL COUNTY COMPREHENSIVE PLAN
G) BENEFITS/DETRIMENTS TO PINAL COUNTY

Should the Commission find, after the presentation of the applicant and together with the testimony and evidence presented at the public hearing, that this Special Use Permit request is needed and necessary at this location and time, will not negatively impact adjacent properties, will promote orderly growth and development of the County, and will be compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan, then the Commission may forward **SUP-006-23** to the Board of Supervisors with a **recommendation of approval with the 12 attached stipulations**. If the Commission cannot find the factors listed above to be applicable to this case, then the Commission may forward this case to the Board of Supervisors with a **recommendation of denial**.

To approve: I move the Pinal County Planning and Zoning Commission approve case SUP-006-23 with 12 stipulations as listed in the staff report.

To deny: I move the Pinal County Planning and Zoning Commission deny case SUP-006-23.

STIPULATIONS:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2. Approval of this Special Use Permit (SUP) will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals;

3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control;

4. The applicant/property owner shall submit a site plan application within one (1) year from the effective date of this resolution or the Special Use Permit will become null and void;

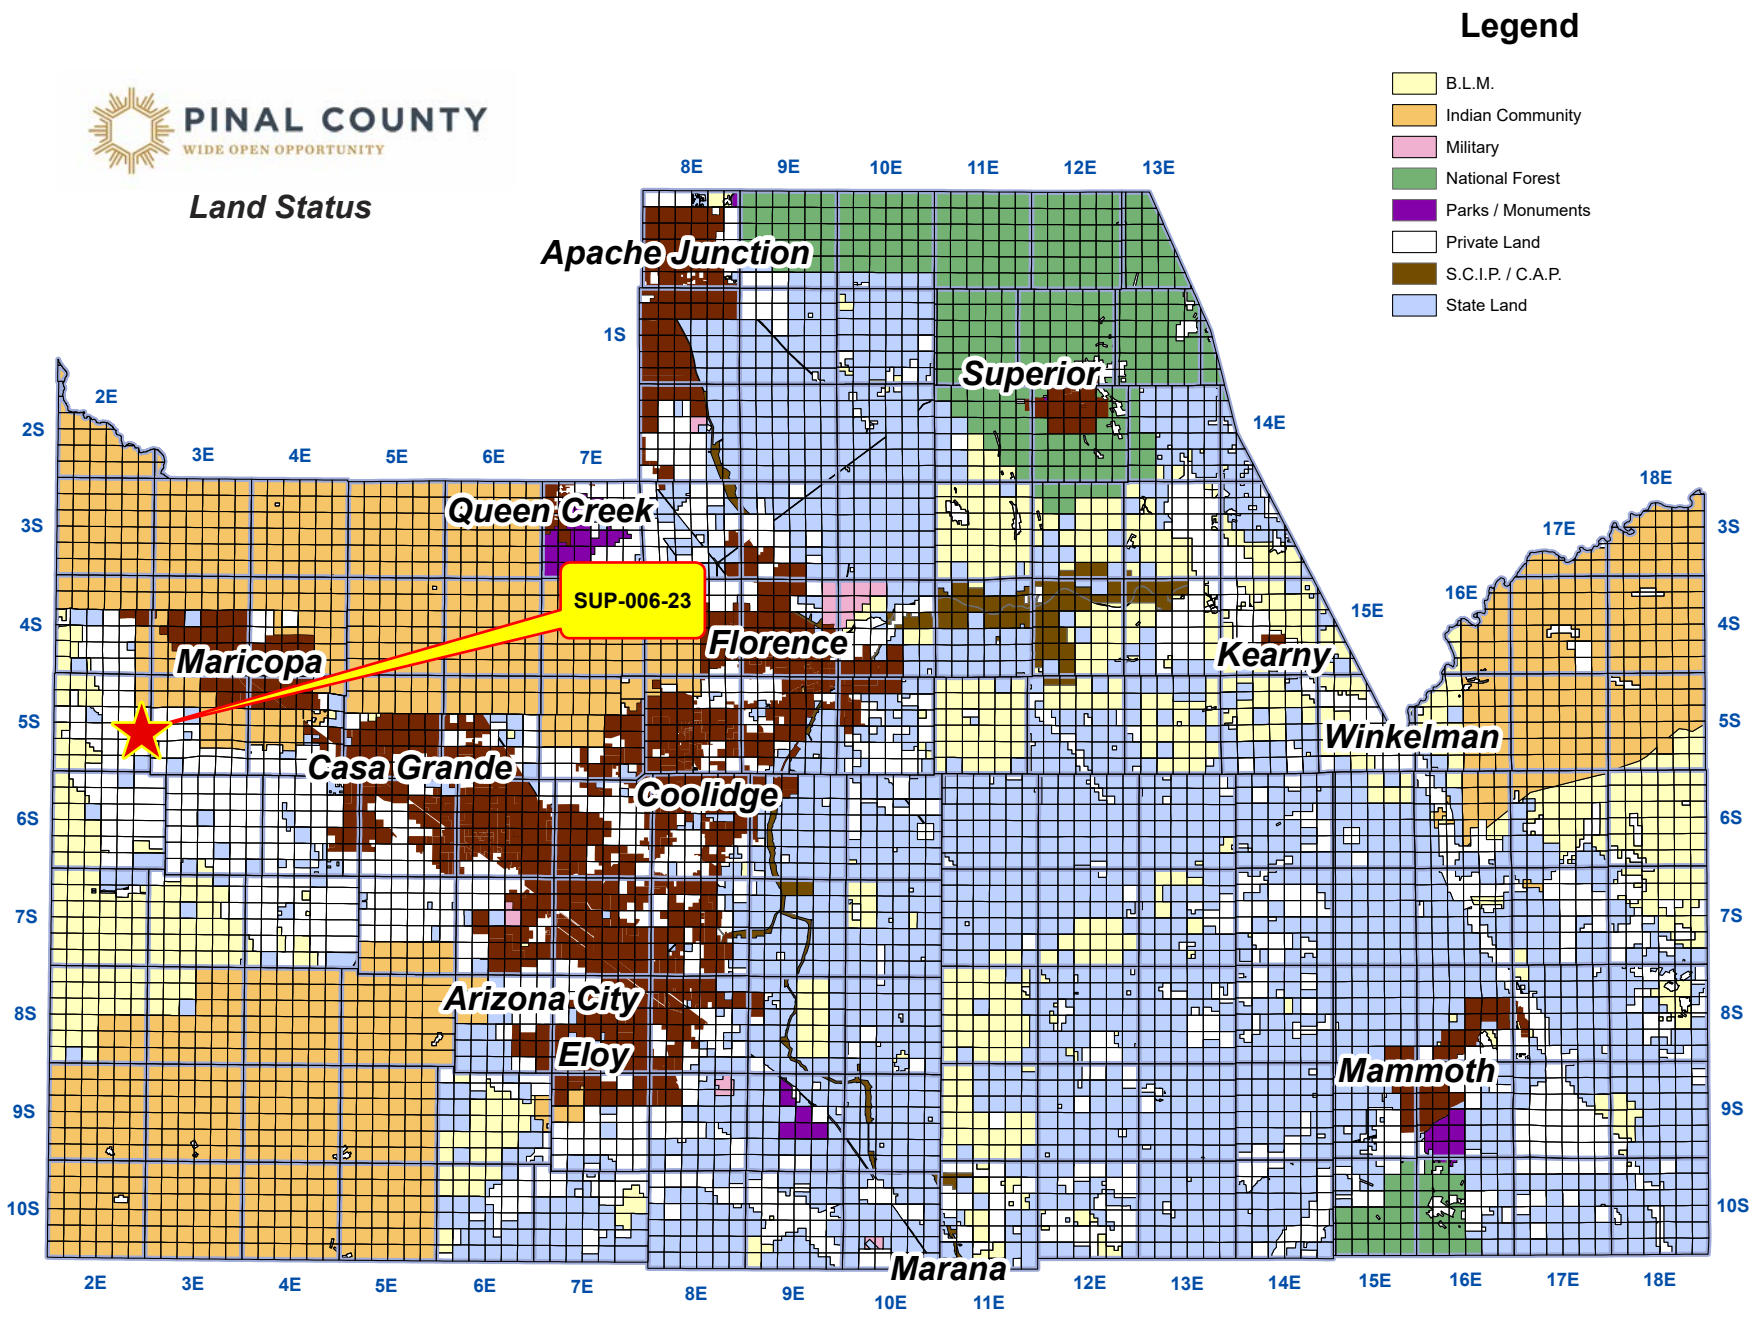
5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors;

6. SUP-006-23 shall meet Lighting Zone 1 requirements;

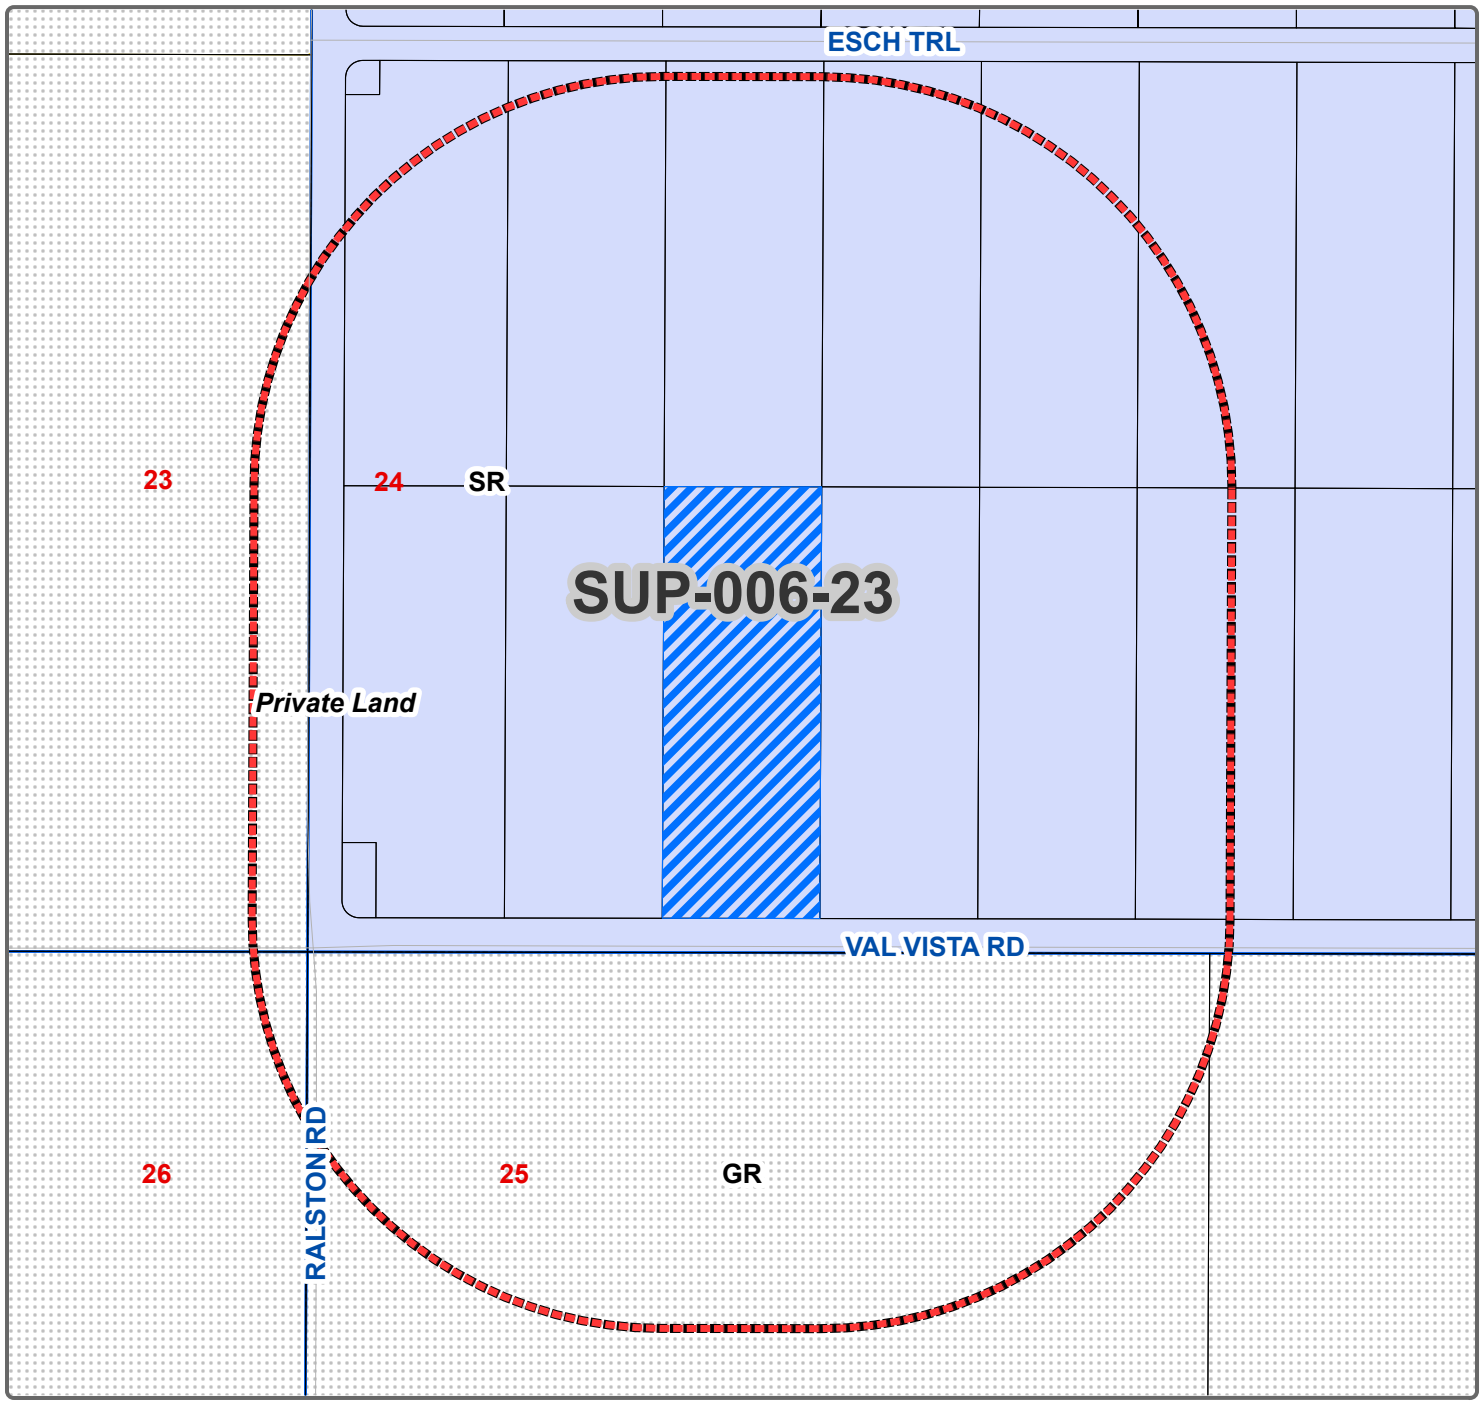
7. Signage on the site shall not be permitted;

8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Department;

9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more;



10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District;



11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the Site Plan approval; and

12. A drainage report may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the Site Plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area.

Abbott's German Shepherds
Special Use Permit (SUP) Narrative

Special Use Permit to allow a Commercial Kennel for German Shepherd Breeding in the Suburban Ranch (SR) Zoning District

Submitted: February 2023

SANKS AND ASSOCIATES LLC

PURPOSE OF THE REQUEST

The purpose of this request is for a Special Use Permit to allow a "Commercial Kennel", limited to the breeding of German Shepherds, on two parcels in the Suburban Ranch (SR) zoning district. The Pinal County Assessor's parcel numbers for the properties are 510-63-0100 and 510-62-3010.

DESCRIPTION OF PROPOSAL

Nature of the Project: We have had the family-owned and operated business of Abbott's German Shepherds running at the Thunderbird Farms neighborhood location at 50956 W. Val Vista Rd. from the time we purchased the land in 1994. We expanded six years ago when my daughter, Shell Abbott, and her husband Russ Byers, purchased nearby property at 49641 W. Jean Dr. in Maricopa, AZ in the Papago Butte neighborhood to our north (2.5 miles away). We now have all the bred females at the Val Vista Rd. property, seven kennel spaces available, where they birth and raise the puppies. On the Jean property is where the care of the other dogs takes place, kennel space for 12. The dogs rotate between the properties as needed, interlocking the properties and the business. These properties have been in compliance with the county in licensing until this year when we accidentally allowed that to lapse, which prompted the recognition of our need to acquire a SUP to allow dog breeding and the "kenneling" of our own dogs. We do not commercially board other people's dogs, such as pet sitting services. We currently also have a Federal license with the USDA and are in compliance with good standing. We seek to have our business in compliance with the county to continue the business's function.

The Val Vista property never has visitors for the business. Our website is how most people find us and learn about our dogs, litters planned, and the care given. People then contact us by phone and/or email and place a reserving deposit putting them on the list. When their number comes up, they receive information on the parents and pictures of the puppies available that fit the specifics of what they are looking for. They receive updating pictures every ten days until the puppies are ready, along with occasional Facebook posts about the puppies. When puppies are ready, families may be met at the airport so their puppy can fly home with them, they may be dropped at the airport for them to fly cargo to their homes, they may be delivered, or they may pick their puppy up at the Jean location. This past year we sold forty puppies, and approximately half of them were picked up from the Jean location. Pick-up is typically about a 30 min process allowing all the puppies to go home in a single day no matter how they get there. This makes the visitors to the Jean property only one at a time, with a monthly traffic trip average of less than two.

Both properties have families living there, working with the dogs together for their care. We have specific areas for the dogs to be kenneled at night but are usually in "turn-out" areas during the day, allowing them to exercise. We can kennel the dogs at anytime if excessive barking occurs that could disturb the neighbors. According to USDA requirements, areas are cleaned as needed to keep the appearance tidy, dogs' health, and the smell down. These requirements far exceed the standards the County has for kennel licensing. It should be noted that we have no known complaints related to barking nor did any neighbors attend our neighborhood meeting to express concerns over our kennel business.

Proposed Land Use: There are currently no plans to add any additional improvements to either property as they both are functioning as necessary for both of our families as we operate the home-based dog breeding business together. The kennels are existing structures on the property as indicated on the site plan.

Conformance to Adopted Comprehensive Plan: The property is designated as "Very Low Density Residential 0-1 DU/acre and the Suburban Ranch zoning on both parcels is in conformance with this designation. Both lots are 3.3 acres and provide ample room to accommodate our homes as well as our German Shepherds in a rural lifestyle environment as envisioned in the Comprehensive Plan. Our homes and lifestyles are an integral part of our "Sense of Community" in the Papago Butte / Thunderbird Farms enclave and we have been here a long time. Residential land uses, including residential uses that include animals, are contemplated in these low-density areas where homes are spread out and many residents have home-based businesses. In fact, there are 12 approved SUPs in our vicinity for a variety of land uses that all contribute to our community fabric. Until recently, we were not aware that our breeding of German Shepherds required a SUP. Upon learning of this from the County, we initiated the process to seek SUP approval as required.

Further, the zoning code contemplates a variety of uses that are acceptable in this district, subject to obtaining a SUP – including a commercial kennel. Since the true nature of our business is more restricted than a true commercial kennel and we have a very limited impact on our neighborhood with this family business of nearly 30 years, we believe that our proven track record as good neighbors comply with the intent of the Comprehensive Plan and overall compatibility of land uses in this rural area.

LOCATION & ACCESSIBILITY

Our homes are on lots in a neighborhood with a typical street grid and ease of access to both Papago and Maricopa Roads. The nature of our operations results in very limited traffic trips so there are no access issues related to this request.

There are residential driveways accessing the homes on each property. Neither property is operated expressly as a commercial business, therefore there is no need for the construction of ADA accessible parking spaces. We only have 20 puppy owner pick-ups per year. It is important to note that although we are requesting an SUP for a commercial kennel, we are only breeding dogs – not boarding or grooming them where there would be customer traffic. We anticipate that any prospective SUP approval would be conditioned so that our business would be limited to dog breeding only otherwise other improvements would be necessary.

UTILITIES & SERVICES

Our homes currently have all utility services necessary for both residences. Our dog breeding business is only a home-based business and places no further demands on these utilities.

ABBOTT'S GERMAN SHEPHERDS 

NOTICE OF NEIGHBORHOOD MEETING

July 29, 2022

Project Name: Abbotts Shepherds Dog Breeding – Special Use Permit (SUP) Requests
Project Locations: Two lots, located at 50956 W. Val Vista Rd and 49641 W. Jean Dr in Maricopa, AZ 85139

Dear Neighbor,

As the owners for the Abbotts Shepherds dog breeding business and fellow residents of our community, this letter is being sent to notify you of forthcoming requests for Special Use Permits (SUP) on our two 3.3-acre properties zoned Suburban Rural (SR) residential in unincorporated Pinal County. Our family's dog breeding business has been a part of the Thunderbird Farms and Papago Buttes community for many years and we have no plans for expansion on either of the lots where our families also reside. Operations for the breeding and care of the German shepherds is shared across to the two properties and it was recently brought to our attention that the County seeks that we obtain SUPs on both lots for our home-based business of breeding German Shepherds. The applications will be filed with the Pinal County Planning and Development Department and future notices will be sent to you via a yellow postcard notifying you of prospective hearing dates at which time a final decision will be made by the County's Board of Supervisors.

As part of the required process for requesting the SUPs, interested neighbors are welcome to participate in providing comments or feedback to us through email, phone, or attendance at the neighborhood meeting that we will have onsite. Please feel free to participate through whichever means is most convenient for you as we go through the application review process with Pinal County. All comments received (phone, email, in-person, etc...) will be shared with County staff and become part of the public SUP case files. Phone and email contact information is provided below, as well as the meeting date/time/location in case you prefer to come in person. We seek your blessing and hope for your continued support of our local family-owned business.

This Neighborhood Meeting will be held at the following time and location:

Date: Thursday, August 18, 2022
Start Time: 6:00 PM
Location: Onsite at 49641 W. Jean Drive., Maricopa, AZ 85139

If you have questions, comments or are unable to attend this meeting, please feel free to contact me at:

RESOLUTION NO. 2025-SUP-006-23

A RESOLUTION OF THE PINAL COUNTY, ARIZONA, BOARD OF SUPERVISORS APPROVING A SPECIAL USE PERMIT FOR CERTAIN PROPERTY LOCATED AT 50956 W VAL VISTA ROAD, MARICOPA, AZ (TAX PARCEL 510-62-3010) TO ALLOW FOR THE OPERATION OF A COMMERCIAL DOG KENNEL, IN CONNECTION WITH PINAL COUNTY COMMUNITY DEVELOPMENT DEPARTMENT CASE NO. 2025-SUP-006-23

WHEREAS, the Pinal County Board of Supervisors (the "**Board**") is authorized pursuant to the Pinal County Development Services Code § 2.151.010 to approve Special Use Permits in order to conserve and promote the public health, safety, convenience and general welfare; and,

WHEREAS, on February 20, 2023, the Pinal County Community Development Department (the "**Department**") received an application from Ranelle Abbott (the "**Applicant**"), owner of certain property located at 50956 W Val Vista Road (Tax Parcel No. 510-62-3010) and legally described in the attached **Exhibit "A"** (the "**Property**"), requesting a Special Use Permit to operate a commercial dog kennel on the Property (a 3.3± acre parcel in the SR Suburban Ranch Zone), under Case No. SUP-006-23 (the "**SUP Application**"); and,

WHEREAS, on March 20, 2025, the Pinal County Planning and Zoning Commission (the "**Commission**") held a public hearing on the SUP Application and considered the same (the "**Public Hearing**") along with twelve (12) stipulations as set forth in the staff report presented to the Commission (the "**Commission Stipulations**"); and,

WHEREAS, after the Public Hearing the Commission voted 10-0 in favor of forwarding a recommendation of approval of the SUP Application to the Board subject to the Commission Stipulations; and,

WHEREAS, after the Public Hearing and Commission vote, specific concerns were raised to the Department staff regarding operation of the proposed commercial dog kennel under the SUP Application; and,

WHEREAS, the Department staff discussed these concerns with the Applicant and subsequently presented the Board with modified Commission Stipulations to address the concerns and eliminated certain Commission Stipulations, which the Department staff determined were not applicable to the SUP Application, resulting in a total of nine (9) revised stipulations of approval, as set forth in the attached **Exhibit "B"** (the "**Revised Stipulations**"); and,

/ / /

RESOLUTION NO. 2025-SUP-006-23

WHEREAS, approval of the SUP Application, subject to the Revised Stipulations, is consistent with and conforms to the county's comprehensive plan.

NOW, THEREFORE, BE IT RESOLVED by the Pinal County Board of Supervisors that the SUP Application requesting approval to operate a commercial dog kennel on the Property is hereby approved, subject to the Revised Stipulations as set forth in **Exhibit "B"**.

RESOLUTION NO. 2025-SUP-006-23

[Stipulations of Approval]

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

6) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

7) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

8) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

9) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- Property is one of five similar existing commercial kennels proposed before the Commission for SUP action during the 1/18/2024 Planning and Zoning Commission Meeting.
- Property is located amongst other properties with rural and agricultural uses and animal husbandry operations.
- Commercial Kennel use is existing and does not present an impact to public health, safety or welfare.
- Proposed SUP is compliant with standards of the SR zoning district, and is comparable to the RU-3.3 zoning district, which offers commercial kennels as allowable through approval of a Special Use Permit.

Items for Consideration

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- SUP Approval shall make compatible the existing use with surrounding land uses.
- Property features improvements to accommodate the kennel use.
- No change in the 31 year old operation is proposed on the property.
- The applicant was proactive in seeking to resolve code compliance violations on the property.
- The applicant has identified a business niche, and articulable need in their community.

Letters of Opposition

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 40 Letters of Opposition
  - Increased noise and Nuisances.
  - Instances of escaped dogs at large.
  - Such businesses should require five acre minimum lot size.
  - Violation of terms of the Pinal County Animal Control Kennel Permit.
  - Increased traffic in the neighborhood and on the neighbors property.
  - Diminution of property value.
  - Adherence to CC&Rs.
  - Inclusion of a petition of ten neighbors in opposition to the Special Use Permit.

Letters of Support

PINAL COUNTY
WIDE OPEN OPPORTUNITY

- 131 Letters of Support
  - Ethical operations

Shell Abbott learned the art of dog training as a member of the Maricopa Trailblazers 4-H Club. Now 24, she runs a dog training business and volunteers as a 4-H club leader, helping young people build healthy relationships with their pets.

"I know how big of an impact 4-H made for me," Abbott said. "Being a club leader is my way of giving back."

"Kids often love their dogs but don't spend a lot of time with them," she said. "When they're in this program, I ask the kids to put in a little extra effort and spend at least 20 minutes a day with the dog."

RESOLUTION NO. 2025-SUP-006-23

A RESOLUTION OF THE PINAL COUNTY, ARIZONA, BOARD OF SUPERVISORS APPROVING A SPECIAL USE PERMIT FOR CERTAIN PROPERTY LOCATED AT 50956 W VAL VISTA ROAD, MARICOPA, AZ (TAX PARCEL 510-62-3010) TO ALLOW FOR THE OPERATION OF A COMMERCIAL DOG KENNEL, IN CONNECTION WITH PINAL COUNTY COMMUNITY DEVELOPMENT DEPARTMENT CASE NO. 2025-SUP-006-23

WHEREAS, the Pinal County Board of Supervisors (the "**Board**") is authorized pursuant to the Pinal County Development Services Code § 2.151.010 to approve Special Use Permits in order to conserve and promote the public health, safety, convenience and general welfare; and,

WHEREAS, on February 20, 2023, the Pinal County Community Development Department (the "**Department**") received an application from Ranelle Abbott (the "**Applicant**"), owner of certain property located at 50956 W Val Vista Road (Tax Parcel No. 510-62-3010) and legally described in the attached **Exhibit "A"** (the "**Property**"), requesting a Special Use Permit to operate a commercial dog kennel on the Property (a 3.3± acre parcel in the SR Suburban Ranch Zone), under Case No. SUP-006-23 (the "**SUP Application**"); and,

WHEREAS, on March 20, 2025, the Pinal County Planning and Zoning Commission (the "**Commission**") held a public meeting and hearing on the SUP Application and considered the same (the "**3/20/25 Commission Public Meeting**") along with twelve (12) stipulations as set forth in the staff report presented to the Commission (the "**Original Commission Stipulations**"); and,

WHEREAS, at the 3/20/25 Commission Public Meeting the Commission voted 10-0 in favor of forwarding a recommendation of approval of the SUP Application to the Board subject to the Original Commission Stipulations; and,

WHEREAS, after the 3/20/25 Commission Public Meeting and Commission vote, specific concerns were raised to the Department staff regarding operation of the proposed commercial dog kennel under the SUP Application; and,

WHEREAS, the Department staff discussed these concerns with the Applicant and subsequently presented the Board with modifications to the Original Commission Stipulations to address the concerns and the Department eliminated certain of the Original Commission Stipulations, which the Department staff determined were not applicable to the SUP Application, resulting in a total of nine (9) proposed revised stipulations of approval (the "**Department Revised Stipulations**"); and,

RESOLUTION NO. 2025-SUP-006-23

WHEREAS, on May 28, 2025, the Board held a public meeting and hearing to consider the SUP Application and the Commission's recommendation and, in view of the Department Revised Stipulations, which the Commission had not considered when providing its recommendation to the Board, the Board voted 4-1 to remand the SUP Application to the Commission to be heard at its June 19, 2025 public meeting to allow the Commission to reconsider the SUP Application in light of the Department Revised Stipulations, and for the matter to be re-heard by the Board at its July 2, 2025 meeting; and,

WHEREAS, on June 19, 2025 the Commission held a public meeting and hearing on the SUP Application and reconsidered the same, together with the Department Revised Stipulations, whereat the Commission made further revisions to the Department Revised Stipulations by amending stipulations #4, #5, #7 and adding stipulation #10, as set forth in the attached **Exhibit "B"** (the "**P&Z Revised Recommended Stipulations of Approval**"); and,

WHEREAS, at the June 19, 2025 Commission meeting, the Commission voted 8-0 to forward a recommendation of approval of the SUP Application to the Board subject to the P&Z Revised Recommended Stipulations of Approval; and,

WHEREAS, approval of the SUP Application, subject to the P&Z Revised Recommended Stipulations of Approval, is consistent with and conforms to the county's comprehensive plan.

NOW, THEREFORE, BE IT RESOLVED by the Pinal County Board of Supervisors that the SUP Application (SUP-006-23) requesting approval to operate a commercial dog kennel on the Property is hereby approved, subject to the P&Z Revised Recommended Stipulations of Approval as set forth in **Exhibit "B"**.

CASE NO.: **SUP-006-23(ABBOTT'S SHEPHERDS VAL VISTA RD)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, (Landowner) is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 50956 W Val Vista Rd, Maricopa, AZ, to allow for a commercial kennel.*

Background:

- *At the March 28th Board of Supervisors meeting, the Board voted to remand SUP-006-23 back to the Planning and Zoning Commission for recommendation with consideration of 10 stipulations as revised by staff.*
- *At the June 19th Planning and Zoning Commission meeting, the commission discussed applicability of the revised stipulations and offered revisions. The Commission voted (8-0) to approve SUP-006-23 with 10 revised stipulations, including revisions to stipulation #4, #5, #7, and #10, as highlighted below*

To Approve: I move the Pinal County Board of Supervisors approve case SUP-006-23 with the following 10 stipulations:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval; and,
2. Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation; and,
3. Signage on the site shall not be permitted; and,
4. The number of adult dogs ~~for breeding purposes~~ allowed on the property shall be limited to seven (7) at any time; and,
5. All dogs on the property shall be housed and maintained inside kennels from 9:00 p.m. to 6:00 a.m. on a daily basis, except that the dogs shall be brought into their kennels during daylight hours for a minimum of 3 hours; and,

6. In addition to complying with all Pinal County Development Services Code requirements relating to excessive noise caused by dogs, "excessive barking" as defined below, is prohibited. Further, the applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without justifiable cause, as determined by the zoning inspector or code compliance officer. For purposes of this SUP, excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.) during the same timeframe; and,
7. A current, valid commercial license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational, excepting only a 30 day lapse, unless the lapse is caused by Pinal County; and,
8. An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions;
9. The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval; and,
10. If there is any change in property ownership or licensee after the SUP is approved by the Board of Supervisors, then the SUP shall become null and void on the effective date of the transfer of property ownership (Parcel #510-63-0100). The current owners (Byers-Abbott Family Living Trust - Russell C. & Ashelle S. Box 827, Florence, Arizona 85132.

To Deny: I move the Pinal County Board of Supervisors deny case SUP-006-23.

If This Request is Approved:

The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel 510-62-3010 at 50956 W. Val Vista Rd in unincorporated Pinal County.

Location:

Parcel number: 510-62-3010 (Legal on File)

Items for Board consideration:

- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 1994.

Analysis

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently hosts a Single-Family Residence. The property site plan features a 1,800 square foot kennel building housing seven kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setbacks and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a “puppy mill.”

Commission recommendation:

- At the March 28th Board of Supervisors meeting, the Board voted to remand SUP-006-23 back to the Planning and Zoning Commission for recommendation with consideration of 10 stipulations as revised by staff.
- At the June 19th Planning and Zoning Commission meeting, the commission discussed applicability of the revised stipulations and offered revisions. The commission voted (8-0) to approve SUP-006-23 with 10 revised stipulations, including revisions to stipulation #4, #5, #7, and #10.

Date Prepared 6/23/25 PZR

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

Regards,

Valerie and John Peters

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Sincerely,

Joe and Carol LeDuc

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.

Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

Hello,

I have known Shell Abbott for over a decade, both personally and professionally. I first met Shell when I needed dog training. I have also been to Shell's home when I was looking at puppies. I was impressed by how organized, clean, and well-mannered her dogs are, although it was no surprise.

Knowing Shell, I can tell you that she is a genuine and ethical person who cares not only about her dog's well-being but also about other people. Shell, her husband Russ, and her family donate their time to good causes by traveling to other countries to help people in need. They also contribute to our community and are a valuable asset. Right now, they are doing 20 acts of kindness inside our community.

I have also heard nothing but good things about both Shell and Russ over the years from friends and clients of mine. I believe that any of her neighbors know that if they had an issue with Shell's business, they would discuss it directly with both Shell and Russ. They both would work to make things right for both her neighbors and their business.

It is a privilege and honor to know both Shell, Russ and their family.

If you would like to discuss this further with me, you can reach me via the info below.

Thank you,

Shannon Ellis

To Whom It May Concern,

I am writing in full support of the Special Use Permit (SUP) for the kennel properties operated by Ranelle and Ashelle Abbott.

I have known this family for 16 years and have visited their property many times throughout that time. Each visit has left a positive impression on me. The dogs are consistently well-behaved, calm, and socialized. I've never experienced excessive barking, aggression, or disruptive behavior from the dogs—even when arriving at the gate or walking the property. In fact, I often forget just how many dogs are there because they're so quiet and well-managed.

The property itself has always been clean and well-kept. I've witnessed firsthand the level of care, attention, and pride this family puts into their work. This is not a chaotic or neglectful operation—it's a well-run, responsible, and loving environment for the animals.

I've also spent time with the family in the garden and around the property and have never felt like the dogs were disruptive to conversations or daily life. If anything, their calm demeanor stands out as a testament to the excellent training and care they receive.

Small, family-owned businesses like this are the heart of our communities. They deserve to be protected and supported, not pushed out by large corporations or new developments that may not understand the value of what already exists. The integrity, honesty, and quality behind this kennel operation is something that should be preserved. This family has deep roots in the area, and if there were any issues with noise, dishonesty, or neglect, it would be evident to those of us who know them well.

I strongly urge you to approve the SUP and allow this small business to continue serving both the animals in their care and the greater community.

Sincerely,
Rae Castro

To whom it may concern,
I would like to submit a letter of support for the Abbott family related to their German Shepherd breeding business. I have known Ranelle and Robert Abbott for approximately two years and have attended several social events at their home. Their German Shepherds are very quiet, and I usually can't tell that they are around. I have always observed that they are well trained to respect the presence of visitors and have never been a nuisance. Please approve their German Shepherd business to continue. Thank you.

To whom it may concern,

I am writing this affidavit in support of the Abbott family's request to retain their special use permit for keeping German Shepherds at their residences.

I have known the Abbotts through our shared involvement at Compass Christian Church in Chandler, and we are also members of the same Life Group in Maricopa City. On numerous occasions, the Abbotts have graciously hosted our Life Group meetings at their home. During these visits, I have never observed any issues related to their dogs or any other animals on either of their two properties, which operate under Abbott's German Shepherds located on Val Vista and Jean Roads.

From my firsthand experience, the Abbotts conduct themselves with the utmost professionalism in both their business operations and their care for the dogs. Their properties are consistently well-maintained, and the animals are treated with great responsibility and care.

In addition, I am aware that the Abbotts have been involved in the dog breeding and training business for many years. They have made a meaningful impact on the local community through their volunteer work as 4H leaders in the dog program, dedicating many hours to training and educating families on how to properly train and groom their dogs.

For these reasons, I see no justification for the revocation of their special use permit.

Should you require any further information or clarification regarding this affidavit, please feel free to contact me directly.

Sincerely,

To Whom It May Concern
City of Maricopa

I am writing to offer my full and sincere support for Abbott German Shepherd, located at 50956 W. Val Vista Rd., Maricopa, AZ 85139, and to affirm the high standard of care and professionalism demonstrated by the owners in their breeding operation.

I had the unique opportunity to live on the Abbott farm for several months while I was working in Arizona, and I spent significant time at both their Val Vista Road location and their Jean Drive property at 49641 W. Jean Drive. At both sites, I witnessed firsthand the thoughtful and responsible manner in which their German Shepherds are raised and cared for.

The primary property on Val Vista spans 3.33 acres, which is more than adequate to accommodate their dogs. The land is well-maintained and thoughtfully arranged to allow the dogs ample room to run, play, and exercise. I observed the dogs integrating peacefully with horses and visitors alike. They are well-behaved, well-socialized, and never once did I witness any aggression toward people or other animals.

The Jean Drive location is similarly set up and includes a track around the property where the owners and dogs run together nearly every morning. This consistent, structured exercise is not only excellent for the dogs' physical health but is also a testament to the level of dedication and training that Abbott German Shepherd puts into their animals. Additionally, privacy fencing is in place near the indoor kennel and runs, ensuring that the dogs are both secure and considerate of the surrounding community.

While the dogs naturally bark briefly when a vehicle approaches or stops at the gate - as any protective or alert dog would - I have never found the barking to be excessive or disruptive. They quickly settle once the vehicle has moved on. It's important to understand that this is normal and expected behavior for any well-trained working breed.

During my time at the property, several litters of puppies were born. I was deeply impressed by the attentive care provided to both the puppies and their mothers. The mama dogs had the freedom to go in and out of their whelping areas, allowing them to nurse and care for their pups while still enjoying movement and enrichment throughout the property.

Every evening, the dogs are safely brought indoors to comfortable and clean accommodations. This routine not only ensures the dogs' safety and rest but also demonstrates how mindful the Abbotts are of maintaining a peaceful environment.

Abbott German Shepherd operates with a high level of integrity, and their breeding program reflects the values of animal welfare, structure, and responsibility. The concerns that have been raised do not reflect the reality of the care I personally witnessed, and I respectfully urge the City of Maricopa to reconsider any actions that would jeopardize their license or ability to continue providing quality dogs to families and working homes.

Dear Shell,

I'm beyond thrilled to write a letter that tells about the wonderful experience that myself and my family had on your property. Though four years apart, we flew in from New Jersey to your lovely space to see your incredible German Shepherd line. We walked away with a beautiful German Shepherd puppy, both times

It was arriving at your Kennel that we knew we were in the right hands. You are such a responsible kennel owner! Your beautiful property, the cleanliness of the kennels, your honesty and the happiness of all the animals, that's when they knew this was the right place for us to get our puppy.

I would never contemplate about going anywhere else. Your kennel is always immaculate, your family treats us just like their family and your property is always welcoming and clean.

We look forward to sharing many more years of coming to visit.

All the best to you, your family and business.

To whom it may concern:

I fully support the Special Use Permit that Abbott's German Shepherds is applying for. I worked with Shell over a two-year period while she helped train my dog Salish for service dog work. I also interacted with several members of the Abbott family and their dogs in training.

I have trained several dogs, but Shell Abbott was the most impressive, professional, caring trainer I've ever known. Her breeding and training programs are a role model. I also know this family contributes extra time to work with needy animals.

Please approve their permit in order to promote the best possible program.

We had a wonderful experience when we brought Berenger into our home. You were thorough in your vetting of me as a potential customer and attentive to any and all questions. You also followed up to make sure everything was going smoothly.

Zion and Dagger Doll had the most even temperaments when we met them and were healthy and happy. We can’t say enough good things about you and your business and hope your license is granted.

A Reflection on Our Family Kennel Experience

Dear whoever this concerns,

I hope this letter finds you well. I wanted to take a moment to share some insights about my experiences growing up in our family kennel business and the lessons I've learned along the way.

From an early age, I was instilled with a sense of responsibility that came with caring for the dogs and managing our kennel. I learned the importance of proper paperwork, tracking finances, and accounting for the funds we earned. This experience taught me how to allocate money wisely, dividing it for tithing, saving, and spending, which has been invaluable in developing my basic business and life skills.

Caring for the puppies and dogs has given me firsthand knowledge of their needs. I've always felt comfortable inviting friends over to the kennel, knowing that the dogs are well-trained and non-aggressive. This trust has allowed me to develop patience and persistence as I interact with them. It's a joy to be outside, engaging in conversations, with the dogs quietly seeking attention rather than causing a ruckus. Their only desire is to be petted, which speaks volumes about their temperament.

Additionally, honesty has always been a cornerstone of our business ethics. We've never discussed the possibility of being dishonest about our dogs or the money we make from the kennel, as integrity is vital to us.

I hope this letter provides a clearer picture of the dedication and love that goes into our family kennel. Thank you for taking the time to read my thoughts.

Warm regards,

Damearrah Abbott

To Whom It May Concern,

I have known the Abbott family since 2008 when we purchased a beautiful white German Shepherd who we named Brutus. After that we became friends and helped each other caring for each others dogs as we bred as well and watched them when we both traveled. They are a kind and loving family and have always treated their dogs with love and kindness just like family. They have a reputable business and should be allowed to continue to live and thrive with their family business where they live.

RE: APPROVAL OF SPECIAL USE PERMIT FOR ABBOTT'S GERMAN SHEPHERDS

Dear Sir/Madam,

I am writing you to request approval for a special use permit for Abbott's German Shepherds. Since 2009, I have purchased two German Shepherds from Abbott's German Shepherds. I have personally interacted with the owners of Abbott's over the years many times and been to their property with each dog that I purchased.

I only will purchase my dogs from Abbott's German Shepherds because of the exceptional quality of their breeding program. They do not breed any animals that do not pass exceptional health standards. In addition, the dogs are bred for great temperament for families which is of great importance.

Their on-site facility is well maintained, clean, no odor, no noise, and all the animals are in excellent health and well-mannered. The manner in which they breed and maintain their facility is of the highest standard which is why I have come back twice for my German Shepherds. My first German Shepherd from Abbott's lived 14 years and was of exceptional health. The one I have now just turned 4 years old and has always been of great health. I trust Abbott's breeding program and how they manage their business. I will continue to only use Abbott's German Shepherds. They have been in the Valley for many years.

I ask you to please approve the Special Use Permit to allow this exceptional breeder of German Shepherds to continue to provide families with pets that are healthy, well- tempered, and trained.

Please feel free to contact me at any time if I can answer any questions.

Kindest regards,

Cassandra Perkins

To whom it may concern, I lived in Maricopa for 8 years and personally know the Abbott Family. I was always so very impressed by the way they run their kennels and how they treat their dogs. Professionalism and integrity are two values the entire family represents. Their care for the animals extended to people as well. The Abbotts understand the German Shepherd breed and that the dog should fit the owner. They spend time making sure that happens. Given their depth of knowledge, expertise and outstanding character it is vitally important that their business continue to offer their services to those who want it. Abbotts German Shepherds

To whom it may concern.
We are clients of Abbotts German Shepherds. Our experience with them has been wonderful. We bought and adopted a lovely German Shepherd dog from them and she is beautiful and so intelligent and very healthy. She has an affectionate and playful personality. At the very start, Abbotts talked to us about our experience with dogs and with German Shepherds. They probed to ensure that we would be a good fit for one of their puppies. And then they spent quite a bit of time helping us pick a puppy from one of their litters. After we chose the puppy they sent us regular emails to prepare us for the dog. These emails covered food, training, medical care, shots, proper crates, potty training, good vendors for food and supplies, and just about any topic that would help us.
When we picked up the puppy they spent time with us to discuss the vaccinations and vet check ups that had already been done, and they talked to us about how to introduce the puppy to our family and house. Since then they have been a great resource for us as questions arise.
I highly recommend Abbotts as a breeder for anyone interested in a great German Shepherd puppy. I would be happy to discuss with potential new clients of Abbotts.
Sincerely,

Alfred Castino

To whom it may concern-

We met the Abbott Family almost 3 years ago. While googling German Shepherd breeders, I came across the Abbott German Shepherd webpage and was immediately impressed. The whole family is involved in raising these German shepherds. these German shepherds are well rounded. They are exposed to livestock, cats and kids. Before they go to a person's home, they have had experiences such as kennel time, paws touched and worked with for nail trims in the future, basic commands worked on what a dream to get such a puppy! To have puppies constantly worked with by different members of the family is top-notch, especially with German shepherds.

When we went to pick up our puppy, we were immediately impressed on the cleanliness of the facility and their personal house is. The mother dog got to spend the last hour with her puppy running around in the yard. Prior to us leaving, they took the stuffed animal that we brought with us and rubbed the mother's scent all over the stuffed animal to help our puppy with his transition into our home. I don't know many people who go to that extent. He slept the whole way home. He did great with kennel time which helps him learn how potty training. We love this facility so much we will definitely be getting another puppy from them someday when the time is right for us.

I wish everyone had as high of standards just like Abbott's German Shepherds!!

Thank You-

To Whom it May Concern
I have visited the Abbot's property several times. They breed and raise and train beautiful German Shepherds there for their business Agsdogs.
The dogs have kennels there but they spend a lot of time inside the family home. They are fed and maintained. The puppies are born and receive tender loving care until they are put on the market and sold to people who have been thoroughly vetted as loving owners. I have recommended Agsdogs to many people as the dogs they raise have won many awards , and the puppies that are put on sale are acclimated to other dogs and used to being around people.

Dear Members of the Board,

I am writing to express my full support for the special use permit for the kennel properties operated by Abbott's German Shepherds (agsdogs.com). My family (including my 2 young daughters) and I have had the opportunity to visit both locations on numerous occasions, and we have consistently been impressed with the professionalism, cleanliness, and care demonstrated by the staff and facility.

Throughout our visits, we always felt comfortable and welcome. The environment at both properties is calm, well-managed, and safe for both animals and visitors. The people at Abbott's German Shepherds are passionate about what they do and committed to doing it right. It shows in everything—from the condition of the kennels to the way they interact with families like ours. Their dedication to responsible breeding, training, and canine welfare is evident in every interaction we've had.

Additionally, we've experienced no issues with excessive noise or disturbances at either location.

The kennels are clean, well-maintained, and thoughtfully designed to support the health and well-being of the dogs. It is clear that Abbott's German Shepherds prioritizes high standards in every aspect of their operation.

In my view, these properties are a credit to the community, and I truly hope you will grant the special use permit so they can continue providing exceptional care and training in a responsible, respectful manner.

Sincerely,

Christine Warren

SOP for the two properties that operate Abbott's German Shepherds in Thunderbird Farms

My name is James T. "Ted" Leonard. I'm a retired Pastor, and a 30-plus year resident of Arizona, of which the last 15 plus years have been in the City of Maricopa.

My family and I have known the Abbots, Robert and Ranelle, for many years. We have found them to be wonderful people. We have been to their home on multiple occasions, and have always found their home and their property clean and well cared for.

The Abbots are currently applying for a Special Use Permit to allow them to continue raising and selling the highest quality German Shepherd puppies on their property, as they have been doing for many many years.

The Abbots are an asset to this community, and the resources from this endeavor allows them to provide for their family's needs.

I strongly urge you to grant this request.

Sincerely,

To whom it may concern,

I would like to attest to the professionalism, proper care and feeding, health checks, and overall excellence in Abbott's German Shepherds. I have visited their facility and it is top notch. I haven't had the opportunity to acquire my dog from them yet (full time job) but I do have a deposit with them for a future pup. I wouldn't get a German Shepherd from any other breeder. Abbott's German Shepherds is the only one I trust. The dogs are extremely well taken care of, are socialized, have freedom to run and exercise, and given a full bill of health prior to going to their new home. I fully support their program and facility.

SUP for the Abbott, German Shepherd, kennels.
Dear Pinal County Board of Supervisors,
I hope this message finds you well. I wanted to take a moment to share my thoughts on the welcoming environment fostered at the Abbott family kennel, particularly reflecting on my experiences during my visits.
Whenever I come over for barbecues or to work on my vehicles, I am always at ease knowing that the dogs are well-behaved. They greet newcomers with calmness, and even upon my arrival, they remain quiet and observant instead of barking. This is a testament to the training and care that has been instilled in them.
I have consistently observed the high level of care provided, with the dogs always well-fed and clean. I enjoy being a helpful presence, contributing by assisting with chores, such as filling the dog food bins.
I also want to address some misleading comments the Abbott family has encountered regarding their feeding practices. The dogs are free-fed, which means they do not bark out of hunger or excitement when it's mealtime. This approach contributes to a peaceful atmosphere, enhancing the overall experience at the kennel.
Thank you for taking the time to read about my personal experiences and the wonderful environment we've created together.
Best regards,
Brian Garrett

My wife and I wanted to thank you for the Bedframe and lamps. Also to commend you on the behavior of your Shepards. When we arrived we pulled up to your gate and all of your Shepards came to greet us. Much to our surprise not a single one barked at us. You called them back so we could open the gate and drive thru. When we were there loading everything up in the back of our Tahoe one of the Shepards jumped in and went straight to our son who was so happy. We lost a Shepard a year ago so it was awesome she went to him for some lovins. It was real sweet. We've never witnessed such good behavior. How ever you've trained them you've done an excellant job. Not a single one acted aggressive. IF I hear of any one needing their dog trained, I will definitley let them know about you.

Again thank You

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Re: Opposition to SUP-006-23, Dog Kennel

To the Board of Supervisors,

I am in opposition to a kennel SUP located on Val Vista. For the same reasons I opposed the one on Jean Dr., I am opposing the one on Val Vista. The lots are too close to each other and dog kennels need to be further out. We alsIo have a huge stray dog problem out here. That should and needs to be under control before we add a breeding kennel to the mix. Most ranches out here have one to several dogs they have adopted as strays. We call them desert dumps. I do not know what type of kennel this is but a rescue facility further away from the long/narrow lots of Thunderbird Farms would be more appropriate.

For the first two years I lived in Maricopa, I stayed at a house on Gail Lane, near Jean. Even though it is a rural area, the 3.3 lots are long and narrow making the homes close to each other.

What I noticed is that the sounds travels. Any sound from parties, dog barking or cars driving down Papago carried for blocks. I initially wanted to find property in Thunderbird Farms but found it very noisy. So, when looking at property, we went further south into Hidden Valley. I am glad we did as it's much quieter out here.

Thunderbird Farms is great for horses and livestock and even chickens. But for dogs they need to be a bit further apart from neighbors due to the barking. And dogs bark. You can hardly control that. And when one barks, all the others join in.

For those reasons, I don't think a dog kennel (due to the noise) is appropriate for this area.

Subject: Opposition to Special Use Permit for Commercial Kennel

Dear Clerk of the Board,

I am writing to express my strong opposition to the proposed Special Use Permit that would allow a commercial kennel to operate on a 3.3-acre lot.

This proposal sets a dangerous precedent. Zoning regulations exist for a reason — to protect the integrity of residential communities and ensure the health, safety, and well-being of residents, animals, and the surrounding environment. Commercial kennels bring increased noise, potential traffic, sanitation concerns, and potential animal welfare issues that are incompatible with the intended use of a lot of this size and zoning classification.

Approving this permit would undermine the zoning protections that residents rely on and could open the door to further inappropriate commercial encroachments into rural or residential areas.

Please do not approve this Special Use Permit. I urge the Board to uphold the existing zoning regulations and prioritize the long-term interests of the community.

My wife sells real estate and has experienced the barking at feeding time of this property without extra animals there and it is already ridiculously loud it is very unfair to the surrounding homes. Imagine if it were your property would you want to accept that??

Thank you for your attention and consideration.

Sincerely,

Bill Vincett

RE: Special Use Permit SUP-006-23 and SUP-007-23

May 23, 2025

Address: 51088 W. Val Vista Rd.; Maricopa, AZ 85139 (Ralston Rd/Val Vista Rd)

Parcel Number: 510-62-30302

To Whom It May Concern,

I am writing to express my **strong opposition** to the approval of Special Use Permits SUP-006-23 (50956 W. Val Vista Rd.) and SUP-007-23 (49641 W. Jean Dr.) for the operation of kennels.

My family and I have resided two properties away from the Val Vista Rd. location for over two decades, and we have experienced significant and repeated issues related to the applicant's previous kennel operations. These issues include:

- **Animals regularly escaping** the property and roaming the streets, particularly Val Vista Rd., which poses a danger to the public and to the animals themselves, especially since Ralton/Val Vista is a busy intersection due the Santa Rosa Cooler down on Ralston. Most recently this past week the current dogs on the property were running on the street

- **Aggressive behavior from dogs** that have breached fences, leading to direct confrontations with our own animals. Years back, One of our dogs sustained a permanent injury from a fight through our fence due to these incidents.

- **Lack of responsible animal control.** While the applicant often had her children, in the past, attempting to retrieve the escaped dogs or horses (sometimes their own, sometimes boarded), it was clear there was no consistent or reliable system in place.

- **Persistent noise disturbances** due to continuous barking from the dogs on the property.

While I have reviewed the proposed stipulations associated with these permits, my personal experience suggests they will not adequately address the ongoing problems. Specifically:

- Bark collars, while helpful in theory, are **not a reliable long-term solution.** In our own experience, bark collars require regular charging or battery replacement, and when left on for extended periods can cause skin irritation to the animals.

- **Noise mitigation** efforts are unlikely to succeed given the number of dogs and the history of poor enforcement. High fences may contain the animals but will not contain the sound.

- Confinement of multiple dogs in a limited space often leads to increased aggression and barking, further undermining the promise of a controlled environment.

Regarding SUP-007-23 on Jean Dr., I believe this property is occupied by one of Ranelle's adult children. Based on past interactions and ongoing behavior patterns, I do not believe there is sufficient responsibility or maturity demonstrated to manage a kennel operation in compliance with the required standards. There is a long-standing pattern of entitlement and disregard for neighbors' concerns.

In summary, I respectfully urge you to **deny both permit applications**. Our neighborhood has already endured many years of disturbances, safety hazards, and lack of accountability. These past experiences strongly suggest that neither location is suitable for a kennel operation, regardless of proposed stipulations.

Thank you for your time and consideration.

Sincerely,

Martzolf-Finley Household

Hello my name is Matthew Williford I am the field manger for papago domestic water. The dog kennel is ajacent to our lateral and have become aggressive towards my meter reader Perry Holmes. For safety reasons he now carries mace when reading that particular area. If these animals should get out they are a definite safety consern.

Please share with the board of supervisors

Good morning!
I hope you had a pleasant holiday weekend! We have attached pictures of the German shepherds at large, pictures of the current fence that is on part of our shared lot line that they would like to adopt into the stipulations (even though it is non compliant), and videos of the dogs showing aggression and barking. Please take a look at the files, as some of you have requested and watch prior to voting on the SUP for the dog kennel, as these items may give a clearer understanding of what the neighbors/neighborhood is dealing with.
I will follow up with a link to the files in google drive on another email.
Thank you,
Katie Buhr (480)334-7153

PETITION AGAINST THE SPECIAL USE PERMIT AND OPERATION OF A DOG KENNEL AT 49641 W Jean Dr Maricopa, AZ 85139.

Case SUP007-23

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

4. Property Value Concerns

Many residents are worried that the presence of a dog kennel will lower the property values in the surrounding area, making it less desirable for families and potential buyers.

5. Traffic Issues

The increased traffic due to visitors and deliveries to the dog kennel could create safety hazards, traffic congestion, and inconvenience for those living in the neighborhood.

6. Zoning and Land Use

The construction and operation of a commercial dog kennel/breeding place is not in accordance with the existing zoning regulations for this area, and allowing it could set a precedent for other commercial enterprises in a residential or mixed-use zone.

7. Community Character

The operation of a dog kennel may change the character of our neighborhood, making it more commercial and less residential. This can negatively affect the sense of community and the general atmosphere of the area.

Petition Signatories (continuation page 2 of 3)

We, the undersigned, respectfully request that the proposed dog kennel not be approved, and that alternative solutions be considered to address the needs of pet owners while maintaining the integrity of our community.

Number one, a code compliance officer went to new property in April numerous times and no dogs were even seen on site. Horses yes, dogs no. They left a card and they contacted us. I explained what they can and can't do.

I contacted animal control , like I told you I would, and they said that the 50956 W. Val Vista property does have a **Class IV commercial kennel license** but not the other properties. They claim all selling of puppies go through this property. I have been researching and SR zoning does allow the "The raising and marketing of poultry, rabbits and **small animals, raised on the premises**." I contacted our planners and they said SR zoning is an agricultural zone that allows selling animals that are raised on property.

I am limited in what I can do since we have to produce **evidence** that they are selling puppies from the other addresses. They claim they just have personal dogs at other properties.

So I have been keeping an eye on this case and having a CCO go by randomly but unless I have someone come forward saying they bought a puppy from the other address, I have no evidence. They can have kennels but cannot sell the puppies at any address other than the 50956 W. Val Vista address. I am sure they know it so they are very careful.

Good morning Patrick,

I just tried leaving a message this morning and I'm not sure it sent. I just saw your email last night and I hope it's not too late to add it to the commissioners packet. After reading the packet that Abbott's German Shepherds submitted, there are also a few items that were not answered in the paperwork…3 of the "yes"or "no" questions about them understanding that there may be special stipulations or rules with the special use permit. The question about there being an incorporated neighborhoods within 3 miles has now changed as well.. that should be marked with "yes". I believe our note is really important to be shared ahead of time.
I have copied and pasted our letter below.

Thank you,
Katie Buhr

Dear Pinal County Board of Supervisors,

We hope this letter finds you well. We are writing to formally express our concern regarding the proposal to obtain a special use permit for a dog kennel adjacent to our residence at 12330 N White Rd. The location of the kennel poses significant challenges and inconveniences to the surrounding community, including our family.

First and foremost, the noise level that typically accompanies a dog kennel—whether it be barking, howling, or other disturbances—raises substantial concerns about the quality of life for nearby residents. Our neighborhood is generally peaceful, and since the addition of this dog kennel, that was built in 2018/2019, there have been many instances of dogs barking through the night, loud barking within the kennel, and at times howling in the kennel all day long, or the dogs running the fence line as people walk, ride, or drive by.

As homeowners who have been living next to the property on Jean since 2000, it was unfortunate to see new neighbors purchase the adjacent property in 2016, move in and start building a big dog kennel about 15' from our property line.
My wife, who was pregnant at the time, feared for her safety as there was only 4' no-climb fence between her and multiple German shepherds who would bark at her aggressively, or anyone, whenever we went outside on our property. The property currently only has a 4' perimeter fence. There have been times that dogs have escaped their yard, and ran around the neighborhood. There have been multiple times when their dogs came onto our property and retrieved without our permission.

After attempting to be cordial neighbors, and find a solution in hopes to cut down on the dogs noise and incessant barking whenever they saw us, things turned sour with Russ and Shell because we decided to contact animal control (in 2018) to file noise complaints, and the county to further inquire about this property opening a commercial dog kennel. The county said the Val Vista property made a special deal with years ago to be able to run a commercial kennel because their neighbor (who was only living there part time) let them "borrow" average, to meet the (still current) requirement of at least 5 acres. They decided to expand their business to the Jean property, but this property did not meet the minimum 5 acre rule, which was only granted in the past to their parents first property on Val Vista.

Ranelle, Russ, and Shell were told by animal control and the county that they could not be selling dogs at the new property, and the family assured them that there were no puppy sales happening at the Jean location, and only at the original home on Val Vista. This occurred back in 2019, and since then, and as stated in their plans to you in 2022, there were puppy pickups that happened at the Jean property, and currently are still happening. This went against rules county had in place for them, and also increased traffic and disrupted our life. We get people stopping at our house, one even driving onto our property asking if this is the place "to pick up their puppy".

We are concerned about the long-term implications of having a dog kennel so close to our home. It affects property values and makes it more difficult for us or neighbors to sell or rent homes in the future.

I kindly urge you to not let this business expand, and impact our neighborhood with the noise, our safety, and negative impacts on home values, and to consider the current cc&r's and zoning that states commercial animal kennels need minimum of 5 acres and a kennel must have minimum setbacks that are not currently met or can be achieved on this lot width. This family purchased a second property to expand their businesses in a location with restrictions prohibiting commercial kennels. There are city incorporated neighborhoods 2 miles away, that will be impacted as well as our immediate community.
Please ask yourself if this is something you would like to have next to your home, and vote accordingly. Our cc&r's are in place to protect property owners and going against them does not align with the "Vision" of the area.

Thank you for your attention and consideration on this important matter.

Sincerely,
Chad and Katie Buhr
Adjacent property owners to the Jean Dr location.

For Patrick.
I had noticed on the presentation that there was no letter of opposition for the Val Vista site kennel listed. I had sent an email to you a while back, and I am unsure of what had happened, but the below letter is what I have shared with the BOS. Thank you.

RE: Special Use Permit SUP-006-23 and SUP-007-23

May 23, 2025

Address: 51088 W. Val Vista Rd.; Maricopa, AZ 85139 (Ralston Rd/Val Vista Rd)

Parcel Number: 510-62-30302

To Whom It May Concern,

I am writing to express my **strong opposition** to the approval of Special Use Permits SUP-006-23 (50956 W. Val Vista Rd.) and SUP-007-23 (49641 W. Jean Dr.) for the operation of kennels.

My family and I have resided two properties away from the Val Vista Rd. location for over two decades, and we have experienced significant and repeated issues related to the applicant's previous kennel operations. These issues include:

- **Animals regularly escaping** the property and roaming the streets, particularly Val Vista Rd., which poses a danger to the public and to the animals themselves, especially since Ralton/Val Vista is a busy intersection due the Santa Rosa Cooler down on Ralston. Most recently this past week the current dogs on the property were running on the street
- **Aggressive behavior from dogs** that have breached fences, leading to direct confrontations with our own animals. Years back, One of our dogs sustained a permanent injury from a fight through our fence due to these incidents.
- **Lack of responsible animal control.** While the applicant often had her children, in the past, attempting to retrieve the escaped dogs or horses (sometimes their own, sometimes boarded), it was clear there was no consistent or reliable system in place.
- **Persistent noise disturbances** due to continuous barking from the dogs on the property.

While I have reviewed the proposed stipulations associated with these permits, my personal experience suggests they will not adequately address the ongoing problems. Specifically:

- Bark collars, while helpful in theory, are **not a reliable long-term solution.** In our own experience, bark collars require regular charging or battery replacement, and when left on for extended periods can cause skin irritation to the animals.
- **Noise mitigation** efforts are unlikely to succeed given the number of dogs and the history of poor enforcement. High fences may contain the animals but will not contain the sound.
- Confinement of multiple dogs in a limited space often leads to increased aggression and barking, further undermining the promise of a controlled environment.

Regarding SUP-007-23 on Jean Dr., I believe this property is occupied by one of Ranelle's adult children. Based on past interactions and ongoing behavior patterns, I do not believe there is sufficient responsibility or maturity demonstrated to manage a kennel operation in compliance with the required standards. There is a long-standing pattern of entitlement and disregard for neighbors' concerns.

In summary, I respectfully urge you to **deny both permit applications**. Our neighborhood has already endured many years of disturbances, safety hazards, and lack of accountability. These past experiences strongly suggest that neither location is suitable for a kennel operation, regardless of proposed stipulations.

Thank you for your time and consideration.

Sincerely,

Martzolf-Finley Household

Hi Patrick,

This correspondence is for the purpose of stating my objections to SUP-007-23 and SUP-006-23 to be heard on June 19, 2025. SUP's for dog kennel operations are not suitable in a SR zoning classification. While this is a large lot classification, a kennel should not be allowed for the following reasons. (1) Noise travels great distances in rural areas. Barking noise from a dogs barking can be heard as far as 1/4 to1/2 mile away depending on time of day and other factors. That means that residents of the area, not just those living next door, will be impacted by the noise of multiple animals at all hours of the day. While there is technology to help address this issue, it is unreliable at best, and worthless in general application. (2) The applicant has been in violation of the code for many years to the exasperation of their neighbors. While compliance is the goal of code enforcement, I feel that the applicant should not be rewarded with an SUP after so many years in violation. It is simply not a good policy. (3) The Commision will be receiving letters from customers of the applicant expressing their thoughts on the QUALITY of the animals, and their level of care of them. Nobody is objecting to this SUP application because the applicant does not run a caring and professional operation. These customers DO NOT LIVE next door to or in the vicinity of the applicant's location, and do not have to suffer any of the negative aspects of living in the vicinity of such a business operation. Please disregard any letters received from customers that do not have the topic at issue, that being an SUP as their point of argument.

In closing, I urge the Commission to unanimously REJECT the applicant's request for SUP's to operate a kennel, and for code enforcement to close the existing non-conforming operations.

Good morning Patrick,
Here is the letter we discussed yesterday afternoon.

Here is a copy of the petition that neighbors signed:
https://mail.google.com/mail/u/0/s/?view=att&th=195aec11cf7cea94&attid=0.1&disp=attd&safe=1&zw

And here is the letter below. Please let me know if anything did not come through. Thank you for getting this to the board before the meeting, really appreciate it.

To the Board of Supervisors,
After receiving more information from senior planner, Patrick Zaia-Roberts, we thought it was important to address a couple of things. We understand the county code compliance has included the suburban Ranch parcel on Jean Drive to be included as one of the five properties they would like to bring in compliance (under code 2.230, Rural Zoning 030-special uses, subsection d) by obtaining a special use permit (2.151010) section a, subsection o.
Ranelle Abbott is the owner of Abbotts German Shepherds and began her business on the Val Vista property. (Case ending in 00623) This was done with the agreement that Ranelle would claim part of her neighbor's acreage so she would be compliant with the (now current) code for SR zoning that states there must be a minimum of 5acres for this type of business.
On November 29th,2016, Ranelle's daughter purchased a property with her husband and co-signed by Robert Abbott. (Document fee number 2016-079902) At that same time, there was a disclaimer deed filed (document fee number 2016-079903) that explicitly states Ranelle Abbott has no right, title, interest, or claim in this property. This application to include this property for a sup is filed as Ranelle being the landowner. The current deed conveys to "Russell C Beyers and Ashelle S. Abbott, trustees of the Byers-Abbott family living trust."
On April 24th, 2019 we reached out to Paula Mullenix and provided evidence of how this property was using it as a commercial kennel, which was prohibited in SR zoning. That's how we came to know of the old agreement with the county and the property owners mother, Ranelle Abbott. The county told the business that they cannot use the new property for business and they said they only use the Jean property to house their own pets. No puppy sales happen there. This is opposite of what they disclosed in the application for this SUP. They stated that no one visits the original property for puppy sales, in fact they direct them to the Jean property.
Rather than trying to hold the current CC&Rs that are in place for our neighborhood, it seems code compliance came up with the solution to help this business, and not the supporting community.
We are not asking to shut the business down, but asking that the business not be allowed to expand onto the Jean property as well. We ask that you please consider the wishes of neighbors and the current CC&Rs for our neighborhood, which is zoned suburban ranch.
We have attached a list of nearby neighbors who are opposed to this property receiving an SUP, and given more time, we believe, could obtain more signatures of landowners in opposition as well.
Thank you for your consideration of your constituents as you move forward to vote on this important matter.

SUP Abbott German Shepards

Good Afternoon Patrick
I am writing to oppose the application for a SUP for Abbott German Shepards.
I do not feel a commercial dog breeding business belongs within a residential community.
I watched the P and Z hearing and my concerns are twofold:
1) as they move females and puppies back and forth between the two kennels, there could be upwards of 12 adults at one place at any given time (or more) at any given time. That is too many dogs on 3.3 acres.

2) we are only one street over from Val Vista and when the dogs bark, they Really Bark - the noise is excessive - I can't imagine trying to live right next to either commercial kennel.
I know they have a reputation for taking good care of the dogs, but when they are loose on the property, they chase the horses there. The barking gets very loud, and seeing the dogs chase baby colts is distressing - I always think they are going to get pushed through a fence.
I feel that if they want to expand their puppy breeding business this significantly, it isn't fair to their neighbors.

Sincerely,
Laurie Fuller

To: Pinal County Zoning, Pinal County Supervisors, and any other relevant authority.

We, the undersigned, hereby express our strong opposition to the operation of a dog kennel at 49641 W Jean Dr. Maricopa, AZ 85139 for the following reasons:

1. Noise Pollution

The constant barking and noise generated by dogs in a kennel can significantly disrupt the peacefulness of our community, especially during early morning and late evening hours. This excessive noise may negatively impact the quality of life for residents in the surrounding area.

2. Health and Safety Concerns

There are concerns that the dog kennel could pose health risks to local residents, particularly if proper sanitation and disease control measures are not strictly enforced. The close proximity to residential areas increases the potential for the spread of airborne illnesses or parasites from the animals.

3. Environmental Impact

The construction and operation of the dog kennel may have negative effects on the local environment. This could include increased waste production, potential pollution of nearby water sources, and the degradation of local green spaces or natural habitats.

TO: BOARD OF SUPERVISORS

CASE NO.: **SUP-006-23(ABBOTT'S SHEPHERDS VAL VISTA)**

CASE COORDINATOR: PATRICK ZAIA-ROBERTS, SENIOR PLANNER

SUPERVISOR DISTRICT: DISTRICT #1, RICH VITIELLO

Executive Summary: *Jason Sanks – Sanks and Associates LLC, applicant, on behalf of Ranelle Abbott, (Landowner) is requesting approval of a Special Use Permit for a 3.3± acre parcel in the SR – Suburban Ranch Zoning District located at 50956 W Val Vista Rd, Maricopa, AZ, to allow for a commercial kennel.*

If This Request is Approved:

The Special Use Permit would allow continued operation of a commercial kennel business as an accessory use to the existing residence on parcel 510-62-3010 at 50956 W. Val Vista Rd in unincorporated Pinal County.

Location:

Parcel number: 510-62-3010 (Legal on File)

Items for Board consideration:

- Proposal is for a special use permit to allow a commercial kennel to operate on 3.3± acres in the SR Suburban Ranch Zoning District.
- Proposed use is to operate a German Shepherd Breeding business.
- The Pinal County Development Services Code establishes that the Planning and Zoning Commission may recommend additional uses for a Special Use Permit (SUP) as the Commission deems appropriate in the public interest. The Commission provided staff direction to pursue an SUP application for this case on January 18th, 2024 as an information item.
- The Pinal County Development Services Code allows for approval of Special Use Permits and allows uses to be developed under special circumstances on a site specific basis.
- The commercial kennel has operated on the property since 1994.

Analysis

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently hosts a Single-Family Residence. The property site plan features a 1,800 square foot kennel building housing seven kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, with the kennels and bark collars on the dogs after 9:00pm each night.

Commercial kennels and dog breeders are specifically listed as a permitted use, by right, in the Suburban Ranch (SR) zoning district on a minimum of 5 acres with minimum setbacks and notification requirements. Since the existing kennel fails to meet the 5-acre minimum parcel size, the Pinal County Development Services Code may consider it as a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC 2.151.010 – A.1.o, which states "Such other uses as the Planning Commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the Commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction of the affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The property in question is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place and to establish limits on its future expansion. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the

operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

Commission recommendation:

- At the March 20th Planning and Zoning meeting, the Commission recommended for approval for the SUP on a vote of (10-0) with 9 stipulations.
- Following the recommendation of the Planning and Zoning Commission, the applicant and staff further discussed applicability of the recommended stipulations and met to further discuss development aspects with a concerned neighbor.
- Staff has since proposed removal of stipulation #3, #4, #5, #6, #8, #9, #10, #11, and #12. Staff also recommends an amendment to stipulation #2, and the addition of 6 (six) new stipulations addressing the neighbor's concerns (indicated as new Stipulations #4-#9**). The new stipulations have been reviewed with the applicant's representative, and they are in general agreement with the revised stipulations.**

Staff presents this case for action by the Board of Supervisors. At the Board's directive, the case may be approved, denied, or remanded to the Planning and Zoning Commission for review and recommendation of proposed changes.

If the Board wishes to approve the Special Use Permit, staff has provided the following nine stipulations of approval for case PZ-006-23 for Board consideration:

1) The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2) Approval of this Special Use Permit (SUP) will require, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals necessary for its operation;

3) Signage on the site shall not be permitted;

4) The number of adult dogs for breeding purposes allowed on the property shall be limited to seven (7) at any time;

5) All dogs on the property shall be housed and maintained inside kennels by 9:00 p.m. on a daily basis;

6) The applicant shall take appropriate and necessary measures to mitigate any excessive barking, such as the use of bark collars, use of insulation or other materials to reduce the level of sound from kennels, so as to avoid disturbing the peace and quiet of another person with excessive barking without cause, i.e. no outside animal intrusion onto the property. Excessive barking shall be defined as frequent intermittent barking of more than 15 minutes, or sustained barking of more than 15 minutes in the early morning (prior to 5:00 a.m.) or late at night (after 10:00 p.m.);

7) A current, valid license from Pinal County Animal Care & Control shall be maintained at all times while the dog kennel is operational;

8) An action to revoke the SUP shall be initiated by the zoning inspector's or code compliance officer's determination that the property does not meet or is not in compliance with any of these Stipulations of Approval. Pursuant to Pinal County Development Services Code § 2.151.010(V), a notice shall be sent to the property owner and/or lessee of the property covered by the SUP requiring compliance with the conditions of approval within 15 calendar days. Upon failure to comply within the specified time period, the supervisors, after notification by certified mail to the property owner and/or the lessee of the property covered by the SUP, shall schedule and hold a public hearing to determine if the special use complies with the conditions of approval and for possible action. The Supervisors may extend the time for compliance or approve or deny the revocation with or without conditions.

9) The property owner and/or the lessee of the property and/or the operator of the kennel, shall allow Pinal County employees to enter upon the property upon request for purposes of inspections to ensure compliance with these conditions of approval, which entry shall not be deemed a trespass.

If the Board wishes to deny the Special Use Permit, staff offers the following motion: I move the Pinal County Board of Supervisors Deny case SUP-007-23.

If the Board wishes to remand the Special Use Permit back to the Planning and Zoning Commission, staff offers the following motion: I move the Pinal County Board of Supervisors remand back case SUP-007-23 to the Planning and Zoning Commission for review.

favor?

COLLECTIVE: Aye.

MENNENGA: Any opposed?

MOONEY: Opposed.

MENNENGA: Thank you. Do we need to take a roll call vote?

??: (Inaudible).

MENNENGA: Just one, okay. All right, okay. So with that –

ABBOTT: Thank you very much.

MENNENGA: You're welcome, thank you. We are gonna take a little break because they need to do a little screen work and stuff up here, okay?

ZAIA-ROBERTS: Thank you.

MENNENGA: Let's just do ten minutes, come back and wrap it up.

[Break]

MENNENGA: …rejoin the Planning and Zoning meeting. And the next case, SUP-016-24. We're certainly getting an education in kennels today, put it that way. So anyway. Staff.

ZAIA-ROBERTS: Good morning Chair, Vice Chair, Members of the Commission again, Patrick Zaia-Roberts, Senior Planner, here to discuss case SUP-016-24. This is a property requesting a special use permit to allow a commercial kennel

on a property in the SR - Suburban Ranch zoning district. This property is 3.4 acres and is located at 39440 North Kennedy Drive in San Tan Valley on parcel 104-26-0400. The applicant and owner of the property is Jon Mott, and this property is in Supervisor District 2. This is a map showing the approximate location near the Pecan Creek development in San Tan Valley. This is a zoning map showing the property with SR surrounding it on three sides and abutting the Town of Queen Creek at the west. This is a vicinity map showing the surrounding zoning. As you can see, it abuts Queen Creek and is in direct proximity to the Queen Creek to the north as well, within the Country Mini Farms subdivision. This is an aerial map showing the property in question and the surrounding properties. And this is the notification area of affected neighbors within direct immediate proximity to the site. This is an image looking north from the property, along Kennedy Drive. South, down the property on Kennedy Drive. East, away from the property. And west towards the property and the notification signage. And you can see the Mott household in the background and one of their horses. And then because that image was a little bit cropped, this is another image looking west onto the property, and the property question. And one additional. This is a site plan showing the as-built conditions of the property. The image, or the portion to the right of the property is the primary residence

for the Motts, and the kind of hash marked area to the south of the property is the area designated for the kennel run. There's the outdoor area also depicted by the dots that you can see there. So some items for Commission consideration. Again, this is one of the five properties that are being brought forward to the Commission that were previously discussed during the January 18, 2024 Planning and Zoning Commission meeting, discussing utilizing the SUP O category for other uses as the Commission deems acceptable. The property's located amongst other properties with rural and agricultural uses and animal husbandry operations. The commercial kennel use is existing and does not present an immediate impact to the public health, safety or welfare. The proposed SUP's compliant with standards of the SR zoning district and is comparable to the RU-3.3 district, which offers commercial kennels as allowable through approval of an SUP. SUP approval shall make compatible the existing use with the surrounding land uses. The property features improvements to accommodate the kennel use. And no change is proposed from the 19 year old operation, which has been imposed on the property. The applicant was proactive in seeking to resolve the code compliance violations of the property that were impactful to the site. The applicant has identified a business niche and articulable need in their community, and staff at time of completion of this presentation, has received

18 letters of opposition and 36 letters of support. And at this point I do have some that did not make it into the main packet, I would like to hand those out to the Commission, if that's acceptable. And just to clarify for the Commission's benefit, this packet is just items that were received after the original packet was submitted. The total count of 18 letters of opposition, 36 letters of support is current at this time. So some of the items the letters of opposition discuss are violations of CC&Rs and HOA directives in the area, civil lawsuits in process, noise and nuisance from barking, presence of biohazards, presence of foul odors, presence of horses, Pinal County code compliance actions, complaints filed with Pinal County Animal Control, concerns with the number of dogs on the property, and discussion that the property should be at least five acres for consideration. The letters of support address the topics of integrity of the applicants, quality property conditions, low visibility to the business, rural lifestyle compatibility, surrounding other more intense nuisances, neighboring similar home businesses and promotion of those businesses, low noise issues or odors or nuisances. Unfair harassment of applicants was discussed on multiple occasions, and concern of lost property value by infringement. And care for dogs and animals, including health and DNA testing. Staff is proposing this case forward with 12 stipulations and an amendment to stipulation 4 to remove a

typographical error included, which was an internal review question that should have been omitted prior to publication. I'll go ahead and read those stipulations into the record. 1. The special use permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval. 2. Approval of this special use permit will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate federal, state, county and local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals. 3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control. 4. The applicant/property owner shall submit a site plan application within one year from the effective date of this resolution or the special use permit will become null and void. 5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors. 6. SUP-016-24 shall meet Lighting Zone 1 requirements. 7. Signage on the site shall not be permitted. 8. The applicant/property owner shall meet the requirements of the

International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Division. 9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more. 10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District. 11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the site plan approval. And 12. A drainage report may be required to be submitted to the County Engineer at the time of site plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the site plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area. At this point, does the Commission have any questions of staff?

MENNENGA: Anybody, questions? Commissioner Klob.

KLOB: Patrick, in one of the comments from, I think one of the opposition letters, you had mentioned that there's some civil lawsuits. Is it in direct relation to this use,

and then how does that apply? Or could it or would it apply to this SUP?

ZAIA-ROBERTS: So they are in direct issue with the proposed use in question. The way the County has been administering this is as a land use decision. The SUP case going forward would permit the land use decision to enact the commercial kennel as as-built on the property as a legal nonconforming use to not be able to expand further. The issue with the lawsuit is in violation of the CC&Rs and HOA directives in the neighborhood, and does not directly apply to the SUP in question.

KLOB: Okay. Can I ask the attorney? Should that prevail from a CC&R aspect, what impacts would that have on this SUP, should it be approved.

ATTORNEY: Chairman, Vice Chair, Members of the Commission, to the extent that the Commission is inquiring as to legal advice, I would suggest that that be done in an executive session.

KLOB: That’s where I thought you were gonna go, but I just wanted to ask.

MENNENGA: Anyone else? And the applicant. Signed in?

MOTT: Yeah.

MENNENGA: Thank you. Name and address.

MOTT: Could I sign that in or do you want it now?

MENNENGA: I want that.

MOTT: Okay. My name's John Mott, live at 39440 North Kennedy Drive in San Tan Valley. Owner, we live on the property, my wife and I. And I want to give a little bit of background on this whole situation, because it is a little bit weird. It's - I want to start, actually over the course of the last three years, there's people in my neighborhood that have been attacking my wife because they don't like me. And so I want her - she's been under a lot of stress, but she asked if I could just read her statement as part of this. I'll go ahead and do that to start. She wrote, good morning. My name is Jenny (inaudible) Mott. I'm a fifth generation farm girl from Arizona. My family has deep roots in agriculture. My father is a fourth generation farmer from Gilbert and he has farmed in both Gilbert and Pinal County for many years. My ancestors came to Arizona in early 1900s as ranchers and farmers, and this way of life has been a part of my history ever since. I have always been involved in breeding and raising livestock on our family farms, and growing up we relied on herding dogs to help manage our animals. We are here today because we've applied for a special use permit to continue breeding, raising, and selling Australian Shepherds from our property. I have been breeding and raising Australian Shepherds since 1999. We purchased our property in 2006 and have continued our breeding program there

ever since. Nothing about our operations has changed. We have not expanded or altered what we do. Unfortunately, our need for this permit stems from a long-standing personal dispute with a few neighbors. Years ago, individuals who disagreed with my husband's role on the water board threatened that if he did not step down, they would take legal action against us over our animals. When he refused to back down, they followed through on their threats, filing a lawsuit aimed at stopping us from breeding dogs and horses on our property. But they didn't stop there. They also turned us into the County weaponizing the zoning code against us in an attempt to force us to stop doing what we have always done. In their lawsuit, they're not only trying to prevent us from breeding animals, but they are also asking the judge and jury if they win to force us to sell our home and move away. This ongoing harassment has caused my family significant stress and anxiety. These individuals continue to spread false and harmful claims about us on social media and their actions have made me fear for the safety of my family and animals. We are fighting to protect our home, our farm and the rural lifestyle we have worked so hard to build. We respectfully ask the Planning and Zoning Commission to approve our request for this special use permit so we can continue our responsible breeding practices as we have for many years. Thank you for your time and consideration. That's my wife's statement on the matter.

Unless you guys really want to go into that, I don't think we need to go into the whole lawsuit case, but the lot that is suing us and is responsible for three lawsuits in our neighborhood, along with our attorney, are all here. So if we need go into it, we can, but I'd prefer not to. I don't have a lot more to say other than what Patrick explained and what my wife explained, but I'm happy to answer any questions and go through this process.

MENNENGA: Questions for the applicant. Commissioner Mooney.

MOONEY: You heard some of my questions earlier.

MOTT: Yeah.

MOONEY: How many dogs – how many adult dogs and then how many litters of puppies per year, and about the average. I'm not familiar with the average size for Australian Shepherds.

MOTT: Australian Shepherds have five to seven on average, probably. We've had litters of one, we've have litters at 13.

MOONEY: Yes, no, I understand that, just the average.

MOTT: Currently she has 10, what I would consider dogs, not including puppies. She may have a few puppies still left from a recent litter. Most puppies are gone to their homeowners by the time they're eight weeks old. So at any

time –

MOONEY: I'm just concerned with the adult dogs and then the number of litters per year.

MOTT: At any time, anywhere between, you know, eight to 13-14 dogs, just depending on the age, you know. And they're not all actively breeding, so we typically have five to six litters a year, maybe.

MOONEY: Thank you.

MENNENGA: Anyone else? Commissioner Scott.

SCOTT: I was just curious on the neighbors that are complaining about this, where are they in proximity to your property?

MOTT: Just outside the - do you have the 1,200 foot radius?

ZAIA-ROBERTS: Yes.

MOTT: Just outside the 1,200 foot radius. If you look straight east from our house, they're straight east of us. Next street over. We're on Kennedy, the next street over is Taylor.

ZAIA-ROBERTS: Commissioner Scott, I could possibly add to that. Staff has received comment letters from numerous locations throughout Country Mini Farms as a whole. The majority of - at least to summarize, the majority of the proximal neighbors within direct proximity of Mott's property on the Pinal County side have been in support. We've received

a number of oppositions from the Ovation community in Queen Creek, and then a number of opposition from scattered throughout the Country Mini Farms in various locations. But generally within that same neighborhood.

SCOTT: So are any of the complaining neighbors on either side, or back to this property?

ZAIA-ROBERTS: I believe we have one that is in the Ovation neighborhood on the Queen Creek side.

SCOTT: Okay.

MENNENGA: Go ahead, Commissioner.

HARTMAN: Just to clarify, to follow up on Commissioner Scott's question. 1,200 feet on the circle, how many complaints within that? Just one?

ZAIA-ROBERTS: Ultimately, we haven't sub-sectored each of those out. We've received about three or four from the Ovation community, I couldn't speak to if they're within the 1,200-foot radius. But in total, from the Country Mini Farms community, we've received that 36 letters of support and the 18 in opposition.

HARTMAN: 36 in support, 18 against.

ZAIA-ROBERTS: Opposition.

MOTT: So I'll answer a little bit more. I went through, like a lot of people as I went though the documentation, I was curious just to see where people were in relation to our property, because the lot 1,200 feet away, the

primary antagonist here, has been posting on social media all over the - so we're getting comments and things happening from all over the country - not just here, but as far - I went through and I looked at the ones that at the time I had, and there were four within the 1,200 foot mailer that we did. Of those four that were in opposition, there's one who lives - if you take from the top left hand corner of our property, maybe three lots up, and they back the 150 foot or whatever that is, green belt. So it's probably - it's actually - go down a bit, it's down, down, down, probably like - probably like right in this area right there is the one within that radius that was in opposition. There were three others that are outside of that radius from Ovation in the initial things. And I don't know, and maybe you could clarify, I know when I was looking at the letters of opposition, seven of them were from one resident and two were from the other person at that same thing. Does that –

ZAIA-ROBERTS: So the 36 letters –

MOTT: 18 unique?

ZAIA-ROBERTS: They're thirty - they've been differentiated by sender. So I know who you're talking about, about that seven letters, is one of those 18.

MOTT: Okay, one of those 18, okay.

ZAIA-ROBERTS: Right.

MOTT: Anyone else?

??: So you received one letter within the 1,200 foot circumference of your home? Is that what we're hearing?

MOTT: One letter - this, now I - there's been a lot more that have come in since, because when I did, there was maybe five or six in opposition when the first initial thing came out, of those five or six, there is one that was across that, that green belt from us. The rest were - four of them were - or three or four of them were further into Ovation. And then the lot directly east of us, 1,200 feet away to the east.

??: So the majority of your neighbors that are complaining are outside the 1,200-foot radius?

MOTT: Yes.

??: So 1,200 feet is just a little bit under a quarter of a mile.

??: (Inaudible).

??: Is that right?

??: Yeah.

??: Okay.

ZAIA-ROBERTS: Just to add to that as well, these are large lot properties - 3.3-3,4 acre properties. So the 1,200 foot buffer - we don't want to discount the letters of opposition on the basis of being outside the 1,200 feet buffer. We've received these all from neighbors within in the Country Mini Farms community.

??: But the greater portion of the letters are from outside?

ZAIA-ROBERTS: Outside 1,200 feet, yes.

??: Okay, thank you.

MENNENGA: Anyone else? Okay.

MOTT: You guys are tired of kennels, huh?

MENNENGA: Yeah, we're getting quite a lesson today on kennels. Okay, with that, we're going to open up the public hearing portion case SUP-016-24. And anyone speak, please come forward. Let's see, I've got a list here. Marla Lindry?

LINDER: Mark Linder.

MENNENGA: Linder? Okay.

LINDER: I signed in. I guess I'm the antagonist in the story here. So, and it's good that I get to go first. I do want to make a correction of 36 letters that came in in support, you'll find that about half of those are actually from outside of the community. They're all customers of his and things like that. So there's about 18 inside the community, so it's about even on that. We are a community that's in turmoil, and it all really started with the existence of Mr. Mott's breeding business. I know Jon likes to personalize it, think it's about him, it's not. It's about preserving our neighborhood as a residential neighborhood. We're governed by CC&Rs. The very first paragraph says, the

properties are for residential use only. Another paragraph that says you can't run a business on your property. That's what the lawsuit's about. Mr. Mott has also managed to get himself onto the board, has refused to enforce, even though employers have consulted and told him that they need to, which has allowed other people to start running businesses in the community, which has greatly expanded the lawsuit. And now a second lawsuit has been filed actually against our board for failing to do their fiduciary duty to protect our residential community. That's what the lawsuits are about. Has nothing to do with Jon as a person, has nothing to do with Jon and his religion, which he likes to say a lot, it's all about what you're doing on your property and how it's illegal by our CC&Rs. That's it, that's basically what it is. So, you know, with the lawsuit there, if we're successful, the business is going to get shut down. I don't think you guys should be issuing a special use permit for something that's currently in litigation when there's a very, very good chance it could get shut down. It looks like the lawsuit's probably going to be successful. If you want to put a stipulation on it to where it's going to go on hold until the settlement of the lawsuit, and then do that, that might be an unacceptable thing to do as well. But for right now, we're speaking against it. I live just outside the 1,200 buffer. Like I said, I live on Taylor Street. When I look directly west I can see Mr. Mott's house.

When I sit on my patio I can hear his dogs. One of the things that I submitted is actually a sound recording of his dogs barking at night while I'm trying to sit on my patio. So we can hear it. There's direct line of sight between the two houses. Even though I'm just outside of the 1,200 foot zone, I can still hear his dogs barking when they go off. And then it sets off all the rest of the dogs in the neighborhood. So, thank you.

MENNENGA: Thank you. Any questions? Okay, next please.

D'AMATO: That would be me.

MENNENGA: Signed in?

D'AMATO: Yes. Both here and on the thing.

MENNENGA: Rebecca. Your name and address.

D'AMATO: I'm Terri D'Amato, 39449 North Hailey Lane in Queen Creek. I had submitted a letter to Mr. Roberts and to all of you, but I think it was received probably later than it would have been included in your packet. And I felt obligated to do so because I had gotten the original letter that was sent out about the zoning and information and read it and thought, well, you know what, if this is what they've been doing for years and years, we've just moved here, it's been three years. It's not bothering us. Not a problem. It wasn't until I received an anonymous letter in the mail that came addressed to us that did make it seem like it was a

personal issue. Felt I needed to take more action. I live in Ovation, and I am - if you could pull up the aerial view – my property is directly behind the Motts' property. If you look right there on the map, directly west. My husband and I sit on our patio every single night because we're from Illinois and we can't believe that it is January and we're still outside in shorts. We do not hear any dogs barking. I do not, have never been woken up, I have never bothered. I have more noise from my 12 pound pug than I have heard from any of the dogs over in that area. We also do not have, and have ever been affected by any of the odors that might be coming from that property. And understanding when we bought and purchased and built this home, this property was there long before we were. We're directly in the direct flight path of the Mesa Phoenix Airport, we haven't filed any complaints with them either because, obviously, they were there way before we were. I'm hoping that this is something that can be addressed for all parties in an amicable way, understanding that this their lifestyle. I've come from a rural community, I've had horses, dogs, cats, all over the property. Never had to breed any because I'm too old. But I understand and can accept the fact that they have been there, they have never been a nuisance. I've personally gone over to the Motts' property when I received the letter to take a look at everything, to say, you know what, where is all of this coming from? I wanna

get both sides of every part of this story. Met with Jen, took her around the property. We went to go see everything. I saw where the dogs were, saw where the horses were, because I can see the horses right through my view fence out in back. That's how close they are. And I can tell you in all honesty, (inaudible) see out on our back porch, I see that. On our back porch, we've never heard the dogs, never been bothered by the dogs. As a matter of fact, the only thing that we've been bothered by are the coyotes that kind of go around the wash concern me, thinking they might jump the fence and get my dog. But in conclusion, I'm here to say I support. After we received this letter, I've talked to several of my neighbors in the area. They now understand what the true story is. Their letters were sent prior to this being received. And with that, I yield my time.

MENNENGA: Thank you. Any questions? Okay. Rebecca.

REBECCA: I did sign in.

MENNENGA: Okay.

REBECCA: Okay, thank you for listening to concerns today of not supporting the Mott family wanting to obtain an SUP. I live one street away from the Motts on Taylor Street, and I can see the Motts' home, within eyeshot of my property, and I can hear the Motts' dogs. I have owned my property for 24 years in Country Mini Farms. The house I live on was not

the first property I owned when I moved to Country Mini Farms, and I was aware of CC&Rs that we could not have businesses in our community, or on my property. And then I also was given the Pinal County guidelines that I needed to abide by, one being with a kennel that you have to have five acres, you have to be 100 feet, your setback of your kennel, and then you also have 75 percent of 300 people around - 75 percent of 300 around you to okay this kennel, which I question what they said. Our community CC&Rs are private covenants that the Motts are not attaining to and adhering to. They are in two lawsuits, I'm in one of them, and mine's the one against the board. And it's the fact that Mr. Mott on this SUP talked about running a business since 2006. And when it came light to this legal business and the community members, Mr. Mott, our board president, led and misled the community as in the board meeting and he stated that he only had four dogs and he was not running any type of business on his property. So this was in 2002. Animal control came and ended up doing an investigation, found they had 11 dogs, two litters of puppies, and was not in compliance with Pinal County zoning for a dog kennel, or from animal control, Motts did not have a Class 4 breeding license. They misled information on the packet. On number four they stated they had no concerns expressed by their neighbors, which is completely untrue. They've been reported to Animal Control, Pinal County zoning, Country Farms

mid HOA management, since 2022. Had no idea they were running a boarding – a dog breeding business. Mr. Mott has been on our Country Farms management HOA board for the past seven years, and he's currently the president. He has stated in our last meeting in February that he will not enforce our CC&Rs, and this has caused the neighbors to start illegal commercial entities throughout the neighborhood, which is causing a lot of contentment with each other. Once a peaceful community, has now become one of fighting and refusal to abide by our CC&Rs due to Mr. Mott not performing his fiduciary duties. The SUP will open a pathway for others to circumvent the Pinal County zoning regulations. Three requirements - you have to have five acres, you have to have your kennel 100 feet from the neighbor's property, and you have to 75 percent approval. Yes, there is excessive noise with these 14 dogs that he has had, from their websites or Facebook sites. The property sets back, they have the 55-plus community by them, and there's no benefit to our community to have this kennel commercial business in our community. In closing, I please request you not to approve this SUP. There are two lawsuits. My lawsuit that's against the board and then the one about the commercial business. Thank you so much for your time. I do question, though, the requirements because there is a 100 feet setback that you're supposed to have, not - there isn't not a setback, there is a setback.

??: Time.

REBECCA: Okay. Did you have questions, or? Sorry talking so fast.

MENNENGA: Questions? All right, next we have Hank Stute.

STUTE: Correct.

MENNENGA: Signed in?

STUTE: Yes I am signed in. Address. Hank Stute. I'm a 40 year resident of the Country Mini Farms. I have property there. And I have tried to set all the - or filter out all the background noise, what has been talked about earlier here. I'm not being condescending with that, but I try to filtered that out and get down to the basics and the root of this application. And this application, I have concerns about it. Number one, I don't see that it's a valuation, a positive valuation driver for Hank's property. I don't see that. I do not see that, and that's a concern to me. The other neighbors, that's their decision, but for me that's a concern. I have other concerns as well in the application. And I have recommendations and observations. My biggest concern here is, is that the term commercial dog breeding business. It's been used, it's being stated, in fact it's on the signage, the advertising signage that's out in front of Mr. Mott's property. It also states a commercial kennel, and then it says, commercial dog breeding business.

Well, I think we all know that commercial dog breeding businesses have no oversight, they're unregulated in the State of Arizona. No oversight, so there's no - excuse the pun, but there's bark but no bite. There is no oversight, so there's no regulatory oversight. The Pinal County Animal Control has nothing, and my concern is is the flip is - the flip - the switch is flipped whether it's a kennel, a commercial kennel, which does have oversight. Or is it a commercial dog breeding business? Well, this isn't clean. This is not clean. So that needs to be addressed. And in addressing that, you know, we all know that the animals don't have a voice, right? Well, Hank's here to be a voice for one animal. I haven't heard anybody talk about the welfare of the dogs. Not one person in any of the discussions, any discussions today, the health of the dogs, what their criteria is with how they take their dogs or when they take their dogs to have a veterinarian check, I see none of that. I see no information from a veterinarian to give a recommendation to this kennel or to a breeder. I don't see any of that, and I take it from the perspective that you're trying to make a sale here. You're trying make a sale to us, the residents, and the board. Well, I think it falls short of that.

??: 30 seconds.

STUTE: That there is none. So my concerns are is that the stipulations don't go far enough. The stipulations

need to be addressed, the commercial dog breeding business aspect of this. If there's not going to be any, then strike it, eliminate it, where it's strictly a commercial dog kennel. That has oversight. A Class 4 permit, an Arizona Department of Agriculture kennel permit, U.S. Department of Agriculture kennel permit, et cetera, et cetera et cetera, and this should not be a transferable permit to the next owners of this property. That should be a stipulation.

??: Time.

STUTE: Thank you.

MENNENGA: All right, any questions? Anyone else to speak?

HEDRICK: I haven't filled out the comment card, but can I sign?

MENNENGA: Yeah, sure. Come on up and sign in. Give us your name and address.

HEDRICK: My name for the record is Mike Hedrick, H-E-D-R-I-C-K, and I live at 1003 West Ocotillo within the community. And I wasn't intending to speak here today. I'm an attorney, I'm that guy that is in charge of these two lawsuits that are proceeding against Mr. Mott, his wife Jenny, Jack Reed, other members of the board who, for whatever reason, they have decided that their rights and their privileges, as they see them, are more important than the people who have a similar investment into the community. The

property values here range from a dilapidated property that's nothing but dirt and no serious structures on it, 500,000-600,000 for the land, or as opposed to Rebecca's property, which four and a half acres, mature landscaping, trees, impossible to find. You cannot replace, you cannot find a four and a half acre property anywhere in San Tan Valley where you don't have to dredge it, redo everything and start over. So the tension here is between CC&Rs, which are a covenant, they're a promise, they're a contract, that you make when you take title to a property. We've been making covenants all the way back to my people's covenant with the God of Abraham, Isaac and Jacob and Moses. And a covenant is a promise that you don't break. And if you don't make the promise, you don't have to worry about breaking it, but when you make the promise, when you take title, you agree to abide by the CC&Rs. And they prohibit places of business. Jon Mott alleges before this Commission that he has been running this kennel for 19 years. Whether he has or not, it was only discovered by my private investigator in 2022 that he was running a dog breeding business. Before that time, there was a lot of time when everybody thought Jon just likes dogs and he's got a lot yappy dogs. And if that was the case here, there would be no case. But instead, he's, according to his own testimony, he's selling hundreds of dogs per year, according to his Facebook page, at $2,000 to $3,000 per dog. It is noisy.

??: 30 seconds.

HEDRICK: It is stinky, and it is really not good government, from my perspective - and I respect all of you in what you do - it's not good government for you to be overstepping and stepping on the rights of people who have their largest investment - $1.7, $2 million, to have to live beside of a kennel. Nobody here would want to live besides the kennel that Jon Mott runs were you to come out and look at it.

??: Time.

HEDRICK: I would ask the panel, in closing, to show restraint, deny it, because the CC&Rs prohibit any kind of business. Let the court case run its course, and see what happens, and then at that point perhaps Jon can work out with the new board, which will take over after Jon and his people are - don't have the reins of power. Maybe something can be worked out where he can come back before this Commission and say –

??: Time.

HEDRICK: - this is what happened and now I would like to revisit my SUP. Thank you very much.

MENNENGA: Any questions for the attorney. Anyone else to speak? Come on up. Sign in please and give us your name and address.

RIGGS: My name is Jason Riggs and I live at 40267

North Prince Avenue. Go ahead and sign in real quick. I purchased my property in 2014, I bought it for $275,000. I put a little bit of work into it, but I haven't added any square footage or anything that would require a permit. And we refinanced our house last year and it appraised it 750, irrespective of the things that are happening and being alleged. I'm here to voice my support for this SUP, and the reason that I do is it is consistent with the lifestyle that we live. Our CC&Rs are an absolute mess. They proscribe churches and schools. We have the A&P Nursery within our community. They have a thriving retail business, and I live two doors down from them and they don't hurt me in any way, shape or form. Their ingress/egress is on Ironwood or Gantzel, technically, where I live. And I have cousins that purchased dogs from the Motts in Texas. That was, gosh, I want to say six or eight years ago. They love them, they love Aussies. I'm a Queensland healer guy, you know. No offense, pal, but anyhow, I grew up around healers and that's the herding dog that I've always gravitated toward. But I - my wedding for my daughter was actually hosted in the property right across the street from the Motts. The Williams are very generous, they have a very beautiful estate property. As Mr. Hedrick pointed out, there's quite a spread in the values of the homes. We have estate homes that are worth multiple millions, and we have other homes that need - well, they're

bare dirt or trailers that need a lot of work. But they were generous enough to allow us to have that wedding back there. Didn't hear a peep. I've been to the Motts' property probably, I don't know, 20 or 30 times. Never smelled anything, never heard anything, never heard any complaints. I go to the Bowman's property, which is just to the north of the Motts' regularly, and do things with Ty, and I've never smelled or heard or seen anything. I don't have any concerns along those lines and I ignorantly purchased the property in Pinal County on 3.3 acres - that's what I have as well – and made some assumptions that the zoning type things that I was familiar with in Maricopa County were going to be similar.

??: 30 seconds.

RIGGS: (Inaudible) my grave error in that assumption, right? But I think a lot of us come out and we see a 3.3 acre property and figure as long as we're not directly impacting anybody around us that we can pretty much do what we want to. I get that. I've learned some lessons. I'm not speaking for anybody else here, I'm just saying that, you know, I always kind of figured all of us out here in Pinal County as more of a freedom-loving and property use type people. With that, I would thank the board for your attention.

MENNENGA: Thank you. Questions? Anyone else to speak? Your name –

BUELL: Steve Buell, I did sign in.

MENNENGA: Okay.

BUELL: Do you need me to say my address?

MENNENGA: Please do.

BUELL: 1050 West Lenora Way. I'm also in the community. I'm outside the 1,200 foot. I heard a couple of interesting things when people were talking. First one, I think the only person inside the 1,200 feet says she can't smell anything, can't see anything. No problem. This is definitely a personal issue with a couple of the members of the community. I'm outside of the 1,200 foot, but I've been past the Motts' property hundreds of times, I've to their property several times. There's not a smell, there's not noise. It's no problem. And so that's the first thing. The second interesting thing that I heard a lot of people say was, they've been doing this for 20 years and nobody knew. Well, that kind of tells me that they're not creating a big disturbance. If it's been going on for 20 years and nobody knew, I had to hire a private investigator to find out, well it's not bothering anybody besides the personal issues. We have a nice community, we have a rural community, there's lots of animals and sometimes there's noise. But most of it doesn't come from them, most of it comes from other places. So I would be in support of this.

MENNENGA: Thank you. Questions? Anyone else to

speak?

THOME: Hi. My name is Carlos Thome, I live in the 195 West Ocotillo, inside the community. I wasn't mean to speak, but just like seemed like the recent speeches. So I just want to say like, we are not like near Jon's house, but since I moved there, like I have been running every morning. And honestly, like I never seen like any, any kind of issue with his property or even his dogs. Even I've had issues with other properties, with other dogs, that they sometimes like they out of property and they chase me and all that. And another thing I want to express is like, talking about the CCRs, like these CCRs like they were made on 1970. So it's already been like most, close than 40 years ago. The city already grown. Like it is not a city – it's a city now. It used to be maybe just a town, but like the city is getting more and like it's growing up. So another thing with the CCRs is like they're not enforceable because like there is no code, like there is no punishment. Like when they did this, the CCRs, like I think like made it wrong. Like they didn't think about like the future and they didn't think about like how to enforce it. That's why like some of the people on this community, like they say like they cannot enforce that CCRs, because if you read the whole document, there is like no power, like when you say like what is the punishment or whatever, the fine, to break these rules. The other thing is

like it looks like if you read the CCRs, like there's a lot of people on the community that they are actually breaking the CCRs. Like not doing like commercial business, but there is another rules. Like I think - I don't have the document on my hands right now, but there is rules about like not having like two houses on the same property. Like there's people like they having that. I think like there is some paragraph like says like no church on the area or no schools. Like there's schools and there's church. So I'm just saying like it's not fair that these CCRs, like they want to apply it to some people because they try to do some things, but they're not applying it to other people like they're breaking too. So I just want here, like I'm supporting on Mr. Mott's permit or request, like he's doing it. As the last person said, like he already been doing it for several years, there has no issues. That's it.

MENNENGA: Thank you. Questions? Anyone else?

REED: Thank you. My name is Jack Reed, I live at 39176 North Prince Avenue. I have been board president, vice president, waterways chairman for this community for the last seven years, on and off. I've been to Jon Mott's house several times helping him grade the lot. He built a new house, grade out, put it on granite, wouldn't even know there was a dog kennel there. And then when I got apprised of the situation, when Mr. Linder came into the board meeting one

time - and I'm just a waterways guy - and throws a lawsuit down. And of course I didn't read it then, but I got, well, then I had to ask him. Yeah, we've had a dog kennel for quite a while, or breeding facility. In the interim, I got dropped into the lawsuit by Mr. Hedrick and Mr. Linder, conspiracy to tortiously interfere with the CC&Rs. The CC&RS were written in 1973. There's been several - 1990, 2000, there've been several HOA laws that's been revised. So our HOA CC&Rs are kind of in turmoil and way behind the times here. And like Mr. Buell said, A&P Nursery's been in, we've got three churches, schools, and one of the churches – and the board made that decision back in the day. One of the churches has been there since 2000, one since '93, I believe. All I can say is, I don't think that the barking dogs is a problem, actually his neighbor next door had to get a kennel permit because he had over four dogs. And (inaudible) that those dogs - he lets his dogs out, those are the dogs that come up to the street and bark. That's the only thing I've ever noticed. And I'm out of the circle, I'm actually one street behind the people in opposition to this. I feel like that the ma and pa businesses should be a thing if they're regulated right. Thank you.

MENNENGA: Thank you. Questions? Anyone else speak?

BENCOMO: I signed in on this one, is that okay?

MENNENGA: You're good.

BENCOMO: My name is April Bencomo, I'm at 1548 West Lenora Way. I live in the Country Mini Farms community since I was 10 years old. I'm horrible at speaking, sorry. I feel like I have a unique perspective because I've been there for so long. I ride horses a lot, multiple times a week. We ride through the east and west sides of the Motts' property. The west side is like a green belt that leads us to the wash that we ride in, and then the other side is like on the road through the community. I didn't even know they had a dog kennel. I've rode by both sides. I knew they had horses, but I didn't know they had a kennel, I've never heard the barking, and I don't live that far from them, and we hear dogs all the time. So I don't know how you can determine from a street over what dogs are barking. I think that doesn't make sense to me. But ironically, when I ride by his place, I see horses, no dogs, but when I ride by the opposing property, their little dogs are barking at us constantly. So I just think that that's funny. I feel bad that he's in this situation, I do think it's personal. I mean the community voted him into the position as president for a reason, and he's kind of taken the brunt of all of this for us. So I support him and I hope you guys too. That's it.

MENNENGA: Thank you. Question? Anyone else to speak? Okay, with that we're going to close the public

hearing on case SUP-016-24.

DAVILA: Mr. Chair?

MENNENGA: Yeah, I –

DAILA: I was hoping to make a motion to go into executive session, if possible, to obtain legal advice pursuant to ARS 38-431.0383.

MENNENGA: Go for it.

MOONEY: I'll second.

MENNENGA: Got a motion and a second to go into executive session. All in favor.

COLLECTIVE: Aye.

[Executive Session]

MENNENGA: 1:25. We need to go back to the applicant, any comments from the applicant?

MOTT: Most - I mean I guess the only thing that I'd like to say in response to some of the stuff that was said was there's a lot of half truths being spoken. If you have questions about any of them, I'd be happy to answer and otherwise I don't - I mean I think you got an idea of where this situation is at.

MENNENGA: Yep. All right, we're gonna bring it back to the Commission. Question?

KLOB: I don't know if there's a question.

DAVILA: Oh no, no. I have one for staff after.

MENNENGA: Questions for staff?

DAVILA: Yeah. How many stipulations were for this case?

ZAIA-ROBERTS: 12.

DAVILA: Okay. Mr. Chair, I'd like to make a motion.

MENNENGA: Please.

DAVILA: I'd like to recommend that the Planning and Zoning Commission forward a recommendation of yes, an approval, to the Board of Supervisors for SUP-016-24 with the 12 stipulations listed in the staff report, with the amendment to stipulation number 4 as listed.

MENNENGA: Got a motion, second?

PRANZO: I'll second.

MENNENGA: Yeah, I am. Let's do a roll call vote.

KRAUSS: Chairman Mennenga.

MENNENGA: Yes.

KRAUSS: Vice Chair Klob.

KLOB: No.

KRAUSS: Member Del Cotto is absent. Member Hartman.

HARTMAN: Yes.

KRAUSS: Member Keller.

KELLER: No.

KRAUSS: Member Lizarraga.

LIZARRAGA: Yes.

MOONEY: Yes, I heard him on the phone, yes.

KRAUSS: Is that a yes? Okay. Member Schnepf.

SCHNEPF: Yes.

KRAUSS: Member of Davila.

DAVILA: Yes.

KRAUSS: Member Mooney.

MOONEY: Yes.

KRAUSS: Member Pranzo.

PRANZO: Yes.

KRAUSS: And Member Scott.

SCOTT: No.

KRAUSS: We have one, two, three, four, five, six yeses and two noes. Three noes.

MENNENGA: Three, three noes.

KRAUSS: Yes, seven yeses. Passes, the motion.

MENNENGA: Okay. There we go. All right, let me ask a question. Do we want lunch or we want to keep going?

DAVILA: Let’s burn through it.

MENNENGA: All right, go for it. All right, here we go. Next case, PZ-027-24.

KLOB: Are they connected?

MENNENGA: And there’s two cases, and PZ-PD-017-24. They are connected, yes.

ZAIA-ROBERTS: Morning again, Chair - or good afternoon, Chair or Vice Chair, Members of the Commission,

To whom it may concern at the County Board,

This letter is in regards to the application of a Special Use Permit by Abbott's German Shepherds in Maricopa, AZ.

We adopted our shepherd, Riker, from Abbott's almost 3 years ago. We chose Abbott's after witnessing their obvious love for the breed and care in helping us choose the right pup for us. Their response to emails and phone calls was wonderful.

Abbott's had a very strict protocol to keep their dogs healthy and limited exposure to the public. Though we were prohibited from meeting Riker prior to adoption, we had utmost confidence that we had selected the right breeder. Their communication with us prior to adoption day was stellar and the adoption process was impressive.

When we arrived, we were greeted at the gate by Shell, Riker, and his momma Addi. Addi was super sweet and showed no protectiveness towards us. Riker was an alert ball of fluff. Their property was quiet and clean. We were taken in their home and provided all of the necessary paperwork and knowledge for Riker to make a happy and safe transition into our care. Over the past 3 years, Shell has been very responsive to our many questions on how to properly raise our little guy. He is the sweetest shepherd we've ever had and we will not hesitate to return to Abbott's when it's time to add another pup to our family.

To whom it may concern,

We acquired a wonderful German Shepherd with a mellow temperment from Shell Abbott. Our visits to the the property were delightful. We were treated very well, and got to meet some wonderful and friendly dogs. We were impressed with the size of the area and the cleanliness. The instructions we received were and are insightful and helpful. We would happily return for more visits.

To Whom It May Concern,

I am writing to express my wholehearted support for Abbot Farms and their exceptional German Shepherd breeding program. As someone who has had the pleasure of visiting their property and interacting with their dogs, I can confidently speak to the outstanding quality, care, and ethical standards that define their operation.

Friendliness and Temperament of the Dogs
The German Shepherds at Abbot Farms are a true testament to the breed's best qualities—loyal, intelligent, and remarkably friendly. Each dog displays a balanced temperament, showing both playfulness and obedience, which is a direct result of thoughtful breeding and early socialization. The dogs are not only affectionate with their families but are also eager to interact with visitors, making them a joy to be around for both children and adults.

Impression of Property Maintenance
Every visit to Abbot Farms has left a strong impression of meticulous care and cleanliness. The facilities are well-maintained, with ample space for the dogs to exercise and play. The environment is organized, safe, and hygienic, reflecting the farm's commitment to the well-being of their animals. It is clear that the health and happiness of the dogs are top priorities, as evidenced by the clean kennels, fresh water, and tidy play areas.

Noise and Disturbance
One aspect that stands out is the calm and controlled environment. I have never noticed excessive barking or any disturbances during my visits. The dogs are well-trained and seem content, which speaks to their stable temperaments and the attentive care they receive. This tranquil atmosphere is a testament to the farm's effective management and the dogs' positive socialization.

Personal Experiences and Treatment
From the moment I arrived at Abbot Farms, I was welcomed warmly and treated with genuine hospitality. The staff is knowledgeable, approachable, and eager to answer questions about the breed and their practices. My family and I were encouraged to interact with the dogs, observe their routines, and learn about their backgrounds, which made us feel valued and informed throughout our visit.

Impact on Our Family
Bringing home a German Shepherd from Abbot Farms has been a profoundly positive experience for our family. Our dog is not only a loyal companion but also a source of joy and comfort. The careful breeding and early training provided by Abbot Farms ensured a smooth

transition into our home, and our dog's gentle nature has made him an instant favorite among friends and neighbors. The support and guidance offered by Abbot Farms post-adoption have been invaluable, further demonstrating their commitment to the well-being of their dogs and the satisfaction of their clients.

Responsible and Ethical Breeding

Abbot Farms exemplifies the highest standards of responsible and ethical breeding. Their program prioritizes health, temperament, and the betterment of the breed. Each breeding decision is made with careful consideration of genetic health, behavioral stability, and the overall welfare of both the puppies and their parents. They are transparent about their practices, provide comprehensive health records, and are always available to answer questions or offer advice. This level of integrity aligns with the best practices advocated by leading animal welfare organizations and sets Abbot Farms apart as a model breeder.

In summary, Abbot Farms is a shining example of what a responsible, caring, and ethical German Shepherd breeder should be. Their dedication to their dogs, their property, and their clients is evident in every aspect of their operation. I wholeheartedly recommend Abbot Farms to anyone seeking a healthy, well-adjusted, and loving German Shepherd.

Dear AGS and Who it May Concern,

I just wanted to take a moment to share how incredible this past year has been with Chief, who I brought home last February. He is truly the most well-mannered, social, and sweet dog I've ever known. While his size definitely turns heads on the beach, it's his gentle temperament and exceptional training that makes everyone fall in love with him.

Chief's health has been outstanding, and I credit so much of that to the incredible care and diligence you put into your breeding program. The fact that you provide extensive testing and background on each

dog speaks volumes about how deeply you care and the thought you put into every decision.

What really sets you apart is your dedication—both before and after the adoption. From the beginning, you took the time to understand exactly what I was looking for. You didn't rush the process, and when you finally called with what you believed was the perfect match, you were absolutely right. It was worth every minute of the wait.

Your follow-up, support, and commitment to your dogs and their new families go far beyond what most would expect. It's clear you're not just a breeder—you're a passionate, ethical, and deeply caring professional. We need more breeders like you in the world—ones who prioritize long-term compatibility and well-being.

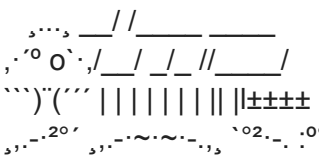
Thank you for bringing Chief into my life. I can't imagine a better companion.

Warmly,

Cheri

To Whom It May Concern:

I'm writing to affirm that AGSDogs is a superior breeding family. We have had many dogs and have always purchased from breeders. I don't think I've ever had such an excellent experience. AGSDogs cares more about their dogs and finding a good fit with families that money seems a secondary concern for them. They didn't even make me pay up front until they knew our dog would be a good fit for our family. We had her in our home for many weeks before we were required to pay. To me that is extraordinary.



Dakota, the shepherd we purchased from them, is probably the best dog we've ever had. She is committed to every person in our family and has a special care and concern for our 7 year old. They are dear friends which was the whole point of the purchase. Dakota is confident, friendly, easy to train, and very responsive.

When we visited the site, the dogs were happy and well cared for. There was no excessive barking, crying, or fighting between the dogs. They all seemed happy, healthy, and in good relationship with each other.

I would highly recommend their services to anyone searching for a German Shepherd.

Thank you!

Aloha,
We relocated from Hawaii to Arizona in late 2018, after almost 40 years in the islands we were ready for the our next adventure. We based our home purchase on my dream of the addition of the perfect German shepherd dog to our family. I would often say to everyone over the years that we were going to relocate and add a German Shepherd to our family. Prior to our move I spent hours researching licensed, reputable and well established breeders and always returned to Abbotts German Shepherds.

Once we purchased or home and were settled, we made contact with Abbott German Shepherd's, and from the first phone call Shell was professional, knowledgeable and was very helpful explaining the process. We scheduled an appointment and drove 2 hours to meet with them, when we arrived to the property it was beautiful, clean and well maintained. Then we were greeted by Shell and several well mannered, gorgeous adult German Shepherds, I was so excited to see them and Shell of course! We spoke in great detail about our lifestyle, what we were looking for and what type of home we had to accommodate a large dog. Funny enough, It then became clear that we were being interviewed to see if we were worthy of a puppy, we had a wonderful meeting and learned so much.

In late 2019 we were able to be on the list for a future puppy, we were in constant contact with them from the moment we were on the list. They kept us well informed and up to date throughout the process with photos and information. Our litter arrived on February 28, 2019, Abbott German Shepherds was so professional and sent constant updates on the parents and

puppies. On April 24, 2019 my dream finally became a reality as we added the most gorgeous “big” guy to our family and our new journey began. This was one of the best days of my life, Abbott German Shepherds was very professional and were as excited as we were to fulfill our dream. We were and still are in contact with them after we picked him up and throughout the process making sure we were getting adjusted well.

We were provided family lineage, medical paperwork and they assisted us with the registration process. Our experience was outstanding and one of the most positive we have ever had and appreciate their honesty and professionalism.

Our handsome boy is now 5yrs old, he is a healthy 110lbs and the most loyal and loving guy, he has completed our family and defiantly exceeded all my expectations!

I would highly recommend Abbott German Shepherds to anyone looking to add to their family, who wants to make sure they are dealing with a respectable and professional breeder.

Thank you so very much,

I’m writing this letter to share my experience with Abbott’s German Shepherds and support their program and the beautiful dogs they raise.

When I first began thinking about getting a puppy—a companion for the next decade of my life—I researched what breeds were known to be loyal and loving. While all dogs are known as man’s best friend, German Shepherds stand out. They’re intelligent, loyal, and full of personality. After looking deeper into breeders, I found Abbott’s German Shepherds (AGS).

What mattered most to me was finding a breeder who focused on healthy bloodlines, good temperament, and ethical practices. My previous dog, adopted from a local humane society, had both health and behavioral issues. Sadly, he passed away within a year and a half. That experience made me extra cautious in finding the right breeder this time.

When I first called AGS, I spoke with Mrs. Abbott. She was warm, welcoming, and genuinely listened to my concerns. Instead of giving me quick, scripted answers, she asked thoughtful questions to better understand what I was looking for in a puppy. I wasn’t in a rush—I had a 6-month to 1-year timeline—and she respected that completely. Over the next few months, she kept in touch, updating me on upcoming litters and making sure she matched me with the right pup.

Eventually, a puppy became available that she believed would be the perfect fit. She considered the parents’ temperament, the coat length, the color, and the puppy’s developing personality. I trusted her judgment. She helped me prepare my home, gave me a list of supplies, and guided me through everything I’d need for a smooth transition.

When I arrived at the AGS property to pick up my puppy, I was immediately impressed. The grounds were clean, peaceful, and well-kept—not at all what you'd expect from a careless or "backyard" breeder. At first, I didn't see any dogs. But just minutes later, Mr. Abbott came jogging around the corner with a group of beautiful, well-behaved dogs trotting beside him. No barking, no chaos—just calm, happy dogs.

Then I met my puppy. Mrs. Abbott welcomed me into her home, introduced me to him, and made sure I had all the time I needed to ask questions. She was thorough, patient, and clearly cared about both her dogs and the families they went to.

Since then, almost a year ago now, she's stayed in touch. She sends newsletters, answers questions quickly, and even shares helpful articles about different stages of a puppy's development. That support has meant a lot.

Now, wherever I go with my boy, people stop me to say how beautiful and well-behaved he is. I credit that not just to the work I've put in, but also to the strong start he got through AGS. Their focus on health, structure, and temperament is obvious in every part of the process.

I fully support AGS in continuing their breeding program and hope they continue to be a standard for healthy and responsible breeding. They're doing it right, and I'm incredibly grateful to have found them.

Dear County Board,

Thanks to everyone at Abbott German Shepherds (ASGDogs), our family has had wonderful experiences and made beautiful memories.

Years ago, our family got our first dog through ASGDogs. The Abbott family worked with us for months to find the perfect dog. They prepared us with visits to their property to see the puppies, suggestions on puppy prep and training, and a home visit to help make our property dog-safe. They told us what to expect from our dog when she came home, and as she grew. She was PERFECT for our family. At the time, we had a 2 year old and our dog was calm and protective. Nonipping, snapping, barking, or aggression of any kind. Unfortunately, no dog lives forever and years later we wanted another dog.

We visited the Abbott property several times while preparing for our second puppy, and each time, we had a wonderful experience. Strange as it may seem, I'm afraid of dogs and only considered letting the family have one because of interactions with Ranelle and Shelle Abbott. When I first started visiting, to lightly investigate whether I could train a dog, Ranelle and Shelle spent lots of time with me showing me how a dog could be trained to my standards. The Abbotts taught me it was reasonable to expect a dog not to greet someone who didn't want to be greeted by not allowing dogs to lick or sniff me when I didn't want it. The Abbott family considered my fear and anxiety as they looked for our perfect dog. When at the property, I haven't heard dogs barking more than once or twice. I haven't been nervous because everyone associated with ASGDogs shows amazing, but gentle, control over each dog. They truly love the dogs and maintain appropriate authority. Seeing how well-trained a dog could be gave me confidence that I could have a dog and not be afraid.

In addition to not wanting to be afraid, I also did not want my yard overrun with dog poop. I couldn't believe their yard was clean, knowing the Abbotts have several dogs. I've been there several times and never seen piles of poop or destroyed property. I've sat inside and outside talking with the Abbotts and (unlike some of my neighbors!) we could talk without annoying barking. When (or if) the Abbott dogs are told to be quiet, they are quiet.

Our family cannot imagine life without our dog. We've gone camping and on day trips together. My folks are elderly and cannot have a dog of their own but love having ours over. When we leave for extended trips, we can confidently leave the dog with them, knowing the dog will behave. We now have grandkids who enjoy our dogs and we don't worry about their safety. Hopefully we don't need another dog for years, but if we do, the only place I'd consider is ASGDogs because of the quality care before they come home, the quality of dog we get, and how well we'll be cared for during the process.

Since a picture is worth a thousand words, consider the pictures below as proof as to the calm, trustworthy, beauties from ASGDogs.

Sincerely yours,

Deahdra-Lynn Atencio

Good Afternoon Patrick
I am writing to oppose the application for a SUP for Abbott German Shepards.
I do not feel a commercial dog breeding business belongs within a residential community.
I watched the P and Z hearing and my concerns are twofold:
1) as they move females and puppies back and forth between the two kennels, there could be upwards of 12 adults at one place at any given time (or more) at any given time. That is too many dogs on 3.3 acres.

2) we are only one street over from Val Vista and when the dogs bark, they Really Bark - the noise is excessive - I can't imagine trying to live right next to either commercial kennel.
I know they have a reputation for taking good care of the dogs, but when they are loose on the property, they chase the horses there. The barking gets very loud, and seeing the dogs chase baby colts is distressing - I always think they are going to get pushed through a fence.
I feel that if they want to expand their puppy breeding business this significantly, it isn't fair to their neighbors.

Sincerely,
Laurie Fuller

FINDINGS

SITE DATA: Flood zone: Site is situated in Flood Zone X – Area of Minimal Flood Hazard.

ACCESS: The subject property is located at 50956 W Val Vista Rd, Maricopa, AZ 85139. The property has legal access onto W Val Vista Rd which is classified as public right of way. The property operates on a by appointment basis for visiting clients, and operates as an accessory use to the residential property. The business proposes utilization of residential parking on the property for clients, and proposes no parking area expansions due to minimal traffic impact.

HISTORY: The property was zoned SR Suburban Ranch in 1971 under case PZ-290-71 and platted as part of the Thunderbird Farms South Subdivision Approved in September of 1972. County tax records indicate a mobile home was established on the property around 1984. In 1994, the applicant purchased the property and began conducting the dog breeding business at that time. Per the applicant narrative, their dog breeding business has operated on the property since 1994, and a lapse of the commercial kennel permit from Pinal County Animal Control triggered the requirement that an SUP be issued to allow the commercial kennel use to operate within the SR zoning district. In 2016, the applicant expanded operations through purchase of the nearby Jean Dr. property. Both this property and the Jean drive property identified under SUP-007-23 operate cooperatively towards this business and are primary residences for Abbott family members. In this specific circumstance, continued operation of the Abbott's Shepherds business requires approval of two separate Special Use Permits on the basis of multiple locations contributing toward operations.

ANALYSIS:

The applicant is requesting a Special Use Permit for the operation of a family-owned commercial kennel dog breeding business located on a Suburban Ranch (SR) zoned parcel that currently hosts a Single-Family Residence. The property site plan features a 1,800 square foot Kennel building housing seven kennels on the north side of the property. The property also features large turn-out areas where the dogs may run and play. Per the application narrative, the applicant has the capability to kennel dogs as needed to mitigate barking and any other nuisance behaviors, and kennels and bark collars the dogs after 9:00pm each night.

Commercial kennels and dog breeders are not specifically listed as a permitted use, by right, in the SR zoning district, so therefore it was deemed by Pinal County to consider it a discretionary use, subject to SUP approval by the County, as is afforded to the Planning and Zoning Commission under PCDSC

2.151.010 – A.1.o, which states "Such other uses as the planning commission may deem appropriate in the public interest." This category was reintroduced as an information item on the January 18th, 2024 Planning and Zoning Commission Agenda and presented to the commission by Paula Mullenix, Code Compliance Manager. After discussion and brief introduction to affected cases and rationale for utilization of the "O" category for Special Use Permit applications, the Commission offered a directive to staff to pursue applications for five specific SUP cases described during discussion of the information item.

The site is located in a rural area dominated by large lot properties with an assortment of residential and agricultural uses. In accordance with the intent of Section 2.151.010 - O, the code identifies factors for consideration for Special Use Permits. Staff has analyzed the proposal and offers the following criteria applicable to the proposed special use permit:

1. That the proposed special use will not materially affect or endanger public health, safety or welfare. All materials for this project indicate that any hazards presented by the kennel use is mitigated to the property itself and does not present an impact to neighboring properties. The project narrative describes the existing facility can accommodate the level of use intensity projected in the proposal. The applicant manages the number of dogs bred on the property and manages potential clients through use of a waitlist system. The documentation indicates dogs are kept in healthy conditions, with precise attention for both their physical, social and developmental needs. The applicant does not operate a walk-in service or allow other individuals except the client contact with the dogs to eliminate potential health risks.

2. The proposed special use complies with all regulations and standards applicable within the zoning district where the special use is proposed. The primary use of this property is residential in nature, and aligns with all development standards of the SR zoning district. Additionally, the current zoning equivalent for SR properties, RU-3.3, possesses equivalent development standards for such uses, and also provides a direct avenue for attainment of a special use permit for commercial kennels.

3. The proposed special use is or may be made compatible with existing adjacent permitted uses and other uses permitted in the zoning district where it is proposed and will not substantially change or materially affect the adjoining property or the surrounding area. The property has operated in the capacity proposed for 31 years. No changes to the operation have been proposed to the project except to establish the legality of the use already in place. No observable impact appears to have been placed upon neighboring properties that would materially affect the character of the surrounding neighborhood. This community operates in a rural capacity that can support the proposed operations. The applicant immediately cooperated with the SUP process and worked to bring their property into compliance upon discovery of the breach of code requirements.

4. The need for the proposed use in the neighborhood. The applicant has provided evidence that their business serves a specific niche and an identified need in their community. The applicant describes dogs raised both as companions and working dogs to aid in herding activities. The conduct of the business lends to a business nature where greater demand for the service than puppies can be produced for sale exists. With that said, the applicant is responsible in the operation of the business and does not overproduce dogs in excessive margins or inhumane conditions to be construed as typically defines a "puppy mill."

To date, the County has received no letters of support or opposition from neighbors for this case.

The applicant's neighborhood meeting report indicates that a public meeting was held on August 18th, 2022, at 49641 W Jean Drive, Maricopa, AZ, 85139. There were no attendees and the meeting was ended after half an hour.

At the public hearing, the Commission needs to be satisfied that the health, safety and welfare of the County and adjacent properties will not be negatively impacted by this Special Use Permit request under Planning Case **SUP-006-23**. Furthermore, the Commission must determine that this Special Use Permit will promote the orderly growth and development of the County, at this location and time, and this proposed development is compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan.

THE BURDEN OF PROOF IS UPON THE APPLICANT TO PROVIDE THE NECESSARY AND REQUIRED INFORMATION AT THE PUBLIC HEARING. THE APPLICANT NEEDS TO BE PREPARED TO ADDRESS AND MITIGATE, AS APPLICABLE, THE FOLLOWING ISSUES AND CONCERNS:

A) LAND USE, PERIMETER WALLS, SIGNAGE, SETBACKS, INGRESS/EGRESS & LANDSCAPING
B) PUBLIC SERVICES - SEWER, WATER, UTILITIES, DRAINAGE
C) NEIGHBORHOOD IMPACT
D) FLOOD CONTROL
E) TRAFFIC IMPACT
F) COMPATIBILITY/CONSISTENCY WITH PINAL COUNTY COMPREHENSIVE PLAN
G) BENEFITS/DETRIMENTS TO PINAL COUNTY

Should the Commission find, after the presentation of the applicant and together with the testimony and evidence presented at the public hearing, that this Special Use Permit request is needed and necessary at this location and time, will not negatively impact adjacent properties, will promote orderly growth and development of the County, and will be compatible and consistent with the applicable goals and policies of the Pinal County Comprehensive Plan, then the Commission may forward **SUP-006-23** to the Board of Supervisors with a **recommendation of approval with the 12 attached stipulations**. If the Commission cannot find the factors listed above to be applicable to this case, then the Commission may forward this case to the Board of Supervisors with a **recommendation of denial**.

To approve: I move the Pinal County Planning and Zoning Commission approve case SUP-006-23 with 12 stipulations as listed in the staff report.

To deny: I move the Pinal County Planning and Zoning Commission deny case SUP-006-23.

STIPULATIONS:

1. The Special Use Permit is issued to the land and shall be binding on the property owner from date of the Board of Supervisors approval;

2. Approval of this Special Use Permit (SUP) will require, at time of application for development, that the applicant/owner/developer submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals;

3. The applicant shall secure and maintain a commercial kennel license issued from Pinal County Animal Control for the duration of business operations. Applicant shall adhere to all standards as required by Pinal County Animal Control;

4. The applicant/property owner shall submit a site plan application within one (1) year from the effective date of this resolution or the Special Use Permit will become null and void;

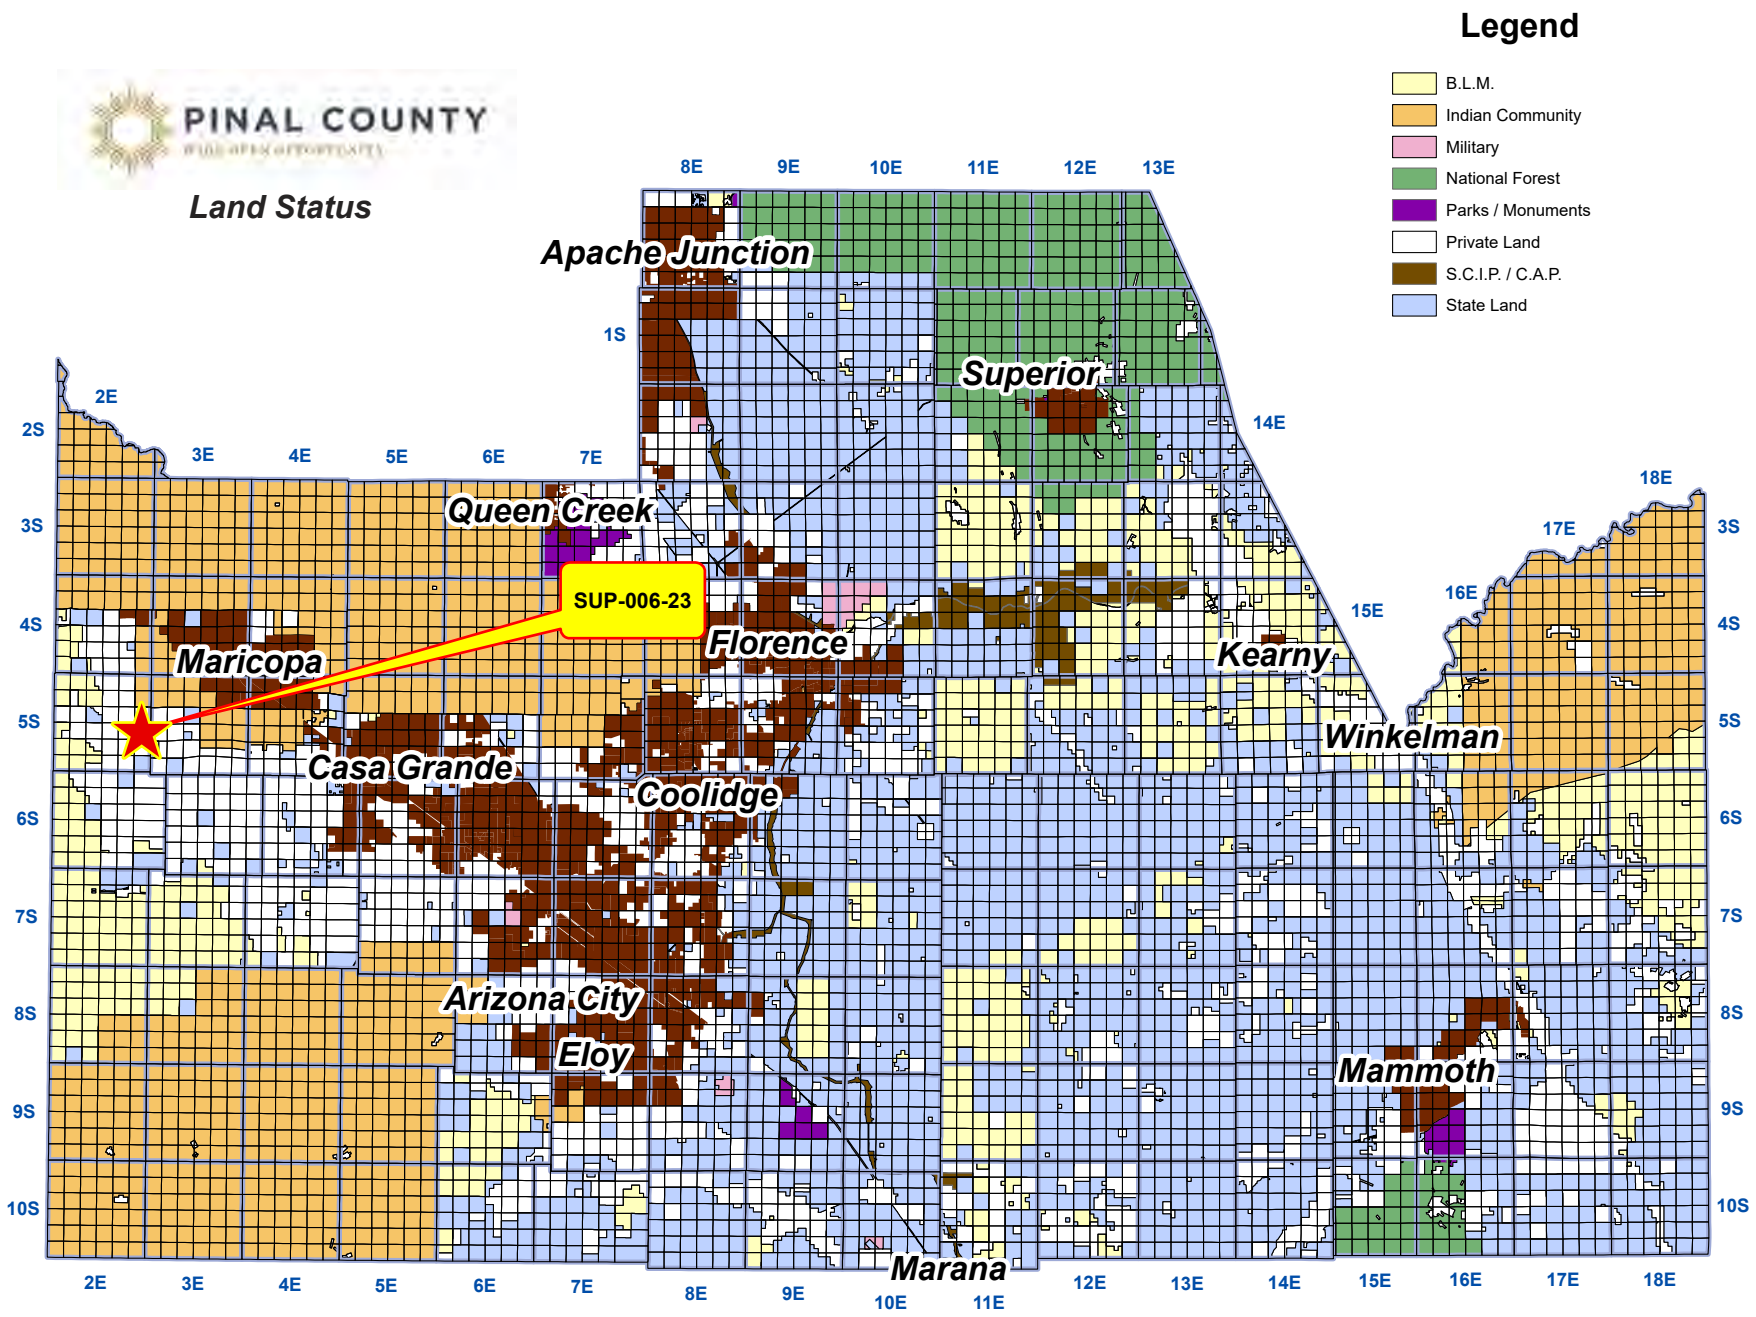
5. Commercial Kennel uses shall be limited to breeding operations as described in the application narrative. Expansion of commercial kennel uses shall be contingent upon amendment to the approved SUP by the Board of Supervisors;

6. SUP-006-23 shall meet Lighting Zone 1 requirements;

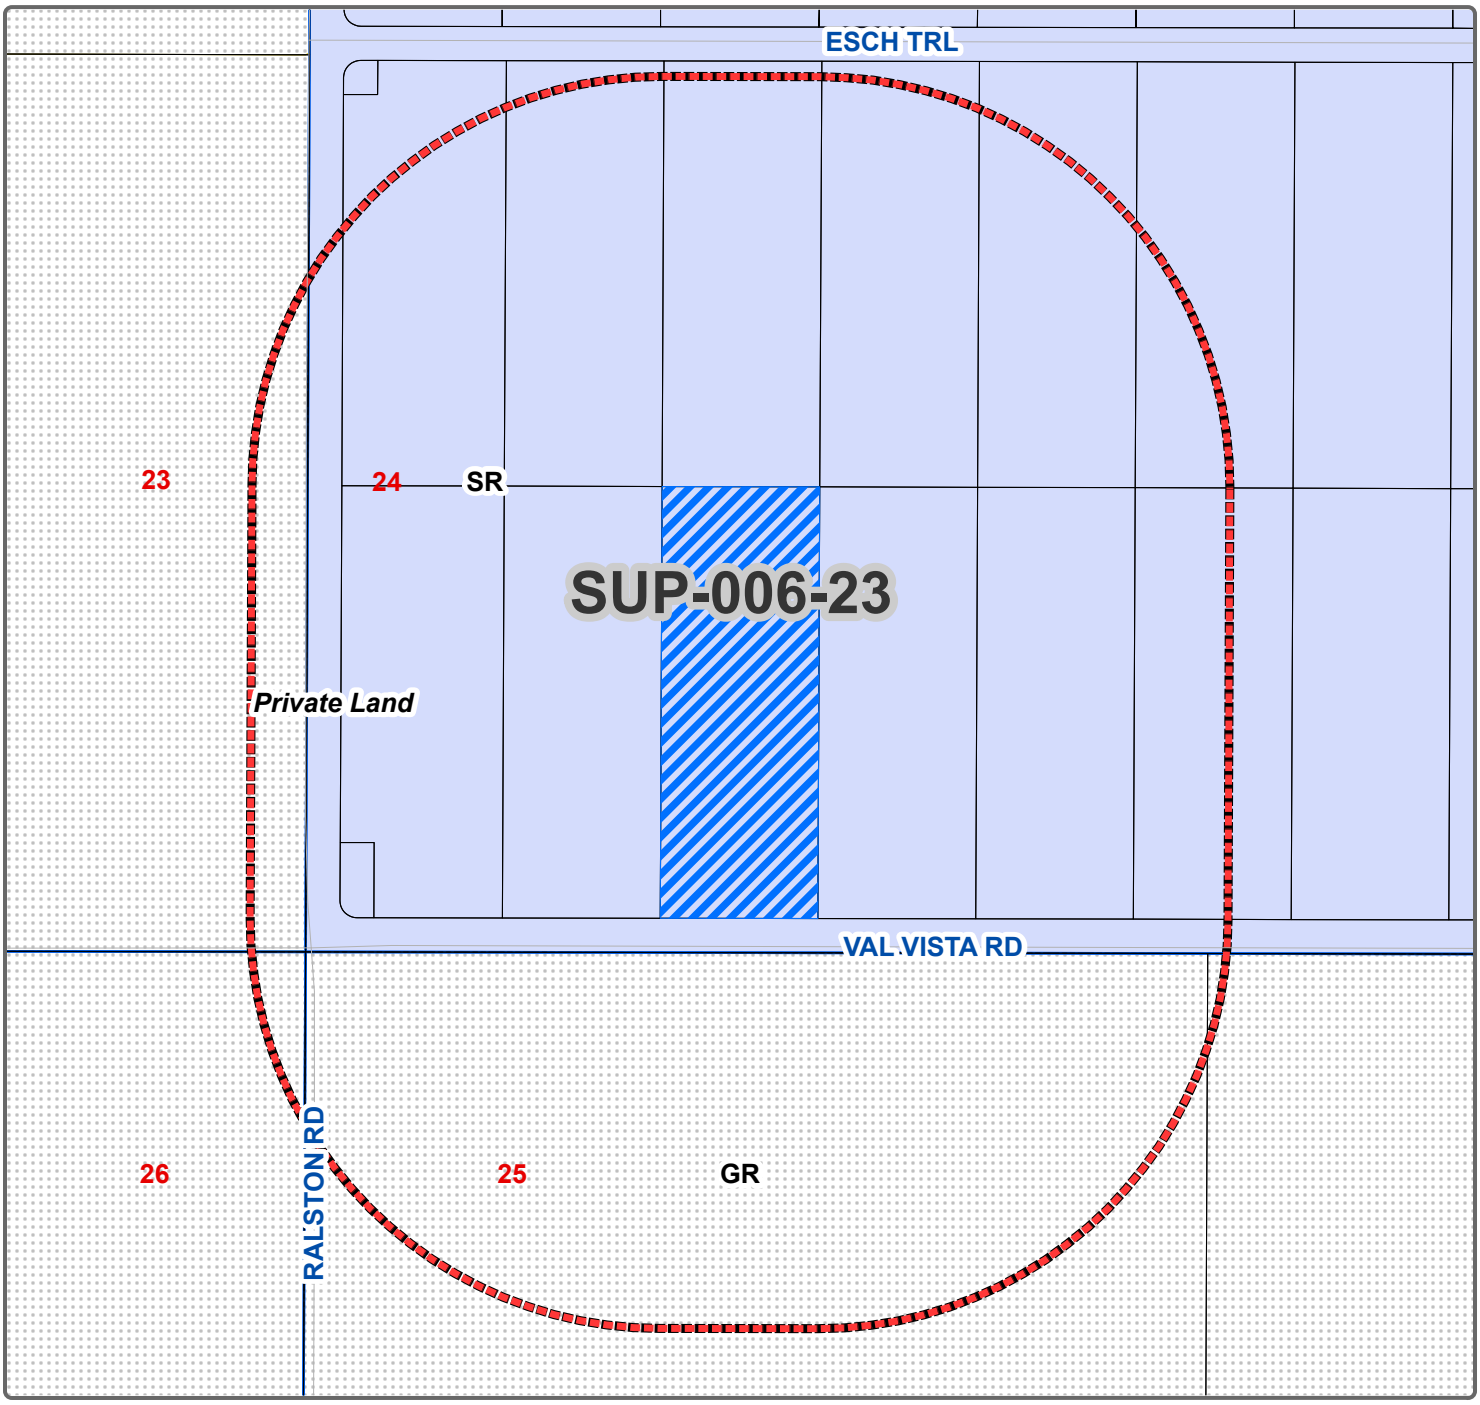
7. Signage on the site shall not be permitted;

8. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Department;

9. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more;



10. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District;



11. A Traffic Impact Statement may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The TIS shall comply with the current Pinal County Traffic Impact Assessment Guidelines and Procedures and shall be approved prior to the Site Plan approval; and

12. A drainage report may be required to be submitted to the County Engineer at the time of Site Plan submittal for review and approval. The drainage report shall comply with the current Pinal County Drainage Manual and shall be approved prior to the Site Plan approval. The drainage plan shall be in accordance with the current Pinal County Drainage Manual. The approved Drainage Plan shall provide retention for storm waters in an on-lot retention area.

Abbott's German Shepherds
Special Use Permit (SUP) Narrative

Special Use Permit to allow a Commercial Kennel for German Shepherd Breeding in the Suburban Ranch (SR) Zoning District

Submitted: February 2023

PURPOSE OF THE REQUEST

The purpose of this request is for a Special Use Permit to allow a "Commercial Kennel", limited to the breeding of German Shepherds, on two parcels in the Suburban Ranch (SR) zoning district. The Pinal County Assessor's parcel numbers for the properties are 510-63-0100 and 510-62-3010.

DESCRIPTION OF PROPOSAL

Nature of the Project: We have had the family-owned and operated business of Abbott's German Shepherds running at the Thunderbird Farms neighborhood location at 50956 W. Val Vista Rd. from the time we purchased the land in 1994. We expanded six years ago when my daughter, Shell Abbott, and her husband Russ Byers, purchased nearby property at 49641 W. Jean Dr. in Maricopa, AZ in the Papago Butte neighborhood to our north (2.5 miles away). We now have all the bred females at the Val Vista Rd. property, seven kennel spaces available, where they birth and raise the puppies. On the Jean property is where the care of the other dogs takes place, kennel space for 12. The dogs rotate between the properties as needed, interlocking the properties and the business. These properties have been in compliance with the county in licensing until this year when we accidentally allowed that to lapse, which prompted the recognition of our need to acquire a SUP to allow dog breeding and the "kenneling" of our own dogs. We do not commercially board other people's dogs, such as pet sitting services. We currently also have a Federal license with the USDA and are in compliance with good standing. We seek to have our business in compliance with the county to continue the business's function.

The Val Vista property never has visitors for the business. Our website is how most people find us and learn about our dogs, litters planned, and the care given. People then contact us by phone and/or email and place a reserving deposit putting them on the list. When their number comes up, they receive information on the parents and pictures of the puppies available that fit the specifics of what they are looking for. They receive updating pictures every ten days until the puppies are ready, along with occasional Facebook posts about the puppies. When puppies are ready, families may be met at the airport so their puppy can fly home with them, they may be dropped at the airport for them to fly cargo to their homes, they may be delivered, or they may pick their puppy up at the Jean location. This past year we sold forty puppies, and approximately half of them were picked up from the Jean location. Pick-up is typically about a 30 min process allowing all the puppies to go home in a single day no matter how they get there. This makes the visitors to the Jean property only one at a time, with a monthly traffic trip average of less than two.

Both properties have families living there, working with the dogs together for their care. We have specific areas for the dogs to be kenneled at night but are usually in "turn-out" areas during the day, allowing them to exercise. We can kennel the dogs at anytime if excessive barking occurs that could disturb the neighbors. According to USDA requirements, areas are cleaned as needed to keep the appearance tidy, dogs' health, and the smell down. These requirements far exceed the standards the County has for kennel licensing. It should be noted that we have no known complaints related to barking nor did any neighbors attend our neighborhood meeting to express concerns over our kennel business.

Proposed Land Use: There are currently no plans to add any additional improvements to either property as they both are functioning as necessary for both of our families as we operate the home-based dog breeding business together. The kennels are existing structures on the property as indicated on the site plan.

Conformance to Adopted Comprehensive Plan: The property is designated as "Very Low Density Residential 0-1 DU/acre and the Suburban Ranch zoning on both parcels is in conformance with this designation. Both lots are 3.3 acres and provide ample room to accommodate our homes as well as our German Shepherds in a rural lifestyle environment as envisioned in the Comprehensive Plan. Our homes and lifestyles are an integral part of our "Sense of Community" in the Papago Butte / Thunderbird Farms enclave and we have been here a long time. Residential land uses, including residential uses that include animals, are contemplated in these low-density areas where homes are spread out and many residents have home-based businesses. In fact, there are 12 approved SUPs in our vicinity for a variety of land uses that all contribute to our community fabric. Until recently, we were not aware that our breeding of German Shepherds required a SUP. Upon learning of this from the County, we initiated the process to seek SUP approval as required.

Further, the zoning code contemplates a variety of uses that are acceptable in this district, subject to obtaining a SUP – including a commercial kennel. Since the true nature of our business is more restricted than a true commercial kennel and we have a very limited impact on our neighborhood with this family business of nearly 30 years, we believe that our proven track record as good neighbors comply with the intent of the Comprehensive Plan and overall compatibility of land uses in this rural area.

LOCATION & ACCESSIBILITY

Our homes are on lots in a neighborhood with a typical street grid and ease of access to both Papago and Maricopa Roads. The nature of our operations results in very limited traffic trips so there are no access issues related to this request.

There are residential driveways accessing the homes on each property. Neither property is operated expressly as a commercial business, therefore there is no need for the construction of ADA accessible parking spaces. We only have 20 puppy owner pick-ups per year. It is important to note that although we are requesting an SUP for a commercial kennel, we are only breeding dogs – not boarding or grooming them where there would be customer traffic. We anticipate that any prospective SUP approval would be conditioned so that our business would be limited to dog breeding only otherwise other improvements would be necessary.

UTILITIES & SERVICES

Our homes currently have all utility services necessary for both residences. Our dog breeding business is only a home-based business and places no further demands on these utilities.

ABBOTT'S GERMAN SHEPHERDS 

NOTICE OF NEIGHBORHOOD MEETING

July 29, 2022

Project Name: Abbotts Shepherds Dog Breeding – Special Use Permit (SUP) Requests
Project Locations: Two lots, located at 50956 W. Val Vista Rd and 49641 W. Jean Dr in Maricopa, AZ 85139

Dear Neighbor,

As the owners for the Abbotts Shepherds dog breeding business and fellow residents of our community, this letter is being sent to notify you of forthcoming requests for Special Use Permits (SUP) on our two 3.3-acre properties zoned Suburban Rural (SR) residential in unincorporated Pinal County. Our family's dog breeding business has been a part of the Thunderbird Farms and Papago Buttes community for many years and we have no plans for expansion on either of the lots where our families also reside. Operations for the breeding and care of the German shepherds is shared across to the two properties and it was recently brought to our attention that the County seeks that we obtain SUPs on both lots for our home-based business of breeding German Shepherds. The applications will be filed with the Pinal County Planning and Development Department and future notices will be sent to you via a yellow postcard notifying you of prospective hearing dates at which time a final decision will be made by the County's Board of Supervisors.

As part of the required process for requesting the SUPs, interested neighbors are welcome to participate in providing comments or feedback to us through email, phone, or attendance at the neighborhood meeting that we will have onsite. Please feel free to participate through whichever means is most convenient for you as we go through the application review process with Pinal County. All comments received (phone, email, in-person, etc...) will be shared with County staff and become part of the public SUP case files. Phone and email contact information is provided below, as well as the meeting date/time/location in case you prefer to come in person. We seek your blessing and hope for your continued support of our local family-owned business.

This Neighborhood Meeting will be held at the following time and location:

Date: Thursday, August 18, 2022
Start Time: 6:00 PM
Location: Onsite at 49641 W. Jean Drive., Maricopa, AZ 85139

If you have questions, comments or are unable to attend this meeting, please feel free to contact me at:

ORIGINAL PREPARED FOR:
PINAL COUNTY, ARIZONA

MENNENGA: We're going to go to PZ-015 –

KLOB: You gotta call back in.

DENTON: Mr. Chairman, we need to reopen the meeting.

MENNENGA: All right, motion to reopen the meeting?

MOONEY: So moved.

MENNENGA: Second?

KLOB: Second.

MENNENGA: Aye.

COLLECTIVE: Aye.

MENNENGA: All right. Case PZ-015-24. Staff.

RILEY: Good afternoon Chair, Vice Chair, Members of the Commission. My name's Kendall Riley, title Planner, and I'm here to present to you case PZ-015-24. This is a request to rezone from General Rural zoning to Single Residential zoning district, RU-20, to allow a split of the parcel. Parcel size is approximately 1.36 acres. Next. Subject site is located in the unincorporated portion of Casa Grande, west of Highway 387, north of West Hopi Drive, and east of North Faldale Road. The owner is Geissel Gonzalez, and the applicant is Zion Brothers LLC. It is located within District 3, Supervisor Stephen Miller. Next. Here's a County map showing the approximate location marked by the red star. Next. Here's an aerial map showing the surrounding development patterns in the area, it is mostly Low Density

Residential. And then to the west of the property, you're going to have your CR-2 zoning, which next. So CR-2 zoning to the west, and then all other sides are surrounded by GR, with varying lot sizes. Here is the proposed survey/site plan that they plan on submitting when they come in for their minor land division. Here's some site images for the posting that we completed, and it shows all directions, north, south, east, and west. Next. If the application is approved, the subject property will be rezoned from GR to RU-20 to allow the homeowner to split. The property has access both off of North Faldale Road and North Tank Road. The project does adhere to the Comprehensive Plan standards with the density limitations, which is Moderate Low Density Residential. Next. Staff has received no comments on this project. And here are the stipulations, there are a total of 5 stipulations. Is there any questions for staff?

MENNENGA: Any questions?

MOONEY: Yes.

MENNENGA: Commissioner Mooney.

MOONEY: Kendall, could you clarify? It's 1.36 acres currently?

RILEY: Yes.

MOONEY: And so stipulation number 5, if the applicant wishes to split the property after approval, so they would make it even smaller? They could do that after we

approve the first split?

RILEY: Well, the rezone would limit them to a minimum lot size of 20,000 square feet, so that would allow for the property to be split in half.

MOONEY: Okay, thank you. That's all, thank you.

KLOB: Kendall, how does this affect kind of adjacent properties and adjacent property sizing?

RILEY: So there is smaller lot sizes to the west that are CR-2, so there are current smaller sizes adjacent already to the GR zoning. It would just allow another home to be built on the other side of this property.

KLOB: It's always been my concern about kind of these island zoning things that kind of float off by themselves with not much around it.

RILEY: No, yeah, and I think because this is residential against residential, it kind of fit the Comprehensive Plan better than if it was just like a commercial rezone.

KLOB: Okay, thank you.

MENNENGA: I guess I'm a little confused, but I understand. I thought splits had to be an acre or more, but I see now they're not, you know, so anyway.

RILEY: Yeah, minor land divisions will allow for a split of a maximum of five times of a lot, but it has to adhere to the zoning that it has. So GR minimum lot size

1.25, so they would not be able to split further.

MENNENGA: Right. I mean that five lot split is, (inaudible) a huge bunch of those out there between here - between Coolidge and Casa Grande and south and stuff, you know, which is going to cause a whole problem someday, but I'll stay away from that. And building a new house in that neighborhood, that's a plus, however you count it, you know? So okay, staff. Applicant, please. No applicant? Oh, okay. Come on up. Are you signed in?

??: Yeah.

MENNENGA: All right. You got it. Been waiting around a while, huh?

??: Yeah.

MENNENGA: Sorry about that.

??: No, it's okay. I understand.

MENNENGA: I feel for them people out in Maricopa, I do. I worked out there years ago, did some houses and remodeling, and never in my lifetime I thought I'd see what's going on.

??: Right?

MENNENGA: But hey, here it is. Here we are.

??: Yeah, so I didn't have a formal presentation today.

MENNENGA: You're fine.

??: I just wanted to say that part of the property

- if you want to go back to the local area for the boundary or like the neighborhood. So right there. As you notice, all the properties between Faldale, north and south, have access to both Tank Road. I guess they're split either Tank Road or Faldale, so this will kind of align with what they have, either a property on Faldale or Tank Road, as well as there's that easement that's supposed to be Bobcat Road, currently isn't used, so this will kind of allow for access all over. And it really fits, you know, the CR-2 zoning near it. We also have the current design right now under – or under design is the East-West Corridor along Val Vista, which is not too far from this area, which potentially can impact, you know, future developments. That's really all I have to say. We poked the board.

MENNENGA: Pretty basic.

??: Yeah, no. Straightforward. Thank you.

MENNENGA: All right. Staff, you good? I'm good.

RILEY: We're good.

MENNENGA: Okay, come back to the Commission. Public. Really? Okay, we'll call the public hearing for PZ-015-24. Anyone wish to speak to this case? Thank God. I'm giving the poor attorney a heart attack over here. All right, it's been a long day. So with that, no one else, anyone else? Okay, we're going to close PZ-015-24, and now come back to the Planning and Zoning Commission. Questions, comments, motion?

Commissioner Mooney.

MOONEY: I'll make a motion. Hold on. To approve PZ-015-24 to the Board of Supervisors with 5 stipulations.

MENNENGA: Second?

KLOB: Second.

MENNENGA: Second. All in favor?

COLLECTIVE: Aye.

MENNENGA: Any opposed? All right, motion passes. Good luck, you're in good shape. Why can't they all be that easy, I'll tell you. Sorry. Maybe I need to take a break. Okay, let's move on to the last case, which is two cases. We have PZ-025-24 and PZ-PD-014-24 and Glenn.

BAK: Good afternoon Mr. Chair and Commissioners. PZ-025-24 and PZ-PD-014-24. This is requesting rezoning of 643.5 or so acres from General Rural to Industrial 3 to allow for development for a photovoltaic solar project and associated facilities. And also the second case is the PZ-PD-014-24 is requesting approval of planned area development on the same acreage to also allow for that project. So this is generally located in the vicinity of Bianco and Cornman Roads in the southwest Casa Grande area. Cecilia Chiu is your primary applicant. There's a team with the applicant here today to speak on the behalf of the project. Next. So this shows you the general area. It's just north of the 8. And to the south of that is that motorsports complex. Attesa, I

PINAL COUNTY

WIDE OPEN OPPORTUNITY

INFORMATION ABOUT CONSENT TO CONDITIONS/STIPULATIONS AND WAIVER OF CLAIMS FOR DIMINUTION IN VALUE

Pinal County, as part of the application process concerning land use requests, is now requesting that property owners or their authorized agents execute and return the attached Consent and Waiver. This policy is a result of that part of the Private Property Rights Protection Act (Proposition 207) that deals with regulatory takings and changes in land uses (A.R.S. §§12-1134 – 12-1138).

By signing the Consent and Waiver, the property owner agrees and consents to all conditions and stipulations in conjunction with the property owner's application, acknowledges that approval of the application might affect current or existing rights to use, divide, sell or possess the owner's property, and waives any right to compensation for diminution in value that may result from approval.

The Consent and Waiver form will be provided at the Concept Review Meeting to allow ample time for review. Should the Pinal County Planning and Zoning Commission ("Commission") recommend approval of the property owner's application, the form will again be provided to applicant together with the Commission's recommended stipulations/conditions. These materials will be provided to the applicant via e-mail, within three business days of the Planning Commission hearing. The property owner is requested to return the executed document to the Pinal County Planning and Development Department within 10 working days so that the document can be inserted into the packet to be presented to the Supervisors as part of the planning staff's report.

If an owner does not sign the Consent and Waiver, the application will continue through the normal County process. The Supervisors will be informed of the refusal and this will be one of the factors considered by the Supervisors.

If the Commission recommends denial of the property owner's application but the Supervisors decide to approve the application, the property owner will be requested to sign the Consent and Waiver with attached conditions/stipulations and conditions, after the Board of Supervisors' hearing.

CONSENT TO SCHEDULE FOR DEVELOPMENT AND CONDITIONS/STIPULATIONS AND WAIVER OF CLAIMS FOR DIMINUTION IN VALUE

This Consent to Schedule for Development and Conditions/Stipulations and Waiver of Claims for Diminution in Value ("Consent and Waiver") is made in favor of Pinal County (the "County") by GEISSEL G. GONZALEZ ("Owner").

Owner warrants and represents that Owner is the fee title owner of the property described herein, and that no other entity or person has an ownership interest in the property. Prior to Owner's transfer, sale or conveyance of all or any part of its right, title and interest in the Property at any time within thirty (30) days of the County's approval of Owner's application described herein, Owner shall notify the County of said transfer, sale or conveyance and shall require the new Owner to execute and agree to this Consent and Waiver as part of any transfer, sale or conveyance of the property described herein.

Owner acknowledges that A.R.S. § 12-1134 of the Arizona Private Property Rights Protection Act provides in some cases that a county is required to pay just compensation to a landowner if the County approves a land use law that reduces the fair market value of the owner's property. Owner further acknowledges that A.R.S. § 12-1134 authorizes a private property owner to waive any claim for diminution in value of property in connection with any action proposed by a county or any action requested by the property owner.

Owner has submitted an application to Pinal County ("County") requesting the County approve a REZONE for development of the following described property ("Property"):

["Legal description is attached hereto as Exhibit "A."]

By signing below, Owner agrees and consents to the Schedule for Development and all the conditions/stipulations imposed by Pinal County in conjunction with the approval of the REZONE, Case No. PZ-015-24, which are attached hereto as

["Stipulations are attached here to as Exhibit "B."]

By signing below, Owner acknowledges that the approval of the REZONE, Case No. PZ-015-24 might affect existing rights to use, divide, sell or possess the Property. By signing below, Owner hereby waives any and all rights to claim compensation for diminution in value pursuant to A.R.S. §12-1134 that may now or in the future exist as a result of the approval of the REZONE, Case No. PZ-015-24, and the Schedule for Development and conditions/stipulations imposed in conjunction with the approval. Owner waives any and all rights to claim compensation for diminution in value for any action taken by the County to rescind approval of REZONE in Case No. PZ-015-24 because of non-compliance with the Schedule for Development and/or any of the approved conditions/stipulations.

This Consent and Waiver shall run with the land and shall be binding upon all present and subsequent property owners.

Owner consents to the recordation of this Consent and Waiver after approval of the above-referenced case by the County. If Owner withdraws its application prior to final action of the County or the County denies the application, Owner is released from this Consent and Waiver.

TO: PINAL COUNTY PLANNING AND ZONING COMMISSION

CASE NO.: **PZ-015-24 (10625 N Faldale Rd)**

CASE COORDINATOR: KENDALL RILEY, PLANNER

SUPERVISOR DISTRICT #3, STEPHEN MILLER

Executive Summary/ Requested Action/Purpose:

PZ-015-24 - PUBLIC HEARING/ACTION: Geissel Gonzalez, owner, Renzo Curay De La Rosa, and Zion Brother's LLC, applicant, is requesting approval of a rezone from General Rural (GR) to Single Residence Zoning District (RU-20) to allow for the division of subject property into 2 parcels on approximately 1.36± acres, situated in a portion of Section 19, Township 05 South, Range 06 East, Gila & Salt River Base & Meridian, tax parcel 509-28-022A, generally located in the unincorporated portion of Casa Grande west of Highway 387, North of W Hopi Drive and east of N Faldale Road.

To Approve: *I move that the Planning and Zoning Commission forward a recommendation of conditional approval of Case PZ-015-24 to the Board of Supervisors subject to the following 5 stipulations:*

1. Approval of this zone change (PZ-015-24) shall require, at the time of application for development, that the applicant/owner submit and secure from the applicable and appropriate Federal, State, County and Local regulatory agencies, all required applications, plans, permits, supporting documentation and approvals;
2. The applicant/property owner shall meet the requirements of the International Fire Code, as adopted by Pinal County and administered by the Pinal County Building Safety Department;
3. A dust registration permit from the Pinal County Air Quality Control District shall be obtained prior to the disturbance of 0.1 acres or more;
4. All construction activity must conform to the Earthmoving Activity requirements of the Pinal County Air Quality Control District; and,
5. If applicant wishes to split the property after approval, applicant must submit a Minor Land Division and provide all supporting documentation for staff review and approval.

To Deny: *I move that the Planning and Zoning Commission forward a recommendation of denial of Case PZ-015-24 to the Board of Supervisors.*

BACKGROUND AND FINDINGS:

HISTORY:
The oldest record of this parcel was found from the assessor's office dating back to 1957. These records also show a home estimated to be built in 1978. Since then, applicant has received permits for remodels and additions to the single family residence. Since the creation of the zoning ordinance on January 4, 1954 the zoning of the parcel has remained the same, GR General Rural Zone.

ANALYSIS:
Comprehensive Plan
The subject site is designated Moderate Low Density Residential (1-3.5 du/ac). This designation is characterized as a larger lot development pattern with options for suburban residential patterns. The zoning designation RU-20 is compatible with the comprehensive plan Moderate Low Density Residential designation. The subject site is a property within the City of Casa Grande planning area. According to the Casa Grande General Plan- 2030, they classify this area as "Neighborhoods".

Surrounding Land Uses and Zoning
Through the rezoning of this site as a residential zoning district, this project proposes development congruent with the surrounding land uses. This property is adjacent to developed CR-2 zoning, which allows lots as small as 12,000 square feet. Some of the surrounding lots are under the GR minimum of 1.25 acres also. This could possibly be explained by the zoning change of 1974 which increased the minimum lot size from 12,000 square feet (0.275 acres) to 54,450 square feet (1.25 acres).

Surrounding Land Uses and Zoning Designations:
North: GR General Rural
South: GR General Rural
East: GR General Rural
West: CR-2 Single Residence Zone (PZ-446-75)

Rezone and Proposed Uses
The subject acreage is zoned GR (General Rural). The rezone request seeks the RU-20 zoning to allow the lot to be divided into two parcels. Permitted uses in the RU-20 are roughly the same as GR. Owner plans to divide the property in approximately half. The parcel with the existing home will be 26,495 square feet, and the new vacant parcel will be 32,708 square feet. Current minimum lot size for GR is 1.25, which does not currently allow them to divide the property. Applicant has not provided details of what is planned for the new created parcel after completion of the split; however, a new house could be constructed on the newly created lot.

Development Plan and Site Plan
The survey provided shows the existing home that is on the property, as well as access to the site. This parcel has a 50-foot access off of N Tank Rd and a 50-foot access off of N Faldale Rd. Applicant has not provided details of development plans after the rezone is complete. To complete the intended division, the parcel

must be divided in accordance with the County's Minor Land Division process. This process will be an administrative review to ensure legal access, setbacks, along with zoning.

***Flood Zone**:* "X" is an area of minimal flood hazard.

APPLICATION FOR CHANGE OF ZONING REGULATIONS IN AN UNINCORPORATED AREA OF PINAL COUNTY, ARIZONA

(All Applications Must Be Typed or Written in Ink)

Formal Zoning Change & Property Information:

(feel free to include answers and to these questions in a Supplementary Narrative, when doing so write see narrative on the space provided)

1. Pinal County Staff Coordinator: Kendall Riley
2. Date of Pre-application Review: 05/ 28 /2024 Pre-Application Review No.: Z-PA- 045 - 24
3. Current Zoning *(Please provide Acreage Breakdown)*: GR (1.36 acres)
4. Requested Zoning *(Please provide Acreage Breakdown)*: RU-20 (1.36 acres)
5. Parcel Number(s): 509-28-022A
6. Parcel Size(s): 1.36 acres
7. The existing use of the property is as follows: SFR
8. The exact use proposed under this request: SFR
9. What is the Comprehensive Plan Designation for the subject property: Moderate Low Density Residential
10. Is the property located within three (3) miles of an incorporated community? ☒ YES ☐ NO
11. Is an annexation into a municipality currently in progress? ☐ YES ☒ NO
12. Is there a zoning violation on the property for which the owner has been cited? ☐ YES ☒ NO

    If yes, zoning violation # _____

13. Discuss any recent changes in the area that would support your application i.e.: zone change(s), subdivision approval, Planned Area Development (PAD), utility or street improvements, adopted comprehensive/area plan(s) or similar changes. The establishment of two newer subdivisions to the west edge of the property, zoned for CR2 and CR3 classifications, signifies a shift towards higher density residential developments, as well as the ongoing design and development of the East-West Corridor Phase II will play a significant role in increasing traffic flow into Val Vista, which is the major arterial near the property.
14. Explain why the proposed development is needed and necessary at this time. The owner of the property wishes to split his property and construct a SFR on the new lot. This rezoning would allow them to do so as current zoning does not allow for such split.

SUPPORTING INFORMATION

1. Note any services that are not available to the site. Discuss any improvements of services that would be paid for by the public:
All existing services are currently available at the site. There are no improvements required to be paid by the public.

2. What is the amount of traffic to be generated (# of trips/day, deliveries/week)? Show ingress/egress on the site plan:
There will be no traffic increase. Current and future accounts solely from exiting members of the property.

3. How many parking spaces are to be provided (employees and customers)? Indicate these parking spaces on the site plan: Parking spaces to remain the same.

4. Is there a potential for excessive noise (I.E.; children, machinery) or the production of smoke, fumes, dust or glare with this proposed land use? If yes, how will you alleviate these problems for your neighbors?

No

5. What type of landscaping are you proposing to screen this use from your neighbors?
Existing fencing and landscape to remain. New fencing to match exiting chain link fence after lot split.

6. What type of signage are you proposing for the activity? Where will the signs be located?

None

7. If the proposed land use involves any type of manufacturing or production process, provide a short synopsis of the processes utilizing diagrams, flowcharts and/or a short narrative:
No

8. Explain how the appearance and operation of the proposed land use will maintain the integrity and character of the zone in which the use is requested:
Proposed land use will remain the same thereby keeping the character and integrity of the zone.

9. Have you discussed possible conditions that may be placed on the approval with the Planning Department?

☒ YES ❑ NO

10. Do you understand that if a condition is violated, that there is a public process by which your zoning may be reverted? ☒ YES ❑ NO

PROJECT NARRATIVE AND ZONING CHANGE JUSTIFICATION

Filed by:
Geissel Gonzalez
10625 N Faldale Rd
Casa Grande, AZ 85122

For the following Project:
Gonzalez Residence
Located in: 10625 N Faldale Rd
Casa Grande, AZ 85122

Purpose of Request:

To rezone APN: 509-28-022A from a General Rural Zoning to a RU-20.

Description of Proposal:

Nature of The Project Including Proposed Land Use:
APN 509-28-022A currently falls under General Rural Zoning, which prohibits lot splitting and restricts layout flexibility in its current area. The property owner aims to divide the lot in half, dedicating the eastern portion as its own entity. This adjustment would facilitate access from Tank Rd, enhancing both the land's value and fostering development along Tank Rd. The modification in zoning from a General Rural Zoning to a RU-20 Single Residence Zoning District would accomplish this task.

Conformance to Adopted Comprehensive Plan:
The project's essence lies in maintaining the existing Land Use and adhering to the Adopted Comprehensive Plan. The current Land Use Category for the site is Moderate Low Density Residential which advocates between 1-3.5 dwelling units per acre. The dwelling units per acre for RU-20 is a minimum of roughly 2 dwelling units per acre, which conforms to the Adopted Comprehensive Plan.

Answers to the Questions from the Supporting Information Sheet:
Note any services that are not available to the site. Discuss any improvements of services that would be paid for by the public:
All existing services are currently available on site. There are no services that would need to be paid for by the public.
What is the amount of traffic to be generated (# of trips/day, deliveries/week)? Show ingress/egress on the site plan:
There will be no traffic increase. Current and future trips account solely from existing members of the property.
How many parking spaces are to be provided (employees and customers)? Indicate these parking spaces on the site plan:
The parking spaces will remain the same.
Is there a potential for excessive noise (I.E.; children, machinery) or the production of smoke, fumes, dust or glare with this proposed land use? If yes, how will you alleviate these problems for your neighbors?
No.
What type of landscaping are you proposing to screen this use from your neighbors?
Existing fencing and landscape to remain. New fencing to match existing chain link fence after lot split.
What type of signage are you proposing for the activity? Where will the signs be located?
None.
If the proposed land use involves any type of manufacturing or production process, provide a short synopsis of the processes utilizing diagrams, flowcharts and/or a short narrative:
The proposed land use does not involve any manufacturing or production process.
Explain how the appearance and operation of the proposed land use will maintain the integrity and character of the zone in which the use is requested:
The proposed land use will primarily remain the same. The site is surrounded by single family residences and the proposed land use is solely single family zoning.

There has been discussion about possible conditions that may be placed on the approval with the Planning department and that is such condition is violated that there is a public process by which the zoning may be reverted.

Location and Accessibility:
The site is located APN 509-28-022A adjacent to Faldale Rd and North of Hopi Drive. The site has access via Faldale Rd. The site has access to Tank Rd on the eastern portion of the site. After the lot split, a new gate will be installed on the eastern fence.

Utilities and Services:
The current utilities available on the site is Arizona Water Company for water, Arizona Public Service for electrical, and currently has on-site septic tank.

Neighborhood Meeting Information:
A neighborhood meeting was conducted on Friday August 16, 2024 at 6:30 PM at the project site location. A notification had been given to all property owners within 1,200 feet, 2-weeks prior to the meeting date. The purpose of the meeting was to discuss zoning project plans, introduction of owner and neighbors, and discussion of zoning impacts and discuss comments from neighbors. The owners were on site for an hour and a half and there were no participants in the meeting.

Existing Zoning Stipulation:
Existing Zoning Stipulations and guidelines for General Rural Zoning can be found in the Pinal County Development Services Code and Floodplain Management that was enacted on September 4, 2024.

Conclusion:
Transitioning from the current zoning is imperative to facilitate necessary updates and improvements of the site while upholding the Adopted Comprehensive Plan. Existing utilities are all on site and would remain the same for any future development. The proposed zoning change poses no inconvenience to any member of the public. We are open to dialogue with the Pinal County Board to elucidate the current situation further.

Respectfully,

GEISSEL GONZALEZ

Appendix A: Comprehensive Plan Compliance Checklist

Purpose:

Provide guidance to ensure conformity of development proposals with the Pinal County Comprehensive Plan.

Intent:

1. Explain how to determine if development proposals are compatible with the Comprehensive Plan.
2. Explain why unique conditions exist to deviate from the Plan.

The Pinal County Comprehensive Plan graphics, Land Use, Circulation (two graphics), and Economic Development, are not intended to be zoning maps that outlines specific locations and parcel-by-parcel determination for land uses and facilities. The Comprehensive Plan's intent is to provide policy direction and a framework for how the Pinal County "development form" or layout should occur over time. It is not the intent to predetermine specifically where land uses must occur. Guidelines within the Land Use element provide direction on development and how it relates to transportation corridors, surrounding land uses, public facilities, and natural environment.

Determination:

Comprehensive Plan Compliance is determined by the development's conformity with the Comprehensive Plan's land use designations (Land Use graphic and Land Use element text) and activity centers (Land Use and Economic Development graphics and Economic Development element text) as well as the goals, objectives, policies and guidelines outlined in the Pinal County Comprehensive Plan. Planning guidelines for each of the land use designations and Activity Centers are also included in the Land Use element. It is important to note that all components and concepts may not apply to every potential proposal.

Organization:

The Compliance Checklist focuses on two major components:

1. Consistency with Pinal County's Vision Components
2. Consistency with the Plan's Key Concepts illustrated on Land Use, Circulation, and Economic Development graphics.

How Is the Checklist Used?

Various concepts are discussed and a "YES" checkbox is provided to indicate if the proposal complies with the key concepts of the Plan.

- If a project complies, it receives a ✓ in the appropriate box.
- If it does not comply, the checkbox will remain blank, and additional information would need to be provided to explain the unique circumstance, if applicable.

- If a project has no relation to a particular check list item, a "non applicable" response is acceptable with a brief explanation.

Who Should Use the Checklist?

Developers, staff, and decision-makers should use the Comprehensive Plan Compliance Checklist.

- ✓ Developers should use this checklist as a guide to the Plan's policies in the early stages of a development proposal and when submitting an application for review.
- ✓ Staff should use it to review development proposals and to make recommendations to decision-makers. The checklist can assist in developing the staff report.
- ✓ Decision-makers can use the checklist to better understand how well a proposal does or does not comply with the Pinal County Comprehensive Plan.

PART ONE

Consistency with Pinal County's Vision Components

The Pinal County Comprehensive Plan is a vision-based plan that provides the framework that all decisions related to growth and development are measured against. The following is intended to describe how the proposal meets the various vision components.

Pinal County Vision The County recognizes the importance of the region's strategic location between the Phoenix and Tucson Metropolitan Areas and its relationship to the overall well-being of the state of Arizona. What happens in Pinal County does not stay in Pinal County; the decisions made here will impact the entire state on many levels: business development, mobility, land management, air quality, water, and overall quality of life. People choose Pinal County for the diverse opportunities it offers; this diversity is what makes Pinal County unique but also represents a challenge as Pinal County continues to grow and change.

Pinal County is a place where history, culture and heritage are the foundation for its future. Pinal County will be seen as a leader in environmental stewardship and conservation practices by ensuring that the natural environment is preserved, yet still available to be discovered. Pinal County provides quality educational and training opportunities placing residents in cutting edge, environmentally-compatible jobs within the County. While communities within Pinal County retain and celebrate their unique qualities, governments and agencies share a collaborative spirit to ensure successes across Pinal County and remain responsive and accountable to their constituents.

Sense of Community—Pinal County is a collection of unique communities, each of which has something special to offer residents and visitors. Balancing emerging urban centers and Pinal County's rural character is important to residents; ensuring that the threads of Pinal County's history, heritage, and culture are woven into its future is what makes Pinal County unique from other regions. Ensuring places exist for people to gather and for communities to showcase the diversity of places, people, lifestyles, cultures, and opportunities will help to define Pinal County's identity.

The proposal:

☒ Is consistent with the **Sense of Community** vision component

Please explain:

The proposed rezoning will retain the sense of community by being in compliance with the identity of the community.

Mobility and Connectivity—Ensuring Pinal County has adequate transportation corridors and a variety of multimodal transportation options addressing all populations is essential for moving goods and people throughout the County and State with minimal affect on Pinal County's native wildlife. Offering multiple mobility and communication options, to effectively connect communities and activity centers throughout the County, will reduce congestion and improve air quality while enhancing the area's quality of life.

The proposal:

☒ Is consistent with the **Mobility and Connectivity** vision component

Please explain:
The proposed rezoning will keep the existing transportation and not impact any traffic nor add any unnecessary burden to the community.

Economic Sustainability—Expanding opportunities for residents to live, work, learn, and play in close proximity promotes long-term economic viability. Pinal County desires activity centers that serve the current and future residents' needs offering services, businesses and employment opportunities, including high-tech and environmentally-friendly employers who champion Pinal County's conservation philosophy. The creation of the full range of quality jobs that allow residents to start their career, raise a family, and move up instead of out of Pinal County for career advancement is essential. (This may not apply to all projects)

The proposal:

☒ Is consistent with the **Economic Sustainability** vision component

Please explain:
By increasing housing via this zoning change, it will allow for a greater supply in the real estate market allowing to lower the cost of home ownership for those in the area.

Open Spaces and Places—Residents value the large connected open spaces and unique places of Pinal County, not only as part of their quality of life, but as an important resource to sustain the region's immense wildlife habitat and their corridors. From the majestic mountains rising from the desert floor in the west to the high desert and rugged mountain terrain to the east, enjoyment of and respect for the natural surroundings is a big part of why people choose Pinal County to live and visit.

The proposal:

☒ Is consistent with the **Open Spaces and Places** vision component

Please explain:
The proposed rezoning will keep the same open space and lifestyle that is currently provided in the area.

Environmental Stewardship—People value the views of the mountains and open vistas during the day and the stars at night. These values have translated to a strong conservation ethic that stresses the importance of maintaining the quality of Pinal County's natural resources for future generations. Pinal County is the leader in environmental stewardship, and rewards and encourages sustainable practices such as innovative land use planning, sustainable agriculture, water conservation, green building development, and the use of renewable and alternative energy sources.

The proposal:

☒ Is consistent with the **Environmental Stewardship** vision component

Please explain:
The proposed rezoning will allow for innovative land use in such a peculiar lot size, allowing it to be split to have frontage on two separate roads.

Healthy, Happy Residents—Access to quality healthcare and healthy lifestyle choices is a priority. Pinal County is a healthy, safe place where residents can walk or ride to activity centers and where interaction in Pinal County's clean, natural environment is encouraged. Ensuring residents are healthy, safe and happy in their community is a priority for Pinal County.

The proposal:

☒ Is consistent with the **Healthy, Happy Residents** vision component

Please explain:
The proposed rezoning will keep the same ambiance and rhythm currently in the community.

Quality Educational Opportunities—Quality, community-based Pre k-12 programs that provide youth with a competitive edge along with a wide variety of post-secondary educational opportunities and technical or specialized workforce training are necessities. Pinal County residents seek out life-long opportunities that help to expand their minds and diversify their experiences. (This may not apply to all projects)

The proposal:

☒ Is consistent with the **Quality Educational Opportunities** vision component

Please explain:
The proposed rezoning has no affect on educational opportunities.

PART TWO

Consistency with the Plan's Key Concepts illustrated on Land Use, Economic, and Circulation graphics

Consistency with the Land Use Designation shown on the graphics

The project land uses:

☒ Are shown as indicated on the Land Use and Economic Development graphic

☐ Are not shown as indicated on the Land Use and Economic Development graphic

The proposed rezoning has no affect on educational opportunities.

Consistency with the Mixed Use Activity Center Concept

The project land uses:

☐ Meet the Mixed Use Activity Center requirements

☒ Are not shown within a Mixed Use Activity Center

If shown within a Mixed Use Activity Center, explain how it meets the planning guidelines outlined in the Land Use element.

The land use proposal includes a Mixed Use project, not shown in a Mixed Use Activity Center; explain how it meets the planning guidelines and intent of the Plan.

Consistency with the Planning Guidelines described in the Land Use element

The project land uses:

☒ Are consistent with the applicable Planning Guidelines described in the Land Use element

_____

Natural and Cultural Resource Conservation

The Comprehensive Plan strives to protect natural/cultural resources, wildlife corridors and environmentally-sensitive areas such as mountains and foothills, major washes, and vistas. These areas are predominantly undeveloped and contain sensitive resources or natural hazard areas.

The proposal:

☒ Address environmentally sensitive areas it may impact.

☐ Includes additional information about how the development addresses the natural and cultural resource conservation.

Please explain:
The proposed development will keep the existing terrain and development similar to its surroundings.

Water Resources, Public Facilities/Services, and Infrastructure Support

All developments must bring adequate water resources and the necessary infrastructure to support the intensity of development in order to minimize the impact on the County's ability to provide public services. All development and growth, public and private, must acknowledge its impacts and pay its own way.

The proposal:

☒ Ensures that adequate public facilities are in place or planned for within a reasonable time of the start of the new development

Please explain:
Existing public resources and facilities will remain and the development will have no impact on them.

ALTA COMMITMENT FOR TITLE INSURANCE

issued by:

CHICAGO TITLE COMPANY

Commitment Number:

ST76240561

NOTICE

IMPORTANT - READ CAREFULLY: THIS COMMITMENT IS AN OFFER TO ISSUE ONE OR MORE TITLE INSURANCE POLICIES. ALL CLAIMS OR REMEDIES SOUGHT AGAINST THE COMPANY INVOLVING THE CONTENT OF THIS COMMITMENT OR THE POLICY MUST BE BASED SOLELY IN CONTRACT.

THIS COMMITMENT IS NOT AN ABSTRACT OF TITLE, REPORT OF THE CONDITION OF TITLE, LEGAL OPINION, OPINION OF TITLE, OR OTHER REPRESENTATION OF THE STATUS OF TITLE. THE PROCEDURES USED BY THE COMPANY TO DETERMINE INSURABILITY OF THE TITLE, INCLUDING ANY SEARCH AND EXAMINATION, ARE PROPRIETARY TO THE COMPANY, WERE PERFORMED SOLELY FOR THE BENEFIT OF THE COMPANY, AND CREATE NO EXTRACONTRACTUAL LIABILITY TO ANY PERSON, INCLUDING A PROPOSED INSURED.

THE COMPANY'S OBLIGATION UNDER THIS COMMITMENT IS TO ISSUE A POLICY TO A PROPOSED INSURED IDENTIFIED IN SCHEDULE A IN ACCORDANCE WITH THE TERMS AND PROVISIONS OF THIS COMMITMENT. THE COMPANY HAS NO LIABILITY OR OBLIGATION INVOLVING THE CONTENT OF THIS COMMITMENT TO ANY OTHER PERSON.

COMMITMENT TO ISSUE POLICY

Subject to the Notice; Schedule B, Part I-Requirements; Schedule B, Part II-Exceptions; and the Commitment Conditions, CHICAGO TITLE INSURANCE COMPANY, a Florida corporation (the "Company"), commits to issue the Policy according to the terms and provisions of this Commitment. This Commitment is effective as of the Commitment Date shown in Schedule A for each Policy described in Schedule A, only when the Company has entered in Schedule A both the specified dollar amount as the Proposed Amount of Insurance and the name of the Proposed Insured.

If all of the Schedule B, Part I-Requirements have not been met within one hundred eighty (180) days after the Commitment Date, this Commitment terminates and the Company's liability and obligation end.

SCHEDULE B, PART I - Requirements

All of the following Requirements must be met:

1. The Proposed Insured must notify the Company in writing of the name of any party not referred to in this Commitment who will obtain an interest in the Land or who will make a loan on the Land. The Company may then make additional Requirements or Exceptions.

2. Pay the agreed amount for the estate or interest to be insured.

3. Pay the premiums, fees, and charges for the Policy to the Company.

4. Documents satisfactory to the Company that convey the Title or create the Mortgage to be insured, or both, must be properly authorized, executed, delivered, and recorded in the Public Records.

5. Notice: Please be aware that due to the conflict between federal and state laws concerning the cultivation, distribution, manufacture or sale of marijuana, the Company is not able to close or insure any transaction involving Land that is associated with these activities.

6. Compliance with Company policies relating to absentee owners, if applicable.

7. Furnish proof that any outstanding municipal and/or county tax assessments which are due have been paid current.

8. The name(s) of the proposed insured(s) was not furnished with the application for title insurance. Please provide the name(s) of the buyer(s) as soon as possible.

   The Company reserves the right to add additional items or make further requirements after review of the requested information.

9. The Proposed Policy Amount(s) must be increased to the full value of the estate or interest being insured, and any additional premium must be paid at that time. An Owner's policy should reflect the purchase price or full value of the Land. A Loan Policy should reflect the loan amount or value of the property as collateral. Proposed Policy Amount(s) will be revised and premiums charged consistent therewith when the final amounts are approved.

10. For each policy to be issued as identified in Schedule A, Item 2; the Company shall not be liable under this commitment until it receives a designation for a Proposed Insured, acceptable to the Company. As provided in Commitment Condition 4, the Company may amend this commitment to add, among other things, additional exceptions or requirements after the designation of the Proposed Insured.

11. Furnish for recordation a termination statement terminating the financing statement described below

Debtor:	Geissel Gonzalez
Secured Party:	sectrum Credit Union
Recording Date:	December 2, 2020
Recording No.:	2020-125423

12. Please be advised that our search did not disclose any open Deeds of Trust of record. If you should have knowledge of any outstanding obligation, please contact the Title Department immediately for further review prior to closing.

This page is only a part of a 2021 ALTA® Commitment for Title Insurance issued by Chicago Title Insurance Company. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I-Requirements; Schedule B, Part II-Exceptions; and a counter-signature by the Company or its issuing agent that may be in electronic form.

SCHEDULE B, PART I - Requirements
(continued)

Upon confirmation by the owner of no open Deeds of Trust or Mortgages encumbering the Land described herein, furnish the Company an owner's Affidavit of no open Deed of Trust(s).

13. Furnish for recordation a deed as set forth below:

Type of deed:	Warranty Deed
Grantor(s):	Geissel G. Gonzalez, an unmarried man
Grantee(s):	Purchaser with contractual rights under a purchase agreement

Note: ARS 11:1133 may require the completion and filing of an Affidavit of Value.

14. Furnish for recordation a deed of trust, securing an indebtedness,

Executed by:	Purchaser with contractual rights under a purchase agreement
Beneficiary:	Lender with contractual obligations under a loan agreement
Amount:	$5,000.00

The Land described in this commitment DOES NOT qualify for the issuance of the 1987 ALTA Residential Title Insurance Policy or the ALTA Homeowner's 1-4 Family Residence (1-1-08) Policy. The ALTA Owner's Policy (06-17-06) Standard Coverage will be issued insuring the buyer named in Schedule A hereof.

SCHEDULE B, PART II - Exceptions

Some historical land records contain Discriminatory Covenants that are illegal and unenforceable by law. This Commitment and the Policy treat any Discriminatory Covenant in a document referenced in Schedule B as if each Discriminatory Covenant is redacted, repudiated, removed, and not republished or recirculated. Only the remaining provisions of the document will be excepted from coverage.

The Policy will not insure against loss or damage resulting from the terms and conditions of any lease or easement identified in Schedule A, and will include the following Exceptions unless cleared to the satisfaction of the Company:

A. Any defect, lien, encumbrance, adverse claim, or other matter that appears for the first time in the Public Records or is created, attaches, or is disclosed between the Commitment Date and the date on which all of the Schedule B, Part I-Requirements are met.

1. Property taxes, which are a lien not yet due and payable, including any assessments collected with taxes to be levied for the year 2024.

2. Reservations, exceptions and provisions contained in the patent and in the acts authorizing the issuance thereof.

3. Any rights, liens, claims or equities, if any, in favor of Central Arizona Water Conservation District.

4. Any rights, liens, claims or equities, if any, in favor of Pinal County Flood Control District.

5. Liabilities and obligations imposed upon said Land by its inclusion within any district formed pursuant to Title 48, Arizona Revised Statutes.

6. Water rights, claims or title to water, whether or not disclosed by the Public Records.

7. Covenants, conditions, restrictions and easements but omitting any covenants or restrictions, if any, including but not limited to those based upon age, race, color, religion, sex, sexual orientation, familial status, marital status, disability, handicap, national origin, ancestry, or source of income, gender, gender identity, gender expression, medical condition or genetic information, as set forth in applicable state or federal laws, except to the extent that said covenant or restriction is permitted by applicable law, as set forth in the document.

   Recording No: Docket 181, Page 184

8. A resolution in favor of Pinal County

The use of this Form (or any derivative thereof) is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

SCHEDULE B, PART II - Exceptions
(continued)

9. Any right, title, or interest in, including the right of entry for the maintenance, repair, and removal of, the leased solar energy system and appurtenances located on the Land insured herein by the solar leasing company and its agents and assigns pursuant to an unrecorded agreement disclosed by the document.

Entitled:	UCC Financing Statement
Recording Date:	December 2, 2000
Recording No.:	2000-125423

10. A deed of trust to secure an indebtedness in the amount shown below,

Amount:	$115,000.00
Dated:	March 4, 2007
Trustor/Grantor:	Samoul Ibriham and Evlin Ibriham, husband and wife
Trustee:	Chicago Title
Beneficiary:	American Home Mortgage Corp.
Recording Date:	April 12, 2007

COMMITMENT CONDITIONS

1. DEFINITIONS

a. "Discriminatory Covenant": Any covenant, condition, restriction, or limitation that is unenforceable under applicable law because it illegally discriminates against a class of individuals based on personal characteristics such as race, color, religion, sex, sexual orientation, gender identity, familial status, disability, national origin, or other legally protected class.

b. "Knowledge" or "Known": Actual knowledge or actual notice, but not constructive notice imparted by the Public Records.

c. "Land": The land described in Item 5 of Schedule A and improvements located on that land that by State law constitute real property. The term "Land" does not include any property beyond that described in Schedule A, nor any right, title, interest, estate, or easement in any abutting street, road, avenue, alley, lane, right-of-way, body of water, or waterway, but does not modify or limit the extent that a right of access to and from the Land is to be insured by the Policy.

d. "Mortgage": A mortgage, deed of trust, trust deed, security deed, or other real property security instrument, including one evidenced by electronic means authorized by law.

e. "Policy": Each contract of title insurance, in a form adopted by the American Land Title Association, issued or to be issued by the Company pursuant to this Commitment.

f. "Proposed Amount of Insurance": Each dollar amount specified in Schedule A as the Proposed Amount of Insurance of each Policy to be issued pursuant to this Commitment.

g. "Proposed Insured": Each person identified in Schedule A as the Proposed Insured of each Policy to be issued pursuant to this Commitment.

h. "Public Records": The recording or filing system established under State statutes in effect at the Commitment Date under which a document must be recorded or filed to impart constructive notice of matters relating to the Title to a purchaser for value without Knowledge. The term "Public Records" does not include any other recording or filing system, including any pertaining to environmental remediation or protection, planning, permitting, zoning, licensing, building, health, public safety, or national security matters.

i. "State": The state or commonwealth of the United States within whose exterior boundaries the Land is located. The term "State" also includes the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, and Guam.

j. "Title": The estate or interest in the Land identified in Item 3 of Schedule A.

2. If all of the Schedule B, Part I-Requirements have not been met within the time period specified in the Commitment to Issue Policy, this Commitment terminates and the Company's liability and obligation end.

3. The Company's liability and obligation is limited by and this Commitment is not valid without:

a. the Notice;

b. the Commitment to Issue Policy;

c. the Commitment Conditions;

d. Schedule A;

e. Schedule B, Part I-Requirements;

f. Schedule B, Part II-Exceptions; and

g. a counter-signature by the Company or its issuing agent that may be in electronic form.

4. COMPANY'S RIGHT TO AMEND

The Company may amend this Commitment at any time. If the Company amends this Commitment to add a defect, lien, encumbrance, adverse claim, or other matter recorded in the Public Records prior to the Commitment Date, any liability of the Company is limited by Commitment Condition 5. The Company is not liable for any other amendment to this Commitment.

5. LIMITATIONS OF LIABILITY

a. The Company's liability under Commitment Condition 4 is limited to the Proposed Insured's actual expense incurred in the interval between the Company's delivery to the Proposed Insured of the Commitment and the delivery of the amended Commitment, resulting from the Proposed Insured's good faith reliance to:

i. comply with the Schedule B, Part I-Requirements;

ii. eliminate, with the Company's written consent, any Schedule B, Part II-Exceptions; or

iii. acquire the Title or create the Mortgage covered by this Commitment.

b. The Company is not liable under Commitment Condition 5.a. if the Proposed Insured requested the amendment or had Knowledge of the matter and did not notify the Company about it in writing.

c. The Company is only liable under Commitment Condition 4 if the Proposed Insured would not have incurred the expense had the Commitment included the added matter when the Commitment was first delivered to the Proposed Insured.

d. The Company's liability does not exceed the lesser of the Proposed Insured's actual expense incurred in good faith and described in Commitment Condition 5.a. or the Proposed Amount of Insurance.

e. The Company is not liable for the content of the Transaction Identification Data, if any.

This page is only a part of a 2021 ALTA® Commitment for Title Insurance issued by Chicago Title Insurance Company. This Commitment is not valid without the Notice; the Commitment to Issue Policy; the Commitment Conditions; Schedule A; Schedule B, Part I-Requirements; Schedule B, Part II-Exceptions; and a counter-signature by the Company or its issuing agent that may be in electronic form.

Copyright American Land Title Association. All rights reserved.

The use of this Form (or any derivative thereof) is restricted to ALTA licensees and ALTA members in good standing as of the date of use. All other uses are prohibited. Reprinted under license from the American Land Title Association.

(continued)

f. The Company is not obligated to issue the Policy referred to in this Commitment unless all of the Schedule B, Part I-Requirements have been met to the satisfaction of the Company.

g. The Company's liability is further limited by the terms and provisions of the Policy to be issued to the Proposed Insured.

6. LIABILITY OF THE COMPANY MUST BE BASED ON THIS COMMITMENT; CHOICE OF LAW AND CHOICE OF FORUM

a. Only a Proposed Insured identified in Schedule A, and no other person, may make a claim under this Commitment.

b. Any claim must be based in contract under the State law of the State where the Land is located and is restricted to the terms and provisions of this Commitment. Any litigation or other proceeding brought by the Proposed Insured against the Company must be filed only in a State or federal court having jurisdiction.

c. This Commitment, as last revised, is the exclusive and entire agreement between the parties with respect to the subject matter of this Commitment and supersedes all prior commitment negotiations, representations, and proposals of any kind, whether written or oral, express or implied, relating to the subject matter of this Commitment.

d. The deletion or modification of any Schedule B, Part II-Exception does not constitute an agreement or obligation to provide coverage beyond the terms and provisions of this Commitment or the Policy.

e. Any amendment or endorsement to this Commitment must be in writing and authenticated by a person authorized by the Company.

f. When the Policy is issued, all liability and obligation under this Commitment will end and the Company's only liability will be under the Policy.

7. IF THIS COMMITMENT IS ISSUED BY AN ISSUING AGENT

The issuing agent is the Company's agent only for the limited purpose of issuing title insurance commitments and policies. The issuing agent is not the Company's agent for closing, settlement, escrow, or any other purpose.

8. PRO-FORMA POLICY

The Company may provide, at the request of a Proposed Insured, a pro-forma policy illustrating the coverage that the Company may provide. A pro-forma policy neither reflects the status of Title at the time that the pro-forma policy is delivered to a Proposed Insured, nor is it a commitment to insure.

9. CLAIMS PROCEDURES

This Commitment incorporates by reference all Conditions for making a claim in the Policy to be issued to the Proposed Insured. Commitment Condition 9 does not modify the limitations of liability in Commitment Conditions 5 and 6.

10. CLASS ACTION

ALL CLAIMS AND DISPUTES ARISING OUT OF OR RELATING TO THIS COMMITMENT, INCLUDING ANY SERVICE OR OTHER MATTER IN CONNECTION WITH ISSUING THIS COMMITMENT, ANY BREACH OF A COMMITMENT PROVISION, OR ANY OTHER CLAIM OR DISPUTE ARISING OUT OF OR RELATING TO THE TRANSACTION GIVING RISE TO THIS COMMITMENT, MUST BE BROUGHT IN AN INDIVIDUAL CAPACITY. NO PARTY MAY SERVE AS PLAINTIFF, CLASS MEMBER, OR PARTICIPANT IN ANY CLASS OR REPRESENTATIVE PROCEEDING. ANY POLICY ISSUED PURSUANT TO THIS COMMITMENT WILL CONTAIN A CLASS ACTION CONDITION.

11. ARBITRATION

The Policy contains an arbitration clause. All arbitrable matters when the Proposed Amount of Insurance is Two Million And No/100 Dollars ($2,000,000.00) or less may be arbitrated at the election of either the Company or the Proposed Insured as the exclusive remedy of the parties. A Proposed Insured may review a copy of the arbitration rules at http://www.alta.org/arbitration.

WIRE SAFE™ | Inquire before you wire!

WIRE FRAUD ALERT

This Notice is not intended to provide legal or professional advice.
If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

- contact information (*e.g.*, name, address, phone number, email address);
- demographic information (*e.g.*, date of birth, gender, marital status);
- identity information (*e.g.* Social Security Number, driver's license, passport, or other government ID number);
- financial account information (*e.g.* loan or bank account information); and
- other personal information necessary to provide products or services to you.

We may collect Personal Information about you from:

- information we receive from you or your agent;
- information about your transactions with FNF, our affiliates, or others; and
- information we receive from consumer reporting agencies and/or governmental entities, either directly from these entities or through others.

Collection of Browsing Information

FNF automatically collects the following types of Browsing Information when you access an FNF website, online service, or application (each an "FNF Website") from your Internet browser, computer, and/or device:

- Internet Protocol (IP) address and operating system;
- browser version, language, and type;
- domain name system requests; and
- browsing history on the FNF Website, such as date and time of your visit to the FNF Website and visits to the pages within the FNF Website.

Like most websites, our servers automatically log each visitor to the FNF Website and may collect the Browsing Information described above. We use Browsing Information for system administration, troubleshooting, fraud investigation, and to improve our websites. Browsing Information generally does not reveal anything personal about you, though if you have created a user account for an FNF Website and are logged into that account, the FNF Website may be able to link certain browsing activity to your user account.

Other Online Specifics

Cookies. When you visit an FNF Website, a "cookie" may be sent to your computer. A cookie is a small piece of data that is sent to your Internet browser from a web server and stored on your computer's hard drive. Information gathered using cookies helps us improve your user experience. For example, a cookie can help the website load properly or can customize the display page based on your browser type and user preferences. You can choose whether or not to accept cookies by changing your Internet browser settings. Be aware that doing so may impair or limit some functionality of the FNF Website.

Web Beacons. We use web beacons to determine when and how many times a page has been viewed. This information is used to improve our websites.

Do Not Track. Currently our FNF Websites do not respond to "Do Not Track" features enabled through your browser.

Links to Other Sites. FNF Websites may contain links to unaffiliated third-party websites. FNF is not responsible for the privacy practices or content of those websites. We recommend that you read the privacy policy of every website you visit.

Use of Personal Information

FNF uses Personal Information for these main purposes:

- To provide products and services to you or in connection with a transaction involving you.
- To improve our products and services.
- To communicate with you about our, our affiliates', and others' products and services, jointly or independently.
- To provide reviews and testimonials about our services, with your consent.

When Information Is Disclosed

We may disclose your Personal Information and Browsing Information in the following circumstances:

- to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure;
- to affiliated or nonaffiliated service providers who provide or perform services or functions on our behalf and who agree to use the information only to provide such services or functions;
- to affiliated or nonaffiliated third parties with whom we perform joint marketing, pursuant to an agreement with them to jointly market financial products or services to you;
- to law enforcement or authorities in connection with an investigation, or in response to a subpoena or court order; or
- in the good-faith belief that such disclosure is necessary to comply with legal process or applicable laws, or to protect the rights, property, or safety of FNF, its customers, or the public.

The law does not require your prior authorization and does not allow you to restrict the disclosures described above. Additionally, we may disclose your information to third parties for whom you have given us authorization or consent to make such disclosure. We do not otherwise share your Personal Information or Browsing Information with nonaffiliated third parties, except as required or permitted by law.

We reserve the right to transfer your Personal Information, Browsing Information, and any other information, in connection with the sale or other disposition of all or part of the FNF business and/or assets, or in the event of bankruptcy, reorganization, insolvency, receivership, or an assignment for the benefit of creditors. By submitting Personal Information and/or Browsing Information to FNF, you expressly agree and consent to the use and/or transfer of the foregoing information in connection with any of the above described proceedings.

Security of Your Information

We maintain physical, electronic, and procedural safeguards to protect your Personal Information.

Choices With Your Information

Whether you submit Personal Information or Browsing Information to FNF is entirely up to you. If you decide not to submit Personal Information or Browsing Information, FNF may not be able to provide certain services or products to you.

For California Residents: We will not share your Personal Information or Browsing Information with nonaffiliated third parties, except as permitted by California law. Information From Children

The FNF Websites are not intended or designed to attract persons under the age of eighteen (18). We do not collect Personal Information from any person that we know to be under the age of thirteen (13) without permission from a parent or guardian.

International Users

FNF's headquarters is located within the United States. If you reside outside the United States and choose to provide Personal Information or Browsing Information to us, please note that we may transfer that information outside of your country of residence. By providing FNF with your Personal Information and/or Browsing Information, you consent to our collection, transfer, and use of such information in accordance with this Privacy Notice.

FNF Website Services for Mortgage Loans

Certain FNF companies provide services to mortgage loan servicers, including hosting websites that collect customer information on behalf of mortgage loan servicers (the "Service Websites"). The Service Websites may contain links to both this Privacy Notice and the mortgage loan servicer or lender's privacy notice. The sections of this Privacy Notice titled When Information is Disclosed, Choices with Your Information, and Accessing and Correcting Information do not apply to the Service Websites. The mortgage loan servicer or lender's privacy notice governs use, disclosure, and access to your Personal Information. FNF does not share Personal Information collected through the Service Websites, except as required or authorized by contract with the mortgage loan servicer or lender, or as required by law or in the good-faith belief that such disclosure is necessary: to comply with a legal process or applicable law, to enforce this Privacy Notice, or to protect the rights, property, or safety of FNF or the public.

Your Consent To This Privacy Notice; Notice Changes

By submitting Personal Information and/or Browsing Information to FNF, you consent to the collection and use of the information in accordance with this Privacy Notice. We may change this Privacy Notice at any time. The Privacy Notice's effective date will show the last date changes were made. If you provide information to us following any change of the Privacy Notice, that signifies your assent to and acceptance of the changes to the Privacy Notice.

ALTA OWNER'S POLICY OF TITLE INSURANCE (07-01-2021)

EXCLUSIONS FROM COVERAGE

The following matters are excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
   i. the occupancy, use, or enjoyment of the Land;
   ii. the character, dimensions, or location of any improvement on the Land;
   iii. the subdivision of land; or
   iv. environmental remediation or protection.
   b. any governmental forfeiture, police, regulatory, or national security power.
   c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.

   Exclusion 1 does not modify or limit the coverage provided under Covered Risk 5 or 6.
2. Any power of eminent domain. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 7.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
   a. created, suffered, assumed, or agreed to by the Insured Claimant;
   b. not Known to the Company, not recorded in the Public Records at the Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   c. resulting in no loss or damage to the Insured Claimant;
   d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 9 or 10); or
   e. resulting in loss or damage that would not have been sustained if consideration sufficient to qualify the Insured named in Schedule A as a bona fide purchaser had been given for the Title at the Date of Policy.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transaction vesting the Title as shown in Schedule A is a:
   a. fraudulent conveyance or fraudulent transfer;
   b. voidable transfer under the Uniform Voidable Transactions Act; or
   c. preferential transfer:
      i. to the extent the instrument of transfer vesting the Title as shown in Schedule A is not a transfer made as a contemporaneous exchange for new value; or
      ii. for any other reason not stated in Covered Risk 9.b.
5. Any claim of a PACA-PSA Trust. Exclusion 5 does not modify or limit the coverage provided under Covered Risk 8.
6. Any lien on the Title for real estate taxes or assessments, imposed or collected by a governmental authority that becomes due and payable after the Date of Policy. Exclusion 6 does not modify or limit the coverage provided under Covered Risk 2.b.
7. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records;
   (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims;
   (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof;
   (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
   (i) the occupancy, use, or enjoyment of the Land;
   (ii) the character, dimensions, or location of any improvement erected on the Land;
   (iii) the subdivision of land; or
   (iv) environmental protection;
   or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 and 10); or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
   (a) a fraudulent conveyance or fraudulent transfer; or
   (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) that arise by reason of:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records;
   (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims;
   (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof;
   (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

   iii. the subdivision of land; or
   iv. environmental remediation or protection.
   b. any governmental forfeiture, police, regulatory, or national security power.
   c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.

   Exclusion 1 does not modify or limit the coverage provided under Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23, or 27.
2. Any power to take the Land by condemnation. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 17.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
   a. created, suffered, assumed, or agreed to by You;
   b. not Known to Us, not recorded in the Public Records at the Date of Policy, but Known to You and not disclosed in writing to Us by You prior to the date You became an Insured under this policy;
   c. resulting in no loss or damage to You;
   d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 5, 8.f., 25, 26, 27, 28, or 32); or
   e. resulting in loss or damage that would not have been sustained if You paid consideration sufficient to qualify You as a bona fide purchaser of the Title at the Date of Policy.
4. Lack of a right:
   a. to any land outside the area specifically described and referred to in Item 3 of Schedule A; and
   b. in any street, road, avenue, alley, lane, right-of-way, body of water, or waterway that abut the Land.

   Exclusion 4 does not modify or limit the coverage provided under Covered Risk 11 or 21.
5. The failure of Your existing structures, or any portion of Your existing structures, to have been constructed before, on, or after the Date of Policy in accordance with applicable building codes. Exclusion 5 does not modify or limit the coverage provided under Covered Risk 14 or 15.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transfer of the Title to You is a:
   a. fraudulent conveyance or fraudulent transfer;
   b. voidable transfer under the Uniform Voidable Transactions Act; or
   c. preferential transfer:
      i. to the extent the instrument of transfer vesting the Title as shown in Schedule A is not a transfer made as a contemporaneous exchange for new value; or
      ii. for any other reason not stated in Covered Risk 30.
7. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
8. Negligence by a person or an entity exercising a right to extract or develop oil, gas, minerals, groundwater, or any other subsurface substance.
9. Any lien on Your Title for real estate taxes or assessments, imposed or collected by a governmental authority that becomes due and payable after the Date of Policy. Exclusion 9 does not modify or limit the coverage provided under Covered Risk 8.a or 27.
10. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

EXCLUSIONS

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
   a. building;
   b. zoning;
   c. land use;
   d. improvements on the Land;
   e. land division; and
   f. environmental protection.

   This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
4. Risks:
   a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
   b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;
   c. that result in no loss to You; or
   d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.
5. Failure to pay value for Your Title.
6. Lack of a right:
   a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
   b. in streets, alleys, or waterways that touch the Land.

   This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake or subsidence.
9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

Covered Risk 21:	1.00% of Policy Amount Shown in Schedule A or $2,500.00 (whichever is less)	$5,000.00

COVERED RISKS 16, 18, 19 AND 21

16. Because of an existing violation of a subdivision law or regulation affecting the Land:
    a. You are unable to obtain a building permit;
    b. You are ordered by a State or Municipal authority to remove or remedy the violation; or
    c. someone else has a legal right to, and does, refuse to perform a contract to purchase the Land, lease it or make a Mortgage loan on it.

    The amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
18. You are forced to remove or remedy Your existing structures, or any part of them - other than boundary walls or fences - because any portion was built without obtaining a building permit from the proper government office. The amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
19. You are forced to remove or remedy Your existing structures, or any part of them, because they violate an existing zoning law or zoning regulation. If You are required to remedy any portion of Your existing structures, the amount of Your insurance for this Covered Risk is subject to Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.
21. You are forced to remove Your existing structures because they encroach onto Your neighbor's land. Former ALTA RESIDENTIAL TITLE INSURANCE POLICY (06-01-1987)

EXCLUSIONS

In addition to the Exceptions in Schedule B, you are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of any law or government regulation. This includes building and zoning ordinances and also laws and regulations concerning:
   - land use
   - improvements on the land
   - land division
   - environmental protection

   This exclusion does not apply to violations or the enforcement of these matters which appear in the public records at Policy Date.

   This exclusion does not limit the zoning coverage described in Item 12 and 13 of Covered Title Risks.
2. The right to take the land by condemning it, unless:
   - a notice of exercising the right appears in the public records on the Policy Date
   - the taking happened prior to the Policy Date and is binding on you if you bought the land without knowing of the taking
3. Title Risks:
   - that are created, allowed, or agreed to by you
   - that are known to you, but not to us, on the Policy Date - unless they appeared in the public records
   - that result in no loss to you
   - that first affect your title after the Policy Date - this does not limit the labor and material lien coverage in Item 8 of Covered Title Risks
4. Failure to pay value for your title.
5. Lack of a right:
   - to any land outside the area specifically described and referred to in Item 3 of Schedule A, or
   - in streets, alleys, or waterways that touch your land

   This exclusion does not limit the access coverage in Item 5 of Covered Title Risks.

ALTA U.S. POLICY (12-03-2012)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance or governmental regulation (including but not limited to building and zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating to (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.

   (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or a notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.

2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.

3. Defects, liens, encumbrances, adverse claims or other matters:

   (a) created, suffered, assumed or agreed to by the insured claimant;

   (b) not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under the policy;

   (c) resulting in no loss or damage to the insured claimant; or

   (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under insuring provision 6).

4. This policy does not insure against the invalidity or insufficiency of any condemnation proceeding instituted by the United States of America, except to the extent set forth in insuring provision 5.

5. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the title as shown in Schedule A is:

   (a) a fraudulent conveyance or fraudulent transfer; or

   (b) a preferential transfer for any reason not stated in insuring provision 6.

ALTA LOAN POLICY OF TITLE INSURANCE (07-01-2021)

EXCLUSIONS FROM COVERAGE

The following matters are excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
   i. the occupancy, use, or enjoyment of the Land;
   ii. the character, dimensions, or location of any improvement on the Land;
   iii. the subdivision of land; or
   iv. environmental remediation or protection.
   b. any governmental forfeiture, police, regulatory, or national security power.
   c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.

   Exclusion 1 does not modify or limit the coverage provided under Covered Risk 5 or 6.
2. Any power of eminent domain. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 7.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
   a. created, suffered, assumed, or agreed to by the Insured Claimant;
   b. not Known to the Company, not recorded in the Public Records at the Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   c. resulting in no loss or damage to the Insured Claimant;
   d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 11, 13, or 14); or
   e. resulting in loss or damage that would not have been sustained if consideration sufficient to qualify the Insured named in Schedule A as a bona fide purchaser or encumbrancer had been given for the Insured Mortgage at the Date of Policy.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business law.
5. Invalidity or unenforceability of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury law or Consumer Protection Law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transaction creating the lien of the Insured Mortgage is a:
   a. fraudulent conveyance or fraudulent transfer;
   b. voidable transfer under the Uniform Voidable Transactions Act; or
   c. preferential transfer:
      i. to the extent the Insured Mortgage is not a transfer made as a contemporaneous exchange for new value; or
      ii. for any other reason not stated in Covered Risk 13.b.
7. Any claim of a PACA-PSA Trust. Exclusion 7 does not modify or limit the coverage provided under Covered Risk 8.
8. Any lien on the Title for real estate taxes or assessments, imposed by a governmental authority and created or attaching between the Date of Policy and the date of recording of the Insured Mortgage in the Public Records. Exclusion 8 does not modify or limit the coverage provided under Covered Risk 2.b. or 11.b.
9. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records;
   (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims;
   (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof;
   (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

ALTA LOAN POLICY (06-17-2006)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
   (i) the occupancy, use, or enjoyment of the Land;
   (ii) the character, dimensions, or location of any improvement erected on the Land;
   (iii) the subdivision of land; or
   (iv) environmental protection;
   or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
   (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
   (a) created, suffered, assumed, or agreed to by the Insured Claimant;
   (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
   (c) resulting in no loss or damage to the Insured Claimant;
   (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 13, or 14); or
   (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
   (a) a fraudulent conveyance or fraudulent transfer, or
   (b) a preferential transfer for any reason not stated in Covered Risk 13(b) of this policy.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the Insured Mortgage in the Public Records. This Exclusion does not modify or limit the coverage provided under Covered Risk 11(b).

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) that arise by reason of:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records;
   (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims;
   (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof;
   (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

RE: Drainage Memo – 10625 N Faldale Rd.

Registered Professional Engineer (Civil) CERTIFICATE NO. 80104 RENZO CURAY Date Signed 11-21-24 ARIZONA, U.S.A.

Introduction

The purpose of this final drainage memo is to present drainage analysis of the property located at 10625 N Faldale Rd. Casa Grande AZ 85122 (APN:50928022A) as shown in Figure 1.

Figure 1 - VICINITY MAP

The site is located on NE Quarter of Section 19, Township 5 South, Range 6 East of Gila-Salt River Principal Meridian. It is bounded by Faldale Rd to the West, single family residences to the North and South and Tank Rd to the East.

The current owner of the property is Geissel G Gonzalez with the aforementioned property address.

The purpose of the proposed project is to rezone the existing site to decrease the lot size minimum for the property. As currently situated, the size of the existing parcel is 1.36 acres and is currently used as a single family residence. With the proposed lot split, the site would remain as single family residence use. As noted in the Figure 1, the site is near the intersection of Hopi Dr and Faldale Rd.

The site was surveyed by Harvey Land Surveying on September 18, 2024. According to the survey, the site has 50' R/W to the South that is currently overgrown with vegetation, 50' R/W to the West (Faldale Rd) that is actively used, 50' R/W to the East (Tank Rd) that is actively used, and is bounded by the single family residences of APN 509-28-022D and 509-28-0210 to the North.

Background

In accordance with the FEMA FIRM Community Panel #04021V1175E; this property lies in a zone X, area of 0.2% annual chance flood; areas of 1% annual chance flood with average depths of less than 1 foot or with drainage areas less than 1 square mile; areas protected by levees from 1% annual chance flood. The map is dated December 04, 2007.

Existing and Proposed Hydrology and Hydraulics

There are no major washes that are impacted by the site. Existing drainage patterns flow from northwest to southeast from historical aerial observations.

There are no washes near this project with flow large enough to require an erosion setback.

Off-site

The site is currently on the upstream portion of a watershed that continues to the Southeast. There is no off-site flows that impact the site directly.

On-site

The on-site terrain slopes from Northwest to Southeast at a rate of roughly 1%. The terrain is generally flat.

Methodology

For the purposes of this project, there are no off-site patterns through the site to perpetuate and the 100-yr WSE from off site drainage is a level pond 0.1' from above the crown of Faldale Rd or known as the Highest Adjacent Natural Grade (HANG). Therefore Q100=0 and BFE = HANG+1.

Conclusion

This report concludes that the site division will be in compliance with the Pinal Drainage Ordinance and Manual. Due to the site's location in the upstream location of the watershed basin, the only requirement will be the addition of retention areas for site that follow the rational method based on the location and dimensions of any future development.

ORDINANCE NO. 2025-_____

AN ORDINANCE OF THE PINAL COUNTY BOARD OF SUPERVISORS RELATING TO PARKING OF VEHICLES ON COUNTY ROADWAYS AND COUNTY-OWNED PUBLIC RIGHTS-OF-WAY

BE IT ORDAINED BY THE PINAL COUNTY BOARD OF SUPERVISORS:

WHEREAS, A.R.S. § 11-251(4) authorizes the Board of Supervisors to layout, maintain, control and manage public roads within the County; and

WHEREAS, A.R.S. § 28-627 allows the County to exercise reasonable police powers to regulate traffic and parking on County Roads; and

WHEREAS, the County Engineer is authorized to evaluate and assess the safety of County streets, roads, highways, and rights-of-way for purposes of making recommendations to the Board of Supervisors on parking restrictions on County rights-of-way; and,

WHEREAS, the Board of Supervisors has determined that public safety requires the implementation of parking restrictions on certain roads within the County based up recommendations from the County Engineer.

NOW, THEREFORE. IT IS ORDAINED AS FOLLOWS:

1. Purpose - The Board of Supervisors or County Engineer, upon finding that parking on certain public streets, roads, and highways within unincorporated areas of the County creates a hazard, public nuisance and/or is a menace to public safety and convenience, may prohibit, regulate, restrict and otherwise provide for public safety and convenience by a system of parking and traffic regulations.

2. Definitions - All words used in this Chapter, shall, where applicable or unless defined herein, have the definition given in A.R.S. § 28-601 and 28-101, as amended.

3. County Engineer Recommendation - The County Engineer is authorized to make an engineering study of the traffic conditions and physical roadway characteristics of the public streets, roads, and highways within the County, except in any incorporated city or town or on any State or Federal Highway, to determine whether a parking restriction is reasonably necessary for the protection and convenience of the traveling public.

a. Upon finding the basis of an engineering study and generally accepted traffic engineering principles or standards, the County Engineer may recommend to the Board of Supervisors that parking be completely restricted, restricted only during certain hours or times, restricted during certain times of the year, restricted only on one side of the street, or restricted only along certain designated areas adjacent to the street. The Board of Supervisors may approve, reject, or modify the proposed restrictions, and it shall note its action by ordinance or resolution.

b. Upon findings based upon an engineering study and generally accepted traffic engineering principles or standards that parking on streets, roads, and highways presents a danger to public safety, the County Engineer may immediately implement the recommended restrictions and present such restrictions or regulations retroactively for approval by the Board of Supervisors within 90 days of implementation.

c. The County Engineer is authorized to implement the parking restrictions set forth in Section 4 below on any County road where justified based upon an engineering study and generally accepted traffic engineering principles or standards.

4. Parking Prohibition Criteria - The parking of vehicles is prohibited on any County street, road, or highway, paved or unpaved, where any of the following conditions exist upon recommendation by the County Engineer on the basis of an engineering study and where the road segment has been posted, marked, or designated as such in accordance with Section 5 of this ordinance:

   a. Parking would obstruct a traffic lane;

   b. Parking would obstruct access to a driveway or roadway;

   c. Parking would obstruct a bike lane;

   d. Parking within thirty feet on the approach to any flashing beacon, stop sign, yield sign or traffic control signal located at the side of a roadway;

   e. Parking would block a crosswalk;

   f. Parking would be within 15ft of a fire hydrant;

   g. Parking would block access to community mailboxes as required by the United States Postal Service;

   h. Parking would block a designated fire lane where the curb(s) are painted red;

   i. Parking on narrow streets that would limit the safe and unfettered ingress/egress of public safety and emergency response vehicles on any public street;

   j. Parking that creates unsafe conditions that would block sight visibility at or near any intersection or adjacent to any horizontal or vertical curves based on an engineering study performed in accordance with the sight visibility criterion set forth in "A Policy

on Geometric Design of Highways and Streets by the American Association of State Highway and Transportation Officials (AASHTO)", or any other condition which would make parking a vehicle unsafe as determined by the County Engineer based on a traffic study.

5. Signage and Pavement Marking – No prohibition of parking on public roads shall be effective unless or until:

    a. Signs giving notice of the prohibition are posted on the roadway. Unless otherwise noted on the signs themselves, each sign shall designate a "no parking" area that extends 100 feet in each direction (covering a total length of 200 feet) parallel to the roadway or to the next intersecting roadway, whichever is shorter; or

    b. The roadway is striped or marked designating bike lanes along the roadway's outside edge which would prohibit parking in accordance with A.R.S. § 28-815(D); or

    c. Under direction and written request of a fire district or department, the curb is painted red to designate a fire lane for which standing, stopping, or parking is prohibited.

6. Establishment or Removal of Residential No-Parking Zones - The County Engineer may establish or remove a Residential No-Parking Zone and install, or remove, no parking signs on any public street owned and maintained by the County within a residential neighborhood upon written request from a Homeowner's Association or citizen(s) provided that the following conditions are met:

    a. A petition with signatures supporting the establishment of a Residential No-Parking Zone from 90% of residents residing on the street segment under consideration is provided to the County Engineer, and,

    b. Written support from an authorized representative of the Homeowner's Association (if applicable) is provided to the County Engineer, and,

    c. A map showing the specific street segment under consideration is provided to the County Engineer, and

    d. The street segment under consideration is classified as a local or minor collector street, and,

    e. The street segment under consideration is a continuous section of roadway beginning at a street corner or intersection and ending mid-block or at the next street corner or intersection. Discontinuous street segments that "skip" properties will not be considered.

7. Recreational Vehicles (RV), Heavy Trucks, and Inoperable Vehicles

    a. Heavy Trucks - It is a violation of this ordinance to park a Heavy Truck on any public road within a residentially zoned area having a density greater than 2 dwelling units per acre. A Heavy Truck is defined as any commercial vehicle with a gross

vehicle weight of 19,500 pounds or more including, but not limited to, trucks, truck tractors, road tractors, trailers, semi-trailers, vehicle transporters, or any combination of such vehicles, attended or otherwise, occupied or unoccupied; including the power unit by itself, the combination of the power unit and trailer, or the trailer separately. A Heavy Truck may temporarily park on dedicated Pinal County right-of-way to perform the following activities, except that upon completion of such activity the vehicle must be promptly removed:

i. Deliver, pickup, load or unload merchandise, materials, or equipment, including furniture and other household goods; or

ii. The Heavy Truck is disabled and is in need of repair, provided the repair is completed within 48 consecutive hours; or

iii. Provide construction, repair, or similar services to a property or utility.

b. Recreational Vehicles, Buses, Boats, & Trailers - It is a violation of this ordinance to park a Recreational Vehicle (RV), Travel Trailer, bus, boat, or utility trailer on any public road within a residentially zoned area having a density greater than 2 dwelling units per acre for more than 48 consecutive hours. A Recreational Vehicle (RV) or Travel Trailer is defined as a vehicular-type unit, not exceeding eight feet in width nor more than 40 feet in length, primarily designed as temporary living quarters for recreational, camping or travel use. The unit either may have its own motive power or may be mounted on or drawn by another vehicle upon the highway. Under no circumstances shall a person be allowed to inhabit any of the prescribed vehicles while parked on the street.

c. Inoperable Vehicles - It is a violation of this ordinance to park an inoperable or unregistered vehicle on any public road for more than 48 consecutive hours.

8. Violations – Any vehicle parked in violation of this Ordinance may be towed away and stored at the vehicle owner's expense, immobilized with a traffic boot or barnacle, and/or be subject to a civil fine not less than $250 per vehicle per occurrence per day, as authorized by A.R.S. § 11-251.05.

a. In any prosecution charging a violation of any provision of this ordinance governing the stopping, standing or parking of a vehicle, the person in whose name such vehicle is registered is prima facie responsible for such violation and subject to the penalty thereof. Furthermore, this section applies to those persons in whose names such vehicle is jointly registered. Such persons are jointly and severally prima facie responsible for such a violation and subject to penalty therefor.

b. Any violation of this ordinance shall be a civil traffic violation.

9. Enforcement – The Pinal County Sheriff's Office and the Pinal County Code Compliance Office are hereby authorized to enforce the provisions of this ordinance and may, at their discretion, issue warnings or otherwise determine what method of enforcement, in accordance with Section 8 above, is appropriate for any given situation.

10. Collection of Fines – Fines collected pursuant to this Ordinance shall be placed in a fund managed by the Pinal County Sheriff's Office. The funds may be used by the Pinal County Sheriff's Office or the Public Works Department for traffic safety and traffic law enforcement purposes, which include, but are not limited to: towing fees, traffic signing and pavement markings, public outreach and education, contract traffic enforcement services, traffic calming devices, and other traffic enforcement related expenses.

11. State Provisions - The state traffic laws regulating stopping, standing and parking apply upon all streets, highways and alleys within the County, except in any incorporated city or town. The provisions of this Ordinance are in addition to and shall not be read to conflict with the restrictions in A.R.S. § 28-873 or A.R.S. § 28-815(D).

PROPERTY: The real property legally described on **Exhibit A**, including all rights and privileges, appurtenances, hereditaments, easements, reversions, and remainders pertaining to or used in connection with such real property (the"Property").

ARTICLE 1
AGREEMENT OF THE PARTIES

1.1 Agreement. In consideration of the mutual promises and covenants set forth in this Agreement, Seller agrees to sell, and Buyer agrees to buy the Property. Grantee shall make use of the property for a charitable, social or benevolent purpose in accordance with A.R.S. Section 11-251(9), including but not limited to a community center on the terms and conditions set forth in this Agreement. Seller and Buyer shall be referred to herein, individually as a "Party" and collectively as the "Parties." Promptly upon receipt of this Agreement, Escrow Agent shall execute the Acceptance by Escrow Agent below the signatures of the parties, insert the dated on which Escrow Agent received a fully executed Agreement (the "Opening Date") in the space provided therefor and notify Buyer and Seller in writing of the Opening Date.

ARTICLE 2
PURCHASE PRICE AND PAYMENT TERMS

2.1 Purchase Price. The purchase price for the Property is thirty-four thousand, two hundred twenty and NO/100 Dollars ($34,220.00) (the "Purchase Price").

2.2 Additional Costs. In addition to the Purchase Price, Buyer shall pay the amount of two thousand five hundred and NO/100 Dollars ($2,500.00), as required under the Additional Escrow Instructions (defined in **Section 3.1**), to reimburse Seller the cost of the Appraisal ("Appraisal Cost").

2.3 Payments. Amounts due to Seller under this Agreement shall be paid by Buyer as follows:

(a) Cash Payment at Closing. On or before the Closing, Buyer agrees to deposit in escrow an amount equal to the sum of (i) the Purchase Price, (ii) the Appraisal Cost, and (iii) the Closing Costs (collectively, the Transaction Funding), subject to the condition precedent set forth in **Section 5.1(e)**.

2.4 Manner of Payment. All payments that Buyer is required to make under this Section shall be made by check payable to Escrow Agent.

2.5 Disbursements. At the Closing, all amounts paid by Buyer on account of the Purchase Price, less any amounts applicable to the Closing payable by Seller, shall be disbursed to Seller.

ARTICLE 3
ESCROW

3.1 Establishment of Escrow; Escrow Instructions. An escrow for this transaction shall be established with Escrow Agent, and Escrow Agent is engaged to administer the escrow.

3.2 IRS Reporting. Escrow Agent agrees to be the designated "reporting person" under §6045(e) of the U.S. Internal Revenue Code of 1986 as amended (the "Code") with respect to the

real estate transaction described in this Agreement and to prepare, file and deliver such information, returns and statements as the U.S. Treasury Department may require by regulations or forms in connection with such requirements, including Form 1099-B.

3.3 Insured Closing Letter. If Escrow Agent does not issue its own title insurance policies, but acts as an agent for an underwriter, as a condition to Escrow Agent acting as such, Escrow Agent shall cause its underwriter to issue to the parties a closing protection letter or insured closing service in written form satisfactory to Buyer, within five (5) days following the Opening Date (otherwise, the Escrow Agent for purposes of holding the Earnest Money Deposit shall be the Title Insurer).

ARTICLE 4
INFORMATION TO BE PROVIDED TO BUYER

4.1 Information and Other Items to Be Provided to Buyer.

(a) Title Report. As soon as reasonably possible after the Opening Date a current preliminary title report or commitment for title insurance on the Property ("Title Report"), will be provided to Buyer, which shall be issued by Chicago Title Insurance Company (the "Title Insurer"). The Title Report will show the status of title to the Property, as applicable, as of the date of the Title Report and will be accompanied by legible copies of all documents referred to in such Title Report.

(b) Survey. As soon as reasonably possible following the Opening Date, Buyer will have prepared a current survey (the "Survey") of the Property prepared by a registered land surveyor licensed in the state in which the Property is located. The Survey will be an ALTA/NSPS survey, showing all easements, encroachments, and other matters affecting the Property. The legal description on the Survey shall be the description used in the deed conveying the Property to Buyer.

(c) Environmental Site Assessment. Buyer may have prepared a current Phase I environmental site assessment of the Property, which shall be addressed to Buyer. The assessment will be conducted in compliance with the current ASTM standards for such assessments. Buyer will pay the cost of the environmental site assessment report(s).

4.2 Right to Enter and Inspect the Property. During the period from the Opening Date until the earlier of either (a) the Closing, or (b) cancellation of this Agreement: Seller grants Buyer the non-exclusive right and license for Buyer and Buyer's representatives, agents, and contractors to enter upon the Property for the purposes of investigating and inspecting the Property and performing testing, studies and analyses with respect to the Property.

ARTICLE 5
CONDITIONS TO CLOSING

5.1 Conditions to Buyer's Obligation to Close. Buyer's obligation to close this transaction is subject to the satisfaction of the following conditions on and as of the Closing, unless an earlier date is specified:

(a) Title Review. Buyer is satisfied with the status of title to the Property, as disclosed by the applicable Title Report and the Survey, as follows:

(i)

(A) Buyer shall have sixty (60) days (the "Review Period") following receipt of both the Title Report and the Survey in which to review and to give Seller and Escrow Agent written notice of any Survey matter or exception to title of the Property which is unacceptable to Buyer, in Buyer's sole and absolute discretion (each such matter or exception, a "Disapproved Matter," or, generally referred to as a "Disapproved Matter").

(B) If, prior to the Closing, Escrow Agent issues a supplemental or amended title report showing additional title exceptions (an "Amended Title Report"), Buyer shall have a period of time (a "Supplemental Review Period") equal to twenty (20) days from the date of receipt of the Amended Title Report and a copy each document referred to in the Amended Title Report in which to give notice of dissatisfaction as to any additional Disapproved Matters.

(C) If Buyer does not object to a Survey matter or an exception to title as disclosed by the Title Report, or an Amended Title Report within the applicable time period, such matter or exception shall be deemed to have been approved by Buyer.

(ii) If Buyer gives timely notice of any Disapproved Matter, then Buyer may, by giving notice to Seller and Escrow Agent within the Review Period or Supplemental Review Period, as applicable, either:

(A) Cancel this Agreement; or

(B) Provisionally accept title to the Property subject to Seller's written agreement whether or not to cause the removal of any Disapproved Matters. If Seller agrees (without any obligation to do so) to cause the removal of any Disapproved Matters, Seller will use commercially reasonable efforts to remove such Disapproved Matter(s) on or before the Closing. If, however, Seller is unwilling or cannot remove such Disapproved Matters on or before the Closing, then, at Buyer's election, Buyer may cancel this Agreement, or waive such objections and the transaction will close as scheduled.

(iii) Notwithstanding anything in this Agreement to the contrary, title to the Property shall be delivered to Buyer at the Closing free and clear of all monetary liens and encumbrances (other than the lien for current real property taxes not yet due and payable) and all such monetary liens and encumbrances shall be released from the Property on or before the Closing. All such liens and encumbrances are disapproved for the purposes of this **Section 5.1(a)**, and Buyer need not give any further notice of disapproval as to those items. Notwithstanding the foregoing, Seller has no obligation to remove any monetary liens or encumbrances unless Seller is a party thereto, Seller expressly assumed the obligations thereunder, or such liens or encumbrances arose from any act or omission of Seller ("Seller Liens"), and Buyer's sole remedy in such case is to cancel this Agreement. Seller agrees that all Seller Liens that are a liquidated amount will be released from the Property by Seller at Seller's sole expense on or before the Closing.

(iv) Seller agrees not to cause any additional exceptions to title to be recorded against the Property following the Opening Date without Buyer's prior written consent, which consent may be granted or withheld in Buyer's sole discretion.

(v) The matters shown in the Title Report, and any Amended Title Report (other than standard printed exceptions and exclusions that will be included in the title policy) that are approved or deemed approved by Buyer or the Survey matters that are approved or deemed approved by Buyer, in accordance with this **Section 5.1(a)**, and any other matters approved by Buyer in writing, are referred to in this Agreement as the "Approved Title Exceptions."

(b) Buyer's Investigations. Buyer is satisfied with Buyer's investigations and inspections with respect to the Property and this transaction. In that regard, for a period beginning upon the Opening Date and ending on the day which is one hundred eighty (180) days after the Opening Date (the "Diligence Period"), Buyer will have the absolute right to cancel this Agreement for any reason whatsoever, in Buyer's sole and absolute discretion. Unless Buyer gives written notice of cancellation prior to the Closing, then Buyer will be deemed to have elected not to cancel the Agreement under this provision.

(c) Escrow Agent Prepared to Close and Issue Title Policy. Escrow Agent is prepared to close the purchase/sale of the Property, as contemplated by this Agreement, and Title Insurer is unconditionally prepared to issue the Title Policy for the Property in the form required by this Agreement.

(d) Full Compliance. Seller has fully performed all of its obligations to be performed by Seller on or before the Closing.

(e) SRP Funding. SRP shall have deposited into Escrow the Purchase Price, Appraisal Cost, and other Buyer costs required to Close ("Transaction Funding"). If the Transaction Funding has not been deposited into Escrow on or before the dated the Amended CEC (defined below) expires or is otherwise terminated, then this Agreement and the Additional Escrow Instructions shall terminate and be of no further force or effect. Such termination shall be effective automatically without the requirement of further action by one or both Parties. As used herein, "Amended CEC" shall mean and refer to Attachment A to the Arizona Corporation Commission Order 79020, which can be found at https://docket.images.azcc.gov/0000209388.pdf?i=1706553895426.

If any of the foregoing conditions is not fulfilled to the satisfaction of Buyer, or otherwise waived by Buyer, on or before the date by which such contingency is to have been satisfied, Buyer may, through the exercise of Buyer's sole discretion, cancel this Agreement.

ARTICLE 6
CLOSING

6.1 Closing. The Closing of the sale/purchase of the Property, and the escrow related thereto (the "Closing") shall occur on the later of (i) thirty (30) days following completion of the Diligence Period, or (ii) deposit into Escrow of the Transaction Funding. Notwithstanding the

foregoing, if the date of the Closing would otherwise occur is prior to expiration of a Supplemental Review Period, the date of the Closing shall automatically be extended to the day following expiration of the Supplemental Review Period.

6.2 Closing Statement. Prior to the Closing, Escrow Agent will prepare a combined closing settlement statement for Seller and Buyer, reflecting the various charges, prorations and credits applicable to such Party, as provided in this Agreement, and provide a copy of the statement to each of Seller and Buyer. Prior to the Closing, Seller and Buyer shall each have the right to review and approve the closing settlement statement to insure that such settlement statement conforms to the terms of this Agreement, and the settlement statement, as approved by both Buyer and Seller, is referred to in this Agreement as a "Combined Closing Settlement Statement."

6.3 Seller's Closing Documents.

(a) On or before the Closing, Seller shall deposit into escrow the following documents for delivery to Buyer at the Closing, each of which shall have been duly executed and, where appropriate, acknowledged:

(i) A special warranty deed, substantially in the form set forth on **Exhibit B**, conveying the Property to Buyer (the "Deed"), subject only to the Approved Title Exceptions;

(ii) A certification to Buyer and Escrow Agent, signed and acknowledged by Seller, certifying that Seller is not a nonresident alien, foreign corporation, foreign partnership, foreign trust, foreign estate, or other foreign person within the meaning of and in the form required by Section 1445 and 7701 of the Internal Revenue Code of 1986 and the related Treasury Regulations; and

(iii) Such other documents as may be necessary or appropriate to transfer and convey the Property to Buyer and to otherwise consummate this transaction in accordance with the terms of this Agreement.

6.4 Buyer's Closing Documents. On or before the Closing, Buyer shall deposit into escrow such documents as may be necessary or appropriate to consummate the transaction to be closed thereunder in accordance with the terms of this Agreement, for delivery to Seller at the Closing, each of which shall have been duly executed and, where appropriate, acknowledged.

6.5 Title Policy. Promptly following the Closing, Escrow Agent shall provide Buyer with an ALTA extended owner's policy of title insurance issued by Title Insurer in the full amount of the Purchase Price, effective as of the Closing, insuring Buyer that fee simple title to the Property is vested in Buyer, subject only to the usual printed exceptions and exclusions contained in such title insurance policies and to the Approved Title Exceptions (the "Title Policy"). The premium for the Title Policy shall be paid by Buyer at Closing.

6.6 Closing Costs. Upon the Closing, Buyer, shall pay the following costs and charges (the "Closing Costs"):

(a) Escrow Charges. Buyer shall pay 100% of the escrow charges.

(b) Recording Fees. All recording fees, including without limitation fees for recording instruments or other documents necessary to remove any Disapproved Matter, and to record the Deed, shall be paid by Buyer.

(c) Transfer Fees. Any documentary transfer tax, stamp tax, real estate conveyance tax or similar tax or fee due and payable shall be paid by Buyer.

(d) Title Policy. The premium for the Title Policy shall be paid by Buyer.

(e) Survey. An ALTA/NSPS Land Title Survey shall be paid by Buyer.

(f) Phase 1 Environmental Due Diligence. A environmental site assessment shall be paid by Buyer.

6.7 Prorations.

(i) Real estate taxes and assessments, personal property taxes, if any, and homeowners' or property owners' association assessments, if any (each a "Prorated Amount") shall be prorated in escrow as of the Closing with respect to the Property, based on the latest available information. If, at the Closing, information is not available to allow for the proration of a Prorated Amount, then, following the Closing and within sixty (60) days following receipt by either Buyer or Seller of the information necessary to complete the proration of a Prorated Amount, Buyer and Seller shall prorate or re-prorate such Prorated Amount among themselves and make any necessary adjusting payments.

(ii) All prorations and/or adjustments called for in this Agreement will be made on the basis of a 30-day month and actual days elapsed unless otherwise specifically agreed in writing by Seller and Buyer.

6.8 Payments and Disbursements to be Handled through the Escrow. The various charges, credits and prorations contemplated by this Agreement will be handled by Escrow Agent through the escrow by appropriate charges and credits to Buyer and Seller and will be reflected in the Combined Closing Settlement Statement. All amounts payable pursuant to this Agreement will be paid to Escrow Agent for disposition through the escrow. Escrow Agent is authorized to make all disbursements to the Parties and to third parties contemplated by this Agreement from funds deposited for those purposes, as necessary or appropriate to close this transaction and as set forth in the Combined Closing Settlement Statement.

ARTICLE 7
ADDITIONAL COVENANTS

7.1 Binding Obligation of Seller.

(a) Organizational Status. Seller is a political subdivision of the State of Arizona, is qualified to do business in the State of Arizona, and has full power and authority to enter into and to perform its obligations under this Agreement. The persons executing this Agreement on behalf of Seller have full power and authority to do so and to perform every act and to execute and deliver every document and instrument necessary or appropriate to consummate the transactions contemplated by this Agreement.

(b) Entity Action. All entity action on the part of Seller which is required for the execution, delivery and performance by Seller this Agreement and each of the documents and agreements to be delivered by Seller at the Closing will have been duly and effectivelytaken.

(c) Enforceable Nature of Agreement. Subject to the approval described in **Section 5.2(b)**, this Agreement and each of the documents and agreements to be delivered by Seller at the Closing, constitute legal, valid and binding obligations of Seller, enforceable against Seller in accordance with their respective terms, except to the extent that enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance, moratorium, or similar laws affecting the enforcement of creditors' rights generally, and subject, as to enforceability, to general principles of equity, regardless of whether enforcement is sought in a court of law or equity.

7.2 Possession. Possession of the Property shall be delivered to Buyer upon the Closing.

7.3 Actions Requiring Consent of Buyer. Notwithstanding any provision of this Agreement to the contrary, Seller shall not take any of the following actions prior to the earlier of the Closing or the cancellation of this Agreement without the prior written consent of Buyer, which consent may be given or withheld in Buyer's sole and absolute discretion:

(a) Third Party Rights. Grant license or use rights to the Property to any person other than Buyer;

(b) No Physical Alterations. Alter in any manner the physical condition of the Property except as necessary to permit Seller to comply with its respective obligations under applicable laws, or to maintain the Property.

(c) No Other Disposition. Agree or negotiate to sell, convey, assign, transfer or otherwise dispose of any interest in the Property.

(d) Wells. Sell, lease, cap or abandon any well located on the Property or used to provide water to and within the Property;

(e) Water Rights. Enter into any agreement pertaining to the use of water from any wells located on the Property or affecting any of the water rights appurtenant to the Property; or

7.4 Risk of Loss. Except as provided in this Section and except as otherwise provided in **Section 4.4**, the risk of loss or damage to the Property and all liability to third persons until the Closing shall be borne by Seller. In case of loss or damage to the Property prior to the Closing, Buyer may cancel this Agreement by giving written notice to Seller and Escrow Agent.

ARTICLE 8
BROKERAGE

8.1 Brokerage. Buyer warrants that Buyer has not dealt with any broker in connection with this transaction. Seller warrants that Seller has not dealt with any broker in connection with this transaction. If any person shall assert a claim to a finder's fee, brokerage commission or other compensation on account of alleged employment as a finder or broker or performance of services as a finder or broker in connection with this transaction, the Party under whom the finder or broker is claiming shall indemnify, defend, and hold harmless the other Party for, from and against any and all Claims in connection with such claim or any action or proceeding brought on such claim.

ARTICLE 9
DEFAULTS AND REMEDIES

9.1 Defaults by Buyer.

(a) Buyer's Default. The occurrence of any of the following will constitute a default by Buyer under this Agreement:

(i) If, by the time set for the Closing, Buyer has failed to pay the Purchase Price into escrow, to deposit into escrow the documents and other items to be deposited by Buyer in escrow, or to perform any other obligation of Buyer to be performed (all such obligations being referred to collectively as the "Buyer Closing Obligations"); or

(ii) If Buyer fails to observe or perform any of the other covenants or agreements contained in this Agreement to be observed or performed by Buyer, provided that such failure, if of a type that can be cured or corrected by Buyer, will not be a default unless such failure continues for 15 days after written notice of such breach is given by Seller to Buyer, except that if such failure is of such a character as to require more than 15 days to correct, Buyer will not be in default if Buyer commences actions to correct such failure within the 15-day period and thereafter, using reasonable diligence, cures such failure, but in no event shall such cure period extend beyond sixty (60) days.

(b) Seller's Remedies.

(i) If Buyer is in default with respect to the Buyer Closing Obligations, Seller's sole and exclusive remedy with respect to such default shall be to cancel this Agreement and the escrow, such cancellation to be effective immediately upon Seller giving written notice of cancellation to Buyer and Escrow Agent.

(ii) If Buyer is in default with respect to any of its obligations under this Agreement, other than the Buyer Closing Obligations, including any indemnity obligations, Seller shall have all rights and remedies at law or in equity in connection with such default, provided, however, nothing herein shall entitle Seller to recover any consequential, special or punitive damages.

(c) Seller irrevocably waives any right to damages or any other remedies or form of relief, except as specifically set forth in **Section 9.1(b)** above.

9.2 Default by Seller.

(a) Seller's Default. The occurrence of any of the following will constitute a default by Seller under this Agreement:

(i) If, by the time set for the Closing, Seller has failed to deposit into escrow the documents and other items to be deposited by Seller in escrow, or to perform any other obligation of Seller to be performed (all such obligations being referred to collectively as the "Seller Closing Obligations"); or

(ii) If Seller fails to observe or perform any of the other covenants or agreements contained in this Agreement to be observed or performed by Seller, provided that such failure, if of a type that can be cured or corrected by Seller, will not be a default unless such failure continues for 15 days after written notice of breach is given by Buyer to Seller except that if such failure is of such a character as to require more than 15 days to correct, Seller will not be in default if Seller commences actions to correct such failure within the 15-day period and thereafter, using reasonable diligence, cures such failure, but in no event shall such cure period extend beyond sixty (60) days.

(b) Buyer's Remedies.

(i) If Seller is in default with respect to the Seller Closing Obligations, Buyer's sole and exclusive remedy with respect to such default shall be to either (A) cancel this Agreement and the escrow, such cancellation to be effective immediately upon Buyer giving written notice of cancellation to Seller and Escrow Agent, or (B) have specific performance of this Agreement.

(ii) If Seller is in default with respect to any of its obligations under this Agreement, other than the Seller Closing Obligations, Buyer shall have all rights and remedies at law or in equity in connection with such default, provided, however, nothing herein shall entitle Buyer to recover any consequential, special or punitive damages.

(iii) Buyer irrevocably waives any right to damages or any other remedies or form of relief, except as specifically set forth in **Section 9.2(b)** above.

ARTICLE 10
GENERAL PROVISIONS

10.1 Notices. All notices shall be in writing and shall be made by hand delivery, facsimile, express delivery service, freight prepaid, email, or by certified mail, postage prepaid, return receipt requested. Notices will be delivered or addressed to Seller and Buyer at the addresses or facsimile numbers set forth on the first page of this Agreement or at such other address or number as a Party may designate to the other Party in writing. Any such notice shall be deemed to be given and received and shall be effective (a) on the date on which the notice is delivered, if notice is given by hand delivery; (b) on the date of actual receipt, if the notice is sent by express delivery service; (c) on the date on which it is received or rejected as reflected by a receipt if given by United States mail, addressed and sent as aforesaid; and (d) when transmitted properly, in the case of facsimile or email transmission, with a facsimile or email being deemed to have been properly transmitted as of the date of successful transmission of the entire notice, as confirmed by return transmission in the case of a facsimile, or by a read receipt in the case of an email; provided, however, that if successful transmission is completed after 5:00 p.m., local time for the recipient on such day, then the facsimile transmission will be deemed to have been given and received and become effective on the next succeeding day.

10.2 Further Documentation. Each Party agrees in good faith to execute such further or additional documents as may be necessary or appropriate to fully carry out the intent and purpose of this Agreement.

10.3 Counterparts. This Agreement may be executed in counterparts (and by different parties to this Agreement in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract.

10.4 Governing Law, Applicability of A.R.S. 38-511. This Agreement shall be construed according to the laws of the State of Arizona, without giving effect to its conflict of laws principles. Notice is hereby given of the applicability of A.R.S. 38-511.

10.5 Time of Essence; Time Periods. Time is of the essence of this Agreement. The time for performance of any obligation or taking any action under this Agreement shall be deemed to expire at 5:00 pm (MST) on the last day of the applicable time period provided for in this Agreement. If the time for the performance of any obligation or taking any action under this Agreement expires on a day other than a Business Day, the time for performance or taking such action shall be extended to the next succeeding Business Day. As used herein, "Business Day" means a day, other than a Saturday, Sunday, legal holiday, or any other day that Escrow Agent is closed for business.

10.6 Entire Agreement, Amendments. This Agreement constitutes the entire agreement between the parties pertaining to the subject matter contained in this Agreement. All prior and contemporaneous agreements, representations and understandings of the parties, oral or written, are superseded by and merged in this Agreement. No supplement, modification or amendment of this Agreement shall be binding unless in writing and executed by Buyer and Seller.

TO: Board of Supervisors

THROUGH: Angeline Woods

FROM: Festus Omariba

The Town of Florence Public Works Department has requested the items listed below from Pinal County Salvage for the use in their facility:

- L-shaped desk set with separate matching lateral file cabinet (cherry or mahogany color)
- Desk chair (grey/white mesh)
- White metal cabinet (one drawer, two doors)
- Wood credenza/filing cabinet (four drawers)
- Black and white metal cabinet (two doors)
- Round table, (4' with blue top and chrome base)

Pinal County Salvage currently has these items available. These items are not being used and have been designated for auction or disposal. I am seeking the Board's approval to sell these items to the Town of Florence Public Works Department for the total of $1.00.

Subject: Request for Donation of Surplus Items

Dear Members of the Board,

On behalf of the Town of Florence Public Works Department, I am writing to respectfully request the donation of specific surplus items currently listed through Pinal County's surplus inventory.

The following items would be of significant value to our department and would support our internal building operations and workspace needs:

- L-shaped desk set with separate matching lateral file cabinet (cherry or mahogany color)
- One desk chair (grey/white mesh)
- One white metal cabinet (one drawer, two doors)
- One wood credenza/file cabinet (four drawers)
- One black and white metal cabinet (two doors)
- One 4' round table (blue top with chrome base)

Due to budget constraints typical of smaller municipalities, acquiring equipment through surplus donations is a cost-effective and practical way for us to meet operational needs. These items would be put to immediate and productive use within our facilities.

We greatly appreciate the ongoing partnership between Pinal County and its municipalities and thank you for considering this request. Please let us know if any forms or further steps are required to proceed.

Thank you for your time and continued support.

Sincerely,

Andy Smith
Director
Public Works Department
